**PROPOSED MERGER
YOUR VOTE IS VERY IMPORTANT**

To the Stockholders of Akerna Corp.:

On January 27, 2023, Akerna Corp., a Delaware corporation (“Akerna”), Akerna Merger Co., a Delaware corporation and wholly owned direct subsidiary of Akerna (“Merger Sub”), and Gryphon Digital Mining, Inc., a Delaware corporation (“Gryphon”), entered into an Agreement and Plan of Merger, as may be amended from time to time (the “Merger Agreement”), pursuant to which, subject to the satisfaction or waiver of the conditions set forth in the Merger Agreement, Merger Sub will merge with and into Gryphon, with Gryphon surviving as a wholly owned subsidiary of Akerna (the “Merger”). Akerna following the Merger is referred to herein as the “combined company.”

At the effective time of the Merger (the “Effective Time”), each share of Gryphon’s common stock, par value \$0.0001 per share (the “Gryphon Common Stock”), and Gryphon’s preferred stock, par value \$0.0001 per share (the “Gryphon Preferred Stock,” collectively referred to herein with the Gryphon Common Stock as the “Gryphon Shares”), outstanding immediately prior to the Effective Time will be converted into the right to receive a per share portion of the aggregate number of shares of Akerna’s common stock, par value \$0.0001 per share (the “Akerna Common Stock”), to be issued at the Effective Time as consideration for the Merger, as calculated pursuant to the terms set forth in the Merger Agreement (the “Merger Consideration”) (subject to adjustment to account for the proposed Akerna reverse stock split), as described in more detail in the section titled “*The Merger Agreement — Merger Consideration*” beginning on page 115 of the accompanying proxy statement/prospectus.

The estimated exchange ratio of shares of Akerna’s common stock for Gryphon Common Stock and Gryphon Preferred Stock will be approximately 3.48 shares of Akerna common stock for each one share of Gryphon Common Stock and Preferred Stock based on Merger Consideration of 69,523,674 shares of Akerna Common Stock. The estimated exchange ratio assumes: (i) a fully-diluted number of shares of Akerna common stock after giving effect to an assumed 5 to 1 reverse stock split in Akerna common stock of 5,723,647 shares at the effective time of the Merger, which includes (pre-reverse stock split) 7,802,018 shares outstanding on the date hereof, warrants exercisable to acquire 2,573,299 shares of Akerna common stock, restricted stock units which vest and settle for 9,347 shares of Akerna common stock, 12,611 shares issuable upon redemption of Akerna exchangeable shares, Akerna Series C Preferred Stock which will be exchanged at \$0.50 per share into 3,119,247 shares of Akerna common stock, and approximately 15,101,711 shares of Akerna common stock issuable upon conversion of \$6.24 million principal amount of Akerna’s convertible notes. The assumed number of shares issuable upon exchange of Akerna’s convertible notes is based on an assumed principal amount outstanding approximately \$6.24 million (\$7.8 million currently outstanding less \$1.56 million exchanged into Series C Preferred Stock at an exchange price of \$0.50 per share) and a conversion price of \$0.50 per share (exchanged at 121% of principal amount). The estimated exchange ratio also assumes 20,246,949 shares of Gryphon Common Stock and Preferred Stock issued and outstanding at the closing of the Merger, Gryphon warrants to acquire 1,067,968 Gryphon Common Stock and a post-reverse stock split closing price per share of Akerna Common Stock on both the date that is two trading days preceding the closing of the Merger and the trading day immediately preceding closing of the Merger of \$2.50.

Each share of Akerna Common Stock reserved for issuance upon the exercise of each warrant to purchase Akerna Common Stock, that is issued and outstanding at the Effective Time will remain issued and outstanding, and such securities will be unaffected by the Merger.

[Table of Contents](#)

Immediately after the consummation of the Merger, Akerna equityholders as of immediately prior to the Merger are expected to own approximately 7.5% of the outstanding equity interests of the combined company on a fully diluted basis and former Gryphon equityholders are expected to own approximately 92.5% of the outstanding equity interests of the combined company on a fully diluted basis. Actual ownership percentages will depend on the actual calculation of the Merger Consideration at closing, which will depend on a number of variables, including the last sales price of Akerna Common Stock on the second trading day immediately prior to closing of the Merger and the amount of the principal remaining outstanding on Akerna's convertible notes following any conversions or company redemptions that occur prior to closing. Following the Merger, Gryphon's business will be the business of the combined company.

Akerna has also entered into a Securities Purchase Agreement, as may be amended from time to time (the "Purchase Agreement"), with Akerna Canada Ample Exchange Inc. ("Akerna Exchange"), a wholly owned subsidiary of Akerna, and MJ Acquisition Corp. ("MJ Acquisition"), on April 28, 2023, pursuant to which, subject to the satisfaction or waiver of the conditions set forth in the Purchase Agreement, Akerna will sell to MJ Acquisition all of the issued and outstanding membership interests of MJ Freeway, LLC, a Colorado limited liability company ("MJ Freeway" and such membership interests, the "Membership Interests"), and Akerna Exchange will sell to MJ Acquisition all of the issued and outstanding common and preferred shares of Ample Organics, Inc., an Ontario corporation ("Ample" and such common and preferred shares, the "Capital Stock"), for an aggregate purchase price of \$5,000,000, subject to adjustments as set forth in the Purchase Agreement (the "Sale Transaction").

Shares of Akerna Common Stock are currently listed on The Nasdaq Capital Market under the symbol "KERN." Akerna will file an initial listing application for the combined company with The Nasdaq Stock Market Inc., or Nasdaq. After completion of the Merger, Akerna will be renamed "Gryphon Digital Mining, Inc." and it is expected that the common stock of the combined company will trade on The Nasdaq Capital Market under the symbol " " On , 2023, the last trading day before the date of the accompanying proxy statement/prospectus, the closing sale price of Akerna Common Stock was \$ per share.

Akerna is holding its special meeting of stockholders in order to obtain the stockholder approvals necessary to complete the Merger, the Sale Transaction and related matters.  5. approve an amendment to the amended and restated certificate of incorporation of Akerna to change the corporate name from Akerna Corp. to "Gryphon Digital Mining, Inc.";
 6. approve the Akerna Corp. 2023 Omnibus Incentive Plan;

 8. transact such other business as may properly come before the stockholders at the Akerna special meeting or any adjournment or postponement thereof.

“Blockchain” means a distributed ledger system that is a sequence of blocks, or units of digital information, stored consecutively in a public database.

“BTC” means bitcoin.

“BTC Block Reward” means the bitcoin awarded to a miner or group of miners for solving the cryptographic problem required to create a new block on the Bitcoin blockchain.

“CSA” means the Controlled Substances Act.

“DAI” means the stablecoin on the Ethereum blockchain whose value is kept as close to one USD as possible through a system of decentralized participants incentivized by smart contracts to perform maintenance and governance functions.

“Distributed Ledger” means a ledger in which data is stored across a network of decentralized nodes. A distributed ledger is a system for recording the transaction of assets in a decentralized manner. Unlike centralized solutions, such as databases, distributed ledgers do not have a central repository for storing recorded data. Nodes process and verify transactions.

“EBITDA” means earnings before interest, taxes, depreciation, and amortization.

“ERP” means enterprise resource planning software.

“FFIEC” means the Federal Financial Institutions Examination Council.

“GitHub” means the platform and cloud-based service for software development and version control using Git, allowing developers to store and manage their code.

“GPU” means a graphics processing unit, which is a specialized electronic circuit initially designed to accelerate computer graphics and image processing.

“Hash” means the computation run by mining hardware in support of the blockchain; therefore, a miner’s “hash rate” refers to the rate at which it is capable of solving such computations.

“Hash Rate” means the speed at which a computer can take any set of information and use an algorithm to reduce that information into a string of letters and numbers of a certain length, known as a “hash.”

“HSM” means a physical computing device that safeguards and manages secrets (most importantly digital keys), performs encryption and decryption functions for digital signatures, strong authentication and other cryptographic functions.

“Luna” means the cryptocurrency coin associated with the Terra open-source blockchain.

“Monte Carlo Model” means an algorithm that relies on repeated random sampling to obtain numerical results.

“NIST” means the National Institute of Standards and Technology.

“Node” means the most basic unit and critical part of a blockchain infrastructure, storing its data and allowing all communication (transaction) to pass through it. It can be run by any personal computing device or server. Nodes are interconnected, and hence, can readily pass data amongst each other. It is essential for them to be always up-to-date in order to function properly.

“Private Key” means an alphanumeric string that is generated at the creation of a crypto wallet address and serves as its password or the access code. Whoever has access to a private key has absolute control over its corresponding wallet, access to the funds contained within, and can transfer or trade assets and use the account for other purposes.

“Proof-of-Stake” means a blockchain consensus mechanism in addition to Proof-of-Work that maintains the integrity of blockchain. Proof-of-Stake involves miners validating additional blocks if they have greater amounts of money locked up in the system. For example, a miner who stakes 10% of coins will only be able to mine 10% of the blocks. Proof-of-Stake can be less vulnerable to cyberattacks as its structure penalizes the miner who attacks the system. Additionally, many researchers believe Proof-of-Stake is significantly more energy efficient and secure compared to Proof-of-Work, although some critics question the integrity of these claims.

[Table of Contents](#)

“Proof-of-Work” means a consensus mechanism used in many cryptocurrencies, including Bitcoin, to validate transactions and create new blocks on the blockchain. Proof-of-Work is a process by which miners compete with each other to solve complex mathematical puzzles in order to validate transactions and create new blocks. The miner who solves the puzzle first is rewarded with a certain amount of cryptocurrency.

“Public Key” means a series of alphanumeric characters used to encrypt plain text messages into ciphertext. A public key is used in conducting peer-to-peer transactions without the need to reveal the composition of one’s private keys, supporting a cryptographic function that allows for a safe and secure exchange of assets and information without the need for a third party. A user provides his public key in order to engage in a peer -to-peer transaction with any individual. They can also keep this key publicly available. All private keys, which are secret keys used to access crypto funds, are associated with a corresponding particular public key since they are mutually generated using advanced asymmetric algorithm systems. This ensures that no one can derive the private key of any user just by knowing their public keys.

“S19 Antminer” means the S19 model miner produced by Bitmain.

“S19 Pro Antminer” means the S19 Pro model miner produced by Bitmain.

“S19j Pro Antminer” means the S19j Pro model miner produced by Bitmain.

QUESTIONS AND ANSWERS ABOUT THE TRANSACTIONS

Except where specifically noted, the following information and all other information contained in this proxy statement/prospectus does not give effect to the proposed reverse stock split at a ratio of one (1) new share for every five (5) to twenty (20) shares of outstanding Akerna common stock described in Proposal No. 3 (the “Akerna Reverse Stock Split”) in this proxy statement/prospectus. If the Merger (as defined below) and the Akerna Reverse Stock Split are approved, the Akerna Reverse Stock Split will be effected immediately prior to the closing of the Merger.

The following section provides answers to frequently asked questions about the Transactions (as defined below). This section, however, provides only summary information. For a more complete response to these questions and for additional information, please refer to the cross-referenced sections.

Q: What are the Transactions?

A: Akerna Corp. (“Akerna”, also referred to herein as “we,” “us,” “our,” and the “Company”), Gryphon Digital Mining, Inc. (“Gryphon”) and Akerna Merger Co., a wholly owned subsidiary of Akerna (“Merger Sub”) have entered into an Agreement and Plan of Merger, dated as of January 27, 2023, as may be amended from time to time (the “Merger Agreement”). Under the Merger Agreement, Merger Sub will, subject to the satisfaction or waiver of the conditions set forth in the Merger Agreement, merge with and into Gryphon, with Gryphon surviving as a wholly owned subsidiary of Akerna (the “Merger”). Under specified circumstances, Akerna may be required to pay a termination fee to Gryphon, as further described in the section titled “*The Merger Agreement — Termination Fee*” in this proxy statement/prospectus.

Akerna has also entered into a Securities Purchase Agreement, dated April 28, 2023, as may be amended from time to time (the “Purchase Agreement”) with MJ Acquisition Corp. (“MJ Acquisition”), pursuant to which, subject to the satisfaction or waiver of the conditions set forth in the Purchase Agreement, Akerna will sell to MJ Acquisition all of the issued and outstanding membership interests of MJ Freeway LLC, a Colorado limited liability company (“MJ Freeway” and such membership interests, the “Membership Interests”), and Akerna’s wholly owned subsidiary Akerna Canada Ample Exchange Inc. (“Akerna Exchange”) will sell to MJ Acquisition all of the issued and outstanding common and preferred shares of Ample Organics Inc., an Ontario corporation (“Ample” and such common and preferred shares, the “Capital Stock”) for an aggregate cash purchase price of \$5 million (the “Purchase Price”), subject to adjustments as set forth in the Purchase Agreement (the “Sale Transaction”). \$1 million of the \$5 million Purchase Price was loaned to Akerna upon the signing of the Purchase Agreement pursuant to a secured promissory note dated April 28, 2023 (the “MJA Promissory Note”) and related security documents, which the MJA Promissory Note to be deemed paid in full at the closing of the Sale Transaction. The remaining \$4 million will be paid in cash at closing. Under specified circumstances, Akerna may be required to pay MJ Acquisition a termination fee, as further described in the section titled “*The Purchase Agreement — Termination Fee*” beginning on page 140 of this proxy statement/prospectus.

The Merger and the Sale Transaction are collectively referred to herein as the “Transactions.” The consummation of the Merger and the closing of the Sale Transaction are conditioned on each other, and the parties expect that, subject to the satisfaction or waiver of the conditions set forth in the Merger Agreement and the Purchase Agreement, respectively, the Sale Transaction will be consummated immediately following the closing of the Merger.

Q: What will happen in the Merger?

A: Subject to the terms and conditions of the Merger Agreement, at the effective time of the Merger (the “Effective Time”) each share of Gryphon’s common stock, par value \$0.0001 per share (the “Gryphon Common Stock”), and Gryphon’s preferred stock, par value \$0.0001 per share (the “Gryphon Preferred Stock,” collectively referred to herein with the Gryphon Common Stock as the “Gryphon Shares”) outstanding immediately prior to the Effective Time, will be converted into the right to receive a per share portion of the aggregate number of shares of Akerna’s common stock, par value \$0.0001 per share (the “Akerna Common Stock”), to be issued at the Effective Time as consideration for the Merger, as calculated pursuant to the terms set forth in the Merger Agreement (the “Merger Consideration”) (subject to adjustment to account for the Akerna Reverse Stock Split), as described in more detail in the section titled “*The Merger Agreement — Merger Consideration*” beginning on page 115 of this proxy statement/prospectus.

Each share of Akerna Common Stock, each share of Akerna Common Stock reserved for issuance upon the exercise of each warrant to purchase Akerna Common Stock, that is issued and outstanding at the Effective Time will remain issued and outstanding, and such securities will be unaffected by the Merger. Akerna anticipates that the outstanding exchangeable shares of Akerna will be redeemed for shares of Akerna Common Stock prior to the closing of the Merger.

Akerna following the Merger is referred to herein as the “combined company.” Immediately after the consummation of the Merger, Akerna equityholders as of immediately prior to the Merger are expected to own approximately 7.5% of the outstanding equity interests of the combined company on a fully diluted basis and former Gryphon equityholders are expected to own approximately 92.5% of the outstanding equity interests of the combined company on a fully diluted basis. Actual ownership percentages will depend on the actual calculation of the Merger Consideration at closing, which will depend on a number of variable factors, including the trading price of Akerna Common Stock on the second trading day immediately prior to closing and the amount of the principal remaining outstanding on Akerna’s convertible notes. Following the Merger, Gryphon’s business will be the business of the combined company. After the completion of the Merger, the combined company will change its corporate name to “Gryphon Digital Mining, Inc.”

Q: What are the exchange agreements with the holders of Akerna’s senior secured convertible notes?

A: Concurrently with the signing of the Merger Agreement, Akerna entered into exchange agreements (the “Exchange Agreements”) with each of the holders (each, an “Akerna Note Holder”) of its senior secured convertible notes (the “Akerna Notes”) issued pursuant to a securities purchase agreement dated October 5, 2021.

Pursuant to the Exchange Agreements, each Akerna Note Holder agreed to exchange a certain aggregate conversion amount of the Notes no greater than the lesser of (i) the aggregate amount then outstanding under the Akerna Notes and (ii) such portion of the maximum note amount set forth in the Exchange Agreement for such Holder that is convertible into 19.9% of the Akerna Common Stock then outstanding into such number of shares of newly designated Series C Preferred Stock of Akerna, which will have an aggregate voting power and economic value equal to the aggregate number of shares of Akerna Common Stock then issuable upon conversion of such amount of Akerna Notes.

Q: What are the terms of the Series C Preferred Stock into which the Akerna Notes will convert?

A: The Series C Preferred Stock is non-convertible, voting preferred stock. Each Akerna Note Holder will hold Series C Preferred Stock with voting power equal to 19.9% of the Akerna Common Stock outstanding as of the record date for the special meeting of stockholders of Akerna. Upon the closing of a change of control transaction, such as the Merger, the Series C Preferred Stock will be automatically redeemed pursuant to its terms for consideration of a share equivalent basis equal to the same consideration held after the consummation of the change of control transaction by a stockholder that held one share of Akerna Common Stock prior to the consummation of the change of control transaction (the “New Preferred Exchange Shares”). The Series C Preferred Stock can also be redeemed for cash at the option of Akerna and in limited circumstances redeemed for cash at the option of the holder.

Q: What will happen at the closing of the Merger to the remaining amount of Akerna Notes not exchanged for Series C Preferred Stock, if any?

A: Under the Exchange Agreements, Akerna has agreed that 50% of the gross proceeds from any subsequent placement will be used to repay the aggregate amounts then outstanding under the Akerna Notes, allocated pro rata to the Akerna Note Holders then outstanding based on the aggregate principal amount of Akerna Notes outstanding as of the time of such applicable subsequent placement (“Subsequent Placement Redemption”).

Akerna has agreed that on or prior to the closing of the Merger, if any Akerna Notes are then outstanding, Akerna will consummate one or more Company Optional Redemptions (as defined in the Akerna Notes) pursuant to the terms of the Akerna Notes (as amended under the Exchange Agreements), using the lesser of (A) the difference of (I) the sum of (x) all cash then held by Akerna (or any of its subsidiaries) and (y) any cash to be paid, directly or indirectly, to Akerna (or any of its subsidiaries) in connection with the transactions contemplated by the Merger Agreement and/or the Purchase Agreement, as applicable, less (II) \$500,000 and (B) an aggregate amount of cash equal to the Company Optional Redemption Price of the aggregate Conversion Amount (as defined in the

Akerna Notes) of the Akerna Notes then outstanding (with each such Company Optional Redemption allocated pro rata to the Akerna Note Holders then outstanding based upon the aggregate principal amount of Akerna Notes then outstanding) (the “Cash Sweep”).

Upon closing of the Merger, the Exchange Agreements provide that if any portion of the Akerna Notes remain outstanding other than such portion of the applicable Company Optional Redemption Price of the Akerna Notes to be paid in cash pursuant to the Cash Sweep, to exchange the remaining Conversion Amount of the Notes into such aggregate number of shares of common stock of the combined company (the “New Note Exchange Shares” together with the New Preferred Exchange Shares, the “Final Closing Exchange Shares”) equal to the quotient of (A) the applicable Company Optional Redemption Price of the remaining Conversion Amount of the Akerna Notes then outstanding divided by (B) the lower of (x) the lowest volume weighted average price of the Akerna Common Stock during the five (5) trading day period ending, and including, the trading day immediately prior to the closing and (y) the Conversion Price (as defined in the Akerna Notes) in effect as of the closing. The Company Optional Redemption price will be the greater of (i) 121% of the Conversion Amount and (ii) 115% of the product of (a) the Conversion Rate (as defined in the Akerna Notes) and (b) the highest closing sale price of Akerna Common Stock on the date preceding the exchange.

However, that to the extent that any issuances of Final Closing Exchange Shares to an Akerna Note Holder at the closing in accordance with the Exchange Agreements or pursuant to the Series C Certificate of Designations, as applicable would result in such Akerna Holder and its other attribution parties exceeding 4.99% of the issued and outstanding shares of common stock of the combined company (a “Maximum Percentage Event”), then such Akerna Holder shall not be entitled to receive such aggregate number of Final Closing Exchange Shares in excess of the maximum percentage (and shall not have beneficial ownership of such Final Closing Exchange Shares (or other equivalent security) as a result of the closing (and beneficial ownership) to such extent of any such excess), such remaining portion of such Final Closing Exchange Shares that would have otherwise been issued to the Akerna Holder at the Final Closing (such remaining portion of Final Closing Exchange Shares, the “Abeyance Shares”), such portion of the Akerna Note and/or shares of Series C Preferred Stock, as applicable, shall alternatively be exchanged for the right to receive such Abeyance Shares, at such time or times as its right thereto would not result in such Akerna Holder and the other attribution parties exceeding the maximum percentage, at which time or times, if any, such Akerna Holder shall be granted such remaining portion of such Abeyance Shares in accordance with the Exchange Agreements and/or pursuant to the Series C Certificate of Designations, as applicable.

Q: Will Akerna stockholders receive any portion of the proceeds from the Sale Transaction?

A : Akerna currently has outstanding Akerna Notes in aggregate principal amount of approximately \$7.8 million and accounts payable of approximately \$ million as of the date hereof that are not being assumed by MJ Acquisition in connection with the Sale Transaction. Further, as a condition to the closing of the Merger, Akerna must be free of debt, not have any outstanding accounts payable or other liabilities and have at least \$500,000 in cash to help Gryphon cover any potential future liabilities arising from the Sale Transaction or otherwise.

Following adjustments to the Purchase Price at closing of the Sale Transaction, payment of expenses related to the Transactions (including severance and transaction bonuses to certain Akerna employees), payment of accounts payable of Akerna not assumed by MJ Acquisition, and setting aside the minimum \$500,000 in cash for closing the Merger, pursuant to the terms of the Exchange Agreements, as discussed above, any cash remaining in the accounts of Akerna will be used to conduct a cash redemption of any remaining principal amount of the Akerna Notes pursuant to their terms. Any principal amount of Akerna Notes remaining following the cash redemption will be exchanged into common stock of the combined company immediately following the consummation of the Merger, but such shares of common stock will be treated as shares of Akerna Common Stock outstanding immediately prior to the Effective Time and will be taken into account in calculating the Merger Consideration. Given the ongoing significant expenses incurred by Akerna in relation to the Transactions, current and expected accounts payable and the principal amount left on the Akerna Notes, Akerna does not expect any proceeds from the Sale Transaction to remain following the cash redemption of the Akerna Notes. Any proceeds of the Sale Transaction that do remain will fund the combined company. To the extent that proceeds from the Sale Transaction are used to conduct a cash redemption of the Akerna Notes, this will reduce the amount of principal of the Akerna Notes that will be exchanged into shares of common

stock of the combined company and thereby reduce dilution of the estimated 7.5% of the equity interests of the combined company on a fully diluted basis that equityholders of Akerna will hold following completion of the Merger.

Q: What will happen if, for any reason, either of the Transactions does not close?

A: The closing of the Merger and the closing of the Sale Transaction are conditioned on each other. Therefore, if, for any reason, the Merger does not close and the Merger Agreement is terminated, the Sale Transaction will not close, unless Akerna and MJ Acquisition determine to waive that condition to closing and proceed with the Sale Transaction. Similarly, if, for any reason, the Sale Transaction does not close and the Purchase Agreement is terminated, the Merger will not close unless Akerna and Gryphon determine to waive that condition to closing and proceed with the Merger. Akerna does not currently believe that it would waive the condition to closing for either of the Transactions and therefore if either fails close it is not anticipated that the other Transaction would proceed.

In the event that the Merger does not close and the Merger Agreement is terminated but the Sale Transaction proceeds, the Akerna board of directors (the “Akerna Board”) may elect to, among other things, attempt to complete another strategic transaction including a transaction similar to the Merger, continue to operate the remaining business of Akerna or to dissolve and liquidate the remaining assets of Akerna, and may still elect to implement the Akerna Reverse Stock Split.

In the event that the Sale Transaction does not close and the Purchase Agreement is terminated, Akerna would not have sufficient cash to eliminate its debt or pay its accounts payable, which would not be sufficient to satisfy these closing conditions under the Merger Agreement and it is unlikely that Gryphon would elect to proceed with the Merger.

Akerna has invested significant time and incurred, and expects to continue to incur, significant expenses related to the Transactions. In the event that either of the Transactions does not close, the Akerna Board may elect, among other things, to attempt to complete other strategic transactions or the Akerna Board may instead divest all or a portion of Akerna’s business or assets if viable alternative strategic transactions are not available. Under certain circumstances, Akerna may be obligated to pay Gryphon or MJ Acquisition a termination fee or reimburse certain expenses of Gryphon or MJ Acquisition, as more fully described in the section titled “*Prospectus Summary — The Merger Agreement — Termination*” beginning on page 127 of this proxy statement/prospectus, the section titled “*The Merger Agreement — Termination Fee*” beginning on page 129 of this proxy statement/prospectus, the section titled “*Prospectus Summary — The Purchase Agreement — Termination*” beginning of page 139 of this proxy statement/prospectus, and the section titled “*The Purchase Agreement — Termination*” beginning on page 139 of this proxy statement/prospectus.

Q: What are the conditions to closing the Transactions?

A: For more information regarding the conditions to closing the Transactions, see the sections “*The Merger Agreement — Conditions to the Completion of the Merger*” and “*The Purchase Agreement — Conditions to the Completion of the Sale Transaction*” beginning on pages 118 and 133, respectively, of this proxy statement/prospectus.

Q: Why are Akerna and Gryphon proposing to merge?

A: Akerna and Gryphon believe that the Merger will result in a company with a strong leadership team and substantial capital resources, which will better position Gryphon to advance its top-tier bitcoin mining operations and increase its position as a leading net carbon neutral bitcoin miner. For a more complete description of the reasons for the Merger, please see the sections titled “*The Merger — Akerna Reasons for the Merger*” and “*The Merger — Gryphon Reasons for the Merger*” beginning on pages 94 and 97, respectively, of this proxy statement/prospectus.

In addition to the requirement of obtaining such securityholder approvals and appropriate regulatory approvals, including the approval of The Nasdaq Capital Market, each of the other closing conditions set forth in the Merger Agreement must be satisfied or waived. One such closing condition consists of a requirement that Akerna have a minimum of \$500,000 of net cash at the closing of the Merger. For a more complete description of the closing conditions under the Merger Agreement, please see the section titled “*The Merger Agreement — Conditions to the Completion of the Merger*” beginning on page 118 of this proxy statement/prospectus.

Certain Gryphon stockholders, including directors and executive officers of Gryphon, who in the aggregate own approximately % of the outstanding Gryphon Shares, certain Akerna securityholders, including certain directors and executive officers of Akerna, who in the aggregate own or have the right to acquire approximately 1.6% of the outstanding shares of Akerna Common Stock, and holders of the Akerna Notes who in the aggregate own or have the right to acquire voting preferred stock with voting power equivalent to % of the outstanding shares of Akerna Common Stock, are parties to support agreements or support letters with Akerna or Gryphon, as applicable. The Akerna securityholders who are a party to the support agreement with Gryphon (the “Merger Support Agreement”) and the holders of Akerna Notes who are a party to support letters with Akerna (the “Merger Lender Support Letters”) have agreed to vote (a) in favor of the Akerna stockholder proposals set forth herein and (b) against any “acquisition proposal,” as defined in the Merger Agreement, and subject to certain exceptions, have also agreed not to transfer their shares of Akerna Common Stock or voting preferred stock.

Following the Registration Statement on Form S-4, of which this proxy statement/prospectus is a part, being declared effective by the U.S. Securities and Exchange Commission (the “SEC”) and pursuant to the conditions of the Merger Agreement, Gryphon stockholders who are party to the support agreements with Akerna have each agreed to execute an action by written consent, referred to as the written consent, in favor of the approval and adoption of the Merger Agreement, and approval of the transactions contemplated by the Merger Agreement.

Therefore, absent termination of the Merger Agreement, holders of a sufficient number of Gryphon Shares required to adopt the Merger Agreement and approve the Merger have agreed to adopt the Merger Agreement and approve the Merger, and no meeting of Gryphon stockholders to adopt the Merger Agreement and approve the Merger will be held. Nevertheless, all Gryphon stockholders will have the opportunity to elect to adopt the Merger Agreement, thereby approving the Merger and related transactions, by signing and returning to Gryphon a written consent.

For a more complete description of the closing conditions under the Merger Agreement, Akerna and Gryphon urge you to read the section titled “*The Merger Agreement — Conditions to the Completion of the Merger*” in this proxy statement/prospectus.

Q: What is required to consummate the Sale Transaction?

A: To consummate the Sale Transaction, Akerna stockholders must authorize the Sale Transaction by approving the Purchase Agreement and the transactions contemplated thereby. The approval of the Purchase Agreement and the transactions contemplated thereby requires the affirmative vote of holders of a majority of the outstanding Akerna Common Stock and preferred stock having voting power on the record date for the Akerna special meeting. In addition to the requirement of obtaining such stockholder approval and appropriate regulatory approvals, each of the other closing conditions set forth in the Purchase Agreement must be satisfied or waived.

Certain Akerna securityholders, including certain directors and executive officers of Akerna, who in the aggregate own or have the right to acquire approximately 1.6% of the outstanding shares of Akerna Common Stock and holders of the Akerna Notes who in the aggregate own or have the right to acquire voting preferred stock with voting power equivalent to % of the outstanding shares of Akerna Common Stock, are parties to support agreements or support letters with Akerna or MJ Acquisition, as applicable. The Akerna securityholders who are a party to the support agreement with MJ Acquisition (the “Sale Transaction Support Agreement”) and the holders of Akerna Notes who are a party to support letters with Akerna (the “Sale Transaction Lender Support Letters”) have agreed to vote (a) in favor of the Akerna stockholder proposals set forth herein and (b) against any “acquisition proposal,” as defined in the Purchase Agreement, and subject to certain exceptions, have also agreed not to transfer their shares of Akerna Common Stock or voting preferred stock.

For a more complete description of the closing conditions under the Purchase Agreement, Akerna urges you to read the section titled “*The Purchase Agreement — Conditions to the Completion of the Sale Transaction*” beginning on page 133 in this proxy statement/prospectus.

Q: What will stockholders and warrant holders of Gryphon receive in the Merger?

A: Gryphon stockholders holding issued and outstanding Gryphon Shares immediately prior to the Effective Time of the Merger will receive shares of Akerna Common Stock, and warrants to purchase shares of Gryphon Common Stock (the “Gryphon Warrants”) that are outstanding and unexercised immediately prior to the Effective Time

[Table of Contents](#)

will be assumed by the combined company and become a warrant to purchase an adjusted number of shares of common stock of the combined company, at an adjusted exercise price per share but subject to the same terms and conditions as the applicable Gryphon Warrant.

The estimated exchange ratio of shares of Akerna's common stock for Gryphon Common Stock and Gryphon Preferred Stock will be approximately 3.48 shares of Akerna common stock for each one share of Gryphon Common Stock and Preferred Stock. The estimated exchange ratio assumes: (i) a fully-diluted number of shares of Akerna common stock after giving effect to an assumed 5 to 1 reverse stock split in Akerna common stock of 5,723,647 shares at the effective time of the Merger, which includes (prereverse stock split) 7,802,018 shares outstanding on the date hereof, warrants exercisable to acquire 2,573,299 shares of common stock, restricted stock units which vest and settle for 9,347 shares of Akerna common stock, 12,611 shares issuable upon redemption of Akerna exchangeable shares, Akerna Series C Preferred Stock which will be exchanged at \$0.50 per share into 3,119,247 shares of Akerna common stock, and approximately 15,101,711 shares of common stock issuable upon conversion of \$6.24 million principal amount of Akerna's convertible notes. The assumed number of shares issuable upon exchange of Akerna's convertible notes is based on an assumed principal amount outstanding approximately \$6.24 million (\$7.8 million currently outstanding less \$1.56 million exchanged into Series C Preferred Stock and at an exchange price of \$0.50 per share) and a conversion price of \$0.50 per share (exchanged at 121% of principal amount). The estimated exchange ratio also assumes 20,246,949 shares of Gryphon Common Stock and Preferred Stock issued and outstanding at the closing of the Merger, Gryphon warrants to acquire 1,067,968 Gryphon Common Stock and a post-reverse stock split closing price per share of Akerna Common Stock on both the date that is two trading days prior to the closing of the Merger and the trading day immediately preceding closing of the Merger of \$2.50.

Following the closing of the Merger, the former Gryphon equityholders immediately before the Merger are expected to own approximately 92.5% of the outstanding equity interests of the combined company on a fully diluted basis and the securityholders of Akerna immediately before the Merger are expected to own approximately 7.5% of the outstanding equity interests of the combined company on a fully diluted basis. Actual ownership percentages will depend on the actual calculation of the Merger Consideration at closing, which will depend on a number of variables, including the last sales price of Akerna Common Stock on the second trading day immediately prior to closing of the Merger and the amount of the principal remaining outstanding on the Akerna Notes following any conversions or company redemptions that occur prior to closing.

For a more complete description of what Gryphon stockholders and warrant holders will receive in the Merger, please see the sections titled "*The Merger Agreement — Merger Consideration*" beginning on pages 115 of this proxy statement/prospectus.

After completion of the Merger, Akerna will be renamed “Gryphon Digital Mining, Inc.” and it is expected that the common stock of the combined company will trade on The Nasdaq Capital Market under the symbol “GRYP” On _____, 2023 the last trading day before the date of this proxy statement/prospectus, the closing sale price of Akerna Common Stock was \$ _____ per share.

Q: What are the material U.S. federal income tax consequences of the Merger to Gryphon stockholders?

A: Each of Akerna and Gryphon intends the Merger to qualify as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code of 1986, as amended (the “Code”). In general and subject to the qualifications and limitations set forth in the section titled “*The Transactions — Certain Material U.S. Federal Income Tax Consequences*,” if the Merger qualifies as a “reorganization” within the meaning of Section 368(a) of the Code, the material tax consequences to U.S. Holders (as defined in the section titled “*The Transactions — Certain Material U.S. Federal Income Tax Consequences*”) of Gryphon Shares should be as follows:

- a Gryphon stockholder generally will not recognize gain or loss upon the exchange of Gryphon Shares for Akerna Common Stock pursuant to the Merger;
- a Gryphon stockholder’s aggregate tax basis for the shares of Akerna Common Stock received in the Merger generally will equal the stockholder’s aggregate tax basis in the Gryphon Shares surrendered in the Merger; and
- the holding period of the shares of Akerna Common Stock received by a Gryphon stockholder in the Merger generally will include the holding period of the Gryphon Shares surrendered in exchange therefor.

Tax matters are very complicated, and the tax consequences of the Merger to a particular Gryphon stockholder will depend on such stockholder’s circumstances. Accordingly, each Gryphon stockholder is strongly urged to consult with his, her or its tax advisor for a full understanding of the tax consequences of the Merger to that stockholder, including the applicability and effect of federal, state, local and non-U.S. income and other tax laws. For more information, please see the section titled “*The Transactions — Certain Material U.S. Federal Income Tax Consequences*” beginning of page 111 of this proxy statement/prospectus.

Q: What are the material U.S. federal income tax consequences of the Akerna Reverse Stock Split to U.S. Holders of Akerna Common Stock?

A: An Akerna U.S. Holder (as defined below) generally should not recognize gain or loss upon the Akerna Reverse Stock Split. Please review the information in the section titled “*Proposal No. 3: Approval of the Amendment to the Amended and Restated Certificate of Incorporation of Akerna Effecting the Akerna Reverse Stock Split — Tax Consequences of the Akerna Reverse Stock Split*” beginning on page 164 of this proxy statement/prospectus for a more complete description of the material U.S. federal income tax consequences of the Akerna Reverse Stock Split to Akerna U.S. Holders.

The tax consequences to an Akerna U.S. Holder of the Akerna Reverse Stock Split will depend on if the Akerna Reverse Stock Split is treated as a tax deferred “recapitalization” for U.S. federal income tax purposes. If the Akerna Reverse Stock Split qualifies as a recapitalization, then an Akerna U.S. Holder generally will not recognize gain or loss on the Akerna Reverse Stock Split. In general, the aggregate tax basis of the post-split shares of Akerna Common Stock received will be equal to the aggregate tax basis of the pre-split shares of Akerna Common Stock exchanged therefor and the holding period of the post-split shares of Akerna Common Stock received will include the holding period of the pre-split shares of Akerna Common Stock exchanged. Treasury Regulations promulgated under the Code provide detailed rules for allocating the tax basis and holding period of the shares of Akerna Common Stock surrendered to the shares of Akerna Common Stock received pursuant to the Akerna Reverse Stock Split. U.S. Holders of shares of Akerna Common Stock acquired on different dates and at different prices should consult their tax advisors regarding the allocation of the tax basis and holding period of such shares.

[Table of Contents](#)

The state and local tax consequences of the Akerna Reverse Stock Split may vary significantly as to each Akerna U.S. Holder depending upon the jurisdiction in which such holder resides. Each Akerna U.S. Holder should consult their tax advisors as to the specific tax consequences to them.

Q: What are the material U.S. federal income tax consequences of the Sale Transaction to U.S. Holders of Akerna?

A: The proceeds of the Sale Transaction will be used to pay accounts payable and Transaction expenses, and to pay down existing debt under the Akerna Notes. After these payments, any remaining proceeds will be used to fund the combined company, and such proceeds will not be distributed to Akerna stockholders. As a result, there should not be any material U.S. federal income tax consequences to Akerna U.S. Holders in relation to the Sale Transaction.

Q: Why am I being asked to approve the Akerna Authorized Share Increase?

A : The Akerna Board approved the proposal approving the amendment to the Akerna amended and restated certificate of incorporation effecting the Akerna Reverse Stock Split to ensure that the combined company has adequate available shares of common stock in financing ongoing operations through future equity financings, if required, so that the combined company can maintain working capital and meet its plan of operations. Currently, there are 150,000,000 shares of Akerna Common Stock authorized for issuance with 7,802,018 shares of Akerna Common Stock issued and outstanding, warrants exercisable to acquire 2,573,299 shares of Akerna Common Stock, and restricted stock units which vest and settle for 9,347 shares of Akerna Common Stock, exchangeable shares to be redeemed for 12,611 shares of Akerna Common Stock and the Akerna Notes which we estimate will be exchanged into shares of Series C Preferred Stock exchangeable into 3,119,247 shares of Akerna Common Stock and the remaining Akerna Notes convertible for approximately 15,101,711 shares of Akerna Common Stock (based on approximately \$6.24 million outstanding principal amount after the exchange of a portion thereof into Series C Preferred Stock, 121% repayment premium and a conversion price of \$0.50, which is the current conversion price for the Akerna Notes) for an aggregate total of approximately 28,618,235 shares of Akerna Common Stock on a fully diluted basis immediately prior to the closing of the Merger. Assuming a Reverse Stock Split ratio of 5 to 1 in the Akerna Reverse Stock, this would result in approximately 5,723,647 shares of common stock outstanding on a fully diluted basis immediately prior to closing of the Merger and would result in the issuance of approximately 69,523,647 shares to Gryphon's stockholders as Merger Consideration for an aggregate total of approximately 76,315,288 shares of common stock outstanding and leaving 73,684,712 shares of common stock available for issuance. To ensure that the combined company has adequate authorized share capital the Akerna Board is asking stockholders to increase the number of authorized shares of common stock from 150,000,000 to 300,000,000.

Q: Why am I being asked to approve the Akerna Reverse Stock Split?

A: The Akerna Board approved the proposal approving the amendment to the Akerna amended and restated certificate of incorporation effecting the Akerna Reverse Stock Split primarily because in order for Nasdaq to approve the continued listing of the common stock of the combined company on The Nasdaq Capital Market following the completion of the Merger, the combined company will need to meet the initial listing standards for The Nasdaq Capital Market. One of the initial listing standards is a minimum trading price of \$4.00 per share. Given the recent trading price of the Akerna Common Stock, Gryphon and Akerna anticipate that the Akerna Reverse Stock Split will be required in order to meet this standard. If Proposal No. 1 is not approved at the Akerna special meeting, the Akerna board of directors may still elect to effect the Akerna Reverse Stock Split, primarily to regain compliance with the continued listing standards of The Nasdaq Capital Market. For further details, see the section titled "*Akerna Proposal No. 2: Approval of the Amendment to the Amended and Restated Certificate of Incorporation of Akerna Effecting the Akerna Reverse Stock Split.*"

Q: Why am I being asked to approve the 2023 Plan?

A: The Akerna Board approved the proposal approving the 2023 Plan to ensure that the combined company has a comprehensive equity incentive plan in place to attract and retain qualified officers, directors, employees and consultants and to provide adequate incentive to align the goals of management of the combined company with increased stockholder value. The 2023 Plan will replace Akerna's 2019 Long-Term Incentive Plan which is out

dated and does not have sufficient shares of common stock authorized for issuance of awards thereunder to meet the needs of the combined company. The 2023 Plan modernizes the combined company's equity incentive structure and will provide for sufficient shares to meet the combined company's equity incentive goals.

Q: As an Akerna stockholder, how does Akerna Board recommend that I vote?

A: After careful consideration, Akerna Board unanimously recommends that Akerna stockholders vote:

- “FOR” Proposal No. 1 to approve the issuance of shares of Akerna Common Stock to the holders of Gryphon Shares in accordance with the terms of the Merger Agreement and the change of control resulting from the Merger;
- “FOR” Proposal No. 2 to approve the Purchase Agreement and the transactions contemplated thereby, including the Sale Transaction;
- “FOR” Proposal No. 3 to approve an amendment to the amended and restated certificate of incorporation of Akerna to effect the Akerna Reverse Stock Split, at a ratio of one (1) new share for every five (5) to twenty (20) shares outstanding;
- “FOR” Proposal No. 4 to approve an amendment to the amended and restated certificate of incorporation of Akerna to effect the Akerna Authorized Share Increase;
- “FOR” Proposal No. 5 to approve an amendment to the amended and restated certificate of incorporation of Akerna to effect the Akerna Name Change;
- “FOR” Proposal No. 6 to approve the 2023 Plan; and
- “FOR” Proposal No. 7 to adjourn the special meeting, if necessary, to solicit additional proxies if there are not sufficient votes in favor of Proposal Nos. 1 through 6.

Q: Do persons involved in the Transactions have interests that may conflict with mine as an Akerna stockholder?

A: Yes. In considering the recommendation of the Akerna Board with respect to issuing shares of Akerna Common Stock pursuant to the Merger Agreement, the change of control of Akerna resulting from the Merger, the Sale Transaction and the other matters to be acted upon by Akerna stockholders at the special meeting, Akerna stockholders should be aware that certain members of the Akerna Board and executive officers of Akerna have interests in the Merger that may be different from, or in addition to, interests they have as Akerna stockholders.

Akerna's executive officers, including Jessica Billingsley, its Chief Executive Officer, who is also the Chairman of the Akerna Board, Scott Sozio, Head of Corporate Development and a director on the Akerna Board, and Dean Ditto, its Chief Financial Officer are contractually entitled to severance payments and/or change in control bonus incentive fees.

In addition, each member of the Akerna executive team and the Akerna Board is entitled to full accelerated vesting of all outstanding restricted stock units of Akerna upon a change in control, as defined in Akerna's Equity Incentive Plan, regardless of whether s/he is terminated as a result of the transaction.

Based on the terms of her current employment agreement, Jessica Billingsley will be entitled to receive a total value of approximately \$602,854 in connection with the consummation of the Merger, which includes approximately \$602,400 as part of her severance payments under her employment agreement and approximately \$454 in value associated with the acceleration of outstanding restricted stock units. Additionally, Ms. Billingsley will continue on the board of the combined company after the closing of the Merger and would be eligible for certain compensation as a non-employee director.

Based on his current employment terms, Dean Ditto will be entitled to receive a total value of approximately \$210,733 in connection with the consummation of the Merger, which includes approximately \$85,733 as part of his severance payments and benefits under his employment terms.

Under the terms of a change in control bonus incentive agreement with Akerna, Scott Sozio will be entitled to receive a total value of approximately \$350,924 in connection with the consummation of the Merger, which includes approximately \$350,000 as part of his change in control incentive bonus and approximately \$924 in value associated with the acceleration of outstanding restricted stock units.

As of _____, 2023, the record date for the special meeting, the directors and executive officers of Akerna owned, in the aggregate, 1.6% of the outstanding voting shares of Akerna Common Stock and have agreed to vote in favor of the Merger and related transactions.

The Akerna Board was aware of these interests and considered them, among other matters, in the decision to approve the Merger Agreement. For more information, please see the section titled “*The Transactions — Interests of the Akerna Directors and Executive Officers in the Transactions*” in this proxy statement/prospectus.

Q: What risks should I consider in deciding whether to vote in favor of the Merger Proposal and the Sale Transaction Proposal?

A: You should carefully review the section titled “*Risk Factors*” beginning on page 24 of this proxy statement/prospectus, which set forth certain risks and uncertainties related to the Merger, risks and uncertainties to which the combined company’s business will be subject, and risks and uncertainties to which each of Akerna and Gryphon, as independent companies, are subject.

Q: What stockholder presence is required for quorum at the Akerna special meeting?

A: The presence, in person or being represented by proxy, at the Akerna special meeting of the holders of one-third of the shares of Akerna Common Stock and Akerna voting preferred stock outstanding, or equal to _____ voting shares, is necessary to constitute a quorum at the meeting for the purpose of approving the proposals.

Q: How many votes am I entitled per share?

A: Each share of Akerna Common Stock entitles the holder thereof to one vote on each proposal at the Akerna special meeting. Additionally, Akerna’s special voting preferred share is entitled to vote a number of shares equivalent to 12,611 shares of Akerna Common Stock on each proposal at the Akerna special meeting. Holders of Akerna Common Stock, special voting share and Series C Preferred Stock will vote on all matters at the Akerna special meeting as a single class, except for the Akerna Authorized Shares Increase upon which the holders of the Akerna Common Stock will also vote as a separate class. Only the holders of Akerna Common Stock, our special voting share and Series C Preferred Stock are entitled to vote at the Akerna special meeting. There are no cumulative voting rights.

Each share of Series C Preferred Stock outstanding on the record date has a number of votes equal to the number of shares of Akerna Common Stock issuable upon conversion of such share (whether or not such share is then convertible). Accordingly, as of the record date, each share of Series C Preferred Stock has the voting equivalent of _____ votes.

Q: What stockholder votes are required to approve the proposals at the Akerna special meeting?

A: The affirmative vote of the holders of a majority of the outstanding shares of Akerna Common Stock and preferred stock, voting as one class, is required for approval of the Sale Transaction, the Akerna Reverse Stock Split, the Akerna Authorized Share Increase, and the Akerna Name Change. The affirmative vote of a majority of the outstanding shares of Akerna Common Stock, voting as a separate class, is required for the approval of the Akerna Authorized Share Increase. The affirmative vote of a majority of the votes properly cast at the Akerna special meeting, whether present at the special meeting or represented by proxy at the special meeting, is required for approval of the Merger, the 2023 Plan and the Adjournment Proposal.

Votes will be counted by the inspector of election appointed for the meeting, who will separately count “FOR” and “AGAINST” votes, abstentions and any broker non-votes. Abstentions and broker non-votes will be treated as shares present for the purpose of determining the presence of a quorum for the transaction of business at the special meeting. Abstentions will be counted toward the vote totals for each proposal and will have the same effect as “AGAINST” votes. Broker non-votes will have no effect on the Merger Proposal, the proposal to approve the 2023 Plan and the Adjournment Proposal but will have the same effect as votes “AGAINST” the Sale Transaction Proposal, the Akerna Reverse Stock Split, the Akerna Authorized Share Increase and the Akerna Name Change.

[Table of Contents](#)

As of _____, 2023, the record date for the special meeting, the directors and certain executive officers of Akerna owned or controlled approximately 1.6% of the outstanding shares of Akerna Common Stock entitled to vote at the Akerna special meeting. As of _____, 2023, the record date for the special meeting, the Akerna stockholders that are party to the Merger Support Agreement with Gryphon and the Sale Transaction Support Agreement with MJ Acquisition, including the directors and certain executive officers of Akerna, owned an aggregate of shares of Akerna Common Stock representing approximately _____% of the outstanding shares of Akerna Common Stock. The holders of the Akerna Notes that entered into the Merger Lender Support Letters and the Sale Transaction Lender Support Letters had the right to acquire preferred stock with voting rights equivalent to approximately _____% of the outstanding shares of Akerna Common Stock on _____, 2023, the record date for the special meeting. Therefore an aggregate total of approximately _____% of the outstanding shares entitled to vote on the matters at the Akerna special meeting are subject to the Merger Support Agreement, the Sale Transaction Support Agreement, the Merger Lender Support Letters or the Sale Transaction Lender Support Letters.

Pursuant to the Merger Support Agreement and the Sale Transaction Support Agreement, these stockholders, including the directors and certain executive officers of Akerna, have agreed to vote all shares of Akerna Common Stock owned by them as of the record date in favor of all the proposals at the Akerna special meeting. The Merger Lender Support Letters and the Sale Transaction Lender Support Letters provide, among other things, that the holders of the Akerna Notes will vote all of the shares of Akerna capital stock held or acquired by them in favor of the all the proposals at the Akerna special meeting and against any competing acquisition proposals. The Merger Lender Support Letters and the Sale Transaction Lender Support Letters also place certain customary restrictions on the transfer of shares of Akerna capital stock held by the respective signatories thereto prior to the closing of the Merger or the Sale Transaction, respectively. The Merger Support Agreement, the Sale Transaction Support Agreement, the Merger Lender Support Letters and the Sale Transaction Lender Support Letters are discussed in greater detail in the sections titled “*Agreements Related to the Merger*” and “*Agreements Related to the Sale Transaction*” in this proxy statement/prospectus.

Q: What do I need to do now?

A: Akerna urges you to read this proxy statement/prospectus carefully, including the annexes attached hereto, and to consider how the Transactions affect you.

If you are an Akerna stockholder of record, you may provide your proxy instructions in one of four different ways:

- You can attend the Akerna special meeting and vote during the special meeting.
- You can mail your signed proxy card in the enclosed return envelope.
- You can provide your proxy instructions via telephone by following the instructions on your proxy card.
- You can provide your proxy instructions via the internet by following the instructions on your proxy card.

Your signed proxy card, telephonic proxy instructions, or internet proxy instructions must be received by _____, 11:59 p.m. Mountain Time, to be counted.

If you hold your shares in “street name” (as described below), you may provide your proxy instructions via telephone or the internet by following the instructions on your vote instruction form. Please provide your proxy instructions only once, unless you are revoking a previously delivered proxy instruction, and as soon as possible so that your shares can be voted at the Akerna special meeting.

Q: What happens if I do not return a proxy card or otherwise vote or provide proxy instructions, as applicable?

A: If you are an Akerna stockholder, the failure to return your proxy card or otherwise provide proxy instructions will reduce the aggregate number of votes required to approve Proposal Nos. 1, 6 and 7 and will have the same effect as voting AGAINST Proposal Nos. 2, 3, 4 and 5, and your shares will not be counted for purposes of determining whether a quorum is present at the Akerna special meeting. Banks, brokers and other nominees will have discretion to vote on Proposal Nos. 2, 3 and 4.

Q: May I attend the Akerna special meeting and vote in person?

A: Stockholders of record as of _____, 2023, will be able to attend and participate in the Akerna special meeting. To join the Akerna special meeting and vote, you will need to provide proof that you are a stockholder of record

as of the record date for the special meeting or the validly appointed proxy of a stockholder of record, which proof may include your proxy card. If your shares are held in “street name,” you should contact your bank, broker or other nominee to obtain a valid proxy to vote your shares at the meeting or otherwise vote through your bank, broker or other nominee.

Q: Where and when is the Akerna Special Meeting?

A: The Akerna special meeting will be held on _____, 2023 at _____ Mountain Time at _____. All Akerna stockholders of record as of the record date, or their duly appointed proxies, may attend the special meeting.

Q: Who counts the votes?

A: Continental Stock Transfer and Trust (“CST”) will be engaged as Akerna’s independent agent to tabulate stockholder votes, which Akerna refers to as the inspector of election. If you are a stockholder of record, your executed proxy card is returned directly to CST for tabulation. If you hold your shares through a broker, your broker returns one proxy card to its intermediaries on behalf of all its clients and a global proxy card is delivered to CST for counting proxy votes at the meeting.

Q: If my Akerna shares are held in “street name” by my broker, will my broker vote my shares for me?

A: Unless your broker has discretionary authority to vote on certain matters, your broker will not be able to vote your shares of Akerna Common Stock on matters requiring discretionary authority without instructions from you. If you do not give instructions to your broker, your broker can vote your Akerna shares with respect to “discretionary,” routine items but not with respect to “non-discretionary,” non-routine items. Discretionary items are proposals considered routine on which your broker may vote shares held in “street name” in the absence of your voting instructions. The Akerna Reverse Stock Split, the Akerna Authorized Share Increase and the Akerna Name Change will be routine matters. With respect to non-routine items for which you do not give your broker instructions, your Akerna shares will be treated as broker non-votes. To make sure that your vote is counted, you should instruct your broker to vote your shares, following the procedures provided by your broker.

Q: What are broker non-votes and do they count for determining a quorum?

A: Generally, broker non-votes occur when shares held by a broker in “street name” for a beneficial owner are not voted with respect to a particular proposal because the broker (i) has not received voting instructions from the beneficial owner and (ii) lacks discretionary voting power to vote those shares. A broker is entitled to vote shares held for a beneficial owner on routine matters without instructions from the beneficial owner of those shares. On the other hand, absent instructions from the beneficial owner of such shares, a broker is not entitled to vote shares held for a beneficial owner on non-routine matters.

Broker non-votes will be treated as shares present for the purpose of determining the presence of a quorum for the transaction of business at the Akerna special meeting. Broker non-votes will not be treated as votes cast for or against a proposal and accordingly will not have any effect with respect to the outcome of the approval of the Merger Proposal, the approval of the 2023 Plan or the Adjournment Proposal and will have the same effect as a vote AGAINST the Sale Transaction Proposal, the Akerna Reverse Stock Split, the Akerna Authorized Share Increase and the Akerna Name Change.

Q: May I change my vote after I have submitted a proxy or provided proxy instructions?

A: Akerna stockholders of record, unless such stockholder’s vote is subject to a Merger Support Agreement, Sale Transaction Support Agreement, a Merger Lender Support Letter or a Sale Transaction Lender Support Letter, may change their vote at any time before their proxy is voted at the Akerna special meeting in one of four ways:

- You may submit another properly completed proxy with a later date by mail or via the internet.
- You can provide your proxy instructions via telephone at a later date.
- You may send a written notice that you are revoking your proxy to Akerna Corp., 1550 Larimer Street #246, Denver, Colorado 80202, Attention: Secretary.
- You may attend the Akerna special meeting, revoke your proxy and vote in person. Simply attending the Akerna special meeting will not, by itself, revoke your proxy.

If an Akerna stockholder that owns Akerna shares in “street name” has instructed a broker to vote its shares of Akerna Common Stock, the stockholder must follow directions received from its broker to change those instructions.

Q: Who is paying for this proxy solicitation?

A: Akerna will bear the cost of printing and filing of this proxy statement/prospectus and the proxy card. Arrangements will also be made with brokerage firms and other custodians, nominees and fiduciaries who are record holders of Akerna Common Stock for the forwarding of solicitation materials to the beneficial owners of Akerna Common Stock. Akerna will reimburse these brokers, custodians, nominees and fiduciaries for the reasonable out-of-pocket expenses they incur in connection with the forwarding of solicitation materials.

To better understand the Transactions and the proposals being considered at the Akerna special meeting, you should read this entire proxy statement/prospectus carefully, including the Merger Agreement, the Purchase Agreement and the other annexes to which you are referred in this proxy statement/prospectus. For more information, please see the section titled “Where You Can Find More Information” beginning on page 267 of this proxy statement/prospectus. Except where specifically noted, the following information and all other information contained in this proxy statement/prospectus does not give effect to the proposed Akerna Reverse Stock Split.

The Companies

Akerna Corp.

Akerna is a leading provider of enterprise software solutions within the cannabis industry. Cannabis businesses face significant complexity due to the stringent regulations and restrictions that shift based on regional, state, and national governing bodies. As the first to market more than ten years ago, Akerna’s family of software platforms help to enable regulatory compliance and inventory management across the entire supply chain. When the legal cannabis market started to grow, Akerna identified a need for organic material tracking and regulatory compliance software as a service (SaaS) solution customized specifically for the unique needs of the industry. By providing an integrated ecosystem of applications and services that help our clients enable compliance, regulation, consumer safety and taxation, Akerna is building the technology backbone of the cannabis industry. While designed specifically for the unique needs of the cannabis market, Akerna’s solutions are adaptable for other industries requiring government regulatory oversight, or where the tracking of organic materials from seed or plant to end products is desired.

Executing upon its expansion strategy, Akerna acquired complementary cannabis brands to grow the scope of Akerna’s cannabis ecosystem. Since 2019, Akerna has integrated six new brands into the Akerna product and service offering. Akerna’s first acquisition, Solo Sciences (“Solo”), was initiated in the fall of 2019, with the full acquisition completed in July 2020. Akerna added Trellis Solutions (“Trellis”) to our portfolio on April 10, 2020 and finalized the acquisition of Ample Organics (“Ample”) and Last Call Analytics (“Last Call”) on July 7, 2020. More recently, on April 1, 2021 Akerna completed its acquisition of Viridian Sciences Inc. (“Viridian”), a cannabis business management software system built on SAP Business One, followed by the acquisition of The NAV People, Inc. d.b.a 365 Cannabis (“365 Cannabis”), a cannabis business management software system built on Microsoft Business Central, on October 1, 2021. Through its growing family of companies, Akerna provides highly versatile platforms that equip its clients with a central data management system for tracking regulated products. Akerna’s solutions also provide clients with integrated security, transparency, and scalability capabilities, all while helping maintain compliance with their governing regulations.

In February of 2022, the Akerna Board determined to seek to engage a financial advisor to determine if Akerna should seek strategic alternatives to enhance stockholder value. In March 2022, Akerna engaged JMP Securities LLC (“JMP”) as its financial advisor and in May of 2022, Akerna announced that it was exploring strategic alternatives with the assistance of JMP. In May of 2022, Akerna also announced a corporate restructuring including a reduction in workforce and certain operating costs aimed at preserving capital.

In November of 2022, Akerna and Gryphon and Akerna and POSaBIT Systems Corporation (“POSaBIT”) entered into separate non-binding letters of intent to explore the possibility of engaging in a strategic transaction.

On January 27, 2023, Akerna entered into a purchase agreement (the “POSaBIT Purchase Agreement”) with Akerna Exchange and POSaBIT. Under the terms and subject to the satisfaction of the conditions described in the POSaBIT Purchase Agreement, including approval of the transaction by Akerna’s stockholders, Akerna agreed to sell to POSaBIT (or a subsidiary of POSaBIT) all of the membership interests in MJ Freeway and Akerna Exchange agreed to sell to POSaBIT all of the outstanding capital stock of Ample for an aggregate purchase price of \$4,000,000 in cash.

Concurrently with the execution of the POSaBIT Purchase Agreement, on January 27, 2023, Akerna entered into the Merger Agreement with Gryphon and Merger Sub. Upon the terms and subject to the satisfaction of the conditions described in the Merger Agreement, including approval of the transaction by the stockholders of Akerna and Gryphon,

Merger Sub will be merged with and into Gryphon, with Gryphon surviving the Merger as a wholly owned subsidiary of Akerna. The Merger is intended to qualify as a tax-deferred reorganization for U.S. federal income tax purposes. If the Merger is completed, the business of Gryphon will become the business of the combined company as described beginning on page 216 of this proxy statement/prospectus under the caption “*Gryphon’s Business.*”

On April 5, 2023, Akerna terminated the POSaBIT Purchase Agreement pursuant to section 9.01(c)(iii) thereof, because the Akerna Board determined that the offer letter of Alleaves Inc., a Delaware corporation (“Alleaves”) delivered to the Akerna Board on March 17, 2023, which ultimately resulted in the Purchase Agreement with MJ Acquisition, was or was likely to result in a “Superior Offer” under the terms of the POSaBIT Purchase Agreement and therefore the Akerna Board had a fiduciary obligation to Akerna’s securityholders to terminate the POSaBIT Purchase Agreement to pursue that offer. As a result of the termination, Akerna owes POSaBIT a termination fee of \$140,000 and payment of up to \$60,000 in reasonable fees and expenses of POSaBIT within 10 Business Days of receipt of reasonable documentation supporting such fees and expenses.

On April 28, 2023, Akerna entered into the Purchase Agreement with Akerna Exchange and MJ Acquisition. Under the terms and subject to the satisfaction of the conditions described in the Purchase Agreement, including approval of the transaction by Akerna’s stockholders, Akerna agreed to sell to MJ Acquisition (or a subsidiary of MJ Acquisition) all of the membership interests in MJ Freeway and Akerna Exchange agreed to sell to MJ Acquisition all of the outstanding capital stock of Ample for an aggregate purchase price of \$5,000,000 in cash.

Concurrently with the execution of the Purchase Agreement, on April 28, 2023, Akerna, Merger Sub and Gryphon entered into a first amendment to agreement and plan of Merger (the “First Amending Agreement”) which amends the Merger Agreement to amend the definition of “MJF Purchaser” thereunder to MJ Acquisition Corp. and pursuant to which Gryphon consents to Akerna entering into the Purchase Agreement and related documents.

On June 14, 2023, Akerna, Merger Sub and Gryphon entered into a second amendment to agreement and plan of Merger (the “Second Amending Agreement”) which amends the definition of Merger Consideration to mean the greater of (a) a number of shares of Akerna Common Stock equal to (i) the quotient obtained by dividing (A) the number of shares of Akerna Common Stock on a fully diluted basis (B) 0.075, *minus* (ii) the Akerna fully diluted share number *minus* (iii) the adjusted Gryphon warrant reserve number, and (b) a number of shares of Akerna Common Stock equal to the quotient obtained by dividing (i) \$115,625,000 by (ii) the last sale price of the Akerna Common Stock on the second trading day immediately preceding the closing of the Merger.

Our principal executive offices are located at 1550 Larimer Street #246, Denver, Colorado 80202, and our telephone number is (888) 932-6537 and our Internet website address is www.akerna.com. The information on our website is not a part of, or incorporated in, this proxy statement/prospectus.

Gryphon Digital Mining Inc.

Founded in October 2020, Gryphon is a bitcoin mining company based in Las Vegas, Nevada. Gryphon commenced its digital assets mining operations in September 2021. Gryphon’s mission is to create the world’s leading net carbon neutral bitcoin miner. Gryphon’s revenue model is to mine and hold bitcoin, and then sell only the bitcoin that is necessary to pay its operating expenses and to reinvest in operational expansion.

Gryphon’s operations encompass the following:

- ***Self-Mining:*** Gryphon operates approximately 7,400 bitcoin ASIC mining computers, referred to as “miners,” from Bitmain Technologies Limited (“Bitmain”) that Gryphon has installed at third-party hosted mining data centers located in New York, Georgia and North Carolina. Revenue generated by the mining of bitcoin is measured on a dollar per megawatt-hour (“MWh”) basis and is variable based on the price of Bitcoin, the measure of difficulty, transaction volume and global hash rates.
- ***ESG-Led Mining:*** Gryphon is an ESG-committed bitcoin miner with the mission to create the world’s largest bitcoin miner with a neutral carbon footprint. Gryphon currently uses 100% net carbon neutral energy as its power source.

Gryphon launched its mining operations in September 2021 upon the receipt of the first of 12 batches of 600 Bitmain S19j Pro Antminers. Gryphon has deployed a total of approximately 7,400 S19j Pro Antminers from Bitmain pursuant to the Bitmain Agreement (as defined below) and subsequent market purchases.

Given the significant amount of power that ASIC miners require to operate, Gryphon believes most mining companies focus completely on low-cost electricity without considering the impact of the power's production on the climate. Gryphon's strategy is to focus on working with power hosting partners that are committed to climate science and also can produce reliable, low-cost power. Gryphon uses 25 megawatts of space at its primary hosting facility in New York, which relies on renewable hydro energy. As it deploys additional miners, Gryphon will work exclusively with hosting partners that have committed to providing power that is 100% carbon neutral.

Gryphon's consolidated financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America, which contemplate the continuation of Gryphon as a going concern and the realization of assets and satisfaction of liabilities in the ordinary course of business. These financial statements do not include any adjustments that might result from Gryphon's inability to continue as a going concern. However, Gryphon's independent registered public accounting firm's report contains an explanatory paragraph that expresses substantial doubt about Gryphon's ability to continue as a "going concern." Gryphon is a privately-held corporation and its securities do not trade on any marketplace. The principal executive offices of Gryphon are located at 5953 Mabel Road, Unit 138, Las Vegas, NV 89110, and its telephone number is (877) 646-3374.

See "*Information About Gryphon*" and "*Management Discussion and Analysis of Financial Condition and Results of Operations for Gryphon*" for important business and financial information regarding Gryphon.

The Merger (see page 274)

If the Merger is completed, Merger Sub will merge with and into Gryphon, with Gryphon surviving as a wholly owned subsidiary of Akerna. The Merger is expected to be accounted for as a reverse acquisition, at the time of the closing of the Merger.

Subject to the terms and conditions of the Merger Agreement, at the Effective Time, each Gryphon Share outstanding immediately prior to the Effective Time will be converted into the right to receive a per share portion of the shares of Akerna Common Stock comprising the Merger Consideration (subject to adjustment to account for the proposed Akerna Reverse Stock Split), as described in more detail in the section titled "*The Merger Agreement — Merger Consideration*" beginning on page 115 of this proxy statement/prospectus.

Each share of Akerna Common Stock, each share of Akerna Common Stock reserved for issuance upon the exercise of each warrant to purchase Akerna Common Stock, that is issued and outstanding at the Effective Time will remain issued and outstanding, and such securities will be unaffected by the Merger.

Akerna following the Merger is referred to herein as the "combined company." After the completion of the Merger, the combined company will change its corporate name to "Gryphon Digital Mining, Inc." Immediately after the consummation of the Merger, Akerna equityholders as of immediately prior to the Merger are expected to own approximately 7.5% of the outstanding equity interests of the combined company on a fully diluted basis and former Gryphon equityholders are expected to own approximately 92.5% of the outstanding equity interests of the combined company on a fully diluted basis. Ownership percentages will depend on the calculation of the Merger Consideration at closing, which will depend on a number of variables, including the last sales price of Akerna Common Stock on the second trading day immediately prior to closing of the Merger and the amount of the principal remaining outstanding on Akerna's convertible notes following any conversions or company redemptions that occur prior to closing, as described in more detail.

The closing of the Merger will occur as promptly as practicable, but in no event later than the second business day, after the last of the conditions to the Merger has been satisfied or waived (other than those conditions that by their nature are to be satisfied at the closing of the Merger, but subject to the satisfaction or waiver of each such conditions), or at such other time, date and place as Akerna and Gryphon mutually agree. Akerna and Gryphon anticipate that the consummation of the Merger will occur in Akerna's third fiscal quarter of 2023. However, because the Merger is subject to a number of conditions, neither Akerna nor Gryphon can predict exactly when the closing of the Merger will occur or if it will occur at all. The closing of the Merger and the closing of the Sale Transaction are conditioned on each other and the parties expect that, subject to the satisfaction or waiver of the conditions set forth in the Merger Agreement and the Purchase Agreement, respectively, the Sale Transaction will be consummated immediately following the closing of the Merger.

Sale Transaction (see page 274)

Akerna has also entered into the Purchase Agreement with MJ Acquisition pursuant to which, subject to the satisfaction or waiver of the conditions set forth in the Purchase Agreement, Akerna will sell to MJ Acquisition all of the membership interests in MJ Freeway and Akerna Exchange will sell to MJ Acquisition all of the capital stock of Ample for an aggregate cash purchase price of \$5 million, subject to adjustments.

The closing of the Sale Transaction will occur as promptly as practicable, but in no event later than the second business day, after the last of the conditions to the Sale Transaction has been satisfied or waived (other than those conditions that by their nature are to be satisfied at the closing of the Sale Transaction, but subject to the satisfaction or waiver of each such conditions), or at such other time as Akerna and MJ Acquisition agree. Akerna anticipates that the consummation of the Sale Transaction will occur in Akerna's third fiscal quarter of 2023. However, because the Sale Transaction is subject to a number of conditions, Akerna cannot predict exactly when the closing of the Sale Transaction will occur or if it will occur at all. The closing of the Merger and the closing of the Sale Transaction are conditioned on each other and the parties expect that, subject to the satisfaction or waiver of the conditions set forth in the Merger Agreement and the Purchase Agreement, respectively, the Sale Transaction will be consummated immediately following the closing of the Merger.

Akerna Reasons for the Transactions (see page 94) and Gryphon Reasons for the Merger (see page 97)

After consideration and consultation with its senior management and its financial and legal advisors, the Akerna Board unanimously determined that the Merger Agreement, the Merger and the other transactions contemplated thereby and the Purchase Agreement, the Sale Transaction and the other transactions contemplated thereby are advisable, fair to and in the best interests of Akerna and its stockholders. The Akerna Board considered various reasons to reach its determination. For example the Akerna Board considered and assessed:

- the financial condition and prospects of Akerna and its current business and the risks associated with continued operations, including Akerna's history of substantial losses, the need for a likely highly dilutive equity capital raise in the near term to fund ongoing operations, risks related to servicing the Akerna Notes and the potential for a default under the terms of the Akerna Notes, the current stock price of the Akerna Common Stock and overall prospects of Akerna's current operations, the timeline for profitable operations and the costs of operating as a public company;
- the risks and delays associated with, and uncertain value and costs to Akerna stockholders of, liquidating Akerna, including the uncertainties of continuing cash burn while debt and contingent liabilities are resolved, the likelihood that there would not be sufficient cash upon liquidation to satisfy Akerna's debt obligations resulting in no cash available for distribution to stockholders, uncertainty of timing of release of any remaining cash until contingent liabilities are resolved, and the risks and costs associated with being a shell company prior to any such cash distribution;
- the risks and challenges of attempting to continue to operate Akerna on a stand-alone basis, including the substantial time required and uncertainty to successfully address the ongoing losses of continued operations and the need to service the Akerna Notes and challenges in retaining staff with limited cash and projected financial losses;
- that the Akerna Board and its financial advisor undertook a comprehensive and thorough process of reviewing and analyzing potential strategic alternatives and merger partner candidates to identify the opportunity that would, in the Akerna Board's view, create the most value for Akerna stockholders;

- the Akerna Board’s belief, after a thorough review of strategic alternatives and discussions with Akerna’s senior management, financial advisors and legal counsel, that the Merger and Sale Transaction are more favorable to Akerna stockholders than the potential value that might have resulted from other strategic alternatives available to Akerna, including to operate Akerna on a stand-alone basis;
- the Akerna Board’s belief that, as a result of arm’s length negotiations with Gryphon, Akerna and its representatives negotiated the best ratio to which Gryphon was willing to agree, and that the other terms of the Merger Agreement include the most favorable terms to Akerna in the aggregate to which Gryphon was willing to agree;
- the Akerna Board’s belief that, as a result of arm’s length negotiations with MJ Acquisition, Akerna and its representatives negotiated the best cash purchase price to which MJ Acquisition was willing to agree, and that the other terms of the Purchase Agreement include the most favorable terms to Akerna in the aggregate to which MJ Acquisition was willing to agree;
- the expected cash resources of the combined company and the likelihood the combined company would possess sufficient cash resources to fund future operations of the combined company;
- Akerna’s management and its financial and legal advisors financial, regulatory, legal and technical due diligence on Gryphon’s business and operations;
- the Akerna Board’s view, following a review with Akerna’s management of Gryphon’s current business plan, of the likelihood that the combined company would possess sufficient cash resources at the closing of the Merger to fund the business of the combined company through upcoming value inflection points;
- the lack of prospects of and risks associated with finding other strategic candidates;
- the ability of Akerna stockholders to participate in the growth and value creation of the combined company following the closing of the Merger by virtue of their continued ownership of Akerna Common Stock;
- the current financial market conditions and historical market prices, volatility, and trading information for Akerna Common Stock;
- the experience of the senior management team and board of directors of the combined company, which will consist of experienced representatives from Gryphon’s management team and board of directors and one representative from Akerna’s Board;
- the Akerna Board’s consideration of the financial analyses of JMP, including its opinion to the Akerna Board as to the fairness, from a financial point of view and as of the date of the opinion, to Akerna of the consideration to be paid by Akerna in the Merger and the consideration to be received by Akerna in the POSaBIT Sale Transaction, as more fully described below under the caption “*The Merger — Opinion of Akerna’s Financial Advisor,*” beginning on page 102 in this proxy statement/prospectus; and
- the variety of risks and other countervailing factors related to entering into the Merger Agreement and Purchase Agreement as joint transactions, including the potential effect of termination fees, the substantial expense incurred in connection with the Transactions and the risks and uncertainties associated with Gryphon’s business and various other risks.

The board of directors of Gryphon (the “Gryphon Board”) has unanimously approved the Merger Agreement, the Merger and the transactions contemplated thereby. The Gryphon Board reviewed several factors in reaching its decision and believes that the Merger Agreement, the Merger and the transactions contemplated thereby are in the best interests of Gryphon and its stockholders. Several factors considered by the Gryphon Board included:

- the financial condition, historical results of operations and strategic objectives of Gryphon;
- the exchange ratio to be paid by Akerna pursuant to the Merger, where it is expected that Gryphon shareholders receive approximately 92.5% and Akerna shareholders receive approximately 7.5% of the combined company, and the related anticipated allocation of the equity interests of the combined company, on a fully diluted basis, following completion of the Merger;

- the risks associated with structuring the Merger and the Sale Transaction as joint transactions, including the potential difficulties associated with coordinating and completing both transactions simultaneously and the risk that the Sale Transaction does not close on a timely basis or at all;
- the terms of the Merger Agreement, the Purchase Agreement and related transaction documents, concluding the terms, in the aggregate, were reasonable;
- the current capitalization of Akerna, including the terms of the Akerna Notes, and the ability of Akerna to simplify its capitalization prior to completion of the Merger;
- the terms of the Exchange Agreements, the treatment of the Akerna Notes contemplated thereby and the entry by the holders of Akerna Notes into Merger Lender Support Letters;
- the potential increased access to sources of capital and a broader range of investors to support Gryphon’s Bitcoin mining operations following consummation of the Merger and the expected continued listing of the combined company on The Nasdaq Capital Market, compared to if Gryphon continued to operate as a privately held company;
- the potential to provide its current stockholders with greater liquidity by owning stock in a public company;
- the cash resources of the combined company, with \$5.5 million of cash and cash equivalents on a pro forma basis as of June 30, 2023 after giving effect to the Merger, which Gryphon Board believes is sufficient to enable Gryphon to pursue its near term goals and business plans;
- the determination that the expected relative percentage ownership of Akerna stockholders and Gryphon’s stockholders in the combined company was appropriately based, in the judgment of the Gryphon Board, on the Gryphon Board’s assessment of the approximate valuations of Akerna and Gryphon; and
- the expectation that the Merger with Akerna would be a more time- and cost-effective means to access capital than other options considered by the Gryphon Board, including additional private financings or an initial public offering.

For a more complete description of the reasons for the Merger, please see the sections titled “*The Transactions — Akerna Reasons for the Transactions*” and “*The Transactions — Gryphon Reasons for the Merger*” beginning on pages 94 and 97, respectively, of this proxy statement/prospectus.

Opinion of Akerna’s Financial Advisor (see page 102)

JMP rendered its opinion to the Akerna Board that, as of January 26, 2023, based on and subject to the factors and assumptions set forth in the opinion, the consideration to be received by Akerna in the sale transaction under the POSaBIT Purchase Agreement (the “POSaBIT Sale Transaction”) and the consideration to be paid by Akerna in the Merger was fair, from a financial point of view, to Akerna. For a more complete description of the opinion of JMP, please see the section titled “*The Merger — Opinion of Akerna’s Financial Advisor*” beginning on page 102.

The Akerna Board considered whether to obtain a new fairness opinion in relation to entering into the Purchase Agreement with MJ Acquisition subsequent to the January 26, 2023 opinion delivered by JMP. The Akerna Board determined that such fairness opinion was not necessary in determining that the new transaction with MJ Acquisition is advisable, fair to and in the best interests of Akerna and its stockholders for the following reasons: (i) the fact that the POSaBIT deal was a cash only deal and that the deal with MJ Acquisition was also cash only with a premium of an additional \$1 million in purchase price representing an increase in value of 25% and a superior offer to the transaction with POSaBIT, (ii) the Purchase Agreement is materially identical to the POSaBIT Purchase Agreement outside of the increased purchase price, (iii) the consideration to be received by Akerna in the Merger remained unchanged (iv) the transaction with MJ Acquisition provided Akerna with access to \$1 million of the cash purchase price immediately on signing of the Purchase Agreement in the form of a secured bridge loan, which additional cash resources increased the likelihood of Akerna being able to fund operations and corporate expenses through closing of the Merger and the Sale Transaction, making such closing more likely under the transaction with MJ Acquisition than the transaction with POSaBIT, (v) the Board’s determination in coordination with Akerna management that the business and prospects of Akerna’s business had not changed materially from January 26, 2023, the date the opinion was delivered by JMP and (vi) the significant cost and delay in timing of obtaining a new fairness opinion created additional risk to the closing of the Merger and the Sale Transaction.

The Akerna Board considered whether to obtain a new fairness opinion in relation to entering into the Second Amendment to the Merger Agreement subsequent to the January 26, 2023 opinion delivered by JMP. The Akerna Board determined that such fairness opinion was not necessary in determining that the Second Amendment to the Merger Agreement was advisable, fair and in the best interests of Akerna and its stockholders for the following reasons: (i) the presentation of share price scenarios by management of Akerna and representatives of JMP making it clear that the change in value to Akerna stockholders would only occur if there was a significant drop in the market value of Akerna shares immediately prior to closing of the Merger, including the analysis that even a drop to \$0.01 per share of Akerna Common Stock would only result in a decrease in value to Akerna stockholders of approximately 1% of the combined company on a fully diluted basis, which would be valued at approximately \$1.2 million based on a minimum valuation of Gryphon at approximately \$116 million and since the combined deal value of the Merger and the Sale Transaction together had been increased by \$1 million through entering into the transaction with MJ Acquisition, the Board determined that the overall deal value to Akerna since January 26, 2023 had not materially changed, and (ii) the Board's determination in coordination with Akerna management that business and prospectus of Akerna had not materially changed since January 26, 2023.

While the Akerna Board believes that the opinion delivered by JMP is still useful in determining the fairness of the Merger and the Sales Transaction to stockholders of Akerna due to the factors set forth above, stockholders should note that because the Akerna Board did not seek a new opinion from JMP following terminating the POSaBIT Purchase Agreement and entering into the Purchase Agreement and prior to entering into the Second Amendment to the Merger Agreement, the opinion of JMP does not address the current terms of the Merger and the Sale Transaction and Akerna stockholders should use caution in relying on such opinion.

The full text of JMP's written opinion sets forth the assumptions made, procedures followed, matters considered and qualifications and limitations on and scope of the review undertaken by JMP in connection with its opinion. JMP's written opinion is attached as Annex G to this proxy statement/prospectus and is incorporated herein by reference. The summary of JMP's opinion set forth in this proxy statement/prospectus is qualified in its entirety by reference to the full text of JMP's opinion. We urge Akerna stockholders to read carefully JMP's opinion, together with the summary thereof in this proxy statement/prospectus, in its entirety.

JMP's opinion was directed and addressed to the Akerna Board (in its capacity as such) in connection with its consideration of the POSaBIT Sale Transaction and the Merger. JMP's opinion did not address the underlying decision of the Akerna Board to proceed with or effect the POSaBIT Sale Transaction or the Merger or the relative merits of the POSaBIT Sale Transaction or the Merger as compared to any alternative strategy or transaction that might exist for Akerna. JMP's opinion does not constitute a recommendation as to how the Akerna Board or any Akerna stockholder should act or vote with respect to the Merger or any other matter.

Overview of the Merger Agreement

Merger Consideration (see page 115)

At the Effective Time, each Gryphon Share that is issued and outstanding immediately prior to the Effective Time will be converted into the right to receive a number of shares of Akerna Common Stock determined by the Merger Consideration as detailed below.

The Merger Agreement does provide for adjustment (including an adjustment as a result of the proposed Akerna Reverse Stock Split) to the total number of shares of Akerna Common Stock that Gryphon stockholders will be entitled to receive as part of the Merger, based on changes in the market price of Akerna Common Stock prior to the closing of the Merger, provided however that the Merger Agreement provides for a minimum valuation of Gryphon of approximately \$116 million and Gryphon stockholders at a minimum will receive such number of shares of Akerna Common Stock as reflects this minimum valuation regardless of the market price of Akerna Common Stock at the closing of the Merger. The market value of the shares of Akerna Common Stock issued pursuant to the Merger will depend on the market value of the shares of Akerna Common Stock at the time the Merger closes, and could vary significantly from the market value of the shares of Akerna Common Stock on the date of this proxy statement/prospectus, subject to the minimum value of approximately \$116 million.

At the Effective Time, by virtue of the Merger and without any action on the part of the Akerna or the Merger Sub, Gryphon or any holder of Gryphon Shares:

- each Gryphon Share that is issued and outstanding immediately prior to the Effective Time shall automatically be converted into and become the right to receive the applicable per share portion of the “merger consideration” with respect to such Gryphon Share as set forth in the allocation statement to be delivered pursuant to the Merger Agreement (“merger consideration” is defined in the Merger Agreement to mean the greater of: (A) a number of shares of Akerna Common Stock equal to (a) the quotient obtained by dividing (i) the number of shares of Akerna capital stock issued and outstanding at the Effective Time on a fully diluted basis (giving effect to the exchange of all amounts outstanding under the Akerna Notes and all shares of Series C Preferred Stock for shares of common stock of the combined company pursuant to the terms of the Exchange Agreements and the Akerna Notes) (the “Akerna Fully Diluted Share Number”) by (ii) 0.075, minus (b) the Akerna Fully Diluted Share Number minus (c) the number of shares of Akerna Common Stock the Gryphon Warrants will become exercisable for upon closing of the Merger and (B) a number of shares of Akerna Common Stock equal to the quotient obtained by dividing (a) \$115,625,000 by (b) the last reported sale price of Akerna Common Stock on the Nasdaq on the second business day prior to the Effective Time). As of the Effective Time, all such Gryphon Shares shall no longer be outstanding and shall automatically be cancelled and shall cease to exist, and each holder shall thereafter cease to have any rights with respect thereto, except the right to receive the consideration set forth in the Merger Agreement;
- each outstanding Gryphon Warrant will be assumed by Akerna and become a warrant to purchase an adjusted number of shares of common stock of the combined company, at an adjusted exercise price per share but subject to the same terms and conditions as the Gryphon Warrant; and
- each issued and outstanding share of capital stock of Merger Sub shall be converted into and become one validly issued, fully paid and nonassessable share of common stock, par value \$0.0001 per share, of the surviving company of the Merger.

Conditions to the Completion of the Merger (see page 118)

To consummate the Merger, Akerna stockholders must approve the Merger Proposal, the Sale Transaction Proposal, the Akerna Reverse Stock Split, the Akerna Name Change, the Akerna Authorized Share Increase and the 2023 Plan. Additionally, the Gryphon stockholders must approve the Merger and adopt the Merger Agreement and the related transactions. In addition to obtaining such securityholder approvals and appropriate regulatory approvals, each of the other closing conditions set forth in the Merger Agreement must be satisfied or waived, including, among other things:

- no order or law issued by any court of competent jurisdiction or other governmental entity or other legal restraint or prohibition preventing or making illegal the consummation of the Merger or the Sale Transaction shall be in effect;
- the Registration Statement on Form S-4, of which this proxy statement/prospectus is a part, must have become effective in accordance with the provisions of the Securities Act of 1933, as amended, and must not be subject to any stop order or proceeding, or any proceeding threatened by the SEC, seeking a stop order with respect to the registration statement that has not been withdrawn;
- each of Akerna and Gryphon must have performed or complied in all material respects with all covenants and obligations in the Merger Agreement required to be performed or complied with by it on or before the consummation of the Merger;
- all conditions for the closing of the Sale Transaction shall have been performed or waived in accordance with the Purchase Agreement and the Sale Transaction shall be consummated immediately after the consummation of the Merger; and
- Nasdaq shall have approved the continued listing of the Akerna Common Stock (including the shares of Akerna Common Stock comprising the Merger Consideration pursuant to the Merger Agreement) on Nasdaq following the consummation of the Merger and the other transactions contemplated therein.

The obligation of Gryphon to close the Merger is also subject to satisfaction of certain additional conditions, including, among other things, (i) the accuracy of Akerna’s representations and warranties in the Merger Agreement and compliance by Akerna with its covenants and agreements in the Merger Agreement; (ii) no Akerna material adverse

effect; (iii) compliance with the Merger Support Agreement and Merger Lender Support Letters; (iv) continued listing of the Akerna Common Stock on The Nasdaq Capital Market through the Effective Time; (v) compliance by Akerna with the Purchase Agreement; (vi) compliance with the Exchange Agreements by the holders of Akerna Notes and Akerna, termination of all agreements relating to the Akerna Notes and the release of all related encumbrances; (vii) all redemptions of Akerna preferred stock (other than the Series C Preferred Stock) being completed; (viii) the winding down of Akerna's legacy business; (ix) completion of the Akerna Reverse Stock Split; (x) Akerna having \$500,000 in cash on hand; (xi) satisfaction of all conditions precedent to the exchange of all amounts outstanding under the Akerna Notes and all shares of Series C Preferred Stock for common stock of the combined company immediately following the completion of the Merger, pursuant to the Exchange Agreements; and (xii) the Registration Statement contemplated by that certain Registration Rights Agreement, dated as of June 12, 2023, by and between Akerna and MJ Bridge Co., Inc., shall have been declared effective under the Securities Act by the SEC.

No Solicitation (see page 121)

Pursuant to the Merger Agreement, Akerna has agreed that it will not, and will not permit or authorize any of its subsidiaries or their respective representatives, directly or indirectly, to:

- solicit, initiate, endorse, knowingly encourage or facilitate any inquiry, proposal or offer with respect to, or the making or completion of, any "Acquisition Proposal," as defined in the Merger Agreement, or any inquiry, proposal or offer that is reasonably likely to lead to any Acquisition Proposal;
- enter into, continue or otherwise participate in any discussions or negotiations regarding, or furnish to any person any information or data with respect to, or otherwise cooperate in any way with, any Acquisition Proposal; and
- resolve, agree or propose to do any of the foregoing; provided, that Akerna may (x) advise any person of the restrictions of the Merger Agreement; and (y) advise any person making an acquisition proposal that the Akerna Board has determined that such acquisition proposal does not constitute a "Superior Proposal" (as defined in the Merger Agreement), in each case, if, in so doing, no other information that is prohibited from being communicated under the Merger Agreement is communicated to such person.

Further, Akerna has also agreed that it will, and will cause each of its subsidiaries their respective representatives to, (A) immediately cease and cause to be terminated all existing discussions and negotiations with any person conducted heretofore with respect to any Acquisition Proposal or potential Acquisition Proposal and immediately terminate all physical and electronic data room access previously granted to any such person, (B) request the prompt return or destruction of all confidential information previously furnished with respect to any Acquisition Proposal or potential Acquisition Proposal, and (C) not terminate, waive, amend, release or modify any provision of any confidentiality or standstill agreement to which it or any of its affiliates or representatives is a party with respect to any Acquisition Proposal or potential Acquisition Proposal, and will enforce the provisions of any such agreement, which shall include seeking any injunctive relief available to enforce such agreement (provided, that Akerna will be permitted to grant waivers of, and not enforce, any standstill agreement, but solely to the extent that the Akerna Board has determined in good faith, after consultation with its outside counsel, that failure to take such action (1) would prohibit the counterparty from making an unsolicited acquisition proposal to the Akerna Board in compliance with the terms of the Merger Agreement and (2) would constitute a breach of its fiduciary duties to the Akerna stockholders under applicable law).

Termination (see page 127)

Either Akerna or Gryphon may terminate the Merger Agreement upon mutual consent. Either party may terminate the Merger Agreement: (i) if any of the representations or warranties of the other party set forth in the Merger Agreement shall not be true and correct or if the other party has failed to perform any covenant or agreement on the part of such party set forth in the Merger Agreement; (ii) the Merger is not consummated by the outside date (July 15, 2023); (iii) there is a governmental order prohibiting the Merger; or (iv) upon failure to obtain the approval of the Akerna stockholders of all of the proposals set forth in this proxy statement/prospectus. Gryphon may terminate the Merger Agreement if: (A) the Akerna Board changes its recommendation to stockholders with respect to the Merger; (B) the Akerna Board fails to reaffirm its recommendation to stockholders with respect to the Merger following a tender offer for Akerna; (C) the Akerna Board fails to reaffirm its recommendation to stockholders with respect to the Merger

following a publicly announced acquisition proposal for Akerna; (D) Akerna breaches its non-solicitation covenants in the Merger Agreement; or (E) the Akerna Board resolves to do any of the above. Akerna may terminate the Merger Agreement for acceptance of a superior proposal.

Termination Fee (see page 129)

In the event that Gryphon or Akerna terminates the Merger Agreement pursuant to certain of the sections set forth above, Akerna will be required to pay Gryphon a termination fee of \$275,000, less any reimbursed expenses.

Merger Support Agreements (see page 130)

Certain Gryphon stockholders, including directors and executive officers of Gryphon, are parties to Support Agreements with Akerna. Following the Registration Statement on Form S-4, of which this proxy statement/prospectus is a part, being declared effective by the SEC, and pursuant to the conditions of the Merger Agreement, Gryphon stockholders who are party to the Support Agreements have each agreed to execute an action by written consent, referred to as the written consent, in favor of the approval and adoption of the Merger Agreement, and approval of the transactions contemplated by the Merger Agreement. The Support Agreements will terminate upon certain events, including any termination of the Merger Agreement in accordance with its terms.

The Gryphon directors, officers and stockholders that are party to Support Agreements with Akerna owned approximately % of the outstanding Gryphon Shares as of May , 2023.

Akerna directors and officers who held shares of Akerna Common Stock as of the date of the Merger Agreement (each in their capacities as stockholders) are each party to a Merger Support Agreement with Gryphon pursuant to which, among other things, each of these stockholders agreed, solely in his or her capacity as a stockholder, to vote all of his or her shares of Akerna Common Stock (a) in favor of the Akerna stockholder proposals set forth herein and (b) against any "acquisition proposal," as defined in the Merger Agreement, and subject to certain exceptions, have also agreed not to transfer their shares of Akerna Common Stock and voting preferred stock. The directors and officers of Akerna that are party to such Merger Support Agreement with Gryphon owned an aggregate of 126,774 outstanding shares of Akerna Common Stock, representing approximately 1.6% of the outstanding Akerna Common Stock as of , 2023, which is the record date for the special meeting.

Each of the holders of the Akerna Notes entered into Merger Lender Support Letters with Akerna. The holders of the Akerna Notes that entered into Merger Lender Support Letters have the right to acquire Series C Preferred Stock with voting rights equivalent to approximately % of the outstanding shares of Akerna Common Stock on , 2023, which is the record date for the special meeting. Therefore an aggregate total of approximately of the outstanding shares of Akerna capital stock entitled to vote on the matters at the Akerna special meeting are subject to the Merger Support Agreement or Merger Lender Support Letters. The Merger Lender Support Letters provide, among other things, that the holders of the Akerna Notes will vote all of the shares of Akerna capital stock held or acquired by them in favor of the all the proposals at the Akerna special meeting and against any competing acquisition proposals. The Merger Lender Support Letters also place certain customary restrictions on the transfer of shares of Akerna capital stock held by the respective signatories thereto prior to the closing of the Merger.

Exchange Agreements, Akerna Notes and Series C Preferred Stock

Concurrently with the signing of the Merger Agreement, Akerna entered into the Exchange Agreements with the Akerna Note Holders.

Pursuant to the Exchange Agreements, each Akerna Note Holder agreed to exchange a certain aggregate conversion amount of the Akerna Notes no greater than the lesser of (i) the aggregate amount then outstanding under the Akerna Notes and (ii) such portion of the maximum note amount set forth in the Exchange Agreement for such Akerna Note Holder that is convertible into 19.9% of the Akerna Common Stock then outstanding into such number of shares of newly designated Series C Preferred Stock of Akerna, which will have an aggregate voting power and economic value equal to the aggregate number of shares of common stock then issuable upon conversion of such amount of Akerna Note.

The Series C Preferred Stock is non-convertible, voting preferred stock. Upon the closing of a change of control transaction, such as the Merger, the Series C Preferred Stock will be automatically redeemed pursuant to its terms for consideration of a share equivalent basis equal to the same consideration held after the consummation of the change

of control transaction by a stockholder that held one share of common stock prior to the consummation of the change of control transaction (the “New Preferred Exchange Shares”). The Series C Preferred Stock can also be redeemed for cash at the option of Akerna and in limited circumstances redeemed for cash at the option of the holder.

Under the Exchange Agreements, Akerna has agreed that 50% of the gross proceeds from any subsequent placement will be used to repay the aggregate amounts then outstanding under the Akerna Notes, allocated pro rata to the Akerna Note Holders then outstanding based on the aggregate principal amount of Akerna Notes outstanding as of the time of such applicable subsequent placement (“Subsequent Placement Redemption”).

Further, Akerna has agreed that on or prior to the closing of the Merger, if any Akerna Notes are then outstanding, Akerna will consummate one or more Company Optional Redemptions (as defined in the Akerna Notes) pursuant to the terms of the Akerna Notes (as amended under the Exchange Agreements), using the lesser of (A) the difference of (I) the sum of (x) all cash then held by Akerna (or any of its subsidiaries) and (y) any cash to be paid, directly or indirectly, to Akerna (or any of its subsidiaries) in connection with the transactions contemplated by the Merger Agreement and/or the Purchase Agreement, as applicable, less (II) \$500,000 and (B) an aggregate amount of cash equal to the Company Optional Redemption Price of the aggregate Conversion Amount (as defined in the Akerna Notes) of the Akerna Notes then outstanding (with each such Company Optional Redemption allocated pro rata to the Akerna Note Holders then outstanding based upon the aggregate principal amount of Akerna Notes then outstanding) (the “Cash Sweep”).

Upon closing of the Merger, the Exchange Agreements provide that if any portion of the Akerna Notes remain outstanding other than such portion of the applicable Company Optional Redemption Price of the Akerna Notes to be paid in cash pursuant to the Cash Sweep, to exchange the remaining Conversion Amount of the Notes into such aggregate number of shares of common stock of the combined company (the “New Note Exchange Shares”, together with the New Preferred Exchange Shares, the “Final Closing Exchange Shares”) equal to the quotient of (A) the applicable Company Optional Redemption Price of the remaining Conversion Amount of the Akerna Notes then outstanding divided by (B) the lower of (x) the lowest volume weighted average price of the Akerna Common Stock during the five (5) trading day period ending, and including, the trading day immediately prior to the closing and (y) the Conversion Price (as defined in the Akerna Notes) in effect as of the closing.

Provided, however, that to the extent that any issuances of Final Closing Exchange Shares to an Akerna Note Holder at the closing in accordance herewith or pursuant to the Series C Certificate of Designations, as applicable would result in such Akerna Note Holder and its other attribution parties exceeding 4.99% of the issued and outstanding shares of common stock of the combined company (a “Maximum Percentage Event”), then such Akerna Note Holder shall not be entitled to receive such aggregate number of Final Closing Exchange Shares in excess of the maximum percentage (and shall not have beneficial ownership of such Final Closing Exchange Shares (or other equivalent security) as a result of the closing (and beneficial ownership) to such extent of any such excess), such remaining portion of such Final Closing Exchange Shares that would have otherwise been issued to the Akerna Note Holder at the closing (such remaining portion of Final Closing Exchange Shares, the “Abeyance Shares”), such portion of the Akerna Note and/or shares of Series C Preferred Stock, as applicable, shall alternatively be exchanged for the right to receive such Abeyance Shares, at such time or times as its right thereto would not result in such Akerna Note Holder and the other attribution parties exceeding the maximum percentage, at which time or times, if any, such Akerna Note Holder shall be granted such remaining portion of such Abeyance Shares in accordance herewith and/or pursuant to the Series C Certificate of Designations, as applicable.

Management Following the Merger (see page 249)

Effective as of the closing of the Merger, the combined company’s executive officers are expected to be certain members of the Gryphon executive management team prior to the Merger, including:

Name	Position
Robby Chang	Chief Executive Officer and President
Simeon Salzman	Chief Financial Officer

Overview of the Purchase Agreement

Purchase Agreement (see page 133)

Under the Purchase Agreement and subject to the terms and conditions contained therein, MJ Acquisition will acquire all of Akerna's rights, title and interest in and to the Membership Interests and all of Akerna Exchange's rights, title, and interest in and to the Capital Stock as described in the Purchase Agreement for a purchase price of \$5,000,000 in cash.

Conditions to the Completion of the Sale Transaction (see page 133)

To consummate the Sale Transaction, Akerna stockholders must authorize the Sale Transaction by approving the Purchase Agreement and the transactions contemplated thereby. In addition to obtaining such stockholder approval, each of the other closing conditions set forth in the Purchase Agreement must be satisfied or waived.

No Solicitation (see page 136)

Under the Purchase Agreement, Akerna may not, and may not authorize or permit any of its affiliates or any of its or their respective directors, officers, employees or other representatives to (i) directly or indirectly solicit, initiate or knowingly encourage, induce or facilitate any "acquisition proposal," as defined in the Purchase Agreement, or any inquiry or proposal that may reasonably be expected to lead to an "acquisition proposal" or (ii) directly or indirectly participate in any discussions or negotiations with any person regarding, or furnish to any person any information with respect to, or cooperate in any way with any person (whether or not a person making an "acquisition proposal") with respect to, any "acquisition proposal", or any inquiry or proposal that may reasonably be expected to lead to an "acquisition proposal". Akerna was also required to, among other things, immediately cease and cause to be terminated all existing solicitation, discussions or negotiations with any person conducted prior to entering into the Purchase Agreement with respect to any "acquisition proposal," or any inquiry or proposal that may reasonably be expected to lead to an "acquisition proposal."

Termination (see page 139)

Either Akerna or MJ Acquisition can terminate the Purchase Agreement under certain circumstances, which would prevent the Sale Transaction from being consummated.

Termination Fee (see page 140)

If the Purchase Agreement is terminated under certain circumstances, Akerna will be required to pay MJ Acquisition a termination fee equal to \$290,000 and reimburse MJ Acquisition for up to a maximum of \$60,000 in reasonable fees and expenses.

Sale Transaction Support Agreements (see page 142)

Akerna directors and officers who held shares of Akerna Common Stock as of the date of the Purchase Agreement (each in their capacities as stockholders) are each party to a Sale Transaction Support Agreement with MJ Acquisition pursuant to which, among other things, each of these stockholders agreed, solely in his or her capacity as a stockholder, to vote all of his or her shares of Akerna Common Stock (a) in favor of the Akerna stockholder proposals set forth herein and (b) against any "acquisition proposal," as defined in the Purchase Agreement, and subject to certain exceptions, have also agreed not to transfer their shares of Akerna Common Stock and voting preferred stock. The directors and officers of Akerna that are party to such Sale Transaction Support Agreement with MJ Acquisition owned an aggregate of 126,774 outstanding shares of Akerna Common Stock, representing approximately 1.6% of the outstanding Akerna Common Stock as of , 2023, which is the record date for the special meeting.

Each of the holders of the Akerna Notes entered into Sale Transaction Lender Support Letters with Akerna. The holders of the Akerna Notes that entered into Sale Transaction Lender Support Letters have the right to acquire Series C Preferred Stock with voting rights equivalent to approximately % of the outstanding shares of Akerna Common Stock on , 2023, which is the record date for the special meeting. Therefore an aggregate total of approximately of the outstanding shares of Akerna capital stock entitled to vote on the matters at the Akerna special meeting are subject to the Sale Transaction Support Agreement or Sale Transaction Lender Support Letters. The Merger Lender Support Letters provide, among other things, that the holders of the Akerna Notes will vote all of the shares of Akerna capital stock held or acquired by them in favor of the all the proposals at the Akerna special

meeting and against any competing acquisition proposals. The Sale Transaction Lender Support Letters also place certain customary restrictions on the transfer of shares of Akerna capital stock held by the respective signatories thereto prior to the closing of the Sale Transaction.

Interests of Certain Directors, Officers and Affiliates of Akerna and Gryphon (see pages 110 and 111)

In considering the recommendation of the Akerna Board with respect to issuing shares of Akerna Common Stock pursuant to the Merger Agreement, the change of control of Akerna resulting from the Merger, the Sale Transaction and the other matters to be acted upon by Akerna stockholders at the special meeting, Akerna stockholders should be aware that certain members of the Akerna Board and executive officers of Akerna have interests in the Merger that may be different from, or in addition to, interests they have as Akerna stockholders.

Akerna's executive officers, including Jessica Billingsley, its Chief Executive Officer, who is also the Chairman of the Akerna Board, Scott Sozio, Head of Corporate Development and a director on the Akerna Board, and Dean Ditto, its Chief Financial Officer are contractually entitled to severance payments and/or change in control bonus incentive fees.

In addition, each member of the Akerna executive team and the Akerna Board is entitled to full accelerated vesting of all outstanding restricted stock units of Akerna upon a change in control, as defined in Akerna's Equity Incentive Plan, regardless of whether s/he is terminated as a result of the transaction.

Based on the terms of her current employment agreement, Jessica Billingsley will be entitled to receive a total value of approximately \$602,854 in connection with the consummation of the Merger, which includes approximately \$602,400 as part of her severance payments and benefits under her employment agreement and approximately \$454 in value associated with the acceleration of outstanding restricted stock units. Additionally, Ms. Billingsley will continue on the board of the combined company after the closing of the Merger and would be eligible for certain compensation as a non-employee director.

Based on his current employment terms, Dean Ditto will be entitled to receive a total value of approximately \$210,733 in connection with the consummation of the Merger, which includes approximately \$85,733 as part of his severance payments and benefits under his employment terms.

Under the terms of a change in control bonus incentive agreement with Akerna, Scott Sozio will be entitled to receive a total value of approximately \$350,924 in connection with the consummation of the Merger, which includes approximately \$350,000 as part of his change in control incentive bonus and approximately \$924 in value associated with the acceleration of outstanding restricted stock units.

As of , 2023, the directors and executive officers of Akerna owned, in the aggregate, 1.6% of the outstanding voting shares of Akerna Common Stock and have agreed to vote in favor of the Merger and related transactions.

The Akerna Board was aware of these interests and considered them, among other matters, in the decision to approve the Merger Agreement. For more information, please see the section titled "*The Transactions — Interests of the Akerna Directors and Executive Officers in the Transactions*" in this proxy statement/prospectus.

Regulatory Approvals

Akerna and Gryphon must comply with applicable federal and state securities laws and the rules and regulations of Nasdaq in connection with the issuance of shares of Akerna Common Stock to Gryphon's stockholders in connection with the transactions contemplated by the Merger Agreement and the filing of this proxy statement/prospectus with the SEC. Akerna does not require, and consequently, does not intend to seek, any regulatory approval from antitrust authorities to consummate the transactions.

Certain Material U.S. Federal Income Tax Consequences

***Certain Material U.S. Federal Income Tax Consequences of the Merger*(see page 111)**

Each of Akerna and Gryphon intends the Merger to qualify as a reorganization within the meaning of Section 368(a) of the Code. In general and subject to the qualifications and limitations set forth in the section titled "*The Transactions — Certain Material U.S. Federal Income Tax Consequences of the Transactions*," if the Merger qualifies

as a “reorganization” within the meaning of Section 368(a) of the Code, the material tax consequences to U.S. Holders (as defined in the section titled “*The Transactions — Certain Material U.S. Federal Income Tax Consequences of the Transactions*”) of Gryphon common stock will be as follows:

- a Gryphon stockholder generally will not recognize gain or loss upon the exchange of Gryphon Shares for Akerna Common Stock pursuant to the Merger;
- a Gryphon stockholder’s aggregate tax basis for the shares of Akerna Common Stock received in the Merger generally will equal the stockholder’s aggregate tax basis in the Gryphon Shares surrendered in the Merger; and
- the holding period of the shares of Akerna Common Stock received by a Gryphon stockholder in the Merger generally will include the holding period of the Gryphon Shares surrendered in exchange therefor;

Tax matters are very complicated, and the tax consequences of the Merger to a particular Gryphon shareholder will depend on such shareholder’s circumstances. Accordingly, you are strongly urged to consult your tax advisor for a full understanding of the tax consequences of the Merger to you, including the applicability and effect of federal, state, local and non-U.S. income and other tax laws. For more information, please see the section titled “*The Transactions — Certain Material U.S. Federal Income Tax Consequences*” beginning of page 111 of this proxy statement/prospectus.

Material U.S. Federal Income Tax Consequences of the Akerna Reverse Stock Split (see page 162)

An Akerna U.S. Holder (as defined below) generally should not recognize gain or loss upon the Akerna Reverse Stock Split. Please review the information in the section titled “*Proposal No. 3: Approval of the Amendment to the Amended and Restated Certificate of Incorporation of Akerna Effecting the Akerna Reverse Stock Split — Tax Consequences of the Akerna Reverse Stock Split*” beginning on page 164 of this proxy statement/prospectus for a more complete description of the material U.S. federal income tax consequences of the Akerna Reverse Stock Split to Akerna U.S. Holders.

The tax consequences to an Akerna U.S. Holder of the Akerna Reverse Stock Split will depend on if the Akerna Reverse Stock Split is treated as a tax deferred “recapitalization” for U.S. federal income tax purposes. If the Akerna Reverse Stock Split qualifies as a recapitalization, then an Akerna U.S. Holder generally will not recognize gain or loss on the Akerna Reverse Stock Split. In general, the aggregate tax basis of the post-split shares of Akerna Common Stock received will be equal to the aggregate tax basis of the pre-split shares of Akerna Common Stock exchanged therefor and the holding period of the post-split shares of Akerna Common Stock received will include the holding period of the pre-split shares of Akerna Common Stock exchanged. Treasury Regulations promulgated under the Code provide detailed rules for allocating the tax basis and holding period of the shares of Akerna Common Stock surrendered to the shares of Akerna Common Stock received pursuant to the Akerna Reverse Stock Split. U.S. Holders of shares of Akerna Common Stock acquired on different dates and at different prices should consult their tax advisors regarding the allocation of the tax basis and holding period of such shares.

The state and local tax consequences of the Akerna Reverse Stock Split may vary significantly as to each Akerna U.S. Holder depending upon the jurisdiction in which such holder resides. Each Akerna U.S. Holder should consult their tax advisors as to the specific tax consequences to them.

Material U.S. Federal Income Tax Consequences of the Sale Transaction (see page 111)

The proceeds of the Sale Transaction will be used to pay accounts payable and Transaction expenses and pay down existing debt under the Akerna Notes. After these payments, any remaining proceeds will be used to fund the combined company, and such proceeds will not be distributed to Akerna stockholders. As a result, there should not be any material U.S. federal income tax consequences to Akerna U.S. Holders in relation to the Sale Transaction.

Nasdaq Stock Market Listing (see page 114)

Akerna will file an initial listing application for the combined company common stock with Nasdaq. If such application is accepted, Akerna anticipates that the common stock of the combined company will be listed on The Nasdaq Capital Market following the closing of the Merger under the trading symbol “ .”

Anticipated Accounting Treatment (see page 114)

The Merger will be accounted for as a reverse acquisition in accordance with U.S. generally accepted accounting principles (“U.S. GAAP”). Under this method of accounting, Gryphon will be deemed to be the accounting acquirer for financial reporting purposes. As a result of the Merger, the net assets of Akerna will be recorded at their acquisition-date fair value in the financial statements of Gryphon and the reported operating results prior to the Merger will be those of Gryphon.

Appraisal Rights and Dissenters’ Rights (see page 114)

Under the Delaware General Corporation Law (“DGCL”), Akerna stockholders are not entitled to appraisal rights in connection with the Merger.

Gryphon stockholders who hold voting common stock are entitled to appraisal rights in connection with the Merger under Delaware law. For more information about such rights, see the provisions of DGCL attached hereto as Annex H, and the section titled “*The Transactions — Appraisal Rights and Dissenters’ Rights*” in this proxy statement/prospectus.

Comparison of Rights of Holders of Shares (see page 258)

Akerna is incorporated under the laws of the State of Delaware and Gryphon is incorporated under the laws of the State of Delaware. Accordingly, the rights of Akerna stockholders and Gryphon stockholders are governed by the DGCL. As a result of the Merger, Gryphon stockholders who receive shares of Akerna Common Stock will become Akerna stockholders; their rights as stockholders will be governed by the DGCL and the Akerna organizational documents and will have different rights as holders of Akerna Common Stock than they had as holders of Gryphon Common Stock or Gryphon Preferred Stock. The differences between the rights of these respective holders result from the differences between the respective governing documents of Gryphon and Akerna, as the same may be amended in connection with the Merger. For additional information, see the section titled “*Comparison of Rights of Holders of Akerna Capital Stock and Gryphon Share Capital*” beginning on page 258 of this proxy statement/prospectus.

Risk Factors (see page 24)

Both Akerna and Gryphon are subject to various risks associated with their businesses and their industries. In addition, the Transactions, including the possibility that the Transactions may not be completed, poses a number of risks to each company and its respective stockholders. These risks include the following:

Risks Related to the Merger:

- Neither Akerna nor Gryphon can be sure if or when the Merger will be completed.
- The market value of Gryphon may be difficult to determine, the market value of Akerna and Gryphon may change between the date of this proxy statement/prospectus and the date that the Merger is completed and the fairness opinion obtained by Akerna will not reflect subsequent changes.
- The percentage ownership of the combined company as determined in the Merger Agreement is not adjustable based on the market price of Akerna Common Stock, so the Merger Consideration at the closing of the Merger may have a greater or lesser value than at the time the Merger Agreement was signed.
- Failure to complete the Merger may result in Akerna paying a termination fee to Gryphon and could significantly harm the market price of the Akerna Common Stock and negatively affect Akerna’s future business and operations.
- The closing of the Merger is subject to approval by the Akerna stockholders and the Gryphon stockholders. Failure to obtain these approvals would prevent the closing of the Merger.
- The Merger may be completed even though certain events occur prior to the closing that materially and adversely affect Akerna or Gryphon.
- Certain officer and directors of Akerna and Gryphon have interests in the Merger that are different from Akerna and Gryphon stockholders.

- The market price of the combined company's common stock following the Merger may decline as a result of the Merger.
- Akerna stockholders may not realize a benefit from the Merger commensurate with the ownership dilution they will experience in connection with or following the Merger.
- Certain provisions of the Merger Agreement may discourage third parties from submitting alternative takeover proposals, including proposals that may be superior to the arrangements contemplated by the Merger Agreement.
- Because the lack of a public market for the Gryphon Shares makes it difficult to evaluate their value, the stockholders of Gryphon may receive shares of Akerna Common Stock in the Merger that have a value that is less than, or greater than, the fair market value of the Gryphon Shares.
- If the conditions to the Merger are not met, the Merger will not occur.
- Litigation relating to the Merger could require Akerna or Gryphon to incur significant costs and suffer management distraction, and could delay or enjoin the Merger.
- If the Merger is not completed, the Akerna Board may decide to pursue a dissolution and liquidation of Akerna. In such an event, the amount of cash available for distribution to its stockholders will depend heavily on the timing of such liquidation as well as the amount of cash that will need to be reserved for commitments and contingent liabilities.
- The combined company's ability to use net operating loss carryforwards and certain tax credit carryforwards may be subject to limitation in connection with the Merger and other ownership changes.
- Following the completion of the Merger, the combined company may issue additional securities.

Risks Related to the Exchange Agreements

- The exchange of the Akerna Notes for Series C Preferred Stock is contingent upon Akerna completing a \$500,000 equity raise prior to such exchange date. If Akerna is unable to raise the \$500,000, then the Akerna Note Holders would not be required to exchange into the Series C Preferred Stock and we may be unable to complete the Merger.
- The exchange of the Akerna Notes in Series C Preferred Stock and the exchange of any remaining Akerna Notes into shares of common stock of the combined company will significantly dilute current Akerna stockholders and diminish the pro rata portion of the 7.5% of the combined company to be held by Akerna stockholders.

Risks Related to the Proposed Sale Transaction

- While the Sale Transaction is pending, it creates unknown impacts on Akerna's future which could materially and adversely affect Akerna business, financial condition and results of operations.
- The failure to consummate the Sale Transaction may materially and adversely affect Akerna's business, financial condition and results of operations.
- Certain provisions of the Purchase Agreement may discourage third parties from submitting alternative proposals for the subsidiaries and assets being sold, including proposals that may be superior to the arrangements contemplated by the Purchase Agreement.
- The closing of the Merger is conditioned on the consummation of the Sale Transaction.
- A Superior Offer under the Purchase Agreements or a Superior Proposal under the Merger Agreement could result in either or both of the Merger and the Sale Transaction being significantly delayed or not being consummated at all.
- There could be litigation surrounding our termination of the POSaBIT Purchase Agreement which could delay closing of the Merger and Sale Transaction or otherwise result in the combined company owing damages for breach of the POSaBIT Purchase Agreement which could impact the combined company's financial condition.

Risks Related to Akerna

Risks Related to Our Financial Condition and Operating History

- There is substantial doubt about our ability to continue as a going concern.
- We have a history of losses, expect to continue to incur losses in the near term and may not achieve or sustain profitability in the future.
- We have a relatively short operating history, which makes it difficult to evaluate our business and future prospects.
- Our long-term results of operations are difficult to predict and depend on the commercial success of our clients, the continued growth of the cannabis industry generally, and the regulatory environment within which the cannabis industry operates.
- Direct and indirect consequences of the COVID-19 pandemic may have material adverse consequences.

Risks Related to the Cannabis Industry

- As a company whose clients operate in the cannabis industry, we face many unique and evolving risks.
 - Marijuana remains illegal under U.S. federal law
 - Uncertainty of federal enforcement
 - We could become subject to racketeering laws
 - Banking regulations could limit access to banking services and expose us to risk
 - Dividends and distributions could be prevented if our receipt of payments from clients is deemed to be proceeds of crime
 - Further legislative development beneficial to our operations is not guaranteed
 - The cannabis industry could face strong opposition from other industries
 - The legality of marijuana could be reversed in one or more states
 - Changing legislation and evolving interpretations of the law
 - Dependence on client licensing
 - Insurance risks
 - Bankruptcy risks
- The cannabis industry is an evolving industry and we must anticipate and respond to changes.

Risks Related to Our Business

- A significant portion of our business is from government contracts, which present certain unique risks.
- Our operations may be adversely affected by disruptions to our information technology, or IT, systems, including disruptions from cybersecurity breaches of our IT infrastructure.
- Privacy regulation is an evolving area and compliance with applicable privacy regulations may increase our operating costs or adversely impact our ability to service our clients and market our products and services.
- We rely on third parties for certain services made available to users of our platforms, which could limit our control over the quality of the user experience and our cost of providing services.
- Acquisitions and integration issues may expose us to risks.

- To grow and be successful, we need to attract and retain qualified personnel.
- We are smaller and less diversified than many of our potential competitors.
- Our business and stock price may suffer as a result of our limited public company operating experience and if securities or industry analysts do not publish or cease publishing research or reports about us, our business, or our market, or if they change their recommendations regarding our common stock in an adverse manner, the price and trading volume of our common stock could decline.

Risks Related to Intellectual Property

- Protecting and defending against intellectual property claims may have a material adverse effect on our business.
- Our success depends in part upon our ability to protect our core technology and intellectual property.
- Others may assert intellectual property infringement claims against us.

Risks Related to Our Charter Documents

- Anti-takeover provisions contained in Akerna's amended and restated certificate of incorporation and amended and restated bylaws, as well as provisions of Delaware law, could impair a takeover attempt and limit the price investors might be willing to pay in the future for our common stock and could entrench management.
 - create a staggered Board of Directors making it more difficult for stockholders to remove a majority of the Board of Directors and take control;
 - grant the Board of Directors the ability to designate the terms of and issue new series of preferred shares, which can be created and issued by the Board of Directors without prior stockholder approval, with rights senior to those of the common stock; and
 - impose limitations on our stockholders' ability to call special stockholders' meetings.
- Our corporate opportunity provisions in Akerna's amended and restated certificate of incorporation could enable management to benefit from corporate opportunities that might otherwise be available to us.
- Akerna's amended and restated certificate of incorporation provides, subject to limited exceptions, that the Court of Chancery of the State of Delaware will be the sole and exclusive forum for certain stockholder litigation matters, which could limit our stockholders' ability to obtain a favorable judicial forum for disputes with us or our directors, officers, employees or stockholders.

Risks Related to the Akerna Notes

- The issuance of shares of our common stock pursuant to the Akerna Notes may result in significant dilution to our stockholders.
- Our obligations to the Akerna Note Holders are secured by a security interest in substantially all of our assets, if we default on those obligations, the Akerna Note Holders could foreclose on our assets.
- The Akerna Note Holders have certain additional rights upon an event of default under such Akerna Notes, which could harm our business, financial condition, and results of operations and could require us to reduce or cease our operations.

Risks Related to Akerna Common Stock

- If Akerna's Common Stock is delisted from Nasdaq, the liquidity and price of Akerna's Common Stock could decrease and Akerna's ability to obtain financing could be impaired.
- We may seek to raise additional funds, finance acquisitions, or develop strategic relationships by issuing securities that would dilute investors' ownership. Depending on the terms available to us, if these activities result in significant dilution, it may negatively impact the trading price of shares of Akerna Common Stock.

- Warrants are exercisable for Akerna Common Stock, which could increase the number of shares eligible for future resale in the public market and result in dilution to our stockholders.
- Certain of our warrants are accounted for as a derivative liability and are recorded at fair value upon issuance with any changes in fair value each period reported in our statement of operations, which may have an adverse effect on the market price of our securities.
- If we do not maintain a current and effective prospectus relating to the common stock issuable upon exercise of the warrants, public holders will only be able to exercise such warrants on a “cashless basis.”
- Provisions of the warrants could discourage an acquisition of us by a third party.
- We may face additional risks, including regulatory, litigation, stockholder or other actions and negative impacts on our stock price, as a result of the material weakness in our internal control over financial reporting and revisions to our financial statements.
- The market price of Akerna Common Stock is particularly volatile given our status as a relatively new public company with a generally small and thinly traded public float, which could lead to wide fluctuations in our share price. Stockholders may be unable to sell their shares of Akerna Common Stock at or above their purchase price, which may result in substantial losses to them.
- The market price of Akerna Common Stock is still likely to be highly volatile and subject to wide fluctuations, and stockholders may be unable to resell shares of common stock at or above the price at which they are acquired.
- We have not paid dividends in the past and do not expect to pay dividends for the foreseeable future, and any return on investment may be limited to potential future appreciation in the value of Akerna Common Stock.

General Risks

- Any failure to maintain effective disclosure controls and procedures and internal control over our financial reporting could materially adversely affect us.
- Failure to remediate material weaknesses in internal controls over financial reporting could result in material misstatements in our financial statements.
- The requirements of being a public company may strain our resources and divert management’s attention.
- We are an “emerging growth company” and we cannot be certain if the reduced disclosure requirements applicable to emerging growth companies will make our shares of common stock less attractive to investors.
- Our operations could be adversely affected by events outside of our control, such as natural disasters, wars, or health epidemics.
- Proposed legislation in the U.S. Congress, including changes in U.S. tax law, and the recently enacted Inflation Reduction Act of 2022, may adversely impact us and the value of our common stock.

Risks Related to Gryphon

Risks Related to the Price of Bitcoin

- Gryphon’s future success will depend upon the value of Bitcoin; the value of Bitcoin may be subject to pricing risk and has historically been subject to wide swings.
- The lack of regulation of digital asset exchanges which Bitcoin, and other cryptocurrencies, are traded on, may expose Gryphon to the effects of negative publicity resulting from fraudulent actors in the cryptocurrency space, and can adversely affect an investment in Gryphon.
- The Bitcoin market is exposed to financially troubled cryptocurrency-based companies.

- There is a lack of liquid markets for, and possible manipulation of, blockchain/cryptocurrency-based assets.
- Acceptance and/or widespread use of Bitcoin are uncertain.
- The bitcoin reward for successfully uncovering a block will halve several times in the future and Bitcoin value may not adjust to compensate Gryphon for the reduction in the rewards Gryphon receives from its mining efforts.
- Cryptocurrencies, including Bitcoin, face significant scaling obstacles that can lead to high fees or slow transaction settlement times.
- Transaction fees may decrease demand for Bitcoin and prevent expansion that could adversely impact an investment in Gryphon.
- The price of Bitcoin may be affected by the sale of Bitcoin by other vehicles investing in Bitcoin or tracking Bitcoin markets.
- The development of other cryptocurrencies and/or digital currencies may adversely affect the value of Bitcoin.
- If a malicious actor or botnet obtains control in excess of 50% of the processing power active on any digital asset network, including the Bitcoin network, it is possible that such actor or botnet could manipulate the blockchain in a manner that adversely affects an investment in Gryphon.
- The decentralized nature of cryptocurrency systems may lead to slow or inadequate responses to crises, which may negatively affect Gryphon's business.
- The impact of geopolitical and economic events on the supply and demand for Bitcoin is uncertain.
- Gryphon faces risks of Internet disruptions, which could have an adverse effect on the price of Bitcoin.

Risks Related to Operations

- Gryphon is an early-stage company and has a limited history of generating profits.
- Gryphon's independent registered public accounting firm's report contains an explanatory paragraph that expresses substantial doubt about Gryphon's ability continue as a "going concern."
- Gryphon may be unable to access sufficient additional capital to fund its operations or for future strategic growth initiatives.
- Gryphon has a substantial amount of debt and significant debt service obligations.
- Any valuation at this stage is difficult to assess.
- If the bitcoin reward for solving blocks and transaction fees is not sufficiently high, Gryphon may not have an adequate incentive to continue mining and may cease mining operations, which will likely lead to Gryphon's failure to achieve profitability.
- Bitcoin mining activities are energy-intensive, which may restrict the geographic locations of mining machines and have a negative environmental impact. Government regulators may potentially restrict the ability of electricity suppliers to provide electricity to mining operations, such as Gryphon's.
- Gryphon's bitcoin may be subject to loss, theft or restriction on access.
- Incorrect or fraudulent cryptocurrency transactions may be irreversible.
- Gryphon may be affected by price fluctuations in the wholesale and retail power markets.
- If Gryphon is unable to secure power supply at prices or on terms acceptable to it, a material adverse effect on Gryphon's business, prospects, financial condition, and operating results would occur.
- Gryphon's business is dependent on a small number of digital asset mining equipment suppliers.

- Mining machines rely on components and raw materials that may be subject to price fluctuations or shortages, including ASIC chips that have been subject to an ongoing significant shortage.
- Gryphon’s reliance primarily on a single model of miner may subject its operations to increased risk of design flaws.
- There are risks related to technological obsolescence, the vulnerability of the global supply chain to Bitcoin hardware disruption, and difficulty in obtaining new hardware, which may have a negative effect on Gryphon’s business.
- Gryphon’s use of third-party mining pools exposes it to additional risks.
- Gryphon relies on hosting arrangements to conduct its business, and the availability of such hosting arrangements is uncertain and competitive and may be affected by changes in regulation in one or more countries.
- The mining data centers at which Gryphon maintains its mining equipment may experience damages, including damages that are not covered by insurance.
- Gryphon may not be able to compete with other companies, some of whom have greater resources and experience.
- Gryphon’s operations, investment strategies and profitability may be adversely affected by competition from other methods of investing in Bitcoin.
- The development and acceptance of competing blockchain platforms or technologies may cause consumers to use alternative distributed ledgers or other alternatives.
- Gryphon may not adequately respond to price fluctuations and rapidly changing technology, which may negatively affect Gryphon’s business.
- There is a possibility of Bitcoin mining algorithms transitioning to proof of stake validation and other mining related risks, which could make Gryphon less competitive and ultimately adversely affect Gryphon’s business.
- Gryphon may not be able to realize the benefits of forks. Forks in a digital asset network may occur in the future which may affect the value of bitcoin held by Gryphon.
- Gryphon’s business, results of operations, and financial condition may be impacted by the recent coronavirus (COVID-19) outbreak.
- The impacts of climate change may result in additional costs or risks.

Risks Related to Governmental Regulation and Enforcement

- As cryptocurrencies may be determined to be investment securities, Gryphon may inadvertently violate the Investment Company Act of 1940 and incur large losses as a result and potentially be required to register as an investment company or terminate operations and Gryphon may incur third-party liabilities.
- If regulatory changes or interpretations of Gryphon’s activities require its registration as a money services business under the regulations promulgated by The Financial Crimes Enforcement Network under the authority of the U.S. Bank Secrecy Act, Gryphon may be required to register and comply with such regulations. If regulatory changes or interpretations of Gryphon’s activities require the licensing or other registration of Gryphon as a money transmitter (or equivalent designation) under state law in any state in which Gryphon operates, Gryphon may be required to seek licensure or otherwise register and comply with such state law. In the event of any such requirement, to the extent Gryphon decides to continue, the required registrations, licensure and regulatory compliance steps may result in extraordinary, non-recurring expenses to Gryphon. Gryphon may also decide to cease its operations. Any termination of certain operations in response to the changed regulatory circumstances may be at a time that is disadvantageous to investors.

- There is no one unifying principle governing the regulatory status of cryptocurrency nor whether cryptocurrency is a security in each context in which it is viewed. Regulatory changes or actions in one or more countries may alter the nature of an investment in Gryphon or restrict the use of digital assets, such as cryptocurrencies, in a manner that adversely affects Gryphon's business, prospects or operations.
- Banks and financial institutions may not provide banking services, or may cut off services, to businesses that engage in Bitcoin-related activities or that accept bitcoin as payment, including financial institutions of investors in Gryphon's common stock.
- It may be illegal now, or in the future, to acquire, own, hold, sell or use bitcoin, ether, or other cryptocurrencies, participate in blockchains or utilize similar cryptocurrency assets in one or more countries, the ruling of which would adversely affect Gryphon.
- Gryphon's interactions with a blockchain may expose Gryphon to specially designated nationals or blocked persons or cause Gryphon to violate provisions of law that did not contemplate distributed ledger technology.
- Since there has been limited precedent set for financial accounting or taxation of digital assets other than digital securities, it is unclear how Gryphon will be required to account for digital asset transactions and the taxation of Gryphon's businesses.

Risks Related to the Combined Company

- If any of the events described in "Risks Related to Akerna" or "Risks Related to Gryphon" occur, those events could cause potential benefits of the Merger not to be realized.
- There has been no prior public market for Gryphon's common stock, the stock price of the combined company's common stock may be volatile or may decline regardless of its operating performance and you may not be able to resell your shares at or above the purchase price.
- The combined company will continue to incur increased costs as a result of operating as a public company, and its management team will be required to devote substantial time to new compliance initiatives.
- The combined company's failure to meet the continued listing requirements of Nasdaq could result in a delisting of the combined company's common stock.
- The combined company's operating results may fluctuate significantly or may fall below the expectations of investors or securities analysts, each of which may cause the combined company's stock price to fluctuate or decline.
- After the Merger, the combined company's executive officers, directors and principal stockholders, if they choose to act together, will continue to control or significantly influence all matters submitted to stockholders for approval.
- Sales of a substantial number of shares of the combined company's common stock by the combined company's stockholders in the public market could cause the combined company's stock price to fall.
- Delaware law and provisions in the combined company's amended and restated certificate of incorporation and bylaws could make a merger, tender offer or proxy contest difficult, thereby depressing the trading price of the combined company's common stock.
- The combined company's amended and restated bylaws designate a state or federal court located within the state of Delaware as the exclusive forum for substantially all disputes between the combined company and its stockholders, which could limit the combined company's stockholders' ability to choose the judicial forum for disputes with the combined company or its directors, officers or employees.
- To the extent that any such claims may be based upon federal law claims, Section 27 of the Exchange Act creates exclusive federal jurisdiction over all suits brought to enforce any duty or liability created by the Exchange Act or the rules and regulations thereunder.

- Future sales and issuances of the combined company's common stock or rights to purchase common stock, including pursuant to the combined company's equity incentive plans, could result in dilution of the percentage ownership of its stockholders and could cause the combined company's stock price to fall.
- Gryphon does not currently intend to pay dividends on the combined company's common stock, and, consequently, your ability to achieve a return on your investment will depend on appreciation, if any, in the price of the combined company's common stock.
- If the Merger does not qualify as a "reorganization" for U.S. federal income tax purposes, U.S. Holders of Gryphon common stock will be required to recognize gain or loss for U.S. federal income tax purposes upon the exchange of their Gryphon common stock for the combined company's common stock in the Merger.
- The historical financial information of Akerna and Gryphon presented herein may not be representative of their respective results or financial condition if they had been operated as a combined company, and as a result may not be representative of the combined company's results or financial condition after the Merger.
- The unaudited pro forma condensed combined financial information presented herein may not be representative of the combined company's results after the Merger.
- Failure by the combined company to comply with the initial listing standards of Nasdaq will prevent its stock from being listed on Nasdaq and may prevent the closing of the Merger.
- The Merger will result in changes to Akerna's board of directors and the combined company may pursue different strategies than either Akerna or Gryphon may have pursued independently.
- Following the Merger, the combined company may be unable to realize the anticipated benefits of the Merger.
- The combined company's management will be required to devote a substantial amount of time to comply with public company regulations.

These risks and other risks are discussed in greater detail under the section titled "*Risk Factors*" beginning on page 24 of this proxy statement/prospectus. Akerna and Gryphon, both encourage you to read and consider all of these risks carefully.

Market Price and Dividend Information

The closing price of Akerna Common Stock on January 26, 2023, the last trading day prior to the public announcement of the Merger, was \$1.78 per share, and the closing price of Akerna Common Stock on _____, 2023 was \$ _____ per share, in each case as reported on The Nasdaq Capital Market. As of May _____, 2023, which is the record date for the special meeting, there were approximately _____ holders of record of Akerna Common Stock.

Because the market price of Akerna Common Stock is subject to fluctuation, the market value of the shares of Akerna Common Stock that Gryphon stockholders will be entitled to receive in the Merger may increase or decrease.

Gryphon is a private company, and the Gryphon Common Stock and the Gryphon Preferred Stock are not publicly traded.

Dividends

Akerna has never declared or paid cash dividends on its capital stock and does not anticipate paying any cash dividends in the foreseeable future. Gryphon has never paid or declared any cash dividends on its share capital. Gryphon intends to retain all available funds and any future earnings for use in the operation of its business and does not anticipate paying any cash dividends on its share capital in the foreseeable future. Notwithstanding the foregoing, any determination to pay cash dividends subsequent to the Merger will be at the discretion of the combined company's board of directors and will depend upon a number of factors, including the combined company's results of operations, financial condition, future prospects, contractual restrictions, restrictions imposed by applicable law and other factors the combined company's board of directors deems relevant.

RISK FACTORS

The combined company (for the purpose of this “Risk Factors” section, “we,” “us” and “our”) will be faced with a market environment that cannot be predicted and that involves significant risks and uncertainties, many of which will be beyond our control. You should carefully consider all of the information set forth in this proxy statement/prospectus. The combined company’s business, financial condition and results of operations could be materially and adversely affected by any of these risks. In that event, the trading price its common stock would likely decline and you might lose all or part of your investment. In addition to the other information contained in this proxy statement/ prospectus, you should carefully consider the material risks described below before deciding how to vote your shares of Akerna Common Stock. You should also read and consider the other information in this proxy statement/prospectus and additional information about Akerna set forth in its Annual Report on Form 10-K for the fiscal year ended December 31, 2022, which is filed with the SEC. Please see the section titled “Where You Can Find More Information” beginning on page 267 of this proxy statement / prospectus for further information. This proxy statement/prospectus also contains forward-looking statements that involve risks and uncertainties. The combined company’s results could materially differ from those anticipated in these forward-looking statements, as a result of certain factors including the risks described below and elsewhere in this proxy statement/prospectus and Akerna’s other SEC filings. See also “Cautionary Statement Concerning Forward-Looking Statements” on page 78 of this proxy statement / prospectus.

Risks Related to the Merger

Neither Akerna nor Gryphon can be sure if or when the Merger will be completed.

The consummation of the Merger is subject to the satisfaction or waiver of various conditions, including the authorization of the Merger by Gryphon’s stockholders and the approval of the proposals described in this proxy statement / prospectus by Akerna’s stockholders. Neither Akerna nor Gryphon can guarantee that the closing conditions set forth in the Merger Agreement will be satisfied. If Akerna is unable to satisfy the closing conditions in Gryphon’s favor or if other mutual closing conditions are not satisfied, Gryphon will not be obligated to complete the Merger. Under certain circumstances, Akerna would be required to pay Gryphon a termination fee of \$275,000 less any reimbursed expenses.

If the Merger is not completed, the Akerna Board, in discharging its fiduciary obligations to Akerna stockholders, will evaluate other strategic alternatives or financing options that may be available, which alternatives may not be as favorable to Akerna stockholders as the Merger. Any future sale or merger, financing or other transaction may be subject to further stockholder approval. Akerna may also be unable to find, evaluate or complete other strategic alternatives, which may have a materially adverse effect Akerna’s business.

Akerna’s and Gryphon’s efforts to complete the Merger could cause substantial disruptions in, and create uncertainty surrounding, their respective businesses, which may materially adversely affect their results of operation and businesses. Uncertainty as to whether the Merger will be completed may affect Akerna’s and Gryphon’s ability to retain and motivate existing employees. A substantial amount of Akerna’s and Gryphon’s management’s and employees’ attention is being directed toward the completion of the Merger and Sale Transaction and thus is being diverted from their respective day-to-day operations. Uncertainty as to Akerna’s and Gryphon’s future could adversely affect their respective business and relationship with customers, collaborators, suppliers, vendors, regulators and other business partners. For example, customers, vendors, collaborators and other counterparties may defer decisions concerning working with Akerna or Gryphon, or seek to change existing business relationships with Akerna or Gryphon. Changes to, or termination of, existing business relationships could adversely affect Akerna’s results of operations and financial condition, as well as the market price of Akerna Common Stock. The adverse effects of the pendency of the Transactions could be exacerbated by any delays in completion of the Transactions or termination of the Merger Agreement and/or Purchase Agreement.

Until the Merger is completed, the Merger Agreement restricts Gryphon and Akerna from taking specified actions without the consent of the other party, and requires them to operate in the ordinary course of business consistent with past practice. These restrictions may prevent Gryphon and Akerna from making appropriate changes to their respective businesses or pursuing attractive business opportunities that may arise prior to the completion of the Merger.

The market value of Gryphon may be difficult to determine, the market value of Akerna and Gryphon may change between the date of this proxy statement / prospectus and the date that the Merger is completed and the fairness opinion obtained by Akerna will not reflect subsequent changes.

The Akerna Board obtained an opinion of JMP to address the fairness of the consideration to be received by Akerna in the POSaBIT Sale Transaction and the consideration to be paid by Akerna in the Merger, from a financial point of view, to Akerna as of January 26, 2023. The Akerna Board determined that it was not necessary to receive an updated opinion from JMP in relation to entering into the Sale Transaction with MJ Acquisition and entering into the Second Amendment to the Merger Agreement subsequent to January 26, 2023 due to the factors discussed herein. Subsequent changes in the operation and prospects of Akerna or Gryphon, general market and economic conditions and other factors that may be beyond the control of Akerna or Gryphon, and on which JMP's opinion was based, may significantly alter the value of Gryphon or Akerna, or the price of the shares of Akerna Common Stock, by the time the Merger is completed. Because Akerna does not anticipate asking JMP to update its opinion, the opinion will not address the fairness of the consideration from a financial point of view as of any other date other than the date of such opinion. For a description of the opinion that Akerna obtained from JMP, please refer to "*The Merger — Opinion of Akerna's Financial Advisor*" beginning on page 102.

The percentage ownership of the combined company as determined in the Merger Agreement is adjustable based on the market price of Akerna Common Stock, so the Merger Consideration at the closing of the Merger may have a greater or lesser value than at the time the Merger Agreement was signed and amended, provided however that the Merger Consideration will be subject to a minimum value of approximately \$116 million.

The Merger Agreement has set ownership percentage for the combined company based on the fully diluted capitalization of the parties as of the closing of the Merger, taking into account Gryphon's outstanding warrants and Akerna's outstanding warrants, restricted stock units, exchangeable shares, convertible notes, preferred stock and restricted stock awards, and subject to adjustment for the Akerna Reverse Stock Split to be implemented prior to the consummation of the Merger and subject to a minimum value of Akerna Common Stock to be issued to stockholders of Gryphon of approximately \$116 million.

Any changes in the market price of Akerna Common Stock before the completion of the Merger will affect the number of shares of Akerna Common Stock issuable to Gryphon's securityholders pursuant to the Merger Agreement to the extent that a drop in the price of Akerna Common Stock requires more shares of Akerna Common Stock to be issued to meet the minimum value of Gryphon of approximately \$116 million. Therefore, if before the completion of the Merger the market price of the Akerna Common Stock increases from the market price of the Akerna Common Stock on the date of the Merger Agreement, then Gryphon's securityholders could receive Merger Consideration with substantially greater value than the value of such Merger Consideration on the date of the Merger Agreement. Similarly, if before the completion of the Merger the market price of the Akerna Common Stock declines from the market price on the date of the Merger Agreement, then Gryphon's securityholders could receive Merger Consideration with substantially lower value than the value of such Merger Consideration on the date of the Merger Agreement, subject to a minimum value of \$116 million. Because the ownership percentage may adjust as a result of changes in the market price of the Akerna Common Stock, for each one percentage point change in the market price of the Akerna Common Stock, there is a corresponding one percentage point rise or decline, respectively, in the value of the total Merger Consideration payable to Gryphon's securityholders pursuant to the Merger Agreement subject to a minimum value of \$116 million.

Failure to complete the Merger may result in Akerna paying a termination fee to Gryphon and could significantly harm the market price of the Akerna Common Stock and negatively affect Akerna's future business and operations.

If the Merger is not completed and the Merger Agreement is terminated under certain circumstances, Akerna may be required to pay Gryphon a termination fee of \$275,000 less any reimbursed expenses. Even if a termination fee is not payable in connection with a termination of the Merger Agreement, Akerna will have incurred significant fees and expenses, which must be paid whether or not the Merger is completed. Further, if the Merger is not completed, it could significantly harm the market price of the Akerna Common Stock.

In addition, if the Merger Agreement is terminated and Akerna determines to seek another business combination, there can be no assurance that Akerna will be able to find a partner and close an alternative transaction on terms that are as favorable as or more favorable to Akerna than the terms set forth in the Merger Agreement.

The closing of the Merger is subject to approval by Akerna stockholders and the Gryphon stockholders. Failure to obtain these approvals would prevent the closing of the Merger.

The closing of the Merger is subject to certain approvals by the Akerna stockholders and the Gryphon stockholders. Failure to obtain the required stockholder approvals may result in a material delay in, or the abandonment of, the Merger. Any delay in completing the Merger may materially adversely affect the timing and benefits that are expected to be achieved from the Merger.

The Merger may be completed even though certain events occur prior to the closing that materially and adversely affect Akerna or Gryphon.

The Merger Agreement provides that either Akerna or Gryphon can refuse to complete the Merger if there is a material adverse change affecting the other party between January 27, 2023, the date of the Merger Agreement, and the closing of the Merger. However, certain types of changes do not permit either party to refuse to complete the Merger, even if such change could be said to have a material adverse effect on Akerna or Gryphon, including, but not limited to:

- any change in applicable laws (including any quarantine, “shelter in place,” “stay at home,” workforce reduction, social distancing, shut down, closure, sequester or any other law, directive, guidelines or recommendations by any governmental entity in each case in connection with or in response to COVID-19, including the Coronavirus Aid, Relief, and Economic Security Act) or United States generally accepted accounting principles or any official interpretation thereof after the date of the Merger Agreement;
- changes in conditions of the financial, banking, capital or securities markets generally in the United States or any other country or region in the world, or changes therein, including changes in interest rates in the United States or any other country and changes in exchange rates for the currencies of any countries, or any change generally affecting the economy or the industry in which the party operates;
- the announcement or the execution of the Merger Agreement, the pendency or consummation of the Merger or the performance of the Merger Agreement, the ancillary documents thereto and the Transactions, including the impact thereof on the relationships, contractual or otherwise, of any such party, with customers, suppliers, licensors, distributors, partners, providers and employees;
- the compliance with the express terms of the Merger Agreement, the ancillary documents thereto and the Transactions or the taking of any action expressly required by the Merger Agreement, the ancillary documents thereto and the Transaction;
- any strike, embargo, labor disturbance, riot, protests, cyberterrorism event, earthquake, hurricane, tsunami, tornado, flood, mudslide, wild fire, meteorological event or other natural disaster, act of God or other force majeure event or any epidemic, disease, outbreak or pandemic (including COVID-19);
- any national or international political or social conditions in countries in which, or in the proximate geographic region of which, any such party operates, including the engagement by the United States or such other countries in hostilities or the escalation thereof, whether or not pursuant to the declaration of a national emergency or war, or the occurrence or the escalation of any military or terrorist attack upon the United States or such other country, or any territories, possessions, or diplomatic or consular offices of the United States or such other countries or upon any United States or such other country military installation, equipment or personnel; and
- any failure of such party, taken as a whole, to meet any projections, forecasts or budgets (although the underlying facts and circumstances resulting in such failure may be taken into account to the extent not otherwise excluded).

Certain officer and directors of Akerna and Gryphon have interests in the Merger that are different from Akerna and Gryphon stockholders.

Some of Akerna’s and Gryphon’s officers and directors have interests in the Merger that are different from Akerna and Gryphon’s respective stockholders and that may influence them to support or approve the Merger without regard to the interests of Akerna and Gryphon’s respective stockholders.

[Table of Contents](#)

Certain officers and directors of Akerna and Gryphon participate in arrangements that provide them with interests in the Merger that are different from the interests of Akerna and Gryphon's respective stockholders, including, among others, the continued service as an officer or director of the combined company, severance benefits, transaction bonuses, the acceleration of stock option and restricted stock unit vesting, continued indemnification and the potential ability to sell an increased number of shares of common stock of the combined company in accordance with Rule 144 under the Securities Act.

For example, Akerna is party to arrangements with its executive officers pursuant to their employment agreements and transaction success agreements that may result in the receipt by such executive officers of cash severance payments and other transaction success bonuses and benefits with a total value of approximately \$1.2 million (collectively and not individually), but not including the value of any accelerated vesting of Akerna's equity awards held by those officers. Additionally, Akerna's officers and directors are parties to the Merger Support Agreement with Gryphon.

The Akerna Board was aware of these interests and considered them, among other matters, in the decision to approve the Merger Agreement.

The market price of the combined company's common stock following the Merger may decline as a result of the Merger.

The market price of the combined company's common stock may decline as a result of the Merger for a number of reasons, including if:

- investors react negatively to the prospects of the combined company's business and financial condition following the Merger;
- the effect of the Merger on the combined company's business and prospects is not consistent with the expectations of financial or industry analysts; or
- the combined company does not achieve the perceived benefits of the Merger as rapidly or to the extent anticipated by financial or industry analysts.

Akerna stockholders may not realize a benefit from the Merger commensurate with the ownership dilution they will experience in connection with or following the Merger.

If the combined company is unable to realize the strategic and financial benefits currently anticipated from the Merger, Akerna stockholders will have experienced substantial dilution of their ownership interests in Akerna without receiving the expected commensurate benefit, or only receiving part of the commensurate benefit to the extent the combined company is able to realize only part of the expected strategic and financial benefits currently anticipated from the Merger.

During the pendency of the Merger, Akerna may not be able to enter into a business combination with another party at a favorable price because of restrictions in the Merger Agreement, which could adversely affect Akerna's business.

Covenants in the Merger Agreement impede the ability of Akerna to enter into material transactions that are not in the ordinary course of business pending completion of the Merger, other than the Sale Transaction. As a result, if the Merger is not completed, Akerna may be at a disadvantage to its competitors during such period. In addition, while the Merger Agreement is in effect, Akerna generally prohibited from soliciting, initiating, encouraging or entering into certain extraordinary transactions, such as a merger, sale of assets, or other business combination with any third party, subject to certain exceptions relating to fiduciary duties. Any such transactions that are impeded or prohibited pursuant to these covenants could be favorable to Akerna stockholders if consummated.

Certain provisions of the Merger Agreement may discourage third parties from submitting alternative takeover proposals, including proposals that may be superior to the arrangements contemplated by the Merger Agreement.

The Merger Agreement contains "no-shop" restrictions on Akerna's ability to solicit, initiate, endorse, knowingly encourage or facilitate third party proposals relating to alternative transactions or to provide information to, or engage in discussions with, a third party in relation to an alternative transaction, subject to certain exceptions to permit the Akerna Board to comply with its fiduciary duties. Before the Akerna Board may change its recommendation to stockholders to adopt the Merger or terminate the Merger Agreement to accept a Superior Proposal (as defined in the

[Table of Contents](#)

Merger Agreement), Akerna must, among other things, provide Gryphon with notice and matching rights. Upon the termination of the Merger Agreement, including in connection with a Superior Proposal, Akerna may be required to pay up to \$275,000 (less reimbursed expenses) as a termination fee.

These provisions could discourage a potential third party acquiror from considering or proposing an acquisition transaction, even if it were prepared to pay a higher price than what would be received in the Merger. These provisions might also result in a potential third party acquiror proposing to pay a lower price than it might otherwise have proposed to pay because of the added expense of the \$275,000 termination fee that may become payable.

If the Merger Agreement is terminated and Akerna determines to seek another business combination, Akerna may not be able to negotiate a transaction with another party on terms comparable to, or better than, the terms of the Merger Agreement.

Furthermore, as noted above, certain Akerna securityholders who in the aggregate own or have the right to acquire approximately 1.6% of the outstanding voting securities of Akerna as of _____, 2023, which is the record date for the special meeting have entered into the Merger Support Agreement or Merger Lender Support Letters. These Akerna stockholders also agreed to vote against any Acquisition Proposal with respect to Akerna that competes with the transactions contemplated by the Merger Agreement (See “*Agreements Related to the Merger — Support Agreements*”). As a result, the Merger Support Agreement and Merger Lender Support Letters may discourage other parties from attempting to engage in a transaction with Akerna, even if those parties would otherwise be willing to offer greater value to Akerna stockholders than that offered by Gryphon under the Merger.

Because the lack of a public market for the Gryphon Shares makes it difficult to evaluate their value, the stockholders of Gryphon may receive shares of Akerna Common Stock in the Merger that have a value that is less than, or greater than, the fair market value of the Gryphon Shares.

The Gryphon Shares are privately held and are not traded in any public market. The lack of a public market makes it extremely difficult to determine the fair market value of Gryphon. Because the percentage of Akerna Common Stock to be issued to Gryphon’s stockholders was determined based on negotiations between the parties, it is possible that the value of Akerna Common Stock to be received by Gryphon’s stockholders will be less than the fair market value of Gryphon, or Akerna may pay more than the aggregate fair market value for Gryphon.

If the conditions to the Merger are not met, the Merger will not occur.

Even if the Merger is approved by Akerna and Gryphon’s stockholders, specified conditions must be satisfied or waived to complete the Merger. Neither Akerna nor Gryphon can assure you that all of the conditions will be satisfied or waived. If the conditions are not satisfied or waived, the Merger will not occur or will be delayed, and Akerna or Gryphon may lose some or all of the intended benefits of the Merger. Additionally, if the Merger does not occur, Akerna may not have sufficient cash to conduct an orderly wind-down and dissolution of its business. Akerna may seek an immediate dissolution, subject to a vote of its stockholders, in the event the Merger is not completed.

Litigation relating to the Merger could require Akerna or Gryphon to incur significant costs and suffer management distraction, and could delay or enjoin the Merger.

Akerna or Gryphon could be subject to demands or litigation related to the Merger, whether or not the Merger is consummated. Such actions may create uncertainty relating to the Merger, or delay or enjoin the Merger, and responding to such demands could divert management time and resources. In addition, such demands or litigation could lead to a dissolution or bankruptcy of Akerna if the costs associated with such demands or litigation are significant enough. For additional information regarding certain pending litigation matters relating to the Merger, see “*Akerna’s Business — Legal Proceedings*” on page 187 of this proxy statement/prospectus.

If the Merger is not completed, the Akerna Board may decide to pursue a dissolution and liquidation of Akerna. In such an event, the amount of cash available for distribution to its stockholders will depend heavily on the timing of such liquidation as well as the amount of cash that will need to be reserved for commitments and contingent liabilities.

There can be no assurance that the Merger will be completed. If the Merger is not completed, the Akerna Board may decide to pursue a dissolution and liquidation of Akerna. In such an event, the amount of cash available for distribution to Akerna stockholders will depend heavily on the timing of such decision, as with the passage of time the amount of

cash available for distribution will be reduced as Akerna continues to fund its operations. In addition, if the Akerna Board were to approve and recommend, and Akerna stockholders were to approve, a dissolution and liquidation of Akerna, Akerna would be required under Delaware corporate law to pay its outstanding obligations, as well as to make reasonable provision for contingent and unknown obligations, prior to making any distributions in liquidation to Akerna stockholders. As a result of this requirement, a portion of Akerna's remaining cash assets may need to be reserved pending the resolution of such obligations. In addition, Akerna may be subject to litigation or other claims related to a dissolution and liquidation. If a dissolution and liquidation were pursued, the Akerna Board, in consultation with its advisors, would need to evaluate these matters and make a determination about a reasonable amount to reserve. Accordingly, holders of Akerna Common Stock could lose all or a significant portion of their investment in the event of liquidation, dissolution or winding up of Akerna.

The combined company's ability to use Akerna's net operating loss carryforwards and certain tax credit carryforwards may be subject to limitation in connection with the Merger and other ownership changes.

As of December 31, 2022, Akerna had federal and state net operating loss ("NOL") carryforwards of \$58.9 million. The majority of federal NOL carryforwards are carried forward indefinitely. As of December 31, 2022, Akerna had \$17.5 million of foreign net operating loss carryforwards that do not expire. Under Section 382 of the Code, changes in Akerna's ownership may limit the amount of NOL carryforwards, research and development tax credit carryforwards and other tax attributes that could be utilized annually to reduce its future taxable income or tax liability, if any. This limitation would generally apply in the event of a cumulative change in its ownership of more than 50% within a three-year period. Any such limitation may significantly reduce the combined company's ability to utilize Akerna's NOL carryforwards and research and development tax credit carryforwards before they expire. The completion of the Merger, together with private placements and other transactions that have occurred since the inception of Akerna, may trigger such an ownership change pursuant to Section 382 of the Code. Any such limitation, whether as the result of the Merger, prior private placements, sales of common stock by existing Akerna stockholders, or additional sales of common stock by the combined company after the Merger, could have a material adverse effect on the combined company's results of operations in future years.

Following the completion of the Merger, the combined company may issue additional securities.

Following the completion of the Merger, the combined company may issue additional securities (including equity securities) to finance its activities. If the combined company were to issue additional equity securities, the ownership interest of existing Akerna and Gryphon stockholders may be diluted and some or all of the combined company's financial measures on a per share basis could be reduced. Moreover, as the combined company's intention to issue additional equity securities becomes publicly known, the combined company's share price may be materially adversely affected.

Risks Related to the Exchange Agreements

The exchange of the Akerna Notes for Series C Preferred Stock is contingent upon Akerna completing a \$500,000 equity raise prior to such exchange date. If Akerna is unable to raise the \$500,000, then the Akerna Note Holders would not be required to exchange into the Series C Preferred Stock and we may be unable to complete the Merger.

The exchange of the Akerna Notes for Series C Preferred Stock is contingent on Akerna completing a \$500,000 equity raise prior to such exchange. If Akerna cannot complete the \$500,000 equity raise, then the Akerna Note Holders will not be required to exchange a portion of the Akerna Notes into Series C Preferred Stock or into common stock at the closing of the Merger which may result in the Merger not closing.

The exchange of the Akerna Notes in Series C Preferred Stock and the exchange of any remaining Akerna Notes into shares of common stock of the combined company will significantly dilute current Akerna stockholders and diminish the pro rata portion of the percentage of the combined company to be held by Akerna stockholders.

At closing of the Merger, both the Series C Preferred Stock and the conversion amount of any remaining Akerna Notes will be exchanged for shares of common stock of the combined company. The Series C Preferred Stock will exchange into _____ shares of common stock in the combined company and assuming the remaining portion of the Akerna Notes remains outstanding at closing of the Merger, then an additional _____ shares of common stock in the combined company will be issued to the Akerna Note Holders. The issuance of these shares of common stock will be counted in the calculation

of fully diluted Akerna Common Stock for purposes of determining the numbers of share of Akerna Common Stock to be issued as Merger Consideration at the closing of the Merger. This will result in significant dilution to the Akerna stockholders in relation to their pro rata portion of the percentage of the combined company to be held by Akerna stockholders.

Risks Related to the Proposed Sale Transaction

While the Sale Transaction is pending, it creates unknown impacts on our future which could materially and adversely affect Akerna's business, financial condition and results of operations.

While the Sale Transaction is pending, it creates unknown impacts on our future. Therefore, our current or potential business partners may decide to delay, defer or cancel entering into new business arrangements with us pending consummation of the Sale Transaction. The occurrence of these events individually or in combination could materially and adversely affect our business, financial condition and results of operations

The failure to consummate the Sale Transaction may materially and adversely affect our business, financial condition and results of operations.

The Sale Transaction is subject to various closing conditions including, among others, the approval of the Sale Transaction by our stockholders. We cannot control these conditions and cannot assure you that they will be satisfied. If the Sale Transaction is not consummated, we may be subject to a number of risks, including the following:

- we may not be able to identify an alternate transaction, or if an alternate transaction is identified, such alternate transaction may not result in equivalent terms as compared to what is proposed in the Sale Transaction;
- the trading price of our common stock may decline to the extent that the current market price reflects a market assumption that the Sale Transaction will be consummated;
- the failure to complete the Sale Transaction may create doubt as to our ability to effectively implement our current business strategies;
- our costs related to the Sale Transaction, such as legal, accounting and financial advisory fees, must be paid even if the Sale Transaction is not completed; and
- our relationships with our customers, suppliers and employees may be damaged and our business may be harmed.

The occurrence of any of these events individually or in combination could materially and adversely affect our business, financial condition and results of operations, which could cause the market value of our common stock to decline.

Certain provisions of the Purchase Agreement may discourage third parties from submitting alternative proposals for the subsidiaries and assets being sold, including proposals that may be superior to the arrangements contemplated by the Purchase Agreement.

The Purchase Agreement contains "no-shop" restrictions on Akerna's ability to solicit, initiate or knowingly encourage third party proposals relating to alternative transactions or to provide information to, or engage in discussions with, a third party in relation to an alternative transaction, subject to the ability of our Board of Directors to change their recommendation and terminate the Purchase Agreement in accordance with their fiduciary duties. Before our Board Directors may change its recommendation to stockholders or terminate the Purchase Agreement to accept a Superior Offer (as defined in the Purchase Agreement), Akerna must, among other things, provide MJ Acquisition with notice. Upon the termination of the Purchase Agreement, including in connection with a Superior Offer, we may be required to pay up to \$140,000 as a termination fee plus \$60,000 in reasonable fees and expenses.

These provisions could discourage a potential third party acquiror from considering or proposing an acquisition transaction, even if it were prepared to pay a higher price than what would be received in the Sale Transaction. These provisions might also result in a potential third party acquiror proposing to pay a lower price than it might otherwise have proposed to pay because of the added expense of the \$140,000 termination fee and \$60,000 in fees and expenses that may become payable.

[Table of Contents](#)

If the Purchase Agreement is terminated and we determine to seek another business combination, we may not be able to negotiate a transaction with another party on terms comparable to, or better than, the terms of the Purchase Agreement.

The closing of the Merger is conditioned on the conditions precedent of the Sale Transaction being satisfied or waived such that the Sale Transaction can be consummated immediately thereafter.

The closing of the Merger is conditioned on the conditions precedent of the Sale Transaction being satisfied or waived such that the Sale Transaction can be consummated immediately after the closing of the Merger. If we fail to meet all the conditions precedent to consummate the Sale Transaction, the Merger may still proceed if Gryphon waives that condition to closing, provided that the other closing conditions contained in the Merger Agreement are satisfied or waived. The occurrence of these events would result in the combined company continuing to own MJ Freeway and Ample following the closing of the Merger, which could cause the combined company to incur unanticipated costs and expenses in connection with such continued ownership, or pursuit of an alternative disposition of MJ Freeway and Ample. It is not currently anticipated that Gryphon would waive the condition of the conditions precedent to completion of the Sale Transaction being satisfied or waived and therefore failure to meet those conditions precedent to the Sale Transaction will likely result in the failure to consummate the Merger and will result in us continuing our operations, which may be adversely impacted by the failure of the Sale Transaction and Merger Transaction, seeking alternative transactions, which may have less value to the stockholders, or seeking to dissolve and liquidate Akerna.

A Superior Offer under the Purchase Agreements or a Superior Proposal under the Merger Agreement could result in either or both of the Merger and the Sale Transaction being significantly delayed or not being consummated at all.

If our Board of Directors receives either a Superior Proposal under the Merger Agreement and/or a Superior Offer under the Purchase Agreement, the Akerna Board may be required pursuant to its fiduciary duties to pursue such alternative transactions in the best interests of the stockholders. This may result in the delay of either of the Merger or the Sale Transaction if an alternative party needs to complete due diligence, finalize transaction documents and be substituted into the current structure of the Merger and/or Sale Transaction, and it could result in either or both of the Merger Agreement or Purchase Agreement being terminated in order for Akerna to pursue the Superior Proposal or Superior Offer, as the case may be. In such circumstances, in addition to the termination fees that may be payable under the terms of the Merger Agreement or Purchase Agreement (as discussed above) for the termination of such agreements, we may be sued for terminating such agreements by either Gryphon or MJ Acquisition, as the case may be, if the opposite party in those agreements disagrees with the Akerna Board's determination of their fiduciary duties or otherwise believes we violated the terms of such agreements, including the "no-shop" provisions contained therein, in obtaining the proposed Superior Proposal or Superior Offer, as the case may be. Such lawsuit(s) could significantly delay the closing of the Merger and/or the Sale Transaction or prevent them from occurring altogether. If we terminate either of the Merger Agreement or the Purchase Agreement, there is no guarantee that the alternative Superior Proposal or Superior Offer, as the case may be, will be consummated. If such alternative transactions are not consummated, any other alternative transactions we may pursue may have less value to the stockholders or we may be forced to dissolve and liquidate Akerna.

There could be litigation surrounding our termination of the POSaBIT Purchase Agreement which could delay closing of the Merger and Sale Transaction or otherwise result in the combined company owing damages for breach of the POSaBIT Purchase Agreement which could impact the combined company's financial condition.

The POSaBIT Purchase Agreement prohibited Akerna from soliciting a superior offer and only permitted the Akerna Board to terminate the POSaBIT Purchase Agreement pursuant to receipt of an unsolicited acquisition proposal that the Board determined to be a superior offer or reasonably likely to result in a superior offer. Upon receipt of a superior offer, the POSaBIT Purchase Agreement permitted the Akerna Board to terminate the agreement if the Akerna Board determined that their fiduciary duties to the securityholders of Akerna mandated that the Akerna Board change its recommendation and pursue the superior offer. While the Akerna Board did determine that the offer made by Alleaves on March 17, 2023 was reasonable likely to result in a superior offer and that their fiduciary duties mandated that they change their recommendation and Akerna terminate the POSaBIT Purchase Agreement, POSaBIT disagreed with those determinations and questioned whether Akerna violated the non-solicitation provisions of the POSaBIT Purchase Agreement and may seek legal action in the future to seek damages for breach of such provisions. Akerna does not believe that it has violated any of the terms of the POSaBIT Purchase Agreement, but any lawsuit by POSaBIT may delay closing or result in the combined company owing significant damages to POSaBIT for breach of the POSaBIT

Purchase Agreement. Alleaves has entered into an indemnification agreement with Gryphon, of which Akerna is a third-party beneficiary, pursuant to which Alleaves has agreed to indemnify Gryphon and Akerna for any liability arising from Akerna terminating the POSaBIT Purchase Agreement.

Risks Related to Our Financial Condition and Operating History

There is substantial doubt about our ability to continue as a going concern.

The notes to our financial statements include disclosure regarding the substantial doubt about our ability to continue as a going concern. Our financial statements do not include any adjustments that might result from the outcome of the uncertainty regarding our ability to continue as a going concern. This uncertainty could materially limit our ability to raise additional funds through the issuance of equity or debt securities or otherwise. Further reports on our financial statements may include an explanatory paragraph with respect to our ability to continue as a going concern. Our ability to continue as a going concern is uncertain and dependent upon obtaining the financing necessary to meet our financial commitments and to continue our ongoing operations as currently planned. We do not have sufficient funds to meet planned expenditures over the next twelve months, and will need to seek additional debt or equity financing to meet our planned expenditures. We raised an additional \$500,000 on June 14, 2023 to help fund our ongoing working capital requirements. We will require additional financing in the third quarter of 2023 to meet our ongoing operational working capital requirements and continue to meet the financial covenants of the Akerna Notes if the Merger and the Sale Transaction do not close prior to the end of August 2023. We plan to meet those requirements in part through the use of our at-the-market (“ATM”) facility, but there are no guarantees that the facility will permit us to raise sufficient cash to meet our ongoing requirements. These factors raise substantial doubt regarding our ability to continue as a going concern. If we are unable to raise sufficient capital we may have to reduce operations which could significantly affect our results of operations. If we fail to meet the financial covenants of our debt and cannot obtain a waiver from such provisions or otherwise come to an agreement with the holders of our debt, such holders may declare a default on the debt which could subject our assets to seizure and sale, negatively impacting our business. See “Risks Related to our Convertible Debt” below.

We have a history of losses, expect to continue to incur losses in the near term and may not achieve or sustain profitability in the future.

We have incurred significant losses in each fiscal year since our inception in 2010. For the year ended December 31, 2022, we had a net loss of \$79.1 million. For the year ended December 31, 2021 we had a net loss of \$31.3 million. For fiscal year ended June 30, 2020, we had a net loss of \$14.4 million. These losses have been due to the substantial investments we have made to develop our monitoring and compliance platforms and related software, market these products to government regulatory agencies and commercial businesses and growing our infrastructure to support the increased business. We expect to continue to invest in the further development of our platforms, software, and related product offerings and to grow both our government regulatory and commercial business client base. As a result, we expect our operating expenses to increase in the future due to expected increased sales and marketing expenses, operational costs, product development costs, and general and administrative costs and, therefore, our operating losses will continue or even increase at least through the near term. In addition, because we are a public company, we will incur significant legal, accounting, and other expenses that MJ Freeway did not incur as a non-public company. Furthermore, to the extent that we are successful in increasing our client base, we will also incur increased expenses because costs associated with generating and supporting client agreements are generally incurred upfront, while revenue is generally recognized ratably over the term of the agreement. You should not rely upon our recent revenue growth as indicative of future performance. We may not reach profitability in the near future or at any specific time in the future. If and when our operations do become profitable, we may not sustain profitability.

We have a relatively short operating history, which makes it difficult to evaluate our business and future prospects.

We have a relatively short operating history, which makes it difficult to evaluate our business and future prospects. Our wholly-owned subsidiary, MJ Freeway, has been in existence since 2010, and much of our revenue growth has occurred during the past four years. We have encountered, and will continue to encounter, risks and difficulties frequently experienced by growing companies in rapidly changing industries, including those related to:

- market acceptance of our current and future products and services;
- changing regulatory environments and costs associated with compliance;

[Table of Contents](#)

- our ability to compete with other companies offering similar products and services;
- our ability to effectively market our products and services and attract new clients;
- existing client retention rates and the ability to upsell clients;
- the amount and timing of operating expenses, particularly sales and marketing expenses, related to the maintenance and expansion of our business, operations, and infrastructure;
- our ability to control costs, including operating expenses;
- our ability to manage organic growth and growth fuelled by acquisitions;
- public perception and acceptance of cannabis-related products and services generally; and
- general economic conditions and events.

If we do not manage these risks successfully, our business and financial performance will be adversely affected.

Our long-term results of operations are difficult to predict and depend on the commercial success of our clients, the continued growth of the cannabis industry generally, and the regulatory environment within which the cannabis industry operates.

Our offers of products and services help government regulatory agencies and commercial businesses monitor regulatory compliance and operate efficiently and successfully in compliance with applicable state laws. Our long-term results will directly depend on the continued growth of the legalized cannabis industry (and public acceptance of cannabis-related products) and the ability of our current and future clients to successfully market their own products and services. If the legalized cannabis marketplace does not continue to grow because the public does not increasingly accept cannabis-related products or government regulators adopt laws, rules, or regulations that terminate or diminish the ability for commercial businesses to develop, market, and sell cannabis-related products, our business and financial performance would be materially adversely affected. Additionally, even if the cannabis marketplace continues to grow rapidly, and government regulation allows for the free-market development of this industry, products, and services competitive with those offered by us may enjoy better market acceptance.

The legalized cannabis industry may not continue to grow and the regulatory environment may not remain favorable to participants in the industry. More generally, our products and services may not experience growing market acceptance, which would adversely impact our ability to grow revenue.

Direct and indirect consequences of the COVID-19 pandemic may have material adverse consequences.

The current COVID-19 pandemic is creating extensive disruptions to the global economy. Governments, businesses, and the public are taking unprecedented actions to contain the spread of COVID-19 and to mitigate its effects, including quarantines, travel bans, shelter-in-place orders, closures of businesses, fiscal stimulus, and legislation designed to deliver monetary aid and other relief. While the scope, duration, and full effects of COVID-19 are rapidly evolving and not fully known, the pandemic and related efforts to contain it have disrupted global economic activity, adversely affected the functioning of financial markets, impacted interest rates, increased economic and market uncertainty, and disrupted trade and supply chains. If these effects continue for a prolonged period or result in sustained economic stress or recession, we may experience adverse effects on our operations. Specifically, if our clients are forced to reduce business hours or close their businesses for an extended period of time or if their customer base experiences financial hardship, our clients may experience a sharp decline in revenue and be unable to meet their obligations to us under existing agreements or be unwilling to extend their agreements past current terms, which may adversely impact our financial results. Further, we may experience a decrease in new clients due to a lack of financial resources or a decline in new markets as businesses and financial markets deal with the impact of COVID-19. As governments are focused on relief efforts and fiscal stimulus measures, important legislation to expand or clarify certain existing or new markets for our products may be postponed or abandoned, which may adversely impact our results. Further, these conditions may impact our ability to access financial markets to obtain the necessary funding to operate our business as currently contemplated, which may adversely affect our liquidity and working capital. To the extent the COVID-19 pandemic adversely affects our business and financial results, it may also have the effect of heightening many of the other risks described in this registration statement, such as those relating to our operations and financial condition.

Due to the highly uncertain and dynamic nature of events relating to the COVID-19 pandemic, it is not currently possible to estimate the impact of the pandemic on our business. However, these effects could have a material impact on our operations, and we will continue to monitor the COVID-19 situation closely. Through December 31, 2022, we have experienced delays in our consulting projects and the corresponding delay in revenue recognition for such projects, which we believe could be the result of government shutdowns and other regulatory uncertainty surrounding COVID-19.

Risks Related to the Cannabis Industry

As a company whose clients operate in the cannabis industry, we face many unique and evolving risks.

We currently serve government and private clients with respect to their tracking, monitoring, and compliance needs as they operate in the growing cannabis industry. Any risks related to the cannabis industry that may adversely affect our clients and potential clients may, in turn, adversely affect demand for our products. Specific risks faced by companies operating in the cannabis industry include, but are not limited to, the following:

Marijuana remains illegal under U.S. federal law

Marijuana is a Schedule-I controlled substance under the CSA, and is illegal under federal law. It remains illegal under U.S.'s federal law to grow, cultivate, sell or possess marijuana for any purpose or to assist or conspire with those who do so. Additionally, 21 U.S.C. 856 a.1. states that it shall be unlawful to "knowingly open, lease, rent, use, or maintain any place, whether permanently or temporarily, for the purpose of manufacturing, distributing, or using any controlled substance." Even in those states in which the use of marijuana has been authorized, its use remains a violation of federal law. Since federal law criminalizing the use of marijuana is not preempted by state laws that legalize its use, strict enforcement of federal law regarding marijuana would likely result in our clients' inability to proceed with their operations, which would adversely affect demands for our products and services.

Uncertainty of federal enforcement

Any presidential administration, current or future, could change federal enforcement policy or execution and decide to enforce the federal cannabis laws more strongly. Recent administrations have disagreed on how strongly to enforce federal cannabis laws. For example, on August 29, 2013, the U.S. Department of Justice (the "DOJ") under the Obama administration issued a memorandum (the "Cole Memorandum"), characterizing strict enforcement as an inefficient use of federal investigative and prosecutorial resources. The Cole Memorandum provided guidance to all federal prosecutors and indicated that federal enforcement of the CSA against cannabis-related conduct should be focused on specific priorities, including cannabis distribution to minors, violence in connection with cannabis distribution, cannabis cultivation on federal property, and collection of cannabis-derived revenue by criminal enterprises, gangs and cartels. On January 4, 2018, the DOJ under the Trump administration issued a memorandum (the "Sessions Memorandum"), which effectively rescinded the Cole Memorandum and directed federal prosecutors to enforce the CSA and to follow well-established principles when pursuing prosecutions related to cannabis activities. The DOJ under the Biden administration has not readopted the Cole Memorandum, but President Biden has indicated support for decriminalization of cannabis. On October 6, 2022, President Biden issued an executive order pardoning all persons convicted of simple possession of cannabis under the CSA and directed the Secretary of Health and Human Services and the Attorney General to initiate an administrative process to review the scheduling of cannabis under the CSA. Further, on December 2, 2022, President Biden signed into law the Medical Marijuana and Cannabidiol Research Expansion Act, which streamlines and expands the process for researching the medical use of cannabis. We cannot predict how the current administration or future administrations will enforce the CSA or other laws against cannabis activities. Any change in the federal government's enforcement of current federal laws could cause significant financial damage to us. The legal uncertainty and possible future changes in law could negatively affect our revenues, results of operations and success generally.

Unless and until Congress amends the CSA with respect to medical and/or adult use cannabis, there is a risk that federal prosecutors may enforce the existing CSA. Federal authorities may decide to change their current posture and begin to enforce current federal cannabis law and, if they begin to aggressively enforce such laws, it is possible that they could allege that we violated federal laws by selling products used in the cannabis industry. As a result, active enforcement of the current federal regulatory position on cannabis may directly or indirectly adversely affect our revenues and profits.

In 2014, Congress passed a spending bill, (the 2015 Appropriations Bill), containing a provision (the “Appropriations Rider”), blocking federal funds and resources allocated under the 2015 Appropriations Bill from being used to “prevent such States from implementing their own State medical marijuana law.” The Appropriations Rider provided a budgetary constraint on the federal government from interfering with the ability of states to administer their medical marijuana laws, although it did not codify federal protections for medical marijuana patients and producers. Moreover, despite the Appropriations Rider, the DOJ maintains that it can still prosecute violations of the federal marijuana ban and continue cases already in the courts. In *USA vs. McIntosh*, the U.S. Court of Appeals for the Ninth Circuit held that this provision prohibits the DOJ from spending funds from relevant appropriations acts to prosecute individuals who engage in conduct permitted by state medical-use cannabis laws and who strictly comply with such laws. However, the Ninth Circuit’s opinion, which only applies to the states of Alaska, Arizona, California, Hawaii, and Idaho, also held that persons who do not strictly comply with all state laws and regulations regarding the distribution, possession and cultivation of medical-use cannabis have engaged in conduct that is unauthorized, and in such instances the DOJ may prosecute those individuals. The Appropriations Rider was included in the omnibus spending bill for fiscal years 2015, 2016, 2017, 2018, 2019, 2020 and 2021. On December 29, 2022, President Biden signed the omnibus spending bill, which included the Appropriations Rider, extending its application until September 30, 2023. However, there is no assurance that Congress will approve inclusion of a similar prohibition in future appropriations bills to prevent DOJ from using congressionally appropriated funds to enforce federal cannabis laws against regulated medical cannabis actors operating in compliance with state and local law. If the Appropriation Rider is not extended in the future, the risk of federal enforcement and override of state medical marijuana laws would increase.

Despite the rescission of the Cole Memorandum, the Department of the Treasury, Financial Crimes Enforcement Network, has not rescinded the “FinCEN Memo” dated February 14, 2014, which de-prioritizes enforcement of the Bank Secrecy Act against financial institutions and marijuana-related businesses which utilize them. This memo appears to be a standalone document and is presumptively still in effect. At any time, however, the Department of the Treasury, Financial Crimes Enforcement Network, could elect to rescind the FinCEN Memo. This would make it more difficult for us and our clients and potential clients to access the U.S. banking systems and conduct financial transactions, which would adversely affect our operations.

We could become subject to racketeering laws

While we do not grow, handle, process or sell cannabis or cannabis-derived products, our receipt of funds from clients that do conduct such operations in violation of federal law exposes us to risks related to federal racketeering laws. RICO is a federal statute providing criminal penalties in addition to a civil cause of action for acts performed as part of an ongoing criminal organization. Under RICO, it is unlawful for any person who has received income derived from a pattern of racketeering activity (which includes most felonious violations of the CSA), to use or invest any of that income in the acquisition of any interest, or the establishment or operation of, any enterprise which is engaged in interstate commerce. RICO also authorizes private parties whose properties or businesses are harmed by such patterns of racketeering activity to initiate a civil action against the individuals involved. Although RICO suits against the cannabis industry are rare, a few cannabis businesses have been subject to a civil RICO action. Any violation of RICO could result in significant fines, penalties, administrative sanctions, convictions or settlements arising from civil proceedings conducted by either the federal government or private citizens or criminal charges, including but not limited to, seizure of assets, disgorgement of profits, cessation of our business activities or divestiture.

Banking regulations could limit access to banking services and expose us to risk

Our receipt of payments from clients engaged in state-legal cannabis operations could also subject us to the consequences of a variety of federal laws and regulations that involve money laundering, financial record keeping and proceeds of crime, including the Bank Secrecy Act, as amended by Title III of the USA PATRIOT Act and any related or similar rules, regulations or guidelines, issued, administered or enforced by the federal government. Since we fund from activities that are illegal under the CSA, banks and other financial institutions providing services to us risk violation of federal anti-money laundering statutes (18 U.S.C. §§ 1956 and 1957), the unlicensed money-remitter statute (18 U.S.C. § 1960) and the Bank Secrecy Act, among other applicable federal statutes. Banks often refuse to provide banking services to businesses involved in the cannabis industry due to the present state of federal laws and regulations governing financial institutions. The inability to open bank accounts may make it difficult for us or our clients to operate and our client’s reliance on cash can result in a heightened risk of theft, which could harm their businesses and, in turn, harm our business. Additionally, some courts have denied marijuana-related businesses bankruptcy protection, thus, making it very difficult for lenders to recoup their investments, which may limit the

[Table of Contents](#)

willingness of banks to lend to our clients and to us. The lack of banking and financial services presents unique and significant challenges to businesses in the cannabis industry and we may experience similar difficulties in obtaining and maintaining regular banking and financial services because of the activities of our clients.

Dividends and distributions could be prevented if our receipt of payments from clients is deemed to be proceeds of crime

In the event that any of our operations, or any proceeds thereof, any dividends or distributions therefrom, or any profits or revenues accruing from such operations were found to be in violation of money laundering legislation or otherwise, such transactions may be viewed as proceeds of crime under one or more federal statutes or any other applicable legislation. This could restrict or otherwise jeopardize our ability to declare or pay dividends or effect other distributions. Furthermore, while there are no current intentions to declare or pay dividends in the foreseeable future, in the event that a determination was made that our proceeds from operations (or any future operations) could reasonably be shown to constitute proceeds of crime, we may decide or be required to suspend declaring or paying dividends without advance notice and for an indefinite period of time.

Further legislative development beneficial to our operations is not guaranteed

Among other things, our business involves the provision of an online platform that provides monitoring and tracking of those involved in the cultivation, distribution, manufacture, storage, transportation, and/or sale of medical and adult-use cannabis products in compliance with applicable state law. The success of our business depends on the continued development of the cannabis industry and the activity of commercial business and government regulatory agencies within the industry. The continued development of the cannabis industry is dependent upon continued legislative and regulatory authorization of cannabis at the state level and a continued laissez-faire approach by federal enforcement agencies. Any number of factors could slow or halt progress in this area. Further regulatory progress beneficial to the industry cannot be assured. While there may be ample public support for legislative action, numerous factors impact the legislative and regulatory process, including election results, scientific findings or general public events. Any one of these factors could slow or halt progressive legislation relating to cannabis and the current tolerance for the use of cannabis by consumers, which could adversely affect the demand for our product and operations.

The cannabis industry could face strong opposition from other industries

We believe that established businesses in other industries may have a strong economic interest in opposing the development of the cannabis industry. Cannabis may be seen by companies in other industries as an attractive alternative to their products, including recreational marijuana as an alternative to alcohol, and medical marijuana as an alternative to various commercial pharmaceuticals. Many industries that could view the emerging cannabis industry as an economic threat are well established, with vast economic and federal and state lobbying resources. It is possible that companies within these industries could use their resources to attempt to slow or reverse legislation legalizing cannabis. Any inroads these companies make in halting or impeding legislative initiatives that would be beneficial to the cannabis industry could have a detrimental impact on our clients and, in turn on our operations.

The legality of marijuana could be reversed in one or more states

The voters or legislatures of states in which marijuana has already been legalized could potentially repeal applicable laws that permit the operation of both medical and retail marijuana businesses. These actions might force businesses, including those that are our clients, to cease operations in one or more states entirely.

Changing legislation and evolving interpretations of the law

Laws and regulations affecting the medical and adult-use marijuana industry are constantly changing, which could detrimentally affect our clients and, in turn, our operations. Local, state, and federal marijuana laws and regulations are broad in scope and subject to evolving interpretations, which could require our clients and thus us to incur substantial costs associated with modification of operations to help ensure such clients' compliance. In addition, violations of these laws, or allegations of such violations, could disrupt our clients' business and result in a material adverse effect on our operations. In addition, it is possible that regulations may be enacted in the future that will limit the amount of cannabis growth or related products that our commercial clients are authorized to produce. We cannot predict the

[Table of Contents](#)

nature of any future laws, regulations, interpretations, or applications, nor can we determine what effect additional governmental regulations or administrative policies and procedures, when and if promulgated, could have on our operations.

Dependence on client licensing

Our business is dependent on our clients obtaining various licenses from various municipalities and state licensing agencies. There can be no assurance that any or all licenses necessary for our clients to operate their businesses will be obtained, retained or renewed. If a licensing body were to determine that a client of ours had violated applicable rules and regulations, there is a risk the license granted to that client could be revoked, which could adversely affect our operations. There can be no assurance that our existing clients will be able to retain their licenses going forward, or that new licenses will be granted to existing and new market entrants.

Insurance risks

In the U.S., many marijuana-related businesses are subject to a lack of adequate insurance coverage. In addition, many insurance companies may deny claims for any loss relating to marijuana or marijuana-related operations based on their illegality under federal law, noting that a contract for an illegal transaction is unenforceable.

Bankruptcy risks

Because cannabis is illegal under U.S. federal law, and bankruptcy is a strictly federal proceeding, many courts have denied cannabis businesses federal bankruptcy protections, thus making it very difficult for lenders to recoup their investments in the cannabis industry in the event of a bankruptcy. If we were to seek protection from creditors pursuant to applicable bankruptcy or insolvency laws, even though we are not directly engaged in manufacturing, distributing, selling or otherwise handling cannabis under state cannabis laws, there is no guarantee that U.S. federal bankruptcy protections would be available to our United States operations, which would have a material adverse effect on us, our lenders and other stakeholders. While state-level receivership options do exist in some states as an alternative to bankruptcy, the efficacy of these alternatives cannot be guaranteed.

The cannabis industry is an evolving industry and we must anticipate and respond to changes.

The cannabis industry is not yet well-developed, and many aspects of this industry's development and evolution cannot be accurately predicted. While we have attempted to identify any risks specific to the cannabis industry, you should carefully consider that there are other risks that cannot be foreseen or are not described in this Annual Report, which could materially and adversely affect our business and financial performance. We expect that the cannabis market and our business will evolve in ways that are difficult to predict. For example, it is anticipated that over time, we will reach a point in most markets where we have achieved a market penetration level in which new client acquisitions are less productive, and the continued growth of our revenue will require more focus on increasing the rate at which existing clients purchase products and services across our platforms. Our long-term success will depend on our ability to successfully adjust our strategy to meet the changing market dynamics. If we are unable to successfully adapt to changes in the cannabis industry, our operations could be adversely affected.

Risks Related to Our Business

A significant portion of our business is from government contracts, which present certain unique risks.

Contracts for Leaf Data Systems with government agencies in Pennsylvania and Utah represented 16%, 25% and 39% of our revenue for the year ended December 31, 2022, December 31, 2021 and six months ended December 31, 2020, respectively. In order to obtain a government contract for Leaf Data Systems, we are required to follow a competitive bidding process in each state where we seek a contract. Government contracts have very specific compliance requirements that often require contractors to invest material time and money to prepare a bid to ensure that our technology, processes, and staff meet these specific requirements. After expenditures of such time and money, there is no assurance that the bid will result in an award of a contract. Further, even if a contract is awarded, there are strict procedures that government agencies follow when it comes to reimbursement of the costs incurred in the course of fulfilling contracts. Accordingly, it is possible that some or all costs might not be reimbursed under a government contract as contemplated by us.

Government agencies also typically audit and investigate government contractors. These agencies review a contractor's performance under its contracts, its cost structure, its business systems, and compliance with applicable laws, regulations, and standards. If an audit or investigation uncovers improper or illegal activities, we may be subject to civil or criminal penalties and administrative sanctions, including reductions of the value of contracts, contract modifications or terminations, forfeiture of profits, suspension of payments, penalties, fines, and suspension, or prohibition from doing business with the government. In addition, we could suffer serious reputational harm if allegations of impropriety were made against us. Any such imposition of penalties, or the loss of such government contracts, could materially adversely affect our business, financial condition, results of operations, and growth prospects.

There also is typically a longer window of liability under government contracts than private contracts, and the government can seek claims after the contract has ended and payments under the contract have been made. The terms of government contracts may also require the sharing of proprietary information, processes, software, and product development efforts with the government. Additionally, government employees are required to follow certain protocols to ensure there is no appearance of impropriety in the bidding process. As a result, bidders on government contracts must ensure that there is no appearance of favoritism, gift-giving, bribery, or the exertion of other influences in the bidding process. Any finding of the same can result in fines to the bidder and cancellation of contracts. The applicable state government generally has the ability to terminate our contract, in whole or in part, without prior notice, for convenience or for default based on performance. If a government contract were to be terminated for convenience, we generally would be protected by provisions covering reimbursement for costs incurred on the contract and profit on those costs, but not the anticipated profit that would have been earned had the contract been completed. The state government also has the ability to stop work under a contract for a limited period of time for its convenience.

We cannot assure you that we will be able to maintain our existing government contracts.

Our operations may be adversely affected by disruptions to our information technology, or IT, systems, including disruptions from cybersecurity breaches of our IT infrastructure.

We rely on information technology networks and systems, including those of third-party service providers, to process, transmit, and store electronic information. In particular, we depend on our information technology infrastructure for a variety of functions, including financial reporting, data management, project development, and email communications. Any of these systems may be susceptible to outages due to fire, floods, power loss, telecommunications failures, terrorist attacks, sabotage, and similar events. Global cybersecurity threats and incidents can range from uncoordinated individual attempts to gain unauthorized access to our information technology systems to sophisticated and targeted measures known as advanced persistent threats. The ever-increasing use and evolution of technology, including cloud-based computing, create opportunities for the unintentional dissemination or intentional destruction of confidential information stored in our systems or in non-encrypted portable media or storage devices. We could also experience a business interruption, information theft of confidential information, or reputational damage from industrial espionage attacks, malware, or other cyber-attacks, which may compromise our system infrastructure or lead to data leakage, either internally or at our third-party providers. Despite the implementation of network security measures and disaster recovery plans, our systems and those of third parties on which we rely may also be vulnerable to computer viruses, break-ins, and similar disruptions. If we or our vendors are unable (or are perceived as unable) to prevent such outages and breaches, our operations may be disrupted, and our business reputation could be adversely affected.

We expect that risks and exposures related to cybersecurity attacks will remain high for the foreseeable future due to the rapidly evolving nature and sophistication of these threats.

Privacy regulation is an evolving area and compliance with applicable privacy regulations may increase our operating costs or adversely impact our ability to service our clients and market our products and services.

Because we store, processes, and use data, some of which contains personal information, we are subject to complex and evolving federal, state, and foreign laws and regulations (including Canada's Cannabis Act and related regulations and the European Union's general data protection regulation, or GDPR) regarding privacy, data protection, and other matters. While we believe we are currently in compliance with applicable laws and regulations, many of these laws and regulations are subject to change and uncertain interpretation, and could result in investigations, claims, changes to our business practices, increased cost of operations, and declines in user growth, retention, or engagement, any of which could seriously harm our business.

We rely on third parties for certain services made available to users of our platforms, which could limit our control over the quality of the user experience and our cost of providing services.

Some of the applications and services available through the Leaf Data System and MJ Platform are provided through relationships with third-party service providers. We do not typically have any direct control over these third-party service providers. These third-party service providers could experience service outages, data loss, privacy breaches, including cyber-attacks, and other events relating to the applications and services they provide that could diminish the utility of these services and which could harm users thereof. The MJ Platform itself does not depend on any third-party software or applications and is based entirely on open source technologies and custom programming. The MJ Platform, however, is hosted by Amazon Web Services, a third-party service provider. There are readily available alternative hosting services available should we desire or need to move to a different web host. Certain ancillary services provided by us also uses the services of third-party providers, for which, we believe, there are readily available alternatives on comparable economic terms. Offering integrated platforms, such as the Leaf Data System and MJ Platform which rely, in part, on the services of other providers lessens the control that we have over the total client experience. Should the third-party service providers we rely upon not deliver at standards we expect and desires, acceptance of our platforms could suffer, which would have an adverse effect on our business and financial performance. Further, we cannot be assured of entering into agreements with such third-party service providers on economically favorable terms.

Acquisitions and integration issues may expose us to risks.

Our business strategy includes making targeted acquisitions. Any acquisition that we make may be of significant size, may change the scale of our business and operations, and may expose us to new geographic, political, operating, financial, and geological risks. Our success in our acquisition activities depends on our ability to identify suitable acquisition candidates, negotiate acceptable terms for any such acquisition, and integrate the acquired operations successfully with our own. Any acquisitions would be accompanied by risks. For example, there may be significant changes in our market value after we have committed to complete the transaction and have established the purchase price or exchange ratio; a potential targeted acquisition's business and prospects may prove to be below expectations; we may have difficulty integrating and assimilating the operations and personnel of any acquired companies, realizing anticipated synergies and maximizing the financial and strategic position of the combined enterprise and maintaining uniform standards, policies, and controls across the organization; the integration of the acquired business or assets may disrupt our ongoing business and our relationships with employees, clients, suppliers, and contractors; and the acquired business or assets may have unknown liabilities that may be significant. If we choose to use equity securities as consideration for such an acquisition, existing shareholders may suffer dilution. Alternatively, we may choose to finance any such acquisition with our existing resources. There can be no assurance that we would be successful in overcoming these risks or any other problems encountered in connection with such acquisitions. To grow and be successful, we need to attract and retain qualified personnel.

In any future acquisitions, we may not be able to successfully integrate acquired personnel, operations, and technologies, or effectively manage the combined business following the acquisition. We also may not achieve the anticipated benefits from future acquisitions due to a number of factors, including: (a) an inability to integrate or benefit from acquisitions in a profitable manner; (b) unanticipated costs or liabilities associated with the acquisition; (c) the incurrence of acquisition-related costs; (d) the diversion of management's attention from other business concerns; (e) the loss of our or the acquired business' key employees; or (f) the issuance of dilutive equity securities, the incurrence of debt, or the use of cash to fund such acquisitions.

To grow and be successful, we need to attract and retain qualified personnel.

Our growth and success will depend to a significant extent on our ability to identify, attract, hire, train, and retain qualified professional, creative, technical, and managerial personnel. Competition for experienced and qualified talent in the cannabis industry can be intense. We may not be successful in identifying, attracting, hiring, training, and retaining such personnel in the future. If we are unable to hire, assimilate, and retain qualified personnel in the future, such inability could adversely affect our operations.

We are smaller and less diversified than many of our potential competitors.

While we believe we are a leading provider in the software solutions segment of the cannabis industry, there are general software design and integrated business platform companies seeking to provide online and software-based business solutions and operations integration to clients in numerous industries. The continued growth of the cannabis industry

[Table of Contents](#)

will likely attract some of these existing companies and incentivize them to produce solutions that are competitive with those offered by us. Many of these potential competitors are a part of large diversified corporate groups with a variety of other operations and expansive resources. We may not be able to successfully compete with larger enterprises devoting significant resources to compete in our target market space, which may negatively affect operations.

Our business and stock price may suffer as a result of our limited public company operating experience and if securities or industry analysts do not publish or cease publishing research or reports about us, our business, or our market, or if they change their recommendations regarding our common stock in an adverse manner, the price and trading volume of our common stock could decline.

If we are unable to execute our business strategy, either as a result of our inability to manage effectively our business in a public company environment or for any other reason, our business, prospects, financial condition, and operating results may be harmed.

The trading market for our common stock will be influenced by the research and reports that industry or securities analysts may publish about us, our business, our market, or our competitors. We currently have limited coverage by securities and industry analysts. If no additional securities or industry analysts commence coverage of us, our stock price and trading volume would likely be negatively impacted. If any of the analysts who cover, or who may cover us in the future, change their recommendation regarding our stock in an adverse manner, or provide more favorable relative recommendations about our competitors, the price of our common stock would likely decline. If any analyst who may cover us were to cease coverage of us or fail to regularly publish reports on us, we could lose visibility in the financial markets, which could cause our stock price or trading volume to decline.

Risks Related to Intellectual Property

Protecting and defending against intellectual property claims may have a material adverse effect on our business.

Our ability to compete depends, in part, upon successful protection of our intellectual property relating to our Leaf Data Systems and MJ Platform, and intellectual property acquired in business combinations, such as Solo, Trellis, and Ample. We seek to protect our proprietary and intellectual property rights through patent applications, available copyright and trademark laws, nondisclosure agreements, and licensing and distribution arrangements with reputable companies in our target markets. While patent protection for inventions related to cannabis and cannabis-related products is available, there are substantial difficulties faced in the patent process by cannabis-related businesses. Further, patent applications may be rejected for numerous other reasons beyond those related to the cannabis industry, including that the subject matter of the application is found to be non-patentable. Our previous patent applications were denied and while we are continuing to pursue such applications and believe they are with merit, there can be no assurance that patents will be issued on these applications. The failure to be awarded patents on our technology could weaken our ability to enforce our intellectual property rights. Any such enforcement, whether we have been granted patent protection or not, would be costly, and there can be no assurance that we will have the resources to undertake all necessary action to protect our intellectual property rights or that we will be successful. Any infringement of our material intellectual property rights could require us to redirect resources to actions necessary to protect the same and could distract management from our underlying business operations. The infringement of our material intellectual property rights and resulting actions could adversely affect our operations.

Our success depends in part upon our ability to protect our core technology and intellectual property.

Our success depends in part upon our ability to protect our core technology and intellectual property. To establish and protect our proprietary rights, we rely on a combination of patent applications, trade secrets, including know-how, license agreements, confidentiality procedures, non-disclosure agreements with third parties, employee disclosure and invention assignment agreements, and other contractual rights.

We generally control access to and use of our proprietary technology and other confidential information through the use of internal and external controls, including contractual protections with employees, contractors, clients, and partners, and our software is protected by the U.S. and international copyright laws.

Despite efforts to protect our trade secrets and proprietary rights through intellectual property rights, licenses, and confidentiality agreements, unauthorized parties may still copy or otherwise obtain and use our software and technology, as was the case when our source code was compromised in June 2017. We have taken significant actions

to improve security but will be required to regularly modify our systems to combat new hacking approaches as they develop. In addition, as our international operations expand, effective intellectual property protection may not be available or may be limited in foreign countries.

Others may assert intellectual property infringement claims against us.

Companies in the software and technology industries own large numbers of patents, copyrights, trademarks, and trade secrets, and frequently enter into litigation based on allegations of infringement, misappropriation, or other violations of intellectual property or other rights. In addition, various “non-practicing entities” that own patents and other intellectual property rights often attempt to aggressively assert their rights in order to extract value from technology companies. It is possible that others may claim from time to time that our products misappropriate or infringe the intellectual property rights of third parties. Irrespective of the validity or the successful assertion of any such claims, we could incur significant costs and diversion of resources in defending against these claims, which could adversely affect our operations. We may receive unfavorable preliminary or interim rulings in the course of litigation, and there can be no assurances that favorable final outcomes will be obtained in all cases. We may decide to settle such lawsuits and disputes on terms that are unfavorable to us. As a result, we may also be required to develop alternative non-infringing technology or practices or discontinue the practices. The development of alternative non-infringing technology or practices could require significant effort and expense or may not be feasible.

Risks Related to Akerna’s Charter Documents

Anti-takeover provisions contained in Akerna’s amended and restated certificate of incorporation and amended and restated bylaws, as well as provisions of Delaware law, could impair a takeover attempt and limit the price investors might be willing to pay in the future for our common stock and could entrench management.

Akerna’s amended and restated certificate of incorporation contains provisions that may discourage unsolicited takeover proposals that stockholders may consider to be in their best interests. We are also subject to anti-takeover provisions under Delaware law, which could delay or prevent a change of control. Together these provisions may make more difficult the removal of management and may discourage transactions that otherwise could involve payment of a premium over prevailing market prices for our securities.

These provisions:

- create a staggered board of directors making it more difficult for stockholders to remove a majority of the board of directors and take control;
- grant the board of directors the ability to designate the terms of and issue new series of preferred shares, which can be created and issued by the board of directors without prior stockholder approval, with rights senior to those of the common stock;
- impose limitations on our stockholders’ ability to call special stockholders’ meetings; and
- make it more difficult the removal of management and may discourage transactions that otherwise could involve payment of a premium over prevailing market prices for our securities.

In addition, we are subject to the provisions of Section 203 of the Delaware General Corporation Law, which may prohibit certain business combinations with stockholders owning 15% or more of our outstanding voting stock. These and other provisions in our amended and restated certificate of incorporation, our bylaws, and Delaware law could make it more difficult for stockholders or potential acquirers to obtain control of the Akerna Board or initiate actions that are opposed by our then-current Akerna Board, including to delay or impede a merger, tender offer or proxy contest involving us. Any delay or prevention of a change in control transaction or changes in the Akerna Board could cause the market price of our common stock to decline.

Our corporate opportunity provisions in Akerna's amended and restated certificate of incorporation could enable management to benefit from corporate opportunities that might otherwise be available to us.

Akerna's amended and restated certificate of incorporation provides that the doctrine of corporate opportunity, or any other analogous doctrine, shall not apply with respect to us, or any of our directors or officers in circumstances where the application of such doctrine would conflict with any fiduciary duties or contractual obligations they may otherwise have.

Our management may become aware, from time to time, of certain business opportunities (such as acquisition opportunities) and may direct such opportunities to other businesses in which they have invested, in which case we may not become aware of or otherwise have the ability to pursue such opportunity. Further, such businesses may choose to compete with us for these opportunities, possibly causing these opportunities to not be available to us or causing them to be more expensive for us to pursue. These potential conflicts of interest could adversely impact our business or prospects if attractive business opportunities are procured by such parties for their own benefit rather than for ours.

Akerna's amended and restated certificate of incorporation provides, subject to limited exceptions, that the Court of Chancery of the State of Delaware will be the sole and exclusive forum for certain stockholder litigation matters, which could limit our stockholders' ability to obtain a favorable judicial forum for disputes with us or our directors, officers, employees or stockholders.

Akerna's amended and restated certificate of incorporation requires, to the fullest extent permitted by law, that derivative actions brought in our name, actions against directors, officers, and employees for breach of fiduciary duty, actions under the Delaware general corporation law or under our Amended and Restated Certificate of Incorporation, or actions asserting a claim governed by the internal affairs doctrine may be brought only in the Court of Chancery in the State of Delaware and, if brought outside of Delaware, the stockholder bringing the suit will be deemed to have consented to service of process on such stockholder's counsel. This choice of forum provision does not preclude or contract the scope of exclusive federal or concurrent jurisdiction for any actions brought under the Securities Act or the Exchange Act of 1934, as amended, or the Exchange Act. Accordingly, our exclusive forum provision will not relieve us of our duties to comply with the federal securities laws and the rules and regulations thereunder, and our stockholders will not be deemed to have waived our compliance with these laws, rules and regulations.

Any person or entity purchasing or otherwise acquiring any interest in shares of our capital stock shall be deemed to have notice of and consented to the forum provisions in our amended and restated certificate of incorporation. This choice of forum provision does not exclude stockholders from suing in federal court for claims under the federal securities laws but may limit a stockholder's ability to bring such claims in a judicial forum that it finds favorable for disputes with us or any of our directors, officers, other employees or stockholders, which may discourage lawsuits with respect to such claims.

Alternatively, if a court were to find the choice of forum provision contained in our Amended and Restated Certificate of Incorporation to be inapplicable or unenforceable in an action, we may incur additional costs associated with resolving such action in other jurisdictions, which could harm our business, operating results and financial condition.

Risks Related to the Akerna Notes

The issuance of shares of our common stock pursuant to the Akerna Notes may result in significant dilution to our stockholders.

The conversion of the Akerna Notes could result in the issuance of a significant number of shares of our common stock. The current \$7.8 million principal amount of the Akerna Notes is convertible at a price of \$0.50 per share, which would result in the issuance of approximately 15.6 million shares of Akerna Common Stock upon the conversion of the Akerna Notes in full. At the option of Akerna, the installment payments on the Akerna Notes can be converted into shares of Akerna Common Stock at a price per share equal to the lower of (i) the conversion price then in effect, or (ii) the greater of (x) the floor price of \$10.80 and (y) 90% of the lower of (A) the volume-weighted average price of the common stock as of the trading day immediately preceding the applicable date of determination and (B) the quotient of (I) the sum of the volume-weighted average price of the common stock for each of the two (2) trading days with the lowest volume-weighted average price of the common stock during the ten consecutive trading day period ending on and including the trading day immediately prior to the applicable date of determination, divided by (II) two.

Our obligations to the Akerna Note Holders are secured by a security interest in substantially all of our assets, if we default on those obligations, the Akerna Note Holders could foreclose on our assets.

Our obligations under the Akerna Notes and the related transaction documents are secured by a security interest in substantially all of our assets. As a result, if we default on our obligations under the Akerna Notes, the collateral agent on behalf of the Akerna Note Holders could foreclose on the security interests and liquidate some or all of our assets, which would harm our business, financial condition and results of operations and could require us to reduce or cease operations and investors may lose all or part of their investment.

Events of default under the Akerna Notes include: (i) the failure of the registration statement under the registration rights agreement between the Company and the holders of Akerna Notes to be filed with the SEC or the failure of the applicable registration statement to be declared effective by the SEC by deadlines set forth in the registration rights agreement; (ii) the effectiveness of the applicable registration statement lapses for any reason or such registration statement is unavailable to any holder of registrable securities and Rule 144 (subject to certain conditions) is not unavailable to any holder of the conversion shares; (iii) suspension of trading of the Akerna Common Stock a national securities exchange for five days; (iv) uncured conversion failure; (v) failure by Akerna to maintain required share allocations for the conversion of the Akerna Notes; (vi) failure by Akerna to pay principal when due; (vii) failure of Akerna to remove restricted legends from shares issued to a holder upon conversion of the Akerna Notes; (viii) the occurrence of any default under, redemption of or acceleration prior to maturity of at least an aggregate of \$50,000 of indebtedness of Akerna; (ix) bankruptcy, insolvency, reorganization or liquidation proceedings or other proceedings for the relief of debtors shall be instituted by or against Akerna or any subsidiary and not dismissed within 45 days of initiation; (x) the commencement by Akerna or any subsidiary of a voluntary case or proceeding under any applicable federal, state or foreign bankruptcy, insolvency, reorganization or other similar law; (xi) the entry by a court of a decree, order, judgment or other similar document in respect of Akerna or any subsidiary of a voluntary or involuntary case or proceeding under any applicable federal, state or foreign bankruptcy, insolvency, reorganization or other similar law; (xii) final judgment for the payment of money aggregating in excess of \$50,000 are rendered against Akerna or any subsidiary of Akerna and not bonded or discharged within 30 days; (xiii) failure of Akerna or any subsidiary to pay when due any debts in excess of \$50,000 due to any third party; (xiv) breaches by Akerna or any subsidiary of any representations or warranties in the securities purchase agreement for the Akerna Notes or any document contemplated thereby; (xv) a false or inaccurate certification by Akerna that either (A) the "Equity Conditions" (as defined in the Akerna Notes) are satisfied, (B) there has been no "Equity Conditions Failure," (as defined in the Akerna Notes) or (C) as to whether any Event of Default has occurred; (xvi) failure of Akerna or any subsidiary to comply with certain of the covenants in the Akerna Notes; (xvii) the occurrence of (A) at any time after the six month anniversary of the issuance date, any current public information failure that remains outstanding for a period of twenty (20) trading days or (B) any restatement of any financial statements of Akerna filed with the SEC; (xviii) any material adverse effect occurring; (xix) any provision of any transaction document shall at any time for any reason cease to be valid and binding or enforceable; (xx) any security document shall for any reason (other than pursuant to the express terms thereof or due to any failure or omission of the collateral agent) fail or cease to create a separate valid and perfected and, except to the extent permitted by the terms hereof or thereof, first priority lien; (xxi) any material damage to, or loss, theft or destruction of, any collateral, that is material to the business of the Company or any subsidiary and is not reimbursed by insurance; or (xxii) any Event of Default occurs under any other Akerna Notes.

The Akerna Note Holders have certain additional rights upon an event of default under such Akerna Notes, which could harm our business, financial condition, and results of operations and could require us to reduce or cease our operations.

Under the Akerna Notes, the holders have certain rights upon an event of default. Such rights include (i) the remaining principal amount of the Akerna Notes bearing interest at a rate of 15% per annum, (ii) during the event of default the holders of the Akerna Notes will be entitled to convert all or any portion of the Akerna Notes at an alternate conversion price equal to the lower of (i) the conversion price then in effect, and (ii) 80% of the lower of (x) the volume weighted average price of the common stock as of the trading day immediately preceding the applicable date of determination and (y) the quotient of (A) the sum of the volume weighted average price of the common stock for each of the two (2) trading days with the lowest volume weighted average price of the common stock during the ten consecutive trading day period ending and including the trading day immediately prior to the applicable date of determination, divided by (B) two, but not less than the floor price, and (iii) the holder having the right to demand redemption of all or a portion of the Akerna Notes, as described below. At any time after certain notice requirements for an event of default are triggered, an Akerna Note Holder may require us to redeem all or any portion of the convertible note by delivering

written notice. The redemption price will equal the greater of (i) 115% of the outstanding principal of the convertible note to be redeemed and accrued and unpaid interest and unpaid late charges thereon, and (ii) an amount equal to the market value of the shares of the common stock underlying the Akerna Notes, as determined in accordance with the Akerna Notes. Upon the occurrence of certain events of default relating to the bankruptcy of Akerna, whether occurring prior to or following the maturity date, Akerna will be required to immediately redeem the Akerna Notes, in cash, for an amount equal to 115% of the outstanding principal of the Akerna Notes, and accrued and unpaid interest and unpaid late charges thereon, without the requirement for any notice or demand or other action by any holder or any other person or entity. We may not have sufficient funds to settle the redemption price and, as described above, this could trigger rights under the security interest granted to the holders and result in the foreclosure of their security interests and liquidation of some or all of our assets.

The exercise of any of these rights upon an event of default could substantially harm our financial condition, substantially dilute our other shareholders and force us to reduce or cease operations and investors may lose all or part of their investment.

Risks Related to Akerna Common Stock

If Akerna's Common Stock is delisted from Nasdaq, the liquidity and price of Akerna's Common Stock could decrease and Akerna's ability to obtain financing could be impaired.

On March 22, 2023, Akerna received a notification letter from The Nasdaq Stock Market stating that Akerna is not in compliance with the minimum bid price requirement, which requires our listed securities to maintain a minimum bid price of \$1.00 per share (the "Minimum Bid Price Requirement"). The notification stated that Akerna has a compliance period of 180 calendar days, or until September 18, 2023, to regain compliance with the Minimum Bid Price Requirement. If at any time during this 180-day compliance period the closing bid price of Akerna Common Stock is at least \$1.00 per share for a minimum of ten consecutive business days, then the Nasdaq Stock Market will provide Akerna with written confirmation of compliance and the matter will be closed.

If compliance cannot be demonstrated by September 18, 2023, Akerna may be eligible for additional time. To qualify, Akerna will be required to meet the continued listing requirement for market value of publicly held shares and all other initial listing standards on the Nasdaq Capital Market (except the bid price requirement). In addition, Akerna would be required to provide written notice of our intention to cure the minimum bid price deficiency during this second 180-day compliance period by effecting a reverse stock split, if necessary. If Akerna is not granted an additional 180-day compliance period, then Nasdaq will provide written notification that Akerna's securities will be subject to delisting. At that time, Akerna may appeal the determination to delist our securities to a Nasdaq hearings panel. There can be no assurance that Akerna will regain compliance with the Minimum Bid Price Requirement or otherwise maintain compliance with the other listing requirements.

On March 23, 2023, Akerna received notice from The Nasdaq Stock Market advising Akerna that it is not in compliance with the minimum stockholders' equity requirement for continued listing on The Nasdaq Capital Market. Nasdaq Listing Rule 5550(b)(1) requires companies listed on The Nasdaq Capital Market to maintain stockholders' equity of at least \$2,500,000 (the "Stockholders' Equity Requirement"). In Akerna's Annual Report on Form 10-K for the year ended December 31, 2022, Akerna reported stockholders' equity of (\$4,825,528), which is below the Stockholders' Equity Requirement for continued listing.

Pursuant to the notice, Nasdaq gave Akerna 45 calendar days, or until May 8, 2023, to submit to Nasdaq a plan to regain compliance. Akerna submitted its plan on May 8, 2023 and the staff of the Nasdaq granted an extension for Akerna to regain compliance through September 19, 2023.

There can be no assurance that Akerna's plan will be accepted or that if it is, Akerna will be able to regain compliance. If Akerna's plan to regain compliance is not accepted, or if it is and Akerna does not regain compliance within 180 days from the date of Nasdaq's letter, or if Akerna fails to satisfy another Nasdaq requirement for continued listing, Nasdaq could provide notice that Akerna's common stock will become subject to delisting. In such event, Nasdaq rules would permit Akerna to appeal the decision to reject Akerna's proposed compliance plan or any delisting determination to a Nasdaq Hearings Panel. The hearing request would stay any suspension or delisting action pending the conclusion of the hearing process and the expiration of any additional extension period granted by the panel following the hearing.

We may seek to raise additional funds, finance acquisitions, or develop strategic relationships by issuing securities that would dilute investors' ownership. Depending on the terms available to us, if these activities result in significant dilution, it may negatively impact the trading price of our shares of Akerna Common Stock.

Any additional financing that we secure, may require the granting of rights, preferences, or privileges senior to, or *pari passu* with, those of Akerna Common Stock. Any issuances by us of equity securities may be at or below the prevailing market price of Akerna Common Stock and in any event, may have a dilutive impact on stockholders' ownership interest, which could cause the market price of our common stock to decline. We may also raise additional funds through the incurrence of debt, subject to the limitations imposed by the Akerna Notes, or the issuance or sale of other securities or instruments senior to our shares of common stock. We cannot be certain how the repayment of the Akerna Notes will be funded and we may issue further equity or debt in order to raise funds to repay the promissory notes, including funding that may be highly dilutive. The holders of any securities or instruments we may issue may have rights superior to the rights of our common stockholders. If we experience dilution from the issuance of additional securities and we grant superior rights to new securities over holders of our common stock, it may negatively impact the trading price of our shares of common stock and stockholders may lose all or part of their investment.

Pursuant to the terms of the Exchange Agreements, we are required to complete a financing for \$500,000 prior to a portion of the Akerna Notes being exchanged for Series C Preferred Stock. We anticipate that we will complete that financing prior to the record date of the special meeting. Per the requirements of the Exchange Agreement, half of the proceeds of such financing will be used to redeem outstanding principal amount of Akerna Notes.

Pursuant to the Merger Agreement, Akerna can raise up to \$5 million in financings to meet its ongoing expenses until closing of the Merger. Any amounts above \$5 million have to be loaned to Gryphon pursuant to the terms of the Merger Agreement.

Warrants are exercisable for Akerna Common Stock, which could increase the number of shares eligible for future resale in the public market and result in dilution to our stockholders.

Currently, there are warrants to purchase 2,573,299 shares of Akerna Common Stock. Akerna's warrants issued in 2019 are exercisable for 290,690 shares of Akerna Common Stock at \$230.00 per share. Akerna's warrants issued in July of 2022 are exercisable for a combined amount of 2,282,609 shares of Akerna Common Stock at \$0.37 per share. To the extent such warrants are exercised, additional shares of common stock will be issued, which will result in dilution to the then-existing holders of common stock and increase the number of shares eligible for resale in the public market. Sales of substantial numbers of such shares in the public market could adversely affect the market price of our common stock.

Certain of our warrants are accounted for as a derivative liability and are recorded at fair value upon issuance with any changes in fair value each period reported in our statement of operations, which may have an adverse effect on the market price of our securities.

We had 225,635 warrants that were issued in private placements that occurred concurrently with the initial public offering of Mtech Acquisitions Corp., our successor (the "private warrants"). These private warrants and the shares of Akerna Common Stock issuable upon the exercise of the private warrants are exercisable for cash or on a cashless basis, at the holder's option, and are non-redeemable so long as they are held by the initial purchasers or their permitted transferees. If the private warrants are held by someone other than the initial purchasers or their permitted transferees, the private warrants will be redeemable by Akerna and exercisable by such holders on the same basis as the warrants included in the units sold in the initial public offering, in which case the 225,635 private warrants could be redeemed by Akerna for \$2,256.35. Under generally accepted accounting principles in the United States ("GAAP"), Akerna is required to evaluate contingent exercise provisions of these warrants and then their settlement provisions to determine whether they should be accounted for as a warrant liability or as equity. As a result of the provision that the private warrants, when held by someone other than the initial purchasers or their permitted transferees, will be redeemable by Akerna, the requirements for accounting for these warrants as equity are not satisfied. Therefore, we are required to account for these private warrants as a warrant liability and record (a) that liability at fair value and (b) any subsequent changes in fair value as of the end of each period for which earnings are reported. The impact of changes in fair value on earnings may have an adverse effect on the market price of our common stock.

If we do not maintain a current and effective prospectus relating to the common stock issuable upon exercise of the warrants, public holders will only be able to exercise such warrants or pre-funded warrants on a “cashless basis.”

If we do not maintain a current and effective prospectus relating to the shares of common stock issuable upon exercise of the warrants at the time that holders wish to exercise such warrants, they will only be able to exercise them on a “cashless basis,” and under no circumstances would we be required to make any cash payments or net cash settle such warrants to the holders. As a result, the number of shares of common stock that holders will receive upon exercise of the warrants will be fewer than it would have been had such holders exercised their warrants. Under the terms of the warrants, we have agreed to use our best efforts to maintain a current and effective prospectus relating to the shares of common stock issuable upon exercise of such warrants until the expiration of such warrants. However, we cannot assure you that we will be able to do so. If we are unable to do so, the potential “upside” of the holder’s investment in our company may be reduced.

Provisions of the warrants could discourage an acquisition of us by a third party.

Certain provisions of the warrants could make it more difficult or expensive for a third party to acquire us. The warrants prohibit us from engaging in certain transactions constituting “fundamental transactions” unless, among other things, the surviving entity assumes our obligations under the warrants.

We may face additional risks, including regulatory, litigation, stockholder or other actions and negative impacts on our stock price, as a result of the material weakness in our internal control over financial reporting and revisions to our financial statements.

As a result of our material weaknesses in internal control over financial reporting, we face potential additional risks, including regulatory, litigation, stockholder or other actions and negative impacts on our stock price, which may include, among others, claims invoking the federal and state securities laws, contractual claims or other claims arising from the material weakness in our internal control over financial reporting and the preparation of our financial statements. As of the date of this report, we have no knowledge of any such litigation or dispute. However, we can provide no assurance that such litigation or dispute will not arise in the future. Any such litigation or dispute, whether successful or not, could have a material adverse effect on our business, results of operations and financial condition.

The market price of the Akerna Common Stock is particularly volatile given our status as a relatively new public company with a generally small and thinly traded public float, which could lead to wide fluctuations in our share price. Stockholders may be unable to sell their shares of Akerna Common Stock at or above their purchase price, which may result in substantial losses to them.

The market for shares of Akerna Common Stock is characterized by significant price volatility when compared to the shares of larger, more established companies that trade on a national securities exchange and have large public floats, and we expect that our share price will continue to be more volatile than the shares of such larger, more established companies for the indefinite future. The volatility in our share price is attributable to a number of factors, including the fact that our shares are thinly traded relative to larger, more established companies. The price for shares of Akerna Common Stock could, for example, decline precipitously in the event that a large number of shares of Akerna Common Stock are sold on the market without commensurate demand. Currently, there are warrants to purchase 2,573,299 shares of Akerna Common Stock. Akerna’s warrants issued in 2019 are exercisable for 290,690 shares of Akerna Common Stock at \$230.00 per share. Akerna’s warrants issued in July of 2022 are exercisable for a combined amount of 2,282,609 shares of Akerna Common Stock at \$0.37 per share. Further, the current \$7.8 million principal amount of the Akerna Notes is convertible at a price of \$0.50 per share, which would result in the issuance of approximately 15.6 million shares of Akerna Common Stock upon the conversion of the Akerna Notes in full. If these securities are exercised or converted and sold into the open market could cause our stock price to decline. In addition, because we may be considered a speculative or “risky” investment due to our lack of profits to date, certain investors may, under the fear of losing all or most of their investment in the event of negative news or lack of progress, be more inclined to sell their shares of Akerna Common Stock on the market more quickly and at greater discounts, thus resulting in a rapid downward decline in the price of Akerna Common Stock. Many of these factors are beyond our control and may decrease the market price of Akerna Common Stock, regardless of our operating performance.

The market price of Akerna Common Stock is still likely to be highly volatile and subject to wide fluctuations, and stockholders may be unable to resell shares of Akerna Common Stock at or above the price at which they are acquired.

The market price of Akerna Common Stock is likely to be highly volatile and could be subject to wide fluctuations in response to a number of factors that are beyond our control, including, but not limited to:

- Variations in our revenues and operating expenses;
- Actual or anticipated changes in the estimates of our operating results or changes in stock market analyst recommendations regarding Akerna Common Stock, other comparable companies, or our industry generally;
- Market conditions in our industry, the industries of our clients, and the economy as a whole;
- Actual or expected changes in our growth rates or our competitors' growth rates;
- Developments in the financial markets and worldwide or regional economies;
- Announcements of innovations or new products or services by us or our competitors;
- Announcements by the governments and other regulatory authorities relating to regulations that apply to our industry;
- Sales of Akerna Common Stock or other securities by us or in the open market; and
- Changes in the market valuations of other comparable companies.

The trading price of our shares of Akerna Common Stock might also decline in reaction to events that affect other companies in our industry, even if these events do not directly affect us. In the past, following periods of volatility in the market, securities class-action litigation has often been instituted against companies. Such litigation, if instituted against us, could result in substantial costs and diversion of management's attention and resources, which could materially and adversely affect our business, operating results, and financial condition.

We have not paid dividends in the past and do not expect to pay dividends for the foreseeable future, and any return on investment may be limited to potential future appreciation in the value of our common stock.

We currently intend to retain any future earnings to pay Transaction expenses and do not anticipate paying cash dividends on our shares of Akerna Common Stock in the foreseeable future. Payment of any future dividends will be at the discretion of the board of directors of the combined company after taking into account various factors, including without limitation, financial condition, operating results, cash needs, growth plans, and the terms of any credit agreements that the combined company may be a party to at the time. To the extent we do not pay dividends, the common stock of the combined company may be less valuable because a return on investment will only occur if and to the extent its stock price appreciates, which may never occur. In addition, investors must rely on sales of their common stock after price appreciation as the only way to realize their investment, and if the price of the combined company's common stock does not appreciate, then there will be no return on investment.

General Risks

Any failure to maintain effective disclosure controls and procedures and internal control over our financial reporting could materially adversely affect us.

We do not currently have effective disclosure controls and procedures and internal control over financial reporting. Effective disclosure controls and procedures provides reasonable assure that our public reports contain necessary material information as required by applicable securities laws. Effective internal control over financial reporting provides reasonable assurance on our ability to provide reliable financial reports, effectively prevent fraud and operate successfully as a public company. If we cannot provide accurate and timely reports and reliable financial reports or prevent fraud, our reputation and operating results would be harmed. Management may not be able to effectively and timely implement controls and procedures that adequately respond to the regulatory compliance and reporting requirements that are applicable to us. Failure to remediate material weaknesses in internal controls over financial reporting could result in material misstatements in our financial statements.

Our management has identified material weaknesses in our internal controls over financial reporting and has concluded that due to such material weaknesses, our internal controls over financial reporting (including disclosure controls and procedures) were not effective as of December 31, 2022. If not remediated, our failure to establish and maintain effective disclosure controls and procedures over financial reporting could result in material misstatements in our financial statements and a failure to meet our reporting and financial obligations, each of which could have a material adverse effect on our financial condition and the trading price of our common stock.

The requirements of being a public company may strain our resources and divert management's attention.

As a public company, we are subject to the reporting requirements of the Exchange Act, the Sarbanes-Oxley Act of 2002 (the "Sarbanes-Oxley Act"), the Dodd-Frank Act, the listing requirements of Nasdaq, and other applicable securities rules and regulations. Compliance with these rules and regulations increase our legal and financial compliance costs, make some activities more difficult, time-consuming or costly and increase demand on our systems and resources, particularly after we are no longer an "emerging growth company." The Sarbanes-Oxley Act requires, among other things, that we maintain effective disclosure controls and procedures and internal control over financial reporting. In order to maintain and, if required, improve our disclosure controls and procedures and internal control over financial reporting to meet this standard, significant resources and management oversight may be required. As a result, management's attention may be diverted from other business concerns, which could adversely affect our business and operating results. We may need to hire more employees in the future or engage outside consultants to comply with these requirements, which will increase our costs and expenses.

In addition, changing laws, regulations, and standards relating to corporate governance and public disclosure are creating uncertainty for public companies, increasing legal and financial compliance costs and making some activities more time-consuming. These laws, regulations, and standards are subject to varying interpretations, in many cases due to their lack of specificity, and, as a result, their application in practice may evolve over time as new guidance is provided by regulatory and governing bodies. This could result in continuing uncertainty regarding compliance matters and higher costs necessitated by ongoing revisions to disclosure and governance practices. We intend to invest resources to comply with evolving laws, regulations, and standards, and this investment may result in increased general and administrative expenses and a diversion of management's time and attention from revenue-generating activities to compliance activities. If our efforts to comply with new laws, regulations, and standards differ from the activities intended by regulatory or governing bodies due to ambiguities related to their application and practice, regulatory authorities may initiate legal proceedings against us and our business may be adversely affected.

We are an "emerging growth company" and we cannot be certain if the reduced disclosure requirements applicable to emerging growth companies will make our shares of common stock less attractive to investors.

We are an "emerging growth company," as defined in the JOBS Act, and we may take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not "emerging growth companies" including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act ("Section 404"), reduced disclosure obligations regarding executive compensation in our periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and shareholder approval of any golden parachute payments not previously approved. Additionally, as an emerging growth company, we have elected to delay the adoption of new or revised accounting standards that have different effective dates for public and private companies until those standards apply to private companies. As such, our financial statements may not be comparable to companies that comply with public company effective dates. It cannot be predicted if investors will find our common stock less attractive because we may rely on these exemptions. If some investors find our common stock less attractive as a result, there may be a less active trading market for our common stock and our share price may be more volatile.

Our operations could be adversely affected by events outside of our control, such as natural disasters, wars, or health epidemics.

We may be impacted by business interruptions resulting from geopolitical actions, including war and terrorism, or natural disasters including earthquakes, typhoons, floods, and fires. An outbreak of any of the foregoing or fear of any of the foregoing could adversely impact us by disrupting the operations of our clients, which could result in delayed payments, non-renewal of contracts, and other adverse effects on the market for our products or by causing

product development and implementation delays and disruptions (including as a result of government regulation and prevention measures). We may incur expenses or delays relating to such events outside of our control, which could have a material adverse impact on our business, operating results, and financial condition.

Proposed legislation in the U.S. Congress, including changes in U.S. tax law, and the recently enacted Inflation Reduction Act of 2022, may adversely impact us and the value of our common stock.

Changes to U.S. tax laws (which changes may have retroactive application) could adversely affect us or holders of our common stock. In recent years, many changes to U.S. federal income tax laws have been proposed and made, and additional changes to U.S. federal income tax laws are likely to continue to occur in the future.

The U.S. Congress is currently considering numerous items of legislation which may be enacted prospectively or with retroactive effect, which legislation could adversely impact our financial performance and the value of shares of our common stock. Additionally, states in which we operate or own assets may impose new or increased taxes. If enacted, most of the proposals would be effective for the current or later years. The proposed legislation remains subject to change, and its impact on us or our investors is uncertain.

In addition, the recently enacted Inflation Reduction Act of 2022 includes provisions that will impact the U.S. federal income taxation of corporations. Among other items, this legislation includes provisions that will impose a minimum tax on the book income of certain large corporations and an excise tax on certain corporate stock repurchases that would be imposed on the corporation repurchasing such stock. It is unclear how this legislation will be implemented by the U.S. Department of Treasury and we cannot predict how this legislation or any future changes in tax laws might affect us or investors in our common stock.

Risks Related to Gryphon

Risks Related to the Price of Bitcoin

Gryphon's future success will depend upon the value of Bitcoin; the value of Bitcoin may be subject to pricing risk and has historically been subject to wide swings.

Gryphon's operating results depend on the value of Bitcoin because it is the only cryptocurrency that Gryphon mines. Specifically, Gryphon's revenues from its bitcoin mining operations are based on two factors: (1) the number of bitcoin rewards Gryphon successfully mines and (2) the value of Bitcoin. In addition, Gryphon's operating results are directly impacted by changes in the value of Bitcoin, because under the value measurement model, impairment of Bitcoin and realized gains will be reflected in Gryphon's statement of operations (i.e., Gryphon will be marking bitcoin to fair value each closing period). This means that Gryphon's operating results will be subject to swings based upon increases or decreases in the value of Bitcoin. Further, Gryphon's current application-specific integrated circuit, or ASIC, machines (which Gryphon refers to as "miners") are principally utilized for mining bitcoin and cannot mine other cryptocurrencies, such as ether, that are not mined utilizing the "SHA-256 algorithm." If other cryptocurrencies were to achieve acceptance at the expense of Bitcoin causing the value of Bitcoin to decline, or if Bitcoin were to switch its proof of work algorithm from SHA-256 to another algorithm for which Gryphon's miners are not specialized, or the value of Bitcoin were to decline for other reasons, particularly if such decline were significant or over an extended period of time, Gryphon's operating results would be adversely affected, and there could be a material adverse effect on Gryphon's ability to continue as a going concern or to pursue Gryphon's strategy at all, which could have a material adverse effect on Gryphon's business, prospects or operations, and harm investors.

Bitcoin market prices, which have historically been volatile and are impacted by a variety of factors (including those discussed below), are determined primarily using data from various exchanges, over-the-counter markets and derivative platforms. Furthermore, such prices may be subject to factors such as those that impact commodities, more so than business activities, which could be subjected to additional influence from fraudulent or illegitimate actors, real or perceived scarcity, and political, economic, regulatory or other conditions. Pricing may be the result of, and may continue to result in, speculation regarding future appreciation in the value of Bitcoin, which inflates and makes its market prices more volatile or creates "bubble" type risks for Bitcoin.

Gryphon may face several risks due to disruptions in the crypto asset markets, including but not limited to the risk from depreciation in Gryphon’s stock price, financing risk, risk of increased losses or impairments in its investments or other assets, risks of legal proceedings and government investigations, and risks from price declines or price volatility of crypto assets.

The use of crypto assets to, among other things, buy and sell goods and services and complete other transactions is part of a new and rapidly evolving industry that employs crypto assets based upon a computer generated mathematical and/or cryptographic protocol. The growth of this industry in general, and the use of crypto assets in particular, is subject to a high degree of uncertainty, and the slowing or stopping of the development or acceptance of developing protocols may adversely affect Gryphon’s operations. The factors affecting the further development of the industry, include, but are not limited to:

- Continued worldwide growth in the adoption and use of crypto assets;
- Governmental and quasi-governmental regulation of crypto assets and their use, or restrictions on or regulation of access to and operation of the network or similar crypto asset systems;
- Changes in consumer demographics and public tastes and preferences;
- The maintenance and development of the open source software protocol of the network;
- The availability and popularity of other forms or methods of buying and selling goods and services, including new means of using fiat currencies;
- General economic conditions and the regulatory environment relating to crypto assets; and
- Consumer sentiment and perception of Bitcoin specifically and crypto assets generally.

Many crypto asset exchanges currently do not provide the public with significant information regarding their ownership structure, management teams, corporate practices or regulatory compliance. As a result, the marketplace may lose confidence in, or may experience problems relating to, crypto asset exchanges, which may cause the price of Bitcoin to decline. For example, in the first half of 2022, each of Celsius Network LLC, et al. (“Celsius”), Voyager Digital Ltd., et al. (“Voyager”), and Three Arrows Capital (“Three Arrows”) declared bankruptcy, resulting in a loss of confidence among participants in the crypto asset ecosystem and negative publicity surrounding crypto assets more broadly. In November 2022, BlockFi Inc. (“BlockFi”) and FTX Trading Ltd. (“FTX”), the third largest crypto asset exchange by volume at the time, halted customer withdrawals and shortly thereafter, FTX and its subsidiaries filed for bankruptcy. In December 2022, Core Scientific Inc. (“Core”), one of the largest publicly traded crypto mining companies in the U.S., filed for bankruptcy. Most recently, in January 2023, Genesis Global Holdco, LLC, et al. (“Genesis”) filed for bankruptcy.

In response to these events, the crypto asset markets, including the market for Bitcoin specifically, have experienced extreme price volatility and several other entities in the crypto asset industry have been, and may continue to be, negatively affected, further undermining confidence in the crypto asset market and in Bitcoin. These events have also negatively impacted the liquidity of the crypto asset market as certain entities affiliated with FTX engaged in significant trading activity. If the liquidity of the crypto asset market continues to be negatively impacted by these events, crypto asset prices, including the price of Bitcoin, may continue to experience significant volatility and confidence in the crypto asset markets may be further undermined. A perceived lack of stability in the crypto asset exchange market and the closure or temporary shutdown of crypto asset exchanges due to business failure, hackers or malware, government-mandated regulation or fraud, may reduce confidence at least in part in crypto asset networks and result in greater volatility in Bitcoin’s value. Because the value of Bitcoin is derived from the continued willingness of market participants to exchange government-issued currency that is designated as legal tender in its country of issuance through government decree, regulation or law for Bitcoin, should the marketplace for Bitcoin be jeopardized or disappear entirely, permanent and total loss of the value of Bitcoin may result. Such a decrease in Bitcoin price may have a material and adverse effect on Gryphon’s results of operations and financial condition as the results of Gryphon’s operations are significantly tied to the price of Bitcoin.

The failure or insolvency of large exchanges like FTX may cause the price of Bitcoin to fall and decrease confidence in the ecosystem, which could adversely affect an investment in Gryphon. Such market volatility and decrease in Bitcoin price may have a material and adverse effect on Gryphon's results of operations and financial condition as the results of Gryphon's operations are significantly tied to the price of Bitcoin.

As of the date hereof, Gryphon has not experienced any material impact resulting from the bankruptcy filings of FTX, Three Arrows, Celsius, Voyager, BlockFi, and Genesis and the attendant disruptions in the crypto asset markets. Genesis is owned by Digital Currency Group Inc. ("DCG"), which also owns Foundry Digital LLC ("Foundry"), one of Gryphon's mining pool providers. However, at this time, Gryphon believes it is not subject to any material risks arising from its previous exposure to Genesis. Other than the Genesis entities, Gryphon (i) has no direct exposure to any crypto asset entities that have recently filed for bankruptcy; (ii) has no assets that may not be recovered due to these bankruptcies; and (iii) has no exposure to any other counterparties, customers, custodians or other crypto asset market third parties known to Gryphon to have (x) experienced material excessive redemptions or withdrawals or suspended redemptions or withdrawals of crypto assets, (y) the crypto assets of their customers unaccounted for, or (z) experienced material compliance failures. Similarly, Gryphon believes it is not subject to any material risks arising from its previous exposure to Core. Core provides hosting services for approximately 2% of Gryphon's existing fleet and has continued to provide services throughout its bankruptcy process, with no noticeable impact to the level of service provided. Gryphon does not have any assets which may be lost due to the bankruptcy proceedings of Core.

The lack of regulation of digital asset exchanges which Bitcoin, and other cryptocurrencies, are traded on, may expose Gryphon to the effects of negative publicity resulting from fraudulent actors in the cryptocurrency space, and can adversely affect an investment in Gryphon.

The digital asset exchanges on which Bitcoin is traded are relatively new and largely unregulated. Many digital asset exchanges do not provide the public with significant information regarding their ownership structure, management teams, corporate practices, or regulatory compliance. As a result, the marketplace may lose confidence in, or may experience problems relating to, such digital asset exchanges, including prominent exchanges handling a significant portion of the volume of digital asset trading. In 2022, FTX and a number of other digital asset exchanges filed for bankruptcy proceedings after failing to solve financial issues caused by the falling prices of Bitcoin and other cryptocurrencies. FTX and others became the subjects of investigations by various governmental agencies for, among other things, fraud, which caused a loss of confidence in cryptocurrency market participants and an increase in negative publicity for the digital asset ecosystem. As a result, many digital asset markets, including the market for Bitcoin, did and continue to experience increased price volatility. The Bitcoin ecosystem may continue to be negatively impacted and experience long term volatility if public confidence cannot rebound or decreases again due similar future events.

These events are continuing to develop and it is not possible to predict, at this time, every risk that they may pose to Gryphon, Gryphon's service providers, or the digital asset industry as a whole. A perceived lack of stability in the digital asset exchange market and the closure or temporary shutdown of digital asset exchanges due to business failure, hackers or malware, government-mandated regulation, or fraud, may reduce confidence in digital asset networks and result in greater volatility in cryptocurrency values. These potential consequences of a digital asset exchange's failure could adversely affect an investment in Gryphon.

The Bitcoin market is exposed to financially troubled cryptocurrency-based companies.

The failure of several cryptocurrency platforms has impacted and may continue to impact the broader cryptocurrency economy; the full extent of these impacts may not yet be known. Bitcoin is part of the cryptocurrency environment and is subject to price volatility resulting from financial instability, poor business practices, and fraudulent activities of players in the cryptocurrency market. When investors in cryptocurrency and cryptocurrency-based companies experience financial difficulty as a result of price volatility, poor business practices, and/or fraud, it has caused, and may continue to cause, loss of confidence in the cryptocurrency space, reputational harm to cryptocurrency assets, heightened scrutiny by regulatory authorities and law makers, and a steep decline in the value of Bitcoin, among other material impacts. Such adverse effects have affected, and may in the future continue to affect, the profitability of Gryphon's bitcoin mining operations.

There is a lack of liquid markets for, and possible manipulation of, blockchain/cryptocurrency-based assets.

Cryptocurrencies that are represented and trade on a ledger-based platform may not necessarily benefit from viable trading markets. Stock exchanges have listing requirements and vet issuers, requiring them to be subjected to rigorous listing standards and rules, and monitor investors transacting on such platform for fraud and other improprieties. These conditions may not necessarily be replicated on a distributed ledger platform, depending on the platform's controls and other policies. The more relaxed a distributed ledger platform is about vetting issuers of cryptocurrency assets or users that transact on the platform, the higher the potential risk for fraud or the manipulation of the ledger due to a control event. These factors may decrease liquidity or volume or may otherwise increase volatility of investment securities or other assets trading on a ledger-based system. Such circumstances could have a material adverse effect on Gryphon's ability to continue as a going concern or to pursue its strategy at all, which could have a material adverse effect on Gryphon's business, prospects or operations and potentially the value of any bitcoin that Gryphon mines or otherwise acquires or holds for its own account, which in turn could harm investors.

Acceptance and/or widespread use of Bitcoin are uncertain.

Currently, there is a relatively limited use of Bitcoin in the retail and commercial marketplace. Banks and other established financial institutions may refuse to process funds for Bitcoin transactions, process wire transfers to or from Bitcoin exchanges, Bitcoin-related companies or service providers, or maintain accounts for persons or entities transacting in Bitcoin. Conversely, a significant portion of Bitcoin demand is generated by investors seeking a long-term store of value or speculators seeking to profit from the short- or longterm holding of the asset. Price volatility undermines Bitcoin's role as a medium of exchange, as retailers are much less likely to accept it as a form of payment. Market capitalization for Bitcoin as a medium of exchange and payment method may always be low.

The relative lack of acceptance of Bitcoin in the retail and commercial marketplace limits the ability of end users to use bitcoin to pay for goods and services. Such lack of acceptance could have a material adverse effect on Gryphon's ability to continue as a going concern or to pursue Gryphon's strategy at all, which could have a material adverse effect on Gryphon's business, prospects or operations and potentially the value of Bitcoin Gryphon mines or otherwise acquires or holds for its own account.

The further development and acceptance of digital asset networks and other digital assets, which represent a new and rapidly changing industry, are subject to a variety of factors that are difficult to evaluate. The slowing or stopping of the development or acceptance of digital asset systems may adversely affect an investment in Gryphon.

The use of cryptocurrencies to, among other things, buy and sell goods and services and complete transactions, is part of a new and rapidly evolving industry that employs cryptocurrency assets, including Bitcoin, based upon a computer-generated mathematical and/or cryptographic protocol. Large-scale acceptance of Bitcoin as a means of payment has not, and may never, occur. The growth of this industry in general, and the use of Bitcoin in particular, is subject to a high degree of uncertainty, and the slowing or stopping of the development or acceptance of developing protocols may occur unpredictably. The factors include, but are not limited to:

- continued worldwide growth in the adoption and use of Bitcoin as a medium of exchange;
- governmental and quasi-governmental regulation of Bitcoin and its use, or restrictions on or regulation of access to and operation of the Bitcoin network or similar cryptocurrency systems;
- changes in consumer demographics and public tastes and preferences;
- the maintenance and development of the open-source software protocol of the network;
- the increased consolidation of contributors to the Bitcoin blockchain through mining pools;
- the availability and popularity of other forms or methods of buying and selling goods and services, including new means of using fiat currencies;
- the use of the networks supporting cryptocurrencies for developing smart contracts and distributed applications;
- general economic conditions and the regulatory environment relating to cryptocurrencies; and
- negative consumer sentiment and perception of Bitcoin specifically and cryptocurrencies generally.

The outcome of these factors could have negative effects on Gryphon’s ability to continue as a going concern or to pursue Gryphon’s business strategy at all, which could have a material adverse effect on Gryphon’s business, prospects or operations as well as a potentially negative effect on the value of any bitcoin that Gryphon mines or otherwise acquires or holds for Gryphon’s own account, which would harm investors.

The bitcoin reward for successfully uncovering a block will halve several times in the future and Bitcoin value may not adjust to compensate Gryphon for the reduction in the rewards Gryphon receives from its mining efforts.

Halving is a process designed to control the overall supply and reduce the risk of inflation in cryptocurrencies using a proof-of-work consensus algorithm. At a predetermined block, the mining reward is cut in half, hence the term “halving.” For Bitcoin, the reward was initially set at 50 bitcoin currency rewards per block. This was cut in half to 25 on November 28, 2012 at block 210,000, and then again to 12.5 on July 9, 2016 at block 420,000. The most recent halving for Bitcoin happened on May 11, 2020 at block 630,000 and the reward reduced to 6.25. The next halving will likely occur in 2024 and the reward will reduce to 3.125. This process will reoccur until the total amount of bitcoin currency rewards issued reaches 21 million, which is expected around 2140.

While Bitcoin prices have historically increased around these halving events, which increases in price have correspondingly mitigated the decrease in mining reward, there is no guarantee that the price change would be favorable or would compensate for the reduction in mining reward. If a corresponding and proportionate increase in the trading price of Bitcoin or a proportionate decrease in mining difficulty does not follow these anticipated halving events, the revenue Gryphon earns from its bitcoin mining operations would see a corresponding decrease, which would have a material adverse effect on Gryphon’s business and the economics of Gryphon’s mining operations.

Gryphon aims to mitigate the impacts of halving by maintaining a breakeven profitability floor far below the network average. To do so, Gryphon has developed and implemented a curtailment agreement with its hosting partners to maximize the marginal profitability of its machines.

Gryphon’s partners have also implemented standard operating procedures to maximize the operational efficiency of its sites, such as preventative maintenance and cleaning of equipment. Gryphon believes that these steps can enable it to maintain survivability above its competitors and mitigate the downside risk of decreased rewards.

Cryptocurrencies, including Bitcoin, face significant scaling obstacles that can lead to high fees or slow transaction settlement times.

Cryptocurrencies face significant scaling obstacles that can lead to high fees or slow transaction settlement times, and attempts to increase the volume of transactions may not be effective. Scaling cryptocurrencies is essential to the widespread acceptance of cryptocurrencies as a means of payment, which widespread acceptance is important to the continued growth and development of Gryphon’s business. Many cryptocurrency networks, including the Bitcoin network, face significant scaling challenges. For example, cryptocurrencies are limited with respect to how many transactions can occur per second. Participants in the cryptocurrency ecosystem debate potential approaches to increasing the average number of transactions per second that the network can handle and have implemented mechanisms or are researching ways to increase scale, such as increasing the allowable sizes of blocks, and therefore the number of transactions per block, and sharding (a horizontal partition of data in a database or search engine), which would not require every single transaction to be included in every single miner’s or validator’s block. However, there is no guarantee that any of the mechanisms in place or being explored for increasing the scale of settlement of cryptocurrency and, specifically, Bitcoin transactions will be effective, or how long they will take to become effective, which could adversely affect Gryphon’s business.

Transaction fees may decrease demand for Bitcoin and prevent expansion that could adversely impact an investment in Gryphon.

As the number of bitcoins awarded for solving a block in a blockchain decreases, the incentive for miners to continue to contribute to the Bitcoin network may transition from a set reward to transaction fees. In order to incentivize miners to continue to contribute to the Bitcoin network, the Bitcoin network may either formally or informally transition from a set reward to transaction fees earned upon solving a block. This transition could be accomplished by miners independently electing to record in the blocks they solve only those transactions that include payment of a transaction fee. If transaction fees paid for Bitcoin transactions become too high, the marketplace may be reluctant to accept Bitcoin as a means of payment and existing users may be motivated to switch from Bitcoin to another cryptocurrency

or to fiat currency. Either the requirement from miners of higher transaction fees in exchange for recording transactions in a blockchain or a software upgrade that automatically charges fees for all transactions may decrease demand for Bitcoin and prevent the expansion of the Bitcoin network to retail merchants and commercial businesses, resulting in a reduction in the price of Bitcoin that could adversely impact Gryphon's business. Decreased use and demand for bitcoins that Gryphon has accumulated may adversely affect their value and may adversely impact an investment in Gryphon.

The price of Bitcoin may be affected by the sale of Bitcoin by other vehicles investing in Bitcoin or tracking Bitcoin markets.

The global market for Bitcoin is characterized by supply constraints that differ from those present in the markets for commodities or other assets such as gold and silver. The mathematical protocols under which Bitcoin is mined permit the creation of a limited, predetermined amount of currency, while others have no limit established on total supply. To the extent that other vehicles investing in Bitcoin or tracking Bitcoin markets form and come to represent a significant proportion of the demand for Bitcoin, large redemptions of the securities of those vehicles and the subsequent sale of Bitcoin by such vehicles could negatively affect Bitcoin prices and therefore affect the value of the Bitcoin holdings Gryphon holds. Such events could have a material adverse effect on Gryphon's ability to continue as a going concern or to pursue Gryphon's new strategy at all, which could have a material adverse effect on Gryphon's business, prospects or operations and potentially the value of any bitcoin that Gryphon mines or otherwise acquires or holds for its own account.

The development of other cryptocurrencies and/or digital currencies may adversely affect the value of Bitcoin.

To the extent that other cryptocurrencies are introduced into the market, gain traction and are supported by the deployment of significant resources, the success of any such cryptocurrency could lead to a decrease in demand and the potential exclusion of existing cryptocurrencies, such as Bitcoin.

In addition, central banks in some countries have started to introduce digital forms of legal tender. Whether or not they incorporate blockchain or similar technology, central bank digital currencies as legal tender in the issuing jurisdiction could have an advantage in competing with, or replacing, Bitcoin and other cryptocurrencies as a medium of exchange or store of value. As a result, the value of Bitcoin could decrease, which could have a material adverse effect on Gryphon's business, prospects, financial condition, and operating results.

If a malicious actor or botnet obtains control in excess of 50% of the processing power active on any digital asset network, including the Bitcoin network, it is possible that such actor or botnet could manipulate the blockchain in a manner that adversely affects an investment in Gryphon.

If a malicious actor or botnet (a volunteer or hacked collection of computers controlled by networked software coordinating the actions of the computers) obtains a majority of the processing power dedicated to mining on any digital asset network, including the Bitcoin network, it may be able to alter the blockchain by constructing alternate blocks if it is able to solve for such blocks faster than the remainder of the miners on the blockchain can add valid blocks. In such alternate blocks, the malicious actor or botnet could control, exclude or modify the ordering of transactions, though it could not generate new digital assets or transactions using such control. Using alternate blocks, the malicious actor could "double-spend" its own digital assets (i.e., spend the same digital assets in more than one transaction) and prevent the confirmation of other users' transactions for so long as it maintains control. To the extent that such malicious actor or botnet does not yield its majority control of the processing power or the digital asset community does not reject the fraudulent blocks as malicious, reversing any changes made to the blockchain may not be possible. Such changes could adversely affect an investment in Gryphon.

For example, in late May and early June 2014, a mining pool known as GHash.io approached and, during a 24- to 48-hour period may have exceeded, the threshold of 50% of the processing power on the Bitcoin network. To the extent that GHash.io did exceed 50% of the processing power on the network, reports indicate that such threshold was surpassed for only a short period, and there are no reports of any malicious activity or control of the blockchain performed by GHash.io. Furthermore, the processing power in the mining pool appears to have been redirected to other pools on a voluntary basis by participants in the GHash.io pool, as had been done in prior instances when a mining pool exceeded 40% of the processing power on the Bitcoin network.

[Table of Contents](#)

The approach towards and possible crossing of the 50% threshold indicate a greater risk that a single mining pool could exert authority over the validation of digital asset transactions. To the extent that the digital assets ecosystems do not act to ensure greater decentralization of digital asset mining processing power, the feasibility of a malicious actor obtaining in excess of 50% of the processing power on any digital asset network (e.g., through control of a large mining pool or through hacking such a mining pool) will increase, which may adversely impact an investment in Gryphon.

The decentralized nature of cryptocurrency systems may lead to slow or inadequate responses to crises, which may negatively affect Gryphon's business.

The decentralized nature of the governance of cryptocurrency systems may lead to ineffective decision making that slows development or prevents a network from overcoming emergent obstacles. Governance of many cryptocurrency systems is by voluntary consensus and open competition with no clear leadership structure or authority. To the extent lack of clarity in corporate governance of the Bitcoin blockchain leads to ineffective decision making that slows development and growth of the Bitcoin network protocol, Gryphon's business may be adversely affected.

The open-source structure of the Bitcoin network protocol means that the contributors to the protocol are generally not directly compensated for their contributions in maintaining and developing the protocol. A failure to properly monitor and upgrade the protocol could damage the Bitcoin network and an investment in Gryphon.

The Bitcoin network operates based on an open-source protocol maintained by contributors, largely on the Bitcoin Core project on GitHub. As an open-source project, Bitcoin is not represented by an official organization or authority. As the Bitcoin network protocol is not sold and its use does not generate revenues for contributors, contributors are generally not compensated for maintaining and updating the Bitcoin network protocol. The lack of guaranteed financial incentive for contributors to maintain or develop the Bitcoin network and the lack of guaranteed resources to adequately address emerging issues with the Bitcoin network may reduce incentives to address the issues adequately or in a timely manner. Changes to a digital asset network that Gryphon is mining on may adversely affect an investment in Gryphon.

The impact of geopolitical and economic events on the supply and demand for Bitcoin is uncertain.

Geopolitical crises may motivate large-scale purchases of Bitcoin and other cryptocurrencies, which could increase the price of Bitcoin and other cryptocurrencies rapidly. This may increase the likelihood of a subsequent price decrease as crisis-driven purchasing behavior dissipates, which would adversely affect the value of Gryphon's Bitcoin value following such downward adjustment. Such risks are similar to the risks of purchasing commodities in uncertain times, such as the risk of purchasing, holding or selling gold. Alternatively, as an emerging asset class with limited acceptance as a payment system or commodity, global crises and general economic downturns may discourage investment in Bitcoin as investors focus their investments on less volatile asset classes as a means of hedging their investment risks.

As an alternative to fiat currencies that are backed by central governments, Bitcoin, which is relatively new, is subject to supply and demand forces. How such supply and demand will be impacted by geopolitical events is largely uncertain but could be harmful to Gryphon. Political or economic crises may motivate large-scale acquisitions or sales of Bitcoin either globally or locally. Such events could have a material adverse effect on Gryphon's ability to continue as a going concern or to pursue Gryphon's new strategy at all, which could have a material adverse effect on Gryphon's business, prospects or operations and potentially the value of any bitcoin that Gryphon mines or otherwise acquires or holds for its own account.

Gryphon faces risks of Internet disruptions, which could have an adverse effect on the price of Bitcoin.

A disruption of the Internet may affect the use of Bitcoin. Generally, Bitcoin and Gryphon's business of mining Bitcoin are dependent upon the Internet. A significant disruption in Internet connectivity could disrupt a currency's network operations until the disruption is resolved and have an adverse effect on the price of Bitcoin and Gryphon's ability to mine bitcoin.

Risks Related to Operations

Gryphon is an early-stage company and has a limited history of generating profits.

Gryphon was formed in October 2020 and has a limited history upon which an evaluation of Gryphon's performance and future prospects can be made. Gryphon began mining operations in September 2021, and had no previous existing operations. Gryphon's current and proposed operations are subject to all of the business risks associated with new enterprises. These include likely fluctuations in operating results as Gryphon reacts to developments in its market,

manages its growth and operations, and responds to the entry of competitors into the market. Further, there is no assurance that Gryphon can successfully execute its business plan. Gryphon has had limited revenues generated since its bitcoin miners became operational in September 2021, and consequently recorded losses in 2020 and 2021. Gryphon generated minimal profits in 2022 and may not be able to sustain profitability in the future.

Gryphon may be unable to access sufficient additional capital to fund its operations or for future strategic growth initiatives.

Gryphon's purchase of its fleet of bitcoin miners was a capital intensive project, and Gryphon anticipates that future strategic growth initiatives will likewise be capital-intensive. Gryphon has raised limited capital through private placements to date and expects to raise additional capital to fund its operations and future strategic growth initiatives. If Gryphon raises additional capital through public or private equity offerings, the ownership interest of Gryphon's existing stockholders will be diluted, and the terms of these securities may include liquidation or other preferences that adversely affect Gryphon's stockholders' rights. If Gryphon raises additional capital through debt financing, Gryphon may be subject to covenants limiting or restricting Gryphon's ability to take specific actions, such as incurring additional debt or liens, making capital expenditures or declaring dividends. Further, Gryphon may be unable to raise capital in a timely manner, in sufficient quantities, or on terms acceptable to Gryphon, if at all. If Gryphon is unable to raise the additional capital needed to fund its operations or execute future strategic growth initiatives, Gryphon may be less competitive in its industry and its results of operations and financial condition may suffer. The value of its securities may also be materially and adversely affected.

Gryphon has a substantial amount of debt and significant debt service obligations.

On May 25, 2022, Anchorage Lending CA, LLC ("Anchorage") entered into an Equipment Loan and Security Agreement (the "Anchorage Loan Agreement") with Gryphon Opco I LLC ("Gryphon Opco"), a wholly owned subsidiary of Gryphon, pursuant to which Anchorage loaned Gryphon Opco the principal amount of 933.333333 bitcoin. The loan is payable in principal installments of 42.424242 bitcoin together with initial interest at 5.0% per annum, payable monthly in bitcoin. On March 29, 2023, Gryphon executed an amendment to the Anchorage Loan Agreement (the "Anchorage Loan Amendment"), which, among other things, increased the interest rate to 6.0% per annum.

The Anchorage Loan Agreement, as amended by the Anchorage Loan Amendment, contains certain covenants that limit Gryphon's ability to engage in certain transactions that may be in Gryphon's long-term best interest. Subject to certain limited exceptions, these covenants do or may limit Gryphon's ability to or prohibit Gryphon from permitting any of its subsidiaries to, as applicable, among other things:

- convey, sell, lease, transfer, assign, or otherwise dispose of all or any part of 7,200 of Gryphon's bitcoin mining machines and the Coinmint Agreement (as defined below) that are posted as collateral for the loan;
- keep Gryphon's bitcoin mining machines at hosting facilities of Gryphon's choice after March 31, 2024;
- create, incur, assume, or be liable for any additional indebtedness, or create, incur, allow, or permit to exist any additional liens;
- declare dividends or other distributions on Gryphon shares, redeem, retire or purchase for value any Gryphon shares, make any payment to retire or obtain the surrender of any Gryphon warrants or options, or make any payment with respect to any earnout obligation;
- use bitcoin wallet custody or trading execution services of Gryphon's choice; or
- merge or consolidate with any entity where Gryphon is not the surviving entity without the execution of additional loan documents.

In addition, under the Anchorage Loan Agreement, Gryphon is required to maintain a collateral (mining equipment, digital assets or US dollars) coverage ratio of 110%. If this collateral coverage ratio decreases below 110%, including as a result of a decrease in the value of the bitcoin or bitcoin mining machines posted as collateral under the Anchorage Loan Agreement (due to volatility in the crypto asset markets or otherwise), Gryphon will have to provide Anchorage

with additional collateral in the form of bitcoin, U.S. dollars, or additional equipment. If Gryphon is unable to do so, Gryphon may be in default under the Anchorage Loan Agreement, which could have a material adverse effect on its operations, liquidity, financial condition, and results of operations.

While Gryphon has not previously breached and is currently in compliance with the covenants contained in the Anchorage Loan Agreement, as amended by the Anchorage Loan Amendment, Gryphon may breach these covenants in the future. Gryphon's ability to comply with these covenants may be affected by events and factors beyond its control. In the event that Gryphon breaches one or more covenants, Anchorage may choose to declare an event of default and require that Gryphon immediately repay all amounts outstanding under the Anchorage Loan Agreement and terminate any commitment to extend further credit and foreclose on the collateral. The occurrence of any of these events could have a material adverse effect on Gryphon's business, financial condition and results of operations.

Gryphon's independent registered public accounting firm's report contains an explanatory paragraph that expresses substantial doubt about Gryphon's ability continue as a "going concern."

Gryphon's consolidated financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP"), which contemplate the continuation of Gryphon as a going concern and the realization of assets and satisfaction of liabilities in the ordinary course of business.

Since Gryphon began revenue generation in September 2021, management has financed Gryphon's operations through equity and debt financing and the sale of the digital assets earned through mining operations.

Gryphon may incur additional losses from operations and negative cash outflows from operations in the foreseeable future. In the event Gryphon does incur losses, it may need to raise debt or equity financing to finance its operations until operations are cashflow positive. However, there can be no assurance that such financing will be available in sufficient amounts and on acceptable terms, when and if needed, or at all. The precise amount and timing of the funding needs cannot be determined accurately at this time and will depend on several factors, including the market price for the underlying commodity mined by Gryphon and its ability to procure the required mining equipment and operate profitably. Gryphon's financial statements contained elsewhere in this proxy statement/prospectus have been presented on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the ordinary course of business. These financial statements do not include any adjustments that might result from Gryphon's inability to continue as a going concern.

Gryphon's loss of any of its management or advisory team, its inability to execute an effective succession plan, or its inability to attract and retain qualified personnel, could adversely affect Gryphon's business.

Gryphon's success and future growth will depend to a significant degree on the skills and services of its management and advisors, including Robby Chang, Gryphon's Chief Executive Officer and President. Gryphon will need to continue to grow its management in order to alleviate pressure on its existing team and in order to continue to develop its business. If Gryphon's management, including any new hires that Gryphon may make, fail to work together effectively and to execute Gryphon's plans and strategies on a timely basis, Gryphon's business could be harmed. Furthermore, if Gryphon fails to execute an effective contingency or succession plan with the loss of any member of management, the loss of such management personnel may significantly disrupt its business.

The loss of key members of management or advisory team could inhibit Gryphon's growth prospects. Gryphon's future success also depends in large part on its ability to attract, retain and motivate key management and operating personnel. As Gryphon continues to develop and expand its operations, it may require personnel with different skills and experiences, and who have sound understandings of Gryphon's business and the Bitcoin network industry. The market for highly qualified personnel in this industry is very competitive, and Gryphon may be unable to attract such personnel. If Gryphon is unable to attract such personnel, its business could be harmed.

Any valuation at this stage is difficult to assess.

Gryphon's valuation is based upon a number of estimates and assumptions that may prove later to be inaccurate or incomplete. Unlike listed companies that are valued publicly through market-driven stock prices, the valuation of private companies, especially startups, is difficult to assess and investors may risk overpaying for their investments. Gryphon began its operations in September 2021 and has limited operating experience and performance history, which makes valuation difficult.

If the bitcoin reward for solving blocks and transaction fees is not sufficiently high, Gryphon may not have an adequate incentive to continue mining and may cease mining operations, which will likely lead to Gryphon's failure to achieve profitability.

As the number of bitcoin rewards awarded for solving a block in a blockchain decreases, Gryphon's ability to achieve profitability worsens. Decreased use and demand for bitcoin rewards may adversely affect Gryphon's incentive to expend processing power to solve blocks. If the award of bitcoin rewards for solving blocks and transaction fees are not sufficiently high, Gryphon or other miners may not have an adequate incentive to continue mining and may cease mining operations. Miners ceasing operations would reduce the collective processing power on the network, which would adversely affect the confirmation process for transactions (i.e., temporarily decreasing the speed at which blocks are added to a blockchain until the next scheduled adjustment in difficulty for block solutions) and make the Bitcoin network more vulnerable to a malicious actor or botnet obtaining control in excess of 50 percent of the processing power active on a blockchain, potentially permitting such actor or botnet to manipulate a blockchain in a manner that adversely affects Gryphon's activities. A reduction in confidence in the confirmation process or processing power of the network could result and be irreversible. Such events could have a material adverse effect on Gryphon's business, prospects or operations and potentially the value of any Bitcoin that Gryphon mines or otherwise acquires or holds for its own account.

Bitcoin mining activities are energy-intensive, which may restrict the geographic locations of mining machines and have a negative environmental impact. Government regulators may potentially restrict the ability of electricity suppliers to provide electricity to mining operations, such as Gryphon's.

Mining bitcoin requires massive amounts of electrical power, and electricity costs are expected to account for a significant portion of Gryphon's overall costs. The availability and cost of electricity will restrict the geographic locations of Gryphon's mining activities. Any shortage of electricity supply or increase in electricity costs in any location where Gryphon plans to operate may negatively impact the viability and the expected economic return for bitcoin mining activities in that location.

Further, Gryphon's business model can only be successful and Gryphon's mining operations can only be profitable if the costs, including electrical power costs, associated with bitcoin mining are lower than the price of Bitcoin itself. As a result, any equipment Gryphon deploys can only be successful if Gryphon can obtain access to sufficient electrical power on a cost-effective basis through hosting arrangements with mining data centers. Gryphon's deployment of new mining equipment requires Gryphon to find sites where that is the case. Even if Gryphon's electrical power costs do not increase, significant fluctuations in, and any prolonged periods of, low Bitcoin prices may also cause Gryphon's electrical supply to no longer be cost-effective.

Furthermore, if cryptocurrency mining becomes more widespread, government scrutiny related to restrictions on cryptocurrency mining facilities and their energy consumption may significantly increase. The considerable consumption of electricity by mining operators may also have a negative environmental impact, including contribution to climate change, which could set the public opinion against allowing the use of electricity for bitcoin mining activities. This, in turn, could lead to governmental measures restricting or prohibiting the use of electricity for bitcoin mining activities. For example, in September 2022, the White House issued a report regarding the Climate and Energy Implications of Crypto-Assets in the United States. The report states that the Department of Energy and Environmental Protection Agency should initiate a process to solicit data and develop environmental performance and energy conservation standards for crypto-asset technologies, including mining equipment. Should such measures prove ineffective at achieving the Administration's environmental goals, the report calls for the Administration to explore executive actions and legislation to limit or eliminate the use of high energy intensity consensus mechanisms for crypto-asset mining in the United States. Any such development in the jurisdictions where Gryphon plans to operate could increase Gryphon's compliance burdens and have a material adverse effect on Gryphon's business, prospects, financial condition, and operating results.

Additionally, the mining data centers at which Gryphon maintains its mining equipment could be materially adversely affected by power outages and similar disruptions. Given the power requirements for Gryphon's mining equipment, it would not be feasible to run this equipment on back-up power generators in the event of a government restriction on electricity or a power outage. If Gryphon is unable to receive adequate power supply and is forced to reduce its operations due to the availability or cost of electrical power, it would have a material adverse effect on Gryphon's business, prospects, financial condition, and operating results.

Gryphon's bitcoin may be subject to loss, theft or restriction on access.

There is a risk that some or all of Gryphon's bitcoin could be lost or stolen. Cryptocurrencies are stored in cryptocurrency sites commonly referred to as "wallets" by holders of cryptocurrencies, which may be accessed to exchange a holder's cryptocurrency assets. Access to Gryphon's bitcoin assets could also be restricted by cybercrime (such as a denial of service attack) against a service at which Gryphon maintains a hosted hot wallet. A hot wallet refers to any cryptocurrency wallet that is connected to the Internet. Generally, hot wallets are easier to set up and access than wallets in cold storage, but they are also more susceptible to hackers and other technical vulnerabilities. Cold storage refers to any cryptocurrency wallet that is not connected to the Internet. Gryphon holds its bitcoin solely in cold custodial wallets with keys managed by BitGo Trust. Cold storage is generally more secure than hot storage, but is not ideal for quick or regular transactions, and Gryphon may experience lag time in its ability to respond to market fluctuations in the price of Gryphon's bitcoin assets.

Hackers or malicious actors may launch attacks to steal, compromise or secure bitcoin, such as by attacking the Bitcoin network source code, exchange miners, third-party platforms, cold and hot storage locations or software, through phishing schemes or by other means. Several errors and defects in such codes have been found previously, including those that disabled some functionality for users and exposed users' information. Exploitations of flaws in the source code that allow malicious actors to take or create money have previously occurred. Despite Gryphon's efforts and processes to prevent breaches, Gryphon's devices, as well as Gryphon's miners, computer systems and those of third parties that Gryphon uses in its operations, are vulnerable to cybersecurity risks, including cyberattacks such as viruses and worms, phishing attacks, denial-of-service attacks, physical or electronic break-ins, employee theft or misuse, and similar disruptions from unauthorized tampering with Gryphon's miners and computer systems or those of third parties that Gryphon uses in its operations. Any of these events may adversely affect Gryphon's operations and, consequently, Gryphon's investments and profitability. The loss or destruction of a private key required to access Gryphon's digital wallets may be irreversible and Gryphon may be denied access for all time to its bitcoin holdings or the holdings of others held in those compromised wallets. Gryphon's loss of access to its private keys or a data loss relating to Gryphon's digital wallets could adversely affect Gryphon's investments and assets.

Cryptocurrencies are controllable only by the possessor of both the unique public and private keys relating to the local or online digital wallet in which they are held, which wallet's public key or address is reflected in the network's public blockchain. Gryphon will publish the public key relating to digital wallets in use when Gryphon verifies the receipt of transfers and disseminates such information into the network, but Gryphon will need to safeguard the private keys relating to such digital wallets. We safeguard and keep private the private keys relating to our digital assets by relying on BitGo Trust's (as defined herein) 100% cold storage custody solution held in a purpose-built physically-secure environment based on established, industry best practices to safeguard our digital assets from theft, loss, destruction or other issues relating to hackers and technological attack. Gryphon's CEO, President and CFO each hold Gryphon side private keys that are protected with two-factor authentication. Gryphon confirms transactional validity and data for revenue recognition through a daily review and reconciliation of BitGo reports. Custodial side keys are held by BitGo Trust who verifies requests with two factor authentication and video reviews. To the extent such private keys are lost, destroyed or otherwise compromised, Gryphon will be unable to access its bitcoin rewards and such private keys may not be capable of being restored by any network. Any loss of private keys relating to digital wallets used to store Gryphon's bitcoin could have a material adverse effect on Gryphon's ability to continue as a going concern or to pursue its new strategy at all, which could have a material adverse effect on Gryphon's business, prospects or operations and potentially the value of any bitcoin that Gryphon mines or otherwise acquires or holds for its own account.

Our ability to adopt technology in response to changing security needs or trends and reliance on third party, Bitgo Prime, for custody poses a challenge to the safekeeping of our digital assets.

The history of digital asset exchanges has shown that exchanges and large holders of digital assets must adapt to technological change in order to secure and safeguard their digital assets. We rely on Bitgo Trust's 100% cold storage custody solution held in a purpose-built physically-secure environment based on established, industry best practices to safeguard our digital assets from theft, loss, destruction or other issues relating to hackers and technological attack. We believe that it may become a more appealing target of security threats as the size of our bitcoin holdings grow. To the extent that either BitGo Trust or we are unable to identify and mitigate or stop new security threats, our digital assets may be subject to theft, loss, destruction or other attack, which could adversely affect an investment in us. To the extent that BitGo Trust is no longer, due to the current banking crisis, able to safeguard our assets, we would be at risk of loss if safeguarding protocols fail.

Incorrect or fraudulent cryptocurrency transactions may be irreversible.

Cryptocurrency transactions are irrevocable and stolen or incorrectly transferred cryptocurrencies may be irretrievable. As a result, any incorrectly executed or fraudulent Bitcoin transactions could adversely affect Gryphon's investments and assets. Cryptocurrency transactions are not, from an administrative perspective, reversible without the consent and active participation of the recipient of the cryptocurrency from the transaction. In theory, Bitcoin transactions may be reversible with the control or consent of a majority of processing power on the Bitcoin network; however, Gryphon does not now, nor is it feasible that Gryphon could in the future, possess sufficient processing power to effect such a reversal. Once a transaction has been verified and recorded in a block that is added to a blockchain, an incorrect transfer of a cryptocurrency or a theft thereof generally will not be reversible and Gryphon may not have sufficient recourse to recover its losses from any such transfer or theft. It is possible that, through computer or human error, or through theft, fraud, phishing schemes or other criminal action, Gryphon's cryptocurrency rewards could be transferred in incorrect amounts or to unauthorized third parties or uncontrolled accounts. Further, at this time, there is no specifically enumerated U.S. or foreign governmental, regulatory, investigative or prosecutorial authority or mechanism through which to bring an action or complaint regarding missing or stolen cryptocurrency. In the event of a loss, Gryphon would be reliant on existing private investigative entities to investigate any such loss of Gryphon's bitcoin assets. These third-party service providers rely on data analysis and compliance of Internet service providers with traditional court orders to reveal information such as the IP addresses of any attackers who may have targeted Gryphon. To the extent that Gryphon is unable to recover its losses from such action, error, theft or other criminal action, such events could have a material adverse effect on Gryphon's ability to continue as a going concern or to pursue Gryphon's new strategy at all, which could have a material adverse effect on Gryphon's business, prospects or operations of and potentially the value of any bitcoin that Gryphon mines or otherwise acquires or holds for its own account.

Gryphon may be affected by price fluctuations in the wholesale and retail power markets.

Market prices for power, generation capacity and ancillary services, are unpredictable. Depending upon the effectiveness of any price risk management activity undertaken by Gryphon, including but not limited to attempts to secure hosting services contracts at fixed fees, an increase in market prices for power, generation capacity, and ancillary services may adversely affect Gryphon's business, prospects, financial condition, and operating results. Long- and short-term power prices may fluctuate substantially due to a variety of factors outside of Gryphon's control, including, but not limited to:

- increases and decreases in generation capacity;
- changes in power transmission or fuel transportation capacity constraints or inefficiencies;
- volatile weather conditions, particularly unusually hot or mild summers or unusually cold or warm winters;
- technological shifts resulting in changes in the demand for power or in patterns of power usage, including the potential development of demand-side management tools, expansion and technological advancements in power storage capability and the development of new fuels or new technologies for the production or storage of power;
- federal and state power, market and environmental regulation and legislation; and
- changes in capacity prices and capacity markets.

If Gryphon is unable to secure power supply at prices or on terms acceptable to it, a material adverse effect on Gryphon's business, prospects, financial condition, and operating results would occur.

To remain competitive in Gryphon's industry, Gryphon seeks to grow its hash rate to match the growing network hash rate and increasing network difficulty of the Bitcoin blockchain, and if Gryphon is unable to grow its hash rate at pace with the network hash rate, Gryphon's chance of earning bitcoin from its mining operations would decline.

As the adoption of Bitcoin has increased, the price of Bitcoin has generally appreciated, causing the demand for new bitcoin rewards for successfully solving blocks on the Bitcoin blockchain to likewise increase. This has encouraged more miners to attempt to mine bitcoin, which increases the global network hash rate deployed in support of the Bitcoin blockchain.

Because a miner's relative chance of successfully solving a block and earning a new bitcoin reward is generally a function of the ratio the miner's individual hash rate bears to the global network hash rate, as the global network hash rate increases, a miner must increase its individual hash rate to maintain its chances of earning new bitcoin rewards. Therefore, as new miners enter the industry and as miners deploy greater and greater numbers of increasingly powerful machines, existing miners must seek to continually increase their hash rates to remain competitive. Thus, a feedback loop is created: as Bitcoin gains popularity and its relative market price increases, more miners attempt to mine bitcoin and the Bitcoin network hash rate is increased; in response, existing miners and new miners devote more and more hash rate to the Bitcoin blockchain by deploying greater numbers of increasingly powerful machines in an attempt to ensure their abilities to earn additional bitcoin rewards do not decrease. Compounding this feedback loop, the network difficulty of the Bitcoin network (i.e., the amount of work (measured in hashes) necessary to solve a block) is periodically adjusted to maintain the pace of new block additions (with one new block added to the blockchain approximately every ten minutes), and thereby control the supply of Bitcoin. As miners deploy more hash rate and the Bitcoin network hash rate is increased, the Bitcoin network difficulty is adjusted upwards by requiring more hash rate to be deployed to solve a block. Thus, miners are further incentivized to grow their hash rates to maintain their chances of earning new bitcoin rewards. In theory, these dual processes should continually replicate themselves until the supply of available bitcoin is exhausted. In response, miners have attempted to achieve greater hash rates by deploying increasingly sophisticated and expensive miners in ever greater quantities. This has become the Bitcoin mining industry's great "arms race." Moreover, because there are very few manufacturers of miners capable of producing a sufficient number of miners of adequate quality to meet this need, scarcity results and miner prices increase. Compounding this phenomenon, it has been observed that some manufacturers of bitcoin miners may increase their prices for new miners as the market price of Bitcoin increases.

Accordingly, for Gryphon to maintain its chances of earning new bitcoin rewards and remaining competitive in its industry, Gryphon must seek to continually add new miners to grow its hash rate at pace with the growth in the Bitcoin network hash rate. However, as demand has increased and scarcity in the supply of new miners has resulted, the price of new miners has increased, and Gryphon expects this process to continue in the future as demand for bitcoin increases. Therefore, if the price of Bitcoin is not sufficiently high to allow Gryphon to fund its hash rate growth through new miner acquisitions, and if Gryphon is otherwise unable to access additional capital to acquire these miners, Gryphon's hash rate may stagnate and Gryphon may fall behind its competitors. If this happens, Gryphon's chances of earning new bitcoin rewards would decline and, as such, its results of operations and financial condition may suffer.

Gryphon's business is dependent on a small number of digital asset mining equipment suppliers.

Gryphon's business is dependent upon digital asset mining equipment suppliers providing an adequate supply of new generation digital asset mining machines at economical prices to customers intending to purchase its hosting and other solutions. The growth in Gryphon's business is directly related to increased demand for hosting services and digital assets such as Bitcoin, which is dependent in large part on the availability of new generation mining machines offered for sale at a price conducive to profitable digital asset mining, as well as the trading price of digital assets such as Bitcoin. The market price and availability of new mining machines fluctuates with the price of Bitcoin and can be volatile. Higher Bitcoin prices increase the demand for mining equipment and increase the cost. In addition, as more companies seek to enter the mining industry, the demand for machines may outpace supply and create mining machine equipment shortages. There are no assurances that digital asset mining equipment suppliers will be able to keep pace with any surge in demand for mining equipment. Further, manufacturing mining machine purchase contracts are not favorable to purchasers and Gryphon may have little or no recourse in the event a mining machine manufacturer defaults on its mining machine delivery commitments. If Gryphon and its customers are not able to obtain a sufficient number of digital asset mining machines at favorable prices, its growth expectations, liquidity, financial condition and results of operations will be negatively impacted.

Mining machines rely on components and raw materials that may be subject to price fluctuations or shortages, including ASIC chips that have been subject to an ongoing significant shortage.

In order to build and sustain Gryphon's self-mining operations, Gryphon will depend on third parties to provide it with ASIC chips and other critical components for its mining equipment, which may be subject to price fluctuations or shortages. For example, the ASIC chip is the key component of a mining machine as it determines the efficiency of the device. The production of ASIC chips typically requires highly sophisticated silicon wafers, which currently only a small number of fabrication facilities, or wafer foundries, in the world are capable of producing. ASIC chips were recently subject to significant price increases and shortages that may occur again in the future.

[Table of Contents](#)

There is also a risk that a manufacturer or seller of ASIC chips or other necessary mining equipment may adjust the prices according to Bitcoin, other cryptocurrency prices or otherwise, so the cost of new machines could become unpredictable and extremely high. As a result, at times, Gryphon may be forced to obtain mining machines and other hardware at premium prices, to the extent they are even available. Such events could have a material adverse effect on Gryphon's business, prospects, financial condition, and operating results.

Gryphon's reliance primarily on a single model of miner may subject its operations to increased risk of design flaws.

The performance and reliability of Gryphon's miners and its technology is critical to Gryphon's reputation and its operations. Because Gryphon currently only uses Bitmain Antminer type miners, if there are issues with those machines, such as a design flaw in the ASIC chips they employ, Gryphon's entire system could be affected. Any system error or failure may significantly delay response times or even cause Gryphon's system to fail. Any disruption in Gryphon's ability to continue mining could result in lower yields and harm its reputation and business. Any exploitable weakness, flaw, or error common to Bitmain miners could affect all of Gryphon's miners; therefore, if a defect or other flaw exists and is exploited, Gryphon's entire miner fleet could be adversely impacted. Any interruption, delay or system failure could result in financial losses, a decrease in the value of Gryphon's stock and damage to Gryphon's reputation.

There are risks related to technological obsolescence, the vulnerability of the global supply chain to Bitcoin hardware disruption, and difficulty in obtaining new hardware, which may have a negative effect on Gryphon's business.

Gryphon's mining operations can only be successful and profitable if the costs of mining Bitcoin, including hardware and electricity costs, associated with mining Bitcoin are lower than the price of a bitcoin. As Gryphon's mining facility operates, Gryphon's miners experience ordinary wear and tear, and may also face more significant malfunctions caused by a number of extraneous factors beyond Gryphon's control. The physical degradation of Gryphon's miners will require Gryphon to, over time, replace those miners which are no longer functional. Additionally, as the technology evolves, Gryphon may be required to acquire newer models of miners to remain competitive in the market.

Also, because Gryphon expects to depreciate all new miners, Gryphon's reported operating results will be negatively affected. Further, the global supply chain for bitcoin miners is presently heavily dependent on China, which has been severely affected by the emergence of the COVID-19 coronavirus global pandemic. The global reliance on China as a main supplier of bitcoin miners has been called into question in the wake of the COVID-19 pandemic and China's ban on cryptocurrency mining and trading in 2021. Should similar outbreaks or other disruptions to the China-based global supply chain for Bitcoin hardware occur, Gryphon may not be able to obtain adequate replacement parts for Gryphon's existing miners or to obtain additional miners from the manufacturer on a timely basis. Such events could have a material adverse effect on Gryphon's ability to pursue Gryphon's new strategy, which could have a material adverse effect on Gryphon's business.

Gryphon's use of third-party mining pools exposes it to additional risks.

Gryphon receives bitcoin rewards from its mining activity through a third-party mining pool operator. Mining pools allow miners to combine their processing power, which increases miners' chances of solving blocks and receiving bitcoin rewards from the network. The rewards are distributed by the pool operator, proportionally to Gryphon's contribution to the pool's overall mining power, after deducting the applicable pool fee, if any, used to solve a particular block on the Bitcoin blockchain. Should the pool operator's system suffer downtime due to a cyber-attack, software malfunction or other issue, Gryphon's ability to mine and receive revenue will be negatively impacted.

Gryphon relies on hosting arrangements to conduct its business, and the availability of such hosting arrangements is uncertain and competitive and may be affected by changes in regulation in one or more countries.

Gryphon relies on its hosting arrangements with Coinmint, LLC and, to a lesser degree, Core Scientific, Inc., to provide mining data centers and host its mining equipment. If these mining data centers fail to perform their obligations under their agreements with Gryphon, Gryphon may be forced to look for alternative mining data centers to host its mining equipment, which may not be available on favorable terms or at all. Additionally, if the mining data centers shut down or cannot accommodate additional miners as Gryphon expands its fleet, Gryphon may be forced to look for alternative centers.

In May 2021, China's State Council issued a statement signaling its intent to restrict cryptocurrency mining and trading activities, resulting in provincial governments taking proactive measurements to prohibit cryptocurrency mining. On September 24, 2021, China's central bank and its National Development and Reform Commission issued a nation-wide ban on cryptocurrency mining and declaring all financial transactions involving cryptocurrencies illegal. As a result, mining data centers previously operating in China have been forced to shut down and owners of cryptocurrency mining equipment located in China have been attempting to relocate the equipment to mining data centers in other jurisdictions, with a particular focus on locations within the United States. Combined with the increase in the price of bitcoin in 2021, the influx of cryptocurrency miners from China has created conditions of great demand for mining data centers and limited supply. Due to these conditions, there is no assurance that Gryphon will be able to procure alternative hosting agreements on acceptable terms in a timely manner or at all.

Significant competition for suitable mining data centers is expected to continue, and other government regulators, including local permitting officials, may potentially restrict the ability of potential mining data centers to begin or continue operations in certain locations. They can also restrict the ability of electricity suppliers to provide electricity to mining operations in times of electricity shortage, or may otherwise potentially restrict or prohibit the provision of electricity to mining operations. While Gryphon is not aware of the existence of any such restrictions in New York, Georgia and North Carolina, the jurisdictions in which the mining data centers that Gryphon is currently maintaining its machines at are located, new ordinances and other regulations at the federal, state and local levels can be introduced at any time and can be triggered by certain adverse weather conditions or natural disasters, among other reasons.

The mining data centers at which Gryphon maintains its mining equipment may experience damages, including damages that are not covered by insurance.

Gryphon maintains its mining equipment at mining data centers in New York, Georgia and North Carolina. 98% of Gryphon's miners are in New York, 1.1% are in Georgia, and 0.6% are in North Carolina. The mining data centers at which Gryphon maintains its mining equipment, and any future mining data centers at which Gryphon maintains its mining equipment will be, subject to a variety of risks relating to physical condition and operation, including:

- the presence of construction or repair defects or other structural or building damage;
- any non-compliance with or liabilities under applicable environmental, health or safety regulations or requirements or building permit requirements;
- any damage resulting from natural disasters, such as hurricanes, earthquakes, fires, floods and windstorms; and
- claims by employees and others for injuries sustained at Gryphon's properties.

For example, the mining data centers at which Gryphon maintains its mining equipment could be rendered inoperable, temporarily or permanently, as a result of a fire or other natural disaster or by a terrorist or other attack on the facilities where Gryphon's mining equipment is located. The security and other measures Gryphon takes to protect against these risks may not be sufficient. Any property insurance Gryphon obtained in the future may not be adequate to cover the losses Gryphon suffers as a result of any of these events. In the event of an uninsured loss, including a loss in excess of insured limits, at any of the mining data centers at which Gryphon maintains its mining equipment, such mining data centers may not be adequately repaired in a timely manner or at all and Gryphon may lose some or all of the future revenues anticipated to be derived from Gryphon's equipment located at such mining data centers. Additionally, Gryphon is exposed to regulatory risk in New York given the high concentration of Gryphon's mining equipment in the state. The recent regulatory changes in New York have not impacted Gryphon's operations due the scope of the changes being limited to carbon-based electricity. However, Gryphon is acutely aware that further regulatory changes could impact its ability to operate in the state and is prepared to shift its operations to alternative jurisdictions should it be required. Such a shift could be costly, which could have a material adverse effect on Gryphon's business, financial condition and results of operations.

Gryphon may not be able to compete with other companies, some of whom have greater resources and experience.

Gryphon may not be able to compete successfully against present or future competitors. Gryphon does not have the resources to compete with larger providers of similar services at this time. The Bitcoin industry has attracted various high-profile and well-established operators, some of which have substantially greater liquidity and financial resources

than Gryphon does. With the limited resources Gryphon has available, Gryphon may experience great difficulties in expanding and improving its network of computers to remain competitive. Competition from existing and future competitors, particularly those that have access to competitively-priced energy, could result in Gryphon's inability to secure acquisitions and partnerships that Gryphon may need to expand Gryphon's business in the future. This competition from other entities with greater resources, experience and reputations may result in Gryphon's failure to maintain or expand its business, as Gryphon may never be able to successfully execute its business plan. If Gryphon is unable to expand and remain competitive, its business could be negatively affected.

Gryphon's operations, investment strategies and profitability may be adversely affected by competition from other methods of investing in Bitcoin.

Gryphon competes with other users and/or companies that are mining Bitcoin and other potential financial vehicles, including securities backed by or linked to Bitcoin through entities similar to Gryphon. Market and financial conditions, and other conditions beyond Gryphon's control, may make it more attractive to invest in other financial vehicles, or to invest in Bitcoin directly. The emergence of other financial vehicles and exchange-traded funds have been scrutinized by regulators and such scrutiny and the negative impressions or conclusions resulting from such scrutiny could be applicable to Gryphon and impact Gryphon's ability to successfully pursue its strategy or operate at all, or to establish or maintain a public market for Gryphon's securities. Such circumstances could have a material adverse effect on Gryphon's ability to continue as a going concern or to pursue its strategy at all, which could have a material adverse effect on Gryphon's business, prospects or operations and potentially the value of any bitcoin that Gryphon mines or otherwise acquires or holds for its own account, and harm investors.

The development and acceptance of competing blockchain platforms or technologies may cause consumers to use alternative distributed ledgers or other alternatives.

The development and acceptance of competing blockchain platforms or technologies may cause consumers to use alternative distributed ledgers or an alternative to distributed ledgers altogether. Gryphon's business utilizes presently existent digital ledgers and blockchains and Gryphon could face difficulty adapting to emergent digital ledgers, blockchains, or alternatives thereto. This may adversely affect Gryphon and Gryphon's exposure to various blockchain technologies and prevent Gryphon from realizing the anticipated profits from its investments. Such circumstances could have a material adverse effect on Gryphon's ability to continue as a going concern or to pursue Gryphon's strategy at all, which could have a material adverse effect on its business, prospects or operations and potentially the value of any bitcoin that Gryphon mines or otherwise acquires or holds for Gryphon's own account, which could in turn harm investors.

Gryphon may not adequately respond to price fluctuations and rapidly changing technology, which may negatively affect Gryphon's business.

Competitive conditions within the Bitcoin industry require that Gryphon use sophisticated technology in the operation of Gryphon's business. The industry for blockchain technology is characterized by rapid technological changes, new product introductions, enhancements and evolving industry standards. New technologies, techniques or products could emerge that might offer better performance than the software and other technologies Gryphon currently utilizes, and Gryphon may have to manage transitions to these new technologies to remain competitive. Gryphon may not be successful, generally or relative to Gryphon's competitors in the Bitcoin industry, in timely implementing new technology into Gryphon's systems, or doing so in a cost-effective manner. During the course of implementing any such new technology into Gryphon's operations, Gryphon may experience system interruptions and failures during such implementation. Furthermore, there can be no assurances that Gryphon will recognize, in a timely manner or at all, the benefits that Gryphon may expect as a result of implementing new technology into its operations. As a result, Gryphon's business and operations may suffer.

There is a possibility of Bitcoin mining algorithms transitioning to proof of stake validation and other mining related risks, which could make Gryphon less competitive and ultimately adversely affect Gryphon's business.

Proof of stake is an alternative method in validating Bitcoin transactions. Should the algorithm shift from a proof of work validation method to a proof of stake method, mining would require less energy and may render any company that maintains advantages in the current climate (for example, from lower priced electricity, processing, real estate, or hosting) less competitive. Gryphon, as a result of its efforts to optimize and improve the efficiency of its bitcoin

mining operations, may be exposed to the risk in the future of losing the benefit of Gryphon's capital investments and the competitive advantage Gryphon hopes to gain from this as a result, and may be negatively impacted if a switch to proof of stake validation were to occur. Such events could have a material adverse effect on Gryphon's ability to continue as a going concern or to pursue its new strategy at all, which could have a material adverse effect on Gryphon's business, prospects or operations and potentially the value of any bitcoin that Gryphon mines or otherwise acquires or holds for its own account.

Gryphon may not be able to realize the benefits of forks. Forks in a digital asset network may occur in the future which may affect the value of bitcoin held by Gryphon.

To the extent that a significant majority of users and miners on a cryptocurrency network install software that changes the cryptocurrency network or properties of a cryptocurrency, including the irreversibility of transactions and limitations on the mining of new cryptocurrency, the cryptocurrency network would be subject to new protocols and software. However, if less than a significant majority of users and miners on the cryptocurrency network consent to the proposed modification, and the modification is not compatible with the software prior to its modification, the consequence would be what is known as a "fork" of the network, with one prong running the pre-modified software and the other running the modified software. The effect of such a fork would be the existence of two versions of the cryptocurrency running in parallel, yet lacking interchangeability and necessitating exchange-type transactions to convert currencies between the two forks. Additionally, it may be unclear following a fork which fork represents the original asset and which is the new asset. Different metrics adopted by industry participants to determine which is the original asset include: referring to the wishes of the core developers of a cryptocurrency, blockchains with the greatest amount of hashing power contributed by miners or validators, or blockchains with the longest chain. A fork in the Bitcoin network could adversely affect Gryphon's ability to operate.

Gryphon may not be able to realize the economic benefit of a fork, either immediately or ever, which could adversely affect Gryphon's business. If Gryphon holds bitcoin at the time of a hard fork into two cryptocurrencies, industry standards would dictate that Gryphon would be expected to hold an equivalent amount of the old and new assets following the fork. However, Gryphon may not be able, or it may not be practical, to secure or realize the economic benefit of the new asset for various reasons. For instance, Gryphon may determine that there is no safe or practical way to custody the new asset, that trying to do so may pose an unacceptable risk to Gryphon's holdings in the old asset, or that the costs of taking possession and/or maintaining ownership of the new cryptocurrency exceed the benefits of owning the new cryptocurrency. Additionally, laws, regulations or other factors may prevent Gryphon from benefitting from the new asset even if there is a safe and practical way to custody and secure the new asset.

Gryphon's business, results of operations, and financial condition may be impacted by the recent coronavirus (COVID-19) outbreak.

The ongoing and evolving coronavirus (COVID-19) outbreak, which was designated as a pandemic by the World Health Organization on March 11, 2020, has caused substantial disruption in international and U.S. economies and markets. The outbreak has potential to have an adverse impact on the digital mining industry and, if repercussions of the outbreak are prolonged, could have a significant adverse impact on Gryphon's business, which could be material. Gryphon's management cannot at this point estimate the impact of the outbreak on Gryphon's business and no provision for this outbreak is reflected in the accompanying financial statements.

The impacts of climate change may result in additional costs or risks.

The physical risks of climate change may impact the availability and cost of materials and natural resources, sources and supply of energy, demand for Bitcoin and other cryptocurrencies, and other operating costs. If environmental laws or regulations or industry standards are either changed or adopted and impose significant operational restrictions and compliance requirements on Gryphon's operations, or if Gryphon's operations are disrupted due to physical impacts of climate change, Gryphon's business, capital expenditures, results of operations, financial condition and competitive position could be negatively impacted.

Risks Related to Governmental Regulation and Enforcement

As cryptocurrencies may be determined to be investment securities, Gryphon may inadvertently violate the Investment Company Act of 1940 and incur large losses as a result and potentially be required to register as an investment company or terminate operations and Gryphon may incur third-party liabilities.

Gryphon believes that it is not engaged in the business of investing, reinvesting, or trading in securities, and it does not hold itself out as being engaged in those activities. However, under the Investment Company Act of 1940 (the “Investment Company Act”), a company may be deemed an investment company under section 3(a)(1)(C) thereof if the value of its investment securities is more than 40% of its total assets (exclusive of government securities and cash items) on an unconsolidated basis.

As a result of Gryphon’s investments and its mining activities, including investments in which it does not have a controlling interest, the investment securities Gryphon holds could exceed 40% of Gryphon’s total assets, exclusive of cash items and, accordingly, Gryphon could determine that it has become an inadvertent investment company. The bitcoin that Gryphon owns, acquires or mines may be deemed an investment security by the SEC, although Gryphon does not believe any of the bitcoin it owns, acquires or mines are securities. An inadvertent investment company can avoid being classified as an investment company if it can rely on one of the exclusions under the Investment Company Act. One such exclusion, Rule 3a-2 under the Investment Company Act, allows an inadvertent investment company a grace period of one year from the earlier of (a) the date on which an issuer owns securities and/or cash having a value exceeding 50% of the issuer’s total assets on either a consolidated or unconsolidated basis and (b) the date on which an issuer owns or proposes to acquire investment securities having a value exceeding 40% of the value of such issuer’s total assets (exclusive of government securities and cash items) on an unconsolidated basis. As of the date of this proxy statement / prospectus, Gryphon does not believe it is an inadvertent investment company. Gryphon may take actions to cause the investment securities held by it to be less than 40% of its total assets, which may include acquiring assets with Gryphon’s cash and bitcoin on hand or liquidating Gryphon’s investment securities or bitcoin or seeking a no-action letter from the SEC if Gryphon is unable to acquire sufficient assets or liquidate sufficient investment securities in a timely manner.

As the Rule 3a-2 exception is available to a company no more than once every three years, and assuming no other exclusion were available to Gryphon, Gryphon would have to keep within the 40% limit for at least three years after it ceases being an inadvertent investment company. This may limit Gryphon’s ability to make certain investments or enter into joint ventures that could otherwise have a positive impact on Gryphon’s earnings. In any event, Gryphon does not intend to become an investment company engaged in the business of investing and trading securities.

Classification as an investment company under the Investment Company Act requires registration with the SEC. If an investment company fails to register, it would have to stop doing almost all business, and its contracts would become voidable. Registration is time consuming and restrictive and would require a restructuring of Gryphon’s operations, and Gryphon would be very constrained in the kind of business it could do as a registered investment company. Further, Gryphon would become subject to substantial regulation concerning management, operations, transactions with affiliated persons and portfolio composition, and would need to file reports under the Investment Company Act regime. The cost of such compliance would result in Gryphon incurring substantial additional expenses, and the failure to register if required would have a materially adverse impact to conduct Gryphon’s operations.

If regulatory changes or interpretations of Gryphon’s activities require its registration as a money services business under the regulations promulgated by The Financial Crimes Enforcement Network under the authority of the U.S. Bank Secrecy Act, Gryphon may be required to register and comply with such regulations. If regulatory changes or interpretations of Gryphon’s activities require the licensing or other registration of Gryphon as a money transmitter (or equivalent designation) under state law in any state in which Gryphon operates, Gryphon may be required to seek licensure or otherwise register and comply with such state law. In the event of any such requirement, to the extent Gryphon decides to continue, the required registrations, licensure and regulatory compliance steps may result in extraordinary, non-recurring expenses to Gryphon. Gryphon may also decide to cease its operations. Any termination of certain operations in response to the changed regulatory circumstances may be at a time that is disadvantageous to investors.

To the extent that Gryphon’s activities cause it to be deemed a money service business under the regulations promulgated by the Financial Crimes Enforcement Network of the U.S. Treasury Department (“FinCEN”) under the authority of the U.S. Bank Secrecy Act, Gryphon may be required to comply with FinCEN regulations, including those that would mandate Gryphon to implement anti-money laundering programs, make certain reports to FinCEN and maintain certain records.

[Table of Contents](#)

To the extent that Gryphon's activities cause Gryphon to be deemed a money transmitter or equivalent designation under state law in any state in which Gryphon operates, Gryphon may be required to seek a license or otherwise register with a state regulator and comply with state regulations that may include the implementation of anti-money laundering programs, maintenance of certain records and other operational requirements. Currently, the New York Department of Financial Services maintains a comprehensive "BitLicense" framework for businesses that conduct "virtual currency business activity." Gryphon will continue to monitor for developments in New York legislation, guidance and regulations.

Such additional federal or state regulatory obligations may cause Gryphon to incur extraordinary expenses, which could affect Gryphon's business in a material and adverse manner. Furthermore, Gryphon and its service providers may not be capable of complying with certain federal or state regulatory obligations applicable to money service businesses and money transmitters. If Gryphon is deemed to be subject to and determined not to comply with such additional regulatory and registration requirements, Gryphon may act to dissolve and liquidate Gryphon. Any such action may adversely affect an investment in Gryphon.

Gryphon is subject to an extensive, highly evolving and uncertain regulatory and business landscape and any adverse changes to, or its failure to comply with, any laws and regulations, and adverse business reactions from counterparties could adversely affect its brand, reputation, business, operating results, and financial condition.

Gryphon's business is subject to extensive laws, rules, regulations, policies, orders, determinations, directives, treaties, and legal and regulatory interpretations and guidance, as well as counterparty risk in the markets in which it operates, including regulatory aspects from financial services, federal energy and other regulators, the SEC, the CFTC, credit, crypto asset custody, exchange, and transfer, cross-border and domestic money and crypto asset transmission, consumer and commercial lending, usury, foreign currency exchange, privacy, data governance, data protection, cybersecurity, fraud detection, antitrust and competition, bankruptcy, tax, anti-bribery, economic and trade sanctions, anti-money laundering, and counter-terrorist financing, as well as the same regulatory risks applicable to counterparties, most notably hosting businesses, as well as the recent economic issues and bankruptcies befalling some in this industry. Many of these legal and regulatory regimes were adopted prior to the advent of the internet, mobile technologies, crypto assets, and related technologies. As a result, some applicable laws and regulations do not contemplate or address unique issues associated with the crypto economy, are subject to significant uncertainty, and vary widely across U.S. federal, state, and local and international jurisdictions. These legal and regulatory regimes, including the laws, rules, and regulations thereunder, evolve frequently and may be modified, interpreted, and applied in an inconsistent manner from one jurisdiction to another, and may conflict with one another. Moreover, the complexity and evolving nature of Gryphon's business and the significant uncertainty surrounding the regulation of the crypto economy requires Gryphon to exercise its judgment as to whether certain laws, rules, and regulations apply to us, and it is possible that governmental bodies and regulators may disagree with Gryphon's conclusions. To the extent Gryphon has not complied with such laws, rules, and regulations, it could be subject to significant fines, revocation of licenses, limitations on its products and services, reputational harm, and other regulatory consequences, each of which may be significant and could adversely affect its business, operating results, and financial condition.

Additionally, various governmental and regulatory bodies, including legislative and executive bodies, in the United States and in other countries may adopt new laws and regulations, the direction and timing of which may be influenced by changes in the governing administrations and major events in the crypto economy. The collapse of TerraUSD and Luna and the bankruptcy filings of FTX and its subsidiaries, Three Arrows, Celsius, Voyager, Genesis and BlockFi have resulted in calls for heightened scrutiny and regulation of the digital asset industry, with a specific focus on digital asset exchanges, platforms, and custodians. Federal and state legislatures and regulatory agencies are expected to introduce and enact new laws and regulations to regulate digital asset intermediaries, such as digital asset exchanges and custodians. The U.S. regulatory regime — namely the Federal Reserve Board, U.S. Congress and certain U.S. agencies (e.g., the SEC, the CFTC, FinCEN, the Office of the Comptroller of the Currency, the Federal Deposit Insurance Corporation ("FDIC"), and the Federal Bureau of Investigation) as well as the White House have issued reports and releases concerning digital assets, including Bitcoin and digital asset markets. In the near future, various governmental and regulatory bodies, including in the United States, may introduce new policies, laws, and regulations relating to crypto assets and the crypto economy generally, and crypto asset platforms in particular. However, the extent and content of any forthcoming laws and regulations are not yet ascertainable with certainty, and it may not be ascertainable in the near future. The failures of risk management and other control functions at other companies that played a role in these events could accelerate an existing regulatory trend toward stricter oversight of crypto asset platforms and the crypto economy.

Although Gryphon is not directly connected to the recent cryptocurrency market events, Gryphon may still suffer reputational harm due to its association with the cryptocurrency industry in light of the recent disruption in the crypto asset markets. Due to its business activities, Gryphon may be subject to ongoing examinations, oversight, and reviews and currently are, and expect in the future, to be subject to investigations and inquiries, by U.S. federal and state regulators, many of which have broad discretion to audit and examine its business. Moreover, new laws, regulations, or interpretations may result in additional litigation, regulatory investigations, and enforcement or other actions, including preventing or delaying Gryphon from offering certain products or services offered by its competitors or could impact how it offers such products and services. Adverse changes to, or its failure to comply with, any laws and regulations have had, and may continue to have, an adverse effect on its reputation and brand and its business, operating results, and financial condition.

There is no one unifying principle governing the regulatory status of cryptocurrency nor whether cryptocurrency is a security in each context in which it is viewed. Regulatory changes or actions in one or more countries may alter the nature of an investment in Gryphon or restrict the use of digital assets, such as cryptocurrencies, in a manner that adversely affects Gryphon’s business, prospects or operations.

As cryptocurrencies have grown in both popularity and market size, governments around the world have reacted differently, with certain governments deeming cryptocurrencies illegal, and others allowing their use and trade without restriction. In some jurisdictions, such as in the U.S., digital assets, like cryptocurrencies, are subject to extensive, and in some cases overlapping, unclear and evolving regulatory requirements. On March 8, 2022, President Biden announced an executive order on cryptocurrencies, which seeks to establish a unified federal regulatory regime for cryptocurrencies. In connection with FTX’s collapse and bankruptcy filing, the U.S. Department of Justice brought criminal charges, including charges of fraud, violations of federal securities laws, money laundering, and campaign finance offenses against FTX’s former CEO and others. FTX is also under investigation by the SEC, the Justice Department, and the Commodity Futures Trading Commission, as well as by various regulatory authorities in the Bahamas, Europe and other jurisdictions. Regulatory and enforcement scrutiny has also increased, including from the DOJ, the SEC, the CFTC, the White House and Congress. Gryphon is unable to predict the nature or extent of new and proposed legislation and regulation potentially stemming from the Biden Administration executive order and proceedings surrounding FTX.

Bitcoin is the oldest and most well-known form of cryptocurrency. Bitcoin and other forms of cryptocurrencies have been the source of much regulatory consternation, resulting in differing definitional outcomes without a single unifying statement. Bitcoin and other digital assets are viewed differently by different regulatory and standards setting organizations globally as well as in the United States on the federal and state levels. For example, the Financial Action Task Force (“FATF”) and the Internal Revenue Service (“IRS”) consider a cryptocurrency as currency or an asset or property. Further, the IRS applies general tax principles that apply to property transactions to transactions involving virtual currency.

If regulatory changes or interpretations require the regulation of Bitcoin or other digital assets under the securities laws of the United States or elsewhere, including the Securities Act of 1933, the Exchange Act and the 1940 Act or similar laws of other jurisdictions and interpretations by the SEC, the CFTC, the IRS, Department of Treasury or other agencies or authorities, Gryphon may be required to register and comply with such regulations, including at a state or local level. To the extent that Gryphon decides to continue operations, the required registrations and regulatory compliance steps may result in extraordinary expense or burdens to Gryphon. Gryphon may also decide to cease certain operations and change Gryphon’s business model. Any disruption of Gryphon’s operations in response to the changed regulatory circumstances may be at a time that is disadvantageous to Gryphon.

Current and future legislation and SEC-rulemaking and other regulatory developments, including interpretations released by a regulatory authority, may impact the manner in which Bitcoin or other cryptocurrencies are viewed or treated for classification and clearing purposes. In particular, Bitcoin and other cryptocurrencies may not be excluded from the definition of “security” by SEC rulemaking or interpretation requiring registration of all transactions unless another exemption is available, including transacting in bitcoin or cryptocurrency among owners and require registration of trading platforms as “exchanges”.

Gryphon cannot be certain as to how future regulatory developments will impact the treatment of Bitcoin and other cryptocurrencies under the law. While Gryphon received crypto assets other than Bitcoin from the private placement of stock, Gryphon has long since sold these assets and currently does not hold any crypto assets other than Bitcoin. Additionally, Gryphon does not intend to expand its business by acquiring digital assets other than Bitcoin. Nonetheless,

if Bitcoin becomes subject to additional regulatory and registration requirements, and Gryphon fails to comply with these, Gryphon may seek to cease certain of its operations or be subjected to fines, penalties and other governmental action. Such circumstances could have a material adverse effect on Gryphon's ability to continue as a going concern or to pursue its business model at all, which could have a material adverse effect on its business, prospects or operations and potentially the value of any cryptocurrencies Gryphon plans to hold or expect to acquire for its own account.

Banks and financial institutions may not provide banking services, or may cut off services, to businesses that engage in Bitcoin-related activities or that accept bitcoin as payment, including financial institutions of investors in Gryphon's common stock.

A number of companies that engage in Bitcoin and/or other cryptocurrency-related activities have been unable to find banks or financial institutions that are willing to provide them with bank accounts and other services. Similarly, a number of companies and individuals or businesses associated with Bitcoin may have had and may continue to have their existing bank accounts closed or services discontinued with financial institutions in response to government action, particularly in China, where regulatory response to cryptocurrencies has been to exclude their use for ordinary consumer transactions within China. In January 2023, the Federal Reserve, Office of the Comptroller of the Currency, and Federal Deposit Insurance Corporation issued a joint statement effectively discouraging banks from doing business with clients in crypto-asset industries. The Federal Reserve also issued a policy statement broadening its authority to cover state-chartered institutions. Moreover, in January 2023, the White House issued a statement cautioning deepening ties between crypto-assets and the broader financial system. Gryphon also may be unable to obtain or maintain these financial services for Gryphon's business. The difficulty that many businesses that provide Bitcoin and/or derivatives on other cryptocurrency-related activities have and may continue to have in finding banks and financial institutions willing to provide them services could decrease their usefulness and harm their public perception in the future and may be decreasing the usefulness of Bitcoin as a payment system and harming public perception of Bitcoin.

The usefulness of Bitcoin as a payment system and the public perception of Bitcoin could be damaged if banks or financial institutions were to close the accounts of businesses engaging in Bitcoin and/or other cryptocurrency-related activities. This could occur as a result of compliance risk, cost, government regulation or public pressure. The risk applies to securities firms, clearance and settlement firms, national stock exchanges and commodities derivatives exchanges, the over-the-counter market, and the Depository Trust Company, which, if any of such entities adopts or implements similar policies, rules or regulations, could negatively affect Gryphon's relationships with financial institutions and impede Gryphon's ability to convert bitcoin to fiat currencies. Such factors could have a material adverse effect on Gryphon's ability to continue as a going concern or to pursue its strategy at all, which could have a material adverse effect on Gryphon's business, prospects or operations and harm investors.

It may be illegal now, or in the future, to acquire, own, hold, sell or use bitcoin, ether, or other cryptocurrencies, participate in blockchains or utilize similar cryptocurrency assets in one or more countries, the ruling of which would adversely affect Gryphon.

As Bitcoin has grown in both popularity and market size, governments around the world have reacted differently to Bitcoin; certain governments have deemed them illegal, and others have allowed their use and trade without restriction, while in some jurisdictions, such as in the U.S., subject to extensive, and in some cases overlapping, unclear and evolving regulatory requirements. Until recently, little or no regulatory attention has been directed toward Bitcoin and the Bitcoin network by U.S. federal and state governments, foreign governments and self-regulatory agencies. As Bitcoin has grown in popularity and in market size, the Federal Reserve Board, U.S. Congress and certain U.S. agencies (e.g., the Commodity Futures Trading Commission, the SEC, FinCEN and the Federal Bureau of Investigation) have begun to examine the operations of the Bitcoin network, Bitcoin users and the Bitcoin exchange market.

One or more countries such as China and Russia, which have taken harsh regulatory action in the past, may take regulatory actions in the future that could severely restrict the right to acquire, own, hold, sell or use these cryptocurrency assets or to exchange for fiat currency. In many nations, particularly in China and Russia, it is illegal to accept payment in Bitcoin and other cryptocurrencies for consumer transactions and banking institutions are barred from accepting deposits of Bitcoin. Such restrictions may adversely affect Gryphon as the large-scale use of Bitcoin as a means of exchange is presently confined to certain regions globally. Such circumstances could have a material adverse effect on Gryphon's ability to continue as a going concern or to pursue Gryphon's strategy at all, which could have a material adverse effect on Gryphon's business, prospects or operations and potentially the value of any Bitcoin that Gryphon mines or otherwise acquires or holds for its own account, and harm investors.

Gryphon’s interactions with a blockchain may expose Gryphon to specially designated nationals or blocked persons or cause Gryphon to violate provisions of law that did not contemplate distributed ledger technology.

The Office of Financial Assets Control of the U.S. Department of Treasury (“OFAC”) requires Gryphon to comply with its sanction program and not conduct business with persons named on its specially designated nationals list. However, because of the pseudonymous nature of blockchain transactions, Gryphon may inadvertently and without Gryphon’s knowledge engage in transactions with persons named on OFAC’s specially designated nationals list. Gryphon’s policy prohibits any transactions with such specially designated national individuals, but Gryphon may not be adequately capable of determining the ultimate identity of the individual with whom Gryphon transacts with respect to selling bitcoin assets. Moreover, federal law prohibits any U.S. person from knowingly or unknowingly possessing any visual depiction commonly known as child pornography. Recent media reports have suggested that persons have imbedded such depictions on one or more blockchains. Because Gryphon’s business requires it to download and retain one or more blockchains to effectuate Gryphon’s ongoing business, it is possible that such digital ledgers contain prohibited depictions without Gryphon’s knowledge or consent. To the extent government enforcement authorities literally enforce these and other laws and regulations that are impacted by decentralized distributed ledger technology, Gryphon may be subject to investigation, administrative or court proceedings, and civil or criminal monetary fines and penalties, all of which could harm Gryphon’s reputation.

Gryphon’s management and compliance personnel have limited experience handling a listed cryptocurrency mining-related services company.

Gryphon’s management and compliance personnel have limited experience in handling regulatory and compliance matters relating to a listed cryptocurrency mining-related services company. Gryphon’s key compliance documents and compliance programs, such as AML and KYC procedures, also have a recent history only. Gryphon believes that its measures designed to limit its counterparty risks are appropriate. While Gryphon has been devoting a substantial amount of time and resources to various compliance initiatives and risk management measures, including but not limited to, developing a dedicated internal compliance function, Gryphon cannot assure you the practical application and effectiveness of its compliance program and risk management measures, nor that there will not be a failure in detecting regulatory compliance issues or managing risk exposure, which may adversely affect its reputation, business, financial condition and results of operations

Risks Related to the Combined Company

In determining whether you should approve the issuance of shares of Akerna Common Stock and other matters related to the Merger, as the case may be, you should carefully read the following risk factors in addition to the risks described above.

If any of the events described in “Risks Related to Akerna” or “Risks Related to Gryphon” occur, those events could cause potential benefits of the Merger not to be realized.

Following completion of the Merger, the combined company will be susceptible to many of the risks described in the sections herein entitled “Risks Related to Akerna” and “Risks Related to Gryphon.” To the extent any of the events in the risks described in those sections occur, those events could cause the potential benefits of the Merger not to be realized and the market price of the combined company’s common stock to decline.

There has been no prior public market for Gryphon’s common stock, the stock price of the combined company’s common stock may be volatile or may decline regardless of its operating performance and you may not be able to resell your shares at or above the purchase price.

There has been no public market for Gryphon’s common stock. Although the Akerna’s Common Stock is listed on Nasdaq, and Gryphon and Akerna will apply to have the combined company’s common stock listed on Nasdaq, an active trading market for the combined company’s common stock may never develop or be sustained following the Merger. Gryphon, Akerna and their financial advisors will set the final ratio of the Akerna Reverse Stock Split to target a trading price to provide for sufficient liquidity. The price that the combined company trades at immediately following the Merger may not necessarily reflect the price at which investors in the market will be willing to buy and sell the shares on a sustained basis. In addition, an active trading market may not develop following the consummation of the Merger or, if it is developed, may not be sustained. The lack of an active market may impair your ability to sell your

shares at the time you wish to sell them or at a price that you consider reasonable. An inactive market may also impair the combined company's ability to raise capital by selling shares of common stock and may impair the combined company's ability to acquire other businesses or technologies using the combined company's shares of common stock as consideration, which, in turn, could materially adversely affect the combined company's business. The market price of the combined company's common stock may fluctuate significantly in response to numerous factors, many of which are beyond the combined company's control, including:

- overall performance of the equity markets;
- the combined company's operating performance and the performance of other similar companies;
- the published opinions and third-party valuations by banking and market analysts;
- changes in the combined company's projected operating results that it provides to the public, the combined company's failure to meet these projections or changes in recommendations by securities analysts that elect to follow the combined organization's common stock;
- regulatory or legal developments in the United States and other countries;
- the level of expenses related to operations;
- the combined company's failure to achieve its goals in the timeframe it announces;
- announcements of acquisitions, strategic alliances or significant agreements by the combined company;
- recruitment or departure of key personnel;
- the economy as a whole and market conditions in the combined company's industry;
- trading activity by a limited number of stockholders who together beneficially own a majority of the combined company's outstanding common stock;
- the expiration of market standoff or contractual lock-up agreements;
- the size of the combined company's market float;
- political uncertainty and/or instability in the United States;
- the ongoing and future impact of the COVID-19 pandemic and actions taken to slow its spread; and
- any other factors discussed in this proxy statement / prospectus / information statement.

In addition, the equity markets have experienced extreme price and volume fluctuations that have affected and continue to affect the market prices of equity securities of many data mining and cryptocurrency companies. Stock prices of many data mining and cryptocurrency companies have fluctuated in a manner unrelated or disproportionate to the operating performance of those companies. The trading prices for common stock of other cryptocurrency mining companies have also been highly volatile as a result of the COVID-19 pandemic. In the past, stockholders have filed securities class action litigation following periods of market volatility. If the combined company were to become involved in securities litigation, it could subject the combined company to substantial costs, divert resources and the attention of management from the combined company's business and adversely affect its business.

The combined company will continue to incur increased costs as a result of operating as a public company, and its management team will be required to devote substantial time to new compliance initiatives.

As a public company, the combined company will continue to incur significant legal, accounting, and other expenses that Gryphon did not incur as a private company. In addition, the Sarbanes-Oxley Act and rules subsequently implemented by the SEC and Nasdaq have imposed various requirements on public companies, including establishment and maintenance of effective disclosure and financial controls and corporate governance practices. The combined company's management and other personnel will need to devote a substantial amount of time to these compliance initiatives. Moreover, these rules and regulations will increase the combined company's legal and financial compliance costs and will make some activities more time-consuming and costly.

Pursuant to Section 404, the combined company is required to furnish a report by its management on its internal control over financial reporting, which may include an attestation report on internal control over financial reporting issued by its independent registered public accounting firm. While the combined company remains a “smaller reporting company” with less than \$100 million in annual revenues, it will not be required to include an attestation report on internal control over financial reporting issued by its independent registered public accounting firm. Following the closing of the Merger, the combined company will need to continue to dedicate internal resources, potentially engage outside consultants, maintain a detailed work plan to assess and document the adequacy of internal control over financial reporting, continue steps to improve control processes as appropriate, validate through testing that controls are functioning as documented, and implement a continuous reporting and improvement process for internal control over financial reporting. Despite the combined company’s efforts, there is a risk that neither it nor its independent registered public accounting firm if required will be able to conclude that its internal control over financial reporting remains effective as required by Section 404. This could result in an adverse reaction in the financial markets due to a loss of confidence in the reliability of the combined company’s financial statements.

The combined company’s failure to meet the continued listing requirements of Nasdaq could result in a delisting of the combined company’s common stock.

If, after listing, the combined company fails to satisfy the continued listing requirements of Nasdaq, such as the corporate governance requirements or the minimum closing bid price requirement, Nasdaq may take steps to delist the combined company’s common stock. Such a delisting would likely have a negative effect on the price of the combined company’s common stock and would impair your ability to sell or purchase the combined company’s common stock when you wish to do so. In the event of a delisting, the combined company can provide no assurance that any action taken by the combined company to restore compliance with listing requirements would allow the combined company’s common stock to become listed again, stabilize the market price or improve the liquidity of the combined company’s common stock, prevent the combined company’s common stock from dropping below the Nasdaq minimum bid price requirement or prevent future non-compliance with Nasdaq’s listing requirements.

The combined company’s operating results may fluctuate significantly or may fall below the expectations of investors or securities analysts, each of which may cause the combined company’s stock price to fluctuate or decline.

Gryphon expects the combined company’s operating results to be subject to annual and quarterly fluctuations. The combined company’s net income and other operating results will be affected by numerous factors, including:

- the combined company’s execution of any additional collaboration or similar arrangements, and the timing of payments the combined company may make or receive under existing or future arrangements or the termination or modification of any such existing or future arrangements;
- additions and departures of key personnel;
- strategic decisions by the combined company or its competitors, such as acquisitions, divestitures, spin-offs, joint ventures, strategic investments or changes in business strategy; and
- changes in general market and economic conditions.

If the combined company’s operating results fall below the expectations of investors or securities analysts, the price of the combined company’s common stock could decline substantially. Furthermore, any fluctuations in the combined company’s operating results may, in turn, cause the price of its stock to fluctuate substantially.

After the Merger, the combined company’s executive officers, directors and principal stockholders, if they choose to act together, will continue to control or significantly influence all matters submitted to stockholders for approval.

Immediately following the completion of the Merger, the combined company’s executive officers, directors and greater than 5% stockholders will own, in the aggregate, approximately % of the combined company’s outstanding common stock (assuming no exercise of outstanding warrants). As a result, such persons or their appointees to the combined company’s board of directors, acting together, will have the ability to control or significantly influence all matters submitted to the combined company’s board of directors or stockholders for approval, including the appointment of the combined company’s management, the election and removal of directors and approval of any significant transaction, as well as the combined company’s management and business affairs. This concentration of ownership may have the effect of delaying, deferring or preventing a change in control, impeding a merger,

consolidation, takeover or other business combination involving the combined company, or discouraging a potential acquiror from making a tender offer or otherwise attempting to obtain control of the combined company's business, even if such a transaction would benefit other stockholders.

Sales of a substantial number of shares of the combined company's common stock by the combined company's stockholders in the public market could cause the combined company's stock price to fall.

Sales of a substantial number of shares of the combined company's common stock in the public market or the perception that these sales might occur could significantly reduce the market price of the combined company's common stock and impair the combined company's ability to raise adequate capital through the sale of additional equity securities.

Upon the closing of the Merger, the combined company will have outstanding a total of _____ shares of common stock, assuming no exercise of outstanding warrants and without giving effect to the Akerna Reverse Stock Split. Of these shares, _____ million shares of common stock will be freely tradable, without restriction, in the public market immediately following the Merger, unless they are purchased by one of the combined company's affiliates.

Sales of these shares, or perceptions that they will be sold, could cause the trading price of the combined company's common stock to decline.

Delaware law and provisions in the combined company's amended and restated certificate of incorporation and bylaws could make a merger, tender offer or proxy contest difficult, thereby depressing the trading price of the combined company's common stock.

The combined company's amended and restated certificate of incorporation (as amended) and bylaws contain provisions that could depress the trading price of the combined company's common stock by acting to discourage, delay or prevent a change of control of the combined company or changes in its management that the stockholders of the combined company may deem advantageous. These provisions include the following:

- establish a classified board of directors so that not all members of the combined company's board of directors are elected at one time;
- permit the board of directors to establish the number of directors and fill any vacancies and newly created directorships;
- provide that directors may only be removed for cause and only by the affirmative vote of the holders of 75% or more of the outstanding shares of the combined company's capital stock then entitled to vote;
- require super-majority voting to amend some provisions in the combined company's amended and restated certificate of incorporation and bylaws;
- prohibit stockholders from calling special meetings of stockholders;
- prohibit stockholder action by written consent, which requires all stockholder actions to be taken at a meeting of the combined company's stockholders;
- provide that the board of directors is expressly authorized to amend or repeal the combined company's bylaws;
- restrict the forum for certain litigation against the combined company to Delaware; and
- establish advance notice requirements for nominations for election to the combined company's board of directors or for proposing matters that can be acted upon by stockholders at annual stockholder meetings.

Any provision of the combined company's amended and restated certificate of incorporation (as amended) or bylaws or Delaware law that has the effect of delaying or deterring a change in control could limit the opportunity for the combined company's stockholders to receive a premium for their shares of the combined company's common stock, and could also affect the price that some investors are willing to pay for the combined company's common stock.

The combined company's amended and restated bylaws designate a state or federal court located within the state of Delaware as the exclusive forum for substantially all disputes between the combined company and its stockholders, which could limit the combined company's stockholders' ability to choose the judicial forum for disputes with the combined company or its directors, officers or employees.

The combined company's amended and restated bylaws provide that, unless it consents in writing to the selection of an alternative forum, to the fullest extent permitted by law, the sole and exclusive forum for (1) any derivative action or proceeding brought on the combined company's behalf under Delaware law, (2) any action or proceeding asserting a claim of breach of a fiduciary duty owed by any of the combined company's directors, officers or other employees to the combined company or its stockholders, (3) any action or proceeding asserting a claim against the combined company or any of its directors, officers or other employees arising pursuant to any provision of the DGCL, the combined company's amended and restated certificate of incorporation or bylaws, (4) any action or proceeding to interpret, apply, enforce or determine the validity of the combined company's amended and restated certificate of incorporation or bylaws, (5) any action or proceeding as to which the DGCL confers jurisdiction to the Court of Chancery (the "Chancery Court") of the State of Delaware, or (6) any other action or proceeding against the combined company or any of its directors, officers or other employees asserting a claim that is governed by the internal affairs doctrine, shall be the Chancery Court (or, if and only if the Chancery Court lacks subject matter jurisdiction, any state court located within the State of Delaware or, if and only if all such state courts lack subject matter jurisdiction, the federal district court for the District of Delaware) in all cases subject to the court having jurisdiction over indispensable parties named as defendants. These exclusive forum provisions do not apply to claims under the Securities Act or the Exchange Act.

To the extent that any such claims may be based upon federal law claims, Section 27 of the Exchange Act creates exclusive federal jurisdiction over all suits brought to enforce any duty or liability created by the Exchange Act or the rules and regulations thereunder.

Section 22 of the Securities Act creates concurrent jurisdiction for federal and state courts over all suits brought to enforce any duty or liability created by the Securities Act or the rules and regulations thereunder. However, the combined company's amended and restated certificate of incorporation contains a federal forum provision which provides that unless the combined company consents in writing to the selection of an alternative forum, the federal district courts of the United States of America will be the exclusive forum for the resolution of any complaint asserting a cause of action arising under the Securities Act.

Any person or entity purchasing or otherwise acquiring any interest in any of the combined company's securities shall be deemed to have notice of and consented to this provision. This exclusive forum provision may limit a stockholder's ability to bring a claim in a judicial forum of its choosing for disputes with the combined company or its directors, officers or other employees, which may discourage lawsuits against the combined company or its directors, officers and other employees. If a court were to find the exclusive forum provision in the combined company's amended and restated certificate of incorporation to be inapplicable or unenforceable in an action, the combined company may incur additional costs associated with resolving the dispute in other jurisdictions, which could harm the combined company's results of operations.

Future sales and issuances of the combined company's common stock or rights to purchase common stock, including pursuant to the combined company's equity incentive plan, could result in dilution of the percentage ownership of its stockholders and could cause the combined company's stock price to fall.

Additional capital will be needed in the future to continue the combined company's planned operations. To the extent the combined company raises additional capital by issuing equity securities, its stockholders may experience substantial dilution. The combined company may sell common stock, convertible securities or other equity securities in one or more transactions at prices and in a manner it determines from time to time. If the combined company sells common stock, convertible securities or other equity securities in more than one transaction, investors may be materially diluted by subsequent sales. These sales may also result in material dilution to the combined company's existing stockholders, and new investors could gain rights superior to existing stockholders.

Pursuant to the 2023 Plan, the combined company's board of directors is authorized to grant stock options and other equity-based awards to its employees, directors and consultants, which equity-based awards would also cause dilution to its stockholders. The number of shares of the combined company's common stock reserved for issuance under the

2023 Plan will be . If the board of directors of the combined company elects to increase the number of shares available for future grant by the maximum amount each year, stockholders may experience additional dilution, which could cause the combined company's stock price to fall.

Gryphon does not currently intend to pay dividends on the combined company's common stock, and, consequently, your ability to achieve a return on your investment will depend on appreciation, if any, in the price of the combined company's common stock.

Gryphon has never declared or paid any cash dividend on Gryphon common stock. The expectation is that the combined company will retain future earnings for the development, operation and expansion of the combined company's business and Gryphon does not anticipate declaring or paying any cash dividends for the foreseeable future. In addition, the Anchorage Loan Agreement prohibits Gryphon, and will prohibit the combined company, from declaring or paying any cash dividends without Anchorage's prior written consent, and the terms of any future debt agreements may preclude the combined company from paying dividends. Any return to stockholders will therefore be limited to the appreciation of their stock. There is no guarantee that shares of the combined company's common stock will appreciate in value or even maintain the price at which stockholders have purchased their shares.

If the Merger does not qualify as a "reorganization" for U.S. federal income tax purposes, U.S. Holders of Gryphon Shares will be required to recognize gain or loss for U.S. federal income tax purposes upon the exchange of their Gryphon Shares for Akerna Common Stock in the Merger.

The U.S. federal income tax consequences of the Merger to U.S. Holders (as defined under the heading *The Transactions — Certain Material U.S. Federal Income Tax Consequences of the Merger*) will depend on whether the Merger qualifies as a "reorganization" for U.S. federal income tax purposes. If the Merger fails to qualify as a reorganization within the meaning of Section 368(a) of the Code, a U.S. Holder of Gryphon Shares would recognize gain or loss for U.S. federal income tax purposes on each Gryphon Share surrendered in the Merger for Akerna Common Stock. For a more complete discussion of the material U.S. federal income tax consequences of the Merger, please carefully review the information set forth in the section entitled *"The Transactions — Certain Material U.S. Federal Income Tax Consequences of the Merger."*

The historical financial information of Gryphon presented herein may not be representative of its results or financial condition if Gryphon had been operated as a public company, and as a result may not be representative of the combined company's results or financial condition after the Merger.

The historical financial information of Gryphon included elsewhere in this proxy statement / prospectus reflects assumptions and allocations made by Gryphon based in part on its status as a privately held company. The historical results and financial condition of Gryphon presented herein may be different from those that would have resulted had Gryphon been operated as a public company during the applicable periods or at the applicable dates. As a result, the historical financial information of Gryphon may not be indicative of the future operating results or financial position of the combined company.

The unaudited pro forma condensed combined financial information presented herein may not be representative of the combined company's results after the Merger.

The unaudited pro forma condensed combined financial information included elsewhere in this proxy statement / prospectus has been presented for informational purposes only and is not necessarily indicative of the financial position or results of operations that actually would have occurred had the Merger been completed as of the date indicated, nor is it indicative of future operating results or financial position. The unaudited pro forma condensed combined financial information has been derived from the historical financial statements of Akerna and Gryphon and adjustments and assumptions have been made regarding the combined company after giving effect to the Merger and the Sale Transaction. Akerna is also planning to effect the Akerna Reverse Stock Split, subject to the approval of the Akerna stockholders, and the Akerna Reverse Stock Split will impact the financial information on a per share basis. The information upon which these adjustments and assumptions have been made is preliminary, and these kinds of adjustments and assumptions are difficult to make with accuracy. Moreover, the unaudited pro forma condensed combined financial information does not reflect all costs that are expected to be incurred by the combined company as an operating company after the Merger. following consummation of the Merger. The unaudited pro forma condensed combined financial information does not reflect the costs of integration activities contemplated as part of the Merger. Failure by the combined company to comply with the initial listing standards of Nasdaq will prevent its stock from being listed on Nasdaq and may prevent the closing of the Merger.

Akerna, under the new name "Gryphon Digital Mining, Inc.," will be required to meet the initial listing requirements of Nasdaq to maintain the listing and continued trading of its shares on Nasdaq. These initial listing requirements are more difficult to achieve than the continued listing requirements. Pursuant to the Merger Agreement, Akerna agreed to use its commercially reasonable efforts to cause the shares of Akerna Common Stock being issued in the Merger to be approved for listing on Nasdaq at or prior to the Effective Time. Based on information currently available to Akerna, Akerna anticipates that its stock will be unable to meet the \$4.00 minimum bid price (or, to the extent applicable, \$3.00 or \$2.00 minimum closing price) initial listing requirement at the closing of the Merger unless it effects the Akerna Reverse Stock Split. The Akerna Board intends to effect the Akerna Reverse Stock Split of the Akerna Common Stock. In addition, often times a reverse stock split will not result in a trading price for the affected common stock that is proportional to the ratio of the split. If Akerna is unable to satisfy Nasdaq listing requirements, neither party is obligated to close the Merger. Also, following the Merger, if the combined company is unable to satisfy Nasdaq listing requirements, Nasdaq may notify the combined company that its shares of common stock will not be listed on Nasdaq. Upon a potential delisting from Nasdaq, if the combined company's common stock is not then eligible for quotation on another market or exchange, trading of the shares could be conducted in the over-the-counter market or on an electronic bulletin board established for unlisted securities such as the Pink Sheets or the OTC Bulletin Board. In such event, it is likely that there would be significantly less liquidity in the trading of the combined company's common stock; decreases in institutional and other investor demand for the shares, coverage by securities analysts, market making activity and information available concerning trading prices and volume; and fewer broker dealers willing to execute trades in the combined company's common stock. Also, it may be difficult for the combined company to raise additional capital if the combined company's common stock is not listed on a major exchange. The occurrence of any of these events could result in a further decline in the market price of the combined company's common stock and could have a material adverse effect on the combined company.

The Merger will result in changes to the Akerna Board and the combined company will pursue different strategies than Akerna pursued independently.

If Akerna and Gryphon complete the Merger, the composition of the Akerna Board will change in accordance with the Merger Agreement. Following completion of the Merger, the combined company's board of directors is expected to consist of seven members, one of whom shall be designated by Akerna and the other six of whom shall be designated by Gryphon. Currently, it is anticipated that the combined company will continue to advance the business strategies of Gryphon.

The combined company's management will be required to devote a substantial amount of time to comply with public company regulations.

As a public company, the combined company will incur significant legal, accounting and other expenses that Gryphon did not incur as a private company. The Sarbanes-Oxley Act, the Dodd-Frank Wall Street Reform and Consumer Protection Act as well as rules implemented by the SEC and Nasdaq, impose various requirements on public companies, including those related to corporate governance practices. The combined company's management and other personnel will need to devote a substantial amount of time to these requirements. Certain members of Gryphon' management, which will continue as the management of the combined company, do not have significant experience in addressing these requirements. Moreover, these rules and regulations will increase the combined company's legal and financial compliance costs relative to those of Gryphon and will make some activities more time-consuming and costly.

Among other things, Gryphon' management will be responsible for establishing and maintaining adequate internal control over financial reporting as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act. The combined company's compliance with these requirements will require that it incur substantial accounting and related expenses

and expend significant management efforts. The combined company will need to hire additional accounting and financial staff to comply with public company regulations. The costs of hiring such staff may be material and there can be no assurance that such staff will be immediately available to the combined company.

Moreover, if the combined company identifies deficiencies in its internal control over financial reporting that are deemed to be material weaknesses, investors could lose confidence in the accuracy and completeness of the combined company's financial reports, the market price of the combined company's common stock could decline and the combined company could be subject to sanctions or investigations by Nasdaq, the SEC or other regulatory authorities.

The sale or availability for sale of a substantial number of shares of common stock of the combined company after the Merger could adversely affect the market price of such shares after the Merger.

Sales of a substantial number of shares of common stock of the combined company in the public market after the Merger and other legal restrictions on resale, or the perception that these sales could occur, could adversely affect the market price of such shares and could materially impair the combined company's ability to raise capital through equity offerings in the future. Akerna and Gryphon are unable to predict what effect, if any, market sales of securities held by significant stockholders, directors or officers of the combined company or the availability of these securities for future sale will have on the market price of the combined company's common stock after the Merger.

Once the combined company is no longer a smaller reporting company or otherwise no longer qualifies for applicable exemptions, the combined company will be subject to additional laws and regulations affecting public companies that will increase the combined company's costs and the demands on management and could harm the combined company's operating results.

The combined company will be subject to the reporting requirements of the Exchange Act, which requires, among other things, that the combined company file with the SEC annual, quarterly and current reports with respect to the combined company's business and financial condition as well as other disclosure and corporate governance requirements. However, as a "smaller reporting company," the combined company may take advantage of some exemptions from disclosure requirements, including not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act and reduced disclosure obligations regarding executive compensation in the combined company's periodic reports and proxy statements. Once the combined company is no longer a smaller reporting company or otherwise qualifies for these exemptions, the combined company will be required to comply with these additional legal and regulatory requirements applicable to public companies and will incur significant legal, accounting and other expenses to do so. If the combined company is not able to comply with the requirements in a timely manner or at all, the combined company's financial condition or the market price of the combined company's common stock may be harmed.

The terms of the Merger Agreement are the result of arm’s-length negotiations between the Akerna Board and management team, the Gryphon management team, under the guidance of Gryphon’s board of directors, along with their respective advisors. On March 3, 2023, the Akerna Board received an unsolicited revised support letter from Alleaves, pursuant to which Alleaves reaffirmed their offer of \$6 million in cash, offered to make \$1-2 million available upon execution of the purchase agreement and mentioned that the deal had been discussed with Gryphon which support the Alleaves offer.

On March 19, 2023, the Akerna Board held a meeting via telephone conference at which Akerna management presented to the Board regarding the revised letter of intent from Alleaves and the revised terms of the offer, legal counsel to Akerna described the Akerna Board's fiduciary duties, the Board went through a number of financial, business and legal considerations and the Board directed Akerna management to present the revised letter of intent to POSaBIT management with the likely determination that it was a superior offer.

On March 23, 2023, Akerna management and POSaBIT management held a call to discuss the revised letter from Alleaves and the indemnity agreement.

On March 24, 2023, the Akerna Board held a meeting via telephone conference at which the revised letter of intent from Alleaves was discussed in detail, including a review of the presentation from representatives of JMP regarding the financial terms, a review of various business considerations and a review of the Akerna Board's fiduciary duties and obligations under the POSaBIT Purchase Agreement. The Akerna Board discussed whether a new fairness opinion should be requested from JMP. Based upon (i) the fact that the POSaBIT deal was a cash only deal and that deal with MJ Acquisition was also cash only with a premium of an additional \$1 million in purchase price representing an increase of value of 25% and a superior offer, (ii) the consideration to be received by Akerna in the Merger remained unchanged (iii) the transaction with MJ Acquisition provided Akerna with access to \$1 million of the cash purchase price immediately upon signing of the Purchase Agreement in the form of a secured bridge loan, which additional cash resources increased the likelihood of Akerna being able to fund operations and corporate expenses through closing of the Merger and the Sale Transaction, making such closing more likely under the transaction with MJ Acquisition than the transaction with POSaBIT, (iv) the business and prospects of Akerna had not change materially from January 26, 2023, the date the opinion was delivered by JMP and (v) the significant cost and delay in timing of obtaining a new fairness opinion created additional risk to the closing of the Merger and the Sale Transaction, the Akerna Board determined that an updated fairness opinion was not advisable to evaluate the Alleaves letter of intent as being a superior offer and being advisable, fair and in the best interests of Akerna and its stockholders. The Akerna Board determined that the Alleaves letter of intent along with the indemnity agreement between Gryphon and Alleaves was reasonably likely to be a superior offer under the terms of the POSaBIT Purchase Agreement and directed management to provide appropriate notice to POSaBIT under the terms of the POSaBIT Purchase Agreement.

On March 24, 2023, Akerna delivered notice to POSaBIT of the Akerna Board's determination with the Alleaves documents to follow on March 27, 2023.

The Board again reviewed the financial terms of the combined Gryphon and Alleaves transaction against those of the combined Gryphon and POSaBIT transaction and continued to believe that an updated fairness opinion was not required. The Akerna Board determined that the Alleaves letter of intent along with the indemnity agreement between Gryphon and Alleaves was a superior offer under the terms of the POSaBIT Purchase Agreement and advisable, fair and in the best interests of Akerna and its stockholders and directed management to provide appropriate notice to POSaBIT under the terms of the POSaBIT Purchase Agreement to terminate the POSaBIT Purchase Agreement.

On April 5, 2023, Akerna management delivered notice of termination to POSaBIT under the terms of the POSaBIT Purchase Agreement.

The Board again reviewed the financial terms of the combined Gryphon and Alleaves transaction against those of the combined Gryphon and POSaBIT transaction and continued to believe that an updated fairness opinion was not required.

On April 28, 2023, the Akerna Board by way of written consent approved the Purchase Agreement and related documents and determined that the Purchase Agreement was advisable, fair and in the best interests of Akerna and its stockholders.

On April 28, 2023, Akerna entered into the Purchase Agreement, the promissory note and related security documents.

On May 17, 2023, management for Akerna met with management for Gryphon to discuss the pricing terms for a proposed private placement of common stock of Akerna. Akerna needed to complete the private placement as Akerna needed additional cash to fund ongoing operating, corporate and administrative costs of Akerna until the Transactions close and Akerna was obligated to complete a \$500,000 equity raise under the terms of the Exchange Agreements. Management of Akerna presented to management of Gryphon the proposed price per share of \$0.50 that Akerna was able to negotiate with the private investor. Management for Gryphon presented that Gryphon would not accept the price per share of the private placement unless Akerna agreed to the Second Amendment to the Merger Agreement, which changed the Merger Consideration Akerna stockholders would receive from a fixed 7.5% of the combined company on a fully-diluted basis to a formula by which Gryphon would receive a minimum valuation of approximately \$115 million based on the closing sales price of Akerna Common Stock on the Nasdaq two trading days prior to the closing of the Merger. Management to Akerna and management for Gryphon discussed the basis for the valuation, which included JMP's financial analysis as presented to the Akerna Board on January 26, 2023.

On May 17, 2023, counsel to Gryphon sent counsel to Akerna a draft of the Second Amendment to the Merger Agreement setting forth a change in the definition of Merger Consideration by which Gryphon would receive the greater of (a) a number of shares of common stock of Akerna equal to (i) the quotient obtained by dividing (A) Akerna's fully-diluted share number by (B) 0.075, minus (ii) Akerna's fully diluted share number (iii) the adjusted number of shares reserved for Gryphon warrants, and (b) a number of shares of common stock of Akerna equal to the quotient obtained by dividing (i) \$115,625,000 by (ii) the closing price of Akerna's common stock two trading days before closing of the Merger.

On May 19, 2023, the Akerna Board met with management for Akerna, representatives of JMP and legal counsel to Akerna, to discuss the Second Amendment to the Merger Agreement. Akerna management presented to the Akerna Board the impact of the revised consideration relative to changes in the price of Akerna shares. The Akerna Board discussed with the representatives of JMP the financial analysis previously presented to the Akerna Board by representatives of JMP on January 26, 2023 and the impact of the revised consideration. The Akerna Board discussed various alternative courses of action, including not proceeding with the private placement, proceeding without Gryphon's express consent based on certain provisions in the Merger Agreement, negotiating a smaller minimum valuation and other tactical and timing considerations. Counsel to Akerna presented to the Akerna Board regarding the Akerna Board's fiduciary

duties under Delaware law and legal alternatives to not agreeing to the Second Amendment to the Merger Agreement, including not conducting the private placement or conducting the private placement without the consent of Gryphon. The Akerna Board considered whether a new fairness opinion was required to evaluate the Second Amendment to the Merger Agreement. Given that a decrease in share price of Akerna Common Stock to \$0.01 per share of Akerna Common Stock would only result in a decrease in value to Akerna stockholders of approximately 1% of the combined company on a fully diluted basis and since the combined deal value of the Merger and Sale Transaction together had been increased by \$1 million through entering into the transaction with MJ Acquisition, the Board determined that the overall deal value to Akerna since January 26, 2023 had not materially changed and the business and prospectus of Akerna had not materially changed since January 26, 2023 and therefore a new fairness opinion was not necessary. The Akerna Board approved the Second Amendment to the Merger Agreement and determined that the Merger was advisable, fair and in the best interests of Akerna and its stockholders. The Board authorized management to Akerna to execute and deliver the Second Amendment to the Merger Agreement concurrently with the closing of the private placement transaction.

On June 14, 2023, Akerna closed the private placement for \$500,000 of common stock of Akerna at a price per share of \$0.50 and Akerna and Gryphon entered into the Second Amendment to the Merger Agreement.

Akerna's Corporate History

On October 10, 2018 (as amended on April 17, 2019), Akerna (f/k/a MTech Acquisition Holdings Inc.) entered into a definitive merger agreement with MTech Acquisition Corp. ("MTech"), MJ Freeway, MTech Purchaser Merger Sub Inc., a Delaware corporation and a wholly-owned subsidiary of Akerna ("Purchaser Merger Sub"), MTech Company Merger Sub LLC, a Colorado limited liability company and a wholly-owned subsidiary of Akerna ("Company Merger Sub"), MTech Sponsor LLC ("MTech Sponsor"), a Florida limited liability company, in the capacity as the representative for our equity holders (other than the Sellers) thereunder, and MJ Freeway and Jessica Billingsley (as successor to Harold Handelsman), in the capacity as the representative for the Sellers thereunder. The agreement provided for two mergers: (i) the merger of Purchaser Merger Sub with and into MTech, with MTech continuing as the surviving entity (the "Purchaser Merger"); and (ii) the merger of Company Merger Sub with and into MJF, with MJF continuing as the surviving entity (the "Company Merger" and together with the Purchaser Merger, the "Business Combination").

On June 17, 2019, MTech held a Special Meeting at which the MTech stockholders considered and approved, among other matters, the merger agreement with MJ Freeway *et al.*

On June 17, 2019, the parties consummated the Business Combination.

Upon closing of the Business Combination, MTech's units ceased trading, and Akerna Common Stock and warrants began trading on The Nasdaq Stock Market under the symbols "KERN" and "KERNW," respectively, Akerna changed its name from MTech Acquisition Holdings Inc. to "Akerna Corp.," and MJF became our wholly-owned subsidiary.

Executing upon our expansion strategy, we acquired complementary cannabis brands to grow the scope of Akerna's cannabis ecosystem. Since 2019, we have integrated six new brands into the Akerna product and service offering. Our first acquisition, Solo Sciences ("Solo"), was initiated in the fall of 2019, with the full acquisition completed in July 2020. We added Trellis Solutions ("Trellis") to our portfolio on April 10, 2020 and finalized the acquisition of Ample and Last Call Analytics ("Last Call") on July 7, 2020. More recently, on April 1, 2021 we completed our acquisition of Viridian Sciences Inc. ("Viridian"), a cannabis business management software system built on SAP Business One, followed by the acquisition of The NAV People, Inc. d.b.a 365 Cannabis ("365 Cannabis"), a cannabis business management software system built on Microsoft Business Central, on October 1, 2021.

In May 2022, we announced that we were exploring strategic alternatives to enhance shareholder value and engaged JMP as our financial advisor to assist in this process. In May 2022, we announced the implementation of a strategic restructuring with the objective of preserving capital. Our board of directors approved a restructuring plan following a review of our operations, cost structure and growth opportunities. The restructuring included a reduction in headcount and operating costs. We recorded a charge of \$0.6 million in the six months ended June 30, 2022 as a result of the restructuring, which consisted of one-time termination benefits for employee severance, benefits and related costs, all of which resulted in cash expenditures which were paid out by the end of 2022.

On January 11, 2023, we completed the sale of 365 Cannabis to 365 Holdco LLC (the “Buyers”) pursuant to a stock purchase agreement (the “365 SPA”) for (i) cash in the amount of \$0.5 million and the (ii) the termination and release of our obligation to the Buyers for contingent consideration in connection with our original acquisition of 365 Cannabis from the Buyers in 2021 (the “Earn-out Obligation”), subject to customary post-closing adjustments, if any. Any post-closing adjustments are generally limited to certain adjustments in accounts payable and indemnification obligations in accordance with the 365 SPA. Upon completion of the sale, \$0.4 million of the total cash proceeds was placed into restricted accounts held as security for the Senior Convertible Notes while \$0.1 million was subject to a hold-back (the “365 Holdback”) by the Buyers to be released to us and also placed into certain restricted accounts (the “Restricted Accounts”) after all post-closing adjustments, if any, are resolved. In accordance with the 365 SPA, we and the Buyers agreed that the value of the Earn-out Obligation was \$2.3 million, a reduction of \$4.0 million from the original estimate, for purposes of the sale of 365 Cannabis and is reflected on our consolidated balance sheets as Contingent consideration payable.

Akerna Reasons for the Transactions

At a meeting held on January 26, 2023, among other things, the Akerna Board unanimously (i) the Akerna Board unanimously determined that the Merger Agreement, the Merger and other transactions contemplated thereby and the Purchase Agreement, the Sale Transaction and other transactions contemplated thereby are advisable, fair to and in the best interests of Akerna and its stockholders, (ii) approved, adopted and declared advisable the Merger Agreement and the Purchase Agreement, (iii) determined to solicit, upon the terms and subject to the conditions set forth in the Merger Agreement and the Purchase Agreement, the approval of the Akerna stockholders of the Merger Agreement and the Purchase Agreement, and (iv) approve and adopt the other transactions contemplated by the Merger Agreement and the Purchase Agreement and to recommend that the Akerna stockholders approve the Merger, the Sale Transaction, the Akerna Reverse Stock Split, the Akerna Authorized Share Increase, the Akerna Name Change, the 2023 Plan and the Adjournment Proposal.

During the course of its evaluation of the Merger Agreement and the Purchase Agreement and the transactions contemplated thereby, the Akerna Board held numerous meetings, consulted with Akerna’s senior management, legal counsel and financial advisor, and reviewed and assessed a significant amount of information. In reaching its decision to approve the Merger Agreement and Purchase Agreement and the transactions contemplated by the Merger Agreement and Purchase Agreement, the Akerna Board considered a number of factors that it viewed as supporting its decision to approve the Merger Agreement and the Purchase Agreement, including:

- the financial condition and prospects of Akerna and its current business and the risks associated with continued operations, including Akerna’s history of substantial losses, the need for a likely highly dilutive equity capital raise in the near term to fund ongoing operations, risks related to servicing the Akerna Notes and the potential for a default under the terms of the Akerna Notes, the current stock price of the Akerna Common Stock and overall prospects of Akerna’s current operations, the timeline for profitable operations and the costs of operating as a public company;
- the risks and delays associated with, and uncertain value and costs to Akerna stockholders of, liquidating Akerna, including the uncertainties of continuing cash burn while debt and contingent liabilities are resolved, the likelihood that there would not be sufficient cash upon liquidation to satisfy Akerna’s debt obligations resulting in no cash available for distribution to stockholders, uncertainty of timing of release of any remaining cash until contingent liabilities are resolved, and the risks and costs associated with being a shell company prior to any such cash distribution;
- the risks and challenges of attempting to continue to operate Akerna on a stand-alone basis, including the substantial time required and uncertainty to successfully address the ongoing losses of continued operations and the need to service the Akerna Notes and challenges in retaining staff with limited cash and projected financial losses;
- that the Akerna Board and its financial advisor undertook a comprehensive and thorough process of reviewing and analyzing potential strategic alternatives and merger partner candidates to identify the opportunity that would, in the Akerna Board’s view, create the most value for Akerna stockholders;

Table of Contents

- the Akerna Board's belief, after a thorough review of strategic alternatives and discussions with Akerna's senior management, financial advisors and legal counsel, that the Merger and Sale Transaction are more favorable to Akerna stockholders than the potential value that might have resulted from other strategic alternatives available to Akerna, including to operate Akerna on a stand-alone basis;
- the Akerna Board's belief that, as a result of arm's length negotiations with Gryphon, Akerna and its representatives negotiated the best ratio to which Gryphon was willing to agree, and that the other terms of the Merger Agreement include the most favorable terms to Akerna in the aggregate to which Gryphon was willing to agree;
- the Akerna Board's belief that, as a result of arm's length negotiations with MJ Acquisition, Akerna and its representatives negotiated the best cash purchase price to which MJ Acquisition was willing to agree, and that the other terms of the Purchase Agreement include the most favorable terms to Akerna in the aggregate to which MJ Acquisition was willing to agree;
- the Akerna Board's consideration of the expected cash resources of the combined company as of the closing of the Merger, with approximately \$5.8 million of cash and cash equivalents on a pro forma basis after giving effect to the Merger;
- the Akerna Board's view, following a review with Akerna's management of Gryphon's current business plan, of the likelihood that the combined company would possess sufficient cash resources at the closing of the Merger to fund the business of the combined company through upcoming value inflection points;
- the lack of prospects of and risks associated with finding other strategic candidates;
- the ability of Akerna stockholders to participate in the growth and value creation of the combined company following the closing of the Merger by virtue of their continued ownership of Akerna Common Stock;
- the current financial market conditions and historical market prices, volatility, and trading information for Akerna Common Stock

- the variety of risks and other countervailing factors related to entering into the Merger Agreement and Purchase Agreement as joint transactions, including the potential effect of termination fees, the substantial expense incurred in connection with the Transactions and the risks and uncertainties associated with Gryphon's business and various other risks.

The Akerna Board also reviewed the terms of the Merger Agreement and the Purchase Agreement and related transaction documents, including those described below, and concluded that the terms of the Merger Agreement and the Purchase Agreement and related transaction documents, in the aggregate, were reasonable under the circumstances:

- the calculation of the ratio and the estimated number of shares of Akerna Common Stock to be issued in the Merger;
- the aggregate purchase price to be received by Akerna from MJ Acquisition pursuant to the Sale Transaction, the limited adjustments to the purchase price at closing, the limited indemnity granted by Akerna to MJ Acquisition under the Purchase Agreement and the indemnification by MJ Acquisition to Akerna for certain material litigations and liabilities;

In the course of its deliberations, the Akerna Board also considered a variety of risks and other countervailing factors related to entering into the Merger and the Sale Transaction, including:

- the potential effect of the \$275,000 termination fee payable by Akerna to Gryphon, Akerna's expense reimbursement obligations to Gryphon of up to \$100,000, the potential termination fee of \$290,000 and reimbursement for up to a maximum of \$60,000 in reasonable fees and expenses payable by Akerna to MJ Acquisition, in each case, upon the occurrence of certain events and in deterring other potential acquirors from proposing an alternative acquisition proposal that may be more advantageous to Akerna stockholders;
- the prohibition on Akerna to solicit alternative acquisition proposals during the pendency of the Merger and Sale Transaction;
- the substantial expenses to be incurred by Akerna in connection with the Merger and Sale Transaction;
- the possible volatility of the trading price of the Akerna Common Stock resulting from the announcement, pendency or completion of the Merger and Sale Transaction;
- the risk that the Merger or Sale Transaction might not be consummated in a timely manner or at all;
- the fact that the representations and warranties in the Merger Agreement and Purchase Agreement do not survive the closing of the Merger and Sale Transaction and the potential risk of liabilities that may arise post-closing;
- the lack of availability of appraisal rights under the DGCL to holders of Akerna Common Stock which would not allow holders to seek appraisal of the fair value of their shares of Akerna Common Stock; and
- the various other risks associated with the combined company and the transaction, including those described in the sections entitled "*Risk Factors*" and "*Cautionary Statement Concerning Forward-Looking Statements*" in this proxy statement/prospectus.

The foregoing information and factors considered by the Akerna Board are not intended to be exhaustive but are believed to include all of the material factors considered by the Akerna Board. In view of the wide variety of factors considered in connection with its evaluation of the Merger and Sale Transaction and the complexity of these matters, the Akerna Board did not find it useful, and did not attempt, to quantify, rank or otherwise assign relative weights to these factors. In considering the factors described above, individual members of the Akerna Board may have given different weight to different factors. The Akerna Board conducted an overall analysis of the factors described above, including thorough discussions with, and questioning of, the Akerna management team and the legal and financial advisors of Akerna, and considered the factors overall to be favorable to, and to support, its determination.

Gryphon Reasons for the Merger

Acting by unanimous written consent on January 26, 2023, the Gryphon Board unanimously (i) determined that the Merger is fair to, advisable for, and in the best interests of, Gryphon and its stockholders, (ii) approved and declared advisable the Merger Agreement and (iii) determined to recommend, upon the terms and subject to the conditions set forth in the Merger Agreement, that its stockholders approve the Merger.

In the course of reaching its decision to approve the Merger, the Gryphon Board consulted with Gryphon's management, financial and tax advisors and legal counsel, reviewed a significant amount of information and considered a number of factors, including, among others:

- the financial condition, historical results of operations and strategic objectives of Gryphon;
- the exchange ratio to be paid by Akerna pursuant to the Merger and the related anticipated allocation of the equity interests of the combined company, on a fully diluted basis, following completion of the Merger;
- the risks associated with structuring the Merger and the Sale Transaction as joint transactions, including the potential difficulties associated with coordinating and completing both transactions simultaneously and the risk that the Sale Transaction does not close on a timely basis or at all;

Table of Contents

- the terms of the Merger Agreement, the Purchase Agreement and related transaction documents, concluding the terms, in the aggregate, were reasonable;
- the current capitalization of Akerna, including the terms of the Akerna Notes, and the ability of Akerna to simplify its capitalization prior to completion of the Merger;
- the terms of the Exchange Agreements, the treatment of the Akerna Notes contemplated thereby and the entry by the holders of Akerna Notes into Merger Lender Support Letters;
- the potential increased access to sources of capital and a broader range of investors to support Gryphon's Bitcoin mining operations following consummation of the Merger and the expected continued listing of the combined company on The Nasdaq Capital Market, compared to if Gryphon continued to operate as a privately held company;
- the potential to provide its current stockholders with greater liquidity by owning stock in a public company;
- the Gryphon Board's belief that no alternatives to the Merger were reasonably likely to create greater value for Gryphon's stockholders, after reviewing the various financing and other strategic options to enhance shareholder value that were considered by the Gryphon Board;
- the cash resources of the combined company, with \$5.5 million of cash and cash equivalents on a pro forma basis as of June 30, 2023 after giving effect to the Merger, which Gryphon believes is sufficient to enable Gryphon to pursue its near term goals and business plans;
- the expectation that the Merger with Akerna would be a more time- and cost-effective means to access capital than other options considered by the Gryphon Board, including additional private financings or an initial public offering;
- the terms and conditions of the Merger Agreement, including, without limitation, the following:
 - the determination that the expected relative percentage ownership of Akerna stockholders and Gryphon's stockholders in the combined company was appropriately based, in the judgment of the Gryphon Board, on the Gryphon Board's assessment of the approximate valuations of Akerna and Gryphon;
 - the limited number and nature of the conditions of the obligation of Akerna to consummate the Merger;
 - the expectation that the Merger will be treated as a reorganization for U.S. federal income tax purposes;
 - the belief that the other terms of the Merger Agreement, including the parties' representations, warranties and covenants, and the conditions to their respective obligations, were reasonable in light of the entire transaction;
 - the shares of Akerna Common Stock issued to Gryphon's stockholders will be registered on the Registration Statement of which this proxy statement/prospectus forms a part and will become freely tradable for Gryphon's stockholders who are not affiliates of Gryphon and who are not parties to lock-up agreements;
 - the Merger Support Agreement and Lender Support Letters, pursuant to which certain directors, officers and securityholders of Gryphon and Akerna, respectively, have agreed, solely in their capacity as securityholders of Gryphon and Akerna, respectively, to vote all of their Gryphon Shares or Akerna Common Stock and Akerna Preferred Stock in favor of the adoption or approval, respectively, of the Merger Agreement;
 - the Merger may enable certain stockholders of Akerna and Gryphon to increase the value of their current shareholding; and
 - the likelihood that the Merger will be consummated on a timely basis.

[Table of Contents](#)

The Gryphon Board also considered a number of uncertainties and risks in its deliberations concerning the Merger and the other transactions contemplated by the Merger Agreement, including the following:

- the possibility that the Merger might not be completed and the potential adverse effect of the public announcement of the Merger on the reputation of Gryphon and the ability of Gryphon to obtain financing in the future in the event the Merger is not completed;
- the exchange ratio used to establish the number of shares of Akerna Common Stock to be issued to Gryphon's stockholders in the Merger is fixed, except for adjustments due to issuances of equity securities by Akerna prior to Closing, and thus the relative percentage ownership of Akerna stockholders and Gryphon's stockholders in the combined company immediately following the completion of the Merger is similarly fixed;
- the risk that the Merger might not be consummated in a timely manner or at all;
- the additional expenses and obligations to which Gryphon's business will be subject following the Merger that Gryphon has not previously been subject to, and the operational changes to Gryphon's business, in each case that may result from being a public company;
- the fact that the representations and warranties in the Merger Agreement do not survive the closing of the Merger and the potential risk of liabilities that may arise post-closing; and
- various other risks associated with the combined company and the Merger, including the risks described in the section entitled "Risk Factors" in this proxy statement/prospectus.

The foregoing information and factors considered by the Gryphon Board are not intended to be exhaustive but are believed to include all of the material factors considered by the Gryphon Board. In view of the wide variety of factors considered in connection with its evaluation of the Merger and the complexity of these matters, the Gryphon Board did not find it useful to attempt, and did not attempt, to quantify, rank or otherwise assign relative weights to these factors. In considering the factors described above, individual members of the Gryphon Board may have given different weight to different factors. The Gryphon Board conducted an overall analysis of the factors described above, including thorough discussions with, and questioning of, Gryphon's management team, the legal and financial advisors of Gryphon, and considered the factors overall to be favorable to, and to support, its determination.

Certain Projected Financial Information

The information set forth below regarding cash spending projections of Akerna was used by Akerna in connection with its review of the business combination, as described below. Additionally, the information below constitutes all of the projection information provided by Akerna to JMP in connection with their preparation of their opinion to the Akerna Board regarding the business combination.

Akerna's Financial Projections

In connection with their analyses of the business combination, Akerna provided JMP and Gryphon with the financial projections below.

Neither the management of Akerna nor any of its representatives, advisors or affiliates has made or makes any representation to any person regarding the ultimate expenses and receipts of Akerna compared to the information contained in the financial projections, and none of them intends to or undertakes any obligation to update or otherwise revise the financial projections to reflect circumstances existing after the date when made or to reflect the occurrence of future events in the event that any or all of the assumptions underlying the financial projections are shown to be in error. You are cautioned in relying on the financial projections in making a decision regarding the transaction, that actual results may be materially different than the financial projections.

The financial projections of Akerna are forward-looking statements that are based on assumptions that are inherently subject to significant risks, uncertainties and contingencies, many of which are beyond Akerna's control. These include the risks described in the section entitled "*Risk Factors*." There will be differences between actual and projected revenue and spending, and actual revenue and cash spending may be materially greater or materially less than those contained in the financial projections. The inclusion of the financial projections in this proxy statement/prospectus should not be regarded as an indication that Akerna or its representatives considered or currently consider the financial projections to be a reliable prediction of future events, and reliance should not be placed on the financial projections.

The projections were prepared by, and are the responsibility of, the management of Akerna. The projections were not prepared with a view towards compliance with GAAP, the published guidelines of the SEC, or the guidelines established by the American Institute of Certified Public Accountants for preparation of prospective financial information. Marcum LLP, Akerna's independent registered public accounting firm, has not examined, compiled or otherwise applied procedures with respect to the accompanying prospective financial information presented herein and, accordingly, does not express an opinion or any other form of assurance on it. The report of Marcum LLP included in this proxy statement/prospectus relates to historical financial information of Akerna. It does not extend to the projections and should not be read as if it does.

Modeling Assumptions:

- The following business units are shut down at the beginning of 2023: Enterprise, Trellis, Solo Sciences, LCA and Consulting. Although, at the time this forecast was made, we had not notified every customer or negotiated the contract termination dates with every customer. We do not expect that all customer contracts will have the same termination date, and Akerna will continue to provide services to each customer through their contact termination date. We expect this will create a revenue tail, that is consistent with the company's revenue recognition policy. For forecasting purposes, we included an estimate of this trailing revenue in the "Other" revenue line item.

- Dedicated and shared costs to support discontinued business will cease, resulting in Business Unit Direct and Corporate Overhead cost reductions.
- The MJ Platform will be revamped and relaunched in mid2023 as MJ Operations. Updated functionality and user experience will drive a resurgence of growth.

[Table of Contents](#)

- MJ Operations will include a universal ERP bridge functionality allowing Akerna to partner with any partner selling /re-selling ERP solutions. This drives MJ Operations growth and partnering fees.
- In 2023, Ample will decline due to churn. No significant development will be done on the system due to focus on MJ Operations development.
- In early 2024, MJ Operations will include the functionality offered by Ample, which will be replaced by a common platform, which will regain Canadian market share and result in technical cost efficiencies.
- Business Unit Costs will decline initially due to shut down and cost efficiencies associated with standardization of technologies. In the out years, cost targets will include zero year-over-year increases (efficiencies offset economics).
- Small and medium business (SMB) sales growth will be supported with the existing SMB team, which has considerable extra band-width.
- Corporate overhead costs will decline initially due to shut down/transferring costs to 365. In the out years, the business will continue to implement efficiencies that more than offset economics.
- Capitalized Software estimate of 13% Business Unit Direct Expenses based on historical capitalization rates.
- No income tax during forecast period due to ongoing net losses.
- Depreciation & Amortization largely consists of software amortization. MJP & Ample is amortized over 2 years and Leaf over 5 years. Estimate is based on forecasted capitalized software amortized over 2 years.

Except as set forth above, no projection information was provided by Akerna to JMP in connection with their preparation of their opinion to the Akerna Board regarding the business combination.

Gryphon's Financial Projections

In connection with their analyses of the business combination, Gryphon provided JMP and Akerna with the financial projections below.

The financial projections of Gryphon are forward-looking statements that are based on assumptions that are inherently subject to significant risks, uncertainties and contingencies, many of which are beyond Gryphon's control. These include the risks described in the section entitled "*Risk Factors*." There will be differences between actual and projected revenue and spending, and actual revenue and cash spending may be materially greater or materially less than those contained in the financial projections. The inclusion of the financial projections in this proxy statement/prospectus should not be regarded as an indication that Gryphon or its representatives considered or currently consider the financial projections to be a reliable prediction of future events, and reliance should not be placed on the financial projections.

The projections were prepared by, and are the responsibility of, the management of Gryphon. The projections were not prepared with a view towards compliance with GAAP, the published guidelines of the SEC, or the guidelines established by the American Institute of Certified Public Accountants for preparation of prospective financial information. RBSM LLP, Gryphon's independent registered public accounting firm, has not examined, compiled or otherwise applied procedures with respect to the accompanying prospective financial information presented herein and, accordingly, does not express an opinion or any other form of assurance on it. It does not extend to the projections and should not be read as if it does.

Except as set forth above, no projection information was provided by Gryphon to JMP in connection with their preparation of their opinion to the Akerna Board regarding the business combination.

Opinion of Akerna's Financial Advisor

Akerna has retained JMP as its financial advisor in connection with the Merger and the Sale Transaction. In connection with this engagement, the Akerna Board requested that JMP evaluate whether the (a) consideration to be received by Akerna in the POSaBIT Sale Transaction is fair, from a financial point of view, to Akerna and (b) the consideration to be paid by Akerna in the Merger is fair, from a financial point of view, to Akerna. On January 26, 2023, at a meeting of the Akerna Board at which the Merger was approved, JMP rendered to the Akerna Board an oral opinion, confirmed by delivery of a written opinion dated January 26, 2023, to the effect that, as of that date and based on and subject to the matters described in its opinion, the consideration to be received by Akerna in the POSaBIT Sale Transaction is fair, from a financial point of view, to Akerna and the consideration to be paid by Akerna in the Merger is fair, from a financial point of view, to Akerna.

[Table of Contents](#)

The Akerna Board considered whether to obtain a new fairness opinion in relation to entering into the Purchase Agreement with MJ Acquisition subsequent to the January 26, 2023 opinion delivered by JMP. The Akerna Board determined that such fairness opinion was not necessary in determining that the new transaction with MJ Acquisition is advisable, fair to and in the best interests of Akerna and its stockholders for the following reasons: (i) the fact that the transaction with POSaBIT was a cash only transaction and that the transaction with MJ Acquisition was also cash only with a premium of an additional \$1 million representing an increase of value of 25% and a superior offer, (ii) the Purchase Agreement is materially identical to the POSaBIT Purchase Agreement outside of the increased purchase price, (iii) the consideration to be received by Akerna in the Merger remained unchanged (iv) the transaction with MJ Acquisition provided Akerna with access to \$1 million of the cash purchase price immediately upon signing of the Purchase Agreement in the form of a secured bridge loan, which additional cash resources increased the likelihood of Akerna being able to fund operations and corporate expenses through closing of the Merger and the Sale Transaction, making such closing more likely under the transaction with MJ Acquisition than the transaction with POSaBIT, (v) the Board's determination in coordination with Akerna management that the business and prospects of Akerna had not change materially from January 26, 2023, the date the opinion was delivered by JMP and (vi) the significant cost and delay in timing of obtaining a new fairness opinion created additional risk to the closing of the Merger and the Sale Transaction.

The Akerna Board considered whether to obtain a new fairness opinion in relation to entering into the Second Amendment to the Merger Agreement subsequent to the January 26, 2023 opinion delivered by JMP. The Akerna Board determined that such fairness opinion was not necessary in determining that the Second Amendment to the Merger Agreement was advisable, fair and in the best interests of Akerna and its stockholders for the following reasons: (i) the Akerna Board's discussion with management of Akerna regarding the impact of changes in price of Akerna Common Stock to the value to Akerna stockholders under the revised consideration, including that a drop in share price to \$0.01 per share of Akerna Common Stock would only result in a decrease in value to Akerna stockholders of approximately 1% of the combined company on a fully diluted basis and that the combined deal value of the Merger and the Sale Transaction together had been increased by \$1 million through entering into the transaction with MJ Acquisition, the Akerna Board determined that the overall deal value to Akerna and its stockholders since January 26, 2023 had not materially changed, and (ii) the business and prospectus of Akerna had not materially changed since January 26, 2023.

While the Akerna Board believes that the opinion delivered by JMP is still useful in determining the fairness of the Merger and the Sales Transaction to stockholders of Akerna due to the factors set forth above, stockholders should note that because the Akerna Board did not seek a new opinion from JMP following terminating the POSaBIT Purchase Agreement and entering into the Purchase Agreement and entering into the Second Amendment to the Merger Agreement, the opinion of JMP does not address the current terms of the transaction and Akerna stockholders should use caution in relying on such opinion.

The full text of JMP's written opinion, dated January 26, 2023, which describes the assumptions made, procedures followed, matters considered and limitations on the review undertaken, is attached to this proxy statement/prospectus as Annex G and is incorporated into this proxy statement/prospectus by reference. The description of JMP's opinion set forth in this proxy statement/prospectus is qualified in its entirety by reference to the full text of JMP's opinion. **JMP's opinion was directed and addressed to the Akerna Board (in its capacity as such) in connection with its consideration of the POSaBIT Sale Transaction and the Merger. JMP's opinion did not address the underlying decision of the Akerna Board to proceed with or effect the POSaBIT Sale Transaction or the Merger or the relative merits of the POSaBIT Sale Transaction or the Merger as compared to any alternative strategy or transaction that might exist for Akerna. JMP's opinion does not constitute a recommendation as to how the Akerna Board or any Akerna stockholder should act or vote with respect to the Merger or any other matter.**

For purposes of its opinion, JMP:

- reviewed the financial terms and conditions of (i) a draft dated January 25, 2023 of the POSaBIT Purchase Agreement, (ii) the Merger Agreement, and (iii) certain related documents to each thereto;
- reviewed certain publicly available business and financial information relating to Akerna and Gryphon, including Akerna's audited financial statements for the year ended December 31, 2021, and including Gryphon's audited financial statements for the year ended December 31, 2021;
- reviewed certain financial projections provided to JMP by each of Akerna and Gryphon, and certain other historical and current financial and business information provided to JMP by each of Akerna and Gryphon;

[Table of Contents](#)

- held discussions regarding the operations, financial condition and prospects of Gryphon and Akerna with the managements of each of Akerna and Gryphon;
- compared certain financial terms of the POSaBIT Sale Transaction and the Merger to financial terms, to the extent publicly available, of other transactions JMP deemed relevant;
- reviewed for information purposes the financial and stock market performances of certain publicly traded companies that JMP deemed to be relevant; and
- performed such other studies, analyses and inquiries and considered such other factors as JMP deemed appropriate.

In arriving at its opinion, JMP, with the consent of the Akerna Board, (i) relied upon and assumed the accuracy and completeness of all information and data that was publicly available or furnished to or otherwise reviewed by or discussed with JMP without independent verification, (ii) did not assume any responsibility for independently verifying such information, and (iii) relied on the assurances of the managements of Akerna and Gryphon that they were not aware of any facts or circumstances that would make such information inaccurate or misleading. In addition, with the Akerna Board's consent, JMP did not make any independent evaluation or appraisal of any of the assets or liabilities (contingent or otherwise) of Akerna or Gryphon, nor was JMP furnished with any such evaluations or appraisals. With respect to the financial projections referred to above and any other forecasts or forward-looking information, JMP assumed, at the direction of the managements of Akerna and Gryphon that such projections, forecasts and information were reasonably prepared and reflect the best then-available estimates and good faith judgments of such management as to the expected future results of operations and financial condition of Akerna or Gryphon, as applicable, and the other matters covered thereby, and JMP relied on such information in arriving at its opinion and did not assess the reasonableness or achievability of such projections, forecasts and information. Further, with respect to such financial projections, as part of JMP's analysis in connection with its opinion, JMP assumed, at the direction of Akerna and Gryphon, that the financial results reflected therein can be realized in the amounts and at the times indicated thereby.

In addition, in arriving at its opinion, JMP assumed, with the Akerna Board's consent, that (i) there was no material change in any of the assets, liabilities, financial condition, business or prospects of Akerna or Gryphon since the date of the most recent financial statements and other information made available to JMP prior to the date of its opinion, and there will be no material adjustments to the consideration in the POSaBIT Sale Transaction or the consideration in the Merger, (ii) all material information JMP requested from Akerna and Gryphon during the scope of its engagement was provided to JMP fully and in good faith, (iii) the POSaBIT Sale Transaction and the Merger (together, the "Considered Transactions") will be consummated in accordance with the terms and conditions set forth in the Merger Agreement, the POSaBIT Purchase Agreement and the ancillary documents thereto (the "Transaction Documents") (the final terms and conditions of which JMP assumed will not differ in any respect material to its analysis from the aforementioned draft JMP reviewed), without any waiver, modification or amendment of any material terms or conditions, (iv) the representations and warranties made by the parties to the Transaction Documents were and will be true and correct in all respects material to JMP's analysis, (v) all governmental and third party consents, approvals and agreements necessary for the consummation of the Considered Transactions will be obtained without any adverse effect on Akerna or Gryphon or the Considered Transactions, and (vi) the Considered Transactions will not violate any applicable federal or state statutes, rules or regulations.

JMP's opinion does not constitute legal, regulatory, accounting, insurance, tax or other similar professional advice and did not address (i) the underlying decision of Akerna to proceed with or effect the Considered Transactions, (ii) the terms of the Considered Transactions (other than the consideration in the POSaBIT Sale Transaction and the consideration in the Merger to the extent expressly addressed therein) or any arrangements, understandings, agreements or documents related to the Considered Transactions, (iii) the fairness of the Considered Transactions (other than with respect to the consideration in the POSaBIT Sale Transaction and the consideration in the Merger to the extent expressly addressed therein) or any other transaction to Akerna or Akerna's equity holders or creditors or any other person or entity, (iv) the relative merits of the Considered Transactions as compared to any alternative strategy or transaction that might exist for Akerna, or the effect of any other transaction which it may consider in the future, (v) the tax, accounting or legal consequences of the Considered Transactions, or (vi) the solvency, creditworthiness, fair market value or fair value of any of Gryphon, Akerna or their respective assets under any applicable laws relating to bankruptcy, insolvency, fraudulent conveyance or similar matters. JMP's opinion expresses no opinion as to the fairness of the amount or nature of any compensation to any officers, directors, or employees or debt holders, including the impact of consideration issued on conversion of convertible notes, of any party to the Considered Transactions, relative to the consideration in the POSaBIT Sale Transaction or the consideration in the Merger.

[Table of Contents](#)

JMP's opinion was necessarily based on business, economic, monetary, market and other conditions as they exist and can reasonably be evaluated on, and the information made available to JMP as of, the date of JMP's opinion. The credit, financial and stock markets, and the industries in which Akerna, Gryphon and other companies that JMP may utilize in its analyses operate, have experienced, and continue to experience volatility and JMP expressed no opinion or view as to any potential effects of such volatility on Akerna, Gryphon or other companies that JMP may utilize in its analyses (or their respective businesses) of the Considered Transactions (including the respective contemplated benefits thereof). Subsequent developments may affect JMP's opinion, and JMP assumes no responsibility for updating or revising its opinion based on circumstances or events occurring after the date of its opinion (regardless of the closing dates of the Considered Transactions). JMP was not engaged to amend, supplement or update its opinion at any time. JMP expressed no view or opinion as to the prices at which Akerna Common Stock may be sold or exchanged, or otherwise be transferable, at any time.

JMP's opinion was directed and addressed to the Akerna Board (in its capacity as such) in connection with its consideration of the Considered Transactions. JMP's opinion did not (i) constitute a recommendation as to how the Akerna Board or any shareholder should act or vote with respect to the Considered Transactions or any other matter, and (ii) create any fiduciary duties on the part of JMP to any persons or entities.

In preparing its opinion, JMP performed a variety of financial analyses, including those described below. This summary of the analyses is not a complete description of JMP's opinion or the analyses underlying, and factors considered in connection with, JMP's opinion, but summarizes the material analyses performed and presented in connection with such opinion. The preparation of a financial opinion is a complex analytical process involving various determinations as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances and, therefore, a financial opinion is not readily susceptible to summary description. JMP arrived at its ultimate opinion based on the results of all analyses undertaken by it and assessed as a whole, and did not draw, in isolation, conclusions from or with regard to any one factor or method of analysis for purposes of its opinion. Accordingly, JMP believes that its analyses must be considered as a whole and selecting portions of its analyses and factors, without considering all analyses and factors, could create a misleading or incomplete view of the processes underlying its analyses and opinion.

In its analyses, JMP considered industry performance, general business, economic, market and financial conditions and other matters existing as of the date of its opinion, many of which are beyond the control of Akerna. No company, business or transaction reviewed is identical to Akerna, Gryphon, the POSaBIT Sale Transaction or the Merger. An evaluation of these analyses is not entirely mathematical; rather, the analyses involve complex considerations and judgments concerning financial and operating characteristics and other factors that could affect the public trading or other values of the companies, businesses or transactions reviewed.

The estimates contained in JMP's analyses and the valuation ranges resulting from any particular analysis are not necessarily indicative of actual values or predictive of future results or values, which may be significantly more or less favorable than those suggested by its analyses. In addition, analyses relating to the value of businesses or securities do not purport to be appraisals or to reflect the prices at which businesses or securities actually may be sold or acquired. Accordingly, the estimates used in, and the results derived from, JMP's analyses are inherently subject to substantial uncertainty.

JMP was not requested to, and it did not, recommend the specific consideration payable in the POSaBIT Sale Transaction or the Merger. The type and amount of consideration payable in the POSaBIT Sale Transaction and the Merger was determined through negotiations between Akerna and Gryphon and the decision of Akerna to enter into the Purchase Agreement and the Merger Agreement was solely that of the Akerna Board. JMP's opinion was only one of many factors considered by the Akerna Board in its consideration of the Merger and should not be viewed as determinative of the views of the Akerna Board or Akerna management with respect to the POSaBIT Sale Transaction or the Merger or the consideration to be paid in the POSaBIT Sale Transaction or the Merger.

The following is a summary of the material financial analyses provided to the Akerna Board in connection with JMP's opinion. **The financial analyses summarized below include information presented in tabular format. In order to fully understand JMP's financial analyses, the tables must be read together with the text of each summary. Considering the data below without considering the full narrative description of the financial analyses, including the methodologies and assumptions underlying the analyses, could create a misleading or incomplete view of JMP's financial analyses.**

Akerna Financial Analyses*Information Reviewed*Illustrative Selected Public Companies Comparable Data

For illustrative purposes only, JMP reviewed and analyzed certain publicly available financial information for five selected publicly traded cannabis technology companies in the United States. Using publicly available information and market data as of January 25, 2023, JMP calculated (i) the enterprise value of the applicable selected company by multiplying such company's share price by the number of fully diluted shares outstanding to derive the fully diluted market value and then subtracting net cash and (ii) the resulting multiples of such enterprise values to estimated revenue for calendar years 2022 and 2023, which indicated a median multiple of 0.8x for calendar year 2022 and 0.7x for calendar year 2023. The selected companies and the implied enterprise value to revenue multiples are set forth below.

Illustrative Selected Precedent Transactions Analysis

For illustrative purposes only, JMP reviewed and analyzed certain publicly available information relating to six selected M&A transactions involving publicly traded cannabis technology companies with under \$50,000,000 in transaction enterprise value during the last three years. Using publicly available information for each of the selected transactions, JMP calculated the enterprise value of the applicable target company based on the consideration paid in the transaction as a multiple of the target company's revenue for the trailing twelve months, which we refer to as TTM revenue, for the period ended prior to announcement of each transaction, which indicated a median multiple of 3.4x including the Akerna transactions, or a median multiple of 1.8x excluding the Akerna transaction, or a median multiple of 2.6x excluding the Akerna transactions. The selected transactions and the implied enterprise value to TTM revenue multiples calculated for the selected precedent transactions are set forth below.

Announcement Date	Target	Acquirer	EV/TTM Revenue
December 19, 2019	Ample Organics Inc.	Green Acre Capital	9.3x
April 8, 2020	Trellis Solutions, Inc.	Akerna	3.2x
July 8, 2020	Ample Organics Inc.	Akerna	2.7x
October 8, 2020	Driven Deliveries, Inc.	Stem Holdings, Inc.	2.6x
March 11, 2021	Viridian Sciences Inc.	Akerna	1.8x
December 9, 2021	Pineapple Express Delivery Inc.	World Class Extractions Inc.	1.0x

JMP then reviewed the trends indicated in the data above with the Akerna Board, including that the implied enterprise value to TTM revenue multiples calculated for the selected precedent transactions had fallen significantly over time and the number of selected precedent transactions had decreased as well.

Illustrative Liquidation Analysis

For illustrative purposes only, JMP conducted an analysis of Akerna in the event of a liquidation, assuming no holdback of funds to cover future claims. JMP's analysis was based on information provided to JMP by Akerna, including projections which assumed, among other things, a liquidation date of May 1, 2023 (the "Illustrative Liquidation Date") and that all wind-down costs are paid in full, certain employees are retained to facilitate the wind-down until the Illustrative Liquidation Date, The NAV People Inc. (365) and Last Call Analytics businesses are sold and all remaining accounts payable and expense accruals are settled.

[Table of Contents](#)

JMP then calculated the net cash of Akerna as of the Illustrative Liquidation Date by subtracting certain wind-down costs from Akerna's net cash as of January 11, 2023, and adding back certain assumed proceeds and refunds received at or prior to the Illustrative Liquidation Date. This figure was then divided by the number of outstanding Akerna common shares on a pro forma basis as of January 6, 2023 to determine the net cash per share as of the Illustrative Liquidation Date, assuming that the number of outstanding Akerna common shares as of the Illustrative Liquidation Date is the same as the number of outstanding Akerna common shares on a pro forma basis as of January 6, 2023.

Discounted Cash Flow Analysis

JMP performed a discounted cash flow analysis based on financial projections of Akerna provided to JMP by Akerna. Using a discount rate of 25%, which was selected by JMP based on its professional judgment and experience, JMP calculated: (i) the present values of the estimated unlevered free cash flows of Akerna from fiscal year 2023 to fiscal year 2027, using mid-year convention, and (ii) the present value of the implied terminal value for Akerna using the estimated revenue for fiscal year 2027 and applying as the exit multiple the median implied enterprise value to revenue multiple for calendar year 2022 derived from the illustrative selected public companies comparable data analysis (0.8x) and applying the discount rate described above for a discount period of five years. JMP calculated the enterprise value of Akerna by adding the present value of the implied terminal value for Akerna to the total present value of the estimated cash flows of Akerna from fiscal year 2023 to fiscal year 2027, using mid-year convention.

Gryphon Financial Analyses*Information Reviewed*Illustrative Selected Public Companies Comparable Data

For illustrative purposes only, JMP reviewed and analyzed certain publicly available financial information for nine selected publicly traded cryptocurrency companies with mining operations in the United States. Using publicly available information and market data as of January 25, 2023, JMP calculated (i) the enterprise value of the applicable selected company by multiplying such company's share price by the number of fully diluted shares outstanding to derive the fully diluted market value and then subtracting net cash and (ii) the resulting multiples of such enterprise values to (x) estimated revenue for calendar years 2022 and 2023, which indicated a median multiple of 2.8x for calendar year 2022 and 2.7x for calendar year 2023 and (y) estimated earnings before interest, taxes, depreciation and amortization, which we refer to as EBITDA, for calendar years 2022 and 2023, which indicated a median multiple of 9.4x for calendar year 2022 and 9.2x for calendar year 2023. The selected companies and the implied enterprise value to revenue multiples and implied enterprise value to EBITDA multiples are set forth below.

Discounted Cash Flow Analysis

JMP performed a discounted cash flow analysis based on financial projections of Gryphon provided to JMP by Gryphon. Using a discount rate of 17%, which was selected by JMP based on its professional judgment and experience, JMP calculated: (i) the present values of the estimated unlevered free cash flows of Gryphon from fiscal year 2023 to fiscal year 2027, using mid-year convention, and (ii) the present value of the implied terminal value for Gryphon using the estimated EBITDA for fiscal year 2027 and applying as the exit multiple the median implied enterprise value to EBITDA multiple for calendar year 2023 derived from the illustrative selected public companies comparable data analysis (9.2x)

and applying the discount rate described above for a discount period of five years. JMP calculated the implied enterprise value of Gryphon by adding the present value of the implied terminal value for Gryphon to the total present value of the estimated cash flows of Gryphon from fiscal year 2023 to fiscal year 2027, using mid-year convention.

<i>(\$ in millions)</i>

JMP then calculated the implied equity value of Gryphon by adding the total cash of Gryphon as of January 10, 2023 (as provided by Gryphon) and subtracting the total debt of Gryphon as of January 10, 2023 (as provided by Gryphon) from the implied enterprise value of Gryphon calculated above.

JMP then calculated the range of implied equity values of Akerna based on the implied equity value of Gryphon calculated above, assuming (i) Akerna equityholders would hold 7.5% of the outstanding equity interests of the combined company on a fully diluted basis after the closing of the Merger and (ii) the equity value of the combined company attributable to Akerna was \$0. JMP calculated this range by multiplying the ownership percentage of Akerna stockholders in the combined company after the closing by a range of equity values of the combined company derived from determining the:

- present values of the estimated unlevered free cash flows of Gryphon from fiscal year 2023 to fiscal year 2027 using discount rates ranging from 15% to 19%;
- the resulting present value of the implied terminal value for Gryphon using the estimated EBITDA for fiscal year 2027, applying a range of exit multiples from 7.1x to 9.6x and applying discount rate ranging from 15% to 19% for a discount period of five years;
- the resulting implied enterprise value of Gryphon by adding the present values of the range of implied terminal values for Gryphon to the total present values of the range of estimated cash flows of Gryphon from fiscal year 2023 to fiscal year 2027, using mid-year convention; and adding the total cash of Gryphon as of January 10, 2023 (as provided by Gryphon) and subtracting the total debt of Gryphon as of January 10, 2023 (as provided by Gryphon) from the resulting range of implied enterprise values of Gryphon; and,

These calculations resulted in a range of implied equity values of the combined company of \$512,281,000 to \$803,967,000 and a range of implied equity values of Akerna from \$38,400,000 to \$60,300,000.

In addition, Akerna agreed to indemnify JMP against certain claims and liabilities related to or arising out of its engagement. JMP may seek to provide financial advisory services to Gryphon, Akerna, or their respective affiliates in the future, for which JMP would expect to receive compensation. JMP has not otherwise had a material relationship with, nor otherwise received fees from, Akerna, Gryphon, POSaBIT, MJ Acquisition, their respective affiliates or any other party to the Considered Transactions during the two years preceding the date of JMP's opinion.

However, if such transaction is not consummated and Akerna receives a "termination," "break-up," "topping" or other similar fee or option, Akerna will pay JMP one-half of any such fee or value of any such option up to a maximum amount equal to the transaction fee JMP would have been entitled to had the Merger and Sales Transaction been consummated. JMP is reimbursable, regardless of whether a transaction is consummated, for its reasonable costs and expenses and legal fees up to \$150,000.

Akerna selected JMP as its financial advisor in connection with the Merger based on JMP's reputation and experience and familiarity with Akerna and its business. For more information, please see the section titled “*The Transactions — Interests of the Akerna Directors and Executive Officers in the Transactions*” in this proxy statement/prospectus.

Interests of Gryphon Directors and Executive Officers in the Merger

Certain members of the board of directors and executive officers of Gryphon have interests in the Merger that may be different from, or in addition to, interests they have as Gryphon stockholders. Material U.S. Federal Income Tax Consequences of the Merger

The following is a discussion of the material U.S. federal income tax consequences of the Merger that are applicable to U.S. Holders (as defined below) who exchange shares of Gryphon stock for shares of Akerna Common Stock in the Merger, assuming that the Merger is consummated in the manner described in the Merger Agreement and in this proxy statement/prospectus. This discussion does not purport to be a complete analysis of all potential tax consequences and is based upon current provisions of the Code, existing Treasury Regulations, judicial decisions and published rulings and administrative pronouncements of the IRS, all in effect as of the date hereof and all of which are subject to differing interpretations or change. Any such change or differing interpretation, which may be retroactive, could alter the tax consequences to Gryphon stockholders that are U.S. Holders as described in this summary.

This discussion does not address all U.S. federal income tax consequences relevant to a Gryphon shareholder that is a U.S. Holder. In addition, it does not address consequences relevant to Gryphon stockholders that are subject to particular U.S. or non-U.S. tax rules, including, without limitation to Gryphon stockholders that are:

Gryphon stockholders subject to particular U.S. or non-U.S. tax rules, including those that are described in this paragraph, are urged to consult their own tax advisors regarding the consequences to them of the Merger.

If an entity that is treated as a partnership or other pass-through entity for U.S. federal income tax purposes holds Gryphon share capital, the U.S. federal income tax treatment of a partner in the partnership or other pass-through entity will generally depend upon the status of the partner, the activities of the partnership or other pass-through entity and certain determinations made at the partner level. If you are a partner of a partnership or other pass-through entity holding Gryphon share capital, you should consult your tax advisors regarding the tax consequences of the Merger.

In addition, the following discussion does not address (a) the tax consequences of transactions effectuated before, after or at the same time as the Merger, whether or not they are in connection with the Merger, including, without limitation, transactions in which shares of Gryphon share capital are acquired or disposed of other than in exchange for shares of Akerna Common Stock in the Merger; (b) the tax consequences to holders of Gryphon convertible notes, or options or warrants issued by Gryphon which are assumed in connection with the Merger; (c) the tax consequences of the ownership of shares of Akerna Common Stock following the Merger; (d) any U.S. federal non-income tax consequences of the Merger, including U.S. federal estate, gift or other tax consequences; (e) any state, local or non-U.S. tax consequences of the Merger; (f) alternative minimum tax consequences; or (g) the Medicare contribution tax on net investment income. No ruling from the Internal Revenue Service, or the IRS, has been or will be requested in connection with the Merger. Gryphon stockholders should be aware that the IRS could adopt a position which could be sustained by a court contrary to that set forth in this discussion.

U.S. HOLDERS SHOULD CONSULT WITH THEIR TAX ADVISORS WITH RESPECT TO THE APPLICATION OF THE U.S. FEDERAL INCOME TAX LAWS TO THEIR PARTICULAR SITUATIONS, AS WELL AS ANY TAX CONSEQUENCES OF THE MERGER ARISING UNDER THE U.S. FEDERAL ESTATE OR GIFT TAX LAWS OR UNDER THE LAWS OF ANY STATE, LOCAL OR NON-U.S. TAXING JURISDICTION OR UNDER ANY APPLICABLE INCOME TAX TREATY.

Tax Treatment of Gryphon stockholders in the Merger

Assuming the Merger qualifies as a “reorganization” within the meaning of Section 368(a) of the Code and the Treasury Regulations promulgated thereunder, U.S. Holders generally will not recognize gain or loss upon the exchange of their Gryphon share capital for Akerna Common Stock. A U.S. Holder generally will obtain an aggregate tax basis in the Akerna Common Stock such holder receives in the Merger equal to the holder’s aggregate adjusted tax basis in the Gryphon share capital exchanged therefor. The holding period of the shares of Akerna Common Stock received by a U.S. Holder in the Merger will include the holding period of the shares of Gryphon share capital surrendered in exchange therefor. Treasury Regulations provide detailed rules for allocating the tax basis and holding period of the shares of Gryphon share capital surrendered to the shares of Akerna Common Stock received. U.S. Holders of shares of Gryphon share capital acquired on different dates and at different prices should consult their tax advisors regarding the allocation of the tax basis and holding period of such shares.

Reporting Requirements

Assuming the Merger qualifies as a reorganization within the meaning of Section 368(a) of the Code and the Treasury Regulations promulgated thereunder, each U.S. Holder who receives shares of Akerna Common Stock in the Merger is required to retain permanent records pertaining to the Merger, and make such records available to any authorized IRS officers and employees. Such records should specifically include information regarding the amount, basis, and fair market value of the Gryphon share capital exchanged and the amount of Akerna Common Stock and cash received in exchange therefor. U.S. Holders who owned immediately before the Merger at least one percent (by vote or value) of the total outstanding stock of Gryphon are required to attach a statement to their tax returns for the year in which the Merger is consummated that contains the information listed in Treasury Regulations Section 1.368-3(b). Such statement must include the U.S. Holder’s tax basis in such holder’s Gryphon share capital surrendered in the Merger, the fair market value of such stock, the date of the Merger and the name and employer identification number of each of Gryphon and Akerna. U.S. Holders are urged to consult with their tax advisors to comply with these rules.

The foregoing summary is of a general nature only and is not intended to be, and should not be construed to be, legal, business or tax advice to any particular Gryphon shareholder. This summary does not take into account your particular circumstances and does not address consequences that may be particular to you. Therefore, you should consult your tax advisor regarding the particular consequences of the Merger to you.

Anticipated Accounting Treatment

The merger will be accounted for as a reverse acquisition in accordance with U.S. GAAP. Under this method of accounting, Gryphon will be deemed to be the accounting acquirer for financial reporting purposes. This determination was primarily based on the expectations that, immediately following the Merger (i) Gryphon's stockholders are expected to own approximately 92.5% of the voting interests of the combined company immediately following the closing of the Merger; (ii) directors appointed by Gryphon will hold more board seats in the combined company than Akerna; (iii) Gryphon's management will hold key positions in the management of the combined company; and (iv) the combined company will be named "Gryphon Digital Mining, Inc." Accordingly, for accounting purposes, the Merger will be treated as the equivalent of Gryphon issuing stock to acquire the net assets of Akerna. As a result of the Merger, the net assets of Akerna will be recorded at their acquisition-date fair value in the financial statements of Gryphon and the reported operating results prior to the Merger will be those of Gryphon. See the section titled "*Unaudited Pro Forma Condensed Combined Financial Information*" elsewhere in this proxy statement/prospectus for additional information.

You should refer to the full text of the Merger Agreement for details of the Merger and the terms and conditions of the Merger Agreement.

The Merger Agreement contains representations and warranties that Akerna and Merger Sub, on the one hand, and Gryphon, on the other hand, have made to one another as of specific dates. These representations and warranties have been made for the benefit of the other parties to the Merger Agreement and may be intended not as statements of fact but rather as a way of allocating the risk to one of the parties if those statements prove to be incorrect. In addition, the assertions embodied in the representations and warranties are qualified by information in confidential disclosure schedules exchanged by the parties in connection with signing the Merger Agreement. While Akerna and Gryphon do not believe that these disclosure schedules contain information required to be publicly disclosed under the applicable securities laws, other than information that has already been so disclosed, the disclosure schedules do contain information that modifies, qualifies and creates exceptions to the representations and warranties set forth in the attached Merger Agreement. Accordingly, you should not rely on the representations and warranties as current characterizations of factual information about Akerna or Gryphon, because they were made as of specific dates, may be intended merely as a risk allocation mechanism between Akerna, Merger Sub and Gryphon and are modified by the disclosure schedules.

General

Under the Merger Agreement, Merger Sub, a wholly owned subsidiary of Akerna formed by Akerna in connection with the Merger under the laws of Delaware, will merge with and into Gryphon, with Gryphon surviving as a wholly owned subsidiary of Akerna.

Merger Consideration

At the Effective Time, each Gryphon Share that is issued and outstanding immediately prior to the Effective Time will be converted into the right to receive a number of shares of Akerna Common Stock.

At the Effective Time, by virtue of the Merger and without any action on the part of the Akerna or the Merger Sub, Gryphon or any holder of Gryphon Shares:

- each Gryphon Share that is issued and outstanding immediately prior to the Effective Time shall automatically be converted into and become the right to receive the applicable per share portion of the “merger consideration” with respect to such Gryphon Share as set forth in the allocation statement to be delivered pursuant to the Merger Agreement (“merger consideration” is defined in the Merger Agreement to mean the greater of (A) a number of shares of Akerna Common Stock equal to (a) the quotient obtained by dividing (i) the number of shares of Akerna capital stock issued and outstanding at the Effective Time on a fully diluted basis (giving effect to the exchange of all amounts outstanding under the Akerna Notes and all shares of Series C Preferred Stock for shares of common stock of the combined company pursuant to the terms of the Exchange Agreements and the Akerna Notes) (the “Akerna Fully Diluted Share Number”) by (ii) 0.075, minus (b) the Akerna Fully Diluted Share Number minus (c) the number of shares of Akerna Common Stock the Gryphon Warrants will become exercisable for upon closing of the Merger and (B) a number of shares of Akerna Common Stock equal to the quotient obtained by dividing (a) \$115,625,000 by (b) the last reported sale price of Akerna Common Stock on the Nasdaq on the second business day prior to the Effective Time). As of the Effective Time, all such Gryphon Shares shall no longer be outstanding and shall automatically be cancelled and shall cease to exist, and each holder shall thereafter cease to have any rights with respect thereto, except the right to receive the consideration set forth in the Merger Agreement;
- each outstanding Gryphon Warrant will be assumed by Akerna and become a warrant to purchase an adjusted number of shares of common stock of Akerna, at an adjusted exercise price per share but subject to the same terms and conditions as the Gryphon Warrant; and

- each issued and outstanding share of capital stock of Merger Sub shall be converted into and become one validly issued, fully paid and nonassessable share of common stock, par value \$0.0001 per share, of the surviving company of the Merger.

The actual number of shares of Akerna Common Stock issuable as Merger Consideration will depend upon a number of factors including the last sale price on the Nasdaq of Akerna Common Stock on the second trading day prior to the closing the Merger, the amount, if any, that the principal of the Akerna Notes is reduced by being converted or redeemed prior to the closing of the Merger and the conversion price of the Akerna Notes immediately prior to the closing of the Merger.

The estimated exchange ratio of shares of Akerna Common Stock for Gryphon Common Stock and Gryphon Preferred Stock will be approximately 3.51 shares of Akerna Common Stock for each one share of Gryphon Common Stock and Preferred Stock based on Merger Consideration of 69,523,647 shares of Akerna Common Stock. The estimated exchange ratio assumes: (i) a fully-diluted number of shares of Akerna Common Stock after giving effect to an assumed 5 to 1 reverse stock split in Akerna Common Stock of 5,723,647 shares at the effective time of the Merger, which includes (pre-reverse stock split) 7,802,018 shares outstanding on the date hereof, warrants exercisable to acquire 2,573,299 shares of Akerna Common Stock, restricted stock units which vest and settle for 9,347 shares of Akerna Common Stock, 12,611 shares issuable upon redemption of Akerna exchangeable shares, Akerna Series C Preferred Stock which will be exchanged at \$0.50 per share into 3,119,247 shares of Akerna Common Stock, and approximately 15,101,711 shares of Akerna Common Stock issuable upon conversion of \$6.24 million principal amount of Akerna Notes. The assumed number of shares issuable upon exchange of the Akerna Notes is based on an assumed principal amount outstanding approximately \$6.24 million (\$7.8 million currently outstanding less \$1.56 million exchanged into Series C Preferred Stock at an exchange price of \$0.50 per share) and a conversion price of \$0.50 (exchanged at 121% of the principal amount). The exchange ratio also assumes 20,246,949 shares of Gryphon Common Stock and Preferred Stock issued and outstanding at the closing of the Merger, Gryphon warrants to acquire 1,067,968 Gryphon Common Stock and a post-reverse stock split closing price per share of Akerna Common Stock on the date immediately preceding closing of the Merger of \$2.50.

The following tables show the sensitivity of the Merger Consideration to variables of the market price of Akerna Common Stock and principal amount of Akerna Notes outstanding.

Percentage Ownership of Current Akerna Equityholders on a Fully Diluted Basis after Merger ⁽³⁾	6.6%	7.1%	7.5%	7.5%	7.5%	7.5%

- (1) The actual Merger Consideration will depend on the last sales price of Akerna Common Stock on the Nasdaq of the second trading day before closing the Merger and, if lower than the then effective Conversion Price for the Akerna Notes, the lowest VWAP during the 5 trading day period ending on the trading day immediately prior to the closing of the Merger. The table assumes \$6.8 in aggregate principal amount of Akerna Notes outstanding and a conversion price of \$2.50 per share, being the current conversion rate of \$0.50 per share adjusted for the assumed Akerna Reverse Stock Split of 5 for 1. The table also assumes that the lowest VWAP in the 5 trading day period ending on the trading day immediately prior to the closing of the Merger is the same as the Market Price.
- (2) Assumes the Akerna Reverse Stock Split is implemented on 5 for 1 ratio. Post Reverse Split Prices in the table relate a Pre Reverse Split Market Price of \$0.05, \$0.10, \$0.25, \$0.50, \$0.75 and \$1.00, respectively.
- (3) Includes fully diluted Akerna Equityholders assuming exercise, conversion or exchange of all outstanding securities of Akerna, including the Akerna Notes.

- (3) Includes fully diluted Akerna Equityholders assuming exercise, conversion or exchange of all outstanding securities of Akerna, including the Akerna Notes.

No fraction of a share of Akerna Common Stock will be issued by virtue of the Merger Agreement or the transactions contemplated hereby, and each person who would otherwise be entitled to a fraction of a share of Akerna Common Stock (after aggregating all shares of Akerna Common Stock to which such person otherwise would be entitled) shall instead have the number of shares of Akerna Common Stock issued to such person rounded down to the nearest whole share of Akerna Common Stock.

The Merger Agreement provides that, at the effective time of the Merger, Akerna will deposit, or cause to be deposited, with an exchange agent (the "Exchange Agent") as mutually agreed by Akerna and Gryphon, evidence of shares of Akerna Common Stock (which may include direct registration advice slips and/or certificates representing such shares of Akerna Common Stock, at Akerna's election) representing the number of shares of Akerna Common Stock sufficient to deliver the Merger Consideration.

The Merger Agreement provides that at least three business days prior to the closing date of the Merger, Akerna or the Exchange Agent will mail or otherwise deliver to each holder of Gryphon Shares a letter of transmittal and instructions for surrendering and exchanging the record holder's Gryphon Shares. No holder of Gryphon Shares will be entitled to receive any portion of the Merger Consideration unless such holder has delivered a properly completed and executed letter of transmittal (including any required certifications) to the Exchange Agent. With respect to any holder of Gryphon Shares that delivers a properly completed and executed letter of transmittal (including any required certifications) to the Exchange Agent at or prior to the Effective Time, Akerna will instruct the Exchange Agent to issue such holder the portion of the Merger consideration to which such holder is entitled pursuant to the terms of the Merger Agreement at or promptly after the closing of the Merger. With respect to any holder of Gryphon Shares that delivers a properly completed and executed letter of transmittal to the Exchange Agent after the Effective Time, Akerna will instruct the Exchange Agent to issue such holder the portion of the Merger consideration to which such holder is entitled pursuant to the terms of the Merger Agreement promptly following the Exchange Agent's receipt of such documents. From and after the Effective Time, there shall be no further registration of transfers of Gryphon Shares on the transfer books of the surviving company.

From and after the effective time of the Merger, until it is surrendered, each certificate representing the Gryphon Shares will be deemed to represent only the right to receive shares of Akerna Common Stock. Akerna will not pay dividends or other distributions on any shares of Akerna Common Stock to be issued in exchange for any unsurrendered certificates representing the Gryphon Shares until such certificate is surrendered as provided in the Merger Agreement.

Treatment of Akerna Equity Securities

Each share of Akerna Common Stock, each share of Akerna Common Stock reserved for issuance upon the exercise of each warrant to purchase Akerna Common Stock, that is issued and outstanding at the Effective Time will remain issued and outstanding, and such securities will be unaffected by the Merger.

As of August 14, 2023, the last practicable date before the filing of this proxy statement/prospectus, there were 6,251 Akerna RSUs outstanding.

As of August 14, 2023, the last practicable date before filing of this proxy statement/prospectus, there were warrants exercisable to acquire 2,573,299 shares of Akerna Common Stock.

The consummation of the Merger is conditioned upon the approval of these matters at the special meeting.

The obligation of Gryphon to close the Merger is also subject to satisfaction of certain additional conditions, including, among other things, (i) the accuracy of Akerna's representations and warranties in the Merger Agreement and compliance by Akerna with its covenants and agreements in the Merger Agreement; (ii) no Akerna material adverse effect; (iii) compliance with the Merger Support Agreement and Lender Support Letters by certain Akerna stockholders and holders of Akerna Notes; (iv) continued listing of the Akerna Common Stock on The Nasdaq Capital Market through the Effective Time; (v) compliance by Akerna with the Purchase Agreement; (vi) compliance with the Exchange Agreements by the holders of Akerna Notes and Akerna, termination of all agreements relating to the Akerna Notes and the release of all related encumbrances; (vii) all redemptions of Akerna preferred stock (other than the Series C Preferred Stock) being completed; (viii) the winding down of Akerna's legacy business; (ix) completion of the Akerna Reverse Stock Split; (x) Akerna having \$500,000 in cash on hand; (xi) satisfaction of all conditions precedent to the exchange of all amounts outstanding under the Akerna Notes and all shares of Series C Preferred Stock for common stock of the combined company immediately following the completion of the Merger, pursuant to the Exchange Agreements; and (xii) the Registration Statement contemplated by that certain Registration Rights Agreement, dated as of June 12, 2023, by and between Akerna and MJ Bridge Co., Inc., shall have been declared effective under the Securities Act by the SEC.

The Merger Agreement provides that the following, alone or in combination, shall not be taken into account in determining whether a material adverse effect has occurred or would reasonably be expected to occur to Akerna or Gryphon, as applicable:

- any change in applicable laws (including any quarantine, "shelter in place," "stay at home," workforce reduction, social distancing, shut down, closure, sequester or any other law, directive, guidelines or recommendations by any governmental entity in each case in connection with or in response to COVID-19, including the Coronavirus Aid, Relief, and Economic Security Act) or United States generally accepted accounting principles or any official interpretation thereof after the date of the Merger Agreement;

- any national or international political or social conditions in countries in which, or in the proximate geographic region of which, any such party operates, including the engagement by the United States or such other countries in hostilities or the escalation thereof, whether or not pursuant to the declaration of a national emergency or war, or the occurrence or the escalation of any military or terrorist attack upon the United States or such other country, or any territories, possessions, or diplomatic or consular offices of the United States or such other countries or upon any United States or such other country military installation, equipment or personnel; and

provided, that any effect referred to in the first, second, fifth and sixth bullets above may be taken into account in determining whether there has been, or would reasonably be expected to be, a material adverse effect to Gryphon or Akerna to the extent such effect has a disproportionate effect on Gryphon and its subsidiaries, or Akerna and its subsidiaries, as applicable, taken as a whole, as compared to other industry participants in the industries or markets in which they operate.

Representations and Warranties

The Merger Agreement contains customary, reciprocal (other than to the extent inapplicable to Akerna, Merger Sub or Gryphon) representations and warranties of Akerna, Merger Sub and Gryphon for a transaction of this type relating to, among other things:

- subsidiaries;
- organization and qualification;
- authority
- capital stock;
- Akerna SEC reports; financial statements; undisclosed liabilities
- the absence of changes;
- litigation;
- compliance with applicable law;
- environmental matters
- intellectual property;
- data privacy and security;
- compliance with international trade and anti-corruption laws;

- Paycheck Protection Program Loan;
- real and personal property;
- transaction with affiliates;
- customers and suppliers;
- certain information;
- investigation, no other representations;
- any brokerage or finder's fee or other fee or commission payable in connection with the Merger;
- Merger Sub activities; and
- Sale Transaction and wind down transactions.

The representations and warranties are, in many respects, qualified by materiality and knowledge, and will not survive the Merger, but their accuracy forms the basis of one of the conditions to the obligations of Akerna and Gryphon to complete the Merger.

No Solicitation

Pursuant to the terms of the Merger Agreement, Akerna has agreed that it shall not, and shall not permit or authorize any of its subsidiaries or any of its representatives or their subsidiaries, directly or indirectly, to (i) solicit, initiate, endorse, knowingly encourage or facilitate any inquiry, proposal or offer with respect to, or the making or completion of, any Acquisition Proposal (as defined below), or any inquiry, proposal or offer that is reasonably likely to lead to any Acquisition Proposal, (ii) enter into, continue or otherwise participate in any discussions or negotiations regarding, or furnish to any person any information or data with respect to, or otherwise cooperate in any way with, any Acquisition Proposal or (iii) resolve, agree or propose to do any of the foregoing; provided, that Akerna may (x) advise any person of the restrictions of the Merger Agreement; and (y) advise any person making an Acquisition Proposal that the Akerna Board has determined that such Acquisition Proposal does not constitute a Superior Proposal (as defined below), in each case, if, in so doing, no other information that is prohibited from being communicated under the Merger Agreement is communicated to such person. Akerna shall, and shall cause each of its subsidiaries and the representatives of Akerna and its subsidiaries to, (A) immediately cease and cause to be terminated all existing discussions and negotiations with any person conducted heretofore with respect to any Acquisition Proposal or potential Acquisition Proposal and immediately terminate all physical and electronic data room access previously granted to any such person, (B) request the prompt return or destruction of all confidential information previously furnished with respect to any Acquisition Proposal or potential Acquisition Proposal, and (C) not terminate, waive, amend, release or modify any provision of any confidentiality or standstill agreement to which it or any of its affiliates or representatives is a party with respect to any Acquisition Proposal or potential Acquisition Proposal, and shall enforce the provisions of any such agreement, which shall include seeking any injunctive relief available to enforce such agreement (provided, that Akerna shall be permitted to grant waivers of, and not enforce, any standstill agreement, but solely to the extent that the Akerna Board has determined in good faith, after consultation with its outside counsel, that failure to take such action (1) would prohibit the counterparty from making an unsolicited Acquisition Proposal to the Akerna Board in compliance with the Merger Agreement, and (2) would constitute a breach of its fiduciary duties to the stockholders of Akerna under applicable laws).

Notwithstanding the foregoing, if at any time following the date of the Merger Agreement and prior to obtaining the approval of stockholders of Akerna, (w) Akerna receives a written Acquisition Proposal that the Akerna Board believes in good faith to be bona fide, (x) such Acquisition Proposal was unsolicited and did not otherwise result from a breach of the Merger Agreement (other than *de minimis* breaches), (3) the Akerna Board determines in good faith (after consultation with outside counsel and its financial advisor) that such Acquisition Proposal constitutes or is reasonably likely to constitute or lead to a Superior Proposal, and (4) the Akerna Board determines in good faith (after consultation with outside counsel) that the failure to take the actions referred to in clause (I) and/or (II) below would constitute a breach of its fiduciary duties to the stockholders under applicable laws, then Akerna may (I) furnish information with respect to Akerna and its subsidiaries to the person making such Acquisition Proposal pursuant to a customary confidentiality agreement containing terms substantially similar to, and no less favorable to Akerna

[Table of Contents](#)

than, those set forth in that certain Confidentiality Agreement, dated as of August 17, 2022, between Gryphon and Akerna (including any standstill agreement contained therein); provided, that (x) Akerna shall provide Gryphon a non-redacted copy of each confidentiality agreement Akerna has executed and (y) any non-public information provided to any such person shall have been previously provided to Gryphon or shall be provided to Gryphon prior to or concurrently with the time it is provided to such person, and (II) participate in discussions or negotiations with the person making such Acquisition Proposal regarding such Acquisition Proposal. Akerna shall not provide (and shall not permit any of its subsidiaries or any of their respective representatives to provide) any commercially or competitively sensitive non-public information, except in accordance with “clean room” or other similar procedures designed to limit any adverse effect of the sharing of such information on Akerna, which procedures shall be consistent in all material respects with Akerna’s practices in dealing with the disclosures of such information to Gryphon or its representatives.

Neither the Akerna Board nor any committee thereof, shall: (i) (A) withdraw (or modify or qualify in any manner adverse to Gryphon) the recommendation or declaration of advisability by the Akerna Board or any such committee of the Merger Agreement, the Merger or any of the other Transactions, (B) recommend or otherwise declare advisable the approval by the Akerna stockholders of any Acquisition Proposal, or (C) resolve, agree or propose to take any such actions (an “Adverse Recommendation Change”); or (ii) cause or permit the any Akerna group member to enter into any letter of intent, memorandum of understanding, agreement in principle, acquisition agreement, merger agreement, option agreement, joint venture agreement, partnership agreement or other contract, except for an acceptable confidentiality agreement per the terms set forth above in each case constituting or related to, or which is intended to or is reasonably likely to lead to, any Acquisition Proposal, or resolve, agree or propose to take any such actions.

Notwithstanding the foregoing, at any time prior to obtaining the approval of Akerna stockholders, the Akerna Board may, if the Akerna Board determines in good faith (after consultation with outside counsel) that the failure to do so would result in a breach of its fiduciary duties to the Akerna stockholders under applicable law, taking into account all adjustments to the terms of the Merger Agreement that may be offered by Gryphon make an Adverse Recommendation Change in response to a Superior Proposal, or (y) solely in response to a Superior Proposal received after the date of the Merger Agreement that was unsolicited and did not otherwise result from a breach of the Merger Agreement, cause Akerna to terminate the Merger Agreement and concurrently enter into a binding alternative agreement with respect to such Superior Proposal; provided, however, that Akerna may not make an Adverse Recommendation Change in response to a Superior Proposal or terminate the Merger Agreement unless:

- (A) Akerna notifies Gryphon in writing at least five business days before taking that action of its intention to do so, and specifies the reasons therefor, including the terms and conditions of, and the identity of the person making, such Superior Proposal, and contemporaneously furnishes a copy (if any) of the proposed alternative agreement and any other relevant transaction documents (it being understood and agreed that any material amendment to the financial terms or any other term of such Superior Proposal shall require a new written notice by Acquiror and a new five Business Day period); and
- (B) if Gryphon makes a proposal during such five business day period to adjust the terms and conditions of the Merger Agreement, the Akerna Board, after taking into consideration the adjusted terms and conditions of the Merger Agreement as proposed by Gryphon, continues to determine in good faith (after consultation with outside counsel and its financial advisor) that such Superior Proposal continues to be a Superior Proposal and that the failure to make an Adverse Recommendation Change or terminate the Merger Agreement, as applicable, would result in a breach of its fiduciary duties to the Akerna stockholders under applicable law;

During the five business day period prior to its effecting an Adverse Recommendation Change or terminating the Merger Agreement as referred to above, Akerna shall, and shall cause its financial and legal advisors to, negotiate with Gryphon in good faith (to the extent Gryphon seeks to negotiate) regarding any revisions to the terms of the transactions contemplated by the Merger Agreement proposed by Gryphon. If the Akerna Board determines that an Acquisition Proposal would cease to be a Superior Proposal following the revisions to the Merger Agreement proposed by Gryphon, Akerna shall promptly so advise Gryphon and Akerna and Gryphon will amend the Merger Agreement to reflect such offer made by Gryphon.

An “Acquisition Proposal” means, other than the transactions contemplated by the Merger Agreement and the ancillary documents described therein and the Sale Transaction, any proposal or offer with respect to any direct or indirect acquisition or purchase or license, in one transaction or a series of transactions, and whether through any merger, reorganization, consolidation, tender offer, self-tender, exchange offer, stock acquisition, asset acquisition, binding

share exchange, business combination, recapitalization, liquidation, dissolution, joint venture, licensing or similar transaction, or otherwise, of (a) assets or businesses of Akerna or its subsidiaries that generate 10% or more of the net revenues or net income (for the 12-month period ending on the last day of Akerna's or its subsidiaries' most recently completed fiscal quarter) or that represent 10% or more of the total assets (based on fair market value) of Akerna or its subsidiaries immediately prior to such transaction, or (b) 5% or more of any class of capital stock, other equity securities or voting power of Akerna, any of its subsidiaries or any resulting parent company of Akerna, in each case other than the Merger and the Sale Transaction.

A "Superior Proposal" means any unsolicited bona fide binding written Acquisition Proposal that is fully financed or has fully committed financing that the Akerna Board determines in good faith (after consultation with outside counsel and its financial advisor), taking into account all legal, financial, regulatory and other aspects of the proposal and the person making the proposal, is (a) more favorable to the stockholders of Akerna from a financial point of view than the Transactions (including any adjustment to the terms and conditions proposed by Gryphon in response to such proposal) and (b) reasonably likely of being completed on the terms proposed on a timely basis; provided, that, for purposes of this definition of "Superior Proposal," references in the term "Acquisition Proposal" to "5%" or "10%" shall be deemed to be references to "all or substantially all".

Preparation of Proxy Statement and Meeting of Akerna Stockholders

As promptly as practicable after the date of the Merger Agreement (and in any event within twenty-eight (28) calendar days thereafter), Akerna has agreed to (i) prepare (with Gryphon's reasonable cooperation) and file with the SEC (A) a proxy statement (as amended or supplemented from time to time, the "Proxy Statement") to be sent to the Akerna stockholders relating to the special meeting of the Akerna stockholders to be held to consider the stockholder approval matters set forth in the Merger Agreement and (B) a registration statement on Form S-4 (as amended or supplemented from time to time, the "Form S-4"), in which the Proxy Statement will be included as a prospectus, in connection with the registration under the Securities Act of the Akerna Common Stock comprising the Merger Consideration, and (ii) in consultation with Gryphon, set a preliminary record date for the Akerna special meeting and commence a broker search pursuant to Section 14a-13 of the Exchange Act in connection therewith.

Akerna has agreed to use its reasonable best efforts (1) to have the Form S-4 declared effective under the Securities Act as promptly as practicable after such filing and to keep the Form S-4 effective as long as is necessary to consummate the Merger and the other Transactions and (2) to cause the Proxy Statement to be mailed to the Akerna stockholders as promptly as practicable after the Form S-4 is declared effective under the Securities Act.

Akerna has also agreed to take any action (other than qualifying to do business in any jurisdiction in which it is not now so qualified or filing a general consent to service of process) required to be taken under any applicable state securities or "blue sky" laws in connection with the issuance of shares of Akerna Common Stock in the Merger and Gryphon shall furnish all information concerning Gryphon and the holders of Gryphon shares as may be reasonably requested in connection with any such action.

No filing of, or amendment or supplement to, the Form S-4 or the Proxy Statement will be made by Akerna without providing Gryphon a reasonable opportunity to review and comment thereon and without Gryphon's prior approval (which shall not be unreasonably withheld). Akerna has agreed to advise Gryphon promptly after it receives oral or written notice thereof, of the time when the Form S-4 has become effective or any amendment or supplement thereto has been filed, the issuance of any stop order, the suspension of the qualification of the Akerna Common Stock issuable in connection with the Merger for offering or sale in any jurisdiction or any oral or written request by the SEC for amendment of the Proxy Statement or the Form S-4 or comments thereon and responses thereto or requests by the SEC for additional information, and will promptly provide Gryphon with copies of any written communication from the SEC or any state securities commission and a reasonable opportunity to participate in the responses thereto. Acquiror shall (i) provide Gryphon with reasonable prior notice of any scheduled telephone calls between Acquiror or its Representatives and the SEC, and (ii) use its reasonable best efforts to allow Gryphon or its representatives to participate in all such telephone call.

As promptly as practicable (and in any event within ten (10) calendar days) after the Form S-4 is declared effective under the Securities Act, Akerna has agreed to duly call, give notice of the special meeting of Akerna stockholders solely for the purpose of obtaining the required stockholder approvals. AGREEMENTS RELATED TO THE MERGER

Merger Support Agreements

In order to induce Akerna to enter into the Merger Agreement, certain current directors and executive officers of Gryphon are parties to support agreements with Akerna pursuant to which, among other things, each such person has agreed, solely in his or her capacity as a Gryphon stockholder, to vote all of his or her Gryphon Shares in favor of the adoption and approval of the Merger Agreement and the transactions contemplated thereunder. The Gryphon stockholders who are parties to support agreements with Akerna own in the aggregate approximately 72% of the outstanding Gryphon Shares.

Following the Registration Statement on Form S-4, of which this proxy statement/prospectus is a part, being declared effective by the SEC and pursuant to the conditions of the Merger Agreement, Gryphon stockholders who are party to the support agreements have each agreed to execute an action by written consent in favor of the approval and adoption of the Merger Agreement, and approval of the transactions contemplated by the Merger Agreement.

Under these support agreements, subject to certain exceptions, such Gryphon stockholders have also agreed not to sell or transfer their Gryphon equity securities, until the earlier of (i) the Effective Time, (ii) the termination of the support agreement in accordance with its, or (iii) it being determined (by mutual agreement of Akerna and Gryphon) that the approval of Gryphon's stockholders is not required. To the extent that any such sale or transfer is permitted pursuant to the exceptions included in the support agreements, each person to which any Gryphon equity securities are so sold or transferred must agree in writing to be bound by the terms and provisions of the support agreement.

In order to induce Gryphon to enter into the Merger Agreement, certain current directors and executive officers of Akerna are parties to a Merger Support Agreement with Gryphon pursuant to which, among other things, each such person has agreed, solely in his or her capacity as an Akerna stockholder, to vote all of his or her shares of Akerna capital stock in favor of the adoption and approval of the proposals described herein.

Under the Merger Support Agreement, subject to certain exceptions, such Akerna stockholders have also agreed not to sell or transfer their Akerna equity securities, until the earlier of (i) the Effective Time, (ii) the termination of the Merger Support Agreement in accordance with its terms, or (iii) it being determined (by mutual agreement of Akerna and Gryphon) that the approval of Akerna's stockholders is not required. To the extent that any such sale or transfer is permitted pursuant to the exceptions included in the Merger Support Agreement, each person to which any Akerna equity securities are so sold or transferred must agree in writing to be bound by the terms and provisions of the Merger Support Agreement.

Additionally, each holder of Akerna Notes entered into a Merger Lender Support Letter. The Merger Lender Support Letters provide, among other things, that the Holders of Akerna Notes will vote all of the shares of Akerna capital stock held by them in favor of the proposals described herein and against any competing acquisition proposals. The Merger Lender Support Letters also place certain customary restrictions on the transfer of shares of Akerna held by the respective signatories thereto prior to the closing of the Merger.

The Akerna stockholders and holders of Akerna Notes who are parties to Merger Support Agreement or Merger Lender Support Letters own or have the right to acquire, in the aggregate, approximately % of the outstanding voting shares of Akerna capital stock.

The foregoing description of the Merger Support Agreement and Merger Lender Support Letters does not purport to be complete and is qualified in its entirety by the full text of the forms of Merger Support Agreement and Lender Support Letter, which are attached hereto as [Annex I](#) and [Annex J](#), respectively.

Exchange Agreements

Concurrently with the signing of the Merger Agreement, Akerna entered into exchange agreements (the "Exchange Agreements") with each of holder (each, a "Holder") of Akerna Notes.

Pursuant to the Exchange Agreements, each Holder has agreed to exchange a certain aggregate conversion amount of the Akerna Notes no greater than the lesser of (i) the aggregate amount then outstanding under the Notes and (ii) such portion of the maximum note amount set forth in the Exchange Agreement for such Holder that is convertible

[Table of Contents](#)

into 19.9% of Akerna Common Stock then outstanding into such number of shares of newly designated Series C Preferred Stock of Akerna, which will have an aggregate voting power and economic value equal to the aggregate number of shares of Akerna Common Stock then issuable upon conversion of such amount of Akerna Note.

The Series C Preferred Stock will have the terms and conditions set forth in the Certificate of Designation of the Series C Preferred Stock which is attached to the Exchange Agreement. The Series C Preferred Stock is non-convertible, voting preferred stock. Upon the closing of a change of control transaction, the Series C Preferred Stock will be automatically redeemed pursuant to its terms for consideration of a share equivalent basis equal to the same consideration held after the consummation of the change of control transaction by a stockholder that held one share of common stock prior to the consummation of the change of control transaction. The Series C Preferred Stock can also be redeemed for cash at the option of Akerna and in limited circumstances redeemed for cash at the option of the holder.

Under the Exchange Agreements, Akerna has agreed that 50% of the gross proceeds from any subsequent placement will be used to repay the aggregate amounts then outstanding under the Akerna Notes, allocated pro rata to the holders of Akerna Notes then outstanding based on the aggregate principal amount of Akerna Notes outstanding as of the time of such applicable subsequent placement (“Subsequent Placement Redemption”).

Further, Akerna has agreed that on or prior to the closing of the Merger, if any Akerna Notes are then outstanding, Akerna will consummate one or more Company Optional Redemptions (as defined in the Akerna Notes) pursuant to Section 9(a) of the Notes (as amended under the Exchange Agreements), using the lesser of (A) the difference of (I) the sum of (x) all cash then held by Akerna (or any of its subsidiaries) and (y) any cash to be paid, directly or indirectly, to Akerna (or any of its subsidiaries) in connection with the transactions contemplated by the Merger Agreement and/or the Purchase Agreement, as applicable, less (II) \$500,000 and (B) an aggregate amount of cash equal to the Company Optional Redemption Price of the aggregate Conversion Amount (as defined in the Akerna Notes) of the Akerna Notes then outstanding (with each such Company Optional Redemption allocated pro rata to the holders of Akerna Notes then outstanding based upon the aggregate principal amount of Akerna Notes then outstanding) (the “Cash Sweep”).

Upon closing of the Merger, the Exchange Agreements provide that if any portion of the Akerna Notes remain outstanding other than such portion of the applicable Company Optional Redemption Price of the Akerna Notes to be paid in cash pursuant to the Cash Sweep, to exchange the remaining Conversion Amount of the Akerna Notes into such aggregate number of shares of common stock of the combined company (the “New Note Exchange Shares”) equal to the quotient of (A) the applicable Company Optional Redemption Price of the remaining Conversion Amount of the Akerna Notes then outstanding divided by (B) the lower of (x) the lowest volume weighted average price of the Akerna Common Stock during the five (5) Trading Day period ending, and including, the Trading Day immediately prior to the closing and (y) the Conversion Price (as defined in the Akerna Notes) in effect as of the closing; and (ii) in accordance with the terms of the Series C Certificate of Designations, the Series C Preferred Stock shall be exchanged into the Change of Control Redemption/Exchange Consideration (as defined in the Series C Certificate of Designations) (with any shares of common stock of the combined company included in such applicable Change of Control Redemption/Exchange Consideration, if any, the “New Preferred Exchange Shares”, and together with the New Note Exchange Shares, the “Final Closing Exchange Shares”); provided, however, that to the extent that any issuances of Final Closing Exchange Shares to a Holder at the closing in accordance herewith or pursuant to the Series C Certificate of Designations, as applicable would result in such Holder and its other Attribution Parties (as defined in the Note) exceeding the Maximum Percentage (as defined in the Note) (as calculated in accordance with Section 3(d)(i) of the Note) (a “Maximum Percentage Event”), then such Holder shall not be entitled to receive such aggregate number of Final Closing Exchange Shares in excess of the Maximum Percentage (and shall not have beneficial ownership of such Final Closing Exchange Shares (or other equivalent security) as a result of the closing (and beneficial ownership) to such extent of any such excess), such remaining portion of such Final Closing Exchange Shares that would have otherwise been issued to the Holder at the Final Closing (such remaining portion of Final Closing Exchange Shares, the “Abeyance Shares”), such portion of the Note and/or shares of Series C Preferred Stock, as applicable, shall alternatively be exchanged for the right to receive such Abeyance Shares (with a beneficial ownership and issuance limitation substantially in the form of Section 3(d) of the Note, mutatis mutandis), at such time or times as its right thereto would not result in such Holder and the other Attribution Parties exceeding the Maximum Percentage, at which time or times, if any, such Holder shall be granted such remaining portion of such Abeyance Shares in accordance herewith and/or pursuant to the Series C Certificate of Designations, as applicable.

[Table of Contents](#)

All shares of combined company common stock issued or issuable upon any exchange or redemption of Akerna Notes or Series C Preferred Stock will be taken into account and included in the Akerna Fully Diluted Share Number for purposes of calculating the Merger Consideration, such that only Akerna stockholders will be diluted by the issuance of such shares (whether prior to or following consummation of the Merger).

Akerna and each of the Holders waived, in part, the terms and conditions of Section 9(a) of the Notes such that, in connection with any Subsequent Placement Redemption and/or the Cash Sweep, as applicable, the Akerna Note shall be subject to a Company Optional Redemption (as defined in the Akerna Note) (for the avoidance of doubt, at the applicable Company Optional Redemption Price (as defined in the Akerna Note) of the Conversion Amount subject to such Company Optional Redemption) without the requirement to satisfy any Equity Conditions (as defined in the Note) and a Company Optional Redemption Date (as defined in the Akerna Note) as of the date of consummation of such subsequent placement and/or the Cash Sweep, as applicable. Further, unless and until the Merger Agreement terminates prior to the consummation of the transactions contemplated thereunder, each Holder waived, in part, the Available Cash Test (as defined in the Akerna Note) in Section 14(r) (i) of the Note and the Daily Available Cash Test (as defined in Section 4(ff) of the Purchase Agreement), such that the Available Cash Test and the Daily Available Cash Test shall be deemed satisfied for the Holder if at least a certain amount set forth in the Exchange Agreement is held in the Master Restricted Account of such Holder.

In addition, subject to certain conditions, each Holder agreed to grant to Akerna certain releases from the security documents securing the Notes to permit Akerna to consummate the Sale Transaction and the Merger.

The closing of the exchange of a certain portion of the Notes into the Series C Preferred Stock and the exchange of any remaining Notes and the Series C Preferred Stock into shares of common stock at the Closing of the Merger is subject to certain customary conditions and, in relation to the exchange into Series C Preferred Stock, subject to Akerna completing a subsequent placement for gross aggregate proceeds of at least \$500,000.

The Exchange Agreements contain customary representations, warranties and covenants made by Akerna and the Holders party thereto.

The foregoing description of the Exchange Agreements does not purport to be complete and is qualified in its entirety by the full text of the form of Exchange Agreement, which is attached hereto as Annex K.

THE PURCHASE AGREEMENT

The following is a summary of the material terms of the Purchase Agreement. A copy of the Purchase Agreement is attached as Annex B to this proxy statement/prospectus/information statement and is incorporated by reference into this proxy statement/prospectus/information statement. The Purchase Agreement has been attached to this proxy statement/prospectus/information statement to provide you with information regarding its terms. It is not intended to provide any other factual information about Akerna or MJ Acquisition. The following description does not purport to be complete and is qualified in its entirety by reference to the Purchase Agreement. You should refer to the full text of the Purchase Agreement for details of the Sale Transaction and the terms and conditions of the Purchase Agreement.

The Purchase Agreement contains representations and warranties that Akerna, on the one hand, and MJ Acquisition, on the other hand, have made to one another as of specific dates. These representations and warranties have been made for the benefit of the other parties to the Purchase Agreement and may be intended not as statements of fact but rather as a way of allocating the risk to one of the parties if those statements prove to be incorrect. In addition, the assertions embodied in the representations and warranties are qualified by information in confidential disclosure schedules exchanged by the parties in connection with signing the Purchase Agreement. While Akerna does not believe that these disclosure schedules contain information required to be publicly disclosed under the applicable securities laws, other than information that has already been so disclosed, the disclosure schedules do contain information that modifies, qualifies and creates exceptions to the representations and warranties set forth in the attached Purchase Agreement. Accordingly, you should not rely on the representations and warranties as current characterizations of factual information about Akerna or MJ Acquisition because they were made as of specific dates, may be intended merely as a risk allocation mechanism between Akerna and MJ Acquisition and are modified by the disclosure schedules. If Akerna becomes aware of material facts that contradict the representations and warranties in the Purchase Agreement, Akerna will disclose those material facts in the public filings that it makes with the SEC if it determines that it has a legal obligation to do so.

[Table of Contents](#)

Akerna Board of Directors' Recommendation; Change of Recommendation

As described above, and subject to the provisions described below, Akerna's board of directors has made the recommendation that Akerna's stockholders vote "FOR" Proposal No. 2 to approve the Purchase Agreement and the transactions contemplated thereby. The Purchase Agreement provides that Akerna's board of directors will not effect a Sale Transaction Adverse Recommendation Change (as defined below) except as described below.

Prior to the adoption of the Purchase Agreement by Akerna's stockholders, Akerna's board of directors may not (A) withdraw (or modify in any manner adverse to MJ Acquisition), or adopt a resolutions of Akerna's board of directors to withdraw (or modify in any manner adverse to MJ Acquisition), its recommendation that Akerna's stockholders approve the transactions contemplated by the Purchase Agreement or (B) recommend, any Acquisition Proposal or alternative transaction (the foregoing actions being referred to as an "Sale Transaction Adverse Recommendation Change").

Notwithstanding the restrictions described above, at any time prior to the receipt of the required vote from Akerna's stockholders, Akerna's board of directors may make a Sale Transaction Board Adverse Recommendation Change, if Akerna's board of directors has received an Acquisition Proposal for Akerna that Akerna's board of directors has determined in its good faith judgment, after consultation with Akerna's outside legal counsel and financial advisors, constitutes, or would reasonably be expected to result in, a Superior Offer (as defined below), Akerna's board of directors determines in its good faith judgment, after consultation with Akerna's outside legal counsel and financial advisors, that a Sale Transaction Board Adverse Recommendation Change is consistent with Akerna's board of directors' compliance with its fiduciary obligations to Akerna's stockholders under applicable law. Prior to Akerna taking any action permitted under this exception, in the case of a Superior Offer, (1) Akerna must promptly notify MJ Acquisition, in writing, at least five business days (the "Notice Period") before making a Sale Transaction Board Adverse Recommendation Change, of its intention to take such action with respect to a Superior Offer; (2) Akerna attaches to such notice the most current version of the proposed agreement and the identity of the third party making such Superior Offer; and (3) Akerna negotiates with MJ Acquisition in good faith to make such adjustments in the terms and conditions of this Agreement so that such Acquisition Proposal for Akerna ceases to constitute a Superior Offer, if MJ Acquisition, in its discretion, proposes to make such adjustments.

[Table of Contents](#)

Nothing contained in the Purchase Agreement prohibits Akerna from (i) taking and disclosing to its stockholders positions required by Rule 14d-9 or Rule 14e-2 promulgated under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), (ii) making any disclosure to Akerna’s stockholders if Akerna’s board of directors determines in good faith, after consultation with its outside legal counsel, that the failure to make such disclosure would be inconsistent with its fiduciary duties to Akerna’s stockholders under applicable law, and (iii) issuing a “stop-look-and-listen communication” pursuant to Rule 14d-9(f) promulgated under the Exchange Act. In the case of each of the foregoing clauses “(i)” and “(ii),” any such disclosure or public statement shall be deemed to be a Sale Transaction Board Adverse Recommendation Change subject to the terms and conditions of the Purchase Agreement unless Akerna’s board of directors reaffirms its recommendation for the Sale Transaction in such disclosure or public statement or within five business days of such disclosure or public statement.

A “Superior Offer” means a bona fide Acquisition Proposal for Akerna (with all references to 20% in the definition of Acquisition Transaction for Seller (as defined by the Purchase Agreement) being treated as references to 50% for these purposes) made by a third party that is on terms and conditions that Akerna’s board of directors determines, in its reasonable, good faith judgment, after obtaining and taking into account such matters that Akerna’s board of directors deems relevant following consultation with its outside legal counsel and financial advisor, if any, (i) is more favorable, from a financial point of view, to Akerna’s stockholders than the terms of the transactions contemplated by the Purchase Agreement and the Merger, taking into account any factors that Akerna’s board of directors deems appropriate; and (ii) is reasonably capable of being consummated.

AGREEMENTS RELATED TO THE SALE TRANSACTION

Sale Transaction Support Agreements

In order to induce MJ Acquisition to enter into the Purchase Agreement, certain current directors and executive officers of Akerna are parties to support agreements with MJ Acquisition (“Sale Transaction Support Agreements”) pursuant to which, among other things, each such person has agreed, solely in his or her capacity as an Akerna stockholder, to vote all of his or her shares of Akerna capital stock in favor of the adoption and approval of the proposals described herein.

Under the Sale Transaction Support Agreement, subject to certain exceptions, such Akerna stockholders have also agreed not to sell or transfer their Akerna equity securities, until the earlier of (i) the closing of the Sale Transaction, (ii) the termination of the Sale Transaction Support Agreement in accordance with its terms, or (iii) it being determined (by mutual agreement of Akerna and MJ Acquisition) that the approval of Akerna’s stockholders is not required. To the extent that any such sale or transfer is permitted pursuant to the exceptions included in the Sale Transaction Support Agreement, each person to which any Akerna equity securities are so sold or transferred must agree in writing to be bound by the terms and provisions of the Sale Transaction Support Agreement.

Additionally, each holder of Akerna Notes entered into a Sale Transaction Lender Support Letter. The Sale Transaction Lender Support Letters provide, among other things, that the holder of Akerna Notes will vote all of the shares of Akerna capital stock held by them in favor of the proposals described herein and against any competing acquisition proposals. The Sale Transaction Lender Support Letters also place certain customary restrictions on the transfer of shares of Akerna held by the respective signatories thereto prior to the closing of the Sale Transaction.

The Akerna stockholders and holders of Akerna Notes who are parties to Sale Transaction Support Agreement or Sale Transaction Lender Support Letters own or have the right to acquire, in the aggregate, approximately % of the outstanding shares of Akerna capital stock.

The foregoing description of the Sale Transaction Support Agreement and Sale Transaction Lender Support Letters does not purport to be complete and is qualified in its entirety by the full text of the forms of Sale Transaction Support Agreement and Sale Transaction Lender Support Letter, which are attached hereto as Annex L and Annex M, respectively.

MJ ACQUISITION PROMISSORY NOTE

Secured Promissory Note

Concurrently with the Purchase Agreement, Akerna, Akerna Exchange, and MJ Acquisition entered into a secured promissory note, dated April 28, 2023 (the “MJA Note”) whereby Akerna promises to pay to the order of MJ Acquisition or its registered assigns the amount of \$1,000,000. The MJA Note bears simple interest at the rate of ten percent (10%) per annum from the date of issuance until repayment of the MJA Note. Interest on the MJA Note will be computed on the basis of a 365-day year and actual days elapsed.

The outstanding principal amount of and all accrued but unpaid interest on the MJA Note will be due and payable on April 28, 2024. The MJA Note, or a portion thereof, may be prepaid by the Company at any time without penalty, upon one (1) business day prior written notice from Akerna to MJ Acquisition, specifying the intended date and amount of repayment. Any payments shall be applied first to accrued interest and then to principal. The MJA Note, including all principal amounts and all accrued and unpaid interest, shall be deemed paid in full upon the consummation of the transactions contemplated under the Purchase Agreement.

Security Agreement

Pursuant to the MJA Note, Akerna’s obligations under the MJA Note are to be secured pursuant to a Security and Pledge Agreement entered by and among Akerna, MJ Acquisition and the other parties thereto dated April 28, 2023 (the “Security Agreement”). The Security Agreement creates a security interest in all of the personal property of Akerna and certain of its subsidiaries of every kind and description, tangible or intangible, whether currently owned and existing or created or acquired in the future (the “Collateral”).

Upon the occurrence of an “Event of Default” under the Security Agreement, the Collateral Agent will have certain rights under the Security Agreement including taking control of the Collateral and, in certain circumstances, selling the Collateral to cover obligations owed to the holders of the MJA Note pursuant to its terms. “Event of Default” under the Security Agreement means (a) Akerna breaches the SPA or any of the Ancillary Documents (as defined in the SPA) and does not cure such breach within ten (10) days after written notice thereof has been given by or on behalf of MJA to Akerna; (b) Akerna files any petition or action for relief under any bankruptcy, reorganization, insolvency or moratorium law or any other law for the relief of, or relating to, debtors, now or hereafter in effect, or makes any assignment for the benefit of creditors or takes any corporate action in furtherance of any of the foregoing; (c) an involuntary petition is filed against Akerna (unless such petition is dismissed or discharged within ninety (90) days under any bankruptcy statute now or hereafter in effect, or a custodian, receiver, trustee, assignee for the benefit of creditors (or other similar official) is appointed to take possession, custody or control of any property of Akerna; or (d) Akerna is in material breach of any of its representations or covenants in the MJA Note and, in the case of covenants, does not cure such breach within ten (10) days after written notice thereof has been given by or on behalf of MJA to Akerna.

Guaranty

In connection to the MJA Note, certain subsidiaries of Akerna entered into a guaranty agreement with MJ Acquisition on April 28, 2023 (the “Guaranty Agreement”) under which they will guarantee the obligations of the Company under the Security Agreement and the MJA Note.

AKERNA DIRECTORS, OFFICERS AND CORPORATE GOVERNANCE

Independence of Akerna Board

The Akerna Board evaluates the independence of each nominee for election as a director of Akerna in accordance with the Nasdaq Listing Rules. Pursuant to these rules, a majority of the Akerna Board must be “independent directors” within the meaning of the Nasdaq Listing Rules, and all directors who sit on Akerna’s Audit Committee, Nominating Committee and Compensation Committee must also be independent directors.

The Nasdaq definition of “independence” includes a series of objective tests, such as the director or director nominee is not, and was not during the last three years, an employee of the Company and has not received certain payments from, or engaged in various types of business dealings with, the Company. In addition, as further required by the Nasdaq Listing Rules, the Akerna Board has made a subjective determination as to each independent director that no relationships exist which, in the opinion of the Akerna Board, would interfere with such individual’s exercise of independent judgment in carrying out his or her responsibilities as a director. In making these determinations, the Board reviewed and discussed information provided by the directors with regard to each director’s business and personal activities as they may relate to Akerna and its management.

As a result, the Akerna Board has affirmatively determined that each of Matthew R. Kane, Tahira Rehmatullah, and Barry Fishman are independent in accordance with the Nasdaq Listing Rules. The Akerna Board has also affirmatively determined that all members of Akerna’s Audit Committee, Nominating Committee and Compensation Committee are independent directors.

Leadership Structure and Role of Akerna Board in Risk Oversight

The Akerna Board currently consists of five directors. The Akerna Board has not appointed a lead independent director. Due to the size of the Board, the independent directors are able to closely monitor the activities of Akerna. In addition, the independent directors are able to meet independently with Akerna’s independent registered public accounting firm without management to discuss the Company’s financial statements and related audits. Therefore, the Akerna Board has determined that a lead independent director is not necessary at this time. To the extent the composition of the Akerna Board changes and/or grows in the future, the Akerna Board may re-evaluate the need for a lead independent director.

Management is responsible for the day-to-day management of risks the Company faces, while the Akerna Board as a whole has ultimate responsibility for the Company’s oversight of risk management. The Akerna Board takes an enterprise-wide approach to risk oversight, designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and enhance stockholder value. A fundamental part of risk oversight is not only understanding the risks the Company faces and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for the Company. As a critical part of this risk management oversight role, the Akerna Board encourages full and open communication between management and the Akerna Board. The Akerna Board regularly reviews material strategic, operational, financial, compensation and compliance risks with management. In addition, our management team regularly reports to the full Akerna Board regarding their areas of responsibility and a component of these reports is risk within the area of responsibility and the steps management has taken to monitor and control such exposures. Additional review or reporting on risk is conducted as needed or as requested by the Akerna Board.

See the narrative below for more information on the stock awards in this column.

Narrative Disclosure to Summary Compensation Table

For 2022, the compensation program for Gryphon's named executive officers consisted of base salary and vesting of unvested stock.

Base Salary

The base salary for each named executive officer is set at a level that is commensurate with the executive's duties and authorities, contributions, prior experience and sustained performance.

2021 Cash Bonus

As described below, the Consulting Agreement with Mr. Chang provides for an annual cash incentive opportunity with a target equal to 100% of Chang Advisory's base fee for such year. For 2021, Mr. Chang earned an annual bonus equal to CAD \$100,000 based on a review of Gryphon's performance, as well as the performance of Mr. Chang. Gryphon anticipates implementing a formal annual bonus program for its executive officers following the closing of the Merger.

Consulting Agreement with Chang Advisory, Inc.

Mr. Chang serves as Gryphon's Chief Executive Officer pursuant to a Consulting Agreement between Gryphon and Chang Advisory, Inc. ("Chang Advisory"), effective January 14, 2021. Mr. Chang is the sole owner of Chang Advisory. Under the agreement, Chang Advisory's base fee was initially CAD \$175,000 per year. The agreement provided that the base fee would increase to CAD \$300,000 per year upon the closing of either: (i) an equity financing totaling at least CAD \$5 million or (ii) a debt and equity financing totaling at least CAD \$10 million. This condition was met in March 2021 and, accordingly, the base fee is currently CAD \$300,000 per year. Under the agreement, Chang Advisory's base fee for any year may not be reduced without the written consent of both Chang Advisory and Gryphon, and Chang Advisory is entitled to an annual cash incentive opportunity with a target equal to 100% of Chang Advisory's base fee for such year. The agreement further provides that Gryphon will pay to Chang Advisory harmonized sales tax on any invoice or other compensation paid to Chang Advisory in the event that Gryphon's head office becomes located in Canada or in the event that any law or governmental authority requires that such tax be remitted by Chang Advisory in respect of any such compensation.

On the effective date of the agreement, Chang Advisory became entitled to purchase, for USD \$0.004 per share, 15.2% of the outstanding shares of common stock of Gryphon as of such date. In the event that Chang Advisory's engagement with Gryphon terminates by reason of Chang Advisory's resignation or by reason of a material breach by Chang Advisory of the agreement, or for cause (as defined below), prior to the one-year anniversary of the effective date of the agreement, Gryphon or any other affiliate of Gryphon had the right (but not the obligation) to repurchase (i) 75% of the such shares if such termination occurred within six months of the effective date of the agreement; and (ii) 50% of such shares if such termination occurred after six months and within one year of such effective date, in each case for a price of USD \$0.004 per share. Such repurchase right expired on the one-year anniversary of the effective date of the agreement.

In the event that Chang Advisory's engagement is terminated by Gryphon without cause, is terminated by Chang Advisory for good reason, or in the event that there is a change in control (as defined in the agreement), all unvested equity awards held by Chang Advisory will accelerate vesting and, with respect to any stock options, such options will remain fully exercisable until their original expiry date. In the event of Chang Advisory's termination for cause or voluntary resignation, all equity awards granted to Chang Advisory that are outstanding on the date of such termination or resignation will continue to vest on the original schedule and any stock options will remain exercisable until the earlier of (i) the expiration date set forth in the applicable stock option agreement; or (ii) the expiration of 6 months measured from the date of such termination or resignation.

The agreement also provides that Chang Advisory will be entitled to receive reimbursement from Gryphon for all reasonable business expenses, and Mr. Chang and his partner and dependents will be eligible to participate in the benefit plans that are available to the executive officers of Gryphon. Under the agreement, Gryphon will indemnify Chang Advisory and Mr. Chang to the fullest extent permitted by law against all costs, charges, awards, legal fees and expenses which Chang Advisory and/or Mr. Chang is/are involved because of its/his/their association with Gryphon, and Gryphon will at all times maintain a Directors and Officers Insurance Policy under which Chang Advisory and Mr. Chang will be insured.

Upon termination of engagement due to the death or disability (as defined in the agreement) of Chang Advisory, Chang Advisory will be entitled to receive: (i) any unpaid annual bonus for the year immediately prior to the year of such termination (in an amount equal to the greater of the bonus percentage accrued by Gryphon or Chang Advisory's target annual bonus) and (ii) a pro-rated share of Chang Advisory's target annual bonus for the year of such termination (in an amount equal to the bonus percentage accrued by Gryphon through the last closed accounting month prior to such termination but with such bonus percentage being deemed to be fully accrued if Gryphon is at least on target to attain the appropriate financial targets for such year). In addition, in the case of termination due to disability, Gryphon will continue Chang Advisory's and/or Mr. Chang's participation in the benefit plans for so long as he remains disabled as defined under those plans.

Under the agreement, should Gryphon terminate Chang Advisory's engagement (other than for cause or as a result of Chang Advisory's death or disability), or in the event Chang Advisory resigns for good reason, or in the event of a termination of Chang Advisory's engagement whether by Chang Advisory or by Gryphon for any reason other than

[Table of Contents](#)

cause within 6 months of a change in control, then Gryphon will pay to Chang Advisory (i) a termination fee equal to the annual fee; (ii) bonus for any prior year that has been earned but is unpaid (in an amount equal to the greater of the bonus percentage accrued by Gryphon or Chang Advisory's target annual bonus); and (iii) a pro-rated share of Chang Advisory's target annual bonus for the year of such termination (in an amount equal to the bonus percentage accrued by Gryphon through the last closed accounting month prior such termination but with such bonus percentage being deemed to be fully accrued if Gryphon is at least on target to attain the appropriate financial targets for such year).

For purposes of the agreement, "cause" means that Chang Advisory or Mr. Chang has engaged in any one of the following: (i) intentional misconduct involving Gryphon or its assets, including, without limitation, material misappropriation of Gryphon's funds or property; (ii) reckless or willful misconduct in the performance of Chang Advisory's duties in the event such conduct continues after Gryphon has provided 30 days written notice to Chang Advisory and a reasonable opportunity to cure such misconduct; (iii) conviction of, or plea of nolo contendere to, any felony or misdemeanor involving dishonesty or fraud; (iv) the material violation of any of Gryphon's policies, including without limitation, Gryphon's policies on equal engagement opportunity and the prohibition against unlawful harassment; (v) the material breach of any provision of the agreement after 30 days written notice to Chang Advisory of such breach and a reasonable opportunity to cure such breach; or (vi) any other misconduct that has a material adverse effect on the business or reputation of Gryphon after 30 days written notice to Chang Advisory of such breach and a reasonable opportunity to cure the adverse effects of such misconduct.

Consulting Agreement with 21ChainsLLC/Mr. Ensey

Gryphon, on the one hand, and 21Chains, LLC and Christopher Ensey, on the other hand (together, "Consultant"), were parties to a Consulting Agreement, effective October 1, 2021, pursuant to which Mr. Ensey served as Chief Technology Advisor to Gryphon. The agreement expired by its terms on December 30, 2022. In consideration for the services rendered by Consultant under the agreement, Gryphon issued Consultant 199,309 unvested shares of its common stock, all of which had fully vested as of June 30, 2022. In the event Gryphon effects an IPO through a merger with another public company, Consultant will be entitled to receive shares of common stock in the public company target in exchange for the shares granted under the agreement. In addition, the agreement required Gryphon to reimburse Consultant for all reasonable out-of-pocket expenses incurred by Consultant in connection with the agreement, subject to certain pre-approval requirements. During the term of the agreement and for a period of one year thereafter, Consultant may not interfere with Gryphon's relationship with, or endeavor to entice away from Gryphon, any person who, on the date of the expiration of such term, and/or at any time during the one-year period prior to such expiration, was an employee or customer of Gryphon or otherwise had a material business relationship with Gryphon. Under the agreement, Gryphon agreed to indemnify Consultant to the fullest extent permitted by law, from and against any and all losses, claims, damages, obligations, penalties, judgments, awards, liabilities, costs, expenses, disbursements and liabilities of any kind or nature whatsoever in a dispute caused by, relating to, based upon, arising out of or in connection with Consultant's services to Gryphon. Such indemnification will not apply if the dispute resulted from the gross negligence or willful misconduct of Consultant.

Executive Employment Agreement with Simeon Salzman

Gryphon and Simeon Salzman are party to an Executive Employment Agreement dated June 19, 2023, the effective date of the employment agreement. Because Mr. Salzman recently joined Gryphon in, his compensation is not disclosed in the 2022 Summary Compensation Table presented above. The employment agreement provides for the terms described in this paragraph. Mr. Salzman will serve as the Chief Financial Officer of Gryphon (and, under certain circumstances, such other position as Gryphon's Chief Executive Officer may designate), reporting to Gryphon's Chief Executive Officer. Mr. Salzman will receive a base salary of \$200,000 and will be eligible to receive an annual bonus with a target of up to 50% of his then-current base salary. Mr. Salzman will receive a time-based equity grant covering 390,800 Gryphon Shares (the "Equity Grant"), vesting as follows (subject to Mr. Salzman's continued employment with Gryphon through the relevant vesting date): 1/6 of the Equity Grant will vest upon the 6-month anniversary of the effective date of the employment agreement and the remainder of the Equity Grant will vest in substantially equal quarterly installments commencing with the first quarter following the 6 month anniversary of the effective date of the employment agreement. The vesting of the Equity Grant will be accelerated if Mr. Salzman is continuously employed through of a change in control of Gryphon (excluding a reverse takeover transaction or merger for the purposes of

[Table of Contents](#)

listing Gryphon on a public exchange). Mr. Salzman will be entitled to receive those benefits that are made available to the other similarly situated executive employees of Gryphon, and will be reimbursed for reasonable out-of-pocket expenses. Upon the termination of the employment agreement during the first two full financial reporting quarters of Gryphon by (a) Mr. Salzman for good reason (as defined in the employment agreement) or (b) by Gryphon without cause (as defined in the employment agreement), then, subject to Mr. Salzman's execution and non- revocation of and compliance with a separation and release agreement in a form provided by Gryphon, Gryphon will pay Mr. Salzman an amount equal to 3 months of his then current base salary. Upon such a termination of the employment agreement following the first two full financial reporting quarters of Gryphon, Gryphon will pay Mr. Salzman an amount equal to (a) 12 months of his then current base salary, plus (b) Mr. Salzman's then-current annual bonus target.

Outstanding Equity Awards at 2022 Fiscal Year-End

Neither named executive officer held outstanding equity awards as of December 31, 2022.

Post-Closing of the Merger Executive Compensation

Following the closing of the Merger, the board of directors of the combined company is expected to develop an executive compensation program that is designed to align compensation with Gryphon's business objectives and the creation of stockholder value, while enabling Gryphon to attract, retain, incentivize and reward individuals who contribute to the long-term success of the combined company. Decisions regarding the executive compensation program will be made by the compensation committee of the board of directors of the combined company. This section describes the plans and arrangements the board of directors of the combined company is expected to maintain following the closing of the Merger, for the benefit of employees, including the named executive officers.

2023 Omnibus Incentive Plan

In connection with the closing of the Merger, the Akerna Board will adopt the 2023 Omnibus Incentive Plan, subject to the approval of Akerna's stockholders described herein, in order to facilitate the grant of equity awards to attract, retain and incentivize employees (including the named executive officers), independent contractors and directors of Gryphon and its affiliates, which is essential to Gryphon's long-term success. The 2023 Omnibus Incentive Plan is intended to replace Akerna's 2019 Long Term Incentive Plan. The combined company's board of directors is expected to terminate Akerna's 2019 Long Term Incentive Plan, effective as of and contingent upon the closing of the Merger. We anticipate that, following the closing of the Merger, no additional equity awards will be granted under Akerna's 2019 Long Term Incentive Plan. For additional information about the 2023 Omnibus Incentive Plan, please see Proposal No. 6.

Benefits and Perquisites

Following the closing of the Merger, the combined company is expected to provide benefits to its named executive officers, including medical, dental, vision, life and AD&D, and short- and long-term disability insurance, flexible spending accounts, vacation, paid holidays, and participation in a 401(k) plan.

Compensation of Directors

The following table and accompanying narrative set forth information about the 2021 and 2022 compensation provided to certain of members of the Gryphon Board and the Akerna Board, all of whom will serve as a member of the board of directors of the combined company following the closing of the Merger. These individuals are as follows:

- Rob Chang (current member of the Gryphon Board)
- Brittany Kaiser (current member of the Gryphon Board)
- Jessica Billingsley (Chief Executive Officer of Akerna and Chairperson of the Akerna Board)

[Table of Contents](#)

Rob Chang is a Gryphon named executive officer who also served on the Gryphon Board of directors during 2022. The 2022 compensation information for Mr. Chang is presented in the Summary Compensation Table above and he was not entitled to any additional compensation for his service on the Gryphon Board during 2022. Jessica Billingsley is Chairperson of the Akerna Board and Akerna's Chief Executive Officer.

Name	Fees Earned (\$)	Stock Awards (\$)	Total (\$)
Rob Chang	—	—	—
Brittany Kaiser	200,000	—	200,000
Jessica Billingsley ⁽¹⁾	—	—	—

(1) At the end of 2022, Ms. Billingsley held no unvested equity awards.

Historically, Gryphon has not had a formal compensation policy for Gryphon's non-employee directors, and has instead entered into Director Agreements with its directors.

Director Agreement with Ms. Kaiser

Ms. Kaiser and Gryphon entered into a Director Agreement on May 12, 2021, pursuant to which she agreed to serve Gryphon as a member of the Gryphon Board upon the terms and conditions set forth in Director Agreement, subject to any necessary approval by Gryphon's stockholders after an initial one-year term on the Gryphon Board. The Director Agreement requires Ms. Kaiser to use her best efforts to promote the interests of Gryphon and to dedicate a minimum of 20 hours per week to Gryphon. Under the Director Agreement, Ms. Kaiser is entitled to a base fee of \$200,000 per year, which may not be reduced without the written consent of Ms. Kaiser. During the term of Director Agreement, Gryphon will reimburse Ms. Kaiser for all reasonable out-of-pocket expenses incurred by Ms. Kaiser, subject to certain pre-approval requirements. In connection with the entry into the Director Agreement, Achayot Partners LLC received 700,000 shares of Gryphon's common stock. Ms. Kaiser is the CEO and 50% owner of Achayot Partners LLC with Natalie Kaiser, the other 50% owner of Achayot Partners LLC. The term of the Director Agreement is the period commencing on the May 12, 2021 and terminating upon the earliest of (a) May 12, 2024; (b) the death of Ms. Kaiser; (c) the termination of Ms. Kaiser from her membership on the Gryphon Board by the mutual agreement of Gryphon and Ms. Kaiser; (d) the removal of Ms. Kaiser from the Gryphon Board by the majority stockholders of Gryphon or the stockholder who appointed Ms. Kaiser, as applicable; and (e) the resignation by Ms. Kaiser from the Gryphon Board. During her service as a member of the Gryphon Board and for a period of one year thereafter, Ms. Kaiser will not interfere with Gryphon's relationship with, or endeavor to entice away from Gryphon, any person who, on the date of the termination of Ms. Kaiser's service as a member of the Gryphon Board and/or at any time during the one year period prior to the termination of such service, was an employee or customer of Gryphon or otherwise had a material business relationship with Gryphon. Ms. Kaiser is also subject to a customary non-competition covenant in favor of Gryphon during her service as a member of the Gryphon Board and for a period of six months thereafter. Under the Director Agreement, Gryphon will indemnify Ms. Kaiser for her activities as a member of the Gryphon Board to the fullest extent permitted under applicable law and will use its best efforts to maintain Directors and Officers Insurance benefitting the Gryphon Board.

In connection with the closing of the Merger, the board of directors of the combined company is expected to adopt a new non-employee director compensation policy. The new policy will be designed to attract and retain high quality non-employee directors by providing competitive compensation and to align their interests with the interests of the combined company's stockholders through equity awards.

MATTERS BEING SUBMITTED TO A VOTE OF AKERNA STOCKHOLDERS

PROPOSAL NO. 1: MERGER

APPROVAL OF THE ISSUANCE OF COMMON STOCK IN THE MERGER AND THE CHANGE OF CONTROL RESULTING FROM THE MERGER

At the Akerna special meeting, Akerna stockholders will be asked to approve the issuance of Akerna Common Stock in the Merger. Immediately following the Merger, it is expected that the former Gryphon stockholders will own approximately 92.5% of the equity interests of the combined company on a fully diluted basis and the Akerna stockholders as of immediately prior to the Merger will own approximately 7.5% of the equity interests of the combined company on a fully diluted basis.

The terms of, reasons for, and other aspects of the Merger Agreement, the Merger and the issuance of Akerna Common Stock in the Merger are described in detail in the other sections in this proxy statement / prospectus. A copy of the Merger Agreement is attached as [Annex A](#) to this proxy statement / prospectus.

Under Nasdaq Listing Rule 5635(a)(1), a company listed on Nasdaq is required to obtain stockholder approval prior to the issuance of common stock, among other things, in connection with the acquisition of another company's stock, if the number of shares of common stock to be issued is in excess of 20% of the number of shares of common stock then outstanding.

The issuance of the shares of Akerna Common Stock in the Merger exceeds the 20% threshold under the Nasdaq Listing Rules and is expected to represent approximately 92.5% of the outstanding equity interests of the combined company on a fully diluted basis following the Merger. Accordingly, in order to ensure compliance with Nasdaq Listing Rule 5635(a)(1), Akerna must obtain the approval of Akerna stockholders for the issuance of these shares of Akerna Common Stock in the Merger.

Stockholders should review the disclosure in the prospectus/proxy statement under the headings "Transactions", "The Merger Agreement" and "Agreements Related to the Merger" for an additional information regarding the Merger, the Merger Agreement and related matters thereto.

The Merger is subject to certain risks. See "Risk Factors — Risks Related to the Merger".

Under Nasdaq Listing Rule 5635(b), a company listed on Nasdaq is required to obtain stockholder approval prior to an issuance of stock that will result in a "change of control" of the listed company. Nasdaq has determined that the Merger constitutes a "change of control" of Akerna. Accordingly, in order to ensure compliance with Nasdaq Listing Rule 5635(b), Akerna must obtain the approval of Akerna stockholders of the change of control resulting from the Merger.

Required Vote

The affirmative vote of a majority of the votes properly cast at the Akerna special meeting, whether present at the special meeting or represented by proxy at the special meeting, is required for approval the issuance of Akerna Common Stock in the Merger and the change of control of Akerna resulting from the Merger.

AKERNA BOARD UNANIMOUSLY RECOMMENDS A VOTE "FOR" THIS MERGER PROPOSAL TO APPROVE THE ISSUANCE OF AKERNA COMMON STOCK IN THE MERGER AND THE CHANGE OF CONTROL OF AKERNA RESULTING FROM THE MERGER.

Unless otherwise instructed, it is the intention of the persons named in the accompanying proxy card to vote shares represented by properly executed proxy cards "FOR" the approval of the issuance of Akerna Common Stock in the Merger and the change of control of Akerna resulting from the Merger.

Required Vote

The affirmative vote of the holders of a majority of the outstanding Akerna Common Stock and Series C Preferred Stock, voting as one class, having voting power on the record date for the Akerna special meeting is required to approve the sale of the Membership Interests and Capital Stock pursuant to the terms of the Purchase Agreement and the transactions contemplated thereby.

AKERNA BOARD UNANIMOUSLY RECOMMENDS A VOTE “FOR” THIS PROPOSAL NO. 2 AND THE TRANSACTIONS CONTEMPLATED BY THE PURCHASE AGREEMENT.

Unless otherwise instructed, it is the intention of the persons named in the accompanying proxy card to vote shares represented by properly executed proxy cards “FOR” the approval of the sale of the Membership Interests of MJ Freeway and the Capital Stock of Ample to MJ Acquisition, pursuant to the terms of the Purchase Agreement and the transactions contemplated thereby.

PROPOSAL NO. 3: AKERNA REVERSE STOCK SPLIT

APPROVAL OF THE AMENDMENT TO AMENDED AND RESTATED CERTIFICATE OF INCORPORATION AS AMENDED OF AKERNA TO EFFECT THE REVERSE STOCK SPLIT

General

At the Akerna special meeting, Akerna stockholders will be asked to approve a series of amendments to the restated certificate of incorporation of Akerna as amended that will implement the Akerna Reverse Stock Split, a reverse stock split of the issued and outstanding shares of Akerna Common Stock, at a reverse split ratio in the range of one (1) new share for every five (5) to twenty (20) shares outstanding (or any number in between), with the exact ratio and effective time of the reverse stock split of Akerna Common Stock to be determined by the Akerna Board, agreed to by Gryphon, and publicly announced by a press release. The effectiveness of any one of these amendments and the abandonment of the other amendments, or the abandonment of all of these amendments, will be determined by the Akerna Board in its discretion and subject to agreement by Gryphon in connection with the Merger. Upon the effectiveness of such amendment to the restated certificate of incorporation of Akerna as amended to effect the reverse stock split (the "Reverse Stock Split Effective Time"), the issued and outstanding shares of Akerna Common Stock immediately prior to the Reverse Stock Split Effective Time will be reclassified into a smaller number of shares such that an Akerna stockholder will own one new share of Akerna Common Stock for each five (5) to twenty (20) (or any number in between) shares of issued common stock held by such stockholder immediately prior to the Reverse Stock Split Effective Time, as specified.

The Akerna Board may determine to effect the Akerna Reverse Stock Split, if it is approved by the stockholders, even if the other proposals to be acted upon at the meeting are not approved, including the issuance of Akerna Common Stock pursuant to the Merger Agreement.

By approving this Reverse Stock Split Proposal, Akerna stockholders will: (a) approve a series of alternate amendments to the amended and restated certificate of incorporation of Akerna pursuant to which any whole number of issued and outstanding shares of Akerna Common Stock between and including five (5) to twenty (20) and could be combined and reclassified into one share of Akerna Common Stock; and (b) authorize the Akerna Board to file only one such amendment, as determined by the Akerna Board in its sole discretion, and to abandon each amendment not selected by the Akerna Board. Should Akerna receive the required stockholder approval for this Reverse Stock Split Proposal, and following such stockholder approval, the Akerna Board, subject to agreement by Gryphon, determines that effecting the reverse stock split is in the best interests of Akerna and its stockholders, the Akerna Reverse Stock Split will become effective as specified in the amendment filed with the Secretary of State of the State of Delaware. The amendment filed thereby will contain the number of shares selected by the Akerna Board within the limits set forth in this Reverse Stock Split Proposal to be combined and reclassified into one share of Akerna Common Stock. Accordingly, at the Reverse Stock Split Effective Time, every five (5) to twenty (20) shares (or any number in between) of Akerna Common Stock outstanding immediately prior to the Reverse Stock Split Effective Time will be combined and reclassified into one share of Akerna Common Stock.

The proposed form of certificate of amendment to the amended and restated certificate of incorporation of Akerna to effect the Akerna Reverse Stock Split, as more fully described below, will effect the Akerna Reverse Stock Split but **will not** change the number of authorized shares of Akerna Common Stock or Akerna's preferred stock, par value \$0.0001 (the "Akerna Preferred Stock"), or the par value of Akerna Common Stock or Akerna Preferred Stock.

A copy of the proposed form of certificate of amendment to the restated certificate of incorporation of Akerna as amended to effect the reverse stock split is attached as *Annex C* to this proxy statement / prospectus.

Notwithstanding approval of this Reverse Stock Split Proposal by Akerna stockholders, the Akerna Board may, in its sole discretion, abandon the proposed amendments and determine prior to the effectiveness of any filing with the Secretary of State of the State of Delaware not to effect the reverse stock split, as permitted under Section 242(c) of the DGCL.

Purpose

The Akerna Board approved the proposal approving the amendment to the Akerna restated certificate of incorporation as amended effecting the Akerna Reverse Stock Split for the following reasons:

- the Akerna Board believes effecting the reverse stock split will result in an increase in the minimum bid price of Akerna Common Stock and reduce the risk of a delisting of Akerna Common Stock from Nasdaq in the future; and
- in order for Nasdaq to approve the continued listing of the common stock of the combined company on The Nasdaq Capital Market following the completion of the Merger, the combined company will need to meet the initial listing standards for The Nasdaq Capital Market. One of the initial listing standards is a minimum trading price of \$4.00 per share. Given the recent trading price of the Akerna Common Stock, Gryphon and Akerna anticipate that the Akerna Reverse Stock Split will be required in order to meet this standard.

Nasdaq Requirements for Listing on Nasdaq

Akerna Common Stock is listed on The Nasdaq Capital Market under the symbol “KERN.” Akerna will file an initial listing application pursuant to the terms of the Merger Agreement for the combined company with Nasdaq.

According to the Nasdaq rules, an issuer must, in a case such as this, apply for initial inclusion following a transaction whereby the issuer combines with a non-Nasdaq entity, resulting in a change of control of the issuer and potentially allowing the non-Nasdaq entity to obtain a Nasdaq listing. Accordingly, the listing standards of Nasdaq will require Akerna to have, among other things, a \$4.00 per share minimum bid price for a certain number of trading days preceding the closing of the Merger. Therefore, the Akerna Reverse Stock Split may be necessary in order to consummate the Merger.

In addition, it is a condition to the closing of the Merger that the shares of Akerna Common Stock to be issued in the Merger pursuant to the Merger Agreement have been approved for listing on Nasdaq, and that the Akerna Common Stock remain continuously listed on Nasdaq through the completion of the Merger.

One of the effects of the Akerna Reverse Stock Split will be to effectively increase the proportion of authorized shares which are unissued relative to those which are issued. This could result in the combined company’s management being able to issue more shares without further stockholder approval. The Akerna Reverse Stock Split will not affect the number of authorized shares of Akerna capital stock that will continue to be authorized pursuant to the restated certificate of incorporation of Akerna, as amended.

There are risks associated with the Akerna Reverse Stock Split, including that the Akerna Reverse Stock Split may not result in an increase in the per share price of Akerna Common Stock.

Akerna cannot predict whether the Akerna Reverse Stock Split will increase the market price for Akerna Common Stock. The history of similar stock split combinations for companies in like circumstances is varied. There is no assurance that:

- the market price per share of Akerna Common Stock after the Akerna Reverse Stock Split will rise in proportion to the reduction in the number of shares of Akerna Common Stock outstanding before the Akerna Reverse Stock Split;
- the Akerna Reverse Stock Split will result in a per share price that will attract brokers and investors who do not trade in lower-priced stocks;
- the Akerna Reverse Stock Split will result in a per share price that will increase the ability of the combined company to attract and retain employees;
- the market price per share will either exceed or remain in excess of the \$1.00 minimum bid price as required by Nasdaq for continued listing; or
- the market price per share will achieve and maintain the \$4.00 minimum bid price requirement for a sufficient period for the combined company’s common stock to be approved for listing by Nasdaq.

[Table of Contents](#)

The market price of Akerna Common Stock will also be based on the performance of Akerna, and after the Merger, on the performance of the combined company, and other factors, some of which are unrelated to the number of shares outstanding. If the Akerna Reverse Stock Split is effected and the market price of Akerna Common Stock declines, the percentage decline as an absolute number and as a percentage of the overall market capitalization of Akerna may be greater than would occur in the absence of a reverse stock split. Furthermore, the liquidity of Akerna Common Stock could be adversely affected by the reduced number of shares that would be outstanding after the Akerna Reverse Stock Split.

Principal Effects of the Reverse Stock Split

The reverse stock split will be realized simultaneously for all shares of Akerna Common Stock and options to purchase shares of Akerna Common Stock outstanding immediately prior to the Reverse Stock Split Effective Time. The Akerna Reverse Stock Split will affect all holders of shares of Akerna Common Stock outstanding immediately prior to the Reverse Stock Split Effective Time uniformly and each such stockholder will hold the same percentage of Akerna Common Stock outstanding immediately following the Akerna Reverse Stock Split as that stockholder held immediately prior to the Akerna Reverse Stock Split, except for immaterial adjustments that may result from the treatment of fractional shares as described below. The Akerna Reverse Stock Split will not change the par value of Akerna Common Stock or Akerna Preferred Stock and will not reduce the number of authorized shares of Akerna Common Stock or Akerna Preferred Stock. Akerna Common Stock issued pursuant to the Akerna Reverse Stock Split will remain fully paid and non-assessable. The Akerna Reverse Stock Split will not affect Akerna continuing to be subject to the periodic reporting requirements of the Exchange Act.

The table below shows, as of June 23, 2023 and assuming the approval of the Akerna Authorized Share Increase, the number of Akerna shares outstanding prior to the reverse stock split and the number of outstanding shares of Akerna Common Stock that would result from a (a) 1-for-5 ratio, (b) 1-for-8 ratio, (c) 1-for-12 ratio, (d) 1-for-16 ratio and (e) 1-for-20 ratio, in each case without giving effect to the treatment of fractional shares:

Reverse Stock Split Ratio	Number of Shares Authorized⁽¹⁾	Approximate Number of Shares Issued and Outstanding⁽²⁾	Percentage of Authorized Common Stock	Number of Shares Reserved For Issuance
Current shares	300,000,000	7,802,018	5.2%	20,816,215
1-for-5	300,000,000	1,506,404	1.0%	4,163,243
1-for-8	300,000,000	975,253	0.7%	2,602,027
1-for-12	300,000,000	650,169	0.4%	1,734,685

Procedure for Effecting Reverse Stock Split and Exchange of Stock Certificates

If the Akerna stockholders approve the amendment to the Akerna amended and restated certificate of incorporation as amended effecting the Akerna Reverse Stock Split, and if the Akerna Board still believes that a reverse stock split is in the best interests of Akerna and its stockholders, Akerna will file the amendment to the restated certificate of incorporation as amended with the Secretary of State of the State of Delaware at such time as the Akerna Board has determined to be the appropriate Reverse Stock Split Effective Time. The Akerna Board may delay effecting the Akerna Reverse Stock Split without resoliciting stockholder approval. Beginning at the Reverse Stock Split Effective Time, each stock certificate representing pre-split shares will be deemed for all corporate purposes to evidence ownership of post-split shares.

As soon as practicable after the Reverse Stock Split Effective Time, stockholders will be notified that the Akerna Reverse Stock Split has been effected. Akerna expects that the Akerna transfer agent will act as exchange agent for purposes of implementing the exchange of stock certificates. Holders of pre-split shares will be asked to surrender to the exchange agent stock certificates representing pre-split shares in exchange for stock certificates (or book-entry

positions) representing post-split shares in accordance with the procedures to be set forth in a letter of transmittal to be sent by Akerna. No new certificates (or book-entry positions) will be issued to a stockholder until such stockholder has surrendered such stockholder's outstanding certificate(s) together with the properly completed and executed letter of transmittal to the exchange agent. Shares held in book-entry form will be automatically exchanged. Any pre-split shares submitted for transfer, whether pursuant to a sale or other disposition, or otherwise, will automatically be exchanged for post-split shares. **Stockholders should not destroy any stock certificate(s) and should not submit any certificate(s) unless and until requested to do so.**

Fractional Shares

No fractional shares will be issued in connection with the Akerna Reverse Stock Split. Stockholders of record who otherwise would be entitled to receive fractional shares because they hold a number of pre-split shares not evenly divisible by the number of pre-split shares for which each post-split share is to be reclassified, will be entitled, upon surrender to the exchange agent of certificates representing such shares, to have their fractional share rounded up the nearest whole number share.

Potential Anti-Takeover Effect

Although the increased proportion of unissued authorized shares to issued shares could, under certain circumstances, have an anti-takeover effect, for example, by permitting issuances that would dilute the stock ownership of a person seeking to effect a change in the composition of the Akerna Board or contemplating a tender offer or other transaction for the combination of Akerna with another company, the Akerna Reverse Stock Split is not being proposed in response to any effort of which Akerna is aware to accumulate shares of Akerna Common Stock or obtain control of Akerna, other than in connection with the Merger, nor is it part of a plan by management to recommend a series of similar amendments to the Akerna Board and stockholders. Other than the proposals being submitted to the Akerna stockholders for their consideration at the Akerna special meeting, the Akerna Board does not currently contemplate recommending the adoption of any other actions that could be construed to affect the ability of third parties to take over or change control of Akerna. For more information, please see the section titled "*Risk Factors — Risks Related to the Combined Company*" beginning on page 70.

Material U.S. Federal Income Tax Consequences of the Reverse Stock Split

The following is a discussion of certain material U.S. federal income tax consequences of the Akerna Reverse Stock Split that are applicable to U.S. Holders (as defined below) of Akerna Common Stock. This discussion does not purport to be a complete analysis of all potential tax consequences and is based upon current provisions of the Code, existing Treasury Regulations, judicial decisions and published rulings and administrative pronouncements of the IRS, all in effect as of the date hereof and all of which are subject to differing interpretations or change. Any such change or differing interpretation, which may be retroactive, could alter the tax consequences to holders of Akerna Common Stock as described in this summary.

This discussion does not address all U.S. federal income tax consequences relevant to holders of Akerna Common Stock. In addition, it does not address consequences relevant to holders of Akerna Common Stock that are subject to particular U.S. or non-U.S. tax rules, including, without limitation, to holders of Akerna Common Stock that are:

- persons who do not hold their Akerna Common Stock as a "capital asset" within the meaning of Section 1221 of the Code;
- brokers, dealers or traders in securities, banks, insurance companies, other financial institutions or mutual funds;
- real estate investment trusts; regulated investment companies; tax-exempt organizations or governmental organizations;
- pass-through entities such as partnerships, S corporations, disregarded entities for federal income tax purposes and limited liability companies (and investors therein);
- subject to the alternative minimum tax provisions of the Code;

[Table of Contents](#)

- persons who hold their shares as part of a hedge, wash sale, synthetic security, conversion transaction or other integrated transaction;
- persons that have a functional currency other than the U.S. dollar;
- traders in securities who elect to apply a mark-to-market method of accounting;
- persons who hold shares of Akerna Common Stock that may constitute “qualified small business stock” under Section 1202 of the Code or as “Section 1244 stock” for purposes of Section 1244 of the Code;
- persons who acquired their shares of Akerna stock in a transaction subject to the gain rollover provisions of Section 1045 of the Code;
- persons subject to special tax accounting rules as a result of any item of gross income with respect to Akerna stock being taken into account in an “applicable financial statement” (as defined in the Code);
- persons deemed to sell Akerna Common Stock under the constructive sale provisions of the Code;
- persons who acquired their shares of Akerna Common Stock pursuant to the exercise of options or otherwise as compensation or through a tax-qualified retirement plan or through the exercise of a warrant or conversion rights under convertible instruments; and
- certain expatriates or former citizens or long-term residents of the United States.

Holders of Akerna Common Stock subject to particular U.S. or non-U.S. tax rules, including those that are described in this paragraph, are urged to consult their own tax advisors regarding the consequences to them of the Akerna Reverse Stock Split.

If an entity that is treated as a partnership for U.S. federal income tax purposes holds Akerna Common Stock, the U.S. federal income tax treatment of a partner in the partnership or other pass-through entity will generally depend upon the status of the partner, the activities of the partnership or other pass-through entity and certain determinations made at the partner level. If you are a partner of a partnership or other pass-through entity holding Akerna Common Stock, you should consult your tax advisors regarding the tax consequences of the Akerna Reverse Stock Split.

In addition, the following discussion does not address the tax consequences of the Akerna Reverse Stock Split under state, local and foreign tax laws. Furthermore, the following discussion does not address any tax consequences of transactions effectuated before, after or at the same time as the Akerna Reverse Stock Split, whether or not they are in connection with the Akerna Reverse Stock Split.

STOCKHOLDERS SHOULD CONSULT THEIR TAX ADVISORS WITH RESPECT TO THE APPLICATION OF THE U.S. FEDERAL INCOME TAX LAWS TO THEIR PARTICULAR SITUATIONS, AS WELL AS ANY TAX CONSEQUENCES OF THE AKERNA REVERSE STOCK SPLIT ARISING UNDER THE U.S. FEDERAL ESTATE OR GIFT TAX LAWS OR UNDER THE LAWS OF ANY STATE, LOCAL OR NON -U.S. TAXING JURISDICTION OR UNDER ANY APPLICABLE INCOME TAX TREATY.

This discussion is limited to holders of Akerna Common Stock that are U.S. Holders. For purposes of this discussion, a “U.S. Holder” is a beneficial owner of Akerna Common Stock that, for U.S. federal income tax purposes, is or is treated as:

- an individual who is a citizen or resident of the United States;
- a corporation or any other entity taxable as a corporation created or organized in or under the laws of the United States, any state thereof, or the District of Columbia;
- an estate, the income of which is subject to U.S. federal income tax regardless of its source; or
- a trust if either (i) a court within the United States is able to exercise primary supervision over the administration of such trust, and one or more United States persons (within the meaning of Section 7701(a)(30) of the Code) is authorized or has the authority to control all substantial decisions of such trust, or (ii) the trust was in existence on August 20, 1996, and has a valid election in effect under applicable Treasury Regulations to be treated as a United States person for U.S. federal income tax purposes.

Tax Consequences of the Akerna Reverse Stock Split

The proposed Akerna Reverse Stock Split should constitute a “recapitalization” for U.S. federal income tax purposes pursuant to Section 368(a)(1)(E) of the Code. As a result, a U.S. Holder generally should not recognize gain or loss upon the proposed reverse stock split. A U.S. Holder’s aggregate adjusted tax basis in the shares of Akerna Common Stock received pursuant to the proposed Akerna Reverse Stock Split should equal the aggregate adjusted tax basis of the shares of the Akerna Common Stock surrendered (excluding any portion of such basis that is allocated to any fractional share of Akerna Common Stock), and such U.S. Holder’s holding period in the shares of Akerna Common Stock received should include the holding period in the shares of Akerna Common Stock surrendered. U.S. Treasury Regulations provide detailed rules for allocating the tax basis and holding period of the shares of Akerna Common Stock surrendered to the shares of Akerna Common Stock received in a recapitalization pursuant to the proposed Akerna Reverse Stock Split. U.S. Holders of shares of Akerna Common Stock acquired on different dates and at different prices should consult their tax advisors regarding the allocation of the tax basis and holding period of such shares.

Required Vote

The affirmative vote of the holders of a majority of the outstanding Akerna Common Stock and Series C Preferred Stock, voting as one class, having voting power on the record date for the Akerna special meeting is required to approve the amendment of our amended and restated certificate of incorporation to effect the Akerna Reverse Stock Split. Failures to vote, abstentions and broker “non-votes”, if any, will be the equivalent of a vote AGAINST this proposal.

AKERNA BOARD UNANIMOUSLY RECOMMENDS A VOTE “FOR” PROPOSAL NO. 3 TO APPROVE THE AMENDMENT TO THE AMENDED AND RESTATED CERTIFICATE OF INCORPORATION OF AKERNA AS AMENDED TO EFFECT THE AKERNA REVERSE STOCK SPLIT.

Unless otherwise instructed, it is the intention of the persons named in the accompanying proxy card to vote shares represented by properly executed proxy cards “FOR” the approval of the amendment to the amended and restated certificate of incorporation of Akerna as amended to effect the Akerna Reverse Stock Split.

PROPOSAL NO. 4: AKERNA AUTHORIZED SHARE INCREASE

APPROVAL OF THE AMENDMENT TO AMENDED AND RESTATED CERTIFICATE OF INCORPORATION AS AMENDED OF AKERNA TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF AKERNA

At the Akerna special meeting, Akerna stockholders will be asked to approve an amendment to the amended and restated certificate of incorporation, as amended, of Akerna to effect the Akerna Authorized Share Increase, which will increase the number of authorized shares of Akerna Common Stock from 150,000,000 to 300,000,000, in the form attached as Annex D to the accompanying proxy statement/prospectus.

Increase of Authorized Shares

The certificate of incorporation amendment also amends the amended and restated certificate of incorporation to increase the number of authorized shares of Akerna Common Stock. Approval by Akerna's stockholders of the increase in the number of authorized shares of Akerna Common Stock is a condition to completion of the Merger.

Reasons for Increase in Authorized Shares

The Akerna Authorized Share Increase will provide the combined company with the ability to raise funds through the sale of equity securities of the combined company in the future. The Akerna Authorized Share Increase will also enable the combined company to issue equity awards and attract qualified officers, directors and employees.

Procedure for Effecting the Certificate of Incorporation Amendment

If the Akerna stockholders approve the amendment to the Akerna amended and restated certificate of incorporation to effect the Akerna Authorized Share Increase, and if the Akerna Board still believes that an increase in the number of authorized shares is in the best interests of Akerna and its stockholders, Akerna will file the amendment to the amended and restated certificate of incorporation as amended with the Secretary of State of the State of Delaware at such time as the Akerna Board has determined to be the appropriate time. The Akerna Board may delay effecting the Authorized Shares Proposal without resoliciting stockholder approval.

As soon as practicable after the certificate of incorporation amendment effective time, stockholders will be notified that the certificate of incorporation amendment has been effected.

Dilution

The issuance of additional shares of Akerna common stock will decrease the relative percentage of equity ownership of Akerna's existing stockholders, thereby diluting their voting power. Currently, there are 150,000,000 shares of common stock authorized for issuance with 7,802,018 shares of common stock issued and outstanding, warrants exercisable to acquire 2,573,299 shares of common stock, and restricted stock units which vest and settle for 9,347 shares of common stock, 12,611 shares issuable upon redemption of Akerna exchangeable shares and the Akerna Notes which we estimate will be exchanged into shares of Series C Preferred Stock exchangeable into 3,119,247 shares of Akerna Common Stock and the remaining Akerna Notes convertible for approximately 15,101,711 shares of Akerna Common Stock (based on approximately \$6.24 million outstanding principal amount after the exchange of a portion thereof into Series C Preferred Stock, 121% repayment premium and a conversion price of \$0.50, which is the current conversion price for the Akerna Notes) for an aggregate total of approximately 28,618,235 shares of Akerna Common Stock on a fully diluted basis immediately prior to the closing of the Merger. Assuming a Reverse Stock Split ratio of 5 to 1 in the Akerna Reverse Stock, this would result in approximately 5,723,647 shares of common stock outstanding on a fully diluted basis immediately prior to closing of the Merger and would result in the issuance of approximately 69,523,674 shares to Gryphon's stockholders as Merger Consideration for an aggregate total of approximately 76,315,288 shares of common stock outstanding and leaving 73,684,712 shares of common stock available for issuance. To ensure that the combined company has adequate authorized share capital the Akerna Board is asking stockholders to increase the number of authorized shares of common stock from 150,000,000 to 300,000,000.

Akerna stockholders will be diluted at the Effective Time, when the Merger Consideration will be issued to the Gryphon shareholders, which will result in the current Akerna stockholders holding approximately 7.5% of the issued and outstanding equity interests of the combined company on a fully diluted basis.

Potential Anti-Takeover Effect

There will be substantially more shares of Akerna Common Stock authorized than are needed to effect the issuance of the Merger Consideration pursuant to the Merger Agreement. Although this proposal is not motivated by antitakeover concerns and is not considered by the Akerna Board to be an anti-takeover measure, the availability of additional authorized shares of Akerna Common Stock could be utilized as such or otherwise have the effect of delaying or preventing a change of control of the combined company. Following the completion of the Merger, the combined company could issue some or all of the newly authorized shares of common stock, which would make more difficult or discourage an attempt to obtain control of the combined company by means of a merger, tender offer, proxy contest, or other means.

Required Vote

The affirmative vote of the holders of a majority of the outstanding Akerna Common Stock and Series C Preferred Stock, voting as one class, having voting power on the record date for the Akerna special meeting is required to approve the amendment of our amended and restated certificate of incorporation to effect the Akerna Authorized Share Increase. The affirmative vote of the holders of a majority of the outstanding Akerna Common Stock, voting as a separate class, having voting power on the record date for the Akerna special meeting is required to approve the amendment of our amended and restated certificate of incorporation to effect the Akerna Authorized Share Increase. Failures to vote, abstentions and broker “non-votes”, if any, will be the equivalent of a vote AGAINST this proposal.

AKERNA BOARD UNANIMOUSLY RECOMMENDS A VOTE “FOR” PROPOSAL NO. 4 TO APPROVE THE AMENDMENT TO THE AMENDED AND RESTATED CERTIFICATE OF INCORPORATION OF AKERNA AS AMENDED TO EFFECT THE AKERNA AUTHORIZED SHARE INCREASE.

Unless otherwise instructed, it is the intention of the persons named in the accompanying proxy card to vote shares represented by properly executed proxy cards “FOR” the approval of the amendment to the amended and restated certificate of incorporation of Akerna as amended to effect the Akerna Authorized Share Increase.

PROPOSAL NO. 5: AKERNA NAME CHANGE

APPROVAL OF THE AMENDMENT TO AMENDED AND RESTATED CERTIFICATE OF INCORPORATION AS AMENDED OF AKERNA TO CHANGE THE CORPORATE NAME FROM AKERNA CORP. TO “GRYPHON DIGITAL MINING, INC.”

At the Akerna special meeting, Akerna stockholders will be asked to approve an amendment to the amended and restated certificate of incorporation, as amended, of Akerna to change the corporate name of Akerna to “Gryphon Digital Mining, Inc.” in the form attached as Annex E to this proxy statement/prospectus, each pursuant to the Merger Agreement.

Corporate Name Change

The certificate of incorporation amendment also amends the amended and restated certificate of incorporation as amended to change the corporate name of Akerna to “Gryphon Digital Mining, Inc.” Approval by Akerna’s stockholders of the corporate name change is a condition to completion of the Merger.

Following consummation of the Merger and the Sale Transaction, the Gryphon’s business will be the business of the combined company. The corporate name change, if approved by Akerna’s stockholders, would have the effect of changing Akerna’s legal name.

Procedure for Effecting the Certificate of Incorporation Amendment

If the Akerna stockholders approve the amendment to the Akerna amended and restated certificate of incorporation as amended effecting the corporate name change, and if the Akerna Board still believes that a corporate name change is in the best interests of Akerna and its stockholders, Akerna will file the amendment to the amended and restated certificate of incorporation as amended with the Secretary of State of the State of Delaware at such time as the Akerna Board has determined to be the appropriate time. The Akerna Board may delay effecting the Name Change Proposal without resoliciting stockholder approval.

As soon as practicable after the certificate of incorporation amendment effective time, stockholders will be notified that the certificate of incorporation amendment has been effected.

Required Vote

The affirmative vote of the holders of a majority of the outstanding Akerna Common Stock and Series C Preferred Stock, voting as one class, having voting power on the record date for the Akerna special meeting is required to approve the amendment of our amended and restated certificate of incorporation to effect the Akerna Name Change. Failures to vote, abstentions and broker “non-votes”, if any, will be the equivalent of a vote AGAINST this proposal.

AKERNA BOARD UNANIMOUSLY RECOMMENDS A VOTE “FOR” THIS PROPOSAL NO. 5 TO CHANGE THE CORPORATE NAME FROM AKERNA CORP. TO “GRYPHON DIGITAL MINING, INC.”

Unless otherwise instructed, it is the intention of the persons named in the accompanying proxy card to vote shares represented by properly executed proxy cards “FOR” the approval of the amendment to the amended and restated certificate of incorporation of Akerna as amended to change the corporate name of Akerna to “Gryphon Digital Mining, Inc.”.

PROPOSAL NO. 6: 2023 PLAN

APPROVAL OF THE 2023 PLAN

In this Proposal No. 6, Akerna is asking its stockholders to approve the Akerna 2023 Omnibus Incentive Plan (the “2023 Plan”). If the 2023 Plan is approved by Akerna’s stockholders, the 2023 Plan will become effective on the closing date of the Merger. If the 2023 Plan is not approved by Akerna’s stockholders, it will not become effective and no stock awards will be granted thereunder. The 2023 Plan is described in more detail below. This summary is qualified in its entirety by reference to the complete text of the 2023 Plan, a copy of which is attached hereto as [Annex F](#).

The 2023 Plan is intended to replace the Akerna Corp. 2019 Long Term Incentive Plan (the “2019 Plan”). If the 2023 Plan becomes effective, then no additional stock awards will be granted under the 2019 Plan as in effect immediately prior to the closing date of the Merger, although all outstanding stock awards granted under the 2019 Plan as in effect immediately prior to the closing date of the Merger will remain outstanding. All outstanding stock awards granted under the existing Akerna stock incentive plans will be accelerated in accordance with their terms.

Reasons to Approve the 2023 Plan

The purpose of the 2023 Plan is to enhance the ability of the combined company to attract, retain and incentivize employees, independent contractors and directors and promote the success of its business. Equity compensation will be a vital element of the combined company’s compensation program and the ability to grant stock awards at competitive levels is in the best interest of the combined company and its shareholders.

Approval of the 2023 Plan by Akerna’s stockholders is required, among other things, in order to comply with stock exchange rules requiring stockholder approval of equity compensation plans and allow the grant of incentive stock options under the 2023 Plan. If the 2023 Plan is approved by Akerna’s stockholders, the 2023 Plan will become effective as of the closing of the Merger and the combined company will register the necessary shares of its common stock on a Registration Statement on Form S-8. The approval of the 2023 Plan is a condition to the closing of the Merger.

Description of the 2023 Plan

Set forth below is a summary of the material features of the 2023 Plan. The 2023 Plan is set forth in its entirety as [Annex F](#) to this proxy statement/prospectus, and all descriptions of the 2023 Plan contained in this Proposal No. 6 are qualified by reference to [Annex F](#).

The 2023 Plan provides for the following grants: (a) incentive stock options (within the meaning of Section 422 of the Internal Revenue Code of 1986 (the “Code”)) (“ISO” or “ISOs”); (b) nonstatutory stock options (i.e., options other than ISOs) (“NSO” or “NSOs”), (c) stock appreciation rights (“SAR” or “SARs”), (d) restricted stock grants, (e) restricted stock unit grants (“RSU” or “RSUs”), (f) performance grants, and (g) other grants based in whole or in part by reference to shares that are granted pursuant to the terms and conditions of the 2023 Plan.

Subject to any Capitalization Adjustment (as defined and described below) and the automatic increase (as described later in this paragraph), and any other applicable provisions in the 2023 Plan, the total number of shares reserved and available for issuance pursuant to the 2023 Plan is _____ shares (the “Share Reserve”). The Share Reserve will automatically increase on January 1st of each year, for a period of not more than ten years, commencing on January 1, 2023 and ending on (and including) January 1, 2032 by the lesser of (a) _____ % of the total number of the shares of Common Stock outstanding on December 31st of the immediately preceding calendar year, and (b) such number of shares determined by the Akerna Board.

Following the effective date of the 2023 Plan (the “Plan Effective Date”), any shares subject to an outstanding grant or any portion thereof granted under the 2023 Plan will be returned to the Share Reserve and will be available for issuance in connection with subsequent grants under the 2023 Plan to the extent such shares: (a) are cancelled, forfeited, or settled in cash; (b) are used to pay the exercise price of such outstanding grant or any Tax-Related Items (as defined below) arising in connection with vesting, exercise or settlement of such outstanding grant; (c) are surrendered pursuant to an Exchange Program (as defined below); (d) expire by their terms at any time; or (e) are reacquired by

[Table of Contents](#)

the Company pursuant to a forfeiture provision or repurchase right by the Company (collectively, “Returning Shares”). Shares subject to Substitute Grants (as defined below) will not be deducted from the Share Reserve and may not be returned to the Share Reserve as Returning Shares.

Subject to the provisions relating to Capitalization Adjustments described below, the maximum number of shares that may be issued pursuant to the exercise of ISOs is _____ shares (the “Incentive Stock Option Limit”).

If, after the Plan Effective Date, the number of outstanding shares is changed or the value of the shares is otherwise affected by a stock dividend, extraordinary dividend or distribution (whether in cash, shares or other property, other than a regular cash dividend) recapitalization, stock split, reverse stock split, subdivision, combination, consolidation, reclassification, spin-off or similar change in the capital structure of the Company or any similar equity restructuring transaction, as that term is used in Statement of Financial Accounting Standards Board Accounting Standards Codification Topic 718 (or any successor thereto), without consideration (a “Capitalization Adjustment”), then (a) the maximum number and class of shares or type of security reserved for issuance and future grant from the Share Reserve, (b) the exercise price, purchase price, and number and class of shares or type of security subject to outstanding grants, and (c) the number and class of shares subject to the Incentive Stock Option Limit, will be proportionately adjusted, subject to any required action by the Akerna Board or the stockholders of the Company and in compliance with applicable laws; provided that fractions of a share will not be issued.

The shares issuable under the 2023 Plan will be authorized but unissued or forfeited shares, treasury shares or shares reacquired by the Company in any manner.

Incentive stock options may be granted only to employees of the Company, and its parent and any subsidiary entities (to the extent permitted under Section 422 of the Code). All other grants may be granted to employees, consultants and directors, provided such consultants and directors render bona fide services not in connection with the offer and sale of securities in a capital-raising transaction.

The maximum number of shares subject to grants (and of cash subject to cash-settled grants) granted under the 2023 Plan or otherwise during any one calendar year to any non-employee director for service on the Akerna Board, taken together with any cash fees paid by the Company to such non-employee director during such calendar year for service on the Akerna Board, will not exceed \$1,000,000 in total value (calculating the value of any such grants based on the grant date fair value of such grants for financial reporting purposes).

Each option or SAR will be in such form and will contain such terms and conditions as the plan administrator deems appropriate. Each SAR will be denominated in share equivalents. The provisions of separate options or SARs need not be identical.

Options and SARs may be exercisable within the times or upon the events determined by the plan administrator and as set forth in the grant agreement governing such grant. No option or SAR will be exercisable after the expiration of ten (10) years from the date the option or SAR is granted, or such shorter period specified in the grant agreement. In addition, in the case of an ISO granted to a person who, at the time the ISO is granted, directly or by attribution owns more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or of any parent or subsidiary (“Ten Percent Holder”), such option may not be exercisable after the expiration of five (5) years from the date the ISO is granted.

The exercise price of an option or SAR will be such price as is determined by the plan administrator and set forth in the grant agreement; provided that (a) in the case of an ISO (i) granted to a Ten Percent Holder, the exercise price will be no less than one hundred ten percent (110%) of the fair market value (as defined in the 2023 Plan) on the date of grant and (ii) granted to any other employee, the exercise price will be no less than one hundred percent (100%) of the fair market value on the date of grant, and (b) in the case of an NSO or SAR, the exercise price will be such price as is determined by the plan administrator. Notwithstanding the foregoing, an option or SAR that is a Substitute Grant may be granted with an exercise price lower than one hundred percent (100%) of the fair market value.

Upon exercise of a SAR, a grantee will be entitled to receive payment from the Company in an amount determined by multiplying (a) the difference between the fair market value of a share on the date of exercise over the exercise price, by (b) the number of shares with respect to which the SAR is exercised. At the discretion of the plan administrator, the payment from the Company for the SAR exercise may be in cash, in shares of equivalent value, or in some combination thereof.

[Table of Contents](#)

Unless explicitly provided otherwise in a grantee's grant agreement, if a grantee's continuous service status (as defined in the 2023 Plan) is terminated, the grantee (or his or her legal representative, in the case of death) may exercise his or her option or SAR (to the extent such grant was exercisable on the termination date) within the following period of time following the termination of the grantee's continuous service status: (a) three (3) months following a termination of a grantee's continuous service status by the Company or any parent or subsidiary without cause (as defined in the 2023 Plan) or by the grantee for any reason (other than due to death or disability (as disability is defined in the Plan)); (b) six (6) months following a termination due to the grantee's disability; (c) twelve (12) months following a termination due to the grantee's death; and (d) twelve (12) months following the grantee's death, if such death occurs following the date of such termination but during the period such grant is otherwise exercisable (as provided in clauses (a) or (b) above).

Except as otherwise provided in the grant agreement, if a grantee's continuous service status is terminated by the Company or any parent or subsidiary for cause, the grantee's options or SARs will terminate and be forfeited immediately upon such grantee's termination of continuous service status, and the grantee will be prohibited from exercising any portion (including any vested portion) of such grants on and after the date of such termination of continuous service status.

To the extent that the aggregate fair market value of shares with respect to which options designated as ISOs are exercisable for the first time by any grantee during any calendar year (under all plans of the Company or any parent or subsidiary of the Company) exceeds One Hundred Thousand Dollars (\$100,000), such excess options will be treated as NSOs. For this purpose, ISOs will be taken into account in the order in which they were granted, and the fair market value of the shares subject to an ISO will be determined as of the date of the grant of such option.

Without stockholder approval, the plan administrator may modify, extend or renew outstanding options or SARs, and authorize the grant of new options or SARs in substitution thereof, including in connection with an Exchange Program. Any such action may not, without the written consent of a grantee, materially impair any of such grantee's rights under any grant previously granted, except that the plan administrator may reduce the exercise price of an outstanding option or SAR without the consent of a grantee by a written notice (notwithstanding any adverse tax consequences to the grantee arising from the repricing); provided, however, that the exercise price may not be reduced below the fair market value on the date the action is taken to reduce the exercise price.

A restricted stock grant is an offer by the Company to sell or issue (with no payment required, unless explicitly provided otherwise in a grantee's grant agreement) shares to a grantee that are subject to certain specified restrictions. Each restricted stock grant will be in such form and will contain such terms and conditions as the plan administrator will deem appropriate. The terms and conditions of restricted stock grants may change from time to time, and the terms and conditions of separate grant agreements need not be identical.

The purchase price for shares issued pursuant to a restricted stock grant, if any, will be determined by the plan administrator on the date the restricted stock grant is granted and, if permitted by applicable law, no cash consideration will be required in connection with the payment for the purchase price where the plan administrator provides that payment will be in the form of services previously rendered.

Grantees holding restricted stock grants will be entitled to receive all dividends and other distributions paid with respect to such shares, unless the plan administrator provides otherwise at the time the grant is granted. If any such dividends or distributions are paid in shares, the shares will be subject to the same restrictions on transferability and forfeitability as the restricted stock grants with respect to which they were paid.

An RSU grant is a grant covering a number of shares that may be settled in cash, or by issuance of those shares at a date in the future. Each RSU grant will be in such form and will contain such terms and conditions as the plan administrator will deem appropriate. The terms and conditions of RSU grants may change from time to time, and the terms and conditions of separate grant agreements need not be identical. Unless otherwise determined by the plan administrator, no purchase price will apply to an RSU settled in shares. Payment of vested RSUs will be made as soon as practicable after the date(s) determined by the plan administrator and set forth in the grant agreement. The plan administrator, in its sole discretion, may settle vested RSUs in cash, shares, or a combination of both.

The plan administrator may permit grantees holding RSUs to receive dividend equivalent rights (as defined in the 2023 Plan) on outstanding RSUs if and when dividends are paid to stockholders on shares. In the discretion of the plan administrator, such dividend equivalent rights may be paid in cash or shares, and may either be paid at the same time

[Table of Contents](#)

as dividend payments are made to stockholders or delayed until shares are issued pursuant to the underlying RSUs, and may be subject to the same vesting or performance requirements as the RSUs. If the plan administrator permits dividend equivalent rights to be made on RSUs, the terms and conditions for such dividend equivalent rights will be set forth in the applicable grant agreement.

A performance grant is a grant that may be granted, may vest or may become eligible to vest contingent upon the attainment during a performance period of performance goals determined by the plan administrator. Performance grants may be granted as options, SARs, restricted stock, RSUs or other grants, including cash-based grants.

Performance grants will be based on the attainment of performance goals that are established by the plan administrator for the relevant performance period. Prior to the grant of any performance grant, the plan administrator will determine and each grant agreement will set forth the terms of each performance grant. A performance grant may but need not require the grantee's completion of a specified period of service. The plan administrator will determine the extent to which a performance grant has been earned in its sole discretion. The plan administrator may reduce or waive any criteria with respect to a performance goal, or adjust a performance goal (or method of calculating the attainment of a performance goal) to take into account unanticipated events, including changes in law and accounting or tax rules, as the plan administrator deems necessary or appropriate, or to reflect the impact of extraordinary or unusual items, events or circumstances to avoid windfalls or hardships. The plan administrator may also adjust or eliminate the compensation or economic benefit due upon attainment of performance goals in its sole discretion, subject to any limitations contained in the grant agreement and compliance with applicable law.

Other forms of grants valued in whole or in part by reference to, or otherwise based on, shares, including the appreciation in value thereof (e.g., options or stock rights with an exercise price or strike price less than 100% of the fair market value of the shares at the time of grant) may be granted either alone or in addition to other grants provided for in the 2023 Plan. Subject to the provisions of the 2023 Plan and applicable law, the plan administrator may determine the persons to whom and the time or times at which such other grants will be granted, the number of shares (or the cash equivalent thereof) to be granted pursuant to such other grants and all other terms and conditions of such other grants.

Payment from a grantee for shares acquired pursuant to the 2023 Plan may be made in cash or cash equivalents or, where approved for the grantee by the plan administrator and where permitted by applicable law (and to the extent not otherwise set forth in the applicable grant agreement): (a) by cancellation of indebtedness of the Company owed to the grantee; (b) by surrender of shares held by the grantee that are clear of all liens, claims, encumbrances or security interests and that have a fair market value on the date of surrender equal to the aggregate payment required; (c) by waiver of compensation due or accrued to the grantee for services rendered or to be rendered to the Company or an affiliate; (d) by consideration received by the Company pursuant to a broker-assisted or other form of cashless exercise program implemented by the plan administrator in connection with the 2023 Plan; (e) by any combination of the foregoing; or (f) by any other method of payment as is permitted by applicable law.

Regardless of any action taken by the Company or any affiliate, the ultimate liability for all income tax, social insurance, payroll tax, fringe benefits tax, payment on account, employment tax, stamp tax or other Tax-Related Items related to the grantee's participation in the 2023 Plan and legally applicable to the grantee, including any employer liability for which the grantee is liable (the "Tax-Related Items") is the grantee's responsibility.

Unless otherwise provided in the grantee's grant agreement, the plan administrator, or its delegate(s) (as permitted by applicable law), in its sole discretion and pursuant to such procedures as it may specify from time to time and subject to limitations of applicable law, may require or permit a grantee to satisfy any applicable withholding obligations for Tax-Related Items, in whole or in part by (without limitation): (a) requiring the grantee to make a cash payment; (b) withholding from the grantee's wages or other cash compensation paid to the grantee by the Company or any affiliate; (c) withholding from the shares otherwise issuable pursuant to a grant; (d) permitting the grantee to deliver to the Company already-owned shares or (e) withholding from the proceeds of the sale of otherwise deliverable shares acquired pursuant to a grant either through a voluntary sale or through a mandatory sale arranged by the Company. The Company or an affiliate may withhold or account for Tax-Related Items by considering applicable minimum statutory withholding amounts or other applicable withholding rates, including up to the maximum applicable rate in the grantee's jurisdiction.

Except as expressly provided in the 2023 Plan or an applicable grant agreement, or otherwise determined by the plan administrator, grants granted under the 2023 Plan will not be transferable or assignable by the grantee, other than by will or by the laws of descent and distribution. Any options, SARs or other grants that are exercisable may only be

exercised: (a) during the grantee's lifetime only by (i) the grantee, or (ii) the grantee's guardian or legal representative; (b) after the grantee's death, by the legal representative of the grantee's heirs or legatees. The plan administrator may permit transfer of grants in a manner that is not prohibited by applicable law.

No grantee will have any of the rights of a stockholder with respect to any shares until the shares are issued to the grantee, except for any dividend equivalent rights permitted by an applicable grant agreement. After shares are issued to the grantee, the grantee will be a stockholder and have all the rights of a stockholder with respect to such shares, including the right to vote and receive all dividends or other distributions made or paid with respect to such shares, subject to any repurchase or forfeiture provisions in any restricted stock grant, the terms of the Company's insider trading policy, and applicable law.

Without prior stockholder approval, the plan administrator may conduct an Exchange Program, subject to consent of an affected grantee (unless not required in connection with a repricing pursuant to the 2023 Plan, or under the terms of a grant agreement) and compliance with applicable law. For purposes of the 2023 Plan, "Exchange Program" means a program pursuant to which (a) outstanding grants are surrendered, cancelled or exchanged for cash, the same type of grant or a different grant (or combination thereof) or (b) the exercise price of an outstanding grant is increased or reduced.

All grants granted under the 2023 Plan will be subject to clawback or recoupment under any clawback or recoupment policy adopted by the Akerna Board or the plan administrator or required by applicable law during the term of grantee's employment or other service with the Company that is applicable to officers, employees, directors or other service providers of the Company. In addition, the plan administrator may impose such other clawback, recovery or recoupment provisions in a grant agreement as the plan administrator determines necessary or appropriate.

Except as otherwise provided in the applicable grant agreement or as determined by the plan administrator, if a grantee's continuous service status terminates for any reason, vesting of a grant will cease and such portion of a grant that has not vested will be forfeited, and the grantee will have no further right, title or interest in any then-unvested portion of the grant. In addition, the Company may receive through a forfeiture condition or a repurchase right any or all of the shares held by the grantee under a restricted stock grant that have not vested as of the date of such termination, subject to the terms of the applicable grant agreement.

In the event that the Company is subject to a change in control (as defined in the 2023 Plan), outstanding grants acquired under the 2023 Plan will be subject to the agreement evidencing the change in control, which need not treat all outstanding grants in an identical manner. Such agreement, without the grantee's consent, will provide for one or more of the following with respect to all outstanding grants as of the effective date of such change in control: (a) the continuation of an outstanding grant by the Company (if the Company is the successor entity); (b) the assumption of an outstanding grant by the successor or acquiring entity (if any) of such change in control (or by its parents, if any); (c) the substitution by the successor or acquiring entity in such change in control (or by its parents, if any) of equivalent awards with substantially the same terms for such outstanding grants; (d) the full or partial acceleration of exercisability or vesting and accelerated expiration of an outstanding grant and lapse of the Company's right to repurchase or re-acquire shares acquired under a grant or lapse of forfeiture rights with respect to shares acquired under a grant; (e) the settlement of such outstanding grant (whether or not then vested or exercisable) in cash, cash equivalents, or securities of the successor entity (or its parent, if any) with a fair market value equal to the required amount provided in the definitive agreement evidencing the change in control, followed by the cancellation of such grants; or (e) the cancellation of outstanding grants in exchange for no consideration.

The Company, from time to time, may substitute or assume outstanding awards granted by another company, whether in connection with an acquisition of such other company or otherwise, by either (a) granting a grant under the 2023 Plan in substitution of such other company's award; or (b) assuming such award as if it had been granted under the 2023 Plan if the terms of such assumed award could be applied to a grant granted under the 2023 Plan (a "Substitute Grant"). Such substitution or assumption will be permissible if the holder of the Substitute Grant would have been eligible to be granted a grant under the 2023 Plan if the other company had applied the rules of the 2023 Plan to such grant. The exercise price and the number and nature of shares issuable upon exercise or settlement of any such Substitute Grant will be adjusted appropriately pursuant to Section 424(a) of the Code and/or Section 409A of the Code, as applicable.

The 2023 Plan will be administered by the Akerna Board or a delegate, including without limitation the Compensation Committee, appointed in accordance with applicable laws (the "plan administrator"). Without limitation, the plan administrator will have the authority to, subject to the preceding sentence: construe and interpret the 2023 Plan, any

grant agreement and any other agreement or document executed pursuant to the 2023 Plan; prescribe, amend, expand, modify and rescind or terminate rules and regulations relating to the 2023 Plan or any grant (including the terms or conditions of any grant); approve persons to receive grants; determine the form, terms and conditions of grants; determine the number of shares or other consideration subject to grants; determine the fair market value in good faith and interpret the applicable provisions of the 2023 Plan and the definition of fair market value in connection with circumstances that impact the fair market value, if necessary; determine whether grants will be granted singly, in combination with, in tandem with, in replacement of, or as alternatives to, other grants under the 2023 Plan or awards under any other incentive or compensation plan of the Company or any affiliate; grant waivers of any conditions of the 2023 Plan or any grant; determine the vesting, exercisability and payment of grants; correct any defect, supply any omission or reconcile any inconsistency in the 2023 Plan, any grant or any grant agreement; determine whether a grant has been earned or has vested; determine the terms and conditions of any, and to institute any exchange program; adopt or revise rules and/or procedures (including the adoption or revision of any subplan under the 2023 Plan) relating to the operation and administration of the 2023 Plan to facilitate compliance with requirements of local law and procedures outside the United States (provided that Akerna Board approval will not be necessary for immaterial modifications to the 2023 Plan or any grant agreement made to ensure or facilitate compliance with the laws or regulations of the relevant foreign jurisdiction); delegate any of the foregoing to one or more persons pursuant to a specific delegation as permitted by the terms of the 2023 Plan and applicable law, including Section 157(c) of the Delaware General Corporation Law; and make all other determinations necessary or advisable in connection with the administration of the 2023 Plan. We expect that our Compensation Committee will administer the 2023 Plan.

To the maximum extent permitted by applicable laws, each member of the plan administrator (including officers of the Company or an affiliate of the Company, if applicable), or of the Akerna Board, as applicable, will be indemnified and held harmless by the Company against and from (i) any loss, cost, liability or expense that may be imposed upon or reasonably incurred by him or her in connection with or resulting from any claim, action, suit or proceeding to which he or she may be a party or in which he or she may be involved by reason of any action taken or failure to act under the 2023 Plan or pursuant to the terms and conditions of any grant except for actions taken in bad faith or failures to act in good faith, and (ii) any and all amounts paid by him or her in settlement thereof, with the Company's approval, or paid by him or her in satisfaction of any judgment in any such claim, action, suit or proceeding against him or her; provided that such member will give the Company an opportunity, at its own expense, to handle and defend any such claim, action, suit or proceeding before he or she undertakes to handle and defend it on his or her own behalf. The foregoing right of indemnification will not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's Certificate of Incorporation or Bylaws, by contract, as a matter of law or otherwise, or under any other power that the Company may have to indemnify or hold harmless each such person.

The 2023 Plan and all grants granted thereunder will be governed by and construed in accordance with the laws of the State of Delaware, without giving effect to that body of laws pertaining to conflict of laws.

The plan administrator may amend the 2023 Plan or any grant in any respect the plan administrator deems necessary or advisable, subject to the limitations of applicable law and the 2023 Plan. If required by applicable law, the Company will seek stockholder approval of any amendment of the 2023 Plan that (a) materially increases the number of shares available for issuance under the 2023 Plan (excluding any Capitalization Adjustment); (b) materially expands the class of individuals eligible to receive grants under the 2023 Plan; (c) materially increases the benefits accruing to grantees under the 2023 Plan; (d) materially reduces the price at which shares may be issued or purchased under the 2023 Plan; (e) materially extends the term of the 2023 Plan; (f) materially expands the types of grants available for issuance under the 2023 Plan; or (g) as otherwise required by applicable law.

The 2023 Plan will terminate automatically on the tenth (10th) anniversary of the Plan Effective Date. No grant will be granted pursuant to the 2023 Plan after such date, but grants previously granted may extend beyond that date. The plan administrator may suspend or terminate the 2023 Plan at any earlier date at any time. No grants may be granted under the 2023 Plan while the 2023 Plan is suspended or after it is terminated.

No amendment, suspension or termination of the 2023 Plan or any grant may materially impair a grantee's rights under any outstanding grant, except with the written consent of the affected grantee or as otherwise expressly permitted in the 2023 Plan. Subject to the limitations of applicable law, if any, the plan administrator may amend the terms of any one or more grants without the affected grantee's consent (a) to maintain the qualified status of the grant as an ISO under Section 422 of the Code; (b) to change the terms of an ISO, if such change results in impairment of

the grant solely because it impairs the qualified status of the grant as an ISO; (c) to clarify the manner of exemption from, or to bring the grant into compliance with, Section 409A of the Code; or (d) to facilitate compliance with other applicable laws.

Summary of U.S. Federal Income Tax Consequences

The following summary is intended only as a general guide to the U.S. federal income tax consequences of participation in the 2023 Plan. The summary is based on existing U.S. laws and regulations, and there can be no assurance that those laws and regulations will not change. The summary is not complete and does not discuss the tax consequences upon a grantee's death, or the income tax laws of any municipality, state or foreign country in which the grantee may reside. Tax consequences for any particular grantee may vary based on individual circumstances.

Incentive Stock Options. A grantee recognizes no taxable income for regular income tax purposes because of the grant or exercise of an option that qualifies as incentive stock option under Section 422 of the Code. If a grantee exercises the option and then later sells or otherwise disposes of the shares acquired through the exercise the option after both the two-year anniversary of the date the option was granted and the one-year anniversary of the exercise, the grantee will recognize a capital gain or loss equal to the difference between the sale price of the shares and the exercise price, and we will not be entitled to any deduction for federal income tax purposes.

However, if the grantee disposes of such shares either on or before the two-year anniversary of the date of grant or on or before the one-year anniversary of the date of exercise (a "disqualifying disposition"), any gain up to the excess of the fair market value of the shares on the date of exercise over the exercise price generally will be taxed as ordinary income, unless the shares are disposed of in a transaction in which the grantee would not recognize a loss (such as a gift). Any gain in excess of that amount will be a capital gain. If a loss is recognized, there will be no ordinary income, and such loss will be a capital loss. Any ordinary income recognized by the grantee upon the disqualifying disposition of the shares generally should be deductible by the Company for federal income tax purposes, except to the extent such deduction is limited by applicable provisions of the Code.

For purposes of the alternative minimum tax, the difference between the option exercise price and the fair market value of the shares on the exercise date is treated as an adjustment item in computing the grantee's alternative minimum taxable income in the year of exercise. In addition, special alternative minimum tax rules may apply to certain subsequent disqualifying dispositions of the shares or provide certain basis adjustments or tax credits for purposes.

Nonstatutory Stock Options. A grantee generally recognizes no taxable income as the result of the grant of such an option. However, upon exercising the option, the grantee normally recognizes ordinary income equal to the amount that the fair market value of the shares on such date exceeds the exercise price. If the grantee is an employee, such ordinary income generally is subject to withholding of income and employment taxes. Upon the sale of the shares acquired by exercising a nonstatutory stock option, any gain or loss (based on the difference between the sale price and the fair market value on the exercise date) will be taxed as capital gain or loss. Any ordinary income recognized by the grantee upon exercising a nonstatutory stock option generally should be deductible by the Company for federal income tax purposes, except to the extent such deduction is limited by applicable provisions of the Code. No tax deduction is available to the Company with respect to the grant of a nonstatutory stock option or the sale of the shares acquired through the exercise of the nonstatutory stock option.

Stock Appreciation Rights. In general, no taxable income is reportable when a stock appreciation right is granted to a grantee. Upon exercise, the grantee generally will recognize ordinary income equal to the fair market value of any shares received. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

Restricted Stock Awards. A grantee acquiring shares of restricted stock generally will recognize ordinary income equal to the fair market value of the shares on the vesting date, reduced by any amount paid by the grantee for such shares. If the grantee is an employee, such ordinary income generally is subject to withholding of income and employment taxes. The grantee may elect, under Section 83(b) of the Code to accelerate the ordinary income tax event to the date of acquisition by filing an election with the Internal Revenue Service no later than thirty (30) days after the date the shares are acquired. Upon the sale of shares acquired under a restricted stock award, any gain or loss, based on the difference between the sale price and the fair market value on the date the ordinary income tax event occurs, will be taxed as capital gain or loss.

[Table of Contents](#)

Restricted Stock Unit Awards. There are no immediate tax consequences of receiving an award of restricted stock units. A grantee who is awarded restricted stock units generally will recognize ordinary income equal to the fair market value of shares issued to such grantee at the end of the applicable vesting period or, if later, the settlement date elected by the administrator or a grantee. Any additional gain or loss recognized upon any later disposition of any shares received would be capital gain or loss.

Performance Shares and Performance Unit Awards. A grantee generally will recognize no income upon the grant of a performance share or a performance unit award. Upon the settlement of such awards, grantees normally will recognize ordinary income in the year of receipt in an amount equal to the cash received and the fair market value of any cash or unrestricted shares received. If the grantee is an employee, such ordinary income generally is subject to withholding of income and employment taxes. Upon the sale of any shares received, any gain or loss, based on the difference between the sale price and the fair market value on the date the ordinary income tax event occurs, will be taxed as capital gain or loss.

Section 409A. Section 409A of the Code provides certain requirements for non-qualified deferred compensation arrangements with respect to an individual's deferral and distribution elections and permissible distribution events. Awards granted under the 2023 Plan with a deferral feature will be subject to the requirements of Section 409A of the Code. If an award is subject to and fails to satisfy the requirements of Section 409A of the Code, the recipient of that award may recognize ordinary income on the amounts deferred under the award, to the extent vested, which may be before the compensation is actually or constructively received. Also, if an award subject to Section 409A of the Code violates the provisions of Section 409A of the Code, Section 409A of the Code imposes an additional 20% federal income tax on compensation recognized as ordinary income, and interest on such deferred compensation.

Tax Effect for the Company. We generally will be entitled to a tax deduction in connection with an award under the 2023 Plan equal to the ordinary income realized by a grantee when the grantee recognizes such income (for example, the exercise of a nonstatutory stock option) except to the extent such deduction is limited by applicable provisions of the Code. Special rules limit the deductibility of compensation paid to our chief executive officer, chief financial officer and other "covered employees" as determined under Section 162(m) of the Code and applicable guidance. Under Section 162(m) of the Code, the annual compensation paid to any of these specified executives will be deductible only to the extent that it does not exceed \$1,000,000.

THE FOREGOING IS ONLY A SUMMARY OF THE EFFECT OF U.S. FEDERAL INCOME TAXATION UPON GRANTEES AND THE COMPANY WITH RESPECT TO AWARDS UNDER THE 2023 PLAN. IT DOES NOT PURPORT TO BE COMPLETE AND DOES NOT DISCUSS THE IMPACT OF EMPLOYMENT OR OTHER TAX REQUIREMENTS, THE TAX CONSEQUENCES OF A GRANTEE'S DEATH, OR THE PROVISIONS OF THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE, OR FOREIGN COUNTRY IN WHICH THE GRANTEE MAY RESIDE.

New Plan Benefits. No awards have been made under the 2023 Plan, and no awards have been granted that are contingent on the approval of the 2023 Plan. Awards under the 2023 Plan would be made at the discretion of the Compensation Committee or the Akerna Board. Therefore, the benefits and amounts that will be received or allocated under the 2023 Plan in the future are not determinable at this time.

AKERNA'S BUSINESS

Business Overview

Akerna is a leading provider of enterprise software solutions within the cannabis industry. Cannabis businesses face significant complexity due to the stringent regulations and restrictions that shift based on regional, state, and national governing bodies. As the first to market more than ten years ago, Akerna's family of software platforms help to enable regulatory compliance and inventory management across the entire supply chain. When the legal cannabis market started to grow, we identified a need for organic material tracking and regulatory compliance software as a service ("SaaS") solution customized specifically for the unique needs of the industry. By providing an integrated ecosystem of applications and services that help our clients enable compliance, regulation, consumer safety and taxation, Akerna is building the technology backbone of the cannabis industry. While designed specifically for the unique needs of the cannabis market, our solutions are adaptable for other industries requiring government regulatory oversight, or where the tracking of organic materials from seed or plant to end products is desired.

On the commercial side, our products help state-licensed businesses operate in compliance with applicable regional laws. Our integrated ecosystem provides integrations with third-party vendors and add-ons that enhance the capabilities of our commercial software platforms. On the regulatory side, we provide track and trace solutions that allow state governments to monitor compliance of licensed cannabis businesses. To date, our software has helped monitor the compliance of more than \$30 billion in legal cannabis. While our software facilitates the success of legal cannabis businesses, we do not handle any cannabis-related material, do not process cannabis sales transactions within the United States ("U.S."), and our revenue is generated from a fixed-fee based subscription and professional services model and is not related to the type or amount of sales made by our clients.

We drive revenue growth through the development of our product line, our acquisitions and from continued expansion of the cannabis, hemp, and Cannabidiol ("CBD") industry. Businesses across the regulated cannabis industry use our solutions. The brand recognition of our existing products, our ability to provide services in all areas of the seed-to-sale life cycle, and our wealth of relevant experience attracts cultivation, manufacturing, and dispensary clients who are seeking comprehensive business optimization solutions. Our software solutions are designed to be scalable, and while mid-market and smaller customers have historically been our primary target segment, we are focused on extending our customer reach to address the needs of the emerging enterprise level operator. We believe these larger multi- state/multi-vertical operations represent significant long-term future growth opportunities as the cannabis industry continues to consolidate at a rapid rate. The sophistication of our platform accommodates the complexities of both multi-vertical and multi-state business needs, making us critical partners and allowing us to cultivate long-term, successful relationships with our clients.

Our platforms provide licensed businesses with a true enterprise solution for managing their inventory and compliance and allow government regulators to engage in accurate and real-time compliance monitoring. Key capabilities of our technology infrastructure include:

Seed-to-Sale Tracking allows the tracking of products from cultivation, through harvest and processing and manufacturing, to the monitoring of the final sale to the patient or consumer. Our traceability technology captures every step in an individual plant's life, providing visibility into the supply chain from any measurement of finished product dispensed to a patient or customer, back to the plant it came from, and all activity, transportation, and transactions that happen in between. While we do not provide payment processing, and never take, own, or handle any product or cash transaction, our platform records all sales as part of state and jurisdictional compliance Track-and-Trace processes. The data gathered throughout all of these processes is captured, and provides the insights and information needed to run an efficient and streamlined cannabis business. Seed-to-Sale software operates in a complementary relationship with state-mandated Track-and-Trace systems, replicating the reporting functionality and eliminating the need for operators to duplicate their compliance data into two disparate systems. Track-and-Trace systems are designed solely for government regulators to maintain compliance and do not have the sophistication or functionality to provide cannabis business owners with the insights and tools for effective business management. Our seed-to-sale platforms integrate with the state Track-and-Trace compliance system, reporting in the mandated data along the supply chain while also providing business owners with the capabilities to make informed business decisions based on the full overview of their operations.

[Table of Contents](#)

Track-and-Trace is the compliance reporting system used by regulatory bodies in most states. In order to adhere to their state-specific compliance regulations, cannabis operators are required to enter specific data points along the supply chain into the state-mandated track-and-trace system. By doing so, regulators can track the movement of cannabis inventory through the full supply chain, even when it moves between facilities or operators. The aggregated view that Track-and-Trace software seeks to ensure that the end product being sold has been grown, harvested, processed, transferred and sold compliantly, and provides assurance of safety to consumers.

Using our years of experience, proprietary databases, and resources to identify trends and predict changes in the cannabis industry we evolve our products and better assist our clients in operating in compliance with the applicable laws of their jurisdictions and capitalizing on commercial opportunities within the applicable regulatory framework, with accuracy, efficiency, and geographic specificity. We have worked with clients and governments across the globe to create customized solutions that fit their specific regulatory and commercially compliant needs. While the majority of our clients are in the U.S. and Canada, our solutions allow cannabis businesses to operate efficiently in this fast-changing industry and comply with state, local, and federal regulations (in countries such as Italy, Macedonia, and Colombia). Akerna and our family of companies is well-positioned to provide compliance solutions for the expanding national and international legal cannabis market.

Exploration of Strategic Alternatives — Sale of 365, Merger and Sale Transaction

In May 2022, we announced that we were exploring strategic alternatives to enhance shareholder value and engaged JMP as our financial advisor to assist in this process. In May 2022, we announced the implementation of a strategic restructuring with the objective of preserving capital. Our board of directors approved a restructuring plan following a review of our operations, cost structure and growth opportunities. The restructuring included a reduction in headcount and operating costs. We recorded a charge of \$0.6 million in the six months ended June 30, 2022 as a result of the restructuring, which consisted of one-time termination benefits for employee severance, benefits and related costs, all of which resulted in cash expenditures and substantially all of which were paid out by the end of 2022.

On January 11, 2023, we completed the sale of 365 Cannabis to 365 Holdco LLC (the “Buyers”) pursuant to a stock purchase agreement (the “365 SPA”) for (i) cash in the amount of \$0.5 million and the (ii) the termination and release of our obligation to the Buyers for contingent consideration in connection with our original acquisition of 365 Cannabis from the Buyers in 2021 (the “Earn-out Obligation”), subject to customary post-closing adjustments, if any. Any post-closing adjustments are generally limited to certain adjustments in accounts payable and indemnification obligations in accordance with the 365 SPA. Upon completion of the sale, \$0.4 million of the total cash proceeds was placed into restricted accounts held as security for our 2021 Senior Secured Convertible Notes (the “Senior Convertible Notes”) while \$0.1 million was subject to a hold-back (the “365 Holdback”) by the Buyers to be released to us and also placed into restricted accounts after all post-closing adjustments, if any, are resolved. In accordance with the 365 SPA, we and the Buyers agreed that the value of the Earn-out Obligation was \$2.3 million, a reduction of \$4.0 million from the original estimate, for purposes of the sale of 365 Cannabis and is reflected on our consolidated balance sheets as Contingent consideration payable.

On January 27, 2023, we, Akerna Merger Co., a Delaware corporation and wholly owned direct subsidiary of Akerna (“Merger Sub”), and Gryphon Digital Mining, Inc., a Delaware corporation (“Gryphon”), entered into an Agreement and Plan of Merger, as may be amended from time to time (the “Merger Agreement”), pursuant to which Merger Sub, will merge with and into Gryphon, with Gryphon surviving as a wholly-owned subsidiary of Akerna (the “Merger”).

At the effective time of the Merger (the “Effective Time”) each share of Gryphon’s common stock, par value \$0.0001 per share (the “Gryphon Common Stock”), and Gryphon’s preferred stock, par value \$0.0001 per share (the “Gryphon Preferred Stock”, collectively referred to herein with the Gryphon Common Stock as, the “Gryphon Shares”) outstanding immediately prior to the Effective Time, will be converted into the right to receive a per share portion of the aggregate number of shares of our common stock, par value \$0.0001 per share (the “Akerna Common Stock”), to be issued at the Effective Time as consideration for the Merger, as calculated pursuant to the terms set forth in the Merger Agreement (the “Merger Consideration”).

Each share of Akerna Common Stock, each share of Akerna Common Stock reserved for each warrant to purchase Akerna Common Stock, that is issued and outstanding at the Effective Time will remain issued and outstanding, and such securities will be unaffected by the Merger. Immediately after the consummation of the Merger, Akerna securityholders as of immediately prior to the Merger are expected to own approximately 7.5% of the outstanding

equity shares of the combined company on a fully diluted basis and former Gryphon equityholders are expected to own approximately 92.5% of the outstanding equity shares of the combined company on a fully diluted basis, subject to adjustment of the Merger Consideration pursuant to its terms prior to the closing of the Merger.

We have also entered into the Purchase Agreement, with Akerna Canada Ample Exchange Inc. (“Akerna Exchange”), a wholly owned subsidiary of Akerna, and MJ Acquisition Corp. (“MJ Acquisition”), on April 28, 2023, pursuant to which, subject to the satisfaction of the conditions set forth in the Purchase Agreement, we will sell to MJ Acquisition all of Akerna’s membership interests in MJ Freeway, LLC, a Colorado limited liability company (“MJ Freeway”), being all of the issued and outstanding membership interests of MJ Freeway (the “Membership Interests”), and Akerna Exchange will sell to MJ Acquisition all of Akerna Exchange’s capital stock of Ample Organics Inc., an Ontario corporation (“Ample”), being all of the issued and outstanding common and preferred shares of Ample (the “Capital Stock”) for a purchase price of \$5,000,000, subject to adjustments as set forth in the Purchase Agreement (the “Sale Transaction”).

Shares of Akerna Common Stock are currently listed on The Nasdaq Capital Market under the symbol “KERN.” We will file an initial listing application for the combined company with The Nasdaq Stock Market Inc., or Nasdaq. After completion of the Merger, Akerna will be renamed “Gryphon Digital Mining, Inc.” and it is expected that the common stock of the combined company will trade on The Nasdaq Capital Market.

Our future business operations are highly dependent on the success of the Merger with Gryphon and Sale Transaction with MJ Acquisition. If the Merger and Sale Transaction are completed, our business will cease to be software solutions within the cannabis industry and will become the business of Gryphon, which is net carbon neutral bitcoin mining.

Exchange Agreements

Concurrently with the signing of the Merger Agreement, we entered into exchange agreements (the “Exchange Agreements”) with each of the holders (each, a “Holder”) of our senior secured convertible notes (the “Notes”) issued pursuant to a securities purchase agreement dated October 5, 2021. Pursuant to the Exchange Agreements, each Holder has agreed to exchange a certain aggregate conversion amount of the Notes no greater than the lesser of (i) the aggregate amount then outstanding under the Notes and (ii) such portion of the maximum note amount set forth in the Exchange Agreement for such Holder that is convertible into 19.9% of the common stock of Akerna then outstanding into such number of shares of newly designated Series C Preferred Stock of Akerna, which will have an aggregate voting power and economic value equal to the aggregate number of shares of common stock then issuable upon conversion of such amount of Note.

The Series C Preferred Stock will have the terms and conditions set forth in the Certificate of Designation of the Series C Preferred Stock. The Series C Preferred Stock is non-convertible, voting preferred stock. Upon the closing of a change of control transaction, the Series C Preferred Stock will be automatically redeemed pursuant to its terms for consideration of a share equivalent basis equal to the same consideration held after the consummation of the change of control transaction by a stockholder that held one share of common stock prior to the consummation of the change of control transaction. The Series C Preferred Stock can also be redeemed for cash at the option of Akerna and in limited circumstances redeemed for cash at the option of the holder.

Under the Exchange Agreements, Akerna has agreed that 50% of the gross proceeds from any subsequent placements will be used to repay the aggregate amounts then outstanding under the Notes, allocated pro rata to the holders of Notes then outstanding based on the aggregate principal amount of Notes outstanding as of the time of such applicable subsequent placement (“Subsequent Placement Redemption”).

Further, Akerna has agreed that on or prior to the closing of the Merger, if any Notes are then outstanding, Akerna will consummate one or more Company Optional Redemptions (as defined in the Notes) pursuant to Section 9(a) of the Notes (as amended under the Exchange Agreements), using the lesser of (A) the difference of (I) the sum of (x) all cash then held by Akerna (or any of its subsidiaries) and (y) any cash to be paid, directly or indirectly, to Akerna (or any of its subsidiaries) in connection with the transactions contemplated by the Merger Agreement and/or the SPA, as applicable, less (II) \$500,000 and (B) an aggregate amount of cash equal to the Company Optional Redemption Price of the aggregate Conversion Amount (as defined in the Notes) of the Notes then outstanding (with each such Company Optional Redemption allocated pro rata to the holders of Notes then outstanding based upon the aggregate principal amount of Notes then outstanding) (the “Cash Sweep”).

Upon closing of the Merger, the Exchange Agreements provide that if any portion of the Notes remain outstanding other than such portion of the applicable Company Optional Redemption Price of the Notes to be paid in cash pursuant to the Cash Sweep, to exchange the remaining Conversion Amount of the Notes into such aggregate number of shares of common stock (the “New Note Exchange Shares”) equal to the quotient of (A) the applicable Company Optional Redemption Price of the remaining Conversion Amount of the Notes then outstanding divided by (B) the lower of (x) the lowest volume weighted average price of the Common Stock during the five (5) Trading Day period ending, and including, the Trading Day immediately prior to the closing and (y) the Conversion Price (as defined in the Notes) in effect as of the closing; and (ii) in accordance with the terms of the Series C Certificate of Designations, the Series C Preferred Stock shall be exchanged into the Change of Control Redemption/Exchange Consideration (as defined in the Series C Certificate of Designations) (with any shares of common stock included in such applicable Change of Control Redemption/Exchange Consideration, if any, the “New Preferred Exchange Shares”, and together with the New Note Exchange Shares, the “Final Closing Exchange Shares”); provided, however, that to the extent that any issuances of Final Closing Exchange Shares to a Holder at the closing in accordance herewith or pursuant to the Series C Certificate of Designations, as applicable would result in such Holder and its other Attribution Parties (as defined in the Note) exceeding the Maximum Percentage (as defined in the Note) (as calculated in accordance with Section 3(d)(i) of the Note) (a “Maximum Percentage Event”), then such Holder shall not be entitled to receive such aggregate number of Final Closing Exchange Shares in excess of the Maximum Percentage (and shall not have beneficial ownership of such Final Closing Exchange Shares (or other equivalent security) as a result of the closing (and beneficial ownership) to such extent of any such excess), such remaining portion of such Final Closing Exchange Shares that would have otherwise been issued to the Holder at the Final Closing (such remaining portion of Final Closing Exchange Shares, the “Abeyance Shares”), such portion of the Note and/or shares of Series C Preferred Stock, as applicable, shall alternatively be exchanged for the right to receive such Abeyance Shares (with a beneficial ownership and issuance limitation substantially in the form of Section 3(d) of the Note, mutatis mutandis), at such time or times as its right thereto would not result in such Holder and the other Attribution Parties exceeding the Maximum Percentage, at which time or times, if any, such Holder shall be granted such remaining portion of such Abeyance Shares in accordance herewith and/or pursuant to the Series C Certificate of Designations, as applicable.

The closing of the exchange of a certain portion of the Notes into the Series C Preferred Stock and the exchange of any remaining Notes and the Series C Preferred Stock into shares of common stock at the Closing of the Merger is subject to certain customary conditions and, in relation to the exchange into Series C Preferred Stock, subject to Akerna completing a subsequent placement for gross aggregate proceeds of at least \$500,000.

Industry & Competition

We believe the growing cannabis industry in numerous states in the U.S. and other countries represents a significant market opportunity for our technology, as legally licensed operating companies need to ensure they operate within applicable laws and carefully track inventory. With democratic leadership and the new legislation passed during the 2020 election improving the outlook of the industry and a congress that is committed to push forward cannabis policy, the industry’s growth potential has large near-term upside. Since state governments require supply chain transparency to ensure compliance and the maintenance of the seed-to-sale life cycle within their jurisdictions, each new regulated jurisdiction offers an expanded market opportunity for Akerna.

The regulated cannabis industry (medicinal and adult-use) is experiencing rapid growth. According to BDSA’s 2021 Essential Cannabis Insights, December 2022 Vol 4, Issue 10, legal cannabis sales in the U.S. passed \$25 billion in 2021, growth of 40% over 2020’s \$18 billion. BDSA’s Cannabis Market Forecast update from September 2021 noted sales are forecasted to rise to \$46 billion in 2026, a CAGR of 14% from 2021. Global cannabis sales reached nearly \$29 billion in 2021, an increase of 45% over 2020 sales of \$20 billion. BDSA forecasts global cannabis sales will grow from \$29 billion in 2021 to \$61 billion in 2026, a compound annual growth rate (CAGR) of more than 16%.

The COVID-19 pandemic has had a positive effect on the growth and acceptance of the cannabis industry. Fitting into a non-cyclical, vice product category has worked to the industry’s advantage overall based on the 2020 sales data. Although many cannabis companies felt extremely adverse circumstances, and some were even forced to close or sell their businesses, this has accelerated a predictable M&A marketplace in which licenses are being acquired for a fraction of what they cost only one year ago. The largest Multi-State Operators (MSOs) are growing and financing faster than ever before. For example, Curaleaf, one of the largest MSOs, opened their 100th retail location in February 2021. As a result of the current M&A marketplace, the landscape is beginning to position itself in a similar way that the alcohol industry has, with major companies controlling a vast majority of market share. Akerna is positioned as an

[Table of Contents](#)

enterprise-level offering to address the needs of these large MSOs that continue to grow through consolidation. The addition of the MJ Analytics seed-to-sale reporting engine, built on the architecture of leading business intelligence platform, Domo, further positions Akerna as an enterprise-level solution.

Further to our current addressable market, the regulatory changes in the 2018 Farm Bill in the U.S. have created an opportunity for hemp-based CBD in general retail and pharmaceutical channels. Additionally, multiple countries across the world have legalized hemp for growth and export including Canada, China, Italy, Australia, and South Korea. In the U.S., hemp-derived CBD is available broadly across retailers (not solely licensed cannabis dispensaries), including online, drug and convenience stores, natural product, beauty, grocery, and pet stores. According to Grand View Research, Industrial Hemp Market Analysis, the global CBD market size was valued at USD 2.8 billion in 2020 and is expected to expand at a compound annual growth rate (CAGR) of 21.2% from 2021 to 2028.

The unfortunate events of the 2019 vape scare in the U.S. prompted regulatory changes and additional requirements, including anti-counterfeiting tags and codes. With major investment and partnership with Solo, Akerna has provided a solution to address the issue for both regulators and operators. The combined supply chain transparency solution was chosen by the State of Utah, requiring all medical dispensary products to be validated. Markets and Markets projects that the anti-counterfeit packaging market size will grow from \$105.9 billion in 2018 to \$182.2 billion by 2023, at a CAGR of 11.5%. The anti-counterfeit packaging market is projected to witness high growth due to the increasing focus of manufacturers on brand protection to reduce counterfeiting. By leveraging this investment, we strengthen our current addressable market with an essential compliance tool.

The cannabis industry is a fast-growing, increasingly complex, and rapidly changing landscape. Areview Market Research and BDS Analytics note that the range of regulatory schemes is wide, and fines for non-compliance are steep. Proper, safe, and profitable operation of a cannabis business requires a full understanding of applicable laws, the ability to track plants and products to ensure compliance with these laws, and the ability to operate at scale in a competitive environment.

Competitive Landscape

The competitive set within the cannabis technology and consulting space has traditionally been comprised of several smaller and specialized companies with limited access to capital. As part of our growth strategy, we may seek to acquire assets or companies that are synergistic with our business. We have built a scalable infrastructure to support both rapid organic growth and targeted acquisitions. By providing the full seed-to-sale solution, we believe we are well-positioned to be an acquirer of cannabis technology solutions throughout the supply chain. We compete with numerous technology and consulting companies that offer services that are similar to some of our services including, but not limited to, Acumatica, BDS Analytics, BioTrackTHC, Canna Advisors, Cova Cannabis, Dutchie, Flowhub, Headset, Jane, Metrc, New Frontier Data, Nextec, 3C, Treez, and TILT Holdings.

We face competition in each of the service markets in which we operate. We believe, however, that we possess relative strengths in each market that provide us with competitive advantages, including:

- the range of services offered by us;
- our management personnel and their industry knowledge and experience; and
- our proprietary databases, which are only available to users of our platforms and consulting services.

Range of Services

We believe we possess a unique viewpoint into the industry because we offer solutions to, and work with, both commercial businesses and government regulatory agencies towards the common goal of ensuring regulatory compliance and real-time monitoring of inventory and sales. We offer a complete range of both software and services to meet these needs for both state governments and commercial businesses. While we do not face competition from firms focusing on specific subsets of our markets, there are a very limited number of competitors providing products or services that compete with our complete range of products and services. We compete with software companies offering a product to businesses only in a certain geographic region or of a certain business type. We also compete with consulting firms serving a specific phase of the cannabis plant life cycle.

Industry Knowledge and Experience

Our management personnel have extensive technical and business operations knowledge and experience within the cannabis and technology industries, which has been developed through numerous years of service in key roles with a broad range of both cannabis and technology companies, both in terms of product and service type and size. We leverage this knowledge and experience to guide our product and service development and delivery. Our management team possesses significant compliance expertise, allowing us to continually monitor changes in legislation and regulation within the markets we and our clients operate. We face competition from companies that have teams with technical expertise or cannabis industry experience, but there are a limited number of competitors who have both and who understand the interplay between software and technology development and the application of the same to the evolving cannabis compliance landscape.

Proprietary Databases

Over a decade of operations have provided us with a statistically significant dataset of cannabis transaction information that we believe cannot be readily duplicated by new entrants into the marketplace. This growing database includes proprietary sales, market trends, customer preferences, pricing, and regulatory data. We use this dataset to predict trends more accurately in the marketplace and make this dataset available to users of our platforms, providing greater utility to clients in this regard than can be provided by competing platforms.

Products and Solutions Software

SMB Market

Akerna's suite of small and medium business ("SMB" or "Non-Enterprise") products including MJ Platform[®] and Ample Organics provide SaaS offerings for legal cannabis, hemp and CBD businesses. We provide government-licensed cultivators, manufacturers, distributors, and retail dispensaries with a data-driven seed-to-sale tracking platform that provides clients with an enterprise resource planning solution for managing their inventory and regulatory compliance. Akerna's products and ecosystem of connections are used by clients to compliantly track inventory through all phases of the seed-to-sale cycle — from cultivation to extraction and infusion to packaging, distribution and retail sales. Data points are collected at every stage of the product life cycle and about multiple aspects of the plant's growing environment, manufacturing processes, and ingredients, as well as retail pricing and purchase data. In Canada, the first G7 country with a federally legal market, we have a pharmacy portal and insurance adjudication. We service licensed operators in all verticals of the industry, including cultivation, manufacturing, distribution, and retail dispensaries. We have significant client presence for our commercial software solutions in mature cannabis markets such as Arizona, California, Michigan, Pennsylvania, Colorado, Utah, Illinois, Oklahoma, and Puerto Rico, as well as Canada.

We have exclusivity in the Pennsylvania and Utah markets due to our government contracts, which require operators in the states to use MJ Platform[®].

Government Market

Leaf Data Systems — Government Regulatory Software

Leaf Data Systems[®] is our SaaS product for government agencies. Leaf Data Systems[®] provides regulatory authorities with visibility into the operations of licensed medical and recreational cannabis businesses. Government regulators desire visibility at critical junctures within the seed-to-sale chain of custody in order to ensure public safety, monitor sales data for the purposes of taxation, and perform physical inspections of cannabis industry facilities. Leaf Data Systems[®] allows for specific data points captured during these workflows to be compiled into the state and regional view retrievable by regulatory officials.

Licensed cannabis facilities within a state can track plant and product movement and waste across their organization, which is processed into reporting tailored to the government agencies that regulate and enforce the rules of the industry. This gives regulators a tool for transparency and accountability across the cannabis supply chain to ensure public and product safety as well as to monitor sales and inventory within the industry. Leaf Data Systems[®] is customized to the regulations of the state in which it is contracted and tailored to capture the relevant data points desired by regulatory officials.

Leaf Data Systems® is currently serving two state clients, the Commonwealth of Pennsylvania and the State of Utah. The State of Utah mandates the use of our proprietary solo*TAG™ the world's first cryptographically-secure, cannabis product authentication system, exclusively for governments as an alternative to radiofrequency identification tracking. This customized system includes an electronic verification and inventory control system to track plants and products throughout the compliance supply chain.

Business Intelligence and Data Analytics Products

We have three data products: MJ Analytics (“MJA”); Akerna Acumen Big Data, which both leverage the extensive data captured in each of MJ Platform’s cultivation, E&I, distribution, and retail modules; and Ample Data, which leverages data obtained through Canadian regulated retail channels.

MJ Analytics

MJA gives MJ Platform® clients access to aggregate data across their organization to keep track of emerging legal and commercial trends, allowing for informed actionable insights at various levels within the organization, including room, location, state, brand, and administration. MJ Platform® allows users to align their operational data from three vantage points: in real-time, past trends, and predictive future. This proprietary database assists the user in making important decisions in real-time with respect to product monitoring, tracking, planning, and pricing.

Built in partnership with Domo and Snowflake, MJA is monetized through the provision of Data Analytics subscriptions to clients. We typically grant a limited, non-exclusive, non-sublicensable license to use our industry data for internal management, reporting, and business optimization purposes. The information typically supplied to clients is aggregated and anonymized information regarding products, which may or may not be those of the client, sold through sales generated through our online service platforms.

Akerna Acumen Business Intelligence

We have cultivated a substantial legal cannabis dataset with over \$30 billion in sales tracked and twelve years of data across 30+ states and multiple countries. With the contractual ability to aggregate and anonymize this data, we have launched the Akerna Acumen product to provide banks, investors, researchers, cannabis businesses, and non-cannabis businesses with cannabis market intelligence and valuable market comparison data. The data is available in various formats and is available with updates as frequently as daily.

Ample Data

Ample has created Ample Data, a retail analytics platform for the cannabis industry that applies the same proven solution to data streams ingested from various points within the regulated supply chain. Ample Data is designed to provide key insights for Canadian cannabis license holders, cannabis agencies and government regulators.

Cannabis Business Consulting

We provide project-focused consulting services to clients that are initiating or expanding their cannabis businesses or are interested in data consulting engagements regarding the legal cannabis industry. We typically provide our consulting services to clients in emerging markets that are seeking consultation on newly introduced licensing regimes and assistance with the regulatory compliant build-out of operations in newly opened states.

Entering the cannabis industry is a significant undertaking. We work with clients to efficiently comply with state requirements in connection with the launch and operations of their cannabis businesses. Our management and key personnel bring deep cannabis industry experience to us. Our management team and key personnel have broad experience gained from working with numerous cannabis businesses, with operational experience across every vertical (e.g., cultivation, processing, and retail). Our team members have previously managed projects, including cultivation facilities exceeding 100,000 square feet, retail operations with locations in multiple states, and online businesses serving an entire country.

Competitive Advantage

Partner API. We host an open application programming interface (“API”) ecosystem and are continually developing and maintaining an extensive collection of integrations that are designed to connect our solutions to over 80 partners, provide full-service solutions at all points in the cannabis business life cycle, including compliance, hardware, banking, accounting, online ordering, payment solutions, CRM and loyalty, delivery, and business analytics. We believe these integrations provide a competitive advantage as they reduce implementation time, effort, and cost while providing a holistic cannabis solution; We have certified API integration with tier one ERP software providers supplying sophisticated accounting solutions that collect and store business transactions to satisfy external reporting requirements. Additionally, we leverage revenue sharing agreements and referral programs with our strategic partners to further grow our business and our revenue.

Technology. As the inventors of Seed-To-Sale technology, our proprietary platform is an Amazon Web Services (“AWS”) cloud-based software solution. We offer specialized cannabis workflows specific to the needs of the industry. We serve all verticals of the cannabis supply chain (cultivation, manufacturing, distribution, retail and delivery). We are one of the few true, single-platform Seed-To-Sale solutions in the cannabis space, and the sophistication of our technology allows us to uniquely scale across legal markets. Our platform has processed over \$30 billion in legal cannabis sales, with speed, reliability, and security capabilities designed to serve the needs of even the largest of enterprise customers. Compliance with state regulations is built into our platform infrastructure, assisting clients in their efforts to operate within the regulatory parameters of their individual markets. The business insights provided by the data collection throughout the supply chain enables businesses to optimize their operations and make crucial data-driven decisions for their business. These insights are easily analyzed and made actionable by our MJ Analytics module, built in partnership with Domo, a leading BI platform.

Learning Management System. Through our license with ZolTrain, we are able to provide our Akerna clients with training modules to educate and on-board their staff and improve the patient /consumer experience by pairing education with product information both in person and through digital channels. The ZolTrain platform allows cannabis employees to self-direct their own learning and certification through an Akerna specific curriculum, and their employers are able to monitor and track their progress, assisting clients in ensuring that their staff is fully trained and knowledgeable about the software they are required to use within their job functions. This is one of the only learning management system (“LMS”) platforms specifically designed both for the industry and for our software. It provides detailed notes, takeaways, scored exams and certificates of completion, ensuring staff knows their Seed-To-Sale software inside and out. ZolTrain modules are dynamic, and can be easily updated to accommodate new content or education on new product offerings. The AmpleLearn platform is a similar onboarding and education tool developed for Ample Organics clients to assist with building their proficiency using the software in Canada. Similar to ZolTrain, AmpleLearn is built on industry tested content within a dynamic learning environment. There are assessments, progress reports and certifications that are all available to both the employee and their supervisor. The AmpleLearn product is maintained by the internal team at Ample Organics, ensuring that the content is always up-to-date with the most recent software upgrades and functionality.

Customers

Businesses across the cannabis and hemp industries and of all sizes, ranging from small, single location/ single vertical businesses to multi-state enterprise operations, use the Akerna family of solutions. The cannabis industry is still very much in its infancy compared to more established markets, and as it matures, we are seeing a shift in the typical business model. In the beginning, most operators only managed a single location, or a single vertical operation, and therefore many of our longer-standing clients fall into the small to mid-market size business. Over the past few years, and significantly expedited by the COVID-19 pandemic, we are witnessing large-scale, rapid consolidation within the industry. Many of the original small licensees are being purchased and assumed into larger, multi-state, enterprise level organizations. Our software solutions are designed to be scalable, and as we see this shift in the market, we are focused on extending our customer reach to address the needs of the emerging enterprise level operator. We believe these larger multi -state/multi-vertical operations represent significant long-term future growth opportunities as the cannabis industry continues to consolidate. As more states legalize, these operators are identifying future growth opportunities into these expanded legal markets and need a software solution that can grow with them.

Sales and Marketing

We sell our solutions primarily on a subscription basis with module-based and user-seat pricing, allowing businesses to customize their solution based on their specific business model or vertical. With our integrations to major accounting solutions and cannabis service providers, we are able to customize solutions for all sizes and types of businesses. To gain market share and expand beyond the small to mid- size market, Akerna invests in specialized go-to-market strategies for sales and marketing unique to each state and customer segment.

Our omnichannel marketing program, which includes paid and unpaid digital advertising, event marketing, account-based marketing, content marketing, prospect database nurturing, and other digital marketing activities, is designed to capture inbound marketing leads. We also leverage our expertise and industry intel to identify and engage directly with our prospective customers, especially at the enterprise level. Additionally, we have a broad ecosystem of partners across the cannabis industry and have selectively implemented referral and revenue sharing opportunities with the key players.

We reach each market segment, from emerging small business to enterprise, through channels and tactics that match their expectations for content, outreach, timeliness, and service level. This can require high touch service for some enterprise customers, with more a traditional purchase path for the smallest companies. We hire and train both sales and marketing professionals specialized for the market and the customer segment.

For growth in the regulatory and consulting side, we stay current on emerging legal markets, both nationally and globally to actively conduct outreach and education programs to engage with state regulators and business owners. This strategy strongly supports the growth of our consulting client bases, as we provide license application assistance in new markets, and require in-depth understanding of the regulatory guidelines to be able to successfully win licenses for our customers. We leverage our expertise to provide thought-leadership and industry guidance in order to gain recognition as a leader in the space.

Government Regulation

Cannabis and Cannabis-derived Products

We do not grow, handle, process, or sell cannabis or cannabis-derived products, nor do we ever possess any such material or process any transactions related to the sale of the same. We only provide a technology platform for our clients to assist them with their compliance with state law and to monitor and control their inventory in compliance with state regulatory environments. We do not receive any commissions from sale by our clients and our revenue generation is not based on the sales of cannabis products by our clients, but rather we generate revenues through a fixed-fee based subscription and professional services revenue model. We are not directly subject to state or federal government drug regulation and our products are only intended to be used to assist with compliance with applicable state laws, under which our clients operate.

Our clients are subject to state and federal law as it relates to cannabis growth, processing, and sale. As of March 2023, 38 U.S. states have legalized cannabis in some form. The federal government regulates drugs through the Controlled Substances Act (“CSA”) (21 U.S.C. § 811), which does not recognize the difference between medical and recreational use of cannabis. State laws regulating cannabis are in direct conflict with the CSA, which prohibits cannabis use and possession. Although certain states and territories authorize medical or recreational cannabis cultivation, manufacturing, production, distribution, and sales by licensed or registered entities, under federal law, the cultivation, manufacture, distribution, possession, use, and transfer of cannabis and any related drug paraphernalia, unless specifically exempt, is illegal and any such acts are criminal acts under the CSA.

While the U.S. Department of Justice has used prosecutorial discretion to not prioritize enforcement actions against state-legal cannabis businesses that are compliant with state, county, municipal and other local laws and regulations and which do not trigger any other federal enforcement priorities, the Department of Justice reserves the right to enforce federal law and there can be no assurance that the federal government will not enforce the CSA and related federal laws in the future. Any shift in enforcement priority at the Department of Justice or with the individual U.S. Attorneys with jurisdiction over our clients, could have a drastic and adverse impact upon our clients and our business.

[Table of Contents](#)

While we do not grow, handle, process or sell cannabis or cannabis-derived products, our receipt of funds from clients that do conduct such operations in violation of federal law exposes us to risks related to federal racketeering laws. The Racketeer Influenced Corrupt Organizations Act (“RICO”) is a federal statute providing criminal penalties in addition to a civil cause of action for acts performed as part of an ongoing criminal organization. Under RICO, it is unlawful for any person who has received income derived from a pattern of racketeering activity (which includes most felonious violations of the CSA), to use or invest any of that income in the acquisition of any interest, or the establishment or operation of, any enterprise which is engaged in interstate commerce. RICO also authorizes private parties whose properties or businesses are harmed by such patterns of racketeering activity to initiate a civil action against the individuals involved. Although RICO suits against the cannabis industry are rare, a few cannabis businesses have been subject to a civil RICO action.

Our receipt of payments from clients engaged in state-legal cannabis operations could also subject us to the consequences of a variety of federal laws and regulations that involve money laundering, financial record keeping and proceeds of crime, including the Bank Secrecy Act, as amended by Title III of the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (“USA PATRIOT Act”) and any related or similar rules, regulations or guidelines, issued, administered or enforced by the federal government. Because the funds from activities that are illegal under the CSA, banks and other financial institutions providing services to us risk violation of federal anti-money laundering statutes (18 U.S.C. §§ 1956 and 1957), the unlicensed money-remitter statute (18 U.S.C. § 1960) and the Bank Secrecy Act, among other applicable federal statutes. Banks often refuse to provide banking services to businesses involved in the cannabis industry due to the present state of federal laws and regulations governing financial institutions. The lack of banking and financial services presents unique and significant challenges to businesses in the cannabis industry and we may experience similar difficulties in obtaining and maintaining regular banking and financial services because of the activities of our clients.

Any violations of federal laws and regulations could result in significant fines, penalties, administrative sanctions, convictions or settlements arising from civil proceedings conducted by either the federal government or private citizens or criminal charges, including but not limited to, seizure of assets, disgorgement of profits, cessation of business activities or divestiture. In the event that any of our operations, or any proceeds thereof, any dividends or distributions therefrom, or any profits or revenues accruing from such operations were found to be in violation of money laundering legislation or otherwise, such transactions may be viewed as proceeds of crime under one or more of the statutes noted above or any other applicable legislation. This could restrict or otherwise jeopardize our ability to declare or pay dividends or effect other distributions. Furthermore, while there are no current intentions to declare or pay dividends in the foreseeable future, in the event that a determination was made that our proceeds from operations (or any future operations) could reasonably be shown to constitute proceeds of crime, we may decide or be required to suspend declaring or paying dividends without advance notice and for an indefinite period of time.

Privacy & Customer Data

Regulation related to the provision of services over the Internet is evolving, as federal, state, and foreign governments continue to adopt new, or modify existing, laws and regulations addressing data privacy and the collection, processing, storage, transfer, and use of data. In some cases, data privacy laws and regulations, such as the European Union’s (“EU”) General Data Protection Regulation (“GDPR”) that took effect in May 2018, impose obligations directly on us as both a data controller and a data processor, as well as on many of our clients. In addition, domestic data privacy laws, such as the California Consumer Privacy Act (“CCPA”), which took effect in January 2020, continue to evolve and could expose us to further regulatory burdens. Further, laws such as the EU’s proposed e-Privacy Regulation are increasingly aimed at the use of personal information for marketing purposes and the tracking of individuals’ online activities.

Although we monitor the regulatory environment and have invested in addressing these developments, such as GDPR and CCPA readiness, these laws may require us to make additional changes to our services to enable us or our clients to meet the new legal requirements, and may also increase our potential liability exposure through higher potential penalties for non-compliance. These new or proposed laws and regulations are subject to differing interpretations and may be inconsistent among jurisdictions. These and other requirements could reduce demand for our services, require us to take on more onerous obligations in our contracts, restrict our ability to store, transfer, and process data or, in some cases, impact our ability or our clients’ ability to offer our services in certain locations, to deploy our solutions, to reach current and prospective customers, or to derive insights from customer data globally. The costs of compliance with, and other burdens imposed by, privacy laws, regulations, and standards may limit the use and adoption of our

[Table of Contents](#)

services, reduce overall demand for our services, make it more difficult to meet expectations from or commitments to clients, lead to significant fines, penalties or liabilities for non-compliance, impact our reputation, or slow the pace at which we close sales transactions, any of which could harm our business.

Furthermore, the uncertain and shifting regulatory environment and trust climate may cause concerns regarding data privacy and may cause our clients or our clients' customers to resist providing the data necessary to allow our clients to use our services effectively. Even the perception that the privacy of personal information is not satisfactorily protected or does not meet regulatory requirements could inhibit sales of our products or services and could limit the adoption of our cloud-based solutions.

Patents and Trademarks

We primarily rely upon a combination of confidentiality procedures, contractual provisions, copyright, trademark, patent, and trade secret laws, and other similar measures to protect our proprietary information and intellectual property.

We hold two patents in the U.S., through Solo, related to its Solo*ID proprietary technology. One patent has an issue date of December 1, 2009 and is set to expire on December 1, 2029. The other patent has an issue date of May 31, 2011 and is set to expire on July 11, 2025. We also have two patent applications that are currently pending action by the U.S. Patent Office. One was filed on April 22, 2011 by MJF and the other was filed on January 22, 2022 related to Solo blockchain technology.

We and our wholly-owned subsidiaries hold 19 trademarks in the U.S., principally related to Akerna, MJ Freeway, Leaf Data Systems®, our Daily Dose mailer, Solo*ID and our logos and designs, seven in Canada, principally related to Ample, AmpleCentral, AmpleData, AmpleExchange and Ample's logos and designs and one each with Colombia, Jamaica and the European Union Intellectual Property Office ("EUIPO") related to Ample's logo and designs.

Employees

As of December 31, 2022, we had 112 full time employees. Of these employees, 85 are based in the U.S. and 27 are based in Canada. Our workforce is highly educated, with most of our employees working in engineering, technical, or professional roles. None of our employees is a member of a union or a party to any collective bargaining agreement. We believe our relations with our employees are good.

Legal Proceedings

On December 4, 2020, TechMagic USA LLC ("Tech Magic") filed suit against our wholly-owned subsidiary, Solo, in Massachusetts Superior Court, Department Business Litigation, seeking recovery for certain unpaid invoices pursuant to a Master Services Agreement dated February 5, 2018 (the "Master Services Agreement") by and between TechMagic and Solo. The recovery sought for continued fees under the Master Services Agreement through the end of January 2021. Akerna provided a notice of termination of the Master Services Agreement on November 23, 2020 and the parties dispute the effective date of the termination. Solo disputes the validity of the invoices, in whole or in part. Mr. Ashesh Shah, formerly the president of Solo and currently the holder of less than five percent of our issued and outstanding shares of Common Stock is, to our knowledge, the founder and one of the principal managers of TechMagic. On May 21, 2021, Solo filed suit against two of Solo's former directors, Mr. Shah and Palle Pedersen. Solo sought recovery for Mr. Shah's intentional interference with contractual relations, and the defendant's breaches of various fiduciary duties owed to Solo. Defendant Shah engaged in improper communications with Solo's customers with the intent that those customers cease their contractual relations with Solo. The defendants also entered into an improper contract with a contractual counter party with whom the defendants had a conflict of interest. The defendants filed a motion to dismiss, which the court found unpersuasive and denied. In July 2022, we entered into an agreement with TechMagic and the defendants to dismiss all litigation and claims described above. In connection with the settlement agreement, we reversed our previously accrued loss contingency of \$0.5 million during the second quarter of 2022 and no amounts were paid in cash.

On April 2, 2021, TreCom Systems Group, Inc. ("TreCom") filed suit against Akerna and MJF in federal District Court for the Eastern District of Pennsylvania, seeking recovery of up to approximately \$2.0 million for services allegedly provided pursuant to a Subcontractor Agreement between MJF and TreCom. MJF provided a notice of termination of the operative Subcontractor Agreement on August 4, 2020. MJF disputes the validity of TreCom's invoices and the enforceability of the alleged agreement that TreCom submitted to the court. Akerna filed counterclaims against

[Table of Contents](#)

TreCom for breach of contract, a declaratory judgment, commercial disparagement, and defamation. TreCom failed to return Akerna's intellectual property and issued numerous disparaging statements to one of Akerna's clients. TreCom subsequently filed a motion to dismiss these counterclaims, which was denied by the court. Akerna intends to vigorously defend against TreCom's claims, and pursue its own claims. With respect to the TreCom matter, we established a loss contingency \$0.2 million in 2021 which remains outstanding as of December 31, 2022.

On January 13, 2023, Courier Plus Inc. d/b/a Dutchie ("Dutchie") filed a complaint in the Court of Common Pleas, Dauphin County, Pennsylvania against Akerna and MJF alleging unfair competition, tortious interference and unjust enrichment with respect to MJF's exclusive contract with the State of Pennsylvania. We filed a preliminary objection alleging serious defects, such as jurisdiction, and we worked with the State of Pennsylvania to ensure compliance with our contract. We intend to defend our position vigorously and, at this time, we do not believe an estimate of potential loss, if any, is appropriate.

On May 15 and May 23, 2023, Akerna and all its directors were named in two derivative lawsuits (*McCaffrey v. Akerna et al.* and *Caller v. Akerna et al.*, Nos. 1:23-cv-01213-PAB and 1:23-cv-01300-KLM, respectively) filed in the United States District Court for the District of Colorado by stockholders Albert McCaffrey and Israel Caller, respectively, alleging that the disclosures made regarding the pending transactions with Gryphon and MJ Acquisition violate Sections 14(a) and 20(a) of the Securities and Exchange Act of 1934. The lawsuits contend that the disclosures omit material information regarding the transactions and seek injunctive relief and attorneys' fees. Akerna has not yet responded to either complaint but intends to vigorously defend the lawsuits and, at this time, we do not believe an estimate of potential loss if any, is appropriate.

Company Information

Emerging Growth Company

We are an "emerging growth company" as defined in the Jumpstart Our Business Startups Act of 2012, (the "JOBS Act") because we went public in the U.S. in January 2018 and meet the criteria outlined in the JOBS Act. We will remain an emerging growth company until up to the last day of the fiscal year following the fifth anniversary of our initial public offering, or until the earliest of (i) the last day of the first fiscal year in which our annual gross revenue exceeds \$1.07 billion, (ii) the date that we become a "large accelerated filer" as defined in Rule 12b-2 under the Exchange Act, which would occur if the market value of our common stock that is held by non-affiliates exceeds \$700 million as of the last business day of our most recently completed second fiscal quarter or (iii) the date on which we have issued more than \$1 billion in non-convertible debt during the preceding three-year period. As allowed by the JOBS Act, we have elected to utilize the extended transition period provided to non-public companies for complying with new or revised accounting standards.

AKERNA MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

You should read the following discussion and analysis of Akerna's financial condition and results of operations in conjunction with the audited and interim financial statements and the related notes, each included elsewhere in this proxy statement/prospectus. In addition to historical financial information, the following discussion contains forward-looking statements that reflect Akerna's plans, estimates, beliefs and expectations that involve risks and uncertainties. Akerna's actual results and the timing of events could differ materially from those discussed in these forward-looking statements. Factors that could cause or contribute to these differences include those discussed below and elsewhere in this proxy statement/prospectus, particularly in the sections titled "Risk Factors" and "Cautionary Statement Concerning Forward-Looking Statement."

Akerna is the leading provider of SaaS solutions within the cannabis industry that enable regulatory compliance and inventory management through our wholly-owned subsidiaries MJF, Trellis, Ample, Solo, Viridian, and 365 Cannabis. Our proprietary suite of solutions are adaptable for industries in which interfacing with government regulatory agencies for compliance purposes is required, or where the tracking of organic materials from seed or plant to end products is desired. We also develop products intended to assist states in monitoring licensed businesses' compliance with state regulations and to help state-licensed businesses operate in compliance with such law. We provide our commercial software platform, MJ Platform[®], Trellis[®], Ample, Viridian and 365 Cannabis to state-licensed businesses, and our regulatory software platform, Leaf Data Systems[®], to state government regulatory agencies. Our Viridian and 365 Cannabis solutions are considered enterprise offerings ("Enterprise") and all other solutions are considered non-enterprise offerings ("Non-Enterprise") that meet the needs of our small and medium business ("SMB") and government regulatory agency customers. We offer our software solutions to our customers as a subscription-based service. Subscription fees are based upon the chosen package which includes differentiated platform capabilities, support and user accounts. As customers recognize the value of our platform, we increasingly engage with them to facilitate broad adoption across other parts of their business.

We consult with clients on a wide range of areas to help them successfully maintain compliance with state laws and regulations. We provide project-focused consulting services to clients who are initiating or expanding their cannabis business operations or are interested in data consulting engagements with respect to the legal cannabis industry. Our advisory engagements include service offerings focused on compliance requirement assessments, readiness and best practices, compliance monitoring systems, application processes, inspection readiness, and business plan and compliance reviews. We typically provide our consulting services to clients in emerging markets that are seeking consultation on newly introduced licensing regimes and assistance with the regulatory compliant build-out of operations.

Key Business Metrics

In addition to our results determined in accordance with GAAP, we believe earnings before interest, taxes, depreciation and amortization, or EBITDA, and Adjusted EBITDA are useful in evaluating our operating performance. We use EBITDA and Adjusted EBITDA, to evaluate our ongoing operations and for internal planning and forecasting purposes. Please see the heading "Non-GAAP Financial Measures" for additional discussion and a reconciliation of our net loss determined in accordance with GAAP to these non-GAAP measures.

Key Developments

The following general business developments had or may have a significant impact on our results of operations, financial position and cash flows:

Strategic Shift in Business Strategy

As previously disclosed, we have been engaged in considering strategic partnerships and evaluating potential strategic transactions in a comprehensive effort to address our financial challenges and our ability to continue as a going concern. During the fourth quarter of 2022, we committed to a number of significant actions described below that collectively represent a strategic shift in our business strategy for 2023 and beyond.

Exiting the Enterprise Software Business

The development of our Enterprise software business unit, which began with the acquisitions of Viridian and 365 Cannabis in 2021, did not achieve a sustainable scale in a timely manner consistent with our original plans. Accordingly, we committed to an effort to market this business unit during the fourth quarter of 2022. Ultimately we secured a buyer for 365 Cannabis and were engaged in exclusive negotiations through December 31, 2022 and into January 2023. On January 11, 2023, we completed the sale of 365 Cannabis to the Buyers pursuant to the 365 SPA for (i) cash in the amount of \$0.5 million and the (ii) the termination and release of our obligation to the Buyers for contingent consideration in connection with the Earn-out Obligation, subject to customary post-closing adjustments, if any. Any post-closing adjustments are generally limited to certain adjustments in accounts payable and indemnification obligations in accordance with the 365 SPA. Upon completion of the sale, \$0.4 million of the total cash proceeds was placed into the Restricted Accounts held as security for the Senior Convertible Notes while \$0.1 million was subject to the 365 Holdback by the Buyers to be released to us and also placed into the Restricted Accounts after all post-closing adjustments, if any, are resolved. In accordance with the 365 SPA, we and the Buyers agreed that the value of the Earn-out Obligation was \$2.3 million, a reduction of \$4.0 million from the original estimate, for purposes of the sale of 365 Cannabis and is reflected on our consolidated balance sheets as Contingent consideration payable.

While we explored similar sale options for Viridian, we were unable to commit to any definitive transaction. Accordingly, we informed Viridian's customers that we do not plan to continue software and support services beyond the date of existing contracts, all of which expire during the first quarter of 2023. With the sale of 365 Cannabis and our commitment to wind down the operations of Viridian, we have effectively exited the Enterprise software business. Accordingly, we have suspended efforts to seek any new revenue generating opportunities and will only service the existing customers of Viridian in connection with our contractual commitments. Continuing revenues and expenses in the first quarter of 2023 are not anticipated to be material.

Disposal of Non-Core SMB Software Products and Brands

In addition to our exit from the Enterprise software business, we initiated efforts in the fourth quarter of 2022 to explore a sales process for the non-core components and brands of our SMB/Non-Enterprise business unit, including Trellis, a cultivation and compliance software platform, Solo, a seed-to-sale tagging and tracking software platform, Last Call Analytics ("LCA"), a retail analytics platform and wholly-owned subsidiary of Ample, and our equity investment in Zol Solutions, Inc. ("ZolTrain"). On January 31, 2023, we completed the sale of LCA for cash in the amount of \$0.1 million, subject to post-closing adjustments, if any. In December 2022, we sold our investment in ZolTrain for a nominal amount (see Note 7 — Investments to the consolidated financial statements). While we pursued sale opportunities for Trellis and Solo, we were ultimately unable to commit to any definitive transactions. Accordingly, we have communicated with the remaining customers of those businesses that we will discontinue software service and support upon the expiration of existing contracts during the first half of 2023. Similar to Viridian, as discussed above, we have suspended efforts to seek any new revenue generating opportunities and will only service the existing customers of Solo and Trellis in connection with our contractual commitments. Continuing revenues and expenses in the first half of 2023 are not anticipated to be material.

Exit Strategy

With the completion of the sales of 365 Cannabis, LCA and ZolTrain and the commitment to effectively discontinue and wind down the operations and service associated with Viridian, Solo and Trellis, our remaining core SMB and governmental business unit is comprised of MJF and Ample. Concurrent with the actions described above, we entered into letters of intent with two unrelated parties in the fourth quarter of 2022 to (i) explore the sale of our remaining core SMB and governmental business unit and (ii) realize the potential value of our publicly-held holding company through a merger or similar transaction. Collectively, pursuit of these transactions reflects our intention to fully exit the SaaS industry.

On January 27, 2023, we and Akerna Exchange entered into the Sale Transaction with POSaBIT to sell MJF and Ample to POSaBIT for a purchase price of \$4.0 million in cash. See "Item 1 — Business — Business Overview — Exploration of Strategic Alternatives — Merger and Sale Transaction" for a more detailed description of the Sale Transaction and the underlying MJF-Ample Purchase Agreement.

[Table of Contents](#)

On April 28, 2023, we entered into a securities purchase agreement (the “SPA”) with MJA, a subsidiary of Alleaves. Upon the terms and subject to the satisfaction of the conditions described in the SPA, including approval of the transaction by Akerna’s stockholders, Akerna will sell MJF and Ample to MJA (the “Sale Transaction”) for a purchase price of \$5.0 million, consisting of \$4.0 million in cash at closing and a loan by MJA to Akerna in the principal amount of \$1.0 million evidenced by a note and security documents (as described in detail below) with such note to be deemed paid in full upon closing. The purchase price is subject to adjustment at closing of the Sale Transaction attributable to variances from target working capital (as set forth in the SPA) and further adjustment post-closing upon delivery of a post-closing statement by MJA within 75 days after the closing subject to a \$0.5 million cap on any post-closing working capital adjustments. The closing of the Sale Transaction is subject to customary closing conditions as well as the required approval of the stockholders of Akerna and the simultaneous closing of the merger transaction, as described below. The obligation of MJA to close on the Sale Transaction is also subject to satisfaction of certain additional conditions regarding employee retention and contractual matters associated with MJF’s and Ample’s customers, among others. Under the SPA, Akerna and MJA have agreed to provide limited indemnification to each other with respect to certain tax matters, in each case capped at a maximum amount of \$0.5 million. We or MJA may terminate the SPA upon mutual consent and either party may terminate the SPA unilaterally under certain conditions as described in the SPA. In the event that MJA or Akerna terminates the SPA pursuant to certain of the sections set forth above, Akerna will be required to pay MJA a termination fee of \$290,000 and reimburse MJA for its reasonable fees and expenses up to \$60,000.

On January 27, 2023, we entered into the Merger Agreement with Gryphon and Akerna Merger. Upon the terms and subject to the satisfaction of the conditions provided in the Merger Agreement, including the approval of the transaction by Akerna’s and Gryphon’s stockholders, Akerna Merger will be merged with and into Gryphon with Gryphon surviving the Merger as a wholly-owned subsidiary of Akerna. See “Item 1 — Business — Business Overview — Exploration of Strategic Alternatives — Merger and Sale Transaction” for a more detailed description of the Merger and the underlying Merger Agreement.

Exchange Agreements

In connection with and in support of the Sale Transaction and the Merger, we and each of the holders of the Senior Convertible Notes entered into exchange agreements (the “Exchange Agreements”) whereby the holders would ultimately convert the principal amounts of each of their note holdings to a level that would represent 19.9 percent of the outstanding shares of our common stock, \$0.0001 par value (“Common Stock”) prior to the closing of the Sale Transaction and the Merger. Immediately prior to the stockholder vote required for the closing of those transaction, the remaining Senior Convertible Notes outstanding would be converted into a special class of exchangeable preferred stock to facilitate the required stockholder vote and then be converted into shares of our Common Stock subject to the Merger. For a limited period, the conversion price of the Senior Convertible Notes was lowered to \$1.20 per share from \$4.75 per share. During the six months ended June 30, 2023, the holders of the Senior Convertible Notes converted a total of \$1.5 million of principal for 1,394,251 shares of Common Stock at the lowered prices of \$1.20 and \$0.50 per share. We anticipate scheduling a meeting of stockholders during the third quarter of 2023 to approve the Sale Transaction and the Merger and we expect these transactions to close shortly thereafter.

Secured Note and Ancillary Agreements

On May 3, 2023, we received a loan in the amount of \$1.0 million from MJA in connection with the Sale Transaction. Accordingly, we and MJA entered into a \$1.0 million secured promissory note (the “MJA Note”). The MJA Note bears simple interest at the rate of ten percent (10%) per annum from the date of issuance until repayment of the MJA Note which will be due and payable on April 28, 2024, or, upon completion Sale Transaction, in which case the MJA Note shall be deemed paid in full. Akerna’s obligations under the MJA Note have been secured pursuant to a Security and Pledge Agreement (the “Security Agreement”). The Security Agreement creates a security interest in all of the personal property of Akerna and certain of its subsidiaries. In addition, certain subsidiaries of Akerna entered into a guaranty agreement with MJA (the “Guaranty Agreement”) under which they will guarantee the obligations of the Company under the Security Agreement and the MJA Note.

In connection to the MJA Note, the Security Agreement, and the Guaranty Agreement (collectively, “New Note Transaction Documents”) and solely to permit Akerna to issue the MJA Note and execute and perform its obligations under the New Note Transaction Documents and a Subordination Agreement (as defined below), each of the holders (each, a “Holder”) of the Senior Convertible Notes issued pursuant to a Securities Purchase Agreement dated October 5, 2021 (“2021 SPA”) agreed to waive the prohibition on issuing indebtedness other than Permitted Indebtedness (as defined in the

[Table of Contents](#)

Senior Convertible Notes) pursuant to Section 14(b) of the Senior Convertible Notes and the prohibition permitting Liens (as defined in the Senior Convertible Notes) to exist other than Permitted Liens (as defined in the Senior Convertible Notes) pursuant to Section 14(c) of the Senior Convertible Notes and Section 5(g)(v) of the 2021 SPA (the “Waiver”). In connection to the New Note Transaction Documents, MJA, Akerna, and HT Investments MA LLC (the “Senior Agent”, together with the Holders, the “Senior Creditors”), as collateral agent under the 2021 SPA, each on behalf of the respective Holders, entered into a subordination and intercreditor agreement (the “Subordination Agreement”), whereby the parties agreed that the payment of any and all obligations, liabilities and indebtedness of every nature of Akerna, its applicable subsidiary and/or affiliates from time to time owed to MJA under the Subordinated Debt Documents (as defined in the Subordination Agreement) will be subordinate and subject in right and time of payment, to the prior payment in full of all obligations under the Senior Convertible Notes.

Financial Reporting and Classification

As a result of the corporate actions described above, 365 Cannabis and LCA (together, the “Discontinued Group”) met the criteria to be considered “held for sale” as that term is defined in accounting principles generally accepted in the United States (“GAAP”). Accordingly, the assets and liabilities of these entities are classified and reflected on our consolidated balance sheets as held for sale as of December 31, 2022 and 2021, respectively, and their results of operations are classified as “discontinued operations” in the consolidated statements of operations for the years ended December 31, 2022 and 2021, respectively. Certain financial disclosures including major components of the assets and liabilities and results of operations of the Discontinued Group are provided in Note 17 to the consolidated financial statements. Our core SMB and governmental business unit (MJF and Ample), the businesses for which we have committed to terminate operations (Viridian, Solo and Trellis) and our publicly-held parent holding company (Akerna Corp.) comprise our continuing operations. Collectively, these entities are presented as continuing operations for all periods presented herein and until such time that stockholder approval is received for the Sale Transaction and the Merger.

The results of operations of our discontinued operations and the assets and liabilities of these operations that are held for sale and certain other additional disclosures are provided in Note 17 to the consolidated financial statements.

Preferred Stock Offering and Reverse Stock Split

On October 4, 2022, we completed an offering 400,000 of shares of the Company’s Series A Convertible Redeemable Preferred Stock, par value \$0.0001 per share (the “Series A Preferred Stock”), and 100,000 shares of the Company’s Series B Convertible Redeemable Preferred Stock, par value \$0.0001 per share (the “Series B Preferred Stock,” and together with the Series A Preferred Stock, the “Convertible Redeemable Preferred Stock”), at an offering price of \$9.50 per share, representing a 5 percent original issue discount to the stated value of \$10.00 per share, for gross proceeds of approximately \$4.75 million in the aggregate, before the deduction of \$0.4 million for fees and offering expenses of our financial advisor. We also incurred and paid approximately \$0.1 million of other issue costs attributable to third-party professional and legal fees. The aggregate net proceeds (after deducting the fees and expenses of our financial advisor) together with the additional amount to provide for the 105 percent redemption premium, or \$0.5 million, on the Convertible Redeemable Preferred Stock was deposited in an account with an escrow agent.

On November 7, 2022, we held a special meeting of stockholders to consider an amendment (the “Amendment”) to our Amended and Restated Certificate of Incorporation (the “Charter”), to effect the Reverse Stock Split as determined by our Board of Directors. The holders of the Convertible Redeemable Preferred Stock agreed to not transfer, offer, sell, contract to sell, hypothecate, pledge or otherwise dispose of the shares of the Convertible Redeemable Preferred Stock until the Reverse Stock Split, voted the shares of the Series A Preferred Stock purchased in the offering in favor of the Amendment and voted the shares of the Series B Preferred Stock purchased in the offering in a manner that “mirrored” the proportions on which the shares of Common Stock (excluding any shares of Common Stock that did not vote), the Company’s Special Voting Preferred Stock (excluding any proportion of the Special Voting Preferred Stock that did not vote) and Series A Preferred Stock voted on the Reverse Stock Split. The Reverse Stock Split required the approval of the majority of the issued and outstanding shares entitled to vote on the matter. Because the Series B Preferred Stock was automatically and without further action of the holder voted in a manner that “mirrored” the proportions on which the shares of Common Stock (excluding any shares of Common Stock that were not voted), the Company’s Special Voting Preferred Stock (excluding any proportion of the Special Voting Preferred Stock that was not voted) and Series A Preferred Stock voted on the Reverse Stock Split, abstentions by common stockholders did not have any effect on the votes cast by the holders of the Series B Preferred Stock. The Amendment was approved on November 7, 2022 and the Reverse Stock Split was effectuated at 12:01 a.m. Eastern Standard Time on November 8, 2022.

The holders of all of the Convertible Redeemable Preferred Stock redeemed their shares for cash at 105 percent of the stated value, or \$10.50 per share, of such shares on November 9, 2022. Accordingly, we directed the escrow agent to pay \$5.25 million on November 10, 2022 to the holders from the escrow account established upon the date of the Convertible Redeemable Preferred Stock offering. The amounts paid over the offering price upon redemption are considered “deemed” dividends and reported as a reduction of Additional paid-in capital in the consolidated statement of changes in stockholders’ equity (deficit).

ATM Offering Program

In 2021, we entered into an Equity Distribution Agreement with Oppenheimer & Co. Inc. (“Oppenheimer”) and A.G.P./Alliance Global Partners (“AGP”) pursuant to which we could offer and sell from time to time, up to \$25 million of shares of our Common Stock through an “at the market” equity offering program (the “2021 ATM Program”). From its inception through September 23, 2022, a total of 118,629 shares of Common Stock with an aggregate gross purchase price of \$2.7 million, including 90,808 shares with an aggregate gross purchase price of \$0.8 million sold during 2022, were sold under the 2021 ATM Program. On September 23, 2022, we, Oppenheimer and AGP mutually agreed to terminate the 2021 ATM Program.

On September 28, 2022, we entered into a new agreement with AGP pursuant to which we may offer and sell up to \$20.0 million of shares of our Common Stock (the “2022 ATM Program”) from time to time through AGP as the sales agent for which they will receive a commission of 3.0 percent of the gross proceeds. The 2022 ATM Program is currently limited to \$3.5 million due to certain restrictions imposed by the registration statement underlying the offering (the “Baby Shelf Limitation”). Under the Baby Shelf Limitation, we may not offer Common Stock under the registration statement with a value of more than one-third of the aggregate market value of our Common Stock held by non-affiliates in any twelve-month period, so long as the aggregate market value of our Common Stock held by non-affiliates is less than \$75.0 million. Net proceeds from the sale of Common Stock under the 2022 ATM Program have been and will continue to be used for general corporate purposes including working capital, marketing, product development and capital expenditures. Through December 31, 2022, we sold a total of 552,148 shares of Common Stock with an aggregate gross purchase price of \$1.1 million under the 2022 ATM Program leaving \$2.4 million remaining available under the Baby Shelf Limitation.

2022 Unit Offering

On July 5, 2022, we completed an offering (the “2022 Unit Offering”) which was comprised of an aggregate of (i) 29,382,861 units consisting of 1,469,143 shares of Common Stock together with Common Stock warrants (the “Common Warrants”) to purchase up to 1,469,143 shares of Common Stock (together, the “Units”) and (ii) 14,095,400 pre-funded units, consisting of 14,095,400 pre-funded warrants (“Pre-funded Warrants”) to purchase 704,770 shares of Common Stock, together with Common Warrants, any combination thereof solely to cover over-allotments to purchase up to 704,770 shares of Common Stock (together, the “Pre-funded Units”). The Units were sold at a public offering price of \$0.23 per unit and the Pre-funded Units were sold at a public offering price of \$0.2299 per pre-funded unit. The Pre-Funded Warrants were exercised immediately thereafter at their nominal exercise price of \$0.002 per share. The Common Warrants accompanying each of the Units and Pre-funded Units were issued separately and are immediately tradeable separately upon issuance. The Common Warrants have an exercise price of \$4.60 per share subject to certain adjustments, are immediately exercisable and will expire five years from the date of issuance. In connection with the Convertible Redeemable Preferred Stock offering, the exercise price of the Common Warrants was reduced to \$3.518 per share effective October 5, 2022.

We granted the Underwriter a 45-day option from the effective date of the 2022 Unit Offering to purchase from us (i) additional shares of Common Stock and/or (ii) Common Warrants and/or (iii) Pre-Funded Warrants, in any combination thereof solely to cover over-allotments (the “Over-allotment Option”); however, the Over-allotment Option expired unexercised on August 14, 2022. In addition, we issued to the Underwriter warrants to purchase additional shares of Common Stock (the “Underwriter Warrants”). Upon the expiration of the Over-allotment Option, the Underwriter Warrants provided for the purchase of up to 108,696 shares of Common Stock. The Underwriter Warrants are exercisable at any time and from time to time, in whole or in part, commencing from six months after June 29, 2022 (the “Effective Date”) and ending five years from the Effective Date, at a price per share equal to \$4.60, subject to certain adjustments. In connection with the Convertible Redeemable Preferred Stock offering, the exercise price of the Underwriter Warrants was reduced to \$3.518 per share effective October 5, 2022. The Underwriter Warrants may be transferred by the Underwriter without restriction during the same period.

[Table of Contents](#)

The Unit Offering closed on July 5, 2022 and we received net proceeds of approximately \$9.2 million after deducting underwriting discounts and commissions and related expenses including legal and other professional fees. In connection with an amendment to the Senior Convertible Notes that deferred principal payments to 2023 and provided for certain waivers, among others (see Note 10 - Long Term Debt to the consolidated financial statements), a total of \$7.0 million of the proceeds were deposited into the Restricted Accounts. We used the remaining net proceeds from the 2022 Unit Offering for general corporate purposes, including working capital, marketing, product development and capital expenditures. As of September 30, 2022, a total of 45,652,174 warrants exercisable for 2,282,609 shares of Common Stock remain outstanding from the 2022 Unit Offering including 43,478,261 Common Warrants exercisable for 2,173,913 shares of Common Stock and 2,173,913 Underwriter Warrants exercisable for 108,696 shares of Common Stock.

Restructuring

In May 2022, we implemented a corporate restructuring initiative (the “Restructuring”) as approved by our Board of Directors. The Restructuring resulted in a reduction of our workforce by 59 employees, or approximately 3.3 percent of the Company’s headcount at that time. We incurred costs of approximately \$0.6 million in severance benefits, including employee insurance, associated payroll taxes and legal costs in connection with the Restructuring. This amount was fully attributable to our continuing operations. Of the total, \$0.3 million was included in Sales and marketing costs, \$0.2 million was recorded in Product development costs and less than \$0.1 million was included in each of Cost of revenue and General and administrative expenses, respectively. All amounts incurred were settled in cash during the year ended December 31, 2022. Accordingly, we have no material obligations remaining associated with the Restructuring. In addition to the reduction in force, our executive leadership team was subject to a temporary 25 percent reduction in salary during the second quarter of 2022.

Components of Results of Operations

Revenue

We generate revenue from two primary sources: (1) software and (2) consulting services. Revenue from software comprised approximately 95 percent and 91 percent of our revenue for the years ended December 31, 2022, and 2021, respectively. Revenue from consulting services comprised approximately 5 percent and 9 percent of our revenue for the same periods, respectively.

Software. Our software is solutioned for our key markets, SMB and government regulatory agencies. In these markets, software revenue is generated from subscriptions and services related to the use of our commercial software platforms, MJ Platform®, and our government regulatory platform, Leaf Data Systems®. Software contracts are generally quarterly or annual contracts paid monthly, quarterly, or annually in advance of service and cancellable upon 30 or 90 days’ notice, although we do have many multi-year commercial software contracts. Leaf Data Systems® contracts are generally multi-year contracts payable annually or quarterly in advance of service. MJ Platform® and Leaf Data Systems® contracts generally may only be terminated early for breach of contract as defined in the respective agreements. Amounts that have been invoiced are initially recorded as deferred revenue or contract liabilities.

Consulting Services. Consulting services revenue is generated by providing solutions for prospective and current cannabis, hemp and CBD business operators in the pre-application of licensures and pre-operational phases of development. These services include application and business plan preparation as they seek licenses to be granted. Consulting projects completed during the pre-application phase generally solidify us as the software vendor of choice for subsequent operational phases once the operator is granted the license. As a result, our consulting revenue is driven as new emerging states pass legislation, and as our client-operators gain licenses.

Other Revenue. Our other revenue is derived primarily from point-of-sale hardware and other non-recurring revenue.

Cost of Revenue and Operating Expenses

Cost of Revenue. Our cost of revenue is derived from direct costs associated with operating our commercial and government regulatory software platforms and providing consulting services. The cost of revenue for our commercial and government regulatory platforms relates primarily to hosting and infrastructure costs and subcontractor expenses incurred in connection with certain government contracts. Consulting cost of revenue relates primarily to our

[Table of Contents](#)

employees' and consultants' salaries and other related compensation expenses. We record the cost of revenue using the direct cost method. This method requires the allocation of direct costs including support services and materials to the cost of revenue.

Product Development Expenses. Our product development expenses include salaries and benefits, nearshore contractor expenses, technology expenses, and other overhead related to the ongoing maintenance of our commercial and government regulatory software platforms and planning for new software development. Product development costs, other than software development expenses qualifying for capitalization, are expensed as incurred. Capitalized software development costs consist primarily of employee-related costs. We devote substantial resources to enhancing and maintaining our technology infrastructure, developing new and enhancing existing solutions, conducting quality assurance testing, and improving our core technology.

Sales and Marketing Expenses. Sales and marketing expense is primarily salaries and related expenses, including commissions, for our sales, marketing, and client service staff. We also categorize payments to partners and marketing programs as sales and marketing expenses. Marketing programs consist of advertising, events, such as trade shows, corporate communications, brand building, and product marketing activities. The timing of these marketing events will affect our marketing costs in a particular quarter. We defer the portion of sales commissions that is considered a cost of obtaining a new contract with a customer and amortize these deferred costs over the period of benefit, currently one year. We expense the remaining sales commissions as incurred. The rates at which sales commissions are earned varies depending on a variety of factors, including the nature of the sale (new, renewal, or add-on service offering), the type of service or solution sold, and the sales channel.

General and Administrative Expenses. Our general and administrative expenses include salaries and benefits and other costs of departments serving administrative functions, such as executive and corporate governance, finance and accounting, human resources, public relations and investor relations. In addition, general and administrative expense includes non-personnel costs, such as professional fees and other supporting corporate expenses not allocated to cost of revenue, product and development or sales and marketing.

Revenue

Software Revenue

Total software revenue declined to \$12.9 million for the year ended December 31, 2022 from \$16.0 million for the year ended December 31, 2021, for a decrease of \$3.1 million, or 19 percent. Software revenue accounted for 95 percent and 91 percent of total revenue in 2022 and 2021, respectively. The decline is primarily attributable to (i) customer attrition and declines in business development with a focus on maintenance-only after the Restructuring for Ample, Solo, Trellis and Viridian (\$2.1 million), (ii) the loss of subscription service for the state of Washington for 2022 (\$0.7 million) and (iii) the transition of a key client's business from implementation fees to traditional subscription service from 2021 to 2022 (\$0.5 million). These declines were partially offset by higher revenues attributable to subscription service for the states of Utah and Pennsylvania (\$0.2 million) and higher revenues attributable to a new text-capable application (\$0.1 million).

Consulting Revenue

Our consulting revenue was \$0.7 million for the year ended December 31, 2022 compared to \$1.5 million for the year ended December 31, 2021, a decrease of \$0.8 million, or 55 percent. Consulting revenue was 5 percent and 9 percent of total revenue for 2022 and 2021, respectively. Due to the nature of consulting revenue, our dependence on emerging market activity as a driver of demand, the percentage of consulting revenue over total revenue has varied from period to period depending on whether state legislation has expanded to allow new market entrants or growth of existing market participant operations.

Other Revenue

Other revenue includes retail/resale revenue, which is generated from point-of-sale hardware and other non-recurring revenues. Other revenue was less than \$0.1 million and \$0.1 million for the years ended December 31, 2022 and 2021 and was less than 1 percent of total revenue for each of the years ended December 31, 2022 and 2021, respectively.

Cost of Revenue

Cost of revenue decreased to \$5.4 million for the year ended December 31, 2022 from \$7.4 million for the year ended December 31, 2021, for a decrease of \$2.0 million, or 27 percent. The decrease was due primarily to the following (i) \$0.8 million of lower software application and hosting expenses, (ii) \$0.5 million of lower hardware and platform license expenses, (iii) \$0.2 million of lower salary-related and contractor expenses and (iv) \$0.1 million of lower stock-based compensation. In addition, we recorded a reversal of a legal contingency of \$0.5 million that was initially recognized in 2021 (see Note 12 — Commitments and Contingencies to the consolidated financial statements for further discussion of this matter).

Gross Profit

Gross profit decreased to \$8.2 million for the year ended December 31, 2022 from \$10.2 million for the year ended December 31, 2021, for a decrease of \$2.0 million, or 19 percent. Gross profit percentage increased to 60 percent for the year ended December 31, 2022 from 58 percent for the year ended December 31, 2021. This decline in gross profit was due primarily to the decline in revenue despite the higher relative gross profit margin.

Operating Expenses

Product Development

Product development expense decreased to \$4.7 million for the year ended December 31, 2022 from \$5.9 million for the year ended December 31, 2021, for a decrease of \$1.2 million, or 20 percent. The decrease was due primarily to lower salary-related and contractor expenses in the amount of \$0.9 million and \$0.5 million of lower stock-based compensation expense. In addition, we incurred \$0.2 million of lower recruiting expenses. These declines were primarily attributable to the effects of the Restructuring in 2022 which reduced our overall headcount. The

[Table of Contents](#)

restructuring resulted in \$0.2 million of direct costs attributable to Product development. In addition, we incurred higher software application and hosting expenses of \$0.1 million and a \$0.1 million increase to a legal settlement reserve in the 2022 period.

Sales and Marketing

Sales and marketing expense decreased to \$6.1 million for the year ended December 31, 2022 from \$7.7 million for the year ended December 31, 2021, for a decrease of \$1.7 million or 21 percent. The decrease was due primarily to lower salary-related and contractor expenses in the amount of \$1.2 million and \$0.5 million of lower stock-based compensation expense. We also incurred \$0.2 million of lower trade show and related promotional expenses during 2022. These declines were primarily attributable to the effects of the Restructuring in 2022 which reduced our overall headcount. The restructuring resulted in \$0.3 million of direct costs attributable to Sales and marketing. In addition, we incurred higher software and application expenses of \$0.1 million in the 2022 period.

General and Administrative

General and administrative expense decreased to \$8.3 million for the year ended December 31, 2022 from \$10.2 million for the year ended December 31, 2021, for a decrease of \$1.8 million, or 18 percent. This decrease was due primarily to \$2.4 million of lower restructuring costs as the 2021 period included the termination of our office spaces in Denver in December 2021 and Toronto in June 2021 and the associated write-off of certain leasehold improvements. In addition, we had a reduction in acquisition-related expenses of \$0.4 million as we completed two acquisitions, Viridian and 365 Cannabis, during 2021 and none in 2022. These decreases were partially offset by (i) \$0.4 million of higher salary and related benefits and recruiting costs due in part to addressing employee turnover in certain key management positions, (ii) \$0.3 million of higher professional fees due primarily to multiple proxy solicitations for shareholder votes including the Reverse Stock Split and multiple SEC filings associated with the proxies and the 2022 ATM Program and (iii) \$0.3 million of higher software and applications costs.

Depreciation and Amortization

Depreciation and amortization expense increased to \$5.6 million for the year ended December 31, 2022 from \$5.2 million for the year ended December 31, 2021. The increase is due primarily to an increase of \$2.8 million in capitalized software during 2022 prior to the assessment for impairment during the fourth quarter of 2022 (see below).

Impairment of long-lived assets

During 2022, we determined that the carrying value of the capitalized software associated with MJF, Solo, Trellis and Viridian were not recoverable with its undiscounted cash flows during their remaining useful lives. Accordingly, we recorded a charge of \$4.6 million to fully impair these assets. With the exception of the intangible assets attributable to Ample, we fully impaired our intangible assets due to our intention to discontinue Solo, Trellis and Viridian resulting in a charge of \$3.2 million. Based on our qualitative assessment of goodwill and consideration of the Sale Transaction as well as our intention to wind down and discontinue service for Solo, Trellis and Viridian, we determined in December 2022 that it was necessary to impair the remaining goodwill asset by an incremental \$3.8 million. During the first and second quarters of 2022, we recognized impairments of \$15.4 million and \$11.9 million to goodwill, respectively, due primarily to continued declines in market valuations. During the year ended December 31, 2021, primarily due to a continued decline in market valuation and a flattening in the operating results of Ample, Solo, Trellis and Viridian compared to acquisition assumptions, we recognized an impairment of \$14.4 million to goodwill.

Non-GAAP Financial Measures

In addition to our results determined in accordance with GAAP, we believe the following non-GAAP measures are useful in evaluating our operating performance. We use the following non-GAAP financial information to evaluate our ongoing operations and for internal planning and forecasting purposes. We believe that non-GAAP financial information, when taken collectively, may be helpful to investors because it provides consistency and comparability with past financial performance. However, non-GAAP financial information is presented for supplemental informational purposes only, has limitations as an analytical tool, and should not be considered in isolation or as a substitute for financial information presented in accordance with GAAP.

[Table of Contents](#)

Investors are cautioned that there are material limitations associated with the use of non-GAAP financial measures as an analytical tool. Other companies, including companies in our industry, may calculate similarly titled non-GAAP measures differently or may use other measures to evaluate their performance, all of which could reduce the usefulness of our non-GAAP financial measures as tools for comparison. We attempt to compensate for these limitations by providing specific information regarding the GAAP items excluded from these non-GAAP financial measures.

Investors are encouraged to review the related GAAP financial measures and the reconciliation of these non-GAAP financial measures with their most directly comparable GAAP financial measures and not rely on any single financial measure to evaluate our business.

EBITDA and Adjusted EBITDA

We believe that EBITDA and Adjusted EBITDA, when considered with the consolidated financial statements determined in accordance with GAAP, are helpful to investors in understanding our performance and allows for comparison of our performance and credit strength to our peers. EBITDA and Adjusted EBITDA should not be considered alternatives to net loss as determined in accordance with GAAP as indicators of our performance or liquidity.

We define EBITDA as net loss before loss from discontinued operations, net of tax, interest expense (income), net, changes in fair value of convertible notes, changes in fair value of derivative liability, provision for income taxes, and depreciation and amortization. We calculate Adjusted EBITDA as EBITDA further adjusted to exclude the effects of the following items for the reasons set forth below:

- impairment of long-lived assets, as this is a non-cash, non-recurring item, which effects the comparability of results of operations and liquidity;
- stock-based compensation expense, as this represents a non-cash charge and our mix of cash and share-based compensation may differ from other companies, which affects the comparability of results of operations and liquidity;
- costs incurred in connection with business combinations that are required to be expensed as incurred in accordance with GAAP, because business combination costs are specific to the complexity and size of the underlying transactions and are not reflective of our ongoing operations;
- costs incurred in connection with non-recurring financing activities and related transactions, including the Reverse Stock Split as well as fees incurred as a direct result of electing the fair value option to account for our debt instruments;
- restructuring charges, which includes severance costs to terminate employees in functions that have been eliminated, costs to terminate a lease and the related non-cash write-off of leasehold improvements and furniture, as we believe these costs are not representative of operating performance;
- gain on the forgiveness of PPP loan, as this is a one-time forgiveness of debt that is not recurring across all periods and we believe inclusion of the gain is not representative of operating performance;
- gain on the extinguishment of debt attributable to repayment of the 2020 Notes prior to their maturity that is not recurring across all periods and we believe inclusion of the gain is not representative of operating performance;
- loss on sale of investment that is not recurring across all periods and we believe inclusion of the loss is not representative of operating performance;
- equity in losses of investees because our share of the operations of investees is not representative of our own operating performance and may not be monetized for a number of years;
- other non-operating income which affects the comparability of results of operations and liquidity.

Revenue

Software Revenue

Total software revenue declined to \$4.8 million for the six months ended June 30, 2023 from \$7.2 million for the six months ended June 30, 2022, for a decrease of \$2.3 million, or 32%. Software revenue accounted for substantially all of our revenues for the six months ended June 30, 2023 and approximately 93 percent for the six months ended June 30, 2022. The decline is primarily attributable to (i) customer churn in our MJ Platform (\$0.4 million) and Ample (\$0.5 million) service offerings, (ii) lower continuing Leaf Data Systems revenues and fewer change requests attributable to our two state clients and the transition of a key client's business from implementation fees to traditional subscription service from the 2022 period to the 2023 period (\$0.7 million) and (iii) the effects of the planned exit from our Solo, Trellis and Viridian platforms (\$0.7 million).

Consulting Revenue

In connection with the pending Sale Transaction and the Merger, we have de-emphasized our consulting services during the six months ended June 30, 2023.

Other Revenue

Other revenue includes retail/resale revenue, which is generated from point-of-sale hardware, and other non-recurring revenues. Other revenue was less than one percent of total revenues for each of the six months ended June 30, 2023 and 2022, respectively.

Cost of Revenue

Our cost of revenue was \$2.0 million for the six months ended June 30, 2023, compared to \$2.7 million for the six months ended June 30, 2022, reflecting a decline of \$0.7 million, or 25 percent. The decrease was due primarily to the following: (i) lower hosting services and platform license costs of \$0.9 million during the 2023 period and (ii) lower salary-related and contractor and consultant costs of \$0.5 million in the 2023 period partially offset by the effect of a \$0.5 million reversal of a legal contingency in the 2022 period and \$0.2 million of costs capitalized during the 2022 period while no such costs were capitalized during the 2023 period.

Gross Profit

Gross profit was \$2.9 million for the six months ended June 30, 2023, compared to \$5.0 million for the six months ended June 30, 2022, for a decrease of \$2.2 million or 43 percent. The gross profit margin declined to 59 percent during the 2023 period from 65 percent in the 2022 period due primarily to a higher weighting of lower-margin contracts in the 2023 period as compared to the 2022 period as well as the effects of continuing to service the remaining products of Trellis, Solo and Viridian in the absence of any new revenue streams.

Operating Expenses

Product Development

Product development expense was \$1.5 million for the six months ended June 30, 2023, compared to \$3.0 million for the six months ended June 30, 2022, representing a decrease of \$1.5 million, or 50 percent. The decrease is due primarily to lower salary-related and contractor expenses in the amount of \$1.9 million and \$0.2 million of restructuring charges. These declines were primarily attributable to the actions that we took in the second quarter of 2022 associated with the Restructuring which reduced our overall headcount. The decline was partially offset by \$0.6 million of costs capitalized during the 2022 period while no such costs were capitalized during the 2023 period

Sales and Marketing

Sales and marketing expense was \$1.4 million for the six months ended June 30, 2023, compared to \$4.0 million for the six months ended June 30, 2022, a decrease of \$2.6 million, or 64 percent. These declines were due primarily to lower salary-related and contractor expenses in the amount of \$2.0 million, lower software application costs and trade show and related promotional expenses of \$0.4 million and lower restructuring charges of \$0.3 million.

[Table of Contents](#)

These declines were primarily attributable to the actions that we took in the second quarter of 2022 associated with the Restructuring which reduced our overall headcount. The decline was partially offset by \$0.1 million of higher stock-based compensation expense during the 2023 period.

General and Administrative

General and administrative expense was \$3.1 million for the six months ended June 30, 2023, compared to \$4.6 million for the six months ended June 30, 2022, a decrease of \$1.5 million, or 33 percent. The decrease was due primarily to the following: (i) lower overall compensation-related and contractor costs of \$0.4 million during the 2023 period attributable to lower overall headcount and lower stock-based and performance-based incentive compensation, (ii) lower recurring professional fees of \$0.8 million during the 2023 period, (iii) lower occupancy and support costs of \$0.2 million during the 2023 period as we operated on a 100 percent remote basis and (iv) lower bad debt and franchise and sales and use tax expenses of \$0.5 million. These declines were partially offset by \$0.4 million of professional fees and related costs associated with the Sales Transaction and the Merger.

Depreciation and Amortization

Depreciation and amortization expense decreased to \$0.6 million for the six months ended June 30, 2023 from \$2.9 million for the six months ended June 30, 2022, representing a decrease of \$2.4 million, or 80%. The decrease is due to the substantial impairments of capitalized software and intangible assets that were recorded during 2022.

Impairment of Long-lived Assets

There were no impairment charges recognized in the six months ended June 30, 2023 while we impaired (i) goodwill associated with the Ample (\$10.7 million), Solo (\$11.2 million), Trellis (\$1.6 million) and Viridian (\$3.9 million) platforms and (ii) intangible assets (\$2.2 million) and capitalized software (\$1.0 million) associated with the Solo platform during the six months ended June 30, 2022.

Software revenue accounted for substantially all of our revenues for the three months ended June 30, 2023 and approximately 96 percent for the three months ended June 30, 2022. The decline is primarily attributable to (i) customer churn in our MJ Platform (\$0.2 million) and Ample (\$0.3 million) service offerings, (ii) lower continuing Leaf Data Systems revenues and fewer change requests attributable to our two state clients and the transition of a key client's business from implementation fees to traditional subscription service from the 2022 period to the 2023 period (\$0.2 million) and (iii) the effects of the planned exit from our Solo, Trellis and Viridian platforms (\$0.4 million).

Consulting Revenue

In connection with the pending Sale Transaction and the Merger, we have de-emphasized our consulting services during the three months ended June 30, 2023.

Other Revenue

Other revenue includes retail/resale revenue, which is generated from point-of-sale hardware, and other non-recurring revenues. Other revenue was less than one percent of total revenues for each of the three months ended June 30, 2023 and 2022, respectively.

Cost of Revenue

Our cost of revenue was \$1.0 million for the three months ended June 30, 2023, compared to \$1.2 million for the three months ended June 30, 2022, reflecting a decline of \$0.2 million, or 18 percent. The decrease was due primarily to the following: (i) lower hosting services and platform license costs of \$0.5 million during the 2023 period, (ii) lower salary-related and contractor and consultant costs of \$0.2 million in the 2023 period and (iii) lower support costs of \$0.1 million during the 2023 period partially offset by the effect of a \$0.5 million reversal of a legal contingency in the 2022 period and \$0.1 million of costs capitalized during the 2022 period while no such costs were capitalized during the 2023 period.

Gross Profit

Gross profit was \$1.3 million for the three months ended June 30, 2023, compared to \$2.3 million for the three months ended June 30, 2022, for a decrease of \$1.0 million or 43 percent. The gross profit margin declined to 58 percent during the 2023 period from 66 percent in the 2022 period due primarily to a higher weighting of lower-margin contracts in the 2023 period as compared to the 2022 period as well as the effects of continuing to service the remaining products of Trellis, Solo and Viridian in the absence of any new revenue streams.

Operating Expenses

Product Development

Product development expense was \$0.7 million for the three months ended June 30, 2023, compared to \$1.3 million for the three months ended June 30, 2022, representing a decrease of \$0.6 million, or 48 percent. The decrease is due primarily to lower salary-related and contractor expenses in the amount of \$0.5 million and the effect of \$0.2 million of restructuring charges recorded in the 2022 period. These declines were primarily attributable to the actions that we took in the second quarter of 2022 associated with the Restructuring which reduced our overall headcount. The decline was partially offset by \$0.1 million of higher stock-based compensation during the 2023 period.

Sales and Marketing

Sales and marketing expense was \$0.7 million for the three months ended June 30, 2023, compared to \$2.0 million for the three months ended June 30, 2022, a decrease of \$1.3 million, or 67 percent. These declines were due primarily to lower salary-related and contractor expenses in the amount of \$0.9 million, lower software applications costs

[Table of Contents](#)

and trade show and related promotional expenses of \$0.1 million and lower restructuring charges of \$0.3 million. These declines were primarily attributable to the actions that we took in the second quarter of 2022 associated with the Restructuring which reduced our overall headcount.

General and Administrative

General and administrative expense was \$1.5 million for the three months ended June 30, 2023, compared to \$2.7 million for the three months ended June 30, 2022, a decrease of \$1.2 million, or 44 percent. The decrease was due primarily to the following: (i) lower overall compensation-related and contractor costs of \$0.1 million during the 2023 period attributable to lower overall headcount and lower stock-based and performance-based incentive compensation, (ii) lower recurring professional fees of \$0.7 million during the 2023 period, (iii) lower occupancy and support costs of \$0.1 million during the 2023 period as we operated on a 100 percent remote basis and (iv) lower credit loss expenses of \$0.3 million. These declines were partially offset by \$0.1 million of professional fees and related costs associated with the Sales Transaction and the Merger.

Depreciation and Amortization

Depreciation and amortization expense decreased to \$0.3 million for the three months ended June 30, 2023 from \$1.4 million for the three months ended June 30, 2022, representing a decrease of \$1.1 million, or 81 percent. The decrease is due to the substantial impairments of capitalized software and intangible assets that were recorded during 2022.

Impairment of Long-lived Assets

There were no impairment charges recognized in the three months ended June 30, 2023 while we impaired goodwill associated with the Ample (\$2.7 million), Solo (\$4.9 million), Trellis (\$0.4 million) and Viridian (\$3.9 million) platforms during the six months ended June 30, 2022. In addition, we fully impaired the remaining intangible assets (\$2.2 million) and capitalized software (\$1.0 million) associated with the Solo platform during the six months ended June 30, 2022.

Non-GAAP Financial Measures

In addition to our results determined in accordance with GAAP, we believe the following non-GAAP measures are useful in evaluating our operating performance. We use the following non-GAAP financial information to evaluate our ongoing operations and for internal planning and forecasting purposes. We believe that non-GAAP financial information, when taken collectively, may be helpful to investors because it provides consistency and comparability with past financial performance. However, non-GAAP financial information is presented for supplemental informational purposes only, has limitations as an analytical tool, and should not be considered in isolation or as a substitute for financial information presented in accordance with GAAP.

Investors are cautioned that there are material limitations associated with the use of non-GAAP financial measures as an analytical tool. Other companies, including companies in our industry, may calculate similarly titled non-GAAP measures differently or may use other measures to evaluate their performance, all of which could reduce the usefulness of our non-GAAP financial measures as tools for comparison. We attempt to compensate for these limitations by providing specific information regarding the GAAP items excluded from these non-GAAP financial measures.

Investors are encouraged to review the related GAAP financial measures and the reconciliation of these non-GAAP financial measures to their most directly comparable GAAP financial measures and not rely on any single financial measure to evaluate our business.

EBITDA and Adjusted EBITDA

We believe that EBITDA and Adjusted EBITDA, when considered with the financial statements determined in accordance with GAAP, are helpful to investors in understanding our performance and allows for comparison of our performance and credit strength to our peers. EBITDA and Adjusted EBITDA should not be considered alternatives to net loss as determined in accordance with GAAP as indicators of our performance or liquidity.

[Table of Contents](#)

We define EBITDA as net loss before loss from discontinued operations, net of tax, interest expense, net, changes in fair value of convertible notes, changes in fair value of derivative liability, provision for income taxes, and depreciation and amortization. We calculate Adjusted EBITDA as EBITDA further adjusted to exclude the effects of the following items for the reasons set forth below:

- impairment of long-lived assets, as this is a non-cash, non-recurring item, which affects the comparability of results of operations and liquidity;
- stock-based compensation expense, because this represents a non-cash charge and our mix of cash and stock-based compensation may differ from other companies, which affects the comparability of results of operations and liquidity;
- cost incurred in connection with strategic transactions including the Sale Transaction, the Merger and business combinations that are required to be expensed as incurred in accordance with GAAP, because such costs are specific to the complexity and size of the underlying transactions and these costs are not reflective of our ongoing operations;
- restructuring charges, which includes severance costs to terminate employees in functions that have been eliminated as we believe these costs are not representative of operating performance;

The reconciliation of net loss to EBITDA and Adjusted EBITDA is as follows:

Going Concern and Management's Liquidity Plans

In accordance with the Financial Accounting Standards Board's ("FASB") standard on going concern, Accounting Standard Update No. 2014-15, *Disclosure of Uncertainties about an Entity's Ability to Continue as a Going Concern* ("ASU 2014-15"), we assess going concern uncertainty in our consolidated financial statements to determine if we have sufficient cash, cash equivalents and working capital on hand, including marketable equity securities, and any available borrowings on loans, to operate for a period of at least one year from the date the consolidated financial statements are issued, which is referred to as the "look-forward period" as defined by ASU 2014-15. As part of this assessment, based on conditions that are known and reasonably knowable to us, we will consider various scenarios, forecasts, projections, estimates and will make certain key assumptions, including the timing and nature of projected cash expenditures or programs, and our ability to delay or curtail expenditures or programs, if necessary, among other factors. Based on this assessment, as necessary or applicable, we make certain assumptions regarding implementing curtailments or delays in the nature and timing of programs and expenditures to the extent we deem probable that such implementations can be achieved and we have the proper authority to execute them within the look-forward period in accordance with ASU 2014-15.

The accompanying consolidated financial statements have been prepared on the basis that we will continue as a going concern, which contemplates realization of assets and the satisfaction of liabilities in the normal course of business. However, since our inception in 2019 we have incurred recurring losses from operations, used cash from operating activities, and relied on capital raising transactions to continue ongoing operations. As of June 30, 2023, we had a working capital deficit of \$9.7 million with \$1.3 million in cash available to fund future operations including \$0.5 million in cash that was classified as "restricted" as of June 30, 2023. The restrictions on those accounts were eliminated in July 2023 and the amounts became fully available for our use as working capital. Furthermore, on March 22 and 23, 2023, respectively, we received two notices (the "Notices") from The Nasdaq Stock Market LLC ("Nasdaq") indicating (i) that the bid price of the Company's Common Stock is not currently in compliance with the requirement to maintain a minimum bid price of \$1.00 per share (the "Bid Price Notice") and (ii) the Company's stockholders' equity is below the minimum listing standard requirement of \$2.5 million for continued listing on the Nasdaq. The Notices have no immediate effect on the continued listing status of our Common Stock on the Nasdaq, and, therefore, our listing remains fully effective. We are provided a compliance period of 180 calendar days from the date of the Bid Price Notice, or until September 18, 2023, to regain compliance with the minimum closing bid requirement. regarding the Stockholder Equity Notice, we were provided a 45 day period in which to submit a plan to regain compliance. On May 8, 2023, we submitted the required compliance plan to the listings staff of the Nasdaq which, if accepted, Nasdaq may grant an extension of up to 180 calendar days from the date of the Stockholder Equity Notice, or September 19, 2023, to evidence compliance. We are currently waiting on a response from the Nasdaq regarding the acceptance of the compliance plan. Collectively, these factors raise substantial doubt regarding the ability of the Company to continue as a going concern for the twelve months following the issuance of our condensed consolidated financial statements.

As described above and in Note 1 to the consolidated financial statements, we have committed to the Sale Transaction to complete our intended exit from the SaaS industry and to the Merger as the most favorable strategic alternative for our stockholders. There can be no assurance that we will be successful in executing and completing the Sale Transaction and the Merger and obtaining sufficient funding, if necessary, on terms acceptable to us to fund continuing operations through the anticipated closing of the aforementioned transactions, if at all. Our ability to continue as a going concern is dependent upon our ability to successfully execute the aforementioned transactions. Despite the comprehensive scope of our collective plans, the inherent risks associated with their successful execution are not sufficient to fully overcome substantial doubt about our ability to continue as a going concern for one year from the date of issuance of our consolidated financial statements. Accordingly, if we are unable to execute our plans within the timeframe described above, we may have to reduce or otherwise curtail our continuing operations which could significantly and adversely affect our results of operations or we may determine to dissolve and liquidate our assets. If we fail to meet the financial covenants of the Senior Convertible Notes and cannot obtain a waiver from such provisions or otherwise come to an agreement with the holders of the Senior Convertible Notes, such holders may declare a default which could subject our assets to seizure and sale, negatively impacting our business. The accompanying consolidated financial statements do not include any adjustments related to the recoverability and classification of assets or the amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

Cash Flows

Our cash and restricted cash balance was \$8.2 million, including \$0.3 million attributable to discontinued operations, as of December 31, 2022. Cash flow information is as follows:

Operating Activities

Our largest source of operating cash is cash collections from our customers for subscriptions to our products. Our primary uses of cash in operating activities are for employee-related expenditures, marketing expenses and third-party hosting costs. Net cash used in operating activities is impacted by our net loss adjusted for certain non-cash items, including depreciation and amortization expenses, impairments of long-lived assets, changes in the fair value of convertible notes, derivative liabilities and contingent consideration obligations, stock-based compensation, deferred income taxes, gains on the forgiveness and extinguishment of debt instruments, among other non-cash items as well as the effect of changes in operating assets and liabilities.

Net cash used in operating activities increased \$2.7 million to \$10.9 million during the year ended December 31, 2022 from \$8.2 million during the year ended December 31, 2021. The increase in the use of cash from operating activities in the 2022 period as compared to the 2021 period was due primarily to the use of cash in the 2022 period associated with businesses that were acquired in 2021 particularly 365 Cannabis which became operational in the fourth quarter of 2021. The increase in the use of cash during the 2022 period was partially offset by lower payments during the 2022 period for (i) acquisition-transaction costs, (ii) restructuring costs and (iii) general operating costs in the second half of 2022 as a result of headcount reductions associated with the Restructuring that was implemented in May 2022.

Net cash used in operating activities declined to \$4.1 million during the six months ended June 30, 2023 from \$7.2 million during the six months ended June 30, 2022 due primarily to the elimination of costs associated with salaries and benefits and related support costs as a result of the actions taken during the second quarter of 2022 associated with the Restructuring which lowered our overall employee headcount. In addition, the 2023 period only includes one month of cash utilization by our discontinued operations 365 Cannabis and LCA and lower activity levels for all of our continuing operations including Solo, Trellis and Viridian which we have committed to winding down and terminating prior to the Merger and Sale Transaction.

Investing Activities

Our primary investing activities have consisted of capitalization of internal-use software necessary to deliver significant new features and functionality in our platforms which provide value to our customers. Other investing activities include cash outflows related to purchases of property and equipment, and from time-to-time, the cash paid for asset and business acquisitions.

[Table of Contents](#)

Net cash used in investing activities decreased \$6.5 million to \$4.0 million during the year ended December 31, 2022 from \$10.5 million during the year ended December 31, 2021. The decrease is due primarily to the (i) net cash paid as consideration for the 365 Cannabis acquisition and (ii) higher amounts invested in the development of our software products in the 2021 period. In addition, the use of cash in the 2022 period was partially offset by a return of cash attributable to working capital from the 365 Cannabis acquisition and proceeds from the sale of our investment in ZoTrain.

Net cash provided by investing activities totaled \$0.6 million during the six months ended June 30, 2023, as a result of sale of the 365 Cannabis and LCA business units in January 2023. Net cash used by investing activities during the six months ended June 30, 2022, was \$1.4 million which was related to the development of our software products.

Financing Activities

Our financing activities have consisted primarily of proceeds from issuance of our Common Stock, including those through the 2022 Unit Offering and our ATM program, issuances and repayments attributable to our convertible debt and the value of shares withheld from the vesting of certain stock-based compensation awards.

During the year ended December 31, 2022, we received net proceeds of \$9.2 million from the 2022 Unit Offering and \$1.9 million from the issuance of 642,956 shares of Common Stock through the ATM programs which was partially offset by \$1.4 million of principal payments on the Senior Convertible Notes. In addition, we paid approximately \$1.0 million, net, in cash for the offering and subsequent redemption associated with the Convertible Redeemable Preferred Stock that was necessary to effectuate the Reverse Stock Split. During the year ended December 31, 2021, we received (i) cash proceeds of \$18.0 million from the issuance of Senior Convertible Notes in October 2021 and (ii) cash proceeds in the amount of \$1.8 million from the issuance of 27,819 shares of Common Stock through our 2021 ATM program. These cash receipts were partially offset by the value of shares withheld for tax withholdings and payments of principal on the 2020 Notes in the amount of \$0.5 million and \$4.6 million, respectively. During the six months ended June 30, 2023, we made \$4.9 million of principal payments on the Senior Convertible Notes. The funds for the payments were sourced from the proceeds of the sale of our discontinued operations and from releases from the restricted cash accounts.

During the six months ended June 30, 2023 and 2022 we made \$4.9 million and \$1.5 million of principal payments on the Senior Convertible Notes, respectively. The funds for the payments in the 2023 period were sourced from the proceeds of the sale of our discontinued operations and from releases from the restricted cash accounts while the payments in the 2022 period were sourced from cash on hand and from \$0.8 million of proceeds received from the issuance of shares under our ATM program. In June 2023, we completed the PIPE Investment which provided proceeds of \$0.5 million. In May 2023, we received proceeds of \$1.0 million from the issuance of the MJA Note. During each of the six months ended June 30, 2023 and 2022, the value of shares withheld for income taxes from the vesting of stock-based compensation awards was less than \$0.1 million, respectively.

Off-Balance Sheet Arrangements

Critical Accounting Policies and Significant Judgments and Estimates

Our consolidated financial statements and the related notes included in this Annual Report on Form 10K are prepared in accordance with GAAP. The preparation of these consolidated financial statements requires us to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue, costs and expenses, and related disclosures. To the extent that there are material differences between these estimates and actual results, our financial condition or results of operations would be affected. We evaluate our estimates and assumptions on an ongoing basis. Our estimates are based on historical experience and various other assumptions that we believe to be reasonable under the circumstances. Our actual results could differ from these estimates.

Critical accounting policies and estimates are those that we consider critical to understanding our historical and future performance, as these policies relate to the more significant areas involving management's judgments and estimates.

Revenue Recognition

We generate revenue through the sale of our cloud-based software and the delivery of consulting services. Revenues are recognized when control of these services is transferred to our customers in an amount that reflects the consideration we expect to be entitled to in exchange for those services. We determine revenue recognition through the following steps:

- Identification of the contract, or contracts, with a customer
- Identification of the performance obligations in the contract
- Determination of the transaction price
- Allocation of the transaction price to the performance obligations in the contract
- Recognition of revenue when, or as, we satisfy a performance obligation

We recognize subscription on a ratable basis over the contract term beginning on the date that our service is made available to the customer. Our subscription contracts range from twelve months to thirty-six months in duration, are billed in advance and are non-cancelable. We consider the access to our platform and related support services in a customer contract to be a series of distinct services which comprise a single performance obligation because they are substantially the same and have the same pattern of transfer. Amounts that have been invoiced are recorded in accounts receivable and in deferred revenue or revenue, depending on whether transfer of control to customers has occurred. We record contract liabilities to deferred revenue when cash payments are received or due. Deferred revenue consists of the unearned portion of customer billings.

Consulting revenue contracts have an initial set of proprietary deliverables that are provided to clients upfront, which is considered a separate performance obligation. As such, 30% of the contract value is recognized upfront when deliverables are provided, with the remaining recognized over the life of the contract as the consulting services are performed.

Capitalized Software Development Costs

We capitalize software development costs incurred to develop functionality for our commercial software platforms and government regulatory software platform, as well as certain upgrades and enhancements that are expected to result in enhanced functionality. These costs include personnel and related expenses for employees, costs of third-party contractors and other services directly associated with the development projects. We capitalize certain software development costs for new offerings as well as upgrades to our existing software platforms. We amortize these development costs over the estimated useful life of two to five years on a straight-line basis. We believe there are two key estimates within the capitalized software balance, which are the determination of the amounts to be capitalized and the determination of the useful life of the software.

We determine the amount of software development costs to be capitalized based on the amount of time spent by our developers on projects in the application stage of development. Costs associated with building or significantly enhancing our commercial software platform and our government regulatory platform are capitalized, while costs associated with planning new developments and maintaining our software platforms are expensed as incurred. There is judgment involved in estimating the time allocated to a particular project in the application stage as well as the determination of whether the project is an enhancement to the existing software or maintenance thereof. A significant change in the time spent on each project or the determination of the nature of projects involving existing software platforms could have a material impact on the amount capitalized and related amortization expense in subsequent periods.

We determined that a two-to-five-year life is appropriate for our capitalized software based on our best estimate of the useful life of the software after considering factors such as continuous developments in the technology, obsolescence and anticipated life of the service offering before significant upgrades. Based on our prior experience, software will generally remain in use for a minimum of two to five years before being significantly replaced or modified to maintain pace with evolving client needs. While we do not anticipate any significant changes to this two-to-five-year estimate, a change in this estimate could produce a material impact on our consolidated financial statements. For example, if we received information that indicated the useful life of all software was one year rather than two to five, our capitalized software balance would materially decrease, and our expense would materially increase.

Stock-Based Compensation

Stock-based compensation for all employee and non-employee stock-based awards, including restricted stock units and restricted stock, is measured at fair value on the date of grant and recognized over the service period. The fair value of restricted stock units and restricted stock are calculated based on the fair value of our Common Stock on the date of grant.

Stock-based compensation expense is recognized over the requisite service periods of awards, which is typically one to four years for restricted stock units and restricted stock. The estimated forfeiture rate applied to employee awards is based on historical forfeiture rates. The estimated number of stock-based awards that will ultimately vest requires judgment, and to the extent actual results, or updated estimates, differ from our current estimates, such amounts will be recorded as a cumulative adjustment in the period actual results are realized or estimates are revised. A higher forfeiture rate will result in an adjustment that will decrease stock-based compensation expense, whereas a lower forfeiture rate will result in an adjustment that will increase stock-based compensation expense. We do not apply a forfeiture rate assumption to value non-employee awards, given the nature of the services provided.

Business Combinations

We account for business acquisitions using the purchase method of accounting, in accordance with which assets acquired and liabilities assumed are recorded at their respective fair values at the acquisition date. Goodwill represents the excess of the purchase price over the estimated fair values of the assets acquired and liabilities assumed.

Significant judgment is used in determining fair values of assets acquired and liabilities assumed, as well as intangible assets and their estimated useful lives. Fair value and useful life determinations are based on, among other factors, estimates of future expected cash flows attributable to the acquired intangible assets and appropriate discount rates used in computing present values. Management applied significant judgement in estimating the fair value of the acquired developed technology intangible asset, which involved significant estimates and assumptions with respect to forecasted revenue growth rates, the revenue attributable to the acquired intangible asset over its estimated economic life and the discount rate. These judgments may materially impact the estimates used in allocating the purchase price consideration to the fair value of assets acquired and liabilities assumed, as well as our current and future operating results. Actual results may vary from these estimates that may result in adjustments to goodwill and acquisition date fair values of assets and liabilities during a measurement period or upon a final determination of asset and liability fair values, whichever occurs first. Adjustments to the fair value of assets acquired and liabilities assumed made after the end of the measurement period are recorded within our operating results.

Impairment of Goodwill and Acquired Intangible Assets

Goodwill is not amortized but rather tested for impairment at least annually, or more frequently if events or changes in circumstances indicate that goodwill may be impaired. Goodwill impairment is recognized when the carrying value of goodwill exceeds our implied fair value. Goodwill is evaluated for impairment annually on October 31, and whenever events or changes in circumstances indicate the carrying value of goodwill may be impaired.

Acquired intangible assets consist primarily of technology, customer relationships and trade names. Acquired intangible assets are recorded at fair value on the date of acquisition and amortized over their estimated useful lives following the pattern in which the economic benefits of the assets will be consumed, generally straight-line. We continually evaluate whether events and circumstances have occurred that indicate the remaining estimated useful life of amortizable long-lived assets may warrant revision or that the remaining balance may not be recoverable. When factors indicate that acquired intangible assets should be evaluated for possible impairment, we use an estimate of the related undiscounted future cash flows over the remaining life of the amortizable long-lived assets in measuring whether they are recoverable. If the estimated undiscounted future cash flows do not exceed the carrying value of the asset, a loss is recorded as the excess of the asset's carrying value over its fair value.

Determining if an impairment triggering event has occurred (which may include, but is not limited to, a significant adverse change in customer demand or business climate or a significant decrease in expected cash flows) requires significant management judgement.

Senior Convertible Notes

We determined upon the issuance of our Senior Convertible Notes to elect the fair value option. At issuance, the carrying value of the Senior Convertible Notes was recorded at estimated fair value calculated using probability weighted valuations of various settlement scenarios. The valuations of the various settlement outcomes were calculated using Monte Carlo simulation models and discounted cash flow models. We remeasure the Senior Convertible Notes to estimated fair value at each reporting period using valuation techniques similar to those applied at issuance. The change in the fair value resulting from changes in instrument specific credit risk is recognized as other comprehensive income with the remainder of the change recognized in current earnings. We believe key estimates used in accounting for the Senior Convertible Notes are the fair value at the reporting period end as well as the determination of the portion of the change resulting from instrument specific credit risk, including assumptions regarding the probability of various outcomes and the volatility of Akerna's Common Stock. A significant change in the probability weighting or the volatility could have a material impact to the carrying value of the Senior Convertible Notes as well as the amount of change recognized during the period in earnings.

Income Taxes

Income taxes are accounted for using the asset and liability method, which requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of temporary differences between the carrying amounts and the tax basis of other assets and liabilities. We provide for income taxes at the current and future enacted tax rates and laws applicable in each taxing jurisdiction. We use a two-step approach for recognizing and measuring tax benefits taken or expected to be taken in a tax return and disclosures regarding uncertainties in income tax positions. We recognize interest and penalties related to income tax matters in General and administrative expenses in the consolidated statement of operations.

We recognize deferred tax assets to the extent that its assets are more likely than not to be realized. In making such a determination, we consider all available positive and negative evidence, including future reversals of existing taxable temporary differences, projected future taxable income, tax planning strategies, and results of recent operations. If we determine that we would be able to realize our deferred tax assets in the future in excess of its net recorded amount, we will make an adjustment to the deferred tax asset valuation allowance, which would reduce the provision for income taxes.

Discontinued Operations

In accordance with GAAP, we assess our business units that we may, from time to time, consider for disposal by sale or means (i.e., abandonment). Those business units, which may be in the form of legal entities, divisions, product lines or asset and liability groups, among others, for which cash flows can be reasonably identified, that meet certain criteria are considered discontinued operations. Accordingly, their results of operations are presented in our statements of operations as "discontinued operations" and their associated assets and liabilities are considered "held for sale" or "discontinued," as appropriate on our consolidated balance sheets.

Going Concern Assessment

We assess going concern uncertainty in our consolidated financial statements to determine if we have sufficient cash and cash equivalents on hand and working capital, including available loans or lines of credit, if any, to operate for a period of at least one year from the date our consolidated financial statements are issued, which is referred to as the "look-forward period" as defined by ASU No. 2014-15. As part of this assessment, based on conditions that are known and reasonably knowable to us, we consider various scenarios, forecasts, projections, and estimates, and we make certain key assumptions, including the timing and nature of projected cash expenditures or programs, and our ability to delay or curtail those expenditures or programs, if necessary, among other factors. Based on this assessment, as necessary or applicable, we make certain assumptions regarding implementing curtailments or delays in the nature and timing of programs and expenditures to the extent we deem probable those implementations can be achieved and we have the proper authority to execute them within the look-forward period in accordance with ASU No. 2014-15.

DESCRIPTION OF AKERNA CAPITAL STOCK

As of _____, 2023, our authorized share capital consists of 150,000,000 shares of Common Stock, \$0.0001 par value per share, of which 7,802,018 shares of common stock are issued and outstanding, 5,000,000 shares of Akerna Preferred Stock, \$0.0001 par value per share, of which one share of special voting preferred stock is issued and outstanding with a voting equivalent of 12,611 shares of common stock. We are a Delaware corporation and our affairs are governed by our Amended and Restated Certificate of Incorporation and Amended and Restated By-laws. The following are summaries of material provisions of our Amended and Restated Certificate of Incorporation and Amended and Restated By-laws insofar as they relate to the material terms of our common stock. Complete copies of our Amended and Restated Certificate of Incorporation and Amended and Restated By-laws are filed as exhibits to our public filings.

Common Stock

All outstanding shares of common stock are of the same class and have equal rights and attributes. The holders of common stock are entitled to one vote per share on all matters submitted to a vote of our stockholders. Subject to the prior rights of all classes or series of stock at the time outstanding having prior rights as to dividends or other distributions, all stockholders are entitled to share equally in dividends, if any, as may be declared from time to time by the Board of Directors out of funds legally available. Subject to the prior rights of creditors of Akerna and the holders of all classes or series of stock at the time outstanding having prior rights as to distributions upon liquidation, dissolution or winding up of Akerna, in the event of liquidation, the holders of common stock are entitled to share ratably in all assets remaining after payment of all liabilities. The stockholders do not have cumulative, preemptive rights, or subscription rights.

Preferred Stock

The board of directors is authorized, subject to any limitations prescribed by law, without further vote or action by the stockholders, to issue from time to time shares of Preferred Stock in one or more series. Each such series of Preferred Stock shall have such number of shares, designations, preferences, voting powers, qualifications, and special or relative rights or privileges as shall be determined by the board of directors, which may include, among others, dividend rights, voting rights, liquidation preferences, conversion rights and preemptive rights. Issuance of Preferred Stock by our board of directors may result in such shares having dividend and/or liquidation preferences senior to the rights of the holders of our common stock and could dilute the voting rights of the holders of our common stock.

Prior to the issuance of shares of each series of Preferred Stock, the board of directors is required by the Delaware General Corporation Law, and our certificate of incorporation to adopt resolutions and file a certificate of designation with the Secretary of State of the State of Delaware. The certificate of designation fixes for each class or series the designations, powers, preferences, rights, qualifications, limitations and restrictions, including, but not limited to, some or all of the following:

- the number of shares constituting that series and the distinctive designation of that series, which number may be increased or decreased (but not below the number of shares then outstanding) from time to time by action of the board of directors;
- the dividend rate and the manner and frequency of payment of dividends on the shares of that series, whether dividends will be cumulative, and, if so, from which date;
- whether that series will have voting rights, in addition to any voting rights provided by law, and, if so, the terms of such voting rights;
- whether that series will have conversion privileges, and, if so, the terms and conditions of such conversion, including provision for adjustment of the conversion rate in such events as the board of directors may determine;
- whether or not the shares of that series will be redeemable, and, if so, the terms and conditions of such redemption;
- whether that series will have a sinking fund for the redemption or purchase of shares of that series, and, if so, the terms and amount of such sinking fund;

[Table of Contents](#)

- whether or not the shares of the series will have priority over or be on a parity with or be junior to the shares of any other series or class in any respect;
- the rights of the shares of that series in the event of voluntary or involuntary liquidation, dissolution or winding up of the corporation, and the relative rights or priority, if any, of payment of shares of that series; and
- any other relative rights, preferences and limitations of that series.

Once designated by our board of directors, each series of Preferred Stock may have specific financial and other terms that will be described in a prospectus. The description of the Preferred Stock that is set forth in any prospectus is not complete without reference to the documents that govern the Preferred Stock. These include our certificate of incorporation and any certificates of designation that our board of directors may adopt.

All shares of Preferred Stock offered hereby will, when issued, be fully paid and nonassessable, including shares of Preferred Stock issued upon the exercise of Preferred Stock Warrants or subscription rights, if any.

Although our board of directors has no intention at the present time of doing so, it could authorize the issuance of a series of Preferred Stock that could, depending on the terms of such series, impede the completion of a merger, tender offer or other takeover attempt.

Special Voting Share

The special voting share has a par value of \$0.0001 per share. The special voting share entitles the holder thereof to an aggregate number of votes equal to the number of the Exchangeable Shares issued and outstanding from time to time and that are not owned by us or our subsidiaries. Except as otherwise provided herein or by law, the holder of the special voting share and the holders of our common stock will vote together as a single class on all matters submitted to a vote of Akerna's stockholders. With respect to all meetings of stockholders of Akerna at which holders of Akerna shares are entitled to vote, each registered holder of Exchangeable Shares shall be entitled to instruct the trustee holding the special voting share to cast and exercise, in the manner instructed, that number of votes equal to the "Equivalent Vote Amount" for each Exchangeable Share owned of record by such holder of Exchangeable Shares at the close of business on the record date established by Akerna or by applicable law for such meeting, in respect of each matter, question, proposal or proposition to be voted on at such meeting. At such time as the special voting share has no votes attached to it, the special voting share shall be automatically cancelled.

Exchangeable Shares

The Exchangeable Shares of Akerna Canada Ample Exchange Inc., a company existing under the laws of the Province of Ontario and a wholly owned subsidiary of Akerna ("Exchangeco") are intended to be substantially economically equivalent to shares of our common stock. The rights, privileges, restrictions and conditions attaching to the Exchangeable Shares of Exchangeco include the following:

- any holder of Exchangeable Shares of Exchangeco is entitled to require Exchangeco to redeem any or all of the Exchangeable Shares registered in his/her name in exchange for one share of our common stock for each Exchangeable Share presented and surrendered;
- in the event Akerna declares a dividend on its common stock, the holders of Exchangeable Shares of Exchangeco are entitled to receive from Exchangeco the same dividend, or an economically equivalent dividend, on their Exchangeable Shares;
- the holders of the Exchangeable Shares of Exchangeco are not entitled to receive notice of or to attend any meeting of the stockholders of Exchangeco or to vote at any such meeting, except as required by law or as specifically provided in the Exchangeable Share conditions; and
- the holders of Exchangeable Shares of Exchangeco are entitled to instruct the Trustee to vote the special voting stock as described above.

Of the 3,294,574 Exchangeable Shares that were issued to former Ample stockholders in connection with the consummation of the Arrangement, an aggregate of 658,915 Exchangeable Shares were issued as "Closing Consideration" and an aggregate of 2,635,659 Exchangeable Shares, constituting part of the "Escrowed Consideration" were issued into escrow pursuant to an escrow agreement (the "Escrow Agreement"), entered into on July 7, 2020 by

and among the Company, Exchangeco, John Prentice, as Shareholder Representative, and Odyssey Trust Company. Under the Escrow Agreement, subject to unresolved claims by the Company under the Arrangement Agreement in respect of fraud, the Escrowed Consideration shall be released to former Ample stockholders upon the six-, nine-, and twelve-month anniversaries of the Closing Date in accordance with the following schedule — 988,372 shares on the six-month anniversary, 823,643 shares on the nine-month anniversary, and 823,644 shares on the twelve-month anniversary. As of the date hereof, 3,031,330 Exchangeable Shares have been exchanged for 151,567 shares of common stock of Akerna on a postsplit basis.

Registration Rights

We have granted registration rights under the Securities Act to certain holders of our common stock in relation to our acquisitions of Ample and 365 Cannabis and in relation to our issuance of the Senior Convertible Notes. In relation to Ample, we agreed to file and maintain, until no Exchangeable Shares remain outstanding, a registration statement regarding the exchange of the Exchangeable Shares into shares of our common stock pursuant to their terms. In relation thereto, we filed a registration statement on Form S-1 on July 9, 2020 (333-239783) which was brought effective on August 14, 2020, as amended on January 8, 2021 and as amended on Form S-3 on May 24, 2021. In relation to the acquisition transaction of 365 Cannabis, we have agreed to register the shares of common stock issuable upon initial closing of the transaction and upon settlement of the earn-out provision, if any. In relation to our issuance of the Senior Convertible Notes, we have agreed to file the registration statement of which this prospectus forms a part. We are also obligated to maintain such registration statement until the earlier of (i) the date as of which all of the holders may sell all of the conversion shares required to be covered by such registration statement without restriction pursuant to Rule 144 (including, without limitation, volume restrictions) and without the need for current public information required by Rule 144(c) (1) (or Rule 144(i)(2), if applicable), (ii) the date on which the holders shall have sold all of the registrable securities covered by such registration statement or (iii) the later of (x) ninety (90) calendar days after the date no Senior Convertible Notes remain outstanding and (y) the first anniversary of the maturity date of the Senior Convertible Notes. We may also be required in the future to file amendments to these registration statements to maintain effectiveness.

Election of Directors

Our Class I Directors hold office until the 2025 annual meeting of stockholders and are eligible for reelection at such meeting. Our Class II Directors held office until the 2023 annual meeting of stockholders and are eligible for reelection at such meeting. Our Class III Directors hold office until the 2024 annual meeting of stockholders and are eligible for reelection at such meeting. Directors are elected by a plurality of the votes cast at the annual meeting by the holders of common stock present in person or represented by proxy and entitled to vote at such meeting. There is no cumulative voting for directors.

Anti-Takeover Provisions

Our Amended and Restated Certificate of Incorporation contains provisions that may discourage unsolicited takeover proposals that stockholders may consider to be in their best interests. We are also subject to anti-takeover provisions under Delaware law, which could delay or prevent a change of control. Together these provisions may make more difficult the removal of management and may discourage transactions that otherwise could involve payment of a premium over prevailing market prices for our securities.

These provisions:

- create a staggered Board of Directors making it more difficult for stockholders to remove a majority of the Board of Directors and take control;
- grant the Board of Directors the ability to designate the terms of and issue new series of Preferred Stock, which can be created and issued by the Board of Directors without prior stockholder approval, with rights senior to those of the common stock;
- impose limitations on our stockholders' ability to call special stockholder meetings;
- make it more difficult the removal of management and may discourage transactions that otherwise could involve payment of a premium over prevailing market prices for our securities.

PRINCIPAL STOCKHOLDERS OF AKERNA

Except where specifically noted, the following information and all other information contained in this proxy statement/prospectus does not give effect to the proposed Akerna Reverse Stock Split.

The following table sets forth information concerning beneficial ownership of Akerna’s capital stock outstanding as of the date of this prospectus, by: (1) each stockholder known to be the beneficial owner of more than five percent of any class of Akerna’s voting stock then outstanding; (2) each of Akerna’s directors and nominees to serve as director; (3) each of Akerna’s named executive officers; and (4) Akerna’s current directors and executive officers as a group.

As of August 14, 2023, there were 7,802,018 shares of common stock issued and outstanding. Each share entitles the holder thereof to one vote.

The information regarding beneficial ownership of shares of common stock has been presented in accordance with the rules of the SEC. Under these rules, a person may be deemed to beneficially own any shares of capital stock as to which such person, directly or indirectly, has or shares voting power or investment power, and as to which such person has the right to acquire voting or investment power within 60 days through the exercise of any stock option or other right. The percentage of beneficial ownership as to any person as of a particular date is calculated by dividing (1) (i) the number of shares beneficially owned by such person plus (ii) the number of shares as to which such person has the right to acquire voting or investment power within 60 days by (2) the total number of shares outstanding as of such date, plus any shares that such person has the right to acquire from Akerna within 60 days. Including those shares in the tables does not, however, constitute an admission that the named stockholder is a direct or indirect beneficial owner of those shares. Unless otherwise indicated, each person or entity named in the table has sole voting power and investment power (or shares that power with that person’s spouse) with respect to all shares of capital stock listed as owned by that person or entity.

GRYPHON'S BUSINESS

Overview

Founded in October 2020, Gryphon is a bitcoin mining company based in Las Vegas, Nevada. Gryphon commenced its digital assets mining operations in September 2021. Gryphon's mission is to create the world's leading net carbon neutral bitcoin miner. Gryphon's revenue model is to mine and hold bitcoin, and then sell only the bitcoin that is necessary to pay its operating expenses and to reinvest in operational expansion.

Gryphon's operations will encompass the following:

- ***Self-Mining:*** Gryphon operates approximately 7,400 bitcoin ASIC mining computers, referred to as "miners," from Bitmain Technologies Limited ("Bitmain") that Gryphon has installed at third-party hosted mining data centers located in New York, Georgia and North Carolina. Revenue generated by the mining of bitcoin is measured on a dollar per megawatt-hour ("MWh") basis and is variable based on the price of Bitcoin, the measure of difficulty, transaction volume and global hash rates.
- ***ESG-Led Mining:*** Gryphon is an ESG-committed bitcoin miner with the mission to create the world's largest bitcoin miner with a neutral carbon footprint. Gryphon currently uses 100% net carbon neutral energy as its power source.

Gryphon launched its mining operations in September 2021 upon the receipt of the first of 12 batches of 600 Bitmain S19j Pro Antminers. Gryphon has deployed a total of approximately 7,400 S19j Pro Antminers from Bitmain pursuant to the Bitmain Agreement (as defined below) and subsequent market purchases.

Given the significant amount of power that ASIC miners require to operate, Gryphon believes most mining companies focus completely on low-cost electricity without considering the impact of the power's production on the climate. Gryphon's strategy is to focus on working with power hosting partners that are committed to climate science and also can produce reliable, low-cost power. Gryphon uses 25 megawatts of space at its primary hosting facility in New York, which relies on renewable hydro energy. As it deploys additional miners, Gryphon will work exclusively with hosting partners that have committed to providing power that is 100% carbon neutral.

Bitcoin Mining Overview

Bitcoin miners use ASIC computers to validate Bitcoin transactions and add "blocks" of validated transactions to Bitcoin's peer-to-peer blockchain network. Miners earn bitcoin rewards for every block they add to the network as well as the corresponding transaction fees associated with the transactions in the "mined" block. Only one miner or group of miners operating together can receive the block rewards and may also receive the corresponding transaction fees per block added to the Bitcoin blockchain. The amount of bitcoin rewards per block (not including transaction fees) is fixed, and the number of blocks that can be added over time is able to be projected with reliable accuracy; therefore, the expected amount of bitcoin rewarded per miner is based on the number of miners actively participating in the Bitcoin network. Miners will typically only participate if the value of the expected bitcoin rewards is higher than their cost of production.

Miners consume electricity in order to compete for rewards. This means that the economics of bitcoin mining largely depend on:

- the cost of electricity to competing miners;
- the efficiency of mining equipment operated by competing miners; and
- fluctuations in the price of Bitcoin, Bitcoin difficulty (the relative measure of the amount of resources required to confirm a block of bitcoin transactions and receive bitcoin rewards), and global hash rates (the overall amount of computing power consumed by the network).

To achieve scale, mining requires access to large amounts of low-cost electricity.

Introduction to Bitcoin, the Bitcoin Network and Bitcoin Mining

Bitcoin is a digital asset that is created and transmitted through the operations of a peer-to-peer decentralized network of computers, known as the Bitcoin network, which operates on cryptographic protocols. No single entity owns or operates the Bitcoin network, the infrastructure of which is collectively maintained by a decentralized user base. The Bitcoin network allows people to exchange digital tokens of value, called bitcoins, which are recorded on a publicly distributed transaction ledger known as a blockchain. The Bitcoin blockchain is a digital, publicly distributed bookkeeping ledger that holds the record of every Bitcoin transaction.

The Bitcoin network is decentralized and does not require governmental authorities or financial institution intermediaries to create, transmit or determine the value of Bitcoin. Rather, bitcoin is created and allocated by the Bitcoin network protocol through a process referred to as “mining” and the persons or machines that provide transaction verification services to the Bitcoin network and are rewarded with new bitcoin are called “miners.”

The Bitcoin blockchain is a digital chain of blocks with each block containing information relating to a group of Bitcoin transactions. Miners validate Bitcoin transactions, securing the blocks and adding the blocks of transactions to the blockchain record by using computer processing power to solve complex mathematical problems. Solving the problems will result in the block being successfully added to the chain. This means that the Bitcoin transaction information in the block is verified and locked into the blockchain where it remains as a permanent record on the blockchain network. The record set maintained by the Bitcoin network is publicly viewable and accessible to all. As an incentive to those who incur the computational cost of securing the Bitcoin network by validating transactions, the miner who correctly solves the problem resulting in a block being added to the Bitcoin blockchain is awarded bitcoin.

To begin bitcoin mining, a user can download and run Bitcoin network mining software, which turns the user’s computer into a “node” on the Bitcoin network that validates blocks. Each block contains the details of some or all of the most recent transactions of Bitcoin submitted by users of the Bitcoin network that are not already included in prior blocks, and a transaction awarding an amount of bitcoin to the miner who will add the new block. Each unique block can be solved and added to the blockchain by only one miner. Therefore, individual miners and mining pools (*i.e.*, groups of miners acting together) on the Bitcoin network are engaged in a competitive process of increasing their computing power to improve their likelihood of solving for new blocks and receiving bitcoin rewards. As more miners join the Bitcoin network and its collective processing power increases, the Bitcoin network adjusts the complexity of the block-solving equation to maintain a predetermined pace of adding a new block to the blockchain approximately every ten minutes. A miner’s proposed block is added to the blockchain once a majority of the nodes on the Bitcoin network confirms the miner’s work. Miners that are successful in adding a block to the blockchain are awarded bitcoin for their effort and may also receive transaction fees paid by transferors whose transactions are recorded in the block. This reward system is the method by which new bitcoin enter into circulation.

The Bitcoin network is designed in such a way that the reward for adding new blocks to the blockchain decreases over time. The number of bitcoin awarded for solving a new block is automatically halved after every 210,000 blocks are added to the blockchain record. Each block takes approximately 10 minutes to be solved and as a result, rewards are halved approximately every four years. Currently, the fixed reward for solving a new block is 6.25 bitcoin per block and this number is expected to decrease by half to become 3.125 bitcoin sometime in mid-2024. While Bitcoin prices have historically increased around these halving events, which increases in price have correspondingly mitigated the decrease in mining reward, there is no guarantee that the price change would be favorable or would compensate for the reduction in mining reward. Gryphon aims to mitigate the impacts of halving by maintaining a breakeven profitability floor far below the network average. To do so, Gryphon has developed and implemented a curtailment agreement with its hosting partners to maximize the marginal profitability of its machines. Under this arrangement, on a daily basis, Gryphon’s hosting partner calculates the expected profitability of Gryphon’s machines based on announced day-ahead electricity rates provided by the local utility and using current bitcoin prices. On days when it is forecast that the cost of electricity exceeds Gryphon’s revenue, whether for the entire day or part of the day, the machines are curtailed for the corresponding time period. This program was developed by Gryphon’s hosting partner in collaboration with Gryphon and is in use for several of Gryphon’s hosting partner’s clients. This program improves Gryphon’s profitability as it avoids operating the machines in periods when electricity costs exceed the expected revenue generated without impacting efficiency. The impact of the program on Gryphon’s hashpower is relatively minor as Gryphon’s machines are hosted in upstate New York with a strong power grid that does not often require curtailments (unlike Texas). The program has implemented occasional curtailments that often coincide with high temperature periods or extreme cold weather in the region that would cause the demand for local electricity to spike. Gryphon’s partners have also

implemented standard operating procedures to maximize the operational efficiency of its sites, such as preventative maintenance and cleaning of equipment. Gryphon believes that these steps can enable it to maintain survivability above its competitors and mitigate the downside risk of decreased rewards.

Performance Metrics — Network Hash Rate and Difficulty

In bitcoin mining, “hash rate” or “hashes per second” are the measuring units of the processing speed of a mining computer mining bitcoin. “Hash rate” is defined as the speed at which a computer can take any set of information and use an algorithm to reduce that information into a string of letters and numbers of a certain length, known as a “hash.” A “hash” is the computation run by mining hardware in support of the blockchain; therefore, a miner’s “hash rate” refers to the rate at which it is capable of solving such computations.

An individual miner has a hash rate measured as the total hash rate of all of the miners it deploys in its bitcoin mining operations, and network-wide there is a total hash rate of all miners seeking to mine bitcoin. The higher total hash rate of a specific miner, as a percentage of the network wide total hash rate, generally results over time in a corresponding higher success rate in bitcoin rewards as compared to miners with lower hash rates. Today, hash rates are measured in peta hashes per second, or one quadrillion (1,000,000,000,000,000) hashes per second, and exa hashes per second, or one quintillion (1,000,000,000,000,000,000) hashes per second.

“Difficulty” is a relative measure of how complex the process is made to successfully solve the algorithm and obtain a bitcoin award. The difficulty is adjusted by the Bitcoin network mining software periodically generally as a function of how much hashing power is deployed by the network of miners and designed to maintain certain mining results so that, on average, 10 minutes is required to produce a Bitcoin block. If the time to produce a block is generally exceeding the 10-minute expectation, which suggests that the target difficulty is set too high, the network reduces the degree of difficulty and vice versa, with this protocol called difficulty retargeting. At each interval of 2,016 blocks being mined (which takes roughly two weeks), the network re-analyzes the interval and revises the difficulty index, if needed.

Bitcoin Mining Power Requirements

At the beginning stages of the Bitcoin network in the early 2010s, individuals interested in bitcoin mining were able to do so using the CPUs of their personal computers. As popularity increased, so did the “difficulty” of mining, as adjusted automatically by the Bitcoin network. To accommodate the growing level of difficulty, more computer processing power was required. Soon, miners used GPUs generally used to power graphic intensive gaming computers to mine bitcoin. The process repeated, and the mining difficulty and amount of computing power required increased.

Eventually, computers and chips were created for the sole purpose of mining bitcoin. Today, bitcoin mining requires efficient hardware, *i.e.*, ASIC-based mining computers, with strong computing abilities and energy efficiency. These ASIC-based mining computers require a significant amount of electricity to run their mining operations. Keeping electricity costs low is key to making bitcoin mining profitable and sustainable.

The amount of MW electricity required to mine bitcoin depends on the number and types of miners and the energy demand for each type of miner. Each type of miner has a specific electricity demand and hash rate output. According to the Digiconomist.net, as of May 3, 2023, an estimated 96TW of power per year is being consumed by bitcoin mining globally.

Mining Pools

As more and more miners entered the market competing for the limited number of blocks that are regularly added to the Bitcoin blockchain, and as the related increase in the amount of available hashing power resulted in increasing levels of difficulty being implemented by the Bitcoin network, individual miners found that they were in some cases working for months without finding a block and receiving any reward. To address this problem, bitcoin mining operators began to combine their mining resources into mining pools to better compete and generate mining revenue. A “mining pool” is the pooling of resources by miners to earn bitcoin together. The mining pool shares their processing power over a network and splits rewards according to the amount of hashing capacity they contribute.

The mining pool operator provides a service that coordinates the computing power of the independent mining enterprises. Fees are paid to the mining pool operator by the participating miners to cover the costs of maintaining the pool. The pool uses software that coordinates the pool members’ hashing power, identifies new block rewards, records

how much work all of the pool participants are contributing, and assigns block rewards earned by the mining pool in proportion to the individual hash rate contributed by a given participant. As discussed below, Gryphon participates in mining pools as an integral part of its business.

Bitcoin Mining Economics

The current 6.25 bitcoin reward for each block, and one Bitcoin block expected to be validated and attached to the Bitcoin blockchain approximately every 10 minutes, equates to approximately 37.50 bitcoin rewards generated by the Bitcoin network every hour, approximately 900 bitcoin generated every day and approximately 328,500 bitcoins generated each year, at least for the next one to two years at which time the bitcoin reward for solving a block will again be halved. Because mining computers generate hashes randomly, the ability to solve a particular Bitcoin block is a probability, with the odds of success typically measured by a ratio equal to the speed at which a particular mining operation is able to calculate hashes (*i.e.*, that miner's hash rate) compared against the total aggregate hash rate of the Bitcoin network. Profitability is then measured by that ratio multiplied by the number of bitcoins mined in a year multiplied by the then current market price of Bitcoin, then subtracting the costs of purchasing mining equipment, the cost of electricity, and various corporate and administrative costs. For a mining operation that participates in a mining pool, revenues, which are measured as the percentage of a pool's revenues equal the participating miner's hash rate compared to the pool's aggregate hash rate, and typically result in a fraction of a given block reward being paid to a miner, are further reduced by the costs paid to the pool operator.

As of May 3, 2023, Bitcoin was priced at approximately \$29,006.31. After reaching an all-time high price to date of \$68,789.63 on November 10, 2021, the price of Bitcoin has decreased to current levels. Gryphon believes that the price of Bitcoin is likely to continue to fluctuate based on market conditions. Well-known companies have already invested in Bitcoin. Increasing regulatory barriers in Bitcoin epicenters such as China, as well as ongoing fiat monetary inflation, have been suggested to support market valuations of Bitcoin. In addition, the block reward for Bitcoin is expected to halve in mid-2024, resulting in even greater Bitcoin scarcity. However, in 2022, FTX Trading LTD. and several other major cryptocurrency exchanges collapsed due to financial issues caused by the falling prices of Bitcoin and other cryptocurrencies, which began in the fourth quarter of 2021. The collapses of these exchanges spurred a loss of confidence in participants in the digital asset ecosystem, negative publicity surrounding digital assets more broadly and market-wide declines in digital asset trading prices and liquidity. The prices of Bitcoin and other cryptocurrencies have rebounded from their lows around the time of the FTX collapse, but volatility due to these market conditions may continue in the near future.

The Effects of COVID-19 on the Bitcoin Mining Industry

The global COVID-19 pandemic, and the global measures taken to combat it, have caused and may cause disruption to the activities of Gryphon's suppliers and, potentially, Gryphon's bitcoin mining activities and have an adverse effect on Gryphon's business. COVID-19 or other disease outbreak may continue to adversely affect the economies and financial markets of many countries, resulting in an economic downturn that may adversely affect demand for Bitcoin and impact Gryphon's operating results. Although the magnitude of the impact of COVID-19 on Gryphon's business and operations remains uncertain, the continued spread of COVID-19 or the occurrence of other epidemics and the imposition of related public health measures and travel and business restrictions will adversely impact Gryphon's business, financial condition, operating results and cash flows. If Gryphon is unable to effectively service its miners, Gryphon's ability to mine bitcoin will be adversely affected as miners go offline, which would have an adverse effect on Gryphon's business and the results of Gryphon's operations.

China has previously limited the shipment of products in and out of its borders, which could negatively impact Gryphon's ability to receive bitcoin mining equipment from Gryphon's suppliers. Depending on the magnitude of such effects on Gryphon's supply chain, shipments of parts for Gryphon's existing miners, as well as any new miners Gryphon purchases, may be delayed. As Gryphon's miners require repair or become obsolete and require replacement, Gryphon's ability to obtain adequate replacements or repair parts from their manufacturer may therefore be hampered. Supply chain disruptions could therefore negatively impact Gryphon's operations. If not resolved quickly, the impact of COVID-19 could have a material adverse effect on Gryphon's business.

Governments could take additional restrictive measures to combat the pandemic that could further impact Gryphon's business or the economy in the geographies in which Gryphon operates. It is also possible that the impact of the pandemic and response on Gryphon's suppliers, customers and markets will persist for some time after governments ease their restrictions. These measures may impact Gryphon's business and financial condition as the responses to control COVID-19 continue.

The extent to which the pandemic may impact Gryphon's results will depend on future developments, which are highly uncertain and cannot be predicted as of the date of this prospectus/proxy statement, including new information that may emerge concerning the severity of the pandemic and steps taken to contain the pandemic or treat its impact, among others. Nevertheless, the pandemic and the current financial, economic and capital markets environment, and future developments in the global supply chain and other areas present material uncertainty and risk with respect to Gryphon's performance, financial condition, results of operations and cash flows. See also "*Risk Factors*" above.

Material Agreements

Bitmain Sales and Purchase Agreement

On April 14, 2021, Gryphon entered into a Non-Fixed Price Sales and Purchase Agreement with Bitmain (the "Bitmain Agreement"). Pursuant to the Bitmain Agreement, Gryphon agreed to purchase from Bitmain 7,200 S19j Pro Antminer machines at an aggregate purchase price of approximately \$46 million. The product was delivered in 12 separate monthly shipments with the first shipment having occurred in August 2021 and the last shipment having arrived in July 2022.

BitGo Custodial Services Agreement

Pursuant to the BitGo Custodial Services Agreement between BitGo Trust and Gryphon, dated October 1, 2021, BitGo Trust, through its custodial services enables Gryphon to create one or more custody accounts, controlled and secured by BitGo Trust to store certain supported digital currencies and digital tokens or certain fiat currencies such as dollars or euros. BitGo Trust also provides Gryphon with the option to create non-custodial wallets that support certain digital assets via an API and web interface. Gryphon may also elect to store fiat currency with BitGo Trust.

The BitGo Custodial Services Agreement has an initial term of one year. After the initial term, it will automatically renew for successive one-year periods, unless either party notifies the other of its intention not to renew at least 60 days prior to the expiration of the then-current term. After the initial term, Gryphon may terminate the BitGo Custodial Services Agreement at any time for any reason upon 30 days' prior written notice. Gryphon may terminate the BitGo Custodial Services Agreement during the initial term if BitGo Trust breaches a material term of the agreement and fails to cure such breach within 30 days following written notice thereof from Gryphon.

BitGo Trust's cold wallets are supported by a \$250 million policy issued by Lloyd's of London. Specifically, the policy covers: copying and theft of private keys; insider theft or dishonest acts by BitGo employees or executives; and loss of keys. Any theft of assets directly related to BitGo Trust's custody of key would be covered by the policy. The policy does not cover cases where the client or a third party holds some of the keys themselves (e.g. hot wallets), since BitGo Trust would not be solely responsible for protecting the keys.

BitGo Trust has established a comprehensive set of controls governing the business processes and technology systems using industry standards and frameworks such as NIST, CCSS, CIS, and FFIEC. In addition, these controls have been independently tested as part of our SOC 1 & SOC 2 (Type 2) reports. Customers will decide upon which specific wallets are required based on their use case and they determine the portion of assets held in hot or cold wallets. BitGo Trust holds keys to cold wallets in undisclosed locations. BitGo's cold storage solution is housed at undisclosed secure facilities. Any facilities that are co-located are secured by human guards and video surveillance, with 24x7 coverage. All BitGo vaults and manned facilities are located within the United States.

BitGo vaults are restricted from public access. BitGo follows rolebased access controls and the principle of least privilege. Only individuals who have a specific business need to complete their job function are granted access to client information. Insurance providers rely on our BitGo's external auditors to ensure that there is sufficient controls in place for accessing the vault and key material. BitGo maintains \$250mm of insurance coverage against loss, theft, and misuse in situations where BitGo holds all keys. As part of this coverage, BitGo's insurance underwriters have inspection rights associated with the crypto assets held in storage. All of the Company's digital assets (100%) are held in cold wallets. The Company does not utilize any hot wallets from BitGo.

BitGo has private key procedures as well as the security and procedures in place for securing assets and in withdrawing and transferring assets. The BitGo ecosystem and architecture for private key management includes the BitGo Platform, HSMS and modular services. The BitGo cold custody solution is built on BitGo's world class security to manage keys on behalf of our clients. BitGo only signs transactions that have been authorized by its clients and follow the policies

set by the account administrators. BitGo engages an external third-party auditor to verify the digital assets it holds on a periodic basis. In addition, in the course of performing its annual audit of Gryphon's financial statements, Gryphon's independent registered public accounting firm sends annual confirmation requests to BitGo to confirm Gryphon's digital assets held by BitGo. While neither Gryphon nor its insurance providers have any independent inspection rights associated with the digital assets held by BitGo, BitGo's insurer, Lloyd's of London, does have inspection rights with respect to the digital assets that BitGo holds.

Coinmint Agreement

On July 1, 2021, Gryphon entered into a Coinmint Colocation Mining Services Agreement (the "Coinmint Agreement"), with Coinmint, LLC ("Coinmint"), an established operator of renewable-energy data centers, pursuant to which Coinmint provides hosting services to Gryphon at Coinmint's hydro powered facility in Massena, New York (the "Coinmint Facility") for a 15-month period, which upon its conclusion renews automatically for successive three-month terms unless either party delivers to the other party 90 days' written notice of intent not to renew. Pursuant to the terms of the Coinmint Agreement, 7,200 S19j Pro Antminer machines were delivered to and installed at the Coinmint Facility. Under the terms of the Coinmint Agreement, Coinmint directly passes through the cost of electricity and maintenance costs to Gryphon, collects an initial reservation fee and collects a percentage of Gryphon's bitcoin mining profits.

Agreement and Plan of Merger with Sphere 3D

On June 3, 2021, Gryphon and Sphere 3D Corp. ("Sphere 3D") entered into an Agreement and Plan of Merger (the "Sphere 3D Merger Agreement"), pursuant to which a merger subsidiary of Sphere 3D was to merge with and into Gryphon, with Gryphon continuing as the surviving corporation and wholly owned subsidiary of Sphere 3D (the "Sphere 3D Merger"). The Sphere 3D Merger Agreement was amended December 29, 2021. On April 4, 2022, Gryphon and Sphere 3D mutually agreed to terminate the Sphere 3D Merger Agreement due to changing market conditions, the passage of time, and the relative financial positions of the companies, among other factors.

Carbon Credit Agreements

On June 8, 2021 and August 19, 2021, Gryphon entered into two agreements to purchase up to 250,000 Certified Emission Reductions ("Credits") from Polaris Infrastructure Inc. The agreements were amended and consolidated into a single agreement on June 2, 2022, pursuant to which Gryphon ultimately purchased 74,075 Credits for \$100,000.

Sphere 3D Promissory Note and Security Agreement

On July 6, 2021, in connection with the pending Sphere 3D Merger, Sphere 3D entered into a Secured Promissory Note with Gryphon (the "Sphere 3D Note"), pursuant to which Sphere 3D loaned Gryphon the principal amount of \$2.7 million. The Sphere 3D Note was secured by certain assets of Gryphon and bore interest at the rate of 9.5% per annum. On August 30, 2021, Sphere 3D and Gryphon entered into Amendment No. 1 to the Sphere 3D Note pursuant to which Sphere 3D loaned Gryphon an additional \$3.65 million. On September 29, 2021, Sphere 3D and Gryphon entered into Amendment No. 2 to the Sphere 3D Note pursuant to which Sphere 3D loaned Gryphon an additional \$3.65 million and amended the repayment schedule. On January 3, 2022, Sphere 3D and Gryphon entered into Amendment No. 3 to the Sphere 3D Note, pursuant to which Sphere 3D loaned an additional \$2.5 million to Gryphon, which increased the principal amount of the Sphere 3D Note to \$12.5 million, and extended the initial date for the repayment. In connection with the termination of the Sphere 3D Merger Agreement, all amounts payable by Gryphon under the Sphere 3D Note were forgiven, and Sphere 3D released all of the collateral pledged by Gryphon to secure the Sphere 3D Note.

Master Services Agreement with Sphere 3D

On August 19, 2021, in connection with the pending Sphere 3D Merger, Gryphon entered into a Master Services Agreement (the "Sphere 3D MSA") with Sphere 3D. Under the Sphere 3D MSA, Gryphon is Sphere 3D's exclusive provider of management services for all blockchain and cryptocurrency-related operations, including but not limited to services relating to all mining equipment owned, purchased, leased, operated, or otherwise controlled by Sphere 3D and/or its subsidiaries and/or its affiliates at any location. Gryphon in return receives a percentage of the net operating profit of all of Sphere 3D's blockchain and cryptocurrency-related operations. To provide greater certainty as to the term of the Sphere 3D MSA, Sphere 3D and Gryphon agreed to extend the initial term of the Sphere 3D MSA from

[Table of Contents](#)

three to four years, or to five years in the event Sphere 3D did not receive delivery of a specified minimum number of bitcoin mining machines during 2022. Sphere did not meet delivery targets in 2022, which extended the initial term of the Sphere 3D MSA to five years through August 2026. Subject to written notice from Sphere 3D and an opportunity by Gryphon to cure for a period of up to 180 days, Sphere 3D shall be entitled to terminate the Sphere 3D MSA in the event of: (i) Gryphon's failure to perform the services under the Sphere 3D MSA in a professional and workmanlike manner in accordance with generally recognized crypto-mining industry standards for similar services, or (ii) Gryphon's gross negligence, fraud or willful misconduct in connection with performing the services. Gryphon shall be entitled to specific performance or termination for cause in the event of a breach by Sphere 3D, subject to written notice and an opportunity to cure for a period of up to 180 days.

Pursuant to the Sphere 3D MSA, Gryphon holds the crypto assets of Sphere in a Bitgo Trust digital wallet. Sphere's assets are safeguarded by Bitgo Trust in the same manner that Gryphon's assets are safeguarded by Bitgo Trust, as described elsewhere in this section. Gryphon and Sphere's assets are not co-mingled, as Sphere's assets are stored in a separate wallet with its own address. The terms of the Sphere 3D MSA govern the management of Sphere's assets. The terms prevent self-dealing and conflicts of interest. Additionally, all dealings between Sphere 3D and Gryphon involve one or both of (i) independent, arms-length third parties and (ii) transactions publicly available on the blockchain, which provide a clear, unambiguous trail of documentation to audit the relationship as needed.

Master Services Agreement with Core

On September 12, 2021, Gryphon and Core Scientific, Inc. ("Core") entered into a Master Services Agreement (the "Core MSA"). Pursuant to the Core MSA, Core shall provide services related to the hosting of Gryphon's cryptocurrency mining equipment and operations in data centers owned by Core under separate orders entered into by Gryphon and Core. The term of the Core MSA is indefinite, but may be terminated if no active orders have been in effect for at least 12 months.

Master Services Agreement Order No. 1 ("Order 1") under the Core MSA commenced on August 31, 2021 and provides for the hosting by Core of equipment consisting of one hundred S19j Pro Antminer units. Order 1 shall remain in place for three years, unless terminated earlier under the terms of the Core MSA or Order 1, and automatically renews for one-year renewal terms unless terminated by Gryphon with 90 days' notice prior to the end of any such renewal term. Master Services Agreement Order No. 2 ("Order 2") under the Core MSA commenced on September 24, 2021 and provides for approximately 230 MW of net carbon neutral bitcoin mining hosting capacity to be managed by Core as hosting partner. Core hosts equipment consisting of approximately 71,000 S19 or equivalent units that were delivered to Core's data center in scheduled installments between October 2021 and November 2022. Core's hosting services for each shipment of units began in the month of the arrival of such units and will continue for four years thereafter, unless terminated earlier under the terms of the Core MSA or Order 2, and automatically renew for one-year renewal terms unless terminated by Gryphon with 90 days' notice prior to the end of any such renewal term. In addition, Order 2 amended the Core MSA to permit the sub-lease, sub-license, assignment, delegation or transfer of the Core MSA, Order 1, or Order 2, or Gryphon's rights and obligations thereunder, to Sphere 3D without the consent of Core.

Sub-License and Delegation Agreement with Sphere 3D

On October 8, 2021, in connection with the pending Sphere 3D Merger, Gryphon and Sphere 3D entered into a sub-license and delegation agreement (the "Sublease"), pursuant to which Gryphon sublicensed to Sphere 3D Gryphon's rights to use Core's facility pursuant to Order 2 and the Core MSA, and delegated to Sphere 3D all of Gryphon's obligations to make payments to Core under Order 2. The Sublease will terminate automatically upon the termination of the Core MSA and/or Order 2. As part of the agreements to amend the Sphere 3D Merger Agreement, the Sphere 3D Note and the Sphere 3D MSA, Sphere 3D and Gryphon agreed to amend the Sublease to provide Gryphon the right to recapture the usage of up to 50% of the hosting capacity to be managed by Core if the Sphere 3D Merger Agreement was terminated. Gryphon did not exercise the recapture right, which expired 90 days after the termination of the Sphere 3D Merger Agreement.

Anchorage Loan Agreement

On May 25, 2022, Anchorage entered into the Anchorage Loan Agreement with Gryphon Opco, pursuant to which Anchorage loaned Gryphon Opco the principal amount of 933.333333 bitcoin. Gryphon Opco's obligations under the Anchorage Loan Agreement are secured by certain equipment and software rights of Gryphon Opco and are

[Table of Contents](#)

guaranteed by Gryphon. The loan was payable in installments of 42.424242 bitcoin with interest of 5.0% per annum, payable monthly in bitcoin. Gryphon Opco is further required thereunder to maintain a collateral coverage ratio of 110%. The maturity date of the loan was initially May 27, 2024.

On March 27, 2023, Gryphon and Anchorage entered into an amendment to the Anchorage Loan Agreement (the “Anchorage Loan Amendment”). Pursuant to the Anchorage Loan Amendment, the maturity date was extended to March 2026, and the interest rate was increased to 6% per annum. The monthly principal and interest payments have been adjusted to be 100% of net monthly mining revenue, defined as, for each calendar month, the sum of (a) all of Gryphon’s revenue generated from all bitcoin generated by Gryphon with the collateral *less* (b) the sum of Gryphon Selling, General and Administrative Expenses (“SG&A”) in connection with bitcoin mining operations, but not to exceed the greater of (x) \$100,000 and (y) the amount that is previously preapproved by Anchorage in writing for such calendar month; provided, however that, to the extent that SG&A is capped by clause (b) above, any unapplied SG&A may be rolled forward to subsequent months until fully deducted. Notwithstanding the foregoing, unless otherwise approved by Anchorage, the aggregate amount of SG&A during any rolling twelve-month period shall not exceed \$750,000. Provided that if at the end of a fiscal quarter, commencing with the fiscal quarter ending June 30, 2023, if (x) the aggregate principal amount payment received by the Anchorage for such fiscal quarter exceeds 38.6363638 bitcoin and (y) the average principal amount payment received by Anchorage for each fiscal quarter (commencing fiscal quarter ending June 30, 2023 and through and including the fiscal quarter for which such determination is to be made) exceeds 38.6363638 bitcoin per fiscal quarter, then, the Gryphon shall pay to Anchorage 75% of net monthly mining revenue for the immediately succeeding fiscal quarter (and thereafter, in the following fiscal quarter would shift to 100%). As consideration for the Anchorage Loan Agreement Amendment, Gryphon agreed to make a one-time payment of 173.17 bitcoins, reducing the principal balance of bitcoins from 636.81 to 463.64, and a closing fee of \$45,000.

The Anchorage Loan Agreement Amendment also added a conversion provision whereby Anchorage has a limited right to convert all or any portion of the outstanding principal on the loan into a number of shares of Gryphon or any public company that is Gryphon’s parent, if Gryphon is not the public company (the “Conversion Right”). The Conversion Right is available at any time during the one month period (the “Conversion Period”) after which the market capitalization of Gryphon, or its public company parent if Gryphon is not the public company, for the first time exceeds \$125,000,000 for five consecutive days. The conversion price is equal to \$150,000,000 divided by the number of shares of Gryphon, or its public company parent if Gryphon is not the public company, common stock outstanding immediately prior to Anchorage’s exercise of the Conversion Right during the Conversion Period.

Competition

Gryphon’s primary competitors are Marathon Digital Holdings Inc., Riot Blockchain Inc., Hive Blockchain Technologies Ltd., Hut 8 Mining Corp., and Bitfarms Ltd.

Competitive Advantages

Low operating costs are a key part of Gryphon’s competitive advantage. The low-cost hosting rates from its two host providers combined with its current generation, more efficient bitcoin miners provide Gryphon with a competitive advantage over competitors.

Gryphon believes it has strong relationships with equipment manufacturers and third-party mining data centers. It is challenging to acquire the latest equipment and host capacity due to significant market demand and limited supply. Gryphon has relationships with both types of suppliers, which it believes will allow it to access current-generation equipment and sign contracts with leading providers of hosting solutions.

Operational Strategy

Gryphon uses a hosting strategy that allows the company to concentrate the deployment of its capital towards bitcoin mining activities as opposed to building its own datacenters. Gryphon has partnered with a host provider that provides 100% net carbon neutral power for its bitcoin mining.

Gryphon’s primary host facility is the Coinmint Facility located in upstate New York and is 100% hydro powered. In September 2021, Gryphon began deploying the first batch of its 7,200 S19j Pro Antminers from Bitmain at this facility. While electricity costs at the Coinmint facility have been as low as \$0.0032/kWh in 2021 and as April 30, 2023, were

[Table of Contents](#)

\$0.0583/kWh with a 26-week rolling average of \$0.059/kWh, electricity costs at the facility have fluctuated and will continue to fluctuate. The Coinmint Agreement provides for direct cost pass through of electricity costs and other operating costs at this facility plus a profit share. Gryphon uses approximately 25MW of electricity at this site.

Gryphon's miner fleet is composed entirely of S19j Pro Antminers from Bitmain, with the exception of 25 S19 Pro Antminers. The S19j Pro Antminers have a hashrate capacity of approximately 100 TH/s per miner and power consumption of approximately 3,050 watts per miner. Gryphon's operations will continue to expand as it acquires additional miners to the extent that opportunities for such acquisitions arise.

Gryphon currently participates in a single mining pool called Foundry USA Pool, on an ad hoc basis. The arrangement is terminable at any time without substantial penalty by either party and the contract term is deemed to be 24 hours. Gryphon's enforceable right to compensation only begins when and continues while the Company provides computing power to its customer, the mining pool operator. The mining pool applies the Full Pay Per Share ("FPPS") model. Under the FPPS model, in exchange for providing computing power to the pool, the Company is entitled to pay-per-share base amount and transaction fee reward compensation, calculated on a daily basis, at an amount that approximates the total bitcoin that could have been mined and transaction fees that could have been awarded using Gryphon's computing power, based upon the then current blockchain difficulty. Under this model, the Company is entitled to compensation regardless of whether the pool operator successfully records a block to the bitcoin blockchain.

Gryphon contributes its processing power to Foundry USA Pool and receives a fractional share of the pool's total mining rewards that is based on its proportionate share of computational power contributed towards solving the aggregate block rewards. Foundry USA Pool receives both the block reward and the transaction fees when successfully adding a block to the blockchain. Thus, the consideration received by Gryphon is variable. Likewise, the number of digital assets mined by pool participants is variable. Prior to April 19, 2023, in consideration of the Company being an early strategic customer of Foundry USA Pool and in view of competition, Foundry USA Pool has not charged Gryphon with a fee for its services. However, as of April 19, 2023, Gryphon is now charged a fee of 0.43%, based on its deployed hashrate.

Gryphon contributes 100% of its Bitcoin hashing power to Foundry USA Pool. The total hashing power of Foundry USA Pool is 110 EH/S, as of June 22, 2023, of which Gryphon contributes about 0.8%. Because cryptocurrency is considered non-cash consideration, fair value of the cryptocurrency award received is determined using the quoted price of the related cryptocurrency in Gryphon's principal market at the time of contract inception, which is deemed daily. Revenue is recognized when it is probable that a significant reversal in the amount of cumulative revenue recognized will not occur. After every 24-hour term, the mining pool transfers the cryptocurrency consideration to our designated cryptocurrency wallet. Gryphon has no knowledge of whether Foundry USA Pool maintains insurance for theft or loss and the risks associated with transferring crypto assets. See "Risk Factors — Incorrect or fraudulent cryptocurrency transactions may be irreversible" for details related to the risks associated with transferring crypto assets.

Gryphon does not have visibility into how Foundry USA Pool holds Gryphon's proportion of mining rewards prior to transfer as they are a private company. Gryphon obtains comfort on the bitcoin received from Foundry USA Pool as management completes an estimated revenue analysis whereas it calculates its percentage of hashrate contributed on a daily basis as a percentage of the global hashrate to identify expected rewards. Gryphon then compares that amount to the actual bitcoin received from Foundry USA Pool for variances. Foundry USA operates its pool on the Full Pay Per Share (FPPS) payout method. FPPS is a variant of the Pay Per Share (PPS) method, where miners receive a fixed payout for each valid share submitted, regardless of whether the pool finds a block. Daily Earnings are calculated from midnight-to-midnight UTC time, and the sub-account balance is credited one hour later at 1 AM UTC time. Earnings accrued in the balance would be withdrawn to the selected whitelisted wallet address, once a day, during 9 AM to 5 PM UTC time. According to the Foundry USA Pool's FAQ page, the minimum payout threshold for Bitcoin (BTC) is 0.001 bitcoin. Under the FPPS method, Foundry USA provides Gryphon with a stable and predictable payout for their mining efforts. Regardless of the pool's success, Gryphon will receive consistent rewards based on the number of valid shares (hash rate) they contribute.

While Gryphon may expand its operations beyond the mining of bitcoin in the future, Gryphon has no plans to pursue the acquisition or mining of digital assets other than bitcoin. However, Gryphon has acquired in the past digital assets other than bitcoin as in-kind investments or payments.

Gryphon's revenue model is to mine and hold bitcoin, and then sell only the bitcoin that is necessary to pay its operating expenses and to reinvest in operational expansion. For the 3 month period ended March 31, 2023, the average holding period was 12 days. For the 6 month period ended June 30, 2023, the average holding period was 41 days. Prior to

[Table of Contents](#)

December 31, 2022, Gryphon’s average holding period was under 7 days. The bitcoin that is sold to pay operating expenses and to reinvest in operational expansion is sold within a 24 hour time frame of receipt. Gryphon converts mined bitcoin into fiat currency through BitGo Prime LLC (“BitGo Prime”), under the terms of the Electronic Trading Agreement entered into between BitGo Prime and Gryphon as of October 5, 2021. Under such agreement, BitGo Prime and Gryphon may purchase from and sell digital assets to each other, each for its own benefit and account. To facilitate such trading services, BitGo Prime may provide Gryphon online access to its proprietary electronic trading system, with access to and use of the trading system being subject to the terms and conditions of the Agreement. BitGo Prime charges Gryphon no fees for such conversion other than a nominal wire transfer fee associated with the wire of fiat currency to Gryphon’s account. Gryphon shall also not pay any commissions and transaction, processing and other fees, including federal, state, and local taxes.

An affiliate of BitGo Prime, BitGo Trust Company Inc., (“BitGo Trust”) serves as the custodian for Gryphon’s digital currency holdings in consideration of nominal fees paid for custodial, transaction, and settlement services provided pursuant to the agreement between Gryphon and BitGo Trust. Gryphon’s CEO, President and CFO each hold Gryphon side private keys that are protected with two-factor authentication. Custodial side keys are held by BitGo Trust who verifies requests with two factor authentication and video reviews. Additionally, as custodian of Gryphon’s digital assets, BitGo Trust has implemented certain security measures with regard to Gryphon’s digital asset holdings. Any liquidation, conversion, or transfer of the digital assets held in custody by BitGo Trust requires authorizations by two Gryphon executives and requires 24 hours prior to the effectiveness of any such transaction. In addition, the digital assets held in custody by BitGo Trust are insured up to \$100 million. There can be no assurances that these procedures will be effective, and Gryphon could suffer a loss of its bitcoin due to an adverse software or cybersecurity event. While Gryphon is confident in the security of its digital assets, Gryphon continues to evaluate additional protective measures. See “Risk Factors — Gryphon’s bitcoin may be subject to loss, theft or restriction on access” for Gryphon’s risks and challenges related to custody.

Intellectual Property

Gryphon holds no patents, copyrights, trademarks, or licensing agreements.

Employees and Advisors

Gryphon currently has two full-time employees, its Chief Executive Officer and its Executive Chair. Gryphon also uses the services of Chris Ensey as Chief Technical Advisor.

Government Regulation

Government regulation of blockchain technology and Bitcoin specifically is being actively considered by the United States federal government via a number of agencies and regulatory bodies, as well as similar entities in other countries. State government regulations also may apply to Gryphon’s bitcoin mining activities and other related activities in which Gryphon participates or may participate in the future. Certain regulatory bodies have shown an interest in regulating or investigating companies engaged in the blockchain technology or Bitcoin business.

In addition, because transactions in bitcoin provide a reasonable degree of pseudo anonymity, they are susceptible to misuse for criminal activities, such as money laundering. This misuse, or the perception of such misuse (even if untrue), could lead to greater regulatory oversight of Bitcoin platforms, and there is the possibility that law enforcement agencies could close Bitcoin platforms or other Bitcoin-related infrastructure with little or no notice and prevent users from accessing or retrieving bitcoin held via such platforms or infrastructure. For example, the Secretary of the U.S. Department of the Treasury Janet Yellen noted during her nomination hearing before the Senate Finance Committee in January 2021 that cryptocurrencies have the potential to improve the efficiency of the financial system but that they can be used to finance terrorism, facilitate money laundering and support malign activities that threaten U.S. national security interests and the integrity of the U.S. and international financial systems. Accordingly, Secretary Yellen expressed her view that federal regulators needed to look closely at how to encourage the use of cryptocurrencies for legitimate activities while curtailing their use for malign and illegal activities. Furthermore, in December 2020, the Financial Crimes Enforcement Network (“FinCEN”), a unit of the U.S. Department of the Treasury, focused on money laundering and proposed a new set of rules for cryptocurrency-based exchanges aimed at reducing the use of cryptocurrencies for money laundering. These proposed rules would require filing reports with FinCEN regarding cryptocurrency transactions in excess of \$10,000 and impose record-keeping requirements for cryptocurrency transactions in excess of \$3,000 involving users who manage their own private keys. In January 2021,

[Table of Contents](#)

the Biden Administration issued a memorandum freezing federal rulemaking, including the proposed FinCEN rules, to provide additional time for the Biden Administration to review the rulemaking that had been proposed by the Trump Administration. As a result, it remains unclear whether the proposed FinCEN rules will take effect.

Multiple United States federal agencies and regulators have been active in rulemaking, issuing guidance and regulating various actors in the blockchain technology industry, including the CFTC, SEC, FINRA, OCC, CFPB, FinCEN, OFAC, IRS, FDIC, and Federal Reserve. In March 2022, the United States announced plans to establish a unified federal regulatory regime for cryptocurrency, and in January 2023, the House of Representatives announced its first ever Financial Services Subcommittee on Digital Assets and its intention to develop a regulatory framework for the digital asset industry. In February 2023, Bipartisan leadership of the Senate Banking Committee announced a similar goal. Regulations may substantially change in the future and it is presently not possible to know how regulations will apply to Gryphon's businesses, or when they will be effective. As the regulatory and legal environment evolves, Gryphon may become subject to new laws, further regulation by the SEC, and other federal or state agencies, which may affect Gryphon's bitcoin mining and other related activities. Certain state and local authorities have introduced and passed legislation that may affect Gryphon's business and the business of bitcoin mining. New York recently enacted a 2-year ban on new cryptocurrency mining conducted at fossil fuel-burning plants. It is possible that other states may likewise create laws that specifically impact Gryphon's business.

In 2022, FTX Trading Ltd. and several other major cryptocurrency exchanges declared bankruptcy. The U.S. Department of Justice brought criminal charges, including charges of fraud, violations of federal securities laws, money laundering, and campaign finance offenses against FTX's former CEO and others. FTX is also under investigation by the SEC, the Justice Department, and the Commodity Futures Trading Commission, as well as by various regulatory authorities in the Bahamas, Europe and other jurisdictions. In response to these events, the digital asset markets have experienced extreme price volatility and declines in liquidity, and regulatory and enforcement scrutiny has increased, including from the DOJ, the SEC, the CFTC, the White House and Congress. These events continue to develop rapidly, and it is not possible to predict at this time all of the risks that they may pose to Gryphon or on the digital asset industry as a whole.

For additional discussion regarding Gryphon's belief about the potential risks existing and future regulation pose to Gryphon's business, see "*Risk Factors*" herein.

Environmental Considerations

Environmental considerations are top priority for Gryphon. Gryphon was founded as an ESGled company. This means that Gryphon has limited the provision of electricity to its bitcoin mining activities to facilities using 100% carbon-free energy, or required the purchase of carbon credits by such facility to provide for carbon neutrality. Gryphon currently has no plans to change this practice. Gryphon's policy, which it currently has no plans to change, is not to conduct bitcoin mining from any facility using a carbon-based electricity source. Gryphon recognizes that a byproduct of the acquisition of bitcoin mining equipment from the existing supply chain is a carbon footprint. To offset this footprint, Gryphon has entered into agreements to purchase 74,075 carbon credits. See "*Information About Gryphon — Material Agreements — Carbon Credit Agreements*" for more information.

Legal Proceedings

Gryphon is engaged, and may become engaged, in litigation in the ordinary course of business. On April 7, 2023, Sphere 3D filed suit against Gryphon in the Southern District of New York. The lawsuit concerns the Sphere 3D MSA between the parties where Gryphon agreed to act as Sphere 3D's "exclusive provider of any and all management services for all blockchain and cryptocurrency-related operations." Sphere 3D alleges that Gryphon has fallen short in its obligations under the Sphere 3D MSA, and is suing for alleged breach of contract, breach of the implied covenant of good faith and fair dealing, and breach of fiduciary duty. Gryphon will vigorously defend against the lawsuit, which it believes is without merit. However, Gryphon cannot predict the outcome of these proceedings or provide an estimate of potential damages, if any. Failure by Gryphon to obtain a favorable resolution of the claims set forth in the complaint could require it to pay damage awards or otherwise enter into settlement arrangements for which its insurance coverage may be insufficient. Any such damage awards or settlement arrangements in current or future litigation could have a material adverse effect on Gryphon's business, operating results or financial condition. Even if Sphere 3D's claims are not successful, defending against this or future litigation is expensive and could divert management's attention and resources, all of which could have a material adverse effect on Gryphon's business, operating results and financial condition and negatively affect Gryphon's value. In addition, such lawsuits may make it more difficult for Gryphon to finance its operations in the future.

GRYPHON MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

You should read the following discussion and analysis of Gryphon's financial condition and results of its operations, together with its consolidated financial statements and related notes appearing at the end of this proxy statement/prospectus. This discussion contains forward-looking statements reflecting Gryphon's current expectations that involve risks and uncertainties. Actual results and the timing of events may differ materially from those contained in these forward-looking statements due to a number of factors, including those discussed in the section entitled "Risk Factors" and elsewhere in this proxy statement/prospectus.

Business Overview

Founded in October 2020, Gryphon is a bitcoin mining company based in Las Vegas, Nevada. Gryphon launched its mining operations in September 2021 upon the receipt of the first of 12 batches of 600 Bitmain S19j Pro Antminers. Gryphon has deployed a total of approximately 8,400 S19j Pro Antminers from Bitmain Technologies Limited ("Bitmain") pursuant to the Bitmain Agreement (as defined below) and subsequent market purchases. Gryphon's mission is to create the world's leading net carbon neutral bitcoin miner. Gryphon's revenue model is to mine and hold bitcoin, and then sell only the bitcoin that is necessary to pay its operating expenses and to reinvest in operational expansion. For the 3-month period ended March 31, 2023, the average holding period was 12 days. For the 6-month period ended June 30, 2023, the average holding period was 41 days. Prior to December 31, 2022, Gryphon's average holding period was under 7 days. The bitcoin that is sold to pay operating expenses and to reinvest in operational expansion is sold within a 24 hour time frame of receipt.

Gryphon's operations encompass the following:

- **Self-Mining:** Gryphon operates approximately 8,400 bitcoin ASIC mining computers, referred to as "miners," that Gryphon has installed at third-party hosted mining data centers located in New York, Georgia and North Carolina. Revenue generated by the mining of bitcoin is measured on a dollar per megawatt-hour ("MWh") basis and is variable based on the price of bitcoin, the measure of difficulty, transaction volume and global hash rates.
- **ESG-Led Mining:** Gryphon is an ESG-committed bitcoin miner with the mission to create the world's largest bitcoin miner with a neutral carbon footprint. Gryphon currently uses 100% net carbon neutral energy as its power source.

Given the significant amount of power that ASIC miners require to operate, Gryphon believes most mining companies focus completely on low-cost electricity without considering the impact of the power's production on the climate. Gryphon's strategy is to focus on working with power hosting partners that are committed to climate science and also can produce reliable, low-cost power. Gryphon uses 25 megawatts of space at its primary hosting facility in New York, which relies on renewable hydro energy. As it deploys additional miners, Gryphon will work with hosting partners that have committed to providing power that is net carbon neutral.

For the years ended December 31, 2022 and 2021, Gryphon mined 815.50 and 69.48 bitcoins, respectively, and for the three months ended March 31, 2023, Gryphon mined 225.83 bitcoins. Gryphon also received digital assets (bitcoin, Ethereum, DAI and USDT) that amounted to approximately \$1,374,000 through digital currency it received from private placements of its capital stock. While Gryphon does not have any plans to acquire digital assets other than bitcoin, it may do so in the future.

Breakeven Analysis

Below is a breakeven analysis of Gryphon's mining operations:

The breakeven analysis is calculated by taking the cost of goods sold for the period and dividing that figure by the bitcoin equivalent coins generated during the same period. The BTC Equivalent calculation (“Total BTC Equiv” in the table) is calculated by adding Gryphon’s BTC rewards for the period to the BTC equivalent amount of revenue earned from the Sphere MSA, the latter of which is calculated by dividing the Sphere MSA revenue earned during the period by the average BTC price as determined by Yahoo Finance for the same period (“MSA BTC Equiv” in the table). This is a non-GAAP measure that is calculated in the same fashion as gold equivalent ounces reported in the gold industry that provide a one-commodity measure of multiple revenue streams from different commodities (i.e., Gold, copper, nickel, etc). Like in the gold industry, the purpose of this calculation is to provide the reader with a bitcoin-equivalent datapoint of Gryphon’s two revenue streams in the context of its primary revenue stream so that the reader can more easily compare Gryphon’s operations with other bitcoin mining companies. By dividing the total cost of goods sold by the number of bitcoin-equivalent coins generated, we calculate the cost to mine one bitcoin. As such, if Gryphon sells a bitcoin for the same price, it will have broken even.

Recent Developments

Termination of Sphere 3D Merger Agreement

On June 3, 2021, Gryphon and Sphere 3D Corp. (“Sphere 3D”) entered into an Agreement and Plan of Merger (the “Sphere 3D Merger Agreement”), pursuant to which a merger subsidiary of Sphere 3D was to merge with and into Gryphon, with Gryphon continuing as the surviving corporation and wholly owned subsidiary of Sphere 3D (the “Sphere 3D Merger”).

On July 6, 2021, in connection with the pending Sphere 3D Merger, Sphere 3D entered into a Secured Promissory Note with Gryphon (the “Sphere 3D Note”), pursuant to which Sphere 3D loaned Gryphon the principal amount of \$2.7 million. The Sphere 3D Note was secured by certain assets of Gryphon and bore interest at the rate of 9.5% per annum. On August 30, 2021, Sphere 3D and Gryphon entered into Amendment No. 1 to the Sphere 3D Note pursuant to which Sphere 3D loaned Gryphon an additional \$3.65 million. On September 29, 2021, Sphere 3D and Gryphon entered into Amendment No. 2 to the Sphere 3D Note, pursuant to which Sphere 3D loaned Gryphon an additional \$3.65 million and amended the repayment schedule. On January 3, 2022, Sphere 3D and Gryphon entered into Amendment No. 3 to the Sphere 3D Note, pursuant to which Sphere 3D loaned an additional \$2.5 million to Gryphon, which increased the principal amount of the Sphere 3D Note to \$12.5 million and extended the initial date for the repayment.

On August 19, 2021, in connection with the pending Sphere 3D Merger, Gryphon entered into a Master Services Agreement (the “Sphere 3D MSA”) with Sphere 3D. Under the Sphere 3D MSA, Gryphon is Sphere 3D’s exclusive provider of management services for all blockchain and cryptocurrency-related operations, including but not limited

to services relating to all mining equipment owned, purchased, leased, operated, or otherwise controlled by Sphere 3D and/or its subsidiaries and/or its affiliates at any location. Gryphon, in return receives 22.5% of the net operating profit of all of Sphere 3D's blockchain and cryptocurrency-related operations. To provide greater certainty as to the term of the Sphere 3D MSA, Sphere 3D and Gryphon agreed to extend the initial term of the Sphere 3D MSA from three to four years or to five years in the event Sphere 3D did not receive delivery of a specified minimum number of bitcoin mining machines during 2022. Sphere did not meet delivery targets in 2022, which extended the initial term of the Sphere 3D MSA to five years through August 2026. Subject to written notice from Sphere 3D and an opportunity by Gryphon to cure for a period of up to 180 days, Sphere 3D shall be entitled to terminate the Sphere 3D MSA in the event of: (i) Gryphon's failure to perform the services under the Sphere 3D MSA in a professional and workmanlike manner in accordance with crypto-mining industry standards for similar services, or (ii) Gryphon's gross negligence, fraud or willful misconduct in connection with performing the services. Gryphon shall be entitled to specific performance or termination for cause in the event of a breach by Sphere 3D, subject to written notice and an opportunity to cure for a period of up to 180 days.

On April 4, 2022, Gryphon and Sphere 3D mutually agreed to terminate the Sphere 3D Merger Agreement due to changing market conditions, the passage of time, and the relative financial positions of the companies, among other factors. In connection with the termination of the Sphere 3D Merger Agreement, all amounts payable by Gryphon under the Sphere 3D Note were forgiven, and Sphere 3D released all of the collateral pledged by Gryphon to secure the Sphere 3D Note. In addition, Gryphon received 850,000 shares of Sphere 3D's restricted common stock that were held in a third-party escrow account. The parties will continue to operate under the Sphere 3D MSA in accordance with its terms.

Anchorage Loan Agreement

On May 25, 2022, Anchorage entered into the Anchorage Loan Agreement with Gryphon Opco, pursuant to which Anchorage loaned Gryphon Opco the principal amount of 933.333333 bitcoin. Gryphon Opco's obligations under the Anchorage Loan Agreement are secured by certain equipment and software rights of Gryphon Opco and are guaranteed by Gryphon. The loan was payable in installments of 42.424242 bitcoin with interest of 5.0% per annum, payable monthly in bitcoin. Gryphon Opco is further required thereunder to maintain a collateral coverage ratio of 110%. The maturity date of the loan was initially May 27, 2024.

Gryphon's rationale for entering into the Anchorage Loan Agreement was two-fold. The first was to reduce Gryphon's interest rate costs by retiring convertible debentures that carried a coupon rate 500 bps higher than the rate under the Anchorage loan. The second was to align the denomination of Gryphon's debt financing to the denomination of Gryphon's revenues (i.e. align the currency of Gryphon's debts to the currency of Gryphon's revenues). We may consider taking on Bitcoin denominated debt in the future, subject to the terms available and relative to other financing opportunities available.

On March 27, 2023, Gryphon and Anchorage entered into an amendment to the Anchorage Loan Agreement (the "Anchorage Loan Amendment"). Pursuant to the Anchorage Loan Amendment, the maturity date was extended to March 2026, and the interest rate was increased to 6% per annum. The monthly principal and interest payments have been adjusted to be 100% of net monthly mining revenue, defined as, for each calendar month, the sum of (a) all of Gryphon's revenue generated from all bitcoin generated by Gryphon with the collateral *less* (b) the sum of Gryphon Selling, General and Administrative Expenses ("SG&A") in connection with bitcoin mining operations, but not to exceed the greater of (x) \$100,000 and (y) the amount that is previously preapproved by Anchorage in writing for such calendar month; provided, however that, to the extent that SG&A is capped by clause (b) above, any unapplied SG&A may be rolled forward to subsequent months until fully deducted. Notwithstanding the foregoing, unless otherwise approved by Anchorage, the aggregate amount of SG&A during any rolling twelve-month period shall not exceed \$750,000. Provided that if at the end of a fiscal quarter, commencing with the fiscal quarter ending June 30, 2023, if (x) the aggregate principal amount payment received by the Anchorage for such fiscal quarter exceeds 38.6363638 bitcoin and (y) the average principal amount payment received by Anchorage for each fiscal quarter (commencing fiscal quarter ending June 30, 2023 and through and including the fiscal quarter for which such determination is to be made) exceeds 38.6363638 bitcoin per fiscal quarter, then, the Gryphon shall pay to Anchorage 75% of net monthly mining revenue for the immediately succeeding fiscal quarter (and thereafter, in the following fiscal quarter would shift to 100%). As consideration for the Anchorage Loan Agreement Amendment, Gryphon agreed to make a one-time payment of 173.17 bitcoins, reducing the principal balance of bitcoins from 636.81 to 463.64, and a closing fee of \$45,000.

The Anchorage Loan Agreement Amendment also added a conversion provision whereby Anchorage has a limited right to convert all or any portion of the outstanding principal on the loan into a number of shares of Gryphon or any public company that is Gryphon's parent, if Gryphon is not the public company (the "Conversion Right"). The Conversion Right is available at any time during the one month period (the "Conversion Period") after which the market capitalization of Gryphon, or its public company parent if Gryphon is not the public company, for the first time exceeds \$125,000,000 for five consecutive days. The conversion price is equal to \$150,000,000 divided by the number of shares of Gryphon, or its public company parent if Gryphon is not the public company, common stock outstanding immediately prior to Anchorage's exercise of the Conversion Right during the Conversion Period.

Conversion and Redemption of Convertible Debentures

In June 2021, Gryphon sold units in a private placement consisting of convertible debentures in the principal amount of \$9,4867 ("Convertible Debenture") and one warrant to purchase Gryphon's common stock for a total aggregate of 956,857 units. Each Convertible Debenture was convertible into a share of Gryphon's common stock at a conversion price equal to the lower of (i) \$9,4867, or (ii) a 30% discount to the public valuation. The Convertible Debentures accrued simple interest on the outstanding principal balance at a rate of 10% per annum.

On May 26, 2022, Gryphon issued 47,971 shares of common stock upon conversion of Convertible Debentures with an aggregate principal amount of \$414,000 and accrued interest of \$41,000. Also on May 26, 2022, Gryphon redeemed the remaining \$8,665,000 in aggregate principal amount of Convertible Debentures, together with \$839,000 in accrued interest thereon. Following such conversions and redemptions, no Convertible Debentures remained outstanding.

Impact of Coronavirus Pandemic

COVID-19, and the global measures taken to combat it, may cause disruption to the activities of Gryphon's suppliers and, potentially, Gryphon's bitcoin mining activities and have an adverse effect on Gryphon's business. Gryphon's bitcoin miners will be accessible through Gryphon's data provider and do not require physical interaction. Thus, Gryphon expects that its ability to conduct operations will not be materially affected by COVID-19. While the broader economic implications remain uncertain, the COVID-19 pandemic has, to date, not had any measurable material impact on Gryphon's operating results.

Depending on the magnitude of such effects on Gryphon's supply chain, shipments of parts for Gryphon's already ordered bitcoin miners, as well as any new miners Gryphon may purchase, may be delayed. As Gryphon's bitcoin miners require repair or become obsolete and require replacement, Gryphon's ability to obtain adequate replacements or repair parts from their manufacturer may be hampered. Supply chain disruptions could negatively impact Gryphon's operations.

The extent to which the pandemic may impact Gryphon's results will depend on future developments, which are highly uncertain and cannot be predicted as of the date of this proxy statement/prospectus, including new information that may emerge concerning the severity of the pandemic and steps taken to contain the pandemic or treat its impact, among others. Nevertheless, the pandemic and the current financial, economic and capital markets environment, and future developments in the global supply chain and other areas present material uncertainty and risk with respect to Gryphon's performance, financial condition, results of operations and cash flows. See also "Risk Factors" above.

Emerging Growth Company and Smaller Reporting Company Status

Gryphon is an "emerging growth company," as defined in the Jumpstart Our Business Startups Act of 2012, or the JOBS Act, and it may take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies. Gryphon may take advantage of these exemptions until it is no longer an emerging growth company under Section 107 of the JOBS Act, which provides that an emerging growth company can take advantage of the extended transition period afforded by the JOBS Act for the implementation of new or revised accounting standards. Gryphon has elected to avail itself of the extended transition period and, therefore, while Gryphon is an emerging growth company it will not be subject to new or revised accounting standards the same time that they become applicable to other public companies that are not emerging growth companies, unless it chooses to early adopt a new or revised accounting standard.

Additionally, Gryphon is a "smaller reporting company" as defined in Item 10(f)(1) of Regulation S-K. Smaller reporting companies may take advantage of certain reduced disclosure obligations, including, among other things, providing only two years of audited financial statements. Gryphon will remain a smaller reporting company until the

last day of the fiscal year in which (i) the market value of Gryphon's common stock held by non-affiliates exceeds \$250 million as of the prior June 30, or (ii) Gryphon's annual revenues exceeded \$100 million during such completed fiscal year and the market value of our common stock held by non-affiliates exceeds \$700 million as of the prior June 30.

Going Concern

Gryphon's consolidated financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP"), which contemplate the continuation of Gryphon as a going concern and the realization of assets and satisfaction of liabilities in the ordinary course of business. The carrying amounts of assets and liabilities presented in the financial statements do not necessarily purport to represent realizable or settlement values. The financial statements do not include any adjustment that might result from the outcome of this uncertainty.

Since Gryphon began revenue generation in September 2021, management has financed Gryphon's operations through equity and debt financing and the sale of the digital assets earned through mining operations.

Gryphon may incur additional losses from operations and negative cash outflows from operations in the foreseeable future. In the event Gryphon continues to incur losses, it may need to raise debt or equity financing to finance its operations until operations are cashflow positive. However, there can be no assurance that such financing will be available in sufficient amounts and on acceptable terms, when and if needed, or at all. The precise amount and timing of the funding needs cannot be determined accurately at this time and will depend on several factors, including the market price for the underlying commodity mined by Gryphon and its ability to procure the required mining equipment and operate profitably. Gryphon's financial statements have been presented on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the ordinary course of business.

Components of Gryphon's Results of Operations

Revenue

Gryphon's revenue consists primarily of bitcoin earned from its cryptocurrency mining activities and revenue received under the Sphere 3D MSA. In addition to its self-mining activities, Gryphon also has digital asset mining pools relationships, with the mining pool operators to provide computing power to the mining pool. In exchange for providing computing power, Gryphon is entitled to a fractional share of the fixed cryptocurrency award the mining pool operator receives (less digital asset transaction fees to the mining pool operator, which are recorded as a component of cost of revenues), for successfully adding a block to the blockchain. Gryphon's fractional share is based on the proportion of computing power Gryphon contributed to the mining pool operator to the total computing power contributed by all mining pool participants in solving the current algorithm.

Under the Sphere 3D MSA, Gryphon is Sphere 3D's exclusive provider of management services for all blockchain and cryptocurrency-related operations, including but not limited to services relating to all mining equipment owned, purchased, leased, operated, or otherwise controlled by Sphere 3D and/or its subsidiaries and/or its affiliates at any location. Gryphon in return receives 22.5% of the net operating profit of all of Sphere 3D's blockchain and cryptocurrency-related operations. Operating profit is defined as fair value of the cryptocurrency mined less the hosting costs to mine said cryptocurrency.

Costs of Revenue

Gryphon's costs of revenue consist primarily of direct costs of earning bitcoin related to mining operations, including, electric power costs, other utilities, but excluding depreciation and amortization, which are separately stated in Gryphon's statements of operations.

General and Administrative Expenses

Gryphon's general and administrative expenses consist primarily of payments for legal and professional fees, payroll and other miscellaneous expenses.

Stock-Based Compensation

Gryphon accounts for stock-based compensation under ASC 718 “*Compensation — Stock Compensation*” using the fair value-based method. Under this method, compensation cost is measured at the grant date based on the value of the award and is recognized over the service period, which is usually the vesting period. This guidance establishes standards for the accounting for transactions in which an entity exchanges its equity instruments for goods or services. It also addresses transactions in which an entity incurs liabilities in exchange for goods or services that are based on the fair value of the entity’s equity instruments or that may be settled by the issuance of those equity instruments.

Gryphon uses the fair value method for equity instruments granted to non-employees and use the Black-Scholes model for measuring the fair value of options. The stock based fair value compensation is determined as of the date of the grant or the date at which the performance of the services is completed (measurement date) and is recognized over the vesting periods.

Common Stock Awards

Gryphon grants common stock awards to non-employees in exchange for services provided. Gryphon measures the fair value of these awards using the fair value of the services provided or the fair value of the awards granted, whichever is more reliably measurable. The fair value measurement date of these awards is generally the date the performance of services is complete. The fair value of the awards is recognized on a straight-line basis as services are rendered. The share-based payments related to common stock awards for the settlement of services provided by non-employees is recorded in accordance with ASC 718 on the statement of operations in the same manner and charged to the same account as if such settlements had been made in cash.

Warrants

In connection with certain financing, consulting and collaboration arrangements, Gryphon has issued warrants to purchase shares of its common stock. The outstanding warrants are standalone instruments that are not puttable or mandatorily redeemable by the holder and are classified as equity awards. Gryphon measures the fair value of the awards using the Black-Scholes option pricing model as of the measurement date. Warrants issued in conjunction with the issuance of common stock are initially recorded at fair value as a reduction in additional paid-in capital of the common stock issued. All other warrants are recorded at fair value as expense over the requisite service period or at the date of issuance, if there is not a service period.

Depreciation Expense

Gryphon’s depreciation expense consists primarily of periodic expense for the deprecation of its mining machines.

Impairment of Digital Assets

In accordance with GAAP, Gryphon is required to evaluate impairment of its digital assets. The fair value of a digital asset is evaluated on the date it is received. If the fair value decreases after receipt, the digital asset is written down to a new fair value. Gryphon cannot recognize a gain if and when the fair value is above the value used to impair the asset.

Realized Gain on Disposition of Digital Assets

At the time a digital asset is sold or transferred, Gryphon will recognize a gain equal to the fair value of the digital asset less the book value of the digital asset.

Other Income (Expense)

Gryphon’s other income (expense) consists primarily of gains and losses on the extinguishment of debt, interest expense, amortization of debt discount, unrealized losses on our marketable securities and the change in fair value of our notes payable.

Results of Operations***Fiscal Year Ended December 31, 2022 Compared to Fiscal Year Ended December 31, 2021***

The following table shows Gryphon's results of operations for the fiscal years ended December 31, 2022 and December 31, 2021:

Revenue

Revenue increased approximately \$18,012,000, or 485%, to approximately \$21,723,000 for the year ended December 31, 2022, compared to approximately \$3,711,000 for the year ended December 31, 2021. The increase was primarily attributable to (i) the increase from approximately three months of operations in 2021 to twelve months of operations in 2022, and (ii) the increased deployment of miners in operations from approximately 3,000 in 2021 to approximately 7,400 in 2022, offset by a decline in the market value of bitcoin from approximately \$41,000, as of October 1, 2021, to approximately 17,000, as of December 31, 2022.

Cost of Revenues

Cost of revenues increased \$11,325,000, or 1,300%, to \$12,196,000 for the year ended December 31, 2022, compared to \$871,000 for the year ended December 31, 2021. The increase was primarily attributable to (i) increased deployment of miners, (ii) increases in bitcoin network hashrate, and (iii) energy costs.

General and Administrative Expenses

General and Administrative Expenses are as follows:

	For the Years Ended December 31,			Percentage Change
	2022	2021	Change	
Professional fees	\$ 1,123,000	\$ 1,211,000	\$ (88,000)	(7.8)%

Loss on MSA — A threat actor representing to be the CFO of Sphere 3D inserted themselves into an email exchange between the CFO and the Gryphon's CEO, which also included Sphere 3D's CEO, regarding the transfer of Sphere 3D's bitcoin from the Gryphon's wallet to Sphere 3D's wallet. The threat actor requested that the bitcoin be transferred to an alternate wallet. As a result, 26 bitcoins, with a value of approximately \$560,000 at the time, was transferred to a wallet controlled by the threat actor. As advised by legal counsel, Gryphon engaged with U.S. federal law enforcement to recover the bitcoin. Despite these attempts of law enforcement to recover the bitcoin, recovery was not possible. Gryphon subsequently wired the commensurate amount in USD to Sphere 3D to make them whole for the stolen bitcoin. Gryphon also engaged a nationally recognized third-party firm to perform a forensic analysis. The analysis revealed that the threat actor did not enter the email exchange via Gryphon's IT systems. Gryphon has also subsequently modified its control systems as protection against any future attempted incursions. In March 2023, the Company made the payment to Sphere 3D for \$560,000, which was classified as a general and administrative expense on the unaudited condensed consolidated statement of operations.

To date, Gryphon has financed its operations primarily through proceeds from the sales of its equity securities through private placements, borrowings pursuant to the Sphere 3D Note and the Anchorage Loan Agreement, as amended, and cash flow from its digital currency mining operations (including revenue received under the Sphere 3D MSA).

Gryphon believes that its current levels of cash will not be sufficient to meet its anticipated cash needs for its operations for at least the next 12 months. Gryphon will require additional capital resources to fund its operations and pay its obligations as they come due over the next twelve months and for the implementation of its strategy to expand its business, or other investments or acquisitions Gryphon may decide to pursue. Gryphon may sell additional equity or debt securities or enter into a credit facility to satisfy its capital requirements. The sale of additional equity securities could result in dilution to its shareholders. The incurrence of indebtedness would result in increased debt service obligations and could require Gryphon to agree to operating and financial covenants that would restrict its operations.

Capital Expenditures and Other Obligations

Coinmint Agreement

On July 1, 2021, Gryphon entered into a Coinmint Colocation Mining Services Agreement (the “Coinmint Agreement”), with Coinmint, LLC (“Coinmint”), an established operator of renewable-energy data centers, pursuant to which Coinmint provides hosting services to Gryphon at Coinmint’s hydro powered facility in Massena, New York (the “Coinmint Facility”) for a 15-month period, which upon its conclusion renews automatically for successive three-month terms unless either party delivers to the other party 90 days’ written notice of intent not to renew. Pursuant to the terms of the Coinmint Agreement, 7,200 S19j Pro Antminer machines were delivered to and installed at the Coinmint Facility. Under the terms of the Coinmint Agreement, Coinmint directly passes through the cost of electricity and maintenance costs to Gryphon, collects an initial reservation fee and collects a percentage of Gryphon’s bitcoin mining profits.

Core MSA and Sublease with Sphere 3D

On September 12, 2021, Gryphon and Core Scientific, Inc. (“Core”) entered into a Master Services Agreement (the “Core MSA”). Pursuant to the Core MSA, Core shall provide services related to the hosting of Gryphon’s cryptocurrency mining equipment and operations in data centers owned by Core under separate orders entered into by Gryphon and Core. The term of the Core MSA is indefinite, but may be terminated if no active orders have been in effect for at least 12 months.

Master Services Agreement Order No. 1 (“Order 1”) under the Core MSA commenced on August 31, 2021 and provides for the hosting by Core of equipment consisting of one hundred S19j Pro Antminer units. Order 1 shall remain in place for three years, unless terminated earlier under the terms of the Core MSA or Order 1, and automatically renews for one-year renewal terms unless terminated by Gryphon with 90 days’ notice prior to the end of any such renewal term. Master Services Agreement Order No. 2 (“Order 2”) under the Core MSA commenced on September 24, 2021 and provides for approximately 230 MW of net carbon neutral bitcoin mining hosting capacity to be managed by Core as hosting partner. Core hosts equipment consisting of approximately 71,000 S19 or equivalent units that were delivered to Core’s data center in scheduled installments between October 2021 and November 2022. Core’s hosting services for each shipment of units began in the month of the arrival of such units and will continue for four years thereafter, unless terminated earlier under the terms of the Core MSA or Order 2, and automatically renew for one-year renewal

terms unless terminated by Gryphon with 90 days' notice prior to the end of any such renewal term. In addition, Order 2 amended the Core MSA to permit the sub-lease, sub-license, assignment, delegation or transfer of the Core MSA, Order 1, or Order 2, or Gryphon's rights and obligations thereunder, to Sphere 3D without the consent of Core.

On October 8, 2021, in connection with the pending Sphere 3D Merger, Gryphon and Sphere 3D entered into a sub-license and delegation agreement (the "Sublease"), pursuant to which Gryphon sublicensed to Sphere 3D Gryphon's rights to use Core's facility pursuant to Order 2 and the Core MSA and delegated to Sphere 3D all of Gryphon's obligations to make payments to Core under Order 2. The Sublease will terminate automatically upon the termination of the Core MSA and/or Order 2. Under the Sublease, Sphere 3D paid Gryphon \$16,308,000, which Gryphon subsequently paid to Core as part of the prepayments outlined in Order 2. As part of the agreements to amend the Sphere 3D Merger Agreement, the Sphere 3D Note and the Sphere 3D MSA, Sphere 3D and Gryphon agreed to amend the Sublease to provide Gryphon the right to recapture the usage of up to 50% of the hosting capacity to be managed by Core if the Sphere 3D Merger Agreement was terminated. Gryphon did not exercise the recapture right, which expired 90 days after the termination of the Sphere 3D Merger Agreement.

As of June 30, 2023 and December 31, 2022, Gryphon had paid an aggregate of \$35,104,000 to Core under the Core MSA, all of which has been reimbursed by Sphere 3D.

Anchorage Loan Agreement

Please see the description of the Anchorage Loan Agreement (as amended) under "*Recent Developments*" above.

Although the Anchorage Bitcoin Note is payable with the Company's digital assets earned from the mining activities, there is a potential for the use of cash under the collateral agreement. If the collateral coverage ratio decreases below 110%, Gryphon will have to provide the lender with additional collateral in the form of bitcoin, U.S. dollars or additional equipment.

Off-Balance Sheet Arrangements

Gryphon has no off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on its financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources.

Gryphon's Plan of Operations

While Gryphon generated nearly \$22 million in revenue in 2022, in order to fully implement its plan of operations, it will need to raise a significant amount of capital through future offerings of debt and equity securities. The discussion below is based on the assumption that Gryphon will be able to raise significant capital to fund its growth plan. There can be no assurance, however, that Gryphon will be successful in raising the required capital on terms acceptable to it, if at all.

Outlook

Gryphon expects to scale its operations, materially as follows:

- Acquire additional bitcoin miners: Gryphon is currently exploring numerous opportunities to acquire additional ASIC miners, both new and second hand, given the influx of supply attributable to regulatory changes in key international markets and it expect to make additional purchases, subject to the success of any capital raising. With regards to second-hand miners, Gryphon will limit the scope of its interest to bitcoin miners from the most recent generation (e.g., Bitmain S19, S19 Pro, and S19j Pro Antminers) due to the increased efficiency they offer, relative to previous generations.
- Hire a permanent Chief Financial Officer, which occurred on June 19, 2023.
- Complete the Merger with Akerna and begin trading on Nasdaq upon regulatory approval.

Gryphon's operations currently focus exclusively on the mining of bitcoin. While Gryphon may expand its operations beyond the mining of bitcoin in the future, it currently has no plans or intentions of mining other digital assets. Gryphon intends to continue expanding its bitcoin mining operations as it acquires additional miners to the extent that opportunities for such acquisitions arise. The costs of such expansions will depend on market conditions at the time.

Critical Accounting Policies and Estimates

Gryphon's significant accounting policies are more fully described in the notes to its financial statements. Gryphon believes that the accounting policies below are critical for one to fully understand and evaluate its financial condition and results of operations.

Digital Assets, Net

Digital assets or cryptocurrencies, (including bitcoin, Ethereum, DAI and USDT) are included in current assets in the accompanying interim balance sheets. Cryptocurrencies purchased are recorded at cost and cryptocurrencies obtained by Gryphon through its sale of common stock are accounted for based on the value of the specific digital asset on the date received.

Gryphon accounts for digital assets as indefinite-lived intangible assets in accordance with ASC 350, Intangibles — Goodwill and Other. Gryphon has ownership of and control over the cryptocurrencies and uses third-party custodial services to secure it. The digital assets are initially recorded at cost and are subsequently remeasured on the balance sheets at cost, net of any impairment losses incurred since acquisition.

An impairment analysis is performed at each reporting period to identify whether events or changes in circumstances, in particular decreases in the quoted prices on active exchanges, indicate that it is more likely than not that the digital assets held by Gryphon are impaired. The fair value of digital assets is determined on a nonrecurring basis in accordance with ASC 820, Fair Value Measurement, based on quoted prices on the active exchange(s) that Gryphon has determined is its principal market for cryptocurrencies (Level 1 inputs). If the carrying value of the digital asset exceeds the fair value based on the intraday lowest price quoted in the active exchanges during the period, an impairment loss has occurred with respect to those digital assets in the amount equal to the difference between their carrying values and the price determined. Management completed a quantitative assessment of the impact utilizing the closing price and lowest price quoted in active exchanges and for the three month and six month period ending June 30, 2023, the variance between the two pricing methodologies were immaterial. For the three month and six month period ending June 30, 2023, if Gryphon recognized revenue utilizing the closing price rather than the intraday lowest price of bitcoin, Gryphon would have increased its revenue by approximately \$81,000 or 1.6%, \$197,000 or 1.7% of total revenue quarterly and year to date, respectively.

Impairment losses are recognized within "operating expense" in the statements of operations in the period in which the impairment is identified. The impaired digital assets are written down to their fair value at the time of impairment and this new cost basis will not be adjusted upward for any subsequent increase in fair value. Gains are not recorded until realized upon sale or disposition.

Cryptocurrencies awarded to Gryphon through its mining activities are included within operating activities in the consolidated statements of cash flows. The cash received from the sale of cryptocurrencies earned through Gryphon's mining activities is included within operating activities in the consolidated statements of cash flows and any realized gains or losses from such sales are included in operating expenses in the consolidated statements of operations.

Mining Equipment

Mining Equipment is stated at cost, including purchase price and all shipping and custom fees, and depreciated using the straight-line method over the estimated useful lives of the assets, generally three years for cryptocurrency mining equipment.

Gryphon reviews the carrying amounts of mining equipment when events or changes in circumstances indicate the assets may not be recoverable. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss, if any. Where it is not possible to estimate the recoverable amount of an individual asset, Gryphon estimates the recoverable amount of the cash generating unit to which the asset belongs. Assets carried at fair value, such as digital currencies, are excluded from impairment analysis.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows to be derived from continuing use of the asset or cash generating unit are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Fair value less costs of disposal is the amount obtainable from the sale of an asset or cash generating unit in an arm's length transaction between knowledgeable, willing parties, less the cost of disposal. When a binding sale agreement is not available, fair value less costs of disposal is estimated using a discounted cash

[Table of Contents](#)

flow approach with inputs and assumptions consistent with those of a market participant. If the recoverable amount of an asset or cash generating unit is estimated to be less than its carrying amount, the carrying amount of the asset or cash generating unit is reduced to its recoverable amount. An impairment loss is recognized immediately in net income. Where an impairment loss subsequently reverses, the carrying amount of the asset or cash generating unit is increased to the revised estimate of its recoverable amount, such that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized.

Leases

Effective July 2021, Gryphon accounts for its leases under ASC 842, *Leases* (“ASC 842”). Under this guidance, arrangements meeting the definition of a lease are classified as operating or financing leases and are recorded on the consolidated balance sheet as both a right of use asset and lease liability, calculated by discounting fixed lease payments over the lease term at the rate implicit in the lease or Gryphon’s incremental borrowing rate. Lease liabilities are increased by interest and reduced by payments each period, and the right of use asset is amortized over the lease term. For operating leases, interest on the lease liability and the amortization of the right of use asset result in straight-line rent expense over the lease term.

In calculating the right of use asset and lease liability, Gryphon elects to combine lease and non-lease components as permitted under ASC 842. Gryphon excludes short-term leases having initial terms of 12 months or less from the new guidance as an accounting policy election and recognizes rent expense on a straight-line basis over the lease term.

Derivatives

Gryphon evaluates all of its financial instruments to determine if such instruments are derivatives or contain features that qualify as embedded derivatives. For derivative financial instruments that are accounted for as liabilities, the derivative instrument is initially recorded at its fair value and would then be re-valued at each reporting date, with changes in the fair value reported in the interim condensed statements of operations. If there are stock-based derivative financial instruments, Gryphon will use a probability weighted average series Binomial lattice option pricing models to value the derivative instruments at inception and on subsequent valuation dates.

The classification of derivative instruments, including whether such instruments should be recorded as liabilities or as equity, is evaluated at the end of each reporting period. Derivative instrument liabilities will be classified in the balance sheet as current or non-current based on whether or not net-cash settlement of the derivative instrument could be required within 12 months of the balance sheet date.

Revenue Recognition

Gryphon recognizes revenue under ASC 606, Revenue from Contracts with Customers. The core principle of the new revenue standard is that a company should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the company expects to be entitled in exchange for those goods or services. The following five steps are applied to achieve that core principle:

- Step 1: Identify the contract with the customer
- Step 2: Identify the performance obligations in the contract
- Step 3: Determine the transaction price
- Step 4: Allocate the transaction price to the performance obligations in the contract
- Step 5: Recognize revenue when Gryphon satisfies a performance obligation

In order to identify the performance obligations in a contract with a customer, a company must assess the promised goods or services in the contract and identify each promised good or service that is distinct. A performance obligation meets ASC 606’s definition of a “distinct” good or service (or bundle of goods or services) if both of the following criteria are met: The customer can benefit from the good or service either on its own or together with other resources that are readily available to the customer (i.e., the good or service is capable of being distinct), and the entity’s promise to transfer the good or service to the customer is separately identifiable from other promises in the contract (i.e., the promise to transfer the good or service is distinct within the context of the contract).

[Table of Contents](#)

If a good or service is not distinct, the good or service is combined with other promised goods or services until a bundle of goods or services is identified that is distinct.

The transaction price is the amount of consideration to which an entity expects to be entitled in exchange for transferring promised goods or services to a customer. The consideration promised in a contract with a customer may include fixed amounts, variable amounts, or both. When determining the transaction price, an entity must consider the effects of all of the following:

- Variable consideration
- Constraining estimates of variable consideration
- The existence of a significant financing component in the contract
- Noncash consideration
- Consideration payable to a customer

Variable consideration is included in the transaction price only to the extent that it is probable that a significant reversal in the amount of cumulative revenue recognized will not occur when the uncertainty associated with the variable consideration is subsequently resolved. The transaction price is allocated to each performance obligation on a relative standalone selling price basis. The transaction price allocated to each performance obligation is recognized when that performance obligation is satisfied, at a point in time or over time as appropriate.

Gryphon has digital asset mining pools relationships, with the mining pool operators to provide computing power to the mining pool. The relationships can be terminable at any time by either party and Gryphon's enforceable right to compensation only begins when Gryphon provides computing power to the mining pool operator. In exchange for providing computing power, Gryphon is entitled to a fractional share of the fixed cryptocurrency award the mining pool operator receives (less digital asset transaction fees to the mining pool operator which are recorded as a component of cost of revenues), for successfully adding a block to the blockchain. Gryphon's fractional share is based on the proportion of computing power Gryphon contributed to the mining pool operator to the total computing power contributed by all mining pool participants in solving the current algorithm.

Providing computing power in digital asset transaction verification services is an output of Gryphon's ordinary activities. The provision of providing such computing power is the only performance obligation in Gryphon's contracts with mining pool operators. Gryphon contributes its hashrate to one mining pool operator, Foundry USA. Foundry USA operates its pool on the Full Pay Per Share (FPPS) payout method. FPPS is a variant of the Pay Per Share (PPS) method, where miners receive a fixed payout for each valid share submitted, regardless of whether the pool finds a block. Daily Earnings are calculated from midnight-to-midnight UTC time, and the sub-account balance is credited one hour later at 1 AM UTC time. Earnings accrued in the balance would be withdrawn to the selected whitelisted wallet address, once a day, during 9 AM to 5 PM UTC time. According to the Foundry USA Pool's FAQ page, the minimum payout threshold for Bitcoin (BTC) is 0.001 bitcoin. Under the FPPS method, Foundry USA provides Gryphon with a stable and predictable payout for their mining efforts. Regardless of the pool's success, Gryphon will receive consistent rewards based on the number of valid shares (hash rate) they contribute. Gryphon's performance is complete in transferring the hashrate service over-time (midnight to midnight) to the customer, i.e. Foundry USA, and the customer obtains control of that asset. In exchange for providing computing power, Gryphon is entitled to a pro rata share of the fixed bitcoin awards earned over the measurement period, plus a pro rata fractional share of the global transaction fee rewards for the respective measurement period, less net digital asset fees due to the mining pool operator over the measurement period, as applicable. The transaction consideration Gryphon receives is non-cash consideration, in the form of bitcoin. Gryphon measures the bitcoin at fair value on the date earned using the lowest price of bitcoin on the date earned (midnight UTC). There are no deferred revenues or other liability obligations recorded by Gryphon since there are no payments in advance of the performance. At the end of the 24 hour "midnight-to-midnight" period, there are no remaining performance obligations. By utilizing the lowest price of bitcoin on the date earned, Gryphon eliminates any differences that may arise in trading price between bitcoin and fiat currency during the period where Gryphon establishes and completes the contract. The consideration is all variable. There is no significant financing component in these transactions.

[Table of Contents](#)

Fair value of the cryptocurrency award received is determined using the quoted price of the related cryptocurrency at the date Gryphon is notified of the consideration earned. In the event authoritative guidance is enacted by the FASB, Gryphon may be required to change its policies, which could have an effect on Gryphon's consolidated financial position and results from operations.

Cost of Revenues

Gryphon's cost of revenues consists primarily of direct costs of earning bitcoin related to mining operations, including mining pool fees, electric power costs, other utilities, labor, insurance whether incurred directly from self-mining operations or reimbursed, including any revenue sharing arrangements under co-location agreements, but excluding depreciation and amortization, which are separately stated in Gryphon's consolidated statements of operations.

Income Taxes

Gryphon accounts for income taxes under the asset and liability method, in which deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carry forwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in operations in the period that includes the enactment date. A valuation allowance is required to the extent any deferred tax assets may not be realizable.

ASC Topic 740, Income Taxes, ("ASC 740"), also clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements and prescribes a recognition threshold and measurement process for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. ASC 740 also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure and transition. Based on Gryphon's evaluation, it has been concluded that there are no significant uncertain tax positions requiring recognition in Gryphon's interim financial statements. Gryphon believes that its income tax positions and deductions would be sustained on audit and does not anticipate any adjustments that would result in material changes to its financial position.

Recent Accounting Pronouncements

From time to time, the Financial Accounting Standards Board ("FASB") or other standards setting bodies issue new accounting pronouncements. Updates to the FASB ASC are communicated through issuance of an Accounting Standards Update ("ASU"). Gryphon considers the applicability and impact of all ASUs on Gryphon's financial position, results of operations, cash flows, or presentation thereof. Described below are ASUs that are not yet effective, but may be applicable to Gryphon's financial position, results of operations, cash flows, or presentation thereof. As of the issuance of these consolidated financial statements, there were no ASUs that management assessed and determined to be applicable to Gryphon's financial position, results of operations, cash flows, or presentation thereof.

PRINCIPAL STOCKHOLDERS OF GRYPHON

The following table and accompanying footnotes set forth certain information with respect to the beneficial ownership of Gryphon Common Stock, as of August 28, 2023 for:

- each person, or group of affiliated persons, who is known by Gryphon to beneficially own more than 5% of each class of Gryphon's stock;
- each of Gryphon's executive officers;
- all of Gryphon's directors; and
- all of Gryphon's executive officers and directors as a group.

Gryphon has determined beneficial ownership in accordance with the rules of the SEC. These shares are deemed to be outstanding and beneficially owned by the person holding those options or warrants for the purpose of computing the percentage ownership of that person, but they are not treated as outstanding for the purpose of computing the percentage ownership of any other person, except with respect to the percentage ownership of all directors and executive officers of Gryphon as a group. However, notwithstanding the foregoing, all shares of common stock issuable upon conversion of outstanding Preferred Stock are deemed to be outstanding for the purpose of computing the percentage ownership of each person. Unless otherwise indicated, the persons or entities identified in this table have sole voting and investment power with respect to all shares shown as beneficially owned by them, subject to applicable community property laws.

Except as described above, beneficial ownership prior to the completion of the Merger is based on 14,431,384 shares of Gryphon Common Stock outstanding as of September 6, 2023. Unless otherwise indicated by footnote, the address for each of the beneficial owners set forth in the table below is c/o Gryphon Digital Mining, Inc., 953 Mabel Road, Unit 138 Las Vegas, NV 89110.

Subsequently, during the remainder of our fiscal year ended June 30, 2020, we received invoices totaling an aggregate additional amount of approximately \$392,000. After our year ended June 30, 2020, through to the date hereof, we have received invoices totaling an aggregate amount of approximately \$375,000. The invoices set forth services that TechMagic USA LLC purports to have provided to Solo regarding development of mobile software applications for MJ Freeway and Solo between March and November 2020. Mr. Ashesh Shah, formerly the president of Solo and currently the beneficial holder of 6.2% of our issued and outstanding shares of Common Stock is, to our knowledge, the founder and one of the principal managers of TechMagic USA LLC. Related Person Transactions Policy and Procedure

Akerna's Code of Ethics requires it to avoid, wherever possible, all related party transactions that could result in actual or potential conflicts of interests, except under guidelines approved by the Board (or the audit committee). Related-party transactions are defined as transactions in which (1) the aggregate amount involved will or may be expected to exceed \$120,000 in any calendar year, (2) Akerna or any of its subsidiaries is a participant, and (3) any (a) executive officer, director or nominee for election as a director, (b) greater than 5% beneficial owner of Akerna's shares of Common Stock, or (c) immediate family member, of the persons referred to in clauses (a) and (b), has or will have a direct or indirect material interest (other than solely as a result of being a director or a less than 10% beneficial owner of another entity). A conflict of interest situation can arise when a person takes actions or has interests that may make it difficult to perform his or her work objectively and effectively. Conflicts of interest may also arise if a person, or a member of his or her family, receives improper personal benefits as a result of his or her position.

Our audit committee, pursuant to its written charter, is responsible for reviewing and approving related-party transactions to the extent we enter into such transactions. The audit committee will consider all relevant factors when determining whether to approve a related party transaction, including whether the related party transaction is on terms no less favorable to us than terms generally available from an unaffiliated third-party under the same or similar circumstances and the extent of the related party's interest in the transaction.

Gryphon Transactions

As compensation, Gryphon agreed to grant DecentraNet restricted shares of common stock equal to 0.5% of its total equity, amounting to 62,340 shares. The restricted shares were to vest according to a two-year vesting schedule, under which the shares would have vested in 24 equal monthly installments from the date of the agreement. Vesting was to be subject to DecentraNet's continuous service. In addition, Gryphon agreed to grant a percentage of gross revenues of any business partnerships brought to Gryphon by

DecentraNet. The commission was to be 5% beginning on the date of the first payment or revenue generated, after which no further commissions would have been owed. In addition, if Gryphon had conducted an equity offering of a utility token and had an opinion letter from an AmLaw100 law firm or SEC no action letter confirming such; or where DecentraNet's team acted as Tier 1 or Tier 2 finders under SEC guidance, DecentraNet or its team would have obtained referral-based cash compensation for funds raised through its network equal to 5% of funds raised. Had the total equity raised via DecentraNet's network exceeded \$5,000,000, DecentraNet would have been entitled to a success fee equal to 2% of its total equity. Had the total equity raised via DecentraNet's network exceeded \$10,000,000, DecentraNet would have been entitled to an additional success fee equal to 3% of its total equity, bringing the total success fee to 5% of its total equity. Such proposals must have been received by the Company at its headquarters at 1550 Larimer Street #246, Denver, Colorado 80202 no later than December 23, 2022.

In addition, our Amended and Restated Bylaws, as amended, provide notice procedures for stockholders to nominate a person as a director and to propose business to be considered by stockholders at a meeting. Notice of a nomination or proposal must be delivered to us not less than 90 days and not more than 120 days prior to the date we first mailed our proxy materials for the preceding year's Annual Meeting of stockholders, or if the date of the Annual Meeting is advanced more than thirty (30) days prior to or delayed by more than sixty (60) days after the anniversary of the preceding year's Annual Meeting, to be timely, notice by the stockholder must be so received not later than the close of business on the tenth (10th) day following the day on which notice of the date of the Annual Meeting was mailed or public disclosure of the date of the Annual Meeting is first given or made (which for this purpose shall include any and all filings of the Company made on the EDGAR system of the SEC or any similar public database maintained by the SEC), whichever first occurs. Accordingly, for our 2023 Annual Meeting, notice of a nomination or proposal must have been delivered to us no later than January 22, 2023 and no earlier than December 23, 2022. Nominations and proposals also must satisfy other requirements set forth in the Amended and Restated Bylaws, as amended. The Chief Executive Officer may refuse to acknowledge the introduction of any stockholder proposal not made in compliance with the foregoing procedures.

In addition to satisfying the foregoing requirements under our Amended and Restated Bylaws, to comply with the universal proxy rules, stockholders who intend to solicit proxies in support of director nominees other than our nominees for the 2023 annual meeting must have provided notice that sets forth the information required by Rule 14a-19 under the Exchange Act no later than March 26, 2023, unless the date of our 2023 annual meeting has changed by more than thirty (30) days calendar days from this year's annual meeting in which case such notice will be due on the later of sixty (60) calendar days prior to the date of the annual meeting or the tenth (10th) calendar day following the day on which public announcement of the date of the annual meeting is first made.

AKERNA CORP. AND GRYPHON DIGITAL MINING, INC.
UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL INFORMATION

The following unaudited pro forma condensed combined financial information gives effect to the Merger and other related transactions contemplated by the Merger Agreement, as may be amended from time to time, or otherwise assumed to have occurred in advance of the Merger as defined and described in Note 1 to this unaudited pro forma condensed combined financial information. The Merger will be accounted for as a reverse acquisition, with Gryphon being deemed the acquiring company for accounting purposes in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 805, *Business Combinations*, (“ASC 805”).

Gryphon was determined to be the accounting acquirer based upon the terms of the Merger and other factors including: (i) Gryphon will retain a majority voting and equity interest in the combined company, (ii) the Gryphon executive management team will be the management team of the combined company, and (iii) Gryphon’s directors will hold the largest board of director representation in the combined company.

The unaudited pro forma condensed combined balance sheet as of June 30, 2023 assumes that the Merger took place on June 30, 2023 and combines the historical balance sheets of Akerna and Gryphon as of June 30, 2023. The unaudited pro forma condensed combined statements of operations for the six months ended June 30, 2023 and the year ended December 31, 2022 assumes that the Merger took place as of January 1, 2022 (the beginning of the earliest period presented) and combines the historical results of Akerna and Gryphon for the respective periods presented. The historical financial information of Akerna and Gryphon has been adjusted to give pro forma effect to transaction accounting adjustments. Adjustments are based on information available to management during the preparation of the unaudited pro forma condensed combined financial information and assumptions that management believes are reasonable and supportable.

Accounting principles generally accepted in the United States (“GAAP”) require evaluation of certain assumptions, estimates, or determination of financial statement classifications. The accounting policies of Akerna may materially vary from those of Gryphon due primarily to the fact that Akerna operates in the software as a service (“SaaS”) industry and Gryphon operates as a digital asset mining operation. During preparation of the unaudited pro forma condensed combined financial information, management has performed a preliminary analysis of Akerna’s accounting policies and financial statement classifications and is not aware of any material differences in the application of GAAP between the two companies. Following the acquisition, management will conduct a final review of Akerna’s accounting policies in order to determine if differences in accounting policies require adjustment or reclassification of Akerna’s results of operations or reclassification of assets or liabilities to conform to Gryphon’s accounting policies and classifications. As a result of this review, management may identify differences that, when conformed, could materially differ from these unaudited pro forma condensed combined financial statements.

AKERNA CORP. AND GRYPHON DIGITAL MINING, INC.
NOTES TO UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL INFORMATION

1. Description of the Merger and Related Transactions

The Merger

On January 27, 2023, we entered into an agreement and plan of merger as may be amended from time to time (the “Merger Agreement”) with Gryphon Digital Mining, Inc. (“Gryphon”) and Akerna Merger Co. (“Merger Sub”). Upon the terms and subject to the satisfaction of the conditions provided in the Merger Agreement, including the approval of the transaction by Akerna’s and Gryphon’s stockholders, Merger Sub will be merged with and into Gryphon (the “Merger”), with Gryphon surviving the Merger as a wholly-owned subsidiary of Akerna. Upon completion of the Merger, Akerna will change its name to Gryphon Digital Mining, Inc. The closing of the Merger is subject to customary closing conditions including the required approval of the stockholders of Akerna and Gryphon, the approval of the Nasdaq Capital Market (the “Nasdaq Market”) of the continued listing of Gryphon after the closing of the Merger and the subsequent closing of the sale of our core software business unit (see below), which requires stockholder approval, concurrent with the Merger.

Following the closing of the Merger, the former Gryphon and Akerna stockholders immediately before the Merger are expected to own approximately 92.5 percent and 7.5 percent, respectively, of the outstanding capital stock on a fully diluted basis. At the closing of the Merger, each outstanding share of Gryphon’s common stock will be converted into the right to receive a number of shares of common stock of Akerna (“Exchange Ratio”). This Exchange Ratio is based on the capitalization of Akerna including the number of shares of Akerna common stock, par value \$0.0001 per share (“Akerna Common Stock”) as of closing, subject to any adjustments as described in the Merger Agreement.

Each outstanding and unexercised option with respect to Gryphon’s common stock under Gryphon’s stock option plans will be converted into options to purchase a number of shares of the combined company based on the Exchange Ratio. Each outstanding restricted stock and restricted stock unit (“RSU”) with respect to Gryphon’s common stock will be converted into restricted stock and RSUs, respectively, to a number of restricted stock and RSUs, respectively, of the combined company based on the Exchange Ratio. Each outstanding warrant with respect to Gryphon’s common stock will be converted into warrants to purchase a number of shares of the combined company based on the Exchange Ratio.

Akerna’s stockholders will continue to own and hold their existing shares of Akerna Common Stock. Each of Akerna’s outstanding RSUs will fully vest upon closing of the Merger and the 252,224 shares of Ample exchangeable shares represented by the one share of Special voting preferred stock outstanding will be exchanged for 12,612 shares of Akerna Common Stock prior to the closing of the Merger. Outstanding warrants to purchase Akerna common stock will remain outstanding.

The Sale Transaction

On April 28, 2023, we and our wholly-owned subsidiary Akerna Canada Ample Exchange Inc. (“Akerna Exchange”) entered into a securities purchase agreement (the “Purchase Agreement”) with MJ Acquisition Corp. (“MJ Acquisition”) to sell MJ Freeway LLC (“MJ Freeway”) and Ample Organics Inc. (“Ample”) to MJ Acquisition for a purchase price of \$5.0 million in cash (the “Sale Transaction”). The consideration will be provided in the form of a \$1.0 loan payable to MJ Acquisition with cash disbursed to Akerna upon the signing of the Purchase Agreement that will be forgiven in full upon closing at which time an additional \$4.0 million will be disbursed to Akerna. The purchase price is subject to certain adjustments primarily attributable to variances from target working capital, as defined in the Purchase Agreement, among others. The Purchase Agreement contains customary representations, warranties and covenants applicable to us and MJ Acquisition including covenants relating to the conduct of the business of MJ Freeway and Ample through closing of the Sale Transaction and obtaining the approval of our stockholders. Further, the closing of the Sale Transaction is conditioned on the prior closing of the Merger transaction. The closing of the Sale Transaction is also subject to customary closing conditions including certain matters with respect to employee retention and contractual matters associated with MJF’s and Ample’s existing customers, among others.

The Exchange Agreements

Concurrent with the signing and in support of the Sale Transaction and the Merger, we and each of the holders of our 2021 Senior Secured Convertible Notes (the “Senior Convertible Notes”) entered into exchange agreements (the “Exchange Agreements”) whereby the holders would ultimately convert the principal amounts of each of their note holdings to a level that would represent 19.9 percent, on an individual basis, of the outstanding shares of Akerna Common Stock prior to the closing of the Sale Transaction and the Merger. Immediately prior to the stockholder vote required for the closing of those transaction, the remaining Senior Convertible Notes outstanding would be converted into a special class of exchangeable preferred stock (the “Series C Preferred Stock”) to facilitate the required stockholder vote and then be converted into shares of Akerna Common Stock subject to the Merger. For a limited period, the conversion price of the Senior Convertible Notes was lowered to \$1.20 per share from \$4.75 per share. On June 14, 2023, the conversion price was reduced further to \$0.50 per share.

Sales of Certain Other Business

On January 11, 2023, we completed the sale of The NAV People Inc. d.b.a 365 Cannabis (“365 Cannabis”) to 365 Holdco LLC (the “Buyers”) pursuant to a stock purchase agreement (the “365 SPA”) for (i) cash in the amount of \$0.5 million and the (ii) the termination and release of our obligation to the Buyers for contingent consideration in connection with our original acquisition of 365 Cannabis from the Buyers in 2021 (the “Earn-out Obligation”). In accordance with the 365 SPA, we and the Buyers agreed that the value of the Earn-out Obligation was \$2.3 million for purposes of the sale of 365 Cannabis.

On January 31, 2023, we completed the sale of Last Call Analytics (“LCA”), a retail analytics platform and wholly-owned subsidiary of Ample, for cash in the amount of \$0.1 million.

The results of operations of 365 Cannabis and LCA are classified as “discontinued operations” in the pro forma condensed combined statements of operations for the year ended December 31, 2022 and the six months ended June 30, 2023.

Commitment to Terminate Remaining Businesses

We pursued sale opportunities for our remaining business units including Veridian, Trellis and Solo, and were ultimately unable to commit to any definitive transactions. Accordingly, we have communicated with the remaining customers of those businesses that we will discontinue software service and support upon the expiration of existing contracts, most of which occurred during the first half of 2023 (the “Abandonment”). We have suspended efforts to seek any new revenue generating opportunities and will only service the existing customers of Viridian, Solo and Trellis in connection with our contractual commitments (see Note 5). We have committed to winding down and terminating these businesses in advance of the Merger and the Sale Transaction.

2. Description of the Merger and Related Transactions

The accompanying unaudited pro forma condensed combined financial information was prepared in accordance with GAAP and pursuant to the rules and regulations of Article 11 of SEC Regulation S-X as amended by the final rule, Release No. 33-10786 “Amendments to Financial Disclosures about Acquired and Disposed Businesses.” Akerna and Gryphon have concluded that the Merger represents a “business combination” pursuant to ASC 805. Release No. 33-10786 replaces the existing pro forma adjustment criteria with simplified requirements to depict the accounting for the transaction (“Transaction Accounting Adjustments”), operations and financial position of the registrant as an autonomous entity (“Autonomous Entity Adjustments”) and option to present the reasonably estimable synergies and dis-synergies and other transaction effects that have occurred or are reasonably expected to occur (“Management’s Adjustments”). The historical financial information of Akerna and Gryphon has been adjusted to give pro forma effect to (i) certain Pre-transaction Adjustments including the sales of 365 Cannabis and LCA and the settlement and conversion of debt and stock and (ii) Transaction Accounting Adjustments, which includes the Merger and the Sale Transaction. Management’s Adjustments reflecting the Abandonment as described in Note 1 are presented below in Note 5.

[Table of Contents](#)

Certain of the Pre-Transaction Adjustments, excluding those attributable to the sales of 365 Cannabis and LCA, are primarily related to (i) the settlement of a substantial portion of the principal due on the Senior Convertible Notes with a combination of cash sourced from restricted cash and proceeds from the sale of 365 Cannabis and LCA and conversions into Common Stock in accordance with the Exchange Agreements, (ii) the conversion of any remaining principal balances of the Senior Convertible Notes into Series C Preferred Stock in advance of the Merger, (iii) the conversion of 252,224 shares of Ample exchangeable shares represented by a single share of special voting preferred stock outstanding as of December 31, 2022 into 12,612 shares of Common Stock in advance of the Merger and (iv) the immediate vesting of all of Akerna's outstanding RSUs into 9,347 shares of Common Stock in connection with the Merger.

The unaudited pro forma condensed combined balance sheet as of June 30, 2023 gives effect to the Pre Transaction Adjustments, the Merger and the Sale Transaction as if those transactions had been consummated in a sequential manner on June 30, 2023. The unaudited pro forma condensed combined statements of operations for the year ended December 31, 2022 and the six months ended June 30, 2023 give effect to the sales of 365 Cannabis and LCA, the Merger and the Sale Transaction as if those transactions had been consummated in a sequential manner on January 1, 2022, the beginning of the earliest period presented.

Based on Gryphon's preliminary review of Gryphon's and Akerna's summary of significant accounting policies, the nature and amount of any adjustments to the historical financial statements of Akerna to conform its accounting policies to those of Gryphon are not expected to be material. Upon closing of the Merger, further review of Akerna's accounting policies may result in additional revisions to Akerna's accounting policies to conform to those of Gryphon.

For accounting purposes, Gryphon is considered to be acquiring Akerna and the Merger is expected to be accounted for as a "reverse acquisition" in accordance with ASC 805. Gryphon is considered the accounting acquirer even though Akerna will be the issuer of the common stock in the Merger. To determine the accounting for this transaction under GAAP, a company must assess whether an integrated set of assets and activities should be accounted for as an "acquisition of a business" or an "asset acquisition." The guidance requires an initial screen test to determine if substantially all of the fair value of the gross assets acquired is concentrated in a single asset or group of similar assets. If that screen test is met, the operations acquired are not a business. The initial screen test is not met as there is no single asset or group of similar assets for Akerna that will represent a significant majority in this acquisition. In addition, as of the Merger but immediately prior to the Sale Transaction, Akerna will have an organized workforce that significantly contributes to its ability to create output. As such, the acquisition is expected to be classified as a reverse acquisition.

The unaudited pro forma condensed combined financial information is based on assumptions and adjustments that are reasonable and supportable. Key assumptions include the estimated equity consideration to be acquired, which will be impacted by changes in the capitalization of Gryphon and Akerna, changes in the share price of Akerna, and transaction costs to be incurred. Accordingly, the pro forma adjustments are preliminary, subject to further revision as additional information becomes available and additional analyses are performed and have been made solely for the purpose of providing unaudited pro forma condensed combined financial information. Differences between these preliminary estimates and the final acquisition accounting, expected to be completed after the closing of the transaction, will occur and these differences could have a material impact on the accompanying unaudited pro forma condensed combined financial information and the combined company's future results of operations and financial position.

3. Preliminary Purchase Price

The accompanying unaudited pro forma condensed financial information reflects an estimated purchase price of approximately \$4.2 million, which consists of the following (in thousands except for per share amounts):

Value of equity of the combined company owned by Akerna equity holders ¹	\$ 4,248
Other	—
Total preliminary purchase price	\$ 4,248

1 Determined as follows:

Akerna Corp. common stock outstanding as of June 30, 2023	6,999
Unvested restricted stock units	9
Exchange of special voting preferred stock ²	13
Estimated number of shares to be owned by Akerna equity holders	7,021
Estimated purchase price (based on closing price of Akerna on 6/30/2023)	\$ 0.605
Fair value of shares of the combined company	\$ 4,248
Fair value of the warrants of the combined company	—
Fair value of the shares and warrants of the combined company	\$ 4,248

2 Number of common shares issued in connection with Ample exchangeable shares is determined as follows:

Exchangeable shares outstanding	252,224
Exchange ratio	1 for 20
Common equivalent at exchange rate of 1 for 20	12,612

Preliminary purchase price allocation:	
Cash	\$ 500
Accounts receivable, net	250
Prepaid expenses and other current assets	827
Fixed assets, net	34

Intangible assets, net	1,920
Goodwill	4,682
Accounts payable, accrued expenses and other current liabilities	(3,996)
Deferred revenue	(313)
Net assets acquired	\$ 4,248

The allocation of the estimated purchase price is preliminary because the Merger has not yet been completed. The final determination of the purchase price allocation is anticipated to be completed as soon as practicable after closing of the Merger and will be based on the fair values of the assets acquired and liabilities assumed as of the Merger closing date.

The pro forma statement of operations for the year ended December 31, 2022 include transaction costs of \$2.5 million and \$0.750 million incurred by Akerna and Gryphon, respectively, in connection with the Merger and recorded as expense in their respective condensed consolidated statements of operations for the year ended December 31, 2022. Such transaction costs are not expected to recur.

4. Pro Forma Adjustments

The pro forma adjustments included in the unaudited pro forma condensed combined balance sheets as of June 30, 2023 are as follows:

Pre-Transaction Adjustments — Settlement and Conversion of Debt and Stock

- (a) Represents the downward adjustment of the Senior Convertible Notes from their fair value to their carrying value for \$1.0 million in advance of certain repayments and conversions.

[Table of Contents](#)

- (b) Represents the conversion of 252,224 Ample exchangeable shares (represented by one share of Special voting preferred stock) into 12,612 shares of Akerna Common Stock in advance of the closing of the Merger resulting in a reclassification within stockholders' deficit of \$1.9 million.
- (c) To transfer the remaining \$0.5 million of cash from the restricted cash accounts in advance of principal payments on the Senior Convertible Notes.

- (e) To reflect the conversion of the remaining \$7.4 million of principal outstanding on the Senior Convertible Notes into shares of Series C preferred stock in order to facilitate the stockholder approval of the Merger and the Sale Transaction.

Transaction Accounting Adjustments (Balance Sheet)

- (f) To accrue for the estimated merger-related transaction costs of \$2.5 million consisting of advisory fees, legal and accounting fees and other expenses to be incurred by Akerna prior to closing of the Merger.
- (g) To accrue for estimated transaction success bonuses and severance costs of \$1.4 million in accordance with employment and related agreements that were executed in advance of the Merger for certain Akerna employees.
- (h) Represents the estimated purchase consideration values of \$4.2 million based on Akerna's equity to be acquired, utilizing Akerna's closing stock price of \$0.605 per share as of June 30, 2023.
- (i) To eliminate Akerna's historical stockholders' deficit balances including the accumulated deficit.
- (j) To accrue for the estimated transaction costs of \$0.750 million to be incurred by Gryphon.
- (k) To recognize incremental goodwill of \$3.0 million in connection with the Merger being classified as a business combination.
- (l) To reflect the Sale Transaction and receipt of cash from MJ Acquisition in exchange for the net assets of MJ Freeway and Ample.

The pro forma adjustments included in the unaudited pro forma condensed combined statements of operations for the year ended December 31, 2022 and the six months ended June 30, 2023 are as follows:

5. Management's Adjustments

As described in Note 1, the Abandonment represents our plans to discontinue software service and support upon the expiration of existing contracts during the first half of 2023 with respect to our Viridian, Solo and Trellis businesses. The Abandonment will result in the recognition of certain revenues and expenses with corresponding changes in working capital during this time span.

Because these businesses as well as those attributable to MJ Freeway and Ample will not continue after completion of the Merger and Sale Transaction, Management believes that the adjustments shown below are necessary for a fair statement of the pro forma information presented. Accordingly, the pro forma combined statements of operations for the year ended December 31, 2022 and the six months ended June 30, 2023 should exclude any revenues and expenses associated with all of Akerna's legacy businesses, including those associated with the Abandonment, as they are not continuing and therefore should only reflect continuing costs associated with Akerna's corporate function.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Stockholders and Board of Directors of
Akerna Corp.

Opinion on the Financial Statements

We have audited the accompanying consolidated balance sheets of Akerna Corp. (the “Company”) as of December 31, 2022 and 2021, the related consolidated statements of operations, comprehensive loss, changes in stockholders’ equity (deficit) and cash flows for each of the two years in the period ended December 31, 2022, and the related notes (collectively referred to as the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2022 and 2021, and the results of its operations and its cash flows for each of the two years in the period ended December 31, 2022, in conformity with accounting principles generally accepted in the United States of America.

Explanatory Paragraph — Going Concern

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As more fully described in Note 2, the Company has a significant working capital deficiency, has incurred significant losses and needs to raise additional funds to meet its obligations and sustain its operations. These conditions raise substantial doubt about the Company’s ability to continue as a going concern. Management’s plans in regard to these matters are also described in Note 2. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Basis for Opinion

These financial statements are the responsibility of the Company’s management. Our responsibility is to express an opinion on the Company’s financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company’s internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Note 1 — Description of Business

Akerna Corp., herein referred to as we, us, our, the Company or Akerna was formed upon completion of the mergers between MTech Acquisition Corp. (“MTech”) and MJ Freeway, LLC (“MJF”) on June 17, 2019 as contemplated by the Merger Agreement dated October 10, 2018, as amended (the “Mergers”). Akerna provides software as a service (“SaaS”) solutions within the cannabis industry that enable regulatory compliance and inventory management through our wholly-owned subsidiaries MJF, Trellis Solutions, Inc., or Trellis, Ample Organics, Inc., or Ample, solo sciences, inc., or Solo, Viridian Sciences, Inc., or Viridian, and The NAV People, Inc. d.b.a. 365 Cannabis, or 365 Cannabis. Our proprietary suite of solutions are adaptable for industries in which interfacing with government regulatory agencies for compliance purposes is required, or where the tracking of organic materials from seed or plant to end products is desired. We also develop products intended to assist states in monitoring licensed businesses’ compliance with state regulations and to help state-licensed businesses operate in compliance with such law. We provide our commercial software platforms, MJ Platform[®], Trellis[®], Ample, Viridian and 365 Cannabis to state-licensed businesses, and our regulatory software platform, Leaf Data Systems[®], to state government regulatory agencies. Our Viridian and 365 Cannabis solutions are considered enterprise offerings (“Enterprise”) and all other solutions are considered non-enterprise offerings (“Non-Enterprise”) that meet the needs of our small and medium business (“SMB”) and government regulatory agency customers.

We consult with clients on a wide range of areas to help them successfully maintain compliance with state laws and regulations. We provide project-focused consulting services to clients who are initiating or expanding their cannabis business operations or are interested in data consulting engagements with respect to the legal cannabis industry. Our advisory engagements include service offerings focused on compliance requirement assessments, readiness and best practices, compliance monitoring systems, application processes, inspection readiness, and business plan and compliance reviews. We typically provide our consulting services to clients in emerging markets that are seeking consultation on newly introduced licensing regimes and assistance with the regulatory compliant build-out of operations.

Strategic Shift in Business Strategy

As previously disclosed, we have been engaged in considering strategic partnerships and evaluating potential strategic transactions in a comprehensive effort to address our financial challenges and our ability to continue as a going concern. During the fourth quarter of 2022, we committed to a number of significant actions described below that collectively represent a strategic shift in our business strategy for 2023 and beyond.

Exiting the Enterprise Software Business

The development of our Enterprise software business, which began with the acquisitions of Viridian and 365 Cannabis in 2021, did not achieve a sustainable scale in a timely manner consistent with our original plans. Accordingly, we committed to an effort to market this business unit during the fourth quarter of 2022. Ultimately, we secured a buyer for 365 Cannabis and were engaged in exclusive negotiations through December 31, 2022 and into January 2023. On January 11, 2023, we completed the sale of 365 Cannabis to 365 Holdco LLC (the “Buyers”) pursuant to a stock purchase agreement (the “365 SPA”) for (i) cash in the amount of \$0.5 million and the (ii) the termination and release of our obligation to the Buyers for contingent consideration in connection with our original acquisition of 365 Cannabis from the Buyers in 2021 (the “Earn-out Obligation”), subject to customary post-closing adjustments, if any. Any post-closing adjustments are generally limited to certain adjustments in accounts payable and indemnification obligations in accordance with the 365 SPA. Upon completion of the sale, \$0.4 million of the total cash proceeds was placed into certain restricted accounts (the “Restricted Accounts”) held as security for our 2021 Senior Secured Convertible Notes (the “Senior Convertible Notes”) while \$0.1 million was subject to a hold-back (the “365 Holdback”) by the Buyers to be released to us and also placed into the Restricted Accounts after all post-closing adjustments, if any, are resolved. In accordance with the 365 SPA, we and the Buyers agreed that the value of the Earn-out Obligation was \$2.3 million, a reduction of \$4.0 million from the original estimate, for purposes of the sale of 365 Cannabis and is reflected on our consolidated balance sheets as Contingent consideration payable.

Note 1 — Description of Business (cont.)

While we explored similar sale options for Viridian, we were unable to commit to any definitive transaction. Accordingly, we informed Viridian’s customers that we do not plan to continue software and support services beyond the date of existing contracts, all of which expire during the first quarter of 2023. With the sale of 365 Cannabis and our commitment to wind down the operations of Viridian, we have effectively exited the Enterprise software business. Accordingly, we have suspended efforts to seek any new revenue generating opportunities and will only service the existing customers of Viridian in connection with our contractual commitments.

Disposal of Non-Core SMB Software Products and Brands

In addition to the our exit from the Enterprise software business, we initiated efforts in the fourth quarter of 2022 to explore a sales process for the non-core components and brands of our SMB/Non-Enterprise business unit, including Trellis, a cultivation and compliance software platform, Solo, a seed-to-sale tagging and tracking software platform, Last Call Analytics (“LCA”), a retail analytics platform and wholly-owned subsidiary of Ample, and our equity investment in Zol Solutions, Inc. (“ZolTrain”). On January 31, 2023, we completed the sale of LCA, for cash in the amount of \$0.1 million, subject to post-closing adjustments, if any. In December 2022, we sold our investment in ZolTrain for a nominal amount (see Note 7). While we pursued sale opportunities for Trellis and Solo, we were ultimately unable to commit to any definitive transactions. Accordingly, we have communicated with the remaining customers of those businesses that we will discontinue software service and support upon the expiration of existing contracts during the first half of 2023. Similar to Viridian, as discussed above, we have suspended efforts to seek any new revenue generating opportunities and will only service the existing customers of Solo and Trellis in connection with our contractual commitments.

Exit Strategy

With the completion of the sales of 365 Cannabis, LCA and ZolTrain and the commitment to effectively discontinue and wind down the operations and service associated with Viridian, Solo and Trellis, our remaining core SMB and governmental business unit is comprised of MJF and Ample. Concurrent with the actions described above, we entered into letters of intent with two unrelated parties in the fourth quarter of 2022 to (i) explore the sale of our remaining core SMB and governmental business unit and (ii) realize the potential value of our publicly-held holding company through a merger or similar transaction. Collectively, pursuit of these transactions reflects our intention to fully exit the SaaS industry.

On January 27, 2023, we and our wholly-owned subsidiary Akerna Ample Exchange Inc. (“Akerna Exchange”) entered into a securities purchase agreement (the “MJF-Ample SPA”) with POSaBIT Systems Corporation (“POSaBIT”) to sell MJF and Ample to POSaBIT for a purchase price of \$4.0 million in cash (the “Sale Transaction”). The purchase price is subject to certain adjustments primarily attributable to variances from target working capital, as defined in the MJF-Ample SPA, among others. The MJF-Ample SPA contains customary representations, warranties and covenants applicable to us and POSaBIT including covenants relating to the conduct of the business of MJF and Ample through closing of the Sale Transaction and obtaining the approval of our stockholders. Further, the closing of the Sale Transaction is conditioned on the simultaneous closing of the merger transaction, as described below. The closing of the Sale Transaction is also subject to customary closing conditions including certain matters with respect to employee retention and contractual matters associated with MJF’s and Ample’s existing customers, among others. The MJF -Ample SPA includes certain restrictions with respect to competing or alternative transactions through the period until the Sale Transaction closes. In the event that a superior offer (“Superior Offer”) is received, we must provide POSaBIT with a five business day notice period in which to make a counter-proposal before we may make an announcement of the change in recommendation to consider a potential counter-proposal to the Superior Offer. We and POSaBIT may terminate the MJF-Ample SPA upon mutual consent and either party may terminate the MJF-Ample SPA unilaterally under certain conditions. In the event either party terminates the MJF-Ample SPA pursuant to certain conditions, we will be required to pay POSaBIT a termination fee of \$140,000 and reimburse POSaBIT for reasonable fees and expenses up to \$60,000.

Note 1 — Description of Business (cont.)

On January 27, 2023, we entered into an agreement and plan of merger (the “Merger Agreement”) with Gryphon Digital Mining, Inc. (“Gryphon”) and Akerna Merger Co. (“Akerna Merger”). Upon the terms and subject to the satisfaction of the conditions provided in the Merger Agreement, including the approval of the transaction by Akerna’s and Gryphon’s stockholders, Akerna Merger will be merged with and into Gryphon (the “Merger”), with Gryphon surviving the Merger as a wholly-owned subsidiary of Akerna. Following the closing of the Merger, the former Gryphon and Akerna stockholders immediately before the Merger are expected to own approximately 92.5 percent and 7.5 percent, respectively, of the outstanding capital stock on a fully diluted basis. Upon completion of the Merger, Akerna will change its name to Gryphon Digital Mining, Inc. The closing of the Merger is subject to customary closing conditions including the required approval of the stockholders of Akerna and Gryphon, the approval of the Nasdaq Capital Market (the “Nasdaq Market”) of the continued listing of Gryphon after the closing of the Merger and the simultaneous closing of the Sale Transaction, among others. We and Gryphon may terminate the Merger upon mutual consent and either party may terminate the Merger unilaterally under certain conditions. In the event either party terminates the Merger pursuant to certain conditions, we will be required to pay Gryphon a termination fee of \$275,000 less any reimbursed expenses. The Merger is expected to be treated by Akerna as a reverse merger, or a change of control, whereby the stockholders of Gryphon will have majority ownership and control of Akerna after the transaction is complete.

Concurrent with the signing and in support of the Sale Transaction and the Merger, we and each of the holders of the Senior Convertible Notes entered into exchange agreements (the “Exchange Agreements”) whereby the holders would ultimately convert the principal amounts of each of their note holdings to a level that would represent 19.9 percent of the outstanding shares of our common stock, \$0.0001 par value (“Common Stock”) prior to the closing of the Sale Transaction and the Merger. Immediately prior to the stockholder vote required for the closing of those transaction, the remaining Senior Convertible Notes outstanding would be converted into a special class of exchangeable preferred stock to facilitate the required stockholder vote and then be converted into shares of our Common Stock subject to the Merger. For a limited period, the conversion price of the Senior Convertible Notes was lowered to \$1.20 per share from \$4.75 per share. We anticipate scheduling a meeting of stockholders during the second quarter of 2023 to approve the Sale Transaction and the Merger and we expect these transactions to close shortly thereafter.

Financial Reporting and Classification

As a result of the corporate actions described above, 365 Cannabis and LCA (together, the “Discontinued Group”) met the criteria to be considered “held for sale” as that term is defined in accounting principles generally accepted in the United States (“GAAP”). Accordingly, the assets and liabilities of these entities are classified and reflected on our consolidated balance sheets as “held for sale” as of December 31, 2022 and 2021, respectively, and their results of operations are classified as “discontinued operations” in the consolidated statements of operations for the years ended December 31, 2022 and 2021, respectively. Certain financial disclosures including major components of the assets and liabilities and results of operations of the Discontinued Group are provided in Note 17. Our core SMB and governmental business unit (MJF and Ample), the businesses for which we have committed to terminate operations (Viridian, Solo and Trellis) and our publicly-held parent holding company (Akerna Corp.) comprise our continuing operations. Collectively, these entities are presented as continuing operations for all periods presented herein and until such time that stockholder approval is received for the Sale Transaction and the Merger.

Note 2 — Basis of Presentation

The accompanying consolidated financial statements have been prepared in accordance with GAAP.

Going Concern and Management’s Liquidity Plans

In accordance with the Financial Accounting Standards Board’s (“FASB”) standard on going concern, Accounting Standard Update (“ASU”) No. 2014-15, *Disclosure of Uncertainties about an Entity’s Ability to Continue as Going Concern* (“ASU 2014-15”), we assess going concern uncertainty in our consolidated financial statements to determine if we have sufficient cash, cash equivalents and working capital on hand and any available borrowings on loans, to operate for a period of at least one year from the date the consolidated financial statements are issued, which is defined

AKERNA CORP.
Notes to Consolidated Financial Statements

Note 2 — Basis of Presentation (cont.)

as the “look-forward period” in ASU 2014-15. As part of this assessment, based on conditions that are known and reasonably knowable to us, we will consider various scenarios, forecasts, projections, estimates and will make certain key assumptions, including the timing and nature of projected cash expenditures or programs, and our ability to delay or curtail expenditures or programs, if necessary, among other factors. Based on this assessment, as necessary or applicable, we make certain assumptions regarding implementing curtailments or delays in the nature and timing of programs and expenditures to the extent we deem probable that such implementations can be achieved and we have the proper authority to execute them within the look-forward period in accordance with ASU 2014-15.

The accompanying consolidated financial statements have been prepared on the basis that we will continue as a going concern, which contemplates realization of assets and the satisfaction of liabilities in the normal course of business. However, since our inception in 2019 we have incurred recurring losses from operations, used cash from operating activities, and relied on capital raising transactions to continue ongoing operations. As of December 31, 2022, we had a working capital deficit of \$7.8 million with \$0.9 million in unrestricted cash available to fund future operations. We anticipate continuing to generate losses from operations and using cash from operating activities for the foreseeable future, although at lower than historical levels as a result of restructuring actions taken during the second quarter of 2022 and the curtailment of activities associated with our discontinued operations as well as those business that we plan to terminate. Collectively, these factors raise substantial doubt regarding our ability to continue as a going concern for the twelve months from the date our consolidated financial statements have been issued.

As described in Note 1, we have committed to the Sale Transaction to complete our intended exit from the SaaS industry and to the Merger as the most favorable strategic alternative for our stockholders. There can be no assurance that we will be successful in executing and completing the Sale Transaction and the Merger and obtaining sufficient funding, if necessary, on terms acceptable to us to fund continuing operations through the anticipated closing of the aforementioned transactions, if at all. Our ability to continue as a going concern is dependent upon our ability to successfully execute the aforementioned transactions. Despite the comprehensive scope of our collective plans, the inherent risks associated with their successful execution are not sufficient to fully overcome substantial doubt about our ability to continue as a going concern for one year from the date of issuance of our consolidated financial statements. Accordingly, if we are unable to execute our plans within the timeframe described above, we may have to reduce or otherwise curtail our continuing operations which could significantly and adversely affect our results of operations or we may determine to dissolve and liquidate our assets. If we fail to meet the financial covenants of the Senior Convertible Notes and cannot obtain a waiver from such provisions or otherwise come to an agreement with the holders of the Senior Convertible Notes, such holders may declare a default on the debt which could subject our assets to seizure and sale, negatively impacting our business.

The accompanying consolidated financial statements do not include any adjustments related to the recoverability and classification of assets or the amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

Reverse Stock Split

On November 8, 2022, we effectuated a reverse stock split of 20-for-1 (the “Reverse Stock Split”) of our Common Stock. The effects of the Reverse Stock Split have been applied retrospectively to all periods presented throughout the accompanying consolidated financial statements and notes. Accordingly, all disclosures of shares of Common Stock issued, outstanding or reserves of Common Stock and issuances, grants, vesting or forfeitures of warrants, restricted stock awards and restricted stock units (“RSUs”) herein and any corresponding references to market, conversion and exercise prices of Common Stock and certain other securities including warrants and convertible debt have been adjusted.

Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation. In addition and as discussed in Notes 1 and 17, the assets and liabilities and results of operations of the Discontinued Group have been reclassified as held for sale and discontinued operations, respectively, for all period presented.

AKERNA CORP.
Notes to Consolidated Financial Statements

Note 3 — Summary of Significant Accounting Policies

Principles of Consolidation

Our accompanying consolidated financial statements include the accounts of Akerna, our wholly-owned subsidiaries, and those entities in which we otherwise have a controlling financial interest. All significant intercompany balances and transactions have been eliminated in consolidation.

Use of Estimates

The preparation of our consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts included in the consolidated financial statements and accompanying notes thereto. Our most significant estimates and assumptions are related to the valuation of acquisition-related assets and liabilities, capitalization of internal costs associated with software development, fair value measurements, impairment assessments, loss contingencies, valuation allowance associated with deferred tax assets, stock-based compensation costs, and useful lives of long-lived intangible assets. We base our estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances. Accordingly, actual results could differ from those estimates.

Foreign Currency

The functional currency of the Company's non-U.S. operations is the local currency. Monetary assets and liabilities denominated in foreign currencies are translated into U.S. dollars at exchange rates prevailing at the balance sheet dates. Non-monetary assets and liabilities are translated at the historical rates in effect when the assets were acquired or obligations incurred. Revenue and expenses are translated into U.S. dollars using the average rates of exchange prevailing during the period. Translation gains or losses are included as a component of accumulated other comprehensive income (loss) within stockholders' equity (deficit). Gains and losses resulting from foreign currency transactions are recognized as a component of Other income (expense) in our consolidated statements of operations.

Cash and Cash Equivalents

We consider liquid instruments purchased with an original maturity of three months or less to be cash equivalents. We continually monitor our positions with, and the credit quality of, the financial institutions with which we invest. As of the balance sheet date, and periodically throughout the year, we have maintained balances in various operating accounts in excess of federally insured limits.

Restricted Cash

Restricted cash consists of funds that are contractually or legally restricted as to usage or withdrawal and is presented separately from cash and cash equivalents on our consolidated balance sheets.

Accounts Receivable, Net

We maintain an allowance for doubtful accounts equal to the estimated uncollectible amounts based on our historical collection experience and review of the current status of trade accounts receivable. Accounts receivable are written-off and charged against the allowance when we have exhausted collection efforts without success.

Property and Equipment

Property and equipment are recorded at cost, less accumulated depreciation. Expenditures for major additions and improvements are capitalized. Repairs and maintenance costs are expensed as incurred. Depreciation is provided over the estimated useful lives of the related assets using the straight-line method. The estimated useful lives for significant property and equipment categories are generally as follows: furniture and computer equipment (3 – 7 years) and leasehold improvements (lesser of remaining lease term or useful life)

AKERNA CORP.

Note 3 — Summary of Significant Accounting Policies (cont.)

Investment

Until its redemption in December 2022, we held an equity security in ZolTrain. For periods prior to the quarter ended September 30, 2021, we had determined we could exert significant influence over ZolTrain's operations through voting rights and representation on its board of directors and we accounted for our investment in ZolTrain using the equity method of accounting, recording our share in the investee's earnings and losses in the consolidated statement of operations. Upon losing board representation during quarter ended September 30, 2021, we suspended the equity method of accounting and measured the investment at cost less impairment, plus or minus changes resulting from observable price changes, including its ultimate redemption at a loss in December 2022, which were recorded in Other (expense) income, in our consolidated statements of operations (see Note 7).

Software Development Costs

Costs incurred during the application development stage of a newly developed application and costs we incur to enhance our existing platforms that meet certain criteria are subject to capitalization and subsequent amortization. Our software product development costs are primarily comprised of personnel costs such as payroll and benefits, vendor costs, and other costs directly attributable to the project. We capitalize costs only during the development phase. Any costs in connection to planning, design, and maintenance subsequent to release are expensed as incurred. We amortize software development costs over the expected useful life of the specific application, generally 2-5 years. We evaluate capitalized software development costs for impairment when there is an indication that the unamortized cost may not be recoverable (see Note 8).

Intangible Assets

Intangible assets are amortized over their estimated useful lives. We evaluate the estimated remaining useful life of our intangible assets when events or changes in circumstances indicate an adjustment to the remaining amortization may be needed. We similarly evaluate the recoverability of these assets upon events or changes in circumstances indicate a potential impairment (see Note 8). Recoverability of these assets is measured by comparing the carrying amount of each asset to the future undiscounted cash flows the asset is expected to generate. If the undiscounted cash flows used in the test for recoverability are less than the carrying amount of these assets, the carrying amount of such assets is reduced to fair value.

Goodwill Impairment Assessment

Goodwill represents the excess purchase consideration of an acquired business over the fair value of the net tangible and identifiable intangible assets. Goodwill is evaluated for impairment annually on October 31, and whenever events or changes in circumstances indicate the carrying value of goodwill may be impaired (see Note 8). Triggering events that may indicate impairment include, but are not limited to, a significant adverse change in customer demand or business climate or a significant decrease in expected cash flows. An impairment loss is recognized to the extent that the carrying amount exceeds the reporting unit's fair value, not to exceed the carrying amount of goodwill. We have the option to first assess qualitative factors to determine whether events or circumstances indicate that it is more likely than not that the fair value of a reporting unit is less than its carrying amount and determine whether further action is needed. If, after assessing the totality of events or circumstances, we determine it is not more likely than not that the fair value of a reporting unit is less than its carrying amount, then performing the quantitative impairment test is unnecessary.

Note 3 — Summary of Significant Accounting Policies (cont.)

Fair Value of Financial Instruments

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Under this guidance, we are required to classify certain assets and liabilities based on the fair value hierarchy, which groups fair value-measured assets and liabilities based upon the following levels of inputs:

- Level 1 — Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2 — Quoted prices in markets that are not active, or inputs which are observable, either directly or indirectly, for substantially the full term of the asset or liability;
- Level 3 — Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (i.e., supported by little or no market activity).

The fair value of financial instruments is the amount at which the instrument could be exchanged in a current transaction between willing parties. The carrying values of financial instruments such as accounts receivable, accounts payable and accrued liabilities approximate fair value based on their short maturities.

Fair Value Option

The fair value option provides an election that allows an entity to irrevocably elect to record certain financial assets and liabilities at fair value on an instrument-by-instrument basis at initial recognition. We have elected to apply the fair value option to our convertible notes due to the complexity of the various conversion and settlement options available to both the holders of such notes and Akerna.

The convertible notes accounted for under the fair value option election are each a debt host financial instrument containing embedded features that would otherwise be required to be bifurcated from the debt-host and recognized as separate derivative liabilities subject to initial and subsequent periodic estimated fair value measurements in accordance with GAAP. Notwithstanding, when the fair value option election is applied to financial liabilities, bifurcation of an embedded derivative is not required, and the financial liability is initially measured at its issue-date estimated fair value and then subsequently remeasured at estimated fair value on a recurring basis as of each reporting period date. The portion of the change in fair value attributed to a change in the instrument-specific credit risk is recognized as a component of other comprehensive income (loss) within stockholders' equity (deficit) and the remaining amount of the fair value adjustment is recognized as other income (expense) in our consolidated statement of operations. The estimated fair value adjustment is presented in a respective single line item within other income (expense) in the accompanying consolidated statement of operations because the change in fair value of the convertible notes was not attributable to instrument-specific credit risk.

Warrants

We evaluate warrants that we may issue from time to time under a twostep process provided in GAAP. The first step is intended to distinguish liabilities from equity. Warrants that could require cash settlement are generally classified as liabilities. For warrants that are considered outside the scope of liability classification, a second step evaluates warrants as either a derivative subject to derivative accounting and disclosures or as equity instruments based upon the specific terms of the underlying warrant agreement and certain other factors associated with our capital structure. Warrants that are indexed to our common stock while we meet certain other conditions with respect to our capital structure, including the ability to satisfy the warrant settlement obligations with a sufficient number of registered shares, do not qualify as derivatives and are classified as components of equity. Certain of the warrants sold by MTech

in its initial public offering that were converted to Akerna warrants in connection with the Mergers (the “Private Warrants”) are not indexed to our common stock in the manner contemplated as described herein. As a result, the Private Warrants are precluded from equity classification and are recorded as derivative liabilities. At the end of each reporting period, changes in fair value during the period are recognized within the condensed consolidated statements of operations. We will continue to adjust this derivative liability for changes in the fair value until the earlier of (a) the exercise or expiration of the Private Warrants or (b) the redemption of the Private Warrants, at which time they will be reclassified to Additional paid-in capital. As of December 31, 2022 and 2021, all of our other outstanding warrants, including certain other MTech warrants that were converted to Akerna warrants upon our formation (the “2019 Public Warrants”), are classified within stockholders’ equity.

Revenue Recognition

We recognize revenue when a customer obtains the benefit of promised services, in an amount that reflects the consideration that we expect to be entitled to receive in exchange for those services. In determining the amount of revenue to be recognized, we perform the following steps: (i) identification of the contract with a customer; (ii) identification of the promised services in the contract and determination of whether the promised services are performance obligations, including whether they are distinct in the context of the contract; (iii) determination of the transaction price; (iv) allocation of the transaction price to the performance obligations based on estimated selling prices; and (v) recognition of revenue when (or as) we satisfy each performance obligation. Sales taxes collected from customers and remitted to government authorities are excluded from revenue.

Software Revenue. Our software revenue is generated from subscriptions and services related to the use of our commercial software platforms, MJ Platform[®], Ample and our government regulatory platform, Leaf Data Systems[®], and the sale of business intelligence, data analytics and other software related services. Software contracts are annual or multi-year contracts paid monthly in advance of service and typically cancellable upon 30 days’ notice after the end of the contract period. Leaf Data Systems[®] contracts are generally multi-year contracts payable annually or quarterly in advance of service. Commercial software and Leaf Data Systems[®] contracts generally may only be terminated early for breach of contract as defined in the respective agreements. Amounts that have been invoiced are initially recorded as deferred revenue or contract liabilities. Subscription revenue is recognized on a straight-line basis over the service term of the arrangement beginning on the date that our solution is made available to the customer and ending at the expiration of the subscription term. We typically invoice customers at the beginning of the term, in multi-year, annual, quarterly, or monthly installments. When a collection of fees occurs in advance of service delivery, revenue recognition is deferred until such services commence. Revenue for implementation fees is recognized ratably over the expected term of the contract, including expected renewals.

We include service level commitments to customers warranting certain levels of uptime reliability and performance and permitting those customers to receive credits if those levels are not met. In addition, customer contracts often include: specific obligations that require us to maintain the availability of the customer’s data through the service and that customer content is secured against unauthorized access or loss, and indemnity provisions whereby we indemnify customers from third-party claims asserted against them that result from our failure to maintain the availability of their content or securing the same from unauthorized access or loss. To date, we have not incurred any material costs as a result of such commitments. Any such credits or payments made to customers under these arrangements are recorded as a reduction of revenue.

Consulting Revenue. Consulting services revenue is generated by providing solutions for operators in the pre-application of licensures and pre-operational phases of development and consists of contracts with fixed terms and fee structures based upon the volume and activity or fixed-price contracts for consulting and strategic services. These services include application and business plan preparation as they seek licenses to be granted. Consulting revenue contracts have an initial set of proprietary deliverables that are provided to clients upfront, which is considered a separate performance obligation. As such, 30 percent of the contract value is recognized upfront when deliverables are provided, with the remaining recognized over the life of the contract as the consulting services are performed.

Other Revenue. Our other revenue is derived primarily from point-of-sale hardware and other non-recurring revenue. From time to time, we may purchase equipment for resale to customers. Such equipment is generally drop-shipped to our customers. We recognize revenue as these products are delivered.

Cost of Revenue. Cost of revenue consists primarily of costs related to providing subscription and other services to our customers, including employee compensation and related expenses for data center operations, customer support and professional services personnel, payments to outside technology service providers, security services, and other tools.

Unbilled Receivables. Unbilled receivables are booked when services are delivered to our customers but not yet invoiced. Once invoiced, the unbilled receivables are reclassified to accounts receivable.

Deferred Revenue. Deferred revenue consists of payments received in advance of revenue recognition from subscription services. The deferred revenue balance is influenced by several factors, including seasonality, the compounding effects of renewals, contract duration, and invoice frequency. Deferred revenue that will be recognized during the succeeding twelve-month period is recorded as deferred revenue, which is a current liability on the accompanying consolidated balance sheets.

Legal and Other Contingencies

From time to time, we may be a party to litigation and subject to claims incident to the ordinary course of business, including intellectual property claims, labor and employment claims, breach of contract claims and other asserted and unasserted claims. We investigate these claims as they arise and will accrue a liability for such matters when it is probable that a liability has been incurred and the amount can be reasonably estimated. When only a range of possible loss can be established, the most probable amount in the range is accrued. If no amount within this range is a better estimate than any other amount within the range, the minimum amount in the range is accrued. The accrual for a litigation loss contingency might include, for example, estimates of potential damages, outside legal fees and other directly related costs expected to be incurred.

Stock-Based Compensation

We measured stock-based compensation based on the fair value of the share-based awards on the date of grant and recognize the related costs on a straight-line basis over the requisite service period, which is generally the vesting period. Stock-based compensation expense is included in operating expenses and cost of sales on our consolidated statements of operations consistent with the allocation of other compensation arrangements.

Income Taxes

Income taxes are accounted for using the asset and liability method, which requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of temporary differences between the carrying amounts and the tax basis of other assets and liabilities. We provide for income taxes at the current and future enacted tax rates and laws applicable in each taxing jurisdiction. We use a two-step approach for recognizing and measuring tax benefits taken or expected to be taken in a tax return and disclosures regarding uncertainties in income tax positions. We recognize interest and penalties related to income tax matters in selling, general and administrative expenses in the consolidated statement of operations.

We recognize deferred tax assets to the extent that its assets are more likely than not to be realized. In making such a determination, we consider all available positive and negative evidence, including future reversals of existing taxable temporary differences, projected future taxable income, tax planning strategies, and results of recent operations. If we determine that we would be able to realize our deferred tax assets in the future in excess of its net recorded amount, we will make an adjustment to the deferred tax asset valuation allowance, which would reduce the provision for income taxes. As of December 31, 2022 and 2021, management has applied a valuation allowance to deferred tax assets when it is determined that the benefit from the deferred tax asset will not be able to be utilized in a future period.

Segments

We operate our business as one operating segment. Operating segments are defined as components of an enterprise about which separate financial information is evaluated by the chief operating decision maker (“CODM”), our Chief Executive Officer, for purposes of allocating resources and assessing financial performance. Our CODM allocates resources and assesses performance based upon discrete financial information at the consolidated level.

Discontinued Operations

In accordance with GAAP, we assess our business units that we may, from time to time, consider for disposal by sale or means (i.e., abandonment). Those business units, which may be in the form of legal entities, divisions, product lines or asset and liability groups, among others, for which cash flows can be reasonably identified, that meet certain criteria are considered discontinued operations. Accordingly, their results of operations are presented in our statements of operations as “discontinued operations” and their associated assets and liabilities are considered “held for sale” or “discontinued,” as appropriate on our consolidated balance sheets.

Subsequent Events

Management has evaluated all of our activities through the issuance date of our consolidated financial statements and has concluded that, with the exception of (i) the completion of the sales of 365 Cannabis and LCA in January 2023, (ii) the commitment to the Sale Transaction, (iii) the commitment to the Merger and the signing of the Exchange Agreements, as disclosed in Note 1, no other subsequent events have occurred that would require recognition and disclosure in our consolidated financial statements or disclosure in the notes thereto.

Adoption of Recent Accounting Pronouncements

The FASB issued ASU No. 2016-02, *Leases* (“ASU 2016-02”) which, together with related amendments to GAAP, represents ASC Topic 842, *Leases* (“ASC 842”). ASC 842 superseded all prior GAAP with respect to leases. ASC 842 established a right-of-use model which requires a lessee to record a right-of-use asset and a lease liability on the balance sheet for all leases with terms longer than 12 months. Leases are to be classified as either finance or operating, with classification affecting the pattern of expense recognition in the statement of operations. We adopted ASC 842 effective January 1, 2022 and due to the immaterial impact of applying this standard to our limited assets subject to operating leases, there was no material impact to our balance sheets and statements of operations.

The FASB issued ASU No. 2020-01, *Clarifying the Interaction between Topic 321, Topic 323, and Topic 815* (“ASU 2020-01”) which provides guidance clarifying interactions between various standards governing investments in equity securities. The guidance addresses accounting for the transition into and out of the equity method and measurement of certain purchased options and forward contracts to acquire investments. We adopted ASU 2020-01 effective January 1, 2022 and there was no material impact to our balance sheets and statements of operations.

The FASB issued ASU No. 2021-04, *Issuer’s Accounting for Certain Modifications or Exchanges of Freestanding Equity-Classified Written Call Options*, (“ASU 2021-04”) which provides clarification and reduces diversity in practice with respect to an issuer’s accounting for modifications or exchanges of freestanding equity-classified written call options (such as warrants) that remain equity classified after modification or exchange. We adopted ASU 2021-04 effective January 1, 2022 and there was no material impact to our balance sheets and statements of operations.

Recent Accounting Pronouncements Pending Adoption

The FASB issued ASU No. 2016-13, *Measurement of Credit Losses on Financial Instruments* (“ASU 2016-13”) which introduced a new model for recognizing credit losses on financial instruments based on estimated current expected credit losses, or CECL. ASU 2016-13 requires an entity to estimate CECL on trade receivables at inception, based

on historical information, current conditions, and reasonable and supportable forecasts. ASU 2016-13, and subsequent amendments, is effective for us beginning on January 1, 2023. We are currently evaluating the impact of the adoption of ASU 2016-13 on our consolidated financial statements.

The FASB issued ASU No. 2020-06, *Accounting for Convertible Instruments and Contracts in an Entity's Own Equity* ("ASU 2020-06"), which simplified the accounting for convertible instruments. ASU 2020-06 eliminated certain models that require separate accounting for embedded conversion features, in certain cases. Additionally, among other changes, ASU 2020-06 eliminates certain of the conditions for equity classification for contracts in an entity's own equity. ASU 2020-06 also requires entities to use the if-converted method for all convertible instruments in the diluted earnings per share calculation and include the effects of shares settlement for instruments that may be settled in cash or shares, except for certain liability-classified share-based payment awards. ASU 2020-06 is required to be adopted by us beginning on January 1, 2023 and must be applied using either a modified or full retrospective approach. We are currently evaluating the impact ASU 2020-06 will have on our consolidated financial statements.

The FASB issued ASU No. 2021-08, *Accounting for Contract Assets and Contract Liabilities from Contracts with Customers* ("ASU 2021-08"), which amends the accounting related to contract assets and liabilities acquired in business combinations. Under current GAAP, an entity generally recognizes assets and liabilities acquired in a business combination, including contract assets and contract liabilities arising from revenue contracts with customers, at fair value on the acquisition date. ASU 2021-08 requires that entities recognize and measure contract assets and contract liabilities acquired in a business combination in accordance with ASC Topic 606, *Revenue from Contracts with Customers*. ASU 2021-08 is effective for fiscal years beginning after December 15, 2022, including interim periods within those fiscal years, and should be applied prospectively to businesses combinations occurring on or after the effective date of the amendment. We are currently evaluating the impact this guidance will have on our consolidated financial statements.

Note 4 — Significant Transactions**Restructuring**

In May 2022, we implemented a corporate restructuring initiative (the "Restructuring") as approved by our Board of Directors. The Restructuring resulted in a reduction of our workforce by 59 employees, or approximately percent 33 of the Company's headcount at that time. We incurred costs of approximately \$0.6 million in severance benefits, including employee insurance, associated payroll taxes and legal costs in connection with the Restructuring. This amount was fully attributable to our continuing operations. Of the total amount incurred, \$0.3 million was included in Sales and marketing costs, \$0.2 million was recorded in Product development costs and less than \$0.1 million was included in each of Cost of revenue and General and administrative expenses, respectively. All amounts incurred were settled in cash during the year ended December 31, 2022. Accordingly, we have no material obligations remaining associated with the Restructuring. In addition to the reduction in force, our executive leadership team was subject to a temporary 25 percent reduction in salary during the second quarter of 2022.

2021 Acquisitions*Viridian Sciences*

On April 1, 2021, we completed the acquisition of Viridian, a cannabis business management software provider that is built on SAP Business One. We acquired Viridian in exchange for 51,550 shares of our Common Stock valued at \$6.2 million at the date of acquisition. The fair value of the consideration transferred as of the date of acquisition is reflected in the table below (in thousands):

Shares issued	\$	6,186

The presentation below reflects our final purchase price allocation, summarizing the fair values of assets acquired and liabilities assumed as of the date of acquisition (in thousands):

Goodwill		5,408
Accounts payable and accrued expenses		(350)
Deferred tax liabilities		(307)
Deferred revenue		(1,000)
Net assets acquired	\$	<u>6,188</u>

The excess of purchase consideration over the fair value of assets acquired and liabilities assumed was recorded as goodwill, which was primarily attributed to the assembled workforce and expanded market opportunities, for which there is no basis for U.S. income tax purposes. As discussed in Note 1, we committed to a plan to wind down the Viridian business during the fourth quarter of 2022. The loss from continuing operations for the year ended December 31, 2022 includes \$7.0 million of impairments of long-lived assets associated with Viridian including \$0.6 million, \$1.0 million and \$5.4 million attributable to Capitalized software, Intangible assets and Goodwill, respectively. There were no impairments of Viridian's long-lived assets during the year ended December 31, 2021. The amounts of Viridian's revenue included in our results of continuing operations for 2022 and 2021 were \$1.7 million and \$2.4 million, respectively.

365 Cannabis

On October 1, 2021, we acquired all the issued and outstanding shares of 365 Cannabis. Under the terms of the stock purchase agreement (the "Agreement"), the aggregate consideration for the 365 Cannabis shares consisted of an original purchase price of (i) \$5.0 million in cash, (ii) \$12.0 million in stock, which was settled by issuing 178,572 shares of our Common Stock and (iii) contingent value rights, or the Earn-out Obligation, to be issued pursuant to a rights indenture entitling the holders thereof to receive, subject to certain adjustments as set forth in the Agreement, as amended in May 2022 (the "Amended Agreement"), an aggregate of up to \$8.0 million paid in cash or Common Stock or an any combination thereof, in the event that 365 Cannabis achieves certain revenue targets as specified in the Amended Agreement. Under the Amended Agreement, if a seller elected to have any portion of the Earn-out Obligation paid in cash, such amount payable would be reduced by 25 percent. These rights are accounted for as contingent consideration and were initially measured at a fair value of \$6.3 million. Upon completion of the assessment period associated with the revenue targets, the fair value of the Earn-out Obligation was reduced to \$3.3 million as of September 30, 2022 with a corresponding adjustment reflected in our loss from discontinued operations. In addition, we reached a post-closing working capital settlement agreement during the first quarter of 2022 resulting on a \$1.5 million reduction in the purchase price. The working capital settlement was comprised of (i) a return of \$0.4 million in cash, (ii) a \$0.2 million reduction to acquired accrued expenses and the release back to Akerna of 13,988 shares of Common Stock valued at \$0.9 million that were held in escrow.

The fair value of the consideration transferred as of the date of acquisition is reflected in the table below (in thousands):

Accounts payable and accrued expenses		(2,588)
Deferred tax liabilities		(826)
Deferred revenue		(3,300)
Net assets acquired	\$	<u>22,342</u>

The excess of purchase consideration over the fair value of assets acquired and liabilities assumed was recorded as goodwill, which was primarily attributed to the assembled workforce and expanded market opportunities, for which there is no basis for U.S. income tax purposes. As discussed in Note 1, we sold 365 Cannabis in January 2023 for \$0.5 million of cash and the termination and release of our obligation under the Earn-out Obligation which was further reduced to \$2.3 million in connection with the sale. The loss from discontinued operations for the year ended December 31, 2022 includes \$22.2 million of impairments of long-lived assets associated with 365 Cannabis including \$9.7 million and \$12.5 million attributable to Intangible assets and Goodwill, respectively. There were no impairments of 365 Cannabis' long-lived assets during the year ended December 31, 2021. The amounts of 365 Cannabis' revenue included in our results of discontinued operations for 2022 and 2021 were \$8.8 million and \$2.4 million, respectively.

Our pro forma revenue and net loss for the year ended December 31, 2021, giving effect to the Viridian and 365 Cannabis acquisitions as if they had been completed as of January 1, 2020 would have been \$28.8 million (including discontinued operations) and \$(31.4) million, respectively.

Note 5 — Revenue and Contracts with Customers

Disaggregation of Revenue

We derive the majority of our revenue from subscription fees paid for access to and usage of our SaaS solutions for a specified period of time, typically one to three years. In addition to subscription fees, contracts with customers may include implementation fees for launch assistance and training. Fixed subscription and implementation fees are billed in advance of the subscription term and are due in accordance with contract terms, which generally provide for payment within 30 days. Our contracts typically have a one to three year term. Our contractual arrangements include performance, termination and cancellation provisions, but do not provide for refunds. Customers do not have the contractual right to take possession of the Company's software at any time.

The following tables summarize revenue disaggregation by product for the following periods:

	Year Ended December 31,	
	2022	2021

Our accounts receivable from customers were \$674,626 and \$873,688 as of December 31, 2022 and 2021 including \$219,912, or 33 percent and \$24,066, or three percent, respectively, attributable to two government clients.

The allowance for doubtful accounts consists of the following activity:

Allowance for doubtful accounts, balance at beginning of period	\$ 315,985	\$ 153,485

Contracts with Multiple Performance Obligations

Customers may elect to purchase a subscription to multiple modules, multiple modules with multiple service levels, or, for certain of our solutions. We evaluate such contracts to determine whether the services to be provided are distinct and accordingly should be accounted for as separate performance obligations. If we determine that a contract has multiple performance obligations, the transaction price, which is the total price of the contract, is allocated to each performance obligation based on a relative standalone selling price method. We estimate standalone selling price based on observable prices in past transactions for which the product offering subject to the performance obligation has been sold separately. As the performance obligations are satisfied, revenue is recognized as discussed above in the product descriptions.

Transaction Price Allocated to Future Performance Obligations

As many of the contracts we have entered into with customers are for a twelve-month subscription term, a significant portion of performance obligations that have not yet been satisfied as of December 31, 2022 are part of a contract that has an original expected duration of one year or less. For contracts with an original expected duration of greater than one year, for which the practical expedient does not apply, the aggregate transaction price allocated to the unsatisfied performance obligations was \$3.8 million as of December 31, 2022, of which \$3.4 million is expected to be recognized as revenue over the next twelve months.

Deferred Revenue

Deferred revenue represents the unearned portion of subscription and implementation fees. Deferred revenue is recorded when cash payments are received in advance of performance. Deferred amounts are generally recognized within one year. Deferred revenue is included in the accompanying consolidated balance sheets under Total current liabilities, net of any long-term portion that is included in noncurrent liabilities. The following table summarizes deferred revenue activity for the year ended December 31, 2022:

	As of January 1, 2022	Net additions	Revenue recognized	As of December 31, 2022
Deferred revenue	\$ 1,117,703	5,446,403	5,833,533	\$ 730,573

Of the \$13.6 million of revenue recognized during the year ended December 31, 2022, \$1.1 million was included in deferred revenue as of December 31, 2021.

AKERNA CORP.

Note 5 — Revenue and Contracts with Customers (cont.)**Costs to Obtain Contracts**

We capitalize sales commissions that are directly related to obtaining customer contracts and that would not have been incurred if the contract had not been obtained. These costs are included in the accompanying consolidated balance sheets and are classified as a component of Prepaid expenses and other current assets. Deferred contract costs are amortized to Sales and marketing expense over the expected period of benefit, which we have determined to be one year based on the estimated customer relationship period. The following table summarizes deferred contract cost activity for the year ended December 31, 2022:

	As of January 1, 2022	Additions	Amortized costs ⁽¹⁾	As of December 31, 2022
Deferred contract costs	\$ 142,930	124,690	231,155	\$ 36,465

Fixed assets, net	<u>\$ 48,879</u>	<u>\$ 66,028</u>

Depreciation expense related to our fixed assets for the years ended December 31, 2022 and 2021, was \$6,716 and \$121,416, respectively.

Note 7 — Investments**Investment in and License Agreement with Zol Solutions, Inc.**

On October 7, 2019, we participated in an offering of preferred stock of ZolTrain along with other investors in which we purchased 203,000 shares of Series Seed Preferred Stock (the "ZolTrain Preferred") for a purchase price of \$250,000, that represented a noncontrolling interest in ZolTrain which was carried as an equity method of investment through the third quarter of 2021 and during which time one of our executives held a seat of ZolTrain's board of directors.

The ZolTrain Preferred was convertible into shares of common stock of ZolTrain at a conversion rate of \$.232 per share at the option of the holder and contains certain anti-dilution protection in the event of certain future issuances of securities by ZolTrain. We were entitled to vote the number of common shares in which the ZolTrain Preferred is convertible into at any meeting of the ZolTrain stockholders.

During the third quarter of 2021, following the loss of our seat on ZolTrain's board, we concluded that we should no longer apply the equity method of accounting for the investment in ZolTrain and maintained the equity investment at cost minus impairment, plus or minus changes resulting from observable price changes. In December 2022, we sold the ZolTrain Preferred for \$5 thousand and recognized a loss of \$0.2 million.

Subsequent to our investment, we entered into a nonexclusive license/reseller agreement with ZolTrain, effective October 24, 2019, to provide ZolTrain's online cannabis training platform as a co-branded integration option into our MJ Platform[®] and Leaf Data Systems[®]. Under the terms of the agreement we entered into, ZolTrain shares subscription-based revenue generated from our customers with us. The amount of the share of the revenue for each

Note 8 — Intangible Assets, net and Goodwill

Finite-lived Intangible Assets, Net

We performed a two-step impairment test for the asset groups that had indicators of impairment in the current year and determined that the intangible and capitalized software assets of Solo, Trellis and Viridian and the capitalized software assets of MJF were fully impaired as the future undiscounted cash flows over the assets' remaining useful lives exceeded their carrying values.

Before consideration of impairments, we capitalized software costs of \$2.7 million and \$5.6 million during the years ended December 31, 2022 and 2021, respectively. We record amortization expense associated with acquired developed technology, acquired trade names, and customer relationships. The amortization expense of all finite-lived intangible assets, which includes capitalized software was \$5.6 million and \$5.1 million, for the years ended December 31, 2022 and 2021, respectively.

Impairment

Based on our qualitative assessment of goodwill and consideration of the Sale Transaction as well as our intention to discontinue Solo, Trellis and Viridian, we determined in December 2022 that it was necessary to impair the remaining goodwill asset by an incremental \$3.8 million. During the first and second quarters of 2022, we recognized impairments of \$15.4 million and \$11.9 million, respectively, due primarily to continued declines in market valuations. During the year ended December 31, 2021, primarily due to a continued decline in market valuation and a flattening in the operating results of Ample, Solo, Trellis and Viridian compared to acquisition assumptions, we recognized impairments of \$14.4 million to goodwill.

Senior Convertible Notes

On October 5, 2021, we entered into a securities purchase agreement (the “SPA”) resulting in the issuance of the Senior Convertible Notes to two institutional investors in a private placement transaction. The Senior Convertible Notes were issued for an aggregate principal amount of \$20.0 million for \$18.0 million reflecting an original issue discount of 10 percent or \$2.0 million. The net proceeds from the issuance of the Senior Convertible Notes were used to payoff and retire convertible notes that were issued in 2020 (the “2020 Notes”) and fund our growth initiatives through acquisitions and continued investment in our technology infrastructure. The Senior Convertible Notes rank senior to all our other and future indebtedness. The Senior Convertible Notes mature on October 4, 2024 and can be repaid in shares of Common Stock or cash. The Senior Convertible Notes are convertible into shares of Common Stock of Akerna at a conversion price of \$4.75 per share effective October 4, 2022 which represents an adjustment, as required by the SPA, from \$6.21 per share as a result of the offering of convertible preferred stock on that date (see Note 13). The Senior Convertible Notes are to be repaid in monthly installments beginning on January 1, 2022 and later deferred to January 1, 2023 in connection with an amendment in June 2022 (see below).

AKERNA CORP.

Note 10 — Long Term Debt (cont.)

In connection with the SPA and the Senior Convertible Notes, we and certain of our subsidiaries entered into an amended Security and Pledge Agreement (the “Security Agreement”) with the lead investor, in its capacity as collateral agent (in such capacity, the “Collateral Agent”) for all holders of the Senior Convertible Notes. The Security Agreement creates a first priority security interest in all of the personal property of the Company and certain of its subsidiaries of every kind and description, tangible or intangible, whether currently owned and existing or created or acquired in the future (the “Collateral”).

Upon the occurrence of an Event of Default under the Security Agreement, the Collateral Agent will have certain rights under the Security Agreement including taking control of the Collateral and, in certain circumstances, selling the Collateral to cover obligations owed to the holders of the Senior Convertible Notes pursuant to its terms. An Event of Default under the Security Agreement means (i) any defined event of default under any one or more of the transaction documents (including the Senior Convertible Notes), in each instance, after giving effect to any notice, grace, or other cure periods provided for in the applicable document, (ii) the failure by us to pay any amounts due under the Senior Convertible Notes or any other transaction document, or (iii) the breach of any representation, warranty or covenant by the Company under the Security Agreement.

In connection with the occurrence of an event of default, the holders of the Senior Convertible Notes will be entitled to convert all or any portion of the Senior Convertible Notes at an alternate conversion price equal to the lower of (i) the conversion price then in effect, or (ii) 80% of the lower of (x) the volume-weighted average price, or VWAP, of the Common Stock as of the trading day immediately preceding the applicable date of determination, or (y) the quotient of (A) the sum of the VWAP of the Common Stock for each of the two trading days with the lowest VWAP of the Common Stock during the ten (10) consecutive trading day period ending and including the trading day immediately prior to the applicable date of determination, divided by (B) two, but not less than \$10.80.

On June 30, 2022, we and the holders of the Senior Convertible Notes entered into an amendment and waiver agreement (the “Convertible Notes Amendment”) that included provision such that (i) no amortization payments would be due and payable for any payments previously required to be made from July 1, 2022 through January 1, 2023, (ii) the holders of the Senior Convertible Notes will not accelerate any previously deferred installment amounts until January 1, 2023 and (iii) the terms of the SPA which would provide for reset of the conversion price of the Senior Convertible Notes as a result of the issuance of securities under the 2022 Unit Offering (see Note 13) and instead agreed to a reset of the conversion price equal to a per share price of 135 percent of the 2021 Unit Offering price, or \$6.21 per share, which was subsequently reduced to \$4.75 per share on October 4, 2022 as described above. Further, the Convertible Notes Amendment added covenants such that (a) we are subject to a daily cash test of having an available cash balance of at least \$7.0 million, which amount shall be reduced by \$1.0 million on each of the dates at which the aggregate principal due upon the Senior Convertible Notes is equal to or less than \$14.0 million and \$11.0 million, subject in all cases to a minimum of \$5.0 million, and (b) we established and maintain the Restricted Accounts for each holder for an aggregate amount of \$7.0 million with such amounts to be released from the Restricted Accounts only upon written consent of such holder, provided that \$1.0 million will automatically release from the Restricted Accounts upon the occurrence of each of the dates at which the aggregate principal due upon the Senior Convertible Notes is equal to or less than \$14.0 million and \$11.0 million, subject to certain conditions. The Convertible Notes Amendment qualified as a troubled debt restructuring (“TDR”); however, there was no impact on the consolidated balance sheet or in the statement of operations as a result of the TDR as the Senior Convertible Notes are recorded at their fair value.

2020 Notes

We issued the 2020 Notes with a principal amount of \$17.0 million at a purchase price of \$15.0 million on June 9, 2020. The 2020 Notes were paid in full on October 5, 2021 with a portion of the proceeds from the Senior Convertible Notes.

Note 10 — Long Term Debt (cont.)**Method of Accounting and Activity During the Periods**

Upon the dates that they were issued, we made irrevocable elections to apply the fair value option to account for each of the Senior Convertible Notes and the 2020 Notes. Disclosures, including assumptions used to determine the fair values of these debt instruments, are provided in Note 15.

During the year ended December 31, 2022, we made \$5.3 million in principal settlements on the Senior Convertible Notes, of which \$1.4 million was settled in cash and the remaining \$3.9 million was settled in Common Stock. We made no principal settlements on the Senior Convertible Notes during 2021. During the year ended December 31, 2022, the fair value of the Senior Convertible Notes increased by \$2.9 million. Of the adjustment, a decrease of \$0.2 million resulted from instrument-specific credit risk and was recognized as other comprehensive income and accumulated in stockholders' equity (deficit) and an increase of \$2.9 million was recognized in our consolidated statement of operations as a change in fair value of convertible notes. During the year ended December 31, 2021, the fair value of the Senior Convertible Notes decreased by \$0.7 million. Of the adjustment, a decrease of less than \$0.1 million resulted from instrument-specific credit risk and was recognized as other comprehensive income and accumulated in stockholders' equity (deficit) and a decrease of \$0.7 million was recognized in our consolidated statement of operations as a change in fair value of convertible notes. As of December 31, 2022 and 2021, the fair values of the Senior Convertible Notes on our consolidated balance sheet were \$14.6 million and \$17.3 million, respectively. During the year ended December 31, 2021, up until the date the 2020 Notes were paid in full, we made \$15.2 million of principal settlements on the 2020, of which \$5.1 million was settled in cash and the remaining \$10.1 million was settled in Common Stock. During the year ended December 31, 2021, the fair value of the 2020 Notes increased by \$2.0 million. Of the adjustment, a decrease of less than \$0.1 million resulted from instrument-specific credit risk and was recognized as other comprehensive income and accumulated in stockholders' equity (deficit) and an increase of \$2.0 million was recognized in our consolidated statement of operations as a change in fair value of convertible notes. In October 2021, we recognized a gain on the extinguishment of debt in the amount of \$0.2 million in connection with the payoff of the 2020 Notes.

Paycheck Protection Program Loan

On April 21, 2020, we issued a promissory note in the principal aggregate amount of \$2.2 million (the "PPP Loan") pursuant to the Paycheck Protection Program under the CARES Act. The PPP Loan had a two-year term bearing interest at a rate of 1% per annum with principal and interest payments to be paid monthly beginning seven months from the date of the PPP Loan. In August 2021, the Company submitted its application for forgiveness and on September 3, 2021, the loan was forgiven in full by the Small Business Administration. As a result, the Company recorded a gain on the forgiveness of the PPP loan in the amount of \$2.2 million.

During the year ended December 31, 2022, valuation allowances on deferred tax assets that are not anticipated to be realized increased by \$7.5 million, substantially all of which was recorded to deferred expense while an insignificant portion was recorded in final purchase accounting. During the year ended December 31, 2021, valuation allowances on deferred tax assets that were not anticipated to be realized increased by \$3.6 million of which \$0.2 million was recorded in purchase accounting and the remainder of \$3.4 million was recorded to deferred expense.

Our deferred tax valuation allowances are primarily the result of uncertainties regarding the future realization of recorded tax benefits on tax losses. The measurement of deferred tax assets is reduced by a valuation allowance if, based upon available evidence, it is more likely than not that the deferred tax assets will not be realized. We have evaluated the realizability of our deferred tax assets in each jurisdiction by assessing the adequacy of expected taxable income, including the reversal of existing temporary differences, historical and projected operating results, and the availability of prudent and feasible tax planning strategies. Based on this analysis, we have determined that the valuation allowances recorded as of December 31, 2022 and December 31, 2021 are appropriate.

We have deferred tax assets related to U.S. federal tax and state tax carryforwards for net operating losses (“NOL”) in the amount of \$58.9 million. The majority of U.S. federal NOL carryforwards are carried forward indefinitely. Federal NOLs generated after 2017 have an indefinite carryforward and are only available to offset 80 percent of taxable income beginning in 2021. U.S. state NOL carryforwards expire at various dates of which the majority begin to expire in 2039. We have deferred tax assets related to foreign NOL carryforwards, which begin to expire in 2034, in the amount of \$17.5 million.

We are not currently under examination for any of the major jurisdictions where we conduct business as of December 31, 2022; however, all of our tax years remain subject to examination. Our management does not believe there are significant uncertain tax positions in 2022 and as a result we do not expect any cash payments in the next 12 months; however, uncertain tax positions related to potential penalties in the amount of \$30,000 was recorded in connection with business combinations during the year ended December 31, 2020. A reserve for potential penalties for \$0.1 million that was established in 2021 was reversed in 2022 as a result of the Internal Revenue Service’s dismissal of the matters. There was no interest related to uncertain tax positions in 2022 or 2021.

We paid less than \$0.1 million for income taxes, net of refunds received, in certain state and national jurisdictions during each of the years ended December 31, 2022 and 2021, respectively.

The Inflation Reduction Act (“IRA”) was enacted on August 16, 2022. The IRA introduced new provisions including a 15% corporate alternative minimum tax for certain large corporations that have at least an average of \$1 billion adjusted financial statement income over a consecutive three-tax-year period and a 1% excise tax surcharge on stock repurchases. The IRA is applicable for tax years beginning after December 31, 2022 and had no benefit to our consolidated financial statements for any of the periods presented, and we do not expect it to have a direct material impact on our future results of operations, financial condition, or cash flows.

Operating Leases

During 2022, we began negotiations to terminate the 365 Cannabis office lease in Las Vegas, Nevada. We recorded an obligation and lease termination expense of \$0.5 million which represents management's best estimate of the costs to exit the lease. The lease termination expense is included within the General and administrative expense line item as presented in the consolidated statement of operations. In connection with the sale of 365 Cannabis, we agreed to assume the lease termination obligation.

During 2021, we terminated our office lease in Toronto, Canada for a termination fee of approximately \$1.0 million, which is included within the General and administrative expense line item on the consolidated statement of operations and was paid in full during the year ended December 31, 2021. In connection with the lease termination, we also wrote off certain assets, primarily leasehold improvements, and the resulting loss of \$1.0 million was also recorded in the General and Administrative expense line item as presented in the consolidated statement of operations.

Litigation

On December 4, 2020, TechMagic USA LLC ("Tech Magic") filed suit against our wholly-owned subsidiary, Solo, in Massachusetts Superior Court, Department Business Litigation, seeking recovery for certain unpaid invoices pursuant to a Master Services Agreement dated February 5, 2018 (the "Master Services Agreement") by and between TechMagic and Solo. The sought recovery for continued fees under the Master Services Agreement through the end of January 2021. Akerna provided a notice of termination of the Master Services Agreement on November 23, 2020 and the parties dispute the effective date of the termination. Solo disputes the validity of the invoices, in whole or in part. Mr. Ashesh Shah, formerly the president of Solo and currently the holder of less than five percent of our issued and outstanding shares of Common Stock is, to our knowledge, the founder and one of the principal managers of TechMagic. On May 21, 2021, Solo filed suit against two of Solo's former directors, Mr. Shah and Palle Pedersen. Solo sought recovery for Mr. Shah's intentional interference with contractual relations, and the defendant's breaches of various fiduciary duties owed to Solo. Defendant Shah engaged in improper communications with Solo's customers with the intent that those customers cease their contractual relations with Solo. The defendants also entered into an improper contract with a contractual counter party with whom the defendants had a conflict of interest. The defendants filed a motion to dismiss, which the court found unpersuasive and denied. In July 2022, we entered into an agreement with TechMagic and the defendants to dismiss all litigation and claims described above. In connection with the settlement agreement, we reversed our previously accrued loss contingency of \$0.5 million during the second quarter of 2022 and no amounts were paid in cash.

On April 2, 2021, TreCom Systems Group, Inc. ("TreCom") filed suit against Akerna and MJF in federal District Court for the Eastern District of Pennsylvania, seeking recovery of up to approximately \$2.0 million for services allegedly provided pursuant to a Subcontractor Agreement between MJF and TreCom. MJF provided a notice of termination of the operative Subcontractor Agreement on August 4, 2020. MJF disputes the validity of TreCom's invoices and the enforceability of the alleged agreement that TreCom submitted to the court. Akerna filed counterclaims against TreCom for breach of contract, a declaratory judgment, commercial disparagement, and defamation. TreCom failed to return Akerna's intellectual property and issued numerous disparaging statements to one of Akerna's clients. TreCom subsequently filed a motion to dismiss these counterclaims, which was denied by the court. Akerna intends to vigorously defend against TreCom's claims, and pursue its own claims. With respect to the TreCom matter, we established a loss contingency \$0.2 million in 2021 which remains outstanding as of December 31, 2022.

On January 13, 2023, Courier Plus Inc. d/b/a Dutchie ("Dutchie") filed a complaint in the Court of Common Pleas, Dauphin County, Pennsylvania against Akerna and MJF alleging unfair competition, tortious interference and unjust enrichment with respect to MJF's exclusive contract with the State of Pennsylvania. We filed a preliminary objection alleging serious defects, such as jurisdiction, and we worked with the State of Pennsylvania to ensure compliance with our contract. We intend to defend our position vigorously and, at the is time, do not believe an estimate of potential loss, if any, is appropriate.

In connection with the Sale Transaction and the Merger, we have a commitment to compensate our financial advisor for up to 3 percent of the transaction value in success fees, subject to a minimum of \$1.5 million, should the transactions be completed. In addition, we are party to arrangements with our executive officers and certain other administrative employees pursuant to their employment agreements and transaction success agreements that may result in the receipt by such executive officers of cash severance payments and other transaction success bonuses and benefits with a total value of approximately \$1.4 million (collectively and not individually), but not including the value of any accelerated vesting of our equity awards held by those officers.

Note 13 — Stockholders' Equity (Deficit)

Common and Preferred Stock

We have one single class of Common Stock of which 150,000,000 shares are authorized with a par value of \$0.0001 per share. The holders of Common Stock are entitled to one vote per share on all matters submitted to a vote of stockholders of the Company. Subject to the prior rights of all classes or series of stock at the time outstanding having prior rights as to dividends or other distributions, all stockholders are entitled to share equally in dividends, if any, as may be declared from time to time by the Board of Directors out of funds legally available. Subject to the prior rights of our creditors and the holders of all classes or series of stock at the time outstanding having prior rights as to distributions upon liquidation, dissolution, or winding up of the Corporation, in the event of liquidation, the holders of Common Stock are entitled to share ratably in all assets remaining after payment of all liabilities. The stockholders do not have cumulative, preemptive rights, or subscription rights.

We also have 5,000,000 authorized shares of preferred stock, \$0.0001 par value per share, of which one share of special voting preferred stock (the "Special Voting Preferred Stock") is issued and outstanding (see below).

Convertible Redeemable Preferred Stock

On October 4, 2022, we completed an offering of 400,000 shares of the Company's Series A Convertible Redeemable Preferred Stock, par value \$0.0001 per share (the "Series A Preferred Stock"), and 100,000 shares of the Company's Series B Convertible Redeemable Preferred Stock, par value \$0.0001 per share (the "Series B Preferred Stock," and together with the Series A Preferred Stock, the "Convertible Redeemable Preferred Stock"), at an offering price of \$9.50 per share, representing a 5 percent original issue discount to the stated value of \$10.00 per share, for gross proceeds of approximately \$4.75 million in the aggregate, before the deduction of \$0.4 million for fees and offering expenses of our financial advisor. We also incurred and paid approximately \$0.1 million of other issue costs attributable to third-party professional and legal fees. The aggregate net proceeds (after deducting the fees and expenses of our financial advisor) together with the additional amount to provide for the 105 percent redemption premium, or \$0.5 million, on the Convertible Redeemable Preferred Stock was deposited in an account with an escrow agent. The shares of the Convertible Redeemable Preferred Stock were convertible, at a conversion price of \$0.25 per share (subject in certain circumstances to adjustments), into shares of our Common Stock, at the option of the holders and, in certain circumstances, by the Company.

On November 7, 2022, we held a special meeting of stockholders to consider an amendment (the "Amendment") to our Amended and Restated Certificate of Incorporation (the "Charter"), to effect the Reverse Stock Split as determined by our Board of Directors. The holders of the Convertible Redeemable Preferred Stock agreed to not transfer, offer, sell, contract to sell, hypothecate, pledge or otherwise dispose of the shares of the Convertible Redeemable Preferred Stock until the Reverse Stock Split, voted the shares of the Series A Preferred Stock purchased in the offering in favor of the Amendment and voted the shares of the Series B Preferred Stock purchased in the offering in a manner that "mirrored" the proportions on which the shares of Common Stock (excluding any shares of Common Stock that did not vote), the

Company's Special Voting Preferred Stock (excluding any proportion of the Special Voting Preferred Stock that did not vote) and Series A Preferred Stock voted on the Reverse Stock Split. The Reverse Stock Split required the approval of the majority of the issued and outstanding shares entitled to vote on the matter. Because the Series B Preferred Stock was automatically and without further action of the holder voted in a manner that "mirrored" the proportions on which the shares of Common Stock (excluding any shares of Common Stock that were not voted), the Company's Special Voting Preferred Stock (excluding any proportion of the Special Voting Preferred Stock that was not voted) and Series A Preferred Stock voted on the Reverse Stock Split, abstentions by common stockholders did not have any effect on the votes cast by the holders of the Series B Preferred Stock. The Amendment was approved on November 7, 2022 and the Reverse Stock Split was effectuated at 12:01 a.m. Eastern Standard Time on November 8, 2022.

The holders of all of the Convertible Redeemable Preferred Stock redeemed their shares for cash at 105 percent of the stated value, or \$10.50 per share, of such shares on November 9, 2022. Accordingly, we directed the escrow agent to pay \$5.25 million on November 10, 2022 to the holders from the escrow account established upon the date of the Convertible Redeemable Preferred Stock offering. The amounts paid over the offering price upon redemption are considered "deemed" dividends and reported as a reduction of Additional paid-in capital in the consolidated statement of changes in stockholders' equity (deficit).

Special Voting Preferred Stock and Exchangeable Shares

In connection with a prior transaction in which we acquired Ample in exchange for 3,294,574 million shares of exchangeable shares (the "Exchangeable Shares"), we issued a single share of our Special Voting Preferred Stock for the purpose of ensuring that each Exchangeable Share is substantially the economic and voting equivalent of 1/20 of a share of Akerna Common Stock and that each Exchangeable Share is exchangeable on a 20-for-one basis for a share of Akerna Common Stock, subject to certain limitations and adjustments, including adjustments to reflect the Reverse Stock Split. Each holder of Exchangeable Shares effectively has the ability to cast votes along with holders of Akerna Common Stock. The Exchangeable Shares do not have a par value. The Special Voting Preferred Stock has a par value of \$0.0001 per share and a preference in liquidation of \$1.00. The Special Voting Preferred Stock entitles the holder to an aggregate number of votes equal to 1/20 of the number of the Exchangeable Shares issued and outstanding from time to time and which we do not own. The holder of the Special Voting Preferred Stock and the holders of shares of Akerna Common Stock will both vote together as a single class on all matters submitted to a vote of our stockholders. At such time as the Special Voting Preferred Stock has no votes attached to it, the share shall be automatically cancelled.

During the year ended December 31, 2022, several Ample shareholders exchanged a total of 23,614 Exchangeable Shares with a value of \$180,647 for 1,180 shares of Akerna Common Stock. The exchange was accounted for as an equity transaction and we did not recognize a gain or loss on this transaction. As of December 31, 2022, there were a total of 285,672 exchangeable shares remaining as issued and outstanding which could be exchanged for 14,284 shares of Akerna Common Stock.

ATM Program

In 2021, we entered into an Equity Distribution Agreement with Oppenheimer & Co. Inc. ("Oppenheimer") and A.G.P./Alliance Global Partners ("AGP") pursuant to which we could offer and sell from time to time, up to \$25 million of shares of our Common Stock through an "at the market" equity offering program (the "2021 ATM Program"). From its inception through September 23, 2022, a total of 118,629 shares of Common Stock with an aggregate gross purchase price of \$2.7 million, including 90,808 shares with an aggregate gross purchase price of \$0.8 million sold during 2022, were sold under the 2021 ATM Program. On September 23, 2022, we, Oppenheimer and AGP mutually agreed to terminate the 2021 ATM Program.

On September 28, 2022, we entered into a new agreement with AGP pursuant to which we may offer and sell up to \$20.0 million of shares of our Common Stock (the "2022 ATM Program") from time to time through AGP as the sales agent for which they will receive a commission of 3.0% of the gross proceeds. The 2022 ATM Program is currently limited to \$3.5 million due to certain restrictions imposed by the registration statement underlying the

offering (the “Baby Shelf Limitation”). Under the Baby Shelf Limitation, we may not offer Common Stock under the registration statement with a value of more than one-third of the aggregate market value of our Common Stock held by non-affiliates in any twelve-month period, so long as the aggregate market value of our Common Stock held by non-affiliates is less than \$75.0 million. Net proceeds from the sale of Common Stock under the 2022 ATM Program have been and will continue to be used for general corporate purposes including working capital, marketing, product development and capital expenditures. Through December 31, 2022, we sold a total of 552,148 shares of Common Stock with an aggregate gross purchase price of \$1.1 million under the 2022 ATM Program.

2022 Unit Offering

On July 5, 2022, we completed the 2022 Unit Offering which was comprised of an aggregate of (i) 29,382,861 units consisting of 1,469,143 shares of Common Stock together with Common Stock warrants (the “Common Warrants”) to purchase up to 1,469,143 shares of Common Stock (together, the “Units”) and (ii) 14,095,400 pre-funded units, consisting of 14,095,400 pre-funded warrants (“Pre-funded Warrants”) to purchase 704,770 shares of Common Stock, together with Common Warrants to purchase up to 704,770 shares of Common Stock (together, the “Pre-funded Units”). The Units were sold at a public offering price of \$0.23 per unit and the Pre-funded Units were sold at a public offering price of \$0.2299 per pre-funded unit. The Pre-Funded Warrants were exercised immediately thereafter at their nominal exercise price of \$0.002 per share. The Common Warrants accompanying each of the Units and Pre-funded Units were issued separately and are immediately tradeable separately upon issuance. The Common Warrants have an exercise price of \$4.60 per share subject to certain adjustments, are immediately exercisable and will expire five years from the date of issuance. In connection with the Convertible Redeemable Preferred Stock offering, the exercise price of the Common Warrants was reduced to \$3.518 per share effective October 5, 2022.

We granted the Underwriter a 45-day option from the effective date of the 2022 Unit Offering to purchase from us (i) additional shares of Common Stock and/or (ii) Common Warrants and/or (iii) Pre-Funded Warrants, in any combination thereof solely to cover over-allotments (the “Over-allotment Option”); however, the Over-allotment Option expired unexercised on August 14, 2022. In addition, we issued to the Underwriter warrants to purchase additional shares of Common Stock (the “Underwriter Warrants”). Upon the expiration of the Over-allotment Option, the Underwriter Warrants provided for the purchase of up to 108,696 shares of Common Stock. The Underwriter Warrants are exercisable at any time and from time to time, in whole or in part, commencing from six months after June 29, 2022 (the “Effective Date”) and ending five years from the Effective Date, at a price per share equal to \$4.60, subject to certain adjustments. In connection with the Convertible Redeemable Preferred Stock offering, the exercise price of the Underwriter Warrants was reduced to \$3.518 per share effective October 5, 2022. The Underwriter Warrants may be transferred by the Underwriter without restriction during the same period.

The Unit Offering closed on July 5, 2022 and we received net proceeds of approximately \$9.2 million after deducting underwriting discounts and commissions and related expenses including legal and other professional fees. In connection with the Convertible Notes Amendment, a total of \$7.0 million of the proceeds were deposited into the Restricted Accounts. We used the remaining net proceeds from the 2022 Unit Offering for general corporate purposes, including working capital, marketing, product development and capital expenditures. As of December 31, 2022, a total of 45,652,174 warrants exercisable for 2,282,609 shares of Common Stock remain outstanding from the 2022 Unit Offering including 43,478,261 Common Warrants exercisable for 2,173,913 shares of Common Stock and 2,173,913 Underwriter Warrants exercisable for 108,696 shares of Common Stock. In accordance with our policy, we assessed the warrants issued in connection with the 2022 Unit Offering and determined that there are no instances outside of the Company’s control that could require cash settlement. In addition, we determined that the warrants issued in connection with the 2022 Unit Offering do not meet the definition of a derivative as they are indexed to the Company’s Common Stock and they satisfy all of the additional qualifications to be classified within equity. Accordingly, the net proceeds of \$9.2 million were recorded as: (i) an increase to Common Stock of \$217 representing the issuance of 1,469,143 shares of Common Stock attributable to the Units and the issuance of 704,770 shares of Common Stock from the exercise of the Pre-funded Warrants, both at their par value of \$0.0001 per share and (ii) an increase to Additional Paid-In Capital of \$9.2 million for the amounts received over par value less the underwriting discounts and commissions and related expenses including legal and other professional fees.

2019 Warrants

In connection with MTech’s initial public offering, MTech sold units consisting of one share of MTech’s common stock and one warrant of MTech (“MTech Public Warrant”). Each MTech Public Warrant entitled the holder to purchase one share of MTech’s common stock. Concurrently with MTech’s initial public offering, MTech sold additional units on a private offering basis. Each of these units consisted of one share of MTech’s common stock and one warrant of MTech (“MTech Private Warrant”). Each MTech Private Warrant entitled the holder to purchase one share of MTech’s common stock.

Upon completion of the Mergers between MTech and MJF on June 17, 2019, the MTech Public Warrants and the MTech Private Warrants were converted to the 2019 Public Warrants and the Private Warrants, respectively, at an exchange ratio of one-for-one to a warrant to purchase one share of Akerna’s Common Stock with identical terms and conditions. Concurrent with the Reverse Stock Split, the exchange ratio of the 2019 Public Warrants and the Private Warrants was changed to 20 warrants for one share of Common Stock. The Private Warrants have contingent exercise provisions such that when the Private Warrants are held by someone other than the initial purchasers or their permitted transferees, the Private Warrants will be redeemable by the Company. Accordingly, the requirements for accounting for the Private Warrants as equity are not satisfied and the Private Warrants have been reflected on our consolidated balance sheets as a derivative liability and are not included the summary of outstanding warrants presented below.

The following table summarizes our warrants outstanding as of the dates presented:

- (2) A total of 14,095,400 Pre-funded Warrants were issued and exercised in exchange for 704,770 shares of Common Stock.

Note 14 — Stock-Based Compensation and Other Benefit Plans

On June 17, 2019, our stockholders considered and approved the 2019 Long Term Incentive Plan, or the Equity Incentive Plan, and reserved an initial 1,040,038 shares of Akerna Common Stock for issuance thereunder. In June 2020 and May 2022, our stockholders approved amendments to the Equity Incentive Plan increasing the number of shares authorized for issuance thereunder by 525,000 and 2,934,962, respectively. Subsequent to these amendments, the total number of shares authorized for issuance thereunder was 4,500,000 prior to the Reverse Stock Split. After giving effect to the Reverse Stock Split, the adjusted number of shares authorized for issuance was 225,000. As of December 31, 2022, there were 172,021 authorized shares remaining available for issuance.

The Equity Incentive Plan is administered by the compensation committee of our Board of Directors and provides for the offering of awards to employees, officers, directors and consultants in the form of restricted stock, restricted stock units, or RSUs, options, stock appreciation rights, or SARs, and other stock-based awards. Since the Mergers, we have only granted RSUs that are subject to time-based vesting and require continuous employment, typically over a period of four years from the grant date or the first day of the service period. We have not granted any restricted stock, options, SARs or other stock-based awards since the Mergers. Certain awards granted by MJF prior to the Mergers were exchanged for and became subject to restricted stock agreements, or Restricted Shares, with varying vesting terms that reflect the vesting conditions applicable to the predecessor awards at the time of the Mergers.

For the years ended December 31, 2022 and 2021, we recognized stock-based compensation expense related to the ratable amortization of the unvested Restricted Shares and RSUs of \$0.9 million, and \$2.0 million, respectively. During each of the same periods, we capitalized less than \$0.1 million in stock-based compensation costs as software development cost. A total of \$0.8 million of unrecognized costs as of December 31, 2022 related to Restricted Shares and RSUs will be ratably recognized over an estimated weighted average remaining vesting period of 1.40 years.

Employee Benefit Plan

We have a 401(k) Plan (the “401(k) Plan”) to provide retirement benefits for our employees. Employees may contribute up to a portion of their annual compensation to the 401(k) Plan, limited to a maximum annual amount as updated annually by the Internal Revenue Service. We do not offer a match of employee contributions nor any discretionary contributions.

Note 15 — Fair Value**Fair Value Measurement — Contingent Consideration**

In connection with our acquisition of 365 Cannabis in October 2021, the 365 Cannabis selling shareholders had the potential to earn contingent consideration payable in Common Stock or cash if certain revenue criteria were met. The fair value of the contingent consideration, or Earn-out Obligation, on the date of acquisition of 365 Cannabis was \$6.3 million. The Earn-out Obligation was reduced by \$3.0 million in September 2022 in connection with the finalization of the purchase accounting associated with the acquisition of 365 Cannabis. The carrying amount of the Earn-out Obligation was further reduced to its fair value of \$2.3 million on December 31, 2022 in connection with the sale of 365 Cannabis that was completed in January 2023. The corresponding adjustments have been reflected in the loss from discontinued operations for the year ended December 31, 2022.

We value contingent consideration using a probability-weighted discounted cash flow model, which incorporates inputs that are not observable in the market and thus represents a Level 3 measurement as defined in GAAP. The unobservable inputs utilized for measuring the fair value of the contingent consideration reflect management’s own assumptions about the assumptions that market participants would use in valuing the contingent consideration as of the valuation date, as well as our knowledge of specific transactions that effect the calculation.

Fair Value Option Election — Convertible Notes

We elected to account for both the Senior Convertible Notes and the 2020 Notes by applying the fair value option. Under the fair value option, the financial liability is initially measured at its issue-date estimated fair value and subsequently remeasured at its estimated fair value on a recurring basis at each reporting period date. The change in estimated fair value resulting from changes in instrument-specific credit risk is recorded in Other comprehensive

income as a component of stockholders' equity (deficit). The remaining estimated fair value adjustment is presented as a single line item within Other income (expense) in our consolidated statement of operations under the caption, Change in fair value of convertible notes.

For the 2020 Notes and Senior Convertible Notes, which are measured at fair value categorized within Level 3 of the fair value hierarchy, the following is a reconciliation of the fair values for the periods presented:

2020 Notes	
Ending fair value balance – December 31, 2020	\$ 13,398,000
Principal payments in cash and Common Stock	(15,172,727)
Change in fair value reported in the statements of operations	2,030,904
Change in fair value reported in other comprehensive income	(70,000)
Gain on extinguishment of debt reported in the statement of operations	(186,177)
Ending fair value balance – October 5, 2021	<u>\$ —</u>

For the Senior Secured Notes, which are measured at fair value categorized within Level 3 of the fair value hierarchy, the following is a reconciliation of the fair values from October 5, 2021 to December 31, 2022:

Senior Convertible Notes	
Beginning fair value balance on October 5, 2021	\$ 18,000,000
Principal payments in cash and Common Stock	—
Change in fair value reported in the statements of operations	(665,000)
Change in fair value reported in other comprehensive income	(30,000)
Ending fair value balance – December 31, 2021	<u>\$ 17,305,000</u>
Principal payments in cash and Common Stock	(5,337,273)
Change in fair value reported in the statements of operations	2,884,273
Change in fair value reported in other comprehensive income	(245,000)
Ending fair value balance – December 31, 2022	<u>\$ 14,607,000</u>

The estimated fair value of the Senior Convertible Notes and the 2020 Notes were computed using Monte Carlo simulations, which incorporates significant inputs that are not observable in the market, and thus represents a Level 3 measurement as defined by GAAP. The unobservable inputs utilized for measuring the fair value of the Senior Convertible Notes and the 2020 Notes reflect our assumptions about the assumptions that market participants would use in valuing the Senior Convertible Notes and 2020 Notes as of the issuance date and subsequent reporting periods.

We determined the fair value of the Senior Convertible Notes by using the following key inputs to the Monte Carlo Simulation Model:

Fair Value Assumptions – Senior Convertible Notes	As of December 31,	
	2022	2021
Face value principal payable	\$ 14,662,727	\$ 20,000,000
Conversion prices, as adjusted for the Reverse Stock Split and certain securities offerings	\$ 4.75	\$ 4.05
Value of Common Stock on measurement date	\$ 0.69	\$ 1.75

Fair Value Measurement — Private Warrants

For the Private Warrants, which are classified as derivative liabilities on our consolidated balance sheets and measured at fair value categorized within Level 3 of the fair value hierarchy, the following is a reconciliation of the fair values for the years ended December 31, 2022 and December 31, 2021:

	Year Ended December 31,	
	2022	2021
Fair value balance at beginning of period	\$ 63,178	\$ 311,376
Change in fair value reported in the statements of operations	(63,178)	(248,198)
Fair value balance at end of period	<u>\$ —</u>	<u>\$ 63,178</u>

We utilized a binomial lattice model, which incorporates significant inputs, specifically the expected volatility, that are not observable in the market, and thus represents a Level 3 measurement as defined in GAAP. The unobservable inputs utilized for measuring the fair value of the Private Warrants reflect our estimates regarding the assumptions that market participants would use in valuing the 2019 Public Warrants as of the end of the reporting periods.

We recognize changes to the derivative liability against earnings or loss each reporting period. Upon exercise of the Private Warrants, holders will receive a delivery of Akerna shares on a net or gross share basis per the terms of the Private Warrants and any exercise will reclassify the Private Warrants, at the time of exercise, to stockholders' equity to reflect the equity transaction. There are no periodic settlements prior to the holder exercising the Private Warrants. There were no transfers in or out of Level 3 from other levels for the fair value hierarchy.

We estimated the fair value by using the following key inputs:

Fair Value Assumptions – Private Warrants	As of December 31,	
	2022	2021
Number of Private Warrants	225,635	225,635
Exercise price, as adjusted for the Reverse Stock Split	\$ 230.00	\$ 230.00
Value of Common Stock on measurement date	\$ 0.69	\$ 1.75
Expected term (years)	1.46	2.46
Volatility	NM	85.8%
Risk free rate	NM	0.8%

Fair Value Measurement — 2022 Unit Offering Common and Underwriter Warrants

The fair value of the Common Warrants and Underwriter Warrants issued in connection with the 2022 Unit Offering represent a measurement within Level 3 of the fair value hierarchy and were estimated based on the following key inputs as of the date of the 2022 Unit Offering:

Fair Value Assumptions – 2022 Common and Underwriter Warrants	July 5, 2022
Exercise price as adjusted for the Reverse Stock Split	\$ 4.60
Expected term (years)	5.0
Volatility	136.9%

We utilized a Black-Scholes-Merton option pricing model, which incorporates significant inputs, specifically the expected volatility, that are not observable in the market, and thus represents a Level 3 measurement as defined in GAAP. The unobservable inputs utilized for measuring the fair value of the Common and Underwriter Warrants reflect our estimates regarding the assumptions that market participants would have used in valuing the Warrants as of the date of the 2022 Unit Offering or July 5, 2022. The fair value of the Common Warrants and Underwriter Warrants was recorded in equity as a component of the net proceeds received from the 2022 Unit Offering (see Note 13).

Notes to Consolidated Financial Statements

Note 16 — Loss Per Share

During the year ended December 31, 2022, we used the “two-class” method to compute net loss per share because we issued securities other than common shares that are economically equivalent to a common share in that the class of stock has the right to participate in dividends should a dividend be declared payable to holders of Akerna Common Stock. These participating securities were the Exchangeable Shares issued by our wholly owned subsidiary in exchange for interests in Ample. The two-class method requires earnings for the period to be allocated between common shares and participating securities based on their respective rights to receive distributed and undistributed earnings. Under the two-class method, for periods with net income, basic net income per common share is computed by dividing the net income attributable to common stockholders by the weighted average number of shares of common stock outstanding during the period. Net income attributable to common stockholders is computed by subtracting from net income the portion of current period earnings that the participating securities would have been entitled to receive pursuant to their dividend rights had all of the period’s earnings been distributed. No such adjustment to earnings is made during periods with a net loss, as the holders of the Exchangeable Shares have no obligation to fund losses.

Diluted net loss per common share is calculated under the two-class method by giving effect to all potentially dilutive common shares, including warrants, restricted stock, RSUs and shares of common stock issuable upon conversion of our Senior Convertible Notes. We analyzed the potential dilutive effect of any outstanding convertible securities under the “if-converted” method, in which it is assumed that the outstanding Exchangeable Shares and Senior Convertible Notes are converted to shares of Akerna Common Stock at the beginning of the period or date of issuance, if later. We report the more dilutive of the approaches (two-class or if-converted) as the diluted net loss per share during the period. The dilutive effect of unvested restricted stock and RSUs is reflected in diluted loss per share by application of the treasury stock method and is excluded when the effect would be anti-dilutive.

The weighted-average number of shares outstanding used in the computation of diluted earnings per share does not include the effect of potential outstanding common shares that would have been anti-dilutive for the period. The table below details potentially outstanding shares on a fully diluted basis that were not included in the calculation of diluted earnings per share:

Note 17 — Discontinued Operations

During the quarter ended December 31, 2022, we committed to a strategic shift in our business strategy for 2023 and beyond including the sale of 365 Cannabis and LCA, or the Discontinued Group. Subsequent to the sales of 365 Cannabis and LCA that were completed in January 2023, we will have no future involvement or relationships with these businesses. As a result of these actions, the assets and liabilities and results of operations of the Discontinued Group have been classified as held for sale and discontinued operations, respectively, for all periods presented.

Note 17 — Discontinued Operations (cont.)

The \$22.8 million impairments of long-lived assets for the year ended December 31, 2022 are attributable to goodwill (\$12.5 million), intangible assets (\$10.0 million) and capitalized software (\$0.3 million). Of this total, \$22.2 million was attributable to 365 Cannabis and \$0.6 million to LCA. The impairments of long-lived assets for the year ended December 31, 2021 are fully attributable to goodwill of LCA. The Discontinued Group incurred capital expenditures for capitalized software assets of \$1.1 million and \$0.4 million for the years ended December 31, 2022 and 2021, respectively. Other than those attributable to the acquisition of 365 Cannabis in 2021 which are disclosed in Note 4, there were no material non-cash investing and financing activities attributable to the Discontinued Group for the years ended December 31, 2022 and 2021, respectively.

Note 1 — Description of Business

Akerna Corp., herein referred to as we, us, our, the Company or Akerna was formed upon completion of the mergers between MTech Acquisition Corp. (“MTech”) and MJ Freeway, LLC (“MJF”) on June 17, 2019 as contemplated by the Merger Agreement dated October 10, 2018, as amended (the “Mergers”). Akerna provides software as a service (“SaaS”) solutions within the cannabis industry that enable regulatory compliance and inventory management through our wholly-owned subsidiaries MJF, Ample Organics, Inc., or Ample, Trellis Solutions, Inc., or Trellis, solo sciences, inc., or Solo and Viridian Sciences, Inc., or Viridian. Our proprietary suite of solutions are adaptable for industries in which interfacing with government regulatory agencies for compliance purposes is required, or where the tracking of organic materials from seed or plant to end products is desired. We also develop products intended to assist states in monitoring licensed businesses’ compliance with state regulations and to help state-licensed businesses operate in compliance with such law. We provide our commercial software platforms, MJ Platform®, Trellis®, Ample and Viridian to state-licensed businesses, and our regulatory software platform, Leaf Data Systems®, to state government regulatory agencies. Our solutions are considered non-enterprise offerings (“Non-Enterprise”) that meet the needs of our small and medium business (“SMB”) and government regulatory agency customers and our Viridian solutions are considered enterprise offerings (“Enterprise”).

We consult with clients on a wide range of areas to help them successfully maintain compliance with state laws and regulations. We provide project-focused consulting services to clients who are initiating or expanding their cannabis business operations or are interested in data consulting engagements with respect to the legal cannabis industry. Our advisory engagements include service offerings focused on compliance requirement assessments, readiness and best practices, compliance monitoring systems, application processes, inspection readiness, and business plan and compliance reviews. We typically provide our consulting services to clients in emerging markets that are seeking consultation on newly introduced licensing regimes and assistance with the regulatory compliant build-out of operations.

Strategic Shift in Business Strategy

During the fourth quarter of 2022, we committed to a number of significant actions described below that collectively represent a strategic shift in our business strategy for 2023 and beyond.

Exiting the Enterprise Software Business

The development of our Enterprise software business, which began with the acquisitions of Viridian and The NAV People Inc. d.b.a. 365 Cannabis (“365 Cannabis”) in 2021, did not achieve a sustainable scale in a timely manner consistent with our original plans. Accordingly, we committed to an effort to market this business unit and on January 11, 2023, we completed the sale of 365 Cannabis to 365 Holdco — LLC (the “Buyers”) pursuant to a stock purchase agreement (the “365 SPA”) for (i) cash in the amount of \$0.5 million and the (ii) the termination and release of our obligation to the Buyers for contingent consideration in connection with our original acquisition of 365 Cannabis from the Buyers in 2021 (the “Earn-out Obligation”). In accordance with the 365 SPA, we and the Buyers agreed that the value of the Earn-out Obligation was \$2.3 million for purposes of the sale of 365 Cannabis and was reflected as Contingent consideration payable on our condensed consolidated balance sheets as of December 31, 2022. In connection with the sale of 365 Cannabis, we terminated certain employees that were not requested to transfer with the business by the Buyers or whose positions were no longer necessary to support our reduced level of operations. We incurred and paid restructuring charges associated with this action for less than \$0.1 million, primarily in the form of severance and related employee benefits, during the first quarter of 2023. The charges were included as a component of Cost of revenues in our condensed consolidated statements of operations.

While we explored similar sale options for Viridian, we were unable to commit to any definitive transaction. Accordingly, we informed Viridian’s customers that we do not plan to continue software and support services beyond the date of existing contracts, most of which expired during the first half of 2023. With the sale of 365 Cannabis and our commitment to wind down the operations of Viridian, we have effectively exited the Enterprise software business.

AKERNA CORP.
Notes to Condensed Consolidated Financial Statements
(Unaudited)

Note 1 — Description of Business (cont.)

Accordingly, we have suspended efforts to seek any new revenue generating opportunities and will only service the existing customers of Viridian in connection with our contractual commitments. We have committed to winding down and terminating this business in advance of certain transactions in connection with our exit strategy (see below).

Disposal of Non-Core SMB Software Products and Brands

In addition to the our exit from the Enterprise software business, we initiated efforts to explore a sales process for the non-core components and brands of our SMB/Non-Enterprise business unit, including Trellis, a cultivation and compliance software platform, Solo, a seed-to-sale tagging and tracking software platform and Last Call Analytics (“LCA”), a retail analytics platform. On January 31, 2023, we completed the sale of LCA for cash in the amount of \$0.1 million. While we pursued sale opportunities for Trellis and Solo, we were ultimately unable to commit to any definitive transactions. Accordingly, we have communicated with the remaining customers of those businesses that we will discontinue software service and support upon the expiration of existing contracts, most of which occurred during the first half of 2023. Similar to Viridian, as discussed above, we have suspended efforts to seek any new revenue generating opportunities and will only service the existing customers of Solo and Trellis in connection with our contractual commitments. We have committed to winding down and terminating these businesses in advance of certain transactions in connection with our exit strategy (see below).

Exit Strategy

With the completion of the sales of 365 Cannabis and LCA and the commitment to effectively discontinue and wind down the operations and service associated with Viridian, Solo and Trellis, our remaining core SMB and governmental business unit is comprised of MJF and Ample. Concurrent with the actions described above, we entered into letters of intent with two unrelated parties in the fourth quarter of 2022 to (i) explore the sale of our remaining core SMB and governmental business unit and (ii) realize the potential value of our publicly-held holding company through a merger or similar transaction. Collectively, pursuit of these transactions reflects our intention to fully exit the SaaS industry.

On January 27, 2023, we entered into a securities purchase agreement (“MJF-Ample SPA”) with POSaBIT Systems Corp (“POSaBIT”) to sell MJF and Ample for \$4.0 million in cash. Subsequently, we received a superior offer from Alleaves Inc. (“Alleaves”), as described below, which was presented to POSaBIT for an opportunity to match or exceed Alleaves’ offer in accordance with the MJF-Ample SPA. POSaBIT ultimately declined to present a counter-offer and on April 5, 2023, we terminated the MJF-Ample SPA. As a result of the termination, Akerna paid POSaBIT a termination fee and reimbursement for expenses of \$0.2 million in June 2023. These costs were included as Other expense, net in our condensed consolidated statements of operations.

On January 27, 2023, we entered into an agreement and plan of merger (the “Merger Agreement”) with Gryphon Digital Mining, Inc. (“Gryphon”) and Akerna Merger Co. (“Akerna Merger”). Upon the terms and subject to the satisfaction of the conditions provided in the Merger Agreement, including the approval of the transaction by Akerna’s and Gryphon’s stockholders, Akerna Merger will be merged with and into Gryphon (the “Merger”), with Gryphon surviving the Merger as a wholly-owned subsidiary of Akerna. Following the closing of the Merger, the former Gryphon and Akerna stockholders immediately before the Merger are expected to own approximately 92.5 percent and 7.5 percent, respectively, of the outstanding capital stock on a fully diluted basis. Upon completion of the Merger, Akerna will change its name to Gryphon Digital Mining, Inc. The closing of the Merger is subject to customary closing conditions including the required approval of the stockholders of Akerna and Gryphon, the approval of the Nasdaq Capital Market (the “Nasdaq Market”) of the continued listing of Gryphon after the closing of the Merger and the simultaneous closing of the sale of MJF and Ample (see below, the “Sale Transaction”), among others. We and Gryphon may terminate the Merger upon mutual consent and either party may terminate the Merger unilaterally under certain conditions. In the event either party terminates the Merger pursuant to certain conditions, we will be required to pay Gryphon a termination fee of \$275,000 less any reimbursed expenses. The Merger is expected to be treated by Akerna as a reverse merger, or a change of control, whereby the stockholders of Gryphon will have majority ownership and control of Akerna after the transaction is complete.

Note 1 — Description of Business (cont.)

On April 28, 2023, we entered into a securities purchase agreement (the “SPA”) with MJ Freeway Acquisition Co (“MJ Acquisition”), an affiliate of Alleaves. Upon the terms and subject to the satisfaction of the conditions described in the SPA, including approval of the transaction by Akerna’s stockholders, Akerna will sell MJF and Ample to MJ Acquisition for a purchase price of \$5.0 million, consisting of \$4.0 million in cash at closing and a loan by MJ Acquisition to Akerna in the principal amount of \$1.0 million evidenced by a note and security documents (as described in detail below) with such note to be deemed paid in full upon closing. The purchase price is subject to adjustment at closing of the Sale Transaction attributable to variances from target working capital (as set forth in the SPA) and further adjustment post-closing upon delivery of a post-closing statement by MJ Acquisition within 75 days after the closing subject to a \$0.5 million cap on any post-closing working capital adjustments. The closing of the Sale Transaction is subject to customary closing conditions as well as the required approval of the stockholders of Akerna and the closing of the Merger. The obligation of MJ Acquisition to close on the Sale Transaction is also subject to satisfaction of certain additional conditions regarding employee retention and contractual matters associated with MJF’s and Ample’s customers, among others. Under the SPA, Akerna and MJ Acquisition have agreed to provide limited indemnification to each other with respect to certain tax matters, in each case capped at a maximum amount of \$0.5 million. We or MJ Acquisition may terminate the SPA upon mutual consent and either party may terminate the SPA unilaterally under certain conditions as described in the SPA. In the event that MJ Acquisition or Akerna terminates the SPA pursuant to certain of the sections set forth above, Akerna will be required to pay MJ Acquisition a termination fee of \$290,000 and reimburse MJ Acquisition for its reasonable fees and expenses up to \$60,000.

On June 14, 2023, the Merger Agreement was amended to add the defined term “Closing Acquiror Share Price” and amend and restate the definition of “Merger Consideration.” The term “Closing Acquiror Share Price” means the last reported sale price per share of Akerna Common Stock on Nasdaq on the second business day prior to the closing date of the Merger and the term “Merger Consideration” means the greater of (a) a number of shares of Akerna Common Stock equal to (i) the quotient obtained by dividing (A) Akerna’s fully diluted share number, as defined in the Merger Agreement, by (B) 0.075, minus (ii) the Akerna’s fully diluted share number minus (iii) the adjusted warrant share reserve number, as defined in the Merger Agreement, and (b) a number of shares of Akerna’s Common Stock equal to the quotient obtained by dividing (i) \$115,625,000 by (ii) the Closing Acquiror Share Price. The amendment effectively sets a floor of \$115.6 million for the value attributable to Gryphon in the determination of post-Merger ownership.

Concurrent with the signing and in support of the Sale Transaction and the Merger, we and each of the holders of the 2021 Senior Secured Convertible Notes (the “Senior Convertible Notes”) entered into exchange agreements (the “Exchange Agreements”) whereby the holders would ultimately convert the principal amounts of each of their note holdings to a level that would represent 19.9 percent of the outstanding shares of our common stock, \$0.0001 par value (“Common Stock”) prior to the closing of the Sale Transaction and the Merger. Immediately prior to the stockholder vote required for the closing of those transaction, the remaining Senior Convertible Notes outstanding would be converted into a special class of exchangeable preferred stock to facilitate the required stockholder vote and then be converted into shares of our Common Stock subject to the Merger. For a limited period, the conversion price of the Senior Convertible Notes was lowered to \$1.20 per share from \$4.75 per share. In accordance with the Exchange Agreements and upon the occurrence of an any additional capital raising transaction, the conversion price would be adjusted accordingly. In connection with an equity offering in June 2023 (see Note 9), the conversion price was further reduced to \$0.50 per share. We anticipate scheduling a meeting of stockholders during the third quarter of 2023 to approve the Merger and the Sale Transaction and we expect these transactions to close shortly thereafter.

Restructuring

In May 2022, we implemented a corporate restructuring initiative (the “Restructuring”) that resulted in a charge of \$0.5 million associated with a reduction of our workforce by 59 employees, or approximately 33 percent of our headcount at that time. The charge associated with the Restructuring, all of which was settled in cash during the second quarter of 2022, was comprised primarily of severance benefits and related costs and was fully attributable to our continuing operations. Of the total amount incurred, \$0.3 million was included in Sales and marketing costs,

approximately \$0.2 million was included in Product development costs and less than \$0.1 million was included in each of Cost of revenue and General and administrative expenses in our condensed consolidated statements of operations, respectively.

Financial Reporting and Classification

As a result of the corporate actions described above, 365 Cannabis and LCA (together, the “Discontinued Group”) met the criteria to be considered “held for sale” as that term is defined in accounting principles generally accepted in the United States (“GAAP”). Accordingly, the assets and liabilities of these entities are classified and reflected on our condensed consolidated balance sheets as “held for sale” as of December 31, 2022 and their results of operations and the effect of their sales have been classified as “discontinued operations” in the condensed consolidated statements of operations for the three and six months ended June 30, 2023 and 2022, respectively. Certain financial disclosures including major components of the assets and liabilities and results of operations of the Discontinued Group are provided in Note 12. Our core SMB and governmental business unit (MJF and Ample), the businesses for which we have committed to terminate operations (Viridian, Solo and Trellis) and our publicly-held parent holding company (Akerna Corp.) comprise our continuing operations. Collectively, these entities are presented as continuing operations for all periods presented herein and until such time that stockholder approval is received for the Sale Transaction and the Merger.

Note 2 — Basis of Presentation and Summary of Significant Accounting Policies

Going Concern and Management’s Liquidity Plans

In accordance with the Financial Accounting Standards Board’s (“FASB”) standard on going concern, Accounting Standard Update (“ASU”) No. 2014-15, *Disclosure of Uncertainties about an Entity’s Ability to Continue as Going Concern* (“ASU 2014-15”), we assess going concern uncertainty in our condensed consolidated financial statements to determine if we have sufficient cash, cash equivalents and working capital on hand and any available borrowings on loans, to operate for a period of at least one year from the date the condensed consolidated financial statements are issued. As part of this assessment, based on conditions that are known and reasonably knowable to us, we will consider various scenarios, forecasts, projections, estimates and will make certain key assumptions, including the timing and nature of projected cash expenditures or programs, and our ability to delay or curtail expenditures or programs, if necessary, among other factors. Based on this assessment, as necessary or applicable, we make certain assumptions regarding implementing curtailments or delays in the nature and timing of programs and expenditures to the extent we deem probable that such implementations can be achieved and we have the proper authority to execute them within one year from the date the condensed consolidated financial statements are issued.

The accompanying consolidated financial statements have been prepared on the basis that we will continue as a going concern, which contemplates realization of assets and the satisfaction of liabilities in the normal course of business. However, since our inception in 2019 we have incurred recurring losses from operations, used cash from operating activities, and relied on capital raising transactions to continue ongoing operations. As of June 30, 2023, we had a working capital deficit of \$9.7 million with \$1.3 million in cash available to fund future operations including \$0.5 million in cash that was classified as “restricted” as of June 30, 2023. The restrictions on those accounts were eliminated in July 2023 and the amounts became fully available for our use as working capital. We anticipate continuing to generate losses from operations and using cash from operating activities for the foreseeable future, although at lower than historical levels as a result of Restructuring during the second quarter of 2022 and the curtailment of activities associated with our discontinued operations as well as those business that we plan to terminate. Furthermore, on March 22 and March 23, 2023, respectively, we received notices (the “Notices”) from The Nasdaq Stock Market LLC (the “Nasdaq”) indicating that (i) the bid price of the Company’s Common Stock is not currently in compliance with the requirement to maintain a minimum bid price of \$1.00 per share (the “Bid Price Notice”) and (ii) the Company’s stockholders’ equity is below the minimum listing standard requirement of \$2.5 million for continued listing on the Nasdaq (the “Stockholders Equity Notice”). The Notices have no immediate effect on the continued listing status of our

AKERNA CORP.

Common Stock on the Nasdaq, and, therefore, our listing remains fully effective. We are provided a compliance period of 180 calendar days from the date of the Bid Price Notice, or until September 18, 2023, to regain compliance with the minimum closing bid requirement. Regarding the Stockholders Equity Notice, we submitted the required compliance plan to the listings staff of the Nasdaq on May 8, 2023 which was conditioned upon the successful completion of the Merger. On June 15, 2023, we received a letter from Nasdaq granting an extension through September 19, 2023 to complete the Merger. The terms of the extension include: (i) receiving approval from Nasdaq to list the post-Merger entity, (ii) completion of the Merger transaction and (iii) meeting all of the initial and continued listing requirements for the Nasdaq Capital Market. Collectively, these factors raise substantial doubt regarding our ability to continue as a going concern for the twelve months from the date our condensed consolidated financial statements have been issued.

As described in Note 1, we have committed to the Sale Transaction to complete our intended exit from the SaaS industry and to the Merger as the most favorable strategic alternative for our stockholders. There can be no assurance that we will be successful in executing and completing the Sale Transaction and the Merger and obtaining sufficient funding, if necessary, on terms acceptable to us to fund continuing operations through the anticipated closing of the aforementioned transactions, if at all. Our ability to continue as a going concern is dependent upon our ability to successfully execute the aforementioned transactions. Despite the comprehensive scope of our collective plans, the inherent risks associated with their successful execution are not sufficient to overcome substantial doubt about our ability to continue as a going concern for one year from the date of issuance of our consolidated financial statements. Accordingly, if we are unable to execute our plans within the timeframe described above, we may have to reduce or otherwise curtail our continuing operations which could significantly and adversely affect our results of operations or we may determine to dissolve and liquidate our assets. If we fail to meet the financial covenants of the Senior Convertible Notes and cannot obtain a waiver from such provisions or otherwise come to an agreement with the Holders of the Senior Convertible Notes, such Holders may declare a default on the debt which could subject our assets to seizure and sale, negatively impacting our business.

The accompanying condensed consolidated financial statements do not include any adjustments related to the recoverability and classification of assets or the amounts and classification of liabilities that might be necessary should we be unable to continue as a going concern.

Basis of Presentation

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with GAAP and with the instructions to the Quarterly Report on Form 10-Q and Article 8 of Regulation S-X for interim financial information. Accordingly, these financial statements do not include all of the information normally required by GAAP or Securities and Exchange Commission rules and regulations for complete financial statements. In management's opinion, these condensed consolidated financial statements include all adjustments, consisting of normal recurring items, considered necessary for the fair presentation of the results of operations for the interim periods presented. The operating results for the three and six months ended June 30, 2023 are not necessarily indicative of the results that may be expected for the fiscal year ending December 31, 2023.

The condensed consolidated balance sheet as of December 31, 2022, has been derived from our audited financial statements at that date but does not include all disclosures and financial information required by GAAP for complete financial statements. The information included in this quarterly report on Form 10-Q should be read in conjunction with our consolidated financial statements and notes thereto for the period ended December 31, 2022, which were included in our report on Form 10-K filed on March 20, 2023.

Principles of Consolidation

Our accompanying condensed consolidated financial statements include the accounts of Akerna and our wholly-owned subsidiaries. All significant intercompany balances and transactions have been eliminated in consolidation.

Note 2 — Basis of Presentation and Summary of Significant Accounting Policies (cont.)

Use of Estimates

The preparation of our condensed consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts included in the condensed consolidated financial statements and accompanying notes thereto. Our most significant estimates and assumptions are related to the valuation of acquisition-related assets and liabilities, capitalization of internal costs associated with software development, fair value measurements, credit loss reserves, impairment assessments, loss contingencies, valuation allowance associated with deferred tax assets, stock based compensation expense, and useful lives of long-lived intangible assets. We base our estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances. Accordingly, actual results could differ from those estimates.

Accounts Receivable, Net

We maintain an allowance for credit losses equal to the estimated uncollectible amounts based on historical information, current conditions, and reasonable and supportable forecasts. Receivables are written-off and charged against the recorded allowance when we have exhausted collection efforts without success. The allowance for credit losses was less than \$0.1 million and \$0.4 million as of June 30, 2023 and December 31, 2022, respectively.

Concentrations of Credit Risk

We grant credit in the normal course of business to customers in the United States and Canada. We periodically perform credit analysis and monitor the financial condition of our customers to reduce credit risk.

During the six months ended June 30, 2023 and 2022, two government clients accounted for 27 percent and 26 percent of total revenues, respectively. As of June 30, 2023, and December 31, 2022 two government clients accounted for 10 percent and 33 percent, respectively of net accounts receivable.

Warrants

We evaluate warrants that we may issue from time to time under a two-step process provided in GAAP. The first step is intended to distinguish liabilities from equity. Warrants that could require cash settlement are generally classified as liabilities. For warrants that are considered outside of the scope of liability classification, a second step evaluates warrants as either a derivative subject to derivative accounting and disclosures or as equity instruments based upon the specific terms of the underlying warrant agreement and certain other factors associated with the our capital structure. Warrants that are indexed to the Company's Common Stock while we meet certain other conditions with respect to our capital structure, including the ability to satisfy the warrant settlement obligations with a sufficient number of registered shares, do not qualify as derivatives and are classified as components of equity. Certain of the warrants sold by MTech in its initial public offering that were converted to Akerna warrants in connection with the Mergers (the "Private Warrants") are not indexed to our common stock in the manner contemplated as described herein. As a result, the Private Warrants are precluded from equity classification and are recorded as derivative liabilities. At the end of each reporting period, changes in fair value during the period are recognized within the condensed consolidated statements of operations. We will continue to adjust this derivative liability for changes in the fair value until the earlier of (a) the exercise or expiration of the Private Warrants or (b) the redemption of the Private Warrants, at which time they will be reclassified to Additional paid-in capital. As of June 30, 2023, all of our other outstanding warrants, including certain other MTech warrants that were converted to Akerna warrants upon our formation (the "2019 Public Warrants"), are classified within stockholders' equity.

Segment Reporting

We operate our business as one operating segment. Operating segments are defined as components of an enterprise about which separate financial information is evaluated regularly by the chief operating decision maker ("CODM"), our Chief Executive Officer, in deciding how to allocate resources and assess performance. Our CODM allocates resources and assesses performance based upon discrete financial information at the consolidated level.

In the following table, we disclose the combined gross balance of our fixed assets, capitalized software, and intangible assets by geographical location:

Adoption of Recent Accounting Pronouncements

The FASB issued ASU No. 2016-13, *Measurement of Credit Losses on Financial Instruments* (“ASU 2016-13”) which introduced a new model for recognizing credit losses on financial instruments based on estimated current expected credit losses, or CECL. ASU 2016-13 requires an entity to estimate CECL on trade receivables at inception, based on historical information, current conditions, and reasonable and supportable forecasts. We adopted ASU 2016-13, and subsequent amendments on January 1, 2023. The impact of the adoption of ASU 2016-13 on our condensed consolidated financial statements was not material.

Subsequent Events

Management has evaluated all of our activities through the issuance date of our condensed consolidated financial statements and has concluded that, with the exception of incremental issuances of Common Stock as described below, no other subsequent events have occurred that would require recognition in our condensed consolidated financial statements or disclosure in the notes thereto. From July 1, 2023 through August 11, 2023, a total of \$0.4 million of principal under the Senior Convertible Notes was converted into 800,000 shares of our Common Stock at a conversion price of \$0.50 per share. In addition, a total of 2,587 shares of Common Stock were issued to employees in connection with the vesting of certain restricted stock units and 141 shares of Common Stock were issued in connection with the conversion of [2,820] exchangeable shares.

Note 3 — Revenue and Contracts with Customers

Disaggregation of Revenue

We derive the majority of our revenue from subscription fees paid for access to and usage of our SaaS solutions for a specified period of time, typically one to three years. In addition to subscription fees, contracts with customers may include implementation fees for launch assistance and training. Fixed subscription and implementation fees are billed in advance of the subscription term and are due in accordance with contract terms, which generally provide for payment within 30 days. Our contractual arrangements include performance, termination and cancellation provisions, but do not provide for refunds. Customers do not have the contractual right to take possession of our software at any time. The following tables summarize our revenue disaggregation by customer type and geographic region for the following periods:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2023	2022	2023	2022
Government	\$ 635,822	\$ 829,292	\$ 1,315,391	\$ 1,997,622

Contracts with Multiple Performance Obligations

Customers may elect to purchase a subscription to multiple modules, multiple modules with multiple service levels, or, for certain of the Company’s solutions. We evaluate such contracts to determine whether the services to be provided are distinct and accordingly should be accounted for as separate performance obligations. If we determine that a contract has multiple performance obligations, the transaction price, which is the total price of the contract, is allocated to each performance obligation based on a relative standalone selling price method. We estimate standalone selling price based on observable prices in past transactions for which the product offering subject to the performance obligation has been sold separately. As the performance obligations are satisfied, revenue is recognized as discussed above in the product descriptions.

Transaction Price Allocated to Future Performance Obligation

GAAP provides certain practical expedients that limit the required disclosure of the aggregate amount of transaction price that is allocated to performance obligations that have not yet been satisfied. As many of the contracts the Company has entered into with customers are for a twelve-month subscription term, a significant portion of performance obligations that have not yet been satisfied as of June 30, 2023 are part of a contract that has an original expected duration of one year or less. For contracts with an original expected duration of greater than one year, for which the practical expedient does not apply, the aggregate transaction price allocated to the unsatisfied performance obligations was \$2.8 million as of June 30, 2023, of which \$2.7 million is expected to be recognized as revenue over the next twelve months.

Deferred Revenue

Deferred revenue represents the unearned portion of subscription and implementation fees. Deferred revenue is recorded when cash payments are received in advance of performance. Deferred amounts are generally recognized within one to three years. Deferred revenue is included in the accompanying consolidated balance sheets under current liabilities, net of any long-term portion that is included in noncurrent liabilities. The following table summarizes deferred revenue activity for the six months ended June 30, 2023:

	As of December 31, 2022	Net additions	Revenue recognized	As of June 30, 2023
Deferred revenue	\$ 730,573	4,422,081	(4,839,554)	\$ 313,100

Of the \$4.8 million of revenue recognized in the six months ended June 30, 2023, \$0.5 million was included in deferred revenue at December 31, 2022.

Costs to Obtain Contracts

We capitalize sales commissions that are directly related to obtaining customer contracts and that would not have been incurred if the contract had not been obtained. These costs are included in the accompanying consolidated balance sheets and are classified as a component of Prepaid expenses and other current assets. Deferred contract

costs are amortized to sales and marketing expense over the expected period of benefit, which we have determined to be one to three years based on the estimated customer relationship period. The following table summarizes deferred contract cost activity for the six months ended June 30, 2023:

	As of December 31, 2022	Additions	Amortized costs	As of June 30, 2023

Note 4 — Intangible Assets, net and Goodwill

Finite-lived Intangible Assets

All of our finite-lived intangible assets, including capitalized software, as of June 30, 2023 and December 31, 2022 are attributable to Ample. We did not capitalize any software development costs during the three and six months ended June 30, 2023; however, we capitalized \$0.7 million and \$2.2 million during the three and six months ended June 30, 2022, respectively.

We performed a two step impairment test for the asset groups that had indicators of impairment during the six months ended June 30, 2023 and 2022 and while we did not record any impairments during the 2023 periods, we recorded impairments of intangible assets of \$2.2 million and capitalized software of \$1.0 million during the three and six months ended June 30, 2022. Each of these impairments were attributable to the Solo platform.

Goodwill

Non-Enterprise Reporting Unit

For the three and six months ended June 30, 2023, no impairment to goodwill was recorded for our Non Enterprise business unit as the fair value exceeded the carrying value as of June 30, 2023. All of the goodwill as of June 30, 2023 and December 31, 2022 is attributable to Ample. For the three and six months ended June 30, 2022, due primarily to declines in market valuation from December 31, 2021, we recorded impairment charges of \$8.0 million and \$23.5 million, respectively, of which \$2.7 million and \$10.7 million was attributable to Ample, \$4.9 million and \$11.2 million was attributable to Solo and \$0.4 million and \$1.6 million was attributable to Trellis. The remaining goodwill associated with Solo and Trellis was fully impaired in the second half of 2022.

Enterprise Reporting Unit

For the three and six months ended June 30, 2023, no impairments to goodwill were recorded for our Enterprise business unit as there was no goodwill asset present as of June 30, 2023. For the three and six months ended June 30, 2022, we recorded an impairment of goodwill of \$3.9 million attributable to Viridian due primarily to declines in market valuation from December 31, 2021. All of the remaining goodwill associated with Viridian was fully impaired in the second half of 2022.

Senior Convertible Notes

In October 2021, we entered into a Securities Purchase Agreement dated October 5, 2021 (“2021 SPA”) resulting in the issuance of the Senior Convertible Notes to two institutional investors in a private placement transaction. The Senior Convertible Notes were issued for an aggregate principal amount of \$20.0 million for \$18.0 million reflecting an original issue discount of 10 percent or \$2.0 million. The net proceeds from the issuance of the Senior Convertible Notes were used to payoff and retire convertible notes that were issued in 2020 and fund acquisitions and continued investment in our technology infrastructure. The Senior Convertible Notes rank senior to all of our other and future indebtedness. The Senior Convertible Notes mature on October 4, 2024 and can be repaid in shares of Common Stock or cash. The Senior Convertible Notes are convertible into shares of Common Stock of Akerna at a conversion price of \$4.75 per share effective October 4, 2022 which represents an adjustment, as required by the 2021 SPA, from \$6.21 per share as a result of the offering of convertible preferred stock on that date. The Senior Convertible Notes are to be repaid in monthly installments.

In connection with the 2021 SPA and the Senior Convertible Notes, we and certain of our subsidiaries entered into an amended Security and Pledge Agreement (the “Security and Pledge Agreement”) with the lead investor, in its capacity as collateral agent (in such capacity, the “Collateral Agent”) for all holders of the Senior Convertible Notes. The Security and Pledge Agreement creates a first priority security interest in all of the personal property of the Company and certain of its subsidiaries of every kind and description, tangible or intangible, whether currently owned and existing or created or acquired in the future (the “Collateral”).

Upon the occurrence of an “Event of Default” under the Security and Pledge Agreement, the Collateral Agent will have certain rights under the Security and Pledge Agreement including taking control of the Collateral and, in certain circumstances, selling the Collateral to cover obligations owed to the holders of the Senior Convertible Notes pursuant to its terms. An “Event of Default” under the Security and Pledge Agreement means (i) any defined event of default under any one or more of the transaction documents (including the Senior Convertible Notes), in each instance, after giving effect to any notice, grace, or cure periods provided for in the applicable document, (ii) the failure by us to pay any amounts when due under the Senior Convertible Notes or any other transaction document, or (iii) the breach of any representation, warranty or covenant by the Company under the Security and Pledge Agreement.

In connection with the occurrence of an event of default, the holders of the Senior Convertible Notes will be entitled to convert all or any portion of the Senior Convertible Notes at an alternate conversion price equal to the lower of (i) the conversion price then in effect, or (ii) 80% of the lower of (x) the volumeweighted average price (“VWAP”) of the Common Stock as of the trading day immediately preceding the applicable date of determination, or (y) the quotient of (A) the sum of the VWAP of Common Stock for each of the two trading days with the lowest VWAP of the Common Stock during the ten consecutive trading day period ending and including the trading day immediately prior to the applicable date of determination, divided by (B) two, but not less than \$10.80 per share.

In connection with the Exchange Agreements that were entered into in January 2023, the conversion price of the Senior Convertible Notes was lowered to \$1.20 per share from \$4.75 per share through June 14, 2023 at which time it was further reduced to \$0.50 per share for a limited period due to the offering of common shares in connection with private placement transaction (see Note 9). During the six months ended June 30, 2023, the holders of the Senior Convertible Notes converted a total of \$1.5 million of principal for 1,394,251 shares of Common Stock at the lowered prices.

Method of Accounting and Activity During the Periods

Upon the date that they were issued, we made an irrevocable election to apply the fair value option to account for the Senior Convertible Notes. Disclosures, including the assumptions used to determine the fair value of the Senior Convertible Notes, are provided in Note 10.

Note 5 — Long Term Debt (cont.)

During the six months ended June 30, 2023, we made \$6.4 million in principal payments on the Senior Convertible Notes, of which \$4.9 million was settled in cash and the remaining \$1.5 million was settled in Common Stock. During the six months ended June 30, 2023, the fair value of the Senior Convertible Notes increased by \$1.1 million. Of the adjustment, an increase of less than \$0.1 million resulted from instrument-specific credit risk and was recognized as other comprehensive loss and accumulated in equity and an increase of \$1.1 million was recognized in our consolidated statement of operations as a change in fair value of convertible notes. As of June 30, 2023, the fair value of the Senior Convertible Notes on our consolidated balance sheet was \$9.3 million. During the six months ended June 30, 2022, we made \$5.4 million in principal payments on the Senior Convertible Notes, of which \$1.5 million was settled in cash and the remaining \$3.9 million was settled in Common Stock. During the six months ended June 30, 2022, the fair value of the Senior Convertible Notes increased by \$1.4 million. Of the adjustment, a decrease of \$0.3 million resulted from instrument-specific credit risk and was recognized as other comprehensive income and accumulated in equity and an increase of \$1.7 million was recognized in our consolidated statement of operations as a change in fair value of convertible notes.

Secured Note and Ancillary Agreements

On May 3, 2023, we received proceeds from a loan in the amount of \$1.0 million from MJ Acquisition in connection with the Sale Transaction. Accordingly, we and MJ Acquisition entered into a \$ 1.0 million secured promissory note (the “MJA Note”). The MJA Note bears simple interest at the rate of ten percent (10%) per annum from the date of issuance until repayment of the MJA Note which will be due and payable on April 28, 2024, or, upon completion of the Sale Transaction, in which case the MJA Note shall be deemed paid in full. Akerna’s obligations under the MJA Note have been secured pursuant to a Security and Pledge Agreement (the “Security Agreement”). The Security Agreement creates a security interest in all of the personal property of Akerna and certain of its subsidiaries. In addition, certain subsidiaries of Akerna entered into a guaranty agreement with MJ Acquisition (the “Guaranty Agreement”) under which they will guarantee the obligations of the Company under the Security Agreement and the MJA Note.

In connection to the MJA Note, the Security Agreement, and the Guaranty Agreement (collectively, “New Note Transaction Documents”) and solely to permit Akerna to issue the MJA Note and execute and perform its obligations under the New Note Transaction Documents and a Subordination Agreement (as defined below), each of the Holders of the Senior Convertible Notes issued pursuant to the 2021 SPA agreed to waive the prohibition on issuing indebtedness other than Permitted Indebtedness (as defined in the Senior Convertible Notes) pursuant to Section 14(b) of the Senior Convertible Notes and the prohibition permitting Liens (as defined in the Senior Convertible Notes) to exist other than Permitted Liens (as defined in the Senior Convertible Notes) pursuant to Section 14(c) of the Senior Convertible Notes and Section 5(g)(v) of the 2021 SPA (the “Waiver”). In connection to the New Note Transaction Documents, MJ Acquisition, Akerna, and HT Investments MA LLC (the “Senior Agent”, together with the Holders, the “Senior Creditors”), as collateral agent under the 2021 SPA, each on behalf of the respective Holders, entered into a subordination and intercreditor agreement (the “Subordination Agreement”), whereby the parties agreed that the payment of any and all obligations, liabilities and indebtedness of every nature of Akerna, its applicable subsidiary and/or affiliates from time to time owed to MJ Acquisition under the Subordinated Debt Documents (as defined in the Subordination Agreement) will be subordinate and subject in right and time of payment, to the prior payment in full of all obligations under the Senior Convertible Notes.

Note 6 — Income Taxes

Our effective tax rate was 0.00% and 0.44% for the six months ended June 30, 2023 and 2022, respectively. Differences between the statutory rate and our effective tax rate resulted from changes in valuation allowance and permanent differences for tax purposes in the treatment of certain nondeductible expenses. Our effective tax rate was impacted by indefinite-lived deferred tax liabilities in the 2022 period, resulting primarily from the acquisition of 365 Cannabis in 2021, which cannot be considered as a source of future taxable income available to utilize recorded deferred tax

assets based on the Company's scheduling and the 80% limit on the utilization of net operating loss carry forwards under current U.S. tax law. While there were none in the 2023 period, we paid nominal amounts for income taxes, net of refunds received, in certain state and national jurisdictions during the six months ended June 30, 2022. Uncertain tax positions of less than \$0.1 million were reversed during the six months ended June 30, 2022 as a result of the Internal Revenue Service's dismissal of potential penalties.

Note 8 — Commitments and Contingencies**Litigation**

On May 15 and May 23, 2023, Akerna and all its directors were named in two derivative lawsuits (McCaffrey v. Akerna et al. and Caller v. Akerna et al., Nos. 1:23 -cv-01213-PAB and 1:23-cv-01300-KLM, respectively) filed in the United States District Court for the District of Colorado by stockholders Albert McCaffrey and Israel Caller, respectively, alleging that the disclosures made regarding the pending transactions with Gryphon and MJ Acquisition violate Sections 14(a) and 20(a) of the Securities and Exchange Act of 1934. The lawsuits contend that the disclosures omit material information regarding the transactions and seek injunctive relief and attorneys' fees. Akerna has not yet responded to either complaint but intends to vigorously defend the lawsuits and, at this time, we do not believe an estimate of potential loss, if any, is appropriate.

On January 13, 2023, Courier Plus Inc. d/b/a Dutchie ("Dutchie") filed a complaint in the Court of Common Pleas, Dauphin County, Commonwealth of Pennsylvania against Akerna and MJF alleging unfair competition, tortious interference, and unjust enrichment with respect to MJF's exclusive government contract with the Commonwealth of Pennsylvania. We filed a preliminary objection alleging serious defects, such as jurisdiction. The parties attended a

hearing in July 2023 and are awaiting a decision from the Court. Before and throughout this dispute, we have worked with the Commonwealth of Pennsylvania to ensure continued compliance with our contract. We intend to continue to defend our position vigorously and, at this time, do not believe an estimate of potential loss, if any, is appropriate.

On April 2, 2021, TreCom Systems Group, Inc. (“TreCom”) filed suit against Akerna and MJF in federal District Court for the Eastern District of Pennsylvania, seeking recovery of up to approximately \$2.0 million for services allegedly provided pursuant to a Subcontractor Agreement between MJF and TreCom. MJF provided a notice of termination of the operative Subcontractor Agreement on August 4, 2020. MJF disputes the validity of TreCom’s claims and the enforceability of the alleged agreement that TreCom submitted to the court. Akerna filed counterclaims against TreCom for breach of contract, a declaratory judgment, commercial disparagement, and defamation. TreCom failed to return Akerna’s intellectual property and issued numerous disparaging statements to one of Akerna’s clients. TreCom subsequently filed a motion to dismiss these counterclaims, which was denied by the court. Akerna intends to vigorously defend against TreCom’s claims, and pursue its own claims. With respect to the TreCom matter, we established a loss contingency \$0.2 million in 2021 which remains outstanding as of June 30, 2023.

As of June 30, 2023, and through the date these condensed consolidated financial statements were issued, there were no other legal proceedings requiring recognition or disclosure in the condensed consolidated financial statements.

Other

In connection with the Sale Transaction and the Merger, we have a commitment to compensate our financial advisor for up to three percent of the transaction value in success fees, subject to a minimum of \$1.5 million, should the transactions be completed. In addition, we are party to arrangements with our executive officers and certain other administrative employees pursuant to their employment, retention and transaction success agreements that may result in the receipt by such executive officers and employees of cash severance payments and other transaction success bonuses and benefits with a total value of approximately \$1.4 million (collectively and not individually), but not including the accelerated vesting of any equity awards held by those officers.

Operating Leases

During the first half of 2022, we began negotiations to terminate the 365 Cannabis office lease in Las Vegas, Nevada. We established an obligation of \$0.5 million which is management’s best estimate of the costs to exit the lease. As of June 30, 2023, the lease termination matter remains unresolved.

Note 9 — Stockholders’ Deficit

Common and Preferred Stock

We have one single class of Common Stock of which 150,000,000 shares are authorized with a par value of \$0.0001 per share. The holders of Common Stock are entitled to one vote per share on all matters submitted to a vote of stockholders of the Company. Subject to the prior rights of all classes or series of stock at the time outstanding having prior rights as to dividends or other distributions, all stockholders are entitled to share equally in dividends, if any, as may be declared from time to time by the Board of Directors out of funds legally available. Subject to the prior rights of our creditors and the holders of all classes or series of stock at the time outstanding having prior rights as to distributions upon liquidation, dissolution, or winding up of the Corporation, in the event of liquidation, the holders of Common Stock are entitled to share ratably in all assets remaining after payment of all liabilities. The stockholders do not have cumulative, preemptive rights, or subscription rights.

Note 9 — Stockholders’ Deficit (cont.)

We also have 5,000,000 authorized shares of preferred stock, \$0.0001 par value per share, of which one share of special voting preferred stock (the “Special Voting Preferred Stock”) is issued and outstanding (see below).

On June 14, 2023, we entered into a transaction for a private investment in our public equity (the “PIPE Investment”) whereby 1 million shares of Common Stock were issued to the investor at \$0.50 per share for total cash proceeds of \$0.5 million. The proceeds from the PIPE Investment were used to pay a termination fee and related expenses of \$0.2 million to POSaBIT in connection with the termination of the MJF-Ample SPA and the remainder has been allocated for ongoing operating expenses.

Special Voting Preferred Stock and Exchangeable Shares

In connection with a prior transaction in which we acquired Ample in exchange for 3,294,574 shares of exchangeable shares (the “Exchangeable Shares”), we issued a single share of our special voting preferred stock (the “Special Voting Preferred Stock”), for the purpose of ensuring that each Exchangeable Share is substantially the economic and voting equivalent of a share of Akerna Common Stock and that each Exchangeable Share is exchangeable on a 20-for-one basis for a share of Akerna Common Stock, subject to certain limitations and adjustments. Each holder of Exchangeable Shares effectively has the ability to cast votes along with holders of Akerna Common Stock. The Exchangeable Shares do not have a par value. The Special Voting Preferred stock has a par value of \$0.0001 per share and a preference in liquidation of \$1.00. The Special Voting Preferred Stock entitles the holder to an aggregate number of votes equal to the number of the Exchangeable Shares issued and outstanding from time to time and which we do not own. The holder of the Special Voting Preferred Stock and the holders of shares of Akerna Common Stock will both vote together as a single class on all matters submitted to a vote of our shareholders. At such time as the Special Voting Preferred Stock has no votes attached to it, the share shall be automatically cancelled.

During the six months ended June 30, 2023, certain Ample shareholders exchanged a total of 33,438 Exchangeable Shares with a value of \$255,877 for 1,672 shares of Akerna Common Stock. The exchanges were accounted for as equity transactions and we did not recognize a gain or loss on these transactions. As of June 30, 2023, there were a total of 252,224 exchangeable shares remaining as issued and outstanding which could be exchanged for 12,611 shares of Akerna Common Stock.

ATM Program

In 2021, we entered into an Equity Distribution Agreement with Oppenheimer & Co. Inc. (“Oppenheimer”) and A.G.P./Alliance Global Partners (“AGP”) pursuant to which we could offer and sell from time to time, up to \$25 million of shares of our Common Stock through an “at the market” equity offering program (the “2021 ATM Program”). From its inception through September 23, 2022, a total of 118,629 shares of Common Stock with an aggregate gross purchase price of \$2.7 million, including 90,809 shares with an aggregate gross purchase price of \$0.8 million sold during 2022, were sold under the 2021 ATM Program. On September 23, 2022, we, Oppenheimer and AGP mutually agreed to terminate the 2021 ATM Program.

On September 28, 2022, we entered into a new agreement with AGP pursuant to which we may offer and sell up to \$20.0 million of shares of our Common Stock (the “2022 ATM Program”) from time to time through AGP as the sales agent for which they will receive a commission of 3.0% of the gross proceeds. The 2022 ATM Program is currently limited to less than \$0.4 million due to certain restrictions imposed by the registration statement underlying the offering (the “Baby Shelf Limitation”). Under the Baby Shelf Limitation, we may not offer Common Stock under the registration statement with a value of more than one-third of the aggregate market value of our Common Stock held by non-affiliates in any twelve-month period, so long as the aggregate market value of our Common Stock held by non-affiliates is less than \$75.0 million. Net proceeds from the sale of Common Stock under the 2022 ATM Program have been and may continue to be used for general corporate purposes including working capital, marketing, product development and capital expenditures. Through December 31, 2022, we sold a total of 552,148 shares of Common Stock with an aggregate gross purchase price of \$1.1 million under the 2022 ATM Program. There were no offerings of Common Stock under the 2022 ATM program during the six months ended June 30, 2023.

2022 Unit Offering

On July 5, 2022, we completed the 2022 Unit Offering which was comprised of an aggregate of (i) 29,382,861 units consisting of 1,469,143 shares of Common Stock together with Common Stock warrants (the "Common Warrants") to purchase up to 1,469,143 shares of Common Stock (together, the "Units") and (ii) 14,095,400 pre-funded units, consisting of 14,095,400 pre-funded warrants ("Pre-funded Warrants") to purchase 704,770 shares of Common Stock, together with Common Warrants to purchase up to 704,770 shares of Common Stock (together, the "Pre-funded Units"). The Units were sold at a public offering price of \$0.23 per unit and the Pre-funded Units were sold at a public offering price of \$0.2299 per pre-funded unit. The Pre-Funded Warrants were exercised immediately thereafter at their nominal exercise price of \$0.002 per share. The Common Warrants accompanying each of the Units and Pre-funded Units were issued separately and are immediately tradeable separately upon issuance. The Common Warrants had an original exercise price of \$4.60 per share subject to certain adjustments, are immediately exercisable and will expire five years from the date of issuance. In connection with a convertible redeemable preferred stock offering in October 2022, the exercise price of the Common Warrants was reduced to \$3.518 per share effective October 5, 2022 and reduced to \$0.88 per share effective January 27, 2023 as a result of the lowering of the conversion price for the Convertible Notes in connection with the Exchange Agreements. In connection with the PIPE Investment, the exercise price of the Common Warrants was further reduced from \$0.88 per shares to \$0.37 per share.

In addition, we issued to the Underwriter warrants to purchase additional shares of Common Stock (the "Underwriter Warrants"). The Underwriter Warrants provided for the purchase of up to 108,696 shares of Common Stock. The Underwriter Warrants are exercisable at any time and from time to time, in whole or in part, commencing from six months after June 29, 2022 (the "Effective Date") and ending five years from the Effective Date, at a price per share equal to \$4.60, subject to certain adjustments. In connection with a convertible redeemable preferred stock offering in October 2022, the exercise price of the Underwriter Warrants was reduced to \$3.518 per share effective October 5, 2022 and reduced to \$0.88 per share effective January 27, 2023 as a result of the lowering of the conversion price for the Convertible Notes in connection with the Exchange Agreements. In connection with the PIPE Investment, the exercise price of the Underwriter Warrants was further reduced from \$0.88 per shares to \$0.37 per share. The Underwriter Warrants may be transferred by the Underwriter without restriction during the same period.

As of June 30, 2023, a total of 45,652,174 warrants exercisable for 2,282,609 shares of Common Stock remain outstanding from the 2022 Unit Offering including 43,478,261 Common Warrants exercisable for 2,173,913 shares of Common Stock and 2,173,913 Underwriter Warrants exercisable for 108,696 shares of Common Stock. In accordance with our policy, we assessed the warrants issued in connection with the 2022 Unit Offering and determined that there are no instances outside of the Company's control that could require cash settlement. In addition, we determined that the warrants issued in connection with the 2022 Unit Offering do not meet the definition of a derivative as they are indexed to the Company's Common Stock and they satisfy all of the additional qualifications to be classified within equity. Through June 30, 2023, the Common Warrants and Underwriter Warrants remain classified within equity.

2019 Warrants

In connection with MTech's initial public offering, MTech sold units consisting of one share of MTech's common stock and one warrant of MTech ("MTech Public Warrant"). Each MTech Public Warrant entitled the holder to purchase one share of MTech's common stock. Concurrently with MTech's initial public offering, MTech sold additional units on a private offering basis. Each of these units consisted of one share of MTech's common stock and one warrant of MTech ("MTech Private Warrant"). Each MTech Private Warrant entitled the holder to purchase one share of MTech's common stock.

Upon completion of the Mergers between MTech and MJF on June 17, 2019, the MTech Public Warrants and the MTech Private Warrants were converted to the 2019 Public Warrants and Private Warrants, respectively, at an exchange ratio of one-for-one to a warrant to purchase one share of Akerna's Common Stock with identical terms and conditions. Concurrent with our 20-for-1 reverse stock split during the fourth quarter of 2022, the exchange ratio of the 2019 Public Warrants and the Private Warrants was changed to 20 warrants for one share of Common Stock. Private Warrants have contingent exercise provisions such that when the Private Warrants are held by someone other than the initial purchasers or their permitted transferees, the Private Warrants will be redeemable by the Company. Accordingly, the requirements for accounting for the Private Warrants as equity are not satisfied and the Private Warrants have been reflected on our consolidated balance sheets as a derivative liability and are not included in the summary of outstanding warrants presented below.

Note 10 — Fair Value

Fair Value Option Election — Convertible Notes

We elected to account for the Senior Convertible Notes by applying the fair value option. Under the fair value option, the financial liability is initially measured at its issue-date estimated fair value and subsequently remeasured at its estimated fair value on a recurring basis at each reporting period date. The change in estimated fair value resulting from changes in instrument-specific credit risk is recorded in other comprehensive loss as a component of equity. The remaining estimated fair value adjustment is presented as a single line item within Other (expense) income in our condensed consolidated statements of operations under the caption, Change in fair value of convertible notes.

For the Senior Convertible Notes, which are measured at fair value categorized within Level 3 of the fair value hierarchy, the following represents a reconciliation of the fair values for the three and six months ended June 30, 2023 and June 30, 2022:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2023	2022	2023	2022
Fair value balance at beginning of period	\$ 8,462,000	\$ 15,337,000	\$ 14,607,000	\$ 17,305,000

Note 10 — Fair Value (cont.)

The estimated fair value of the Senior Convertible Notes was computed using Monte Carlo simulations, which incorporates significant inputs that are not observable in the market, and thus represents a Level 3 measurement as defined by GAAP. The unobservable inputs utilized for measuring the fair value of the Senior Convertible Notes reflect our assumptions about the assumptions that market participants would use in valuing the Senior Convertible Notes as of its issuance date and subsequent reporting periods.

We estimated the fair value by using the following key inputs to the Monte Carlo Simulation Models:

Fair Value Assumptions – Convertible Notes	June 30, 2023	December 31, 2022
Face value principal payable	\$ 8,233,271	\$ 14,662,727
Original conversion price	\$ 4.75	\$ 4.75
Value of Common Stock	\$ 0.605	\$ 0.69
Expected term (years)	1.3	1.8
Volatility	111%	77%
Market yield	41.7%	44.3 to 43.9%
Risk free rate	4.9%	4.4%
Issue date	October 5, 2021	October 5, 2021
Maturity date	October 5, 2024	October 5, 2024

Fair Value Measurement — Private Warrants

For the Private Warrants, which are classified as derivative liabilities on our condensed consolidated balance sheets and are measured at fair value categorized within Level 3 of the fair value hierarchy, the following represents a reconciliation of the fair values for the three and six months ended June 30, 2023 and June 30, 2022:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2023	2022	2023	2022
Fair value balance at beginning of period	\$ —	\$ 45,127	\$ —	\$ 63,178
Change in fair value reported in the statements of operations	—	(33,845)	—	(51,896)
Fair value balance at end of period	<u>\$ —</u>	<u>\$ 11,282</u>	<u>\$ —</u>	<u>\$ 11,282</u>

We utilized a binomial lattice model, which incorporates significant inputs, specifically the expected volatility, that are not observable in the market, and thus represents a Level 3 measurement as defined in GAAP. The unobservable inputs utilized for measuring the fair value of the Private Warrants reflect our estimates regarding the assumptions that market participants would use in valuing the Warrants as of the end of the reporting periods.

We recognize changes to the derivative liability against earnings or loss each reporting period. Upon exercise of the Private Warrants, holders will receive a delivery of Akerna shares on a net or gross share basis per the terms of the Private Warrants and any exercise will reclassify the Private Warrants, at the time of exercise, to shareholder's equity to reflect the equity transaction. There are no periodic settlements prior to the holder exercising the Private Warrants. There were no transfers in or out of Level 3 from other levels for the fair value hierarchy.

Note 10 — Fair Value (cont.)

We estimated the fair value by using the following key inputs:

Number of Private Warrants	225,635	225,635
Original conversion price	\$ 230	\$ 230.00

Fair Value Measurement — 2022 Unit Offering Common and Underwriter Warrants

The fair value of the Common Warrants and Underwriter Warrants issued in connection with our 2022 Unit Offering represent a measurement within Level 3 of the fair value hierarchy and were estimated based on the following key inputs as of the date of the 2022 Unit Offering:

Fair Value Assumptions – 2022 Common and Underwriter Warrants	July 5, 2022
Exercise price	\$ 4.60
Expected term (years)	5.0
Volatility	136.9%

We utilized a Black-Scholes-Merton option pricing model, which incorporates significant inputs, specifically the expected volatility, that are not observable in the market, and thus represents a Level 3 measurement as defined in GAAP. The unobservable inputs utilized for measuring the fair value of the Common and Underwriter Warrants reflect our estimates regarding the assumptions that market participants would have used in valuing the Warrants as of the date of the 2022 Unit Offering or July 5, 2022. The fair value of the Common Warrants and Underwriter Warrants was recorded in equity as a component of the net proceeds received from the 2022 Unit Offering (see Note 9).

Note 11 — Earning per Share

During the three months ended June 30, 2023 and 2022, we used the two-class method to compute net loss per share because we issued securities other than common stock that are economically equivalent to a common share in that the class of stock has the right to participate in dividends should a dividend be declared payable to holders of Akerna Common Stock. These participating securities were the Exchangeable Shares issued by our wholly owned subsidiary in exchange for our acquired ownership interest in Ample. The two-class method requires earnings for the period to be allocated between the Common Stock and participating securities based on their respective rights to receive distributed and undistributed earnings. Under the two-class method, for periods with net income, basic net income per common share is computed by dividing the net income attributable to common stockholders by the weighted average number of shares of Common Stock outstanding during the period. Net income attributable to common stockholders is computed by subtracting from net income the portion of current period earnings that the participating securities would have been entitled to receive pursuant to their dividend rights had all of the period's earnings been distributed. No such adjustment to earnings is made during periods with a net loss, as the holders of the Exchangeable Shares have no obligation to fund losses.

Diluted net loss per common share is calculated under the two-class method by giving effect to all potentially dilutive common stock equivalents, including warrants, restricted stock, restricted stock units, and shares of common stock issuable upon conversion of our Senior Convertible Notes. We analyzed the potential dilutive effect of any outstanding

Note 11 — Earning per Share (cont.)

convertible securities under the “if-converted” method, in which it is assumed that the outstanding Exchangeable Shares and the Senior Convertible Notes, are converted to shares of Common Stock at the beginning of the period or date of issuance, if later. We report the more dilutive of the approaches (two-class or if-converted) as the diluted net loss per share during the period. The dilutive effect of unvested restricted stock and restricted stock units is reflected in diluted loss per share by application of the treasury stock method and is excluded when the effect would be anti-dilutive.

The weighted-average number of shares outstanding used in the computation of diluted earnings per share does not include the effect of potential outstanding common shares that would have been anti-dilutive for the period. The table below details potentially outstanding shares on a fully diluted basis that were not included in the calculation of diluted earnings per share for the periods presented:

On December 29, 2021, the Company and Sphere 3D entered into Amendment No. 1 to the Merger Agreement to give effect to the issuances by the Company of its equity securities subsequent to June 3, 2021. The parties agreed upon an increase in the number of Sphere 3D common shares that will be issued by Sphere 3D in the Merger from approximately 111,000,000 to approximately 122,000,000, with an effective exchange ratio of approximately 5.31. In addition, among other matters, the parties revised the termination provisions of the Merger Agreement to allow either party to terminate the Merger Agreement prior to March 31, 2022, upon a breach of the agreement by the other party following an opportunity to cure such breach, and to allow either party to terminate the Merger Agreement on or after March 31, 2022, for any reason or no reason by notice to the other party. In addition, upon termination, each party agreed to release the other party and its affiliates from any claims or proceedings such party shall have at the time of such termination against the other party existing by reason of, based upon, or arising out of the Merger Agreement.

On April 4, 2022, the Company and Sphere 3D mutually agreed to terminate their Merger Agreement announced on June 3, 2021, and as amended on December 29, 2021, due to changing market conditions, the passage of time, and the relative financial positions of the companies, among other factors.

The companies will continue their relationship through the previously disclosed Master Services Agreement, enabling Sphere 3D to leverage the Company’s expertise in bitcoin mining and the Company to generate additional operating income by managing Sphere 3D’s mining machines.

Lastly, in accordance with the Amended Merger Agreement, the Company received 850,000 shares of Sphere 3D’s restricted common stock that were held in a third-party escrow account, and the existing indebtedness owed by the Company to Sphere 3D in the principal amount of \$12,500,000 and accrued interest of \$466,000 shall be forfeited.

MERGER AGREEMENT

On November 7, 2022, the Company entered a nonbinding letter of intent to enter into a reverse triangular merger with a publicly held entity. The Company issued and outstanding shares of common stock, on a fully diluted and converted basis, will be exchanged for approximately 92.5% of the post-closing, fully diluted and converted basis, ownership of the combined company (“Combined Company”). After the merger, the Combined Company’s board of directors shall constitute seven directors, of which the Company will appoint six of the directors. As of the issuance of these consolidated financial statements, the merger was not completed.

RECLASSIFICATION

Certain reclassifications have been made to the 2021 consolidated financial statements in order to conform to the current period presentations. These classifications did not impact the net loss for the year ended December 31, 2021.

PRINCIPLES OF CONSOLIDATION

The consolidated financial statements include the accounts of the Company and its wholly-owned subsidiary. All material intercompany transactions and balances have been eliminated in consolidation.

The consolidated financial statements include the accounts of the Company and its subsidiary from the date of inception (April 20, 2022).

AMENDMENTS TO CERTIFICATE OF INCORPORATION

On February 16, 2021, the Company filed its Amended and Restated Certificate of Incorporation with the Secretary of State of the State of Delaware to change its name from “Ivy Crypto, Inc.” to “Gryphon Digital Mining, Inc.”.

GOING CONCERN

The accompanying consolidated financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”), which contemplate the continuation of the Company as a going concern and the realization of assets and satisfaction of liabilities in the ordinary course of business. The carrying amounts of assets and liabilities presented in the financial statements do not necessarily purport to represent realizable or settlement values. The financial statements do not include any adjustment that might result from the outcome of this uncertainty.

Since the Company began revenue generation in September 2021, management has financed the Company’s operations through equity and debt financing and the sale of the digital assets earned through mining operations.

The Company may incur additional losses from operations and negative cash outflows from operations in the foreseeable future. In the event the Company continues to incur losses, it may need to raise debt or equity financing to finance its operations until operations are cashflow positive. However, there can be no assurance that such financing will be available in sufficient amounts and on acceptable terms, when and if needed, or at all. The precise amount and timing of the funding needs cannot be determined accurately at this time and will depend on several factors, including the market price for the underlying commodity mined by the Company and its ability to procure the required mining equipment and operate profitably. The Company’s financial statements have been presented on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the ordinary course of business.

USE OF ESTIMATES

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of expenses during the reporting period. Actual results could differ from those estimates.

NOTE 1 — ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

FAIR VALUES OF FINANCIAL INSTRUMENTS

The Company adopted the provisions of Accounting Standards Codification (“ASC”) subtopic 825-10, Financial Instruments (“ASC 825-10”) which defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required or permitted to be recorded at fair value, the Company considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

ASC 825-10 establishes a fair value hierarchy that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. ASC 825-10 establishes three levels of inputs that may be used to measure fair value:

- Level 1 — Quoted prices in active markets for identical assets or liabilities.

- Level 2 — Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets with insufficient volume or infrequent transactions (less active markets); or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated by observable market data for substantially the full term of the assets or liabilities.

- Level 3 — Unobservable inputs to the valuation methodology that are significant to the measurement of the fair value of assets or liabilities.

CASH AND CASH EQUIVALENTS

The Company considers all short-term highly liquid investments with a remaining maturity at the date of purchase of three months or less to be cash equivalents. Cash and cash equivalents are recorded at cost, which approximates their fair value. The Company maintains its cash and cash equivalents in banks insured by the Federal Deposit Insurance Corporation (“FDIC”) in accounts that at times may be in excess of the federally insured limit of \$250,000 per bank. The Company minimizes this risk by placing its cash deposits with major financial institutions. As of December 31, 2022 and 2021, the Company had \$19,000 and \$666,000 in excess of the federal insurance limit, respectively.

ACCOUNTS RECEIVABLE

Accounts receivable in 2022 and 2021 pertain to proceeds (fiat currency) not yet received for the sale of digital assets or cryptocurrencies due to the cut-off period. Also, the 2022 accounts receivable include the revenue share from Sphere 3D. As of December 31, 2022 and 2021, the accounts receivable amounted to \$470,000 and \$120,000, respectively. Management has assessed the consideration of credit risk and subsequent to the reporting periods where a balance existed, Gryphon has received payment in full of all outstanding accounts receivable and as such does not believe an allowance is necessary.

PREPAID EXPENSE

Prepaid expenses are assets held by the Company, which are expected to be realized and consumed within twelve months after the reporting period. As of December 31, 2022, it consists of prepayments for insurance.

DIGITAL ASSETS HELD FOR OTHER PARTIES

As of the adoption of the Securities and Exchange Commission’s Staff Accounting Bulletin 121, the Company records an obligation liability and a corresponding digital asset held for other parties asset based on the fair value of the cryptocurrency held for other parties at each reporting date. The Company was not aware of any actual or possible safeguarding loss events as of December 31, 2022, and accordingly, the obligation liability and the associated digital

asset were recorded at the same value. As of December 31, 2021, the Company was not holding digital assets for third parties. The adoption of SAB 121 had no impact on previously reported consolidated statements of operations, statements of cash flows, or statements of stockholders' equity.

DIGITAL ASSETS

Digital assets or cryptocurrencies, (including Bitcoin, Ethereum, DAI, and USDT) are included in current assets in the accompanying balance sheets. Cryptocurrencies purchased are recorded at cost and cryptocurrencies obtained by the Company through its sale of common stock are accounted for based on the value of the specific digital asset on the date received.

The Company accounts for digital assets as indefinite-lived intangible assets in accordance with ASC 350, Intangibles

- Goodwill and Other. The Company has ownership of and control over the cryptocurrencies and uses third-party custodial services to secure them. The digital assets are initially recorded at cost and are subsequently remeasured on the balance sheets at cost, net of any impairment losses incurred since acquisition.

An impairment analysis is performed at each reporting period to identify whether events or changes in circumstances, in particular decreases in the quoted prices on active exchanges, indicate that it is more likely than not that the digital assets held by the Company are impaired. The fair value of digital assets is determined on a nonrecurring basis in accordance with ASC 820, Fair Value Measurement, based on quoted prices on the active exchange(s) that the Company has determined is its principal market for cryptocurrencies (Level 1 inputs). If the carrying value of the digital asset exceeds the fair value based on the lowest price quoted in the active exchanges during the period, an impairment loss has occurred with respect to those digital assets in the amount equal to the difference between their carrying values and the price determined.

Impairment losses are recognized within "Operating expenses" in the statements of operations in the period in which the impairment is identified. The impaired digital assets are written down to their fair value at the time of impairment and this new cost basis will not be adjusted upward for any subsequent increase in fair value. Gains are not recorded until realized upon sale or disposition.

Cryptocurrencies awarded to the Company through its mining activities are included within operating activities in the accompanying consolidated statements of cash flows. The cash received from the sales of cryptocurrencies earned through our mining activities is included within operating activities in the accompanying consolidated statements of cash flows, and any realized gains or losses from such sales are included in operating expenses in the consolidated statements of operations. The Company accounts for its gains or losses in accordance with, the first in first out (FIFO) method of accounting.

MINING EQUIPMENT

Mining Equipment is stated at cost, including purchase price and all shipping and customs fees, and depreciated using the straight-line method over the estimated useful lives of the assets, generally three years for cryptocurrency mining equipment.

The Company reviews the carrying amounts of mining equipment when events or changes in circumstances indicate the assets may not be recoverable. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss, if any. Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

The recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows to be derived from continuing use of the asset or cash-generating unit are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Fair value less costs of disposal is the amount obtainable from the sale of an asset or cash-generating unit in an arm's length transaction between knowledgeable, willing parties, less the cost of disposal.

Gryphon Digital Mining, Inc.
Notes to the Consolidated Financial Statements
For the Years Ended December 31, 2022 and 2021

NOTE 1 — ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

When a binding sale agreement is not available, fair value less costs of disposal is estimated using a discounted cash flow approach with inputs and assumptions consistent with those of a market participant. If the recoverable amount of an asset or cash-generating unit is estimated to be less than its carrying amount, the carrying amount of the cash-generating unit is reduced to its recoverable amount. An impairment loss is recognized immediately in net income. Where an impairment loss subsequently reverses, the carrying amount of the asset or cash-generating unit is increased to the revised estimate of its recoverable amount, such that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized.

LEASES

Effective July 2021, the Company accounts for its leases under ASC 842, *Leases* (“ASC 842”). Under this guidance, arrangements meeting the definition of a lease are classified as operating or financing leases and are recorded on the balance sheet as both a right-of-use asset and a lease liability, calculated by discounting fixed lease payments over the lease term at the rate implicit in the lease or the Company’s incremental borrowing rate. Lease liabilities are increased by interest and reduced by payments each period, and the right-of-use asset is amortized over the lease term. For operating leases, interest on the lease liability and the amortization of the right-of-use asset result in straight-line rent expense over the lease term.

In calculating the right-of-use asset and the lease liability, the Company elects to combine lease and non-lease components as permitted under ASC 842. The Company excludes short-term leases having initial terms of 12 months or less from the new guidance as an accounting policy election and recognizes rent expense on a straight-line basis over the lease term.

DERIVATIVES

The Company evaluates all of its financial instruments to determine if such instruments are derivatives or contain features that qualify as embedded derivatives. For derivative financial instruments that are accounted for as liabilities, the derivative instrument is initially recorded at its fair value and would then be re-valued at each reporting date, with changes in the fair value reported in the condensed statements of operations. If there are stock-based derivative financial instruments, the Company will use a probability-weighted average series Binomial lattice option pricing models to value the derivative instruments at inception and on subsequent valuation dates.

The classification of derivative instruments, including whether such instruments should be recorded as liabilities or as equity, is evaluated at the end of each reporting period. Derivative instrument liabilities will be classified in the balance sheet as current or non-current based on whether or not net-cash settlement of the derivative instrument could be required within 12 months of the balance sheet date. Derivative liability will be measured initially and subsequently at fair value.

REVENUE RECOGNITION

The Company recognizes revenue under ASC 606, Revenue from Contracts with Customers. The core principle of the new revenue standard is that a company should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the company expects to be entitled in exchange for those goods or services. The following five steps are applied to achieve that core principle:

- Step 1: Identify the contract with the customer
- Step 2: Identify the performance obligations in the contract
- Step 3: Determine the transaction price
- Step 4: Allocate the transaction price to the performance obligations in the contract
- Step 5: Recognize revenue when the Company satisfies a performance obligation

Gryphon Digital Mining, Inc.
Notes to the Consolidated Financial Statements
For the Years Ended December 31, 2022 and 2021

NOTE 1 — ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

In order to identify the performance obligations in a contract with a customer, a company must assess the promised goods or services in the contract and identify each promised good or service that is distinct. A performance obligation meets ASC 606's definition of a "distinct" good or service (or bundle of goods or services) if both of the following criteria are met: The customer can benefit from the good or service either on its own or together with other resources that are readily available to the customer (i.e., the good or service is capable of being distinct), and the entity's promise to transfer the good or service to the customer is separately identifiable from other promises in the contract (i.e., the promise to transfer the good or service is distinct within the context of the contract).

If a good or service is not distinct, the good or service is combined with other promised goods or services until a bundle of goods or services is identified that is distinct.

The transaction price is the amount of consideration to which an entity expects to be entitled in exchange for transferring promised goods or services to a customer. The consideration promised in a contract with a customer may include fixed amounts, variable amounts, or both. When determining the transaction price, an entity must consider the effects of all of the following:

- Variable consideration
- Constraining estimates of variable consideration
- The existence of a significant financing component in the contract
- Noncash consideration
- Consideration payable to a customer

Variable consideration is included in the transaction price only to the extent that it is probable that a significant reversal in the amount of cumulative revenue recognized will not occur when the uncertainty associated with the variable consideration is subsequently resolved. The transaction price is allocated to each performance obligation on a relative standalone selling price basis. The transaction price allocated to each performance obligation is recognized when that performance obligation is satisfied, at a point in time, or over time as appropriate.

Cryptocurrency mining:

The Company has digital asset mining pools relationships, with the mining pool operators to provide computing power to the mining pool. The relationships can be terminable at any time by either party and the Company's enforceable right to compensation only begins when the Company provides computing power to the mining pool operator. In exchange for providing computing power, the Company is entitled to a fractional share of the fixed cryptocurrency award the mining pool operator receives (less digital asset transaction fees to the mining pool operator which are recorded as a component of the cost of revenues), for successfully adding a block to the blockchain. The Company's fractional share is based on the proportion of computing power the Company contributed to the mining pool operator to the total computing power contributed by all mining pool participants in solving the current algorithm.

Providing computing power in digital asset transaction verification services is an output of the Company's ordinary activities. The provision of providing such computing power is the only performance obligation in the Company's contracts with mining pool operators. The Company contributes its hashrate to one mining pool operator, Foundry USA. Foundry USA operates its pool on the Full Pay Per Share (FPPS) payout method. FPPS is a variant of the Pay Per Share (PPS) method, where miners receive a fixed payout for each valid share submitted, regardless of whether the pool finds a block. Daily Earnings are calculated from midnight-to-midnight UTC time, and the sub-account balance is credited one hour later at 1 AM UTC time. Earnings accrued in the balance would be withdrawn to the selected whitelisted wallet address, once a day, during 9 AM to 5 PM UTC time. According to the Foundry USA Pool's FAQ page, the minimum payout threshold for Bitcoin (BTC) is 0.001 bitcoin. This means a payout will only be initiated once a miner has accumulated a balance of at least 0.001 bitcoin. During the three and six month periods ended June 30,

2023, the Company has provided hash rate that has yielded daily payments greater than 0.001 bitcoin. Under the FPPS method, Foundry USA provides the Company with a stable and predictable payout for their mining efforts. Regardless of the pool's success, the Company will receive consistent rewards based on the number of valid shares (hash rate) they contribute. The Company's performance is complete in transferring the hashrate service over-time (midnight to midnight) to the customer, i.e. Foundry USA, and the customer obtains control of that asset. In exchange for providing computing power, the Company is entitled to a pro rata share of the fixed bitcoin awards earned over the measurement period, plus a pro rata fractional share of the global transaction fee rewards for the respective measurement period, less net digital asset fees due to the mining pool operator over the measurement period, as applicable. The transaction consideration the Company receives is non-cash consideration, in the form of bitcoin. The Company measures the bitcoin at fair value on the date earned using the lowest price of bitcoin on the date earned (midnight UTC). There are no deferred revenues or other liability obligations recorded by the Company since there are no payments in advance of the performance. At the end of the 24 hour "midnight-to-midnight" period, there are no remaining performance obligations. By utilizing the lowest price of bitcoin on the date earned, the Company eliminates any differences that may arise in trading price between bitcoin and fiat currency during the period where Gryphon establishes and completes the contract. The consideration is all variable. There is no significant financing component in these transactions.

In the event there is future authoritative guidance enacted by the Financial Accounting Standards Board ("FASB"), the Company may be required to change its policies, which could have an effect on the Company's financial position and results from operations.

Master service agreement:

The Company has entered into an agreement with Sphere3D to be an exclusive provider of management services for all blockchain and cryptocurrency-related operations including but not limited to services relating to all mining equipment owned, purchased, leased, operated, or otherwise controlled by Sphere 3D and/or its subsidiaries and/or its affiliates at any location. For the said services the Company will receive 22.5% of the net operating profit of all of Sphere 3D's blockchain and cryptocurrency-related operations. The net operating profits in defined as the value of the digital asset mined less energy cost and profit paid to the host facility.

As Sphere 3D has the ultimate right to determine the facility location for each machine. The Company has the responsibility for the following:

- 1) Ensuring the machines are installed in the facility selected by Sphere.
- 2) Selecting and connecting the machines to a mining pool.
- 3) To review the mining reports and maintain a wallet for the coins earned for the mining operation.
- 4) To maintain a custodial wallet for the coins earned from the Sphere machines.
- 5) To Sell and/or transfer the coins at the request of Sphere.

At the time the digital assets are mined, they are transferred into the custodial wallet maintained by the Company. As of the receipt of the digital asset, the Company has completed its performance obligation, the transaction price is determinable, net operating profit can be calculate so that the Company can determine its revenue under the contract; therefore, the Company records as revenue the management fee received.

NOTE 1 — ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

COST OF REVENUES

The Company's cost of revenue consists primarily of direct costs of earning bitcoin related to mining operations, including mining pool fees, electric power costs, other utilities, labor, insurance whether incurred directly from self-mining operations or reimbursed, including any revenue sharing arrangements under co-location agreements, but excluding depreciation and amortization, which are separately stated in the Company's statements of operations.

STOCK-BASED COMPENSATION

We account for our stock-based compensation under ASC 718 "*Compensation — Stock Compensation*" using the fair value-based method. Under this method, compensation cost is measured at the grant date based on the value of the award and is recognized over the service period, which is usually the vesting period. This guidance establishes standards for the accounting of transactions in which an entity exchanges its equity instruments for goods or services. It also addresses transactions in which an entity incurs liabilities in exchange for goods or services that are based on the fair value of the entity's equity instruments, or the issuance of those equity instruments may settle that.

We use the fair value method for equity instruments granted to non-employees and use the Black-Scholes model for measuring the fair value of options. The stock-based fair value compensation is determined as of the date of the grant or the date at which the performance of the services is completed (measurement date) and is recognized over the vesting periods.

Common stock awards

The Company grants common stock awards to non-employees in exchange for services provided. The Company measures the fair value of these awards using the fair value of the services provided or the fair value of the awards granted, whichever is more reliably measurable. The fair value measurement date of these awards is generally the date the performance of services is complete. The fair value of the awards is recognized on a straight-line basis as services are rendered. The share-based payments related to common stock awards for the settlement of services provided by non-employees are recorded in accordance with ASC 718 on the statement of operations in the same manner and charged to the same account as if such settlements had been made in cash.

Warrants

In connection with certain financing, consulting, and collaboration arrangements, the Company has issued warrants to purchase shares of its common stock. The outstanding warrants are standalone instruments that are not puttable or mandatorily redeemable by the holder and are classified as equity awards. The Company measures the fair value of the awards using the Black-Scholes option pricing model as of the measurement date. Warrants issued in conjunction with the issuance of common stock are initially recorded at fair value as a reduction in additional paid-in capital of the common stock issued. All other warrants are recorded at fair value as expense over the requisite service period or at the date of issuance, if there is not a service period.

INCOME TAXES

The Company accounts for income taxes under the asset and liability method, in which deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in operations in the period that includes the enactment date. A valuation allowance is required to the extent any deferred tax assets may not be realizable.

NOTE 1 — ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

ASC Topic 740, Income Taxes, (“ASC 740”), also clarifies the accounting for uncertainty in income taxes recognized in an enterprise’s financial statements and prescribes a recognition threshold and measurement process for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more likely than not to be sustained upon examination by taxing authorities. ASC 740 also provides guidance on derecognition, classification, interest, and penalties, accounting in interim periods, disclosure, and transition. Based on the Company’s evaluation, it has been concluded that there are no significant uncertain tax positions requiring recognition in the Company’s financial statements. The Company believes that its income tax positions and deductions would be sustained on audit and does not anticipate any adjustments that would result in material changes to its financial position.

EARNINGS PER SHARE

The Company uses ASC 260, “Earnings Per Share” for calculating the basic and diluted earnings (loss) per share. The Company computes basic earnings (loss) per share by dividing net income (loss) by the weighted average number of common shares outstanding. Diluted earnings (loss) per share is computed based on the weighted average number of shares of common stock plus the effect of dilutive potential common shares outstanding during the period using the treasury stock method. Dilutive potential common shares include outstanding stock options and warrants and stock awards. For periods with a net loss, basic and diluted loss per share are the same, in that any potential common stock equivalents would have the effect of being anti-dilutive in the computation of net loss per share.

The following table sets forth the computation of basic and diluted earnings (loss) per share for the years ended December 31,:

	2022	2021
Numerator		
Net income (loss)	\$ 3,536,000	\$ (22,110,000)
Effect of dilutive instruments	—	—
Numerator for diluted EPS	3,536,000	(22,110,000)
Denominator		
Denominator – for basic EPS	14,399,222	13,445,773
Effect of dilutive instruments		
Series Seed preferred stock	5,120,587	—
Series Seed II preferred stock	266,795	—
Warrants to purchase common stock	1,067,968	—
Dilutive potential common shares	6,455,350	—
Denominator for diluted EPS	20,854,572	13,445,773
Basic EPS		
	\$ 0.25	\$ (1.64)
Diluted EPS		
	\$ 0.17	\$ (1.64)

Securities that could potentially dilute loss per share in the future were not included in the computation of diluted loss per share for the year ended December 31, 2021, because their inclusion would be anti-dilutive. Common share equivalents amounted to 5,387,382 shares for convertible seed series and convertible seed series II preferred shares, 1,117,968 shares for warrants, 1,002,472 shares for convertible debentures and accrued interest, and 1,919,631 shares for unvested share grants for a total of 9,427,453 as of December 31, 2021. For the year ended December 31, 2022, the Company had 6,455,350 dilutive securities.

In June 2021, the Company initiated a private placement for the sale of a unit consisting of a convertible debenture in the principal amount of \$9.4867 (“Convertible Debenture”) and one warrant to purchase the Company’s common stocks (“Warrant”) for a total aggregate of 956,857 units. The Convertible Debenture is convertible into a share of the Company’s common stock at a conversion price equal to the lower of (a) \$9.4867, or (b) a 30% discount to the public valuation. Notwithstanding the foregoing, if the Company is not listed on a national securities exchange or international equivalent on or before the first anniversary of the closing date, the 30% discount shall be increased to 40% (“Conversion Price”). The warrant entitles the holder for a period of three years from the Closing Date, to purchase shares of the Company’s common stock at a price of \$18.97 per share. The Convertible Debentures accrue

simple interest on the outstanding principal balance at a rate of 10% per annum. The accrued and unpaid interest can be converted into shares of the Company's common stock along with the principal on the maturity date. Also, the Convertible Debentures mature on the second anniversary of the initial closing ("Maturity Date").

The \$2,746,000 has been recorded as a loss on extinguishment of debt under other income (expense).

The Company's management has evaluated the Convertible Debenture and related warrants in accordance with ASC 480 — Distinguishing Liabilities from Equity and ASC 815 — Derivatives and Hedge Accounting. The features of the Convertible Debenture and warrants would not meet the criteria to be accounted for as a derivative or liability and therefore accounted for as equity.

In accordance with ASC 470 — Debt, the Company first allocated the cash proceeds to the loan and the warrants on a relative fair value basis, secondly, since the Company adopted and assessed the Convertible Debenture in accordance with ASU 2020-06 — Debt with Conversion and Other Options, the beneficial conversion feature was not recognized.

As of December 31, 2021, the Company sold 956,857 units for a total principal balance of \$9,079,000 and 956,857 warrants. The warrants were valued using the Black Scholes option pricing model at a total of \$8,851,000 based on the three-year term, volatility of 101.5% to 102.5%, a risk-free equivalent yield of 0.33% to 0.48%, and stock price ranging from \$13.05 to \$25.37. The stock price used was calculated based on the share price equivalent of each share of the Company's common stock based on Sphere 3D's common stock price in relation to the Merger Agreement, see Note 1 Agreement and Plan Merger for more information. Volatility used was calculated based on the price of a pool of companies that are in the crypto mining industry and are actively traded in the market. The relative fair value of the warrants used in allocating the proceed of the Convertible Debenture amounted to \$4,462,000 which was accounted for as a discount and amortized over the term of the Convertible Debenture.

Each holder of the Convertible Debentures has the right, exercisable at any time prior to the Maturity Date, to convert all, but not less than all, of the principal amount then outstanding, plus all accrued but unpaid interest thereon, if any, into common stock of the Company at a price equal to the Conversion Price, subject to an equitable adjustment for any stock splits, stock dividends or reorganization transactions having a similar effect. The holder must provide at least five business days prior notice to the Company of the exercise of his, her, or its conversion right. Automatic conversion of the Convertible Debenture into common stock upon the listing of the Company's common stock (or a successor company whose stock would be issuable upon conversion of the Convertible Debenture) on a national securities exchange.

The Company has entered into a Merger Agreement, as disclosed in Note 1 above. It is contemplated that Sphere 3D will file a registration statement, with the Securities and Exchange Commission, on a Form F-4 in connection with the Merger contemplated by the Merger Agreement. Such F-4 registration statement will register the shares issuable upon conversion of the Convertible Debenture and exercise of the warrants. If the Merger Agreement is terminated and the company does not otherwise undertake a going public transaction that will result in a listing on a national securities exchange or international equivalent within six months of such termination (the "Outside Date"), then the Company will file a resale registration statement registering for resale the Underlying Shares as soon as reasonably possible, but in no event later than 4 months after the Outside Date and use its best efforts to cause such resale registration statement to become effective as soon as possible thereafter.

On May 26, 2022, the Company issued 43,689 and 4,282 shares of common stock due to the conversion of convertible debentures with a principal amount aggregating \$414,000, less \$137,000 unamortized discount, and accrued interest of \$41,000, respectively, at a conversion rate of \$9.4867.

Also on May 26, 2022, the Company paid in cash an aggregate of \$9,504,000 to convertible debenture holders due to redemption. Principal and accrued interest redeemed amounted to \$8,665,000 and \$839,000, respectively.

Expenses related to the defense of such claims are recorded by the Company as incurred and included in the accompanying statements of operations. On the basis of current information, the Company does not believe there is a reasonable possibility that other than with regard to the Class Action described below, any material loss, if any, will result from any claims, lawsuits, and proceedings to which the Company is subject to either individually, or in the aggregate.

NOTE 12 — INCOME TAXES (cont.)

Deferred tax assets and liabilities are computed by applying the federal and state income tax rates in effect to the gross amounts of temporary differences and other tax attributes, such as net operating loss carryforwards. In assessing if the deferred tax assets will be realized, the Company considers whether it is more likely than not that some or all of these deferred tax assets will be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income during the period in which these deductible temporary differences reverse.

For financial reporting purposes, the Company has incurred a loss in each period since its inception. Based on all available evidence, including the Company's history of losses, management believes it is more likely than not that the net deferred tax assets will not be fully realizable. Accordingly, the Company provided for a full valuation allowance against its net deferred tax assets on December 31, 2022, and 2021. During the years ended December 31, 2022, and 2021, the valuation allowance increased by \$219,000 and \$5,388,000, respectively. The increase was attributable to the increase in our net operating loss carryforwards and several other deferred tax assets. The total valuation allowance results from the Company's estimate of its inability to recover its net deferred tax assets.

On December 31, 2022, the Company has federal and state net operating loss carryforwards, which are available to offset future taxable income, of approximately \$6,586,000 which for federal purposes has an unlimited carryforward period and begins to expire in 2041 for state purposes. These carryforwards may be subject to an annual limitation under Section 382 and 383 of the Internal Revenue Code of 1986, and similar state provisions if the Company experienced one or more ownership changes that would limit the amount of NOL and tax credit carryforwards that can be utilized to offset future taxable income and tax, respectively. In general, an ownership change, as defined by Sections 382 and 383, results from transactions increasing ownership of certain stockholders or public groups in the stock of the corporation by more than 50 percentage points over a three-year period. The Company has not completed an IRC Section 382/383 analysis. If a change in ownership were to have occurred, NOL and tax credit carryforwards could be eliminated or restricted. If eliminated, the related asset would be removed from the deferred tax asset schedule with a corresponding reduction in the valuation allowance. Due to the existence of the valuation allowance, limitations created by future ownership changes, if any, will not impact the Company's effective tax rate.

The Company files income tax returns in the United States and various state jurisdictions. Due to the Company's carryforward of net operating losses all tax years are open and subject to income tax examination by tax authorities. The Company's policy is to recognize interest expenses and penalties related to income tax matters as a tax expenses. As of December 31, 2022 and 2021, there are no unrecognized tax benefits, and there are no significant accruals for interest related to unrecognized tax benefits or tax penalties.

The Company is in the process of analyzing its NOL and has not determined if the company has had any change of control issues that could limit the future use of NOL. The NOL carryforwards that were generated after 2017 of approximately \$12,335,000 may only be used to offset 80% of future taxable income and are carried forward indefinitely.

NOTE 13 — FAIR VALUE OF FINANCIAL INSTRUMENTS

The carrying amounts of certain financial instruments, including cash and cash equivalents and accounts payable and accrued expenses, approximate their respective fair values due to the short-term nature of such instruments.

Assets and Liabilities Measured at Fair Value on a Recurring Basis

The Company evaluates its financial assets and liabilities subject to fair value measurements on a recurring basis to determine the appropriate level at which to classify them for each reporting period. This determination requires significant judgments to be made. The Company had the following financial assets and liabilities as of December 31, 2022:

	Balance as of December 31, 2022	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Liabilities				
BTC Note	\$ 12,636,000	\$ 12,636,000	\$ —	\$ —

NOTE 14 — SUBSEQUENT EVENT

The Company has evaluated subsequent events through the date the financial statements are available to be issued. The Management of the Company determined the following reportable non-adjusting events:

Mining Equipment Purchase Agreement

On January 3, 2023, the Company entered into an agreement with SunnySide Digital, Inc. to purchase twenty five (25) units of Antminer for \$41,250.

Banking Relationship

On March 12, 2023, Signature Bank was closed by the New York State Department of Financial Services, which appointed the Federal Deposit Insurance Corporation (FDIC) as a receiver. All of Signature's deposit accounts and loans were transferred into Signature Bridge Bank, N.A. On March 19, 2023, Flagstar Bank, N.A. entered into an agreement with FDIC to purchase the deposits and loans from Signature Bridge Bank.

On March 12, 2023, a Joint Statement by the U.S. Treasury, Federal Reserve, and FDIC, and a statement by the Federal Reserve Board, was issued stating that actions were approved, enabling the FDIC to complete its resolutions of Signature Bank in a manner that fully protects all depositors. As of the issuance date of these consolidated financial statements, the Company has full access to its funds deposited with Flagstar Bank.

Resignation

On January 25, 2023, the Company's chief financial officer resigned and agreed to provide consulting services until February 28, 2023.

Amendment Equipment Loan and Security Agreement

On March 27, 2023, the Company executed an amendment to the BTC Note ("Amendment"). The maturity date was extended from June 2021 to March 2026 and the interest rate was increased to 6% per annum.

Gryphon Digital Mining, Inc.
Notes to the Consolidated Financial Statements
For the Years Ended December 31, 2022 and 2021

NOTE 14 — SUBSEQUENT EVENT (cont.)

The monthly principal and interest payments have been adjusted to be 100% of net monthly mining revenue, defined as, for each calendar month, the sum of (a) all of Borrower's revenue generated from all Bitcoin generated by the Borrower with the Collateral less (b) the sum of the Borrower SG&A in connection with Bitcoin mining operations, but not to exceed the greater of (x) \$100,000 and (y) the amount that is previously preapproved by the Lender in writing for such calendar month; provided, however that, to the extent that SG&A is capped by clause (b) above, any unapplied SG&A may be rolled forward to subsequent months until fully deducted. Notwithstanding the foregoing, unless otherwise approved by Lender, the aggregate amount of SG&A during any rolling twelve-month period shall not exceed \$750,000. Provided that if at the end of a fiscal quarter, commencing with the fiscal quarter ending June 30, 2023, if (x) the aggregate principal amount payment received by the Lender for such fiscal quarter exceeds 38.6363638 Bitcoin and (y) the average principal amount payment received by the Lender for each fiscal quarter (commencing fiscal quarter ending June 30, 2023 and through and including the fiscal quarter for which such determination is to be made) exceeds 38.6363638 Bitcoin per fiscal quarter, then, the Borrower shall pay to the Lender 75% of Net Monthly Mining Revenue for the immediately succeeding fiscal quarter (and thereafter, in the following fiscal quarter would shift to 100%).

As consideration for the Amendment, the Company agreed to make a one-time payment of 173.17bitcoins, therefore, reducing the principal balance of bitcoins from 636.81 to 463.64, and a closing fee of \$45,000.

Litigation

On or about April 7, 2023, Sphere 3D filed a complaint against the Company in the case styled *Sphere 3D Corp. v. Gryphon Digital Mining, Inc.*, Case No. 23-cv-02954, in the United States District Court for the Southern District of New York (the "Complaint"). The Complaint alleges causes of action for breach of contract, breach of the implied covenant of good faith and fair dealing, and breach of fiduciary duty in connection with the Company's alleged failure to meet its obligations under the Sphere 3D MSA, and for the Company's allegedly prioritizing its own interest over Sphere 3D.

In light of the inherent uncertainties involved in such matters and based on the information currently available to the Company, no conclusion has been formed as to whether an unfavorable outcome is either probable or remote, therefore, no opinion is expressed as to the likelihood of an unfavorable outcome or the amount or range of any possible loss to the Company. The Company believes the Complaint is without merit and intends to vigorously defend this lawsuit and will seek dismissal of the lawsuit at the earliest possible opportunity.

In addition, the Complaint alleges two separate data security incidents incurred by the Company on January 27, 2023 and February 1, 2023, the Company was the victim of an email spoofing attack in which a hostile actor impersonated the Chief Financial Officer of Sphere 3D ("CFO").

A threat actor representing to be the CFO inserted themselves into an email exchange between the CFO and the Company's CEO, which also included Sphere 3D's CEO, regarding the transfer of Sphere 3D's BTC from the Company's wallet to Sphere 3D's wallet. The threat actor requested that the BTC be transferred to an alternate wallet. As a result, 26 BTC, with a value of approximately \$560,000 at the time, was transferred to a wallet controlled by the threat actor. Via counsel, Gryphon engaged with US Federal law enforcement to recover the BTC. Despite these attempts by law enforcement to recover the BTC, recovery was not possible. Gryphon subsequently wired the commensurate amount in USD to Sphere 3D to make them whole for the stolen BTC. Gryphon also engaged a nationally recognized third-party firm to perform a forensic analysis. The analysis revealed that the threat actor did not enter the email exchange via Gryphon's IT systems. The Company has also subsequently modified its control systems to protect against any future attempted incursions.

NOTE 1 — ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Nature of Operations

Gryphon Digital Mining, Inc. (formerly known as Ivy Crypto, Inc.) (the “Company”) was incorporated under the provisions and by the virtue of the provisions of the General Corporation Law of the State of Delaware on October 22, 2020, with the office located in Las Vegas, Nevada. The Company will operate a digital asset (commonly referred to as cryptocurrency) mining operation using specialized computers equipped with application-specific integrated circuit (ASIC) chips (known as “miners”) to solve complex cryptographic algorithms in support of the Bitcoin blockchain (in a process known as “solving a block”) in exchange for cryptocurrency rewards (primarily Bitcoin).

On April 20, 2022, the Company formed a limited liability company named Gryphon Opco I LLC (“GOI”). GOI aims to engage in any activity for which limited liability companies may be organized in the State of Delaware.

Termination of Merger — Sphere 3D Corp.

On June 3, 2021, the Company entered into an Agreement and Plan of Merger (“Merger Agreement”) with Sphere 3D Corp. (“Sphere 3D”). Upon completion of the merger (the “Merger”), the Sphere 3D Corp. will change its name to Gryphon Digital Mining, Inc.

As consideration for the merger transaction, Sphere 3D will issue 111,000,000 shares of its common stock to the shareholders of the Company, such that on closing, the Sphere 3D shareholders will own approximately 23% of the consolidated company and the Company shareholders will own approximately the remaining 77% on a fully diluted basis, subject to adjustments for additional capital raises by either entity. As of the Merger Agreement, the Company had 21,282,593 shares of common stock and share equivalents. Each share, and share equivalent, will be converted into 5.22 shares of Sphere 3D common stock. As of the Merger Agreement, the value of a share of the Company’s common stock was approximately \$8.50, for total consideration of approximately \$181,000,000.

On December 29, 2021, the Company and Sphere 3D entered into Amendment No. 1 to the Merger Agreement to give effect to the issuances by the Company of its equity securities subsequent to June 3, 2021. The parties agreed upon an increase in the number of Sphere 3D common shares that will be issued by Sphere 3D in the Merger from approximately 111,000,000 to approximately 122,000,000, with an effective exchange ratio of approximately 5.31. In addition, among other matters, the parties revised the termination provisions of the Merger Agreement to allow either party to terminate the Merger Agreement prior to March 31, 2022, upon a breach of the agreement by the other party following an opportunity to cure such breach, and to allow either party to terminate the Merger Agreement on or after March 31, 2022, for any reason or no reason by notice to the other party. In addition, upon termination, each party agreed to release the other party and its affiliates from any claims or proceedings such party shall have at the time of such termination against the other party existing by reason of, based upon, or arising out of the Merger Agreement.

On April 4, 2022, the Company and Sphere 3D mutually agreed to terminate their Merger Agreement announced on June 3, 2021, and as amended on December 29, 2021, due to changing market conditions, the passage of time, and the relative financial positions of the companies, among other factors.

The companies will continue their relationship through the previously disclosed Master Services Agreement, enabling Sphere 3D to leverage the Company’s expertise in bitcoin mining and the Company to generate additional operating income by managing Sphere 3D’s mining machines.

Lastly, in accordance with the Amended Merger Agreement, the Company received 850,000 shares of Sphere 3D’s restricted common stock that were held in a third-party escrow account, and the existing indebtedness owed by the Company to Sphere 3D in the principal amount of \$12,500,000 and accrued interest of \$466,000 shall be forfeited.

Akerna Merger Agreement

On January 27, 2023, the Company and Akerna Corp. (“Akerna”), entered into an agreement and plan of merger, as may be amended from time to time (the “Akerna Merger”), pursuant to which, subject to the satisfaction or waiver of the conditions set forth in the Akerna Merger Agreement, with the Company surviving as a wholly owned subsidiary of Akerna.

NOTE 1 — ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

At the effective time of the Akerna Merger, each share of the Company's common stock, series seed preferred stock, series seed II preferred stock, and any outstanding warrants (collectively "Gryphon Shares"), outstanding immediately prior to the effective time will be converted into the right to receive a per share portion of the aggregate number of shares of Akerna's common stock, par value \$0.0001 per share (the "Akerna Common Stock"), to be issued at the effective time as consideration for the Akerna Merger. The estimated exchange ratio of shares of Akerna Common Stock for Gryphon Shares is estimated to be approximately 3.51 shares ("Exchange Ratio") of Akerna Common Stock for each one share of Gryphon Shares.

Immediately after the consummation of the Akerna Merger, the Akerna equity holders as of immediately prior to the Akerna Merger are expected to own approximately 7.5% of the outstanding equity interests of the combined company on a fully diluted basis, and the Company's equity holders are expected to own approximately 92.5% of the outstanding equity interests of the combined company on a fully diluted basis. Actual ownership percentages will depend on the actual calculation of the Merger Consideration at closing, which will depend on a number of variables. Following the Akerna Merger, the Company's business will be the business of the combined company.

Reclassification

Certain reclassifications have been made to the December 31, 2022 consolidated financial statements and the three month and six month June 30, 2022 consolidated statement of operations in order to conform to the current period presentations.

Principles of Consolidation

The consolidated financial statements include the accounts of the Company and its wholly-owned subsidiary. All material intercompany transactions and balances have been eliminated in consolidation.

The consolidated financial statements include the accounts of the Company and its subsidiary from the date of inception (April 20, 2022).

Amendments to Certificate of Incorporation

On February 16, 2021, the Company filed its Amended and Restated Certificate of Incorporation with the Secretary of State of the State of Delaware to change its name from "Ivy Crypto, Inc." to "Gryphon Digital Mining, Inc."

Going Concern

The accompanying condensed consolidated financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP"), which contemplate the continuation of the Company as a going concern and the realization of assets and satisfaction of liabilities in the ordinary course of business. The carrying amounts of assets and liabilities presented in the financial statements do not necessarily purport to represent realizable or settlement values. The financial statements do not include any adjustment that might result from the outcome of this uncertainty.

Since the Company began revenue generation in September 2021, management has financed the Company's operations through equity and debt financing and the sale of the digital assets earned through mining operations.

The Company may incur additional losses from operations and negative cash outflows from operations in the foreseeable future. In the event the Company continues to incur losses, it may need to raise debt or equity financing to finance its operations until operations are cashflow positive. However, there can be no assurance that such financing will be available in sufficient amounts and on acceptable terms, when and if needed, or at all. The precise amount and timing of the funding needs cannot be determined accurately at this time and will depend on several factors, including

NOTE 1 — ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

the market price for the underlying commodity mined by the Company and its ability to procure the required mining equipment and operate profitably. The Company's financial statements have been presented on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the ordinary course of business.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of expenses during the reporting period. Actual results could differ from those estimates.

Fair Values of Financial Instruments

The Company adopted the provisions of Accounting Standards Codification ("ASC") subtopic 825-10, Financial Instruments ("ASC 825-10") which defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required or permitted to be recorded at fair value, the Company considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

ASC 825-10 establishes a fair value hierarchy that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. ASC 825-10 establishes three levels of inputs that may be used to measure fair value:

Level 1 — Quoted prices in active markets for identical assets or liabilities.

Level 2 — Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets with insufficient volume or infrequent transactions (less active markets); or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 — Unobservable inputs to the valuation methodology that are significant to the measurement of the fair value of assets or liabilities.

Cash and Cash Equivalents

The Company considers all short-term highly liquid investments with a remaining maturity at the date of purchase of three months or less to be cash equivalents. Cash and cash equivalents are recorded at cost, which approximates their fair value. The Company maintains its cash and cash equivalents in banks insured by the Federal Deposit Insurance Corporation ("FDIC") in accounts that at times may be in excess of the federally insured limit of \$250,000 per bank. The Company minimizes this risk by placing its cash deposits with major financial institutions. As of June 30, 2023 and December 31, 2022, the Company had cash and equivalents of \$710,000 and \$17,000, in excess of the federal insurance limit and restricted cash of \$20,000 and \$2,000, respectively.

Accounts Receivable

Accounts receivable pertain to proceeds (fiat currency) not yet received for the sale of digital assets or cryptocurrencies due to the cut-off period and accounts receivable related to the revenue share from Sphere 3D.

NOTE 1 — ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

Prepaid Expense

Prepaid expenses which consist of payments for an insurance policy and are expected to be realized and consumed within twelve months after the reporting period.

Digital Assets Held for Other Parties

In accordance with the Securities and Exchange Commission's Staff Accounting Bulletin 121, the Company records an obligation liability and a corresponding digital asset held for other parties' assets based on the fair value of the cryptocurrency held for other parties at each reporting date. In accordance with ASC 820, the Company has fair valued these digital assets and the associated liability by using the Yahoo Finance closing price of Bitcoin on the reporting date. This balance also includes the cash balance held for other parties.

Digital Assets

Digital assets or cryptocurrencies consist of Bitcoin, which were derived from our mining operations, are included in current assets in the accompanying consolidated balance sheets.

The Company accounts for digital assets as indefinite-lived intangible assets in accordance with ASC 350, Intangibles — Goodwill and Other. The Company has ownership of and control over cryptocurrencies and uses third-party custodial services to secure them. The digital assets are initially recorded at cost based on quoted prices (the lowest trading price for the day) on the active exchange(s) that the Company has determined is its principal market for cryptocurrencies (Level 1 inputs) Yahoo Finance ("Principal Market"). The Company uses the lowest day trading value, as of the reporting date, as disclosed on Yahoo Finance.

An impairment analysis is performed at each reporting period to identify whether events or changes in circumstances, in particular decreases in the quoted prices on active exchanges, indicate that it is more likely than not that the digital assets held by the Company are impaired. The fair value of digital assets is determined on a nonrecurring basis in accordance with ASC 820, Fair Value Measurement, based on quoted prices (the lowest trading price for the day) on our Principal Market. The Company uses the lowest day trading value, as of the reporting date, as disclosed on Principal Market. If the carrying value of the digital asset exceeds the fair value based on the lowest price quoted in the active exchanges during the period, an impairment loss has occurred with respect to those digital assets in the amount equal to the difference between their carrying values and the price determined.

Impairment losses are recognized within "Operating expenses" in the consolidated statement of operations in the period in which the impairment is identified. The impaired digital assets are written down to their fair value, which is the lowest value for the day, at the time of impairment and this new cost basis will not be adjusted upward for any subsequent increase in fair value. Gains are not recorded until realized upon sale or disposition of the digital asset.

Cryptocurrencies awarded to the Company through its mining activities are included within operating activities in the accompanying consolidated statements of cash flows. The cash received from the sales of cryptocurrencies earned through our mining activities is included within operating activities in the accompanying consolidated statements of cash flows, and any realized gains or losses from such sales are included in operating expenses in the consolidated statements of operations.

Mining Equipment

Mining Equipment is stated at cost, including purchase price and all shipping and customs fees, and depreciated using the straight-line method over the estimated useful lives of the assets, generally three years for cryptocurrency mining equipment.

Unaudited Notes to the Consolidated Financial Statements

NOTE 1 — ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

In accordance with ASC 360-10-35, the Company reviews the carrying amounts of mining equipment when events or changes in circumstances indicate the assets may not be recoverable. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss, if any. Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

The recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows to be derived from continuing use of the asset or cash-generating unit are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Fair value less costs of disposal is the amount obtainable from the sale of an asset or cash-generating unit in an arm's length transaction between knowledgeable, willing parties, less the cost of disposal. When a binding sale agreement is not available, fair value less costs of disposal is estimated using a discounted cash flow approach with inputs and assumptions consistent with those of a market participant. If the recoverable amount of an asset or cash-generating unit is estimated to be less than its carrying amount, the carrying amount of the cash-generating unit is reduced to its recoverable amount. An impairment loss is recognized immediately in net income.

At the point in time a miner becomes inoperable and not repairable, the Company records an expense amounting to the carrying value, which is the cost basis less accumulated depreciation at the time of write off.

Derivatives

The Company evaluates all of its financial instruments to determine if such instruments are derivatives or contain features that qualify as embedded derivatives. For derivative financial instruments that are accounted for as liabilities, the derivative instrument is initially recorded at its fair value and would then be re-valued at each reporting date, with changes in the fair value reported in the condensed statements of operations. If there are stock-based derivative financial instruments, the Company will use a probability-weighted average series Binomial lattice option pricing models to value the derivative instruments at inception and on subsequent valuation dates.

The classification of derivative instruments, including whether such instruments should be recorded as liabilities or as equity, is evaluated at the end of each reporting period. Derivative instrument liabilities will be classified in the balance sheet as current or non-current based on whether or not net-cash settlement of the derivative instrument could be required within 12 months of the balance sheet date. Derivative liability will be measured initially and subsequently at fair value.

Revenue Recognition

The Company recognizes revenue under ASC 606, Revenue from Contracts with Customers. The core principle of the new revenue standard is that a company should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the company expects to be entitled in exchange for those goods or services. The following five steps are applied to achieve that core principle:

- Step 1: Identify the contract with the customer
- Step 2: Identify the performance obligations in the contract
- Step 3: Determine the transaction price
- Step 4: Allocate the transaction price to the performance obligations in the contract
- Step 5: Recognize revenue when the Company satisfies a performance obligation

In order to identify the performance obligations in a contract with a customer, a company must assess the promised goods or services in the contract and identify each promised good or service that is distinct. A performance obligation meets ASC 606's definition of a "distinct" good or service (or bundle of goods or services) if both of the following

Gryphon Digital Mining, Inc.

June 30, 2023

NOTE 1 — ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

criteria are met: The customer can benefit from the good or service either on its own or together with other resources that are readily available to the customer (i.e., the good or service is capable of being distinct), and the entity's promise to transfer the good or service to the customer is separately identifiable from other promises in the contract (i.e., the promise to transfer the good or service is distinct within the context of the contract).

If a good or service is not distinct, the good or service is combined with other promised goods or services until a distinct bundle of goods or services is identified.

The transaction price is the amount of consideration to which an entity expects to be entitled in exchange for transferring promised goods or services to a customer. The consideration promised in a contract with a customer may include fixed amounts, variable amounts, or both. When determining the transaction price, an entity must consider the effects of all of the following:

- Variable consideration
- Constraining estimates of variable consideration
- The existence of a significant financing component in the contract
- Noncash consideration
- Consideration payable to a customer

Variable consideration is included in the transaction price only to the extent that it is probable that a significant reversal in the amount of cumulative revenue recognized will not occur when the uncertainty associated with the variable consideration is subsequently resolved. The transaction price is allocated to each performance obligation on a relative standalone selling price basis. The transaction price allocated to each performance obligation is recognized when that performance obligation is satisfied, at a point in time, or over time as appropriate.

Cryptocurrency mining:

The Company has digital asset mining pools relationships with the mining pool operators to provide computing power to the mining pool. The relationships can be terminable at any time by either party and the Company's enforceable right to compensation only begins when the Company provides computing power to the mining pool operator. In exchange for providing computing power, the Company is entitled to a fractional share of the fixed cryptocurrency award the mining pool operator receives (less digital asset transaction fees to the mining pool operator which are recorded as a component of the cost of revenues), for successfully adding a block to the blockchain. The Company's fractional share is based on the proportion of computing power the Company contributed to the mining pool operator to the total computing power contributed by all mining pool participants in solving the current algorithm.

Providing computing power in digital asset transaction verification services is an output of the Company's ordinary activities. The provision of providing such computing power is the only performance obligation in the Company's contracts with mining pool operators. The Company contributes its hashrate to one mining pool operator, Foundry USA. Foundry USA operates its pool on the Full Pay Per Share (FPPS) payout method. FPPS is a variant of the Pay Per Share (PPS) method, where miners receive a fixed payout for each valid share submitted, regardless of whether the pool finds a block. Daily Earnings are calculated from midnight-to-midnight UTC time, and the sub-account balance is credited one hour later at 1 AM UTC time. Earnings accrued in the balance would be withdrawn to the selected whitelisted wallet address, once a day, during 9 AM to 5 PM UTC time. According to the Foundry USA Pool's FAQ page, the minimum payout threshold for Bitcoin (BTC) is 0.001 bitcoin. This means a payout will only be initiated once a miner has accumulated a balance of at least 0.001 bitcoin. During the three and six month periods ended June 30, 2023, the Company has provided hash rate that has yielded daily payments greater than 0.001 bitcoin. Under the FPPS method, Foundry USA provides the Company with a stable and predictable payout for their mining efforts. Regardless of the pool's success, the Company will receive consistent rewards based on the number of valid shares (hash rate) they

NOTE 1 — ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

contribute. The Company's performance is complete in transferring the hashrate service over-time (midnight to midnight) to the customer, i.e. Foundry USA, and the customer obtains control of that asset. In exchange for providing computing power, the Company is entitled to a pro rata share of the fixed bitcoin awards earned over the measurement period, plus a pro rata fractional share of the global transaction fee rewards for the respective measurement period, less net digital asset fees due to the mining pool operator over the measurement period, as applicable. The transaction consideration the Company receives is non-cash consideration, in the form of bitcoin. The Company measures the bitcoin at fair value on the date earned using the lowest price of bitcoin on the date earned (midnight UTC). There are no deferred revenues or other liability obligations recorded by the Company since there are no payments in advance of the performance. At the end of the 24 hour "midnight-to-midnight" period, there are no remaining performance obligations. By utilizing the lowest price of bitcoin on the date earned, the Company eliminates any differences that may arise in trading price between bitcoin and fiat currency during the period where Gryphon establishes and completes the contract. The consideration is all variable. There is no significant financing component in these transactions.

The fair value assigned to the cryptocurrency award received is initially recorded at cost based on quoted prices (the lowest trading price for the day) on the Principal Market at the date the Company is notified of the consideration earned. If authoritative guidance is enacted by the Financial Accounting Standards Board ("FASB"), the Company may be required to change its policies, which could affect the Company's financial position and results from operations.

Master service agreement:

The Company has entered into an agreement with Sphere 3D to be an exclusive provider of management services for all blockchain and cryptocurrency-related operations including but not limited to services relating to all mining equipment owned, purchased, leased, operated, or otherwise controlled by Sphere 3D and/or its subsidiaries and/or its affiliates at any location. For the said services the Company will receive 22.5% of the net operating profit of all of Sphere 3D's blockchain and cryptocurrency-related operations. The net operating profits in defined as the value of the digital asset mined less energy cost and profit paid to the host facility.

As Sphere 3D has the ultimate right to determine the facility location for each machine. The Company has the responsibility for the following:

- 1) Ensuring the machines are installed in the facility selected by Sphere.
- 2) Selecting and connecting the machines to a mining pool.
- 3) To review the mining reports and maintain a wallet for the coins earned for the mining operation.
- 4) To maintain a custodial wallet for the coins earned from the Sphere machines.
- 5) To sell and/or transfer the coins at the request of Sphere.

At the time the digital assets are mined, they are transferred into the custodial wallet maintained by the Company. As of the receipt of the digital asset, the Company has completed its performance obligation, the transaction price is determinable, net operating profit can be calculated so that the Company can determine its revenue under the contract; therefore, the Company records as revenue the management fee received. See Note 8 — Commitment and contingencies "Sphere 3D MSA".

Cost of Revenues

The Company's cost of revenue consists primarily of direct costs of earning bitcoin related to mining operations, including mining pool fees, electric power costs, other utilities, labor, insurance whether incurred directly from self-mining operations or reimbursed, including any revenue sharing arrangements under co-location agreements, but excluding depreciation and impairment of digital assets, which are separately stated in the Company's statements of operations.

Stock-Based Compensation

We account for our stock-based compensation under ASC 718 “*Compensation — Stock Compensation*” using the fair value-based method. Under this method, compensation cost is measured at the grant date based on the value of the award and is recognized over the service period, which is usually the vesting period. This guidance establishes standards for the accounting of transactions in which an entity exchanges its equity instruments for goods or services. It also addresses transactions in which an entity incurs liabilities in exchange for goods or services that are based on the fair value of the entity’s equity instruments, or the issuance of those equity instruments may settle that.

We use the fair value method for equity instruments granted to non-employees and use the Black-Scholes model for measuring the fair value of options. The stock-based fair value compensation is determined as of the date of the grant or the date at which the performance of the services is completed (measurement date) and is recognized over the vesting periods.

Common stock awards

The Company grants common stock awards to non-employees in exchange for services provided. The Company measures the fair value of these awards using the fair value of the services provided or the fair value of the awards granted, whichever is more reliably measurable. The fair value measurement date of these awards is generally the date the performance of services is complete. The fair value of the awards is recognized on a straight-line basis as services are rendered. The share-based payments related to common stock awards for the settlement of services provided by non-employees are recorded in accordance with ASC 718 on the statement of operations in the same manner and charged to the same account as if such settlements had been made in cash.

Warrants

The Company has issued warrants to purchase shares of its common stock in connection with certain financing, consulting, and collaboration arrangements. The outstanding warrants are standalone instruments that are not puttable or mandatorily redeemable by the holder and are classified as equity awards. The Company measures the fair value of the awards using the Black-Scholes option pricing model as of the measurement date. Warrants issued in conjunction with the issuance of common stock are initially recorded at fair value as a reduction in additional paid-in capital of the common stock issued. All other warrants are recorded at fair value as expense over the requisite service period or at the date of issuance if there is not a service period.

Income Taxes

The Company accounts for income taxes under the asset and liability method, in which deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in operations in the period that includes the enactment date. A valuation allowance is required to the extent any deferred tax assets may not be realizable.

ASC Topic 740, Income Taxes, (“ASC 740”), also clarifies the accounting for uncertainty in income taxes recognized in an enterprise’s financial statements and prescribes a recognition threshold and measurement process for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more likely than not to be sustained upon examination by taxing authorities. ASC 740 also provides guidance on derecognition, classification, interest, and penalties, accounting in interim periods, disclosure, and transition. Based on the Company’s evaluation, it has been concluded that there are no significant uncertain tax positions requiring recognition in the Company’s financial statements. The Company believes that its income tax positions and deductions would be sustained at the audit and does not anticipate any adjustments that would result in material changes to its financial position.

NOTE 1 — ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

Earnings Per Share

The Company uses ASC 260, “Earnings Per Share” for calculating the basic and diluted earnings (loss) per share. The Company computes basic earnings (loss) per share by dividing net income (loss) by the weighted average number of common shares outstanding. Diluted earnings (loss) per share is computed based on the weighted average number of shares of common stock plus the effect of warrants potential common shares outstanding during the period using the treasury stock method. Dilutive potential common shares include outstanding stock options and warrants and stock awards. For periods with a net loss, basic and diluted loss per share is the same, in that any potential common stock equivalents would have the effect of being anti-dilutive in the computation of net loss per share.

Securities that could potentially dilute loss per share in the future were not included in the computation of diluted loss per share for the three and six months ended June 30, 2023, and 2022 because their inclusion would be anti-dilutive. Common stock equivalents amounted to 6,344,239 and 6,505,350 for both three months and six months ended June 30, 2023, and 2022, respectively.

Recent Accounting Pronouncements

The Company’s management reviewed all recently issued accounting standard updates (“ASU’s”) not yet adopted by the Company and does not believe the future adoptions of any such ASU’s may be expected to cause a material impact on the Company’s consolidated financial condition or the results of its operations.

NOTE 3 — MARKETABLE SECURITIES

In accordance with the Amended Merger Agreement, the Company received 850,000 shares of Sphere 3D's restricted common stock that are held in a third-party escrow account upon providing written notice of the merger termination.

On April 4, 2022, the Company and Sphere 3D mutually agreed to terminate their Merger Agreement announced on June 3, 2021, and as amended on December 29, 2021, due to changing market conditions, the passage of time, and the relative financial positions of the companies, among other factors.

NOTE 7 — NOTES PAYABLE (cont.)

The Loan is secured by (1) 7,200 S19j Pros Application Specific Integrated Circuit (ASIC) miners used for Bitcoin mining, (2) The Colocation Mining Services Agreement, dated as of July 1, 2022, by and between Borrower and Coinmint, and (3) The Contribution Agreement, dated as of May 25, 2022, by and between Borrower and the Company.

The Company evaluated the Loan in accordance with ASC 815 Derivatives and Hedging. Based on this evaluation, the Company has determined that the Loan will require derivative accounting and will be adjusted to fair value every reporting period. The fair value is determined by using the lowest day trading value, as of the reporting date, as disclosed on Yahoo Finance.

ASC 820, Fair Value Measurement (“ASC 820”) is the standard that defines the fair value framework when another Topic requires fair value measurements or disclosures about fair value measurement. A fair value measurement under ASC 820 for an asset assumes that the asset is exchanged in an orderly transaction between market participants either in the principal market for the asset or, in the absence of a principal market, the most advantageous market for the asset in accordance with ASC 820-10-35-5. Further, as noted under ASC 820-10-35-5A, “a reporting entity does not need undertake an exhaustive search of all possible markets to identify the principal market... but it shall take into account all information that is reasonably available”. The digital assets held by the Company (i.e., bitcoin) are traded on a number of active markets globally, including over the counter (“OTC”) markets and digital asset exchanges. The Company therefore considered response 16 listed in the AICPA Digital Guide which states that the reliability and sufficiency of the information produced could vary market by market, and to overcome the presumption that the market in which an entity transacts for the crypto asset is presumed to be the principal market, an entity must obtain evidence that the market it normally transacts in is not the market with the greatest volume and level of activity for the crypto asset. Response 16 further states that “if an entity normally buys and sells crypto assets through an intermediary or a broker, it would generally identify that market as the principal market.”

On March 29, 2023, the Company executed an amendment to the BTC Note (“Amendment”). The maturity date was extended from May 2024 to March 2026, and the interest rate was increased to 6% per annum, to be applied to the number of bitcoins remaining to be paid at the beginning of each month.

The monthly principal and interest payments, starting with the April 2023 payment, have been adjusted to be 100% of net monthly mining revenue, defined as, for each calendar month, the sum of (a) all of Borrower’s revenue generated from all Bitcoin generated by the Borrower with the Collateral *less* (b) the sum of the Borrower SG&A in connection with Bitcoin mining operations, but not to exceed the greater of (x) \$100,000 and (y) the amount that is previously preapproved by the Lender in writing for such calendar month; provided, however that, to the extent that SG&A is capped by clause (b) above, any unapplied SG&A may be rolled forward to subsequent months until fully deducted. Notwithstanding the foregoing, unless otherwise approved by Lender, the aggregate amount of SG&A during any rolling twelve-month period shall not exceed \$750,000. Provided that if at the end of a fiscal quarter, commencing with the fiscal quarter ending June 30, 2023, if (x) the aggregate principal amount payment received by the Lender for such fiscal quarter exceeds 38.6363638 Bitcoin and (y) the average principal amount payment received by the Lender for each fiscal quarter (commencing fiscal quarter ending June 30, 2023 and through and including the fiscal quarter for which such determination is to be made) exceeds 38.6363638 Bitcoin per fiscal quarter, then, the Borrower shall pay to the Lender 75% of Net Monthly Mining Revenue for the immediately succeeding fiscal quarter (and thereafter, in the following fiscal quarter would shift to 100%).

Also, as part of the Amendment, the Company has agreed not to convey, sell, lease, transfer, assign, or otherwise dispose of any of the Company’s digital assets outside of the ordinary course of business.

Additionally, the Company is required thereunder to maintain a collateral (mining equipment, digital assets or US dollars) coverage ratio of 110% (Collateral Coverage Ratio). A breach of the Collateral Coverage Ratio shall not be deemed to have occurred until the lender has provided notice to the Company of such breach. If the Collateral Coverage Ratio decreases below 110%, the Company will have to provide the lender with additional collateral in the form of bitcoin, U.S. dollars, or additional equipment. If the Company is unable to do so within 15 days, the Company

Gryphon Digital Mining, Inc.

NOTE 7 — NOTES PAYABLE (cont.)

may default on the BTC Note, which could have a material adverse effect on the Company's operations, financial condition, and results of operations. As of June 30, 2023, the Company was not aware of a breach of the Collateral Coverage Ratio.

The Amendment also added a conversion provision whereby the lender has a limited right to convert all or any portion of the outstanding principal on the BTC Note into a number of shares of the Company or any public company that the Company is a subsidiary of, if the Company is not the public company (the "Conversion Right"). The Conversion Right is available at any time during the one-month period (the "Conversion Period") after which the market capitalization of the Company, or its public company parent if the Company is not the public company, for the first time exceeds \$125,000,000 for five consecutive days. The conversion price is equal to \$150,000,000 divided by the number of shares of the Company, or its public company parent if the Company is not the public company, common stock outstanding immediately prior to the lender's exercise of the Conversion Right during the Conversion Period.

As consideration for the Amendment, the Company agreed to make a one-time payment of 173.17 bitcoins, which had a fair value of approximately \$4,856,000 on the date of payment, therefore, reducing the principal balance of bitcoins from 636.81 to 463.64, and a closing fee of \$104,000, which was offset with the adjustment for the change in fair value, as defined under debt modification accounting.

The Company has evaluated the Amendment in accordance with ASC 470-50 Modification and Extinguishments. Based on the change in the interest rate from 5.0% to 6.0%, caused there to be a significant change in the cashflows of the BTC Note. Also, given that the BTC Note carried on the Condensed Consolidated Balance Sheet at fair value, any gain on loss from the extinguishment would be adjusted through the change in fair value as of March 31, 2023.

Also, based on the repayment terms and the interest calculation, the Company is unable to determine what would be the current portion and long-term portions as of June 30, 2023, so the Company will present the BTC Note as current.

The following table summarizes the fair value of the BTC Note:

As of June 30, 2023	Principal
Beginning Balance	\$ 12,636,000
Payments	(4,691,000)
Adjustment to fair value	8,949,000
Amendment principal payment	(4,856,000)
Ending balance	\$ 12,038,000
Less – current portion	12,038,000
Balance – noncurrent portion	\$ —

For the three and six months ended June 30, 2023, the Company recognized interest expense amounting to \$178,000 and \$368,000 (of which \$58,000 is accrued), respectively.

For the three and six months ended June 30, 2022, the Company recognized interest expense amounting to \$104,000 and \$104,000, respectively.

\$300,000 (Canadian dollars) upon the closing of either i) an equity financing totaling at least \$5,000,000 (Canadian dollars); or (ii) a debt and equity financing totaling at least \$10,000,000 (Canadian dollars) (either (i) or (ii) being a “Qualifying Financing”). If a Qualifying Financing occurs within 90 days from the Effective Date, then the invoicing exception for the first ninety days shall no longer apply and the Consultant shall be entitled to immediately invoice for all completed 30-day periods up to the date of the Qualifying Financing. Upon the closing of the private placement offering on March 16, 2021, the Company met the criteria for a Qualified Offering; therefore, the consulting compensation increased to \$300,000 (Canadian dollars) annually.

The Compensation Committee shall review Consultant’s Annual Fee not less frequently than on December 31st during the Engagement Term. The consultant will be eligible for periodic increases in the Annual Fee under the Company’s normal policies and procedures for executive salary increases, which currently provide for annual reviews of executive salaries. Consultant’s Annual Fee for any year may not be reduced below the Consultant’s Annual Fee for the prior year without the written consent of both Consultant and the Company.

Also, Robby Chang has shares of common stock of the Company. On February 2, 2021, the Company determined that the fair market value of a share of common stock was approximately \$2.40; therefore, the cash proceeds amounting to that were initially received by the Company were below the fair market value of the shares. The additional value was considered by management to be compensation for Robby Chang as he provides services to the Company. Compensation expenses recognized amounted to \$4,540,000.

Coinmint Co-location Mining Services Agreement

On July 1, 2021, the Company entered into an agreement with Coinmint, (the “Coinmint Agreement”), pursuant to which Coinmint agreed to provide up to approximately 22.0 MW of power and to perform all maintenance necessary to operate Company’s miners at the Coinmint facility. In exchange, Coinmint is reimbursed for direct production expenses and receives a performance fee based on the net cryptocurrencies generated by the Company’s miners deployed at the Coinmint facility. The initial term of the Coinmint Agreement is fifteen months with automatic renewals for subsequent three (3) month terms until and unless terminated as provided in the agreement.

The Company entered into the second amendment of the colocation mining service agreement (“CMS Amendment”) with Coinmint, LLC. The CMS Amendment has an effective date of July 1, 2023. The CMS Amendment provides (1) for the Company to obtain an additional 3MW of capacity for a total capacity of 27.5 MW, (2) the performance fee rate was set at 30% for less than or equal to 29.5 W/TH for Bitmain Antminer S19 ProXP, Bitmain Antminer S19j Pro+, and Bitmain Antminer S19 in low power mode and 33% for greater than 29.5 W/TH for Bitmain Antminer S19 in normal mode.

The Company determined the agreement with Coinmint does not meet the definition of a lease in accordance with Accounting Standards Codification (“ASC”) 842, Leases.

Core Scientific Co-location Mining Service Agreement and Sub-License and Delegation Agreement

On September 12, 2021, the Company entered into an agreement with Core Scientific, Inc. On October 8, 2021, the Company entered into a Sub-License and Delegation Agreement (“SL&DA”) with Sphere 3D, whereby the Company (i) exclusively sub-licensed to Sphere its rights to access and use the Company Facility pursuant

Sphere 3D MSA

On August 19, 2021, Gryphon entered into a Master Services Agreement, or the Sphere MSA, with Sphere 3D. The Sphere 3D MSA has a term of three years, beginning on August 19, 2021, and terminating on August 18, 2024, with one-year automatic renewal terms thereafter. Under the Sphere MSA, Gryphon is Sphere 3D's exclusive provider of management services for all blockchain and cryptocurrency-related operations, including but not limited to services relating to all mining equipment owned, purchased, leased, operated, or otherwise controlled by Sphere 3D and/or its subsidiaries and/or its affiliates at any location, with Gryphon receiving a percentage of the net operating profit of all of Sphere 3D's blockchain and cryptocurrency-related operations.

On December 29, 2021, the Company and Sphere 3D entered into Amendment No. 1 to the Sphere 3D MSA, to provide greater certainty as to the term of the Sphere 3D MSA. Sphere 3D and Gryphon agreed to extend the initial term of the Sphere 3D MSA from three to four years, or to five years in the event Sphere 3D does not receive delivery of a specified minimum number of Bitcoin mining machines during 2022.

The cryptocurrency earned from the Sphere 3D's mining operations is held in a wallet, in which the Company holds the cryptographic key information and maintains the internal recordkeeping of the cryptocurrency. The Company's contractual arrangements state that Sphere 3D retains legal ownership of the cryptocurrency; has the right to sell,

pledge, or transfer the cryptocurrency; and benefits from the rewards and bears the risks associated with the ownership, including as a result of any cryptocurrency price fluctuations. Sphere 3D also bears the risk of loss as a result of fraud or theft unless the loss was caused by the Company's gross negligence or the Company's willful misconduct. The Company does not use any of the cryptocurrency resulting from the Sphere 3D MSA as collateral for any of the Company's loans or other financing arrangements, nor does it lend, or pledge cryptocurrency held for Sphere.

A threat actor representing to be the Sphere 3D CFO inserted themselves into an email exchange between the Sphere 3D CFO and the Company's CEO, which also included Sphere 3D's CEO, regarding the transfer of Sphere 3D's BTC from the Company's wallet to Sphere 3D's wallet. The threat actor requested that the BTC be transferred to an alternate wallet. As a result, 26 BTC, with a value of approximately \$560,000 at the time, was transferred to a wallet controlled by the threat actor. Via counsel, Gryphon engaged with US Federal law enforcement to recover the BTC. Despite these attempts by law enforcement to recover the BTC, recovery was not possible. Gryphon subsequently wired the commensurate amount in USD to Sphere 3D to make them whole for the stolen BTC. Gryphon also engaged a nationally recognized third-party firm to perform a forensic analysis. The analysis revealed that the threat actor did not enter the email exchange via Gryphon's IT systems. The Company has also subsequently modified its control systems to protect against any future attempted incursions. During the six months ended June 30, 2023, the Company made the payment to Sphere 3D for \$560,000, which was classified as a general and administrative expense on the unaudited condensed consolidated statement of operations.

As of June 30, 2023, and December 31, 2022, the Company held approximately 16.389 and 2.498 bitcoin, respectively, with a value of approximately \$500,000 and \$41,000, respectively. Also, as of June 30, 2023 and December 31, 2022, they held approximately \$20,000 and \$2,000, respectively, of cash, generated from the sale of Sphere 3D BTC, to be used to make payment related to the Sphere MSA.

On March 19, 2023, Flagstar Bank, N.A. entered into an agreement with FDIC to purchase the deposits and loans from Signature Bridge Bank.

On March 12, 2023, a Joint Statement by the U.S. Treasury, Federal Reserve, and FDIC, and a statement by the Federal Reserve Board, was issued stating that actions were approved, enabling the FDIC to complete its resolutions of Signature Bank in a manner that fully protects all depositors. As of the issuance date of these consolidated financial statements, the Company has full access to its funds deposited with Arival Bank.

The Company entered into an employment agreement ("Employment Agreement") with an individual to be the Company's CFO. The Employment Agreement is effective on June 19, 2023 ("Effective Date"), with the first two full financial reporting quarters (six months ended June 30, 2023, and the nine months ended September 30, 2023) of the Company to be defined as an introductory period, so as to, provide the Company an opportunity to observe and evaluate the Employee's capacity in satisfactorily performing the essential functions of the CFO position, CFO's work habits and conduct, and to provide the CFO with an opportunity to assess whether the Company and CFO's position of employment are the right fit for CFO. The CFO will have a base salary of \$200,000 and shall be eligible to receive an annual bonus with a target of up to fifty percent (50%) of the CFO's then-current base salary under a short-term incentive bonus plan as approved by the Company's compensation committee of the Board ("Compensation Committee").

Also, the CFO was granted a time-based equity grant covering 390,800 shares of the Company's common stock (the "Equity Grant") pursuant to an equity incentive plan (the "Equity Plan"). The Equity Grant shall vest over a three (3)-year period beginning on the Effective Date, subject to CFO's continued employment with the Company through the relevant vesting date, in accordance with the following schedule:

- (i) 1/6 of the Equity Grant shall vest upon the six (6)-month anniversary of the Effective Date;
- (ii) 5/6 of the Equity Grant shall vest in substantially equal quarterly installments commencing with the first quarter following the six (6) month anniversary of the Effective Date;

The vesting of the Equity Grant shall be accelerated in full if the CFO is continuously employed through a Change in Control (as defined in the Equity Plan and the award agreement), provided that a reverse takeover transaction or merger for the purposes of listing the Company on a public exchange shall not constitute such a Change in Control.

The Equity Grant is subject to the approval by the Company's stockholders of the Equity Plan and shall be subject to the terms and conditions of the Equity Plan and the Company's standard award agreements.

Contingencies

The Company is subject at times to various claims, lawsuits, and governmental proceedings relating to the Company's business and transactions arising in the ordinary course of business. The Company cannot predict the final outcome of such proceedings. Where appropriate, the Company vigorously defends such claims, lawsuits, and proceedings. Some of these claims, lawsuits and proceedings seek damages, including, consequential, exemplary, or punitive damages, in amounts that could, if awarded, be significant. Certain of the claims, lawsuits, and proceedings arising in the ordinary course of business are covered by the Company's insurance program. The Company maintains the property and various types of liability insurance in an effort to protect the Company from such claims. In terms of any matters where there is no insurance coverage available to the Company, or where coverage is available and the Company maintains a retention or deductible associated with such insurance, the Company may establish an accrual for such loss, retention, or deductible based on currently available information. In accordance with accounting guidance, if it is probable that an asset has been impaired or a liability has been incurred as of the date of the financial statements, and the amount of loss is reasonably estimable, then an accrual for the cost to resolve or settle these claims is recorded by the Company in the accompanying balance sheets. If it is reasonably possible that an asset may be impaired as of the date of the financial statement, then the Company discloses the range of possible loss. Expenses related to the defense of such claims are recorded by the Company as incurred and included in the accompanying statements of operations. Management, with the assistance of outside counsel, may, from time to time adjust such accruals according to new developments in the matter, court rulings, or changes in the strategy affecting the Company's defense of such matters. On the basis of current information, the Company does not believe there is a reasonable possibility that other than with regard to the Class Action described below, any material loss, if any, will result from any claims, lawsuits, and proceedings to which the Company is subject to either individually, or in the aggregate.

On or about April 7, 2023, Sphere 3D filed a complaint against the Company in the case styled *Sphere 3D Corp. v. Gryphon Digital Mining, Inc.*, Case No. 23-cv-02954, in the United States District Court for the Southern District of New York (the "Complaint"). The Complaint alleges causes of action for breach of contract, breach of the implied covenant of good faith and fair dealing, and breach of fiduciary duty in connection with the Company's alleged failure to meet its obligations under the Sphere 3D MSA, and for the Company's allegedly prioritizing its own interest over Sphere 3D.

In light of the inherent uncertainties involved in such matters and based on the information currently available to the Company, no conclusion has been formed as to whether an unfavorable outcome is either probable or remote, therefore, no opinion is expressed as to the likelihood of an unfavorable outcome or the amount or range of any possible loss to the Company. The Company believes the Complaint is without merit and intends to vigorously defend this lawsuit and will seek dismissal of the lawsuit at the earliest possible opportunity.

In addition, the Complaint alleges two separate data security incidents incurred by the Company on January 27, 2023 and February 1, 2023, the Company was the victim of an email spoofing attack in which a hostile actor impersonated the Chief Financial Officer of Sphere 3D ("CFO").

The Company has designated 6,000,000 shares as series seed preferred stock ("Series Seed Shares"), 1,000,000 shares as series seed II preferred stock (Series Seed II Shares"), and 13,000,000 as undesignated preferred stock. The Company's Board of Directors may issue preferred stock in one or more series from time to time and fix or alter the powers, preferences, and rights, and the qualifications, limitations, and restrictions granted to or imposed upon any wholly unissued series of preferred stock, and within the limits or restrictions stated in any resolutions of the Board of Directors.

In the event of any voluntary or involuntary liquidation, dissolution, or winding up of the Company or any deemed liquidation event, before any payment shall be made to the holders of common stock, holders of shares of preferred stock then outstanding shall be entitled to be paid out of the funds and assets available for distribution to its stockholders at the greater of \$2.40 per share for Series Seed and \$6.68 per share for Series Seed II or such amount per share as would have been payable had all shares of preferred stock been converted into common stock.

The Company's management evaluated the series seed and series seed II preferred stock for features that qualify as embedded derivative liabilities. The management concluded that the conversion feature would not be a derivative to be accounted for as a liability.

Such notice shall set forth, in reasonable detail, the action proposed to be taken. If the Company objects to Acquiror or any of its Subsidiaries taking such action during such five Business Day period, Acquiror and the Company shall consult with each other and MJF Purchaser in good faith to determine an alternative to the proposed action, and Acquiror will, and will use commercially reasonable efforts to cause MJF Purchaser to, consider in good faith any issues raised or alternatives proposed by the Company. If the Company can demonstrate that the taking of the proposed action by Acquiror or any of its Subsidiaries could reasonably be expected to cause any of the conditions set forth in Article 7 not to be satisfied, or the satisfaction of such conditions being materially delayed, or otherwise jeopardize the consummation of the Merger, then Acquiror and its Subsidiaries will not take the proposed action.

(b) Without limiting the generality of the foregoing, from and after the date of this Agreement until the earlier of the Closing and the termination of this Agreement in accordance with Article 8, each of the Company and Acquiror shall, except as (1) expressly required by this Agreement or any Ancillary Document, (2) required by applicable Law (including any Pandemic Measures), (3) set forth on Section 6.1(b) of the Company Disclosure Schedules or the Acquiror Disclosure Schedules, as applicable, or (4) consented to in writing by the other Party, not do, and shall not permit any of its Subsidiaries to do, any of the following:

(ii) solely with respect to the Acquiror Group Members, directly or indirectly acquire, whether by merging or consolidating with, by purchasing a substantial portion of the assets of, by purchasing any Equity Securities of, or by any other manner, any business or any corporation, partnership, limited liability company, joint venture, association or other entity or Person or division thereof;

(iii) adopt any amendments, supplements, restatements or modifications to their respective Governing Documents, other than as required to effect the Redemptions, the Exchanges and the Reverse Split;

(iv) issue, deliver, sell, transfer, grant, pledge or otherwise directly or indirectly dispose of, or place any Lien (other than Permitted Liens) on, any (A) Equity Securities of any Company Group Member or Acquiror Group Member, as applicable, or (B) options, warrants or other rights to purchase or obtain any Equity Securities of any Company Group Members or Acquiror Group Members, as applicable, in each case after the Company Capitalization Freeze Date (with respect to the Company Group Members) or the Acquiror Capitalization Freeze Date (with respect to the Acquiror Group Members), as applicable;

(v) sell, assign, transfer, convey, lease, license, abandon or otherwise dispose of, any material assets, rights or properties (including Intellectual Property Rights), other than as contemplated by the Sale Transaction Agreements;

(vi) (A) solely with respect to the Acquiror Group Members, (1) incur, create or assume any Indebtedness, (2) modify, in any material respect, the terms of any Indebtedness or (3) assume, guarantee or endorse, or otherwise become responsible for, the obligations of any Person for Indebtedness and (B) solely with respect to the Company Group Members (1) incur, create or assume Indebtedness not in the ordinary course of business in excess of \$10,000,000 in the aggregate or (2) assume, guarantee or endorse, or otherwise become responsible for, the obligations of any Person for Indebtedness in excess of \$10,000,000 in the aggregate; provided, that the foregoing limitations shall not restrict any Company Group Member from assuming, guaranteeing or endorsing any Indebtedness in connection with any strategic acquisition of assets or Equity Securities;

(viii) solely with respect to Acquiror Group Members, enter into any Contract that, if in existence as of the date of this Agreement, would be a Sale Transaction Agreement or an Acquiror Material Contract, or amend, modify, waive any material benefit or right under or terminate any Sale Transaction Agreement or Acquiror Material Contract (excluding, for the avoidance of doubt, any expiration or automatic extension or renewal of any Acquiror Material Contract pursuant to its terms);

(ix) make any loans, advances or capital contributions to, or guarantees for the benefit of, or any investments in, any Person, other than the reimbursement of business expenses of employees in the ordinary course of business; provided, that the foregoing limitation shall not restrict any Company Group Member from making any guarantee for the benefit of, or investment in, any Person in connection with any strategic acquisition of assets or Equity Securities;

(x) solely with respect to the Acquiror Group Members or as contemplated in connection with adoption of the Post-Closing Equity Plan, (A) amend, modify, adopt, enter into or terminate any Acquiror Employee Benefit Plan, or any material benefit or compensation plan, policy, program or Contract that would be an Acquiror Employee Benefit Plan, as applicable, if in effect as of the date of this Agreement, other than for renewals in the ordinary course of business; (B) increase the compensation payable to any individual contractor, manager, director, officer or employee of the Acquiror Group, as applicable; (C) take any action to accelerate any payment, right to payment, or benefit, or the funding of any payment, right to payment or benefit, payable or to become payable to any individual contractor, manager, director, officer or employee of the Acquiror Group, as applicable; (D) grant any additional rights to severance, termination, change in control, retention or similar compensation to any individual contractor, manager, director, officer or employee of the Acquiror Group; (E) hire or engage any employee or independent contractor, or any other individual who is providing or will provide services to any Acquiror Group Member; or (F) grant any compensatory arrangement or award that may settle in Acquiror Capital Stock.

(xi) waive or release any noncompetition, non-solicitation, nondisclosure, noninterference, nondisparagement, or other restrictive covenant obligation of any manager, employee, Contractor, director or officer of any Company Group Member or any Acquiror Group Member, as applicable;

(xii) except as contemplated in the Sale Transaction Agreements or by Section 6.18 of this Agreement, implement or announce any employee layoffs, plant closings, furloughs, reductions in force, reductions in compensation, salaries, wages, hours or benefits, work schedule changes or such similar actions that could implicate the WARN Act;

(xiii) (A) negotiate, modify, extend, or enter into any collective bargaining agreement or (B) recognize or certify any labor union, labor organization, works council, or group of employees as the bargaining representative for any employee of the Company Group or the Acquiror Group, as applicable;

(xiv) make or change any entity classification or other material Tax election or adopt or change any material Tax accounting method in a manner inconsistent with past practice, file any material Tax Return in a manner inconsistent with past practices or amend any material Tax Return or file a claim for material Tax refunds, enter into any agreement with a Governmental Entity with respect to a material amount of Taxes, settle or compromise any claim or assessment by a Governmental Entity in respect of any material amount of Taxes, surrender any right to claim a Tax refund, offset or other reduction in Tax liability or consent to any extension or waiver of the statutory period of limitation applicable to any claim, audit or assessment in respect of a material amount of income Taxes, or enter into any Tax sharing or similar agreement other than in the ordinary course of business;

(xv) (A) cancel or compromise any claim or Indebtedness owed to any Company Group Member or any Acquiror Group Member, as applicable, or (B) solely with respect to the Acquiror Group Members, settle any pending or threatened Proceeding, (1) if such settlement would require payment by any Acquiror Group Member, as applicable, in an amount greater than \$100,000, in the aggregate, (2) to the extent such settlement involves a Governmental Entity or alleged criminal wrongdoing, or (3) if such settlement will impose any material, non-monetary obligations on any Company Group Member, any Acquiror Group Member, or any of their respective Affiliates after the Closing;

(xvi) authorize, recommend, propose or announce an intention to adopt, or otherwise effect, a plan of complete or partial liquidation, dissolution, restructuring, recapitalization, reorganization or similar transaction, other than as required to effect the Exchanges, the Redemptions, the Post-Closing Exchanges and the Reverse Split;

(xvii) solely with respect to the Acquiror Group Members, redeem, purchase, repurchase or otherwise acquire, or offer to redeem, purchase, repurchase or acquire, any Equity Securities, other than as required to effect the Redemptions, the Exchanges and the Post-Closing Exchanges;

(xviii) adjust, split, combine, subdivide, recapitalize, reclassify or otherwise effect any change in respect of any Equity Securities, other than as required to effect the Exchanges, the Redemptions, the Post-Closing Exchanges and the Reverse Split;

(xix) solely with respect to the Acquiror Group Members, make any capital expenditures;

(xx) enter into any Contract with any broker, finder, investment banker or other Person under which such Person is or will be entitled to any brokerage fee, finders' fee or other commission in connection with the Transactions;

(xxiv) enter into any Contract to take, or cause to be taken, any of the actions set forth in this [Section 6.1\(b\)](#).

Unless doing so is impracticable due to emergency or urgent circumstances, each Party shall provide advance notice to and reasonably consult with the other Party prior to or promptly following the taking of any action that would be otherwise prohibited or restricted by this [Section 6.1\(b\)](#) but for clause (2) above. Notwithstanding anything in this [Section 6.1](#) or this Agreement to the contrary, nothing set forth in this Agreement shall give Acquiror or the Company, as applicable, directly or indirectly, the right to control or direct the operations of any Company Group Member or Acquiror Group Member, as applicable, prior to the Closing.

Section 6.2 Efforts to Consummate.

(a) Subject to the terms and conditions herein provided, each of the Parties shall use commercially reasonable efforts to take, or cause to be taken, all actions and to do, or cause to be done, all things reasonably necessary or advisable to consummate and make effective as promptly as reasonably practicable the Transactions (including the satisfaction, but not waiver, of the closing conditions set forth in [Article 7](#)) and, in the case of any Ancillary Document to which such Party will be a party after the date of this Agreement, to execute and deliver such Ancillary Document when required pursuant to this Agreement. Without limiting the generality of the foregoing, each of the Parties shall use commercially reasonable efforts to obtain, file with or deliver to, as applicable, any Consents of any Governmental Entities necessary, proper or advisable to consummate the Transactions, including preparing and submitting any required notices related to any registrations obtained by any Company Group Member from any Governmental Entity and preparing and submitting any requests to amend or novate any Permits that may be necessary as a consequence of the Transactions. Each Party shall bear its out-of-pocket costs and expenses in connection with the preparation and obtaining of any such Consents. Acquiror shall promptly inform the Company of any communication between any Acquiror Party, on the one hand, and any Governmental Entity, on the other hand, and the Company shall promptly inform Acquiror of any communication between the Company, on the one hand, and any Governmental Entity, on the other hand, in either case, regarding any of the Transactions. Without limiting the foregoing, each Party and their respective Affiliates shall not enter into any agreement with any Governmental Entity not to consummate the Transactions, except with the prior written consent of Acquiror and the Company. Nothing in this [Section 6.2](#) obligates any Party or any of its Affiliates to agree to (1) sell, license or otherwise dispose of, or hold separate and agree to sell, license or otherwise dispose of, any entities, assets or facilities, (2) terminate, amend or assign existing relationships and contractual rights or obligations, (3) amend, assign or terminate existing licenses or other agreements, or (4) enter into new licenses or other agreements. No Party shall agree to any of the foregoing measures with respect to any other Party, except with Acquiror's and the Company's prior written consent.

(b) From and after the date of this Agreement until the earlier of the Closing and the termination of this Agreement in accordance with its terms, the Acquiror Parties, on the one hand, and the Company, on the other hand, shall give counsel for the Company (in the case of any Acquiror Party) or Acquiror (in the case of the Company), a reasonable opportunity to review in advance, and consider in good faith the views of the other in connection with, any proposed written communication to any Governmental Entity relating to the Transactions. Each of the Parties agrees not to participate in any substantive meeting or discussion, either in person or by telephone, with any Governmental Entity in connection with the Transactions unless it consults with, in the case of any Acquiror Party, the Company, or, in the case of the Company, Acquiror in advance.

(c) Notwithstanding anything to the contrary in the Agreement, in the event that this [Section 6.2](#) conflicts with any other covenant or agreement in this [Article 6](#) that is intended to specifically address certain subject matter, then such other covenant or agreement shall govern and control solely to the extent of such conflict.

Section 6.3 Confidentiality and Access to Information.

(a) The Parties hereby acknowledge and agree that the information being provided in connection with this Agreement and the consummation of the Transactions is subject to the terms of the Confidentiality Agreement, the terms of which are incorporated herein by reference. Notwithstanding the foregoing or anything to the contrary in this Agreement, in the event that this [Section 6.3\(a\)](#) or the Confidentiality Agreement conflicts with any other covenant or agreement contained herein that contemplates the disclosure, use or provision of information or otherwise, then such other covenant or agreement contained herein shall govern and control to the extent of such conflict.

(b) From and after the date of this Agreement until the earlier of the Closing Date and the termination of this Agreement in accordance with [Article 8](#), upon reasonable advance written notice, each of Acquiror and the Company shall provide, or cause to be provided, to the other Party and its Representatives during normal business hours reasonable access to the directors, officers, books, records, Company IT Systems and Acquiror IT Systems, as applicable, facilities and properties of each Acquiror Group Member and Company Group Member (in a manner so as to not interfere with the normal business operations of such Acquiror Group Member or Company Group Member and subject to any applicable Pandemic Measures), and shall use its and their respective commercially reasonable efforts to furnish such Representatives with all financial and operating data and other information concerning the affairs of the Acquiror Group Members and the Company Group Members that are in the possession of any Acquiror Group Member or Company Group Member, as applicable, in each case, as the other Party and its Representatives may reasonably request. Notwithstanding the foregoing, each of Acquiror and the Company shall not be required to provide, or cause to be provided to, the other Party or any of its Representatives any information (i) if, and to the extent, doing so would (A) violate any Law to which an Acquiror Group Member or Company Group Member, as applicable, is subject or (B) jeopardize protections afforded to any Acquiror Group Member or Company Group Member, as applicable, under the attorney-client privilege or the attorney work product doctrine (provided that, in case of both of [clauses \(A\)](#) and [\(B\)](#), Acquiror or the Company, as applicable, shall use commercially reasonable efforts to (x) provide such access as can be provided (or otherwise convey such information regarding the applicable matter as can be conveyed) without violating such privilege or Law and (y) provide such information in a manner without violating such privilege or Law), or (ii) if any Company Group Member, on the one hand, and any Acquiror Group Member, on the other hand, are adverse parties in a Proceeding and such information is reasonably pertinent thereto; provided that Acquiror or the Company, as applicable, shall, in the case of [clause \(i\)](#) or [\(ii\)](#), provide prompt written notice of the withholding of access or information on any such basis.

(c) The Parties hereby acknowledge and agree that the Confidentiality Agreement shall be automatically terminated effective as of the Closing without any further action by any Party or any other Person.

Section 6.4 [Public Announcements](#).

(a) Prior to the Effective Time, none of the Parties or any of their respective Representatives shall issue any press releases or make any public announcements with respect to this Agreement or the Transactions without the prior written consent of the Company and Acquiror; provided, however, that each Party may make any such announcement or other communication (i) if such announcement or other communication is required by applicable Law (including pursuant to the Securities Laws or the rules of any national securities exchange), in which case the disclosing Party and its Representatives shall use commercially reasonable efforts to consult with the Company, if the disclosing party is any Acquiror Party, or with Acquiror, if the disclosing party is the Company, to review such announcement or communication and provide the opportunity to comment thereon and the disclosing Party shall consider such comments in good faith, (ii) to the extent such announcements or other communications contain only information previously disclosed in a public statement, press release or other communication previously approved in accordance with this [Section 6.4](#), (iii) to Governmental Entities in connection with any Consents required to be made under this Agreement, the Ancillary Documents or in connection with the Transactions and (iv) regarding the status and terms (including price terms) of this Agreement and the Transactions to their respective directors, officers, employees, direct and indirect current or prospective limited partners and investors or otherwise in the ordinary course of their respective businesses, in each case under this clause (iv), so long as such recipients are obligated to keep such information confidential.

(b) The initial press release concerning this Agreement and the Transactions shall be a joint press release in the form agreed by the Company and Acquiror prior to the execution of this Agreement and such initial press release (the "[Signing Press Release](#)") shall be released as promptly as reasonably practicable after the execution of this Agreement. The Company, on the one hand, and Acquiror, on the other hand, shall mutually agree upon (such agreement not to be unreasonably withheld, conditioned or delayed by either the Company or Acquiror, as applicable) a press release announcing the consummation of the Transactions (the "[Closing Press Release](#)") prior to the Closing, and, on the Closing Date, the Parties shall cause the Closing Press Release to be released. In connection with the preparation of each of the Signing Press Release and the Closing Press Release, each Party shall, upon written request by any other Party, furnish such other Party with all information concerning itself, its directors, officers and equityholders, and such other matters as may be reasonably necessary for such press release or filing.

Section 6.5 Tax Matters.

(a) The Parties intend that for U.S. federal (and, as applicable, state and local) income Tax purposes, the Merger will be treated as a “reorganization” within the meaning of Sections 368(a)(1)(A) and 368(a)(2)(E) of the Code and as an exchange to which Section 351 of the Code applies (the “Intended Tax Treatment”), and hereby adopt this Agreement as a “plan of reorganization” within the meaning of Treasury Regulations Sections 1.368-2(g) and 1.368-3 and Section 354(a)(1) of the Code. Each of the Parties shall use commercially reasonable efforts not to take an action that could reasonably be expected to cause the Merger to fail to qualify for the Intended Tax Treatment. The Parties will comply with the filing requirements of Treasury Regulations Sections 1.351-3 or 368-3, as applicable.

(b) Except as required by a “determination” within the meaning of Section 1313 of the Code, the Parties shall, and shall cause each of their respective applicable Affiliates to: (i) prepare and file all Tax Returns consistent with the Intended Tax Treatment; (ii) take no position in any communication with any Governmental Entity or any other action inconsistent with the Intended Tax Treatment; (iii) promptly inform each other of any challenge by any Governmental Entity to any portion of the Intended Tax Treatment; (iv) consult with and keep one another informed with respect to the status of, and any discussion, proposal or submission with respect to, any such challenge to any portion of the Intended Tax Treatment; and (v) use their respective commercially reasonable efforts to defend the Intended Tax Treatment in any audit, examination, claim or other similar proceeding.

(c) All Transfer Taxes incurred in connection with this Agreement shall be borne by the Company and paid when due. The Company shall timely file, or cause to be timely filed, all necessary Tax Returns and other documentation with respect to all such Transfer Taxes and, if required by applicable Law, the Acquiror will join in the execution of any such Tax Return or documentation.

(d) Acquiror and the Holders shall cooperate fully, as and to the extent reasonably requested by the other Party, in connection with the filing or amendment of Tax Returns and any audit or other proceeding with respect to Taxes or Tax Returns of Acquiror, the Surviving Company, the Company or its Subsidiaries. Such cooperation shall include the retention and (upon the other Party’s request) the provision of records and information which are reasonably relevant to any such Tax Return, audit or other proceeding and making employees available on a mutually convenient basis to provide additional information and explanation of any material provided hereunder. Any out-of-pocket expenses incurred in connection with the operation of this Section 6.5(d) shall be borne by the requesting Party.

(e) Notwithstanding any provision in this Agreement to the contrary, Acquiror makes no representations or warranties to the Company Group, the Company Stockholders or any other security holders of the Company with respect to whether the Merger qualifies for the Intended Tax Treatment.

Section 6.6 Non-Solicitation; Recommendation of the Merger.

(a) Acquiror shall not, and shall not permit or authorize any of its Subsidiaries or any Representative of Acquiror or any of its Subsidiaries, directly or indirectly, to (i) solicit, initiate, endorse, knowingly encourage or facilitate any inquiry, proposal or offer with respect to, or the making or completion of, any Acquisition Proposal, or any inquiry, proposal or offer that is reasonably likely to lead to any Acquisition Proposal, (ii) enter into, continue or otherwise participate in any discussions or negotiations regarding, or furnish to any Person any information or data with respect to, or otherwise cooperate in any way with, any Acquisition Proposal or (iii) resolve, agree or propose to do any of the foregoing; provided, that Acquiror may (x) advise any Person of the restrictions of this Agreement; and (y) advise any Person making an Acquisition Proposal that the Acquiror Board has determined that such Acquisition Proposal does not constitute a Superior Proposal, in each case, if, in so doing, no other information that is prohibited from being communicated under this Agreement is communicated to such Person. Acquiror shall, and shall cause each of its Subsidiaries and the Representatives of Acquiror and its Subsidiaries to, (A) immediately cease and cause to be terminated all existing discussions and negotiations with any Person conducted heretofore with respect to any Acquisition Proposal or potential Acquisition Proposal and immediately terminate all physical and electronic data room access previously granted to any such Person, (B) request the prompt return or destruction of all confidential information previously furnished with respect to any Acquisition Proposal or potential Acquisition Proposal, and (C) not terminate, waive, amend, release or modify any provision of any confidentiality or standstill agreement to which it or any of its Affiliates or Representatives is a party with respect to any Acquisition Proposal or potential Acquisition Proposal, and shall enforce the provisions of any such agreement, which shall include seeking any injunctive relief available to enforce such agreement (provided, that Acquiror shall be permitted to grant waivers of, and not enforce, any standstill agreement, but solely to the extent that the Acquiror Board has determined in good faith,

[Table of Contents](#)

after consultation with its outside counsel, that failure to take such action (1) would prohibit the counterparty from making an unsolicited Acquisition Proposal to the Acquiror Board in compliance with this [Section 6.6](#) and (2) would constitute a breach of its fiduciary duties to the Acquiror Stockholders under applicable Law). Notwithstanding the foregoing, if at any time following the date of this Agreement and prior to obtaining the Acquiror Stockholder Approval, (w) Acquiror receives a written Acquisition Proposal that the Acquiror Board believes in good faith to be bona fide, (x) such Acquisition Proposal was unsolicited and did not otherwise result from a breach of this [Section 6.6](#) (other than *de minimis* breaches), (3) the Acquiror Board determines in good faith (after consultation with outside counsel and its financial advisor) that such Acquisition Proposal constitutes or is reasonably likely to constitute or lead to a Superior Proposal, and (4) the Acquiror Board determines in good faith (after consultation with outside counsel) that the failure to take the actions referred to in clause (I) and/or (II) below would constitute a breach of its fiduciary duties to the Acquiror Stockholders under applicable Law, then Acquiror may (I) furnish information with respect to Acquiror and its Subsidiaries to the Person making such Acquisition Proposal pursuant to a customary confidentiality agreement containing terms substantially similar to, and no less favorable to Acquiror than, those set forth in the Confidentiality Agreement (including any standstill agreement contained therein) (an “[Acceptable Confidentiality Agreement](#)”); provided, that (x) Acquiror shall provide the Company a non-redacted copy of each confidentiality agreement Acquiror has executed in accordance with this [Section 6.6](#) and (y) any non-public information provided to any such Person shall have been previously provided to the Company or shall be provided to the Company prior to or concurrently with the time it is provided to such Person, and (II) participate in discussions or negotiations with the Person making such Acquisition Proposal regarding such Acquisition Proposal. Acquiror shall not provide (and shall not permit any of its Subsidiaries or any of their respective Representatives to provide) any commercially or competitively sensitive non-public information in connection with the actions permitted by this [Section 6.6](#), except in accordance with “clean room” or other similar procedures designed to limit any adverse effect of the sharing of such information on Acquiror, which procedures shall be consistent in all material respects with Acquiror’s practices in dealing with the disclosures of such information to the Company or its Representatives.

(b) Neither the Acquiror Board nor any committee thereof, shall:

(i) (A) withdraw (or modify or qualify in any manner adverse to the Company) the recommendation or declaration of advisability by the Acquiror Board or any such committee of this Agreement, the Merger or any of the other Transactions, (B) recommend or otherwise declare advisable the approval by the Acquiror Stockholders or the Holders of any Acquisition Proposal, or (C) resolve, agree or propose to take any such actions (each such action set forth in this [Section 6.6\(b\)\(i\)](#) being referred to herein as an “[Adverse Recommendation Change](#)”); or

(ii) cause or permit the any Acquiror Group Member to enter into any letter of intent, memorandum of understanding, agreement in principle, acquisition agreement, merger agreement, option agreement, joint venture agreement, partnership agreement or other Contract, except for an [Acceptable Confidentiality Agreement](#) (each, an “[Alternative Acquisition Agreement](#)”), in each case constituting or related to, or which is intended to or is reasonably likely to lead to, any Acquisition Proposal, or resolve, agree or propose to take any such actions.

Notwithstanding the foregoing, at any time prior to obtaining the Acquiror Stockholder Approval, the Acquiror Board may, if the Acquiror Board determines in good faith (after consultation with outside counsel) that the failure to do so would result in a breach of its fiduciary duties to the Acquiror Stockholders under applicable Law, taking into account all adjustments to the terms of this Agreement that may be offered by the Company pursuant to this [Section 6.6](#), (x) make an Adverse Recommendation Change in response to a Superior Proposal, or (y) solely in response to a Superior Proposal received after the date hereof that was unsolicited and did not otherwise result from a breach of this [Section 6.6](#) (other than *de minimis* breaches), cause Acquiror to terminate this Agreement in accordance with [Section 8.1\(g\)](#) and concurrently enter into a binding [Alternative Acquisition Agreement](#) with respect to such Superior Proposal; provided, however, that Acquiror may not make an Adverse Recommendation Change in response to a Superior Proposal or terminate this Agreement pursuant to [Section 8.1\(g\)](#) unless:

(A) Acquiror notifies the Company in writing at least five Business Days before taking that action of its intention to do so, and specifies the reasons therefor, including the terms and conditions of, and the identity of the Person making, such Superior Proposal, and contemporaneously furnishes a copy (if any) of the proposed [Alternative Acquisition Agreement](#) and any other relevant transaction documents (it being understood and agreed that any material amendment to the financial terms or any other term of such Superior Proposal shall require a new written notice by Acquiror and a new five Business Day period); and

(B) if the Company makes a proposal during such five Business Day period to adjust the terms and conditions of this Agreement, the Acquiror Board, after taking into consideration the adjusted terms and conditions of this Agreement as proposed by the Company, continues to determine in good faith (after consultation with outside counsel and its financial advisor) that such Superior Proposal continues to be a Superior Proposal and that the failure to make an Adverse Recommendation Change or terminate this Agreement, as applicable, would result in a breach of its fiduciary duties to the Acquiror Stockholders under applicable Law;

During the five Business Day period prior to its effecting an Adverse Recommendation Change or terminating this Agreement as referred to above, Acquiror shall, and shall cause its financial and legal advisors to, negotiate with the Company in good faith (to the extent the Company seeks to negotiate) regarding any revisions to the terms of the transactions contemplated by this Agreement proposed by the Company. If the Acquiror Board determines that an Acquisition Proposal would cease to be a Superior Proposal following the revisions to this Agreement proposed by the Company, Acquiror shall promptly so advise the Company and Acquiror and the Company shall amend this Agreement to reflect such offer made by the Company, and shall take and cause to be taken all such actions as are necessary to give effect to the foregoing. Notwithstanding anything to the contrary contained herein, neither Acquiror nor any of its Subsidiaries shall enter into any Alternative Acquisition Agreement unless this Agreement has been terminated in accordance with its terms (including the payment of the Termination Fee pursuant to [Section 8.3](#), if applicable).

(c) In addition to the obligations of Acquiror set forth in [Section 6.6\(a\)](#) and [Section 6.6\(b\)](#), Acquiror promptly (and in any event within 24 hours of receipt) shall advise the Company in writing in the event Acquiror or any of its Subsidiaries or Representatives receives (i) any indication by any Person that it is considering making an Acquisition Proposal, (ii) any inquiry or request for information, discussion or negotiation that is reasonably likely to lead to or that contemplates an Acquisition Proposal, or (iii) any proposal or offer that is or is reasonably likely to lead to an Acquisition Proposal, in each case together with a description of the material terms and conditions of and facts surrounding any such indication, inquiry, request, proposal or offer, the identity of the Person making any such indication, inquiry, request, proposal or offer, and a copy of any written proposal, offer or draft agreement provided by such Person. Acquiror shall keep the Company informed (orally and in writing) in all material respects on a timely basis of the status and details (including, within 24 hours after the occurrence of any amendment, modification, development, discussion or negotiation) of any such Acquisition Proposal, request, inquiry, proposal or offer, including furnishing copies of any written inquiries, correspondence and draft documentation, and written summaries of any material oral inquiries or discussions. Without limiting any of the foregoing, Acquiror shall promptly (and in any event within 24 hours) notify the Company orally and in writing if it determines to begin providing information or to engage in discussions or negotiations concerning an Acquisition Proposal pursuant to [Section 6.6\(a\)](#) or [Section 6.6\(b\)](#) and shall in no event begin providing such information or engaging in such discussions or negotiations prior to providing such notice. Acquiror shall provide the Company with at least 24 hours prior notice (or such shorter notice as may be provided to the Acquiror Board) of a meeting of the Acquiror Board at which the Acquiror Board is reasonably expected to consider an Acquisition Proposal.

(d) Acquiror agrees that any violation of the restrictions set forth in this [Section 6.6](#) by any Representative of Acquiror or any of its Subsidiaries, whether or not such Person is purporting to act on behalf of Acquiror or any of its Subsidiaries or otherwise, shall be deemed to be a material breach of this Agreement by Acquiror.

(e) Acquiror shall not, and shall cause its Subsidiaries not to, enter into any confidentiality agreement with any Person subsequent to the date of this Agreement that would restrict the Acquiror's ability to comply with any of the terms of this [Section 6.6](#), and represents that neither it nor any of its Subsidiaries is a party to any such agreement.

(f) Acquiror shall not take any action to exempt any Person (other than the Company and its Affiliates) from the restrictions on "business combinations" contained in Section 203 of the DGCL (or any similar provision of any other Takeover Law) or otherwise cause such restrictions not to apply, or agree to do any of the foregoing, in each case unless such actions are taken substantially concurrently with a termination of this Agreement pursuant to [Section 8.1\(g\)](#).

(g) Nothing contained in [Section 6.6\(a\)](#) shall prohibit the Company from taking and disclosing a position contemplated by Rule 14e-2(a), Rule 14d-9 or Item 1012(a) of Regulation M-A promulgated under the Exchange Act; provided, however, that any such disclosure (other than a "stop, look and listen" communication or similar communication of the type contemplated by Section 14d-9(f) under the Exchange Act) shall be deemed

to be an Adverse Recommendation Change (including for purposes of [Section 8.1\(f\)](#)) unless the Acquiror Board expressly reaffirms its recommendation to the Acquiror Stockholders in favor of the approval of this Agreement and the Transactions in such disclosure and expressly rejects any applicable Acquisition Proposal.

(h) If Acquiror provides the Company with notice of a Superior Proposal as contemplated in [Section 6.6\(b\)](#) after a date that is less than seven (7) Business Days before the Acquiror Stockholder Meeting, Acquiror shall be entitled to, and the Company shall be entitled to require Acquiror to, adjourn or postpone the Acquiror Stockholder Meeting to a date that is not more than 15 Business Days after the scheduled date of the Acquiror Stockholder Meeting but in any event the Acquiror Stockholder Meeting shall not be postponed to a date which would prevent the Effective Time from occurring on or prior to the Termination Date.

[Section 6.7 Company Financial Statements.](#) As promptly as reasonably practicable following the date of this Agreement, the Company shall provide to Acquiror the unaudited consolidated balance sheet of the Company Group, and the related unaudited consolidated statements of income, changes in members' equity (deficit) and cash flows, prepared in accordance with (i) GAAP applied on a consistent basis throughout the covered periods and (ii) Regulation S-X, that have been reviewed by the Company's independent auditor in accordance with PCAOB Auditing Standard 4105, for each fiscal quarter of the Company Group between January 1, 2022 and September 30, 2022 (and the comparable period in the prior year). All costs incurred in connection with preparing and obtaining such financial statements shall be borne by the Company.

[Section 6.8 Preparation of Proxy Statement and Form S-4; Acquiror Stockholders Meeting](#)

(a) As promptly as practicable after the date of this Agreement (and in any event within twenty-eight (28) calendar days after the date hereof), Acquiror shall (i) prepare (with the Company's reasonable cooperation) and file with the SEC (A) a proxy statement (as amended or supplemented from time to time, the "[Proxy Statement](#)") to be sent to the Acquiror Stockholders relating to the special meeting of the Acquiror Stockholders (the "[Company Stockholders Meeting](#)") to be held to consider the Acquiror Stockholder Approval Matters and (B) a registration statement on Form S-4 (as amended or supplemented from time to time, the "[Form S-4](#)"), in which the Proxy Statement will be included as a prospectus, in connection with the registration under the Securities Act of the Acquiror Common Stock comprising the Merger Consideration, and (ii) in consultation with the Company, set a preliminary record date for the Acquiror Stockholders Meeting and commence a broker search pursuant to Section 14a-13 of the Exchange Act in connection therewith. Acquiror shall use its reasonable best efforts (1) to have the Form S-4 declared effective under the Securities Act as promptly as practicable after such filing and to keep the Form S-4 effective as long as is necessary to consummate the Merger and the other Transactions and (2) to cause the Proxy Statement to be mailed to the Acquiror Stockholders as promptly as practicable after the Form S-4 is declared effective under the Securities Act. Acquiror shall also take any action (other than qualifying to do business in any jurisdiction in which it is not now so qualified or filing a general consent to service of process) required to be taken under any applicable state securities or "blue sky" laws in connection with the issuance of shares of Acquiror Common Stock in the Merger and the Company shall furnish all information concerning the Company and the holders of Company Capital Stock as may be reasonably requested in connection with any such action. No filing of, or amendment or supplement to, the Form S-4 or the Proxy Statement will be made by Acquiror without providing the Company a reasonable opportunity to review and comment thereon and without the Company's prior approval (which shall not be unreasonably withheld). Acquiror will advise the Company promptly after it receives oral or written notice thereof, of the time when the Form S-4 has become effective or any amendment or supplement thereto has been filed, the issuance of any stop order, the suspension of the qualification of the Acquiror Common Stock issuable in connection with the Merger for offering or sale in any jurisdiction or any oral or written request by the SEC for amendment of the Proxy Statement or the Form S-4 or comments thereon and responses thereto or requests by the SEC for additional information, and will promptly provide the Company with copies of any written communication from the SEC or any state securities commission and a reasonable opportunity to participate in the responses thereto. Acquiror shall (i) provide the Company with reasonable prior notice of any scheduled telephone calls between Acquiror or its Representatives and the SEC, and (ii) use its reasonable best efforts to allow the Company or its Representatives to participate in all such telephone calls.

(b) Acquiror shall cause the Proxy Statement and the Form S-4 to comply as to form in all material respects with the provisions of the Federal Securities Laws, the DGCL and any other applicable Law. Notwithstanding the foregoing, neither Acquiror nor Merger Sub shall have any such obligation with respect to statements included or incorporated by reference in the Proxy Statement or the Form S-4 based on information supplied in writing by or on behalf of the Company specifically for inclusion therein. If at any time prior to the Effective Time any information

relating to the Company or Acquiror, or any of their respective Affiliates, officers or directors, should be discovered by the Company or Acquiror that should be set forth in an amendment or supplement to any of the Form S-4 or the Proxy Statement, so that any of such documents would not contain any misstatement of a material fact or omit to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, the party that discovers such information shall promptly notify the other parties hereto and an appropriate amendment or supplement describing such information shall promptly be filed with the SEC and, to the extent required under applicable Law, disseminated to Acquiror Stockholders; provided that the delivery of such notice and the filing of any such amendment or supplement shall not affect or be deemed to modify any representation or warranty made by any party hereunder or otherwise affect the remedies available hereunder to any party.

(c) As promptly as practicable (and in any event within ten (10) calendar days) after the Form S-4 is declared effective under the Securities Act, Acquiror shall duly call, give notice of the Acquiror Stockholders Meeting solely for the purpose of obtaining the Acquiror Stockholder Approval and, if applicable, the advisory vote required by Rule 14a-21(c) under the Exchange Act in connection therewith. The Acquiror Stockholder Meeting shall be held as promptly after the date of such notice as permitted under applicable Law, the listing rules of the Nasdaq and Acquiror's Governing Documents. Acquiror may postpone or adjourn the Acquiror Stockholders Meeting solely: (i) with the prior written consent of the Company; (ii) (A) due to the absence of a quorum or (B) if Acquiror has not received proxies representing a sufficient number of shares of Acquiror Capital Stock to constitute the Acquiror Stockholder Approval, whether or not a quorum is present, to solicit additional proxies; (iii) to allow reasonable additional time for the filing and mailing of any supplemental or amended disclosure which the Acquiror Board has determined in good faith after consultation with outside legal counsel is necessary under applicable Law and for such supplemental or amended disclosure to be disseminated and reviewed by the Acquiror Stockholders prior to the Acquiror Stockholders Meeting or (iv) pursuant to Section 6.6(h); provided, that Acquiror may not postpone or adjourn the Acquiror Stockholders Meeting more than a total of two (2) times pursuant to clause (ii)(A) and/or clause (ii)(B) of this Section 6.8. Notwithstanding the foregoing, Acquiror shall, at the request of the Company, to the extent permitted by applicable Law, adjourn the Acquiror Stockholders Meeting to a date specified by the Company for the absence of a quorum or if Acquiror has not received proxies representing a sufficient number of shares of Acquiror Capital Stock to constitute the Acquiror Stockholder Approval; provided, that Acquiror shall not be required to adjourn the Acquiror Stockholders Meeting more than one (1) time pursuant to this sentence, and no such adjournment pursuant to this sentence shall be required to be for a period exceeding 10 Business Days. Except in the case of an Adverse Recommendation Change specifically permitted by Section 6.6(b), Acquiror, through the Acquiror Board, shall (I) recommend to Acquiror Stockholders that they adopt this Agreement and the Ancillary Documents and approve of the Acquiror Stockholder Approval Matters, (II) include the Acquiror Board Recommendation in the Proxy Statement and (III) publicly reaffirm the Acquiror Board Recommendation within twenty-four (24) hours after a request to do so by the Company. Without limiting the generality of the foregoing, Acquiror agrees that (x) except in the event of an Adverse Recommendation Change specifically permitted by Section 6.6(b), Acquiror shall use commercially reasonable efforts to solicit proxies to obtain the Acquiror Stockholder Approval and (y) its obligations pursuant to this Section 6.8(c) shall not be affected by the commencement, public proposal, public disclosure or communication to Acquiror or any other Person of any Acquisition Proposal or the occurrence of any Adverse Recommendation Change.

Section 6.9 Takeover Laws. Acquiror and the Acquiror Board shall (a) take no action to cause any Takeover Law to become applicable to this Agreement, the Merger or any of the other Transactions and (b) if any Takeover Law is or becomes applicable to this Agreement, the Merger or any of the other Transactions take all action necessary to ensure that the Merger and the other Transactions may be consummated as promptly as practicable on the terms contemplated by this Agreement and otherwise to minimize the effect of such Takeover Law with respect to this Agreement, the Merger and the other Transactions.

Section 6.10 Nasdaq Listing.

(a) From the date of this Agreement through the Effective Time, Acquiror shall use commercially reasonable efforts to ensure Acquiror remains listed as a public company on Nasdaq and to obtain the Nasdaq Approval and the Company will use commercially reasonable efforts to support Acquiror in obtaining the Nasdaq Approval.

(b) Acquiror shall promptly prepare and use commercially reasonable efforts to submit the Nasdaq Listing Application to Nasdaq as promptly as reasonably practicable after the date of this Agreement and the Company will use commercially reasonable efforts to support Acquiror in timely preparing and submitting the Nasdaq Listing Application.

[Table of Contents](#)

(c) Acquiror shall cause the Nasdaq Listing Application to comply in all material respects with the requirements of the Nasdaq, and any other applicable Law. Acquiror shall use its commercially reasonable efforts to resolve all Nasdaq comments with respect to the Nasdaq Listing Application as promptly as reasonably practicable after receipt thereof and to have the Nasdaq Listing Application cleared by the staff of Nasdaq, and the Nasdaq Approval obtained, as promptly as reasonably practicable after such submission.

(d) No amendment or supplement to the Nasdaq Listing Application shall be made by Acquiror without the reasonable advance notice to the Company. Acquiror shall promptly provide notice to the Company of any correspondence or communications with or comments from Nasdaq and shall provide the Company with copies of all such written comments and written correspondence. Acquiror shall consider in good faith any comments of the Company prior to submitting any response letters or other correspondence to Nasdaq. Acquiror shall (i) provide the Company with reasonable prior notice of any scheduled telephone calls between Acquiror or its Representatives and Nasdaq, and (ii) use its reasonable best efforts to allow the Company or its Representatives to participate in all such telephone calls.

Section 6.11 Acquiror Indemnification and Insurance.

(a) Each Party agrees that (i) all rights to advancement, indemnification, limitations on liability or exculpation now existing in favor of the directors and officers of each Acquiror Party, as provided in the applicable Acquiror Party's Governing Documents in effect as of immediately prior to the Effective Time, in either case, solely with respect to any acts, errors or omissions occurring on or prior to the Effective Time, shall survive the Transactions and shall continue in full force and effect from and after the Effective Time for a period of six (6) years and (ii) Acquiror will perform and discharge, or cause to be performed and discharged, all obligations to provide such advancement, indemnity, limitations on liability and exculpation during such six (6)-year period. During such six (6)-year period, Acquiror shall advance, or cause to be advanced, expenses in connection with such indemnification as provided in the applicable Acquiror Party's Governing Documents or other applicable agreements in effect as of the date hereof. The advancement, indemnification and liability limitation or exculpation provisions of the Acquiror Parties' Governing Documents or in other applicable agreements in effect as of immediately prior to the Effective Time shall not, during such six (6)-year period, be amended, repealed or otherwise modified after the Effective Time in any manner that would materially and adversely affect the rights thereunder of individuals who, as of immediately prior to the Effective Time or at any time prior to such time, were directors or officers of any Acquiror Party (the "Acquiror D&O Persons") to receive advancement, be so indemnified, have their liability limited or be exculpated with respect to any act, error or omission occurring on or prior to the Effective Time by reason of the fact that such Acquiror D&O Person was a director or officer of any Acquiror Party immediately prior to the Effective Time unless such amendment, repeal or other modification is required by applicable Law.

(b) Acquiror shall not have any obligation under this Section 6.11 to any Acquiror D&O Person when and if a court of competent jurisdiction shall ultimately determine (and such determination shall have become final and non-appealable) that the indemnification of such Acquiror D&O Person in the manner contemplated hereby is prohibited by applicable Law.

(c) If, following the Closing, Acquiror (i) shall merge or consolidate with or merge into any other corporation or entity and shall not be the surviving or continuing corporation or entity of such consolidation or merger or (ii) shall transfer all or substantially all of its properties and assets as an entity in one or a series of related transactions to any Person, then in each such case, proper provisions shall be made so that the successors or assigns of Acquiror shall assume all of the obligations set forth in this Section 6.11.

(d) Acquiror and its Subsidiaries shall maintain director and officers insurance policies, including purchasing any "tail" policies as may be required, with coverage at least as favorable to the D&O Persons as in effect at the Effective Time without any reduction in scope or coverage for six (6) years from the Effective Time.

(e) The Acquiror D&O Persons entitled to the advancement, indemnification, liability limitation, and exculpation set forth in this Section 6.11 are intended to be third party beneficiaries of this Section 6.11. This Section 6.11 shall survive the consummation of the Transactions and shall be binding on all successors and assigns of Acquiror.

Section 6.12 Company Indemnification.

(a) Each Party agrees that (i) all rights to advancement, indemnification, limitations on liability, or exculpation now existing in favor of the directors and officers of any Company Group Member, as provided in the Company Group Member's Governing Documents in effect as of immediately prior to the Effective Time, in either case, solely with respect to any acts, errors or omissions occurring on or prior to the Effective Time, shall survive the Transactions and shall continue in full force and effect from and after the Effective Time for a period of six (6) years and (ii) Acquiror will perform and discharge, or cause to be performed and discharged, all obligations to provide such advancement, indemnity, limitations on liability and exculpation during such six (6)-year period. During such six (6)-year period, Acquiror shall advance, or cause to be advanced, expenses in connection with such indemnification as provided in the applicable Company Group Member's Governing Documents or other applicable agreements in effect as of the date hereof. The advancement, indemnification and liability limitation or exculpation provisions of any Company Group Member's Governing Documents or in other applicable agreements in effect as of immediately prior to the Effective Time shall not, during such six (6)-year period, be amended, repealed or otherwise modified after the Effective Time in any manner that would materially and adversely affect the rights thereunder of individuals who, as of immediately prior to the Effective Time or at any time prior to such time, were directors or officers of the applicable Company Group Member (the "Company D&O Persons") to receive advancement, be so indemnified, have their liability limited or be exculpated with respect to any act, error or omission occurring on or prior to the Effective Time by reason of the fact that such Company D&O Person was a director or officer of the applicable Company Group Member prior to the Effective Time, unless such amendment, repeal or other modification is required by applicable Law.

(b) None of Acquiror or the Company shall have any obligation under this Section 6.12 to any Company D&O Person when and if a court of competent jurisdiction shall ultimately determine (and such determination shall have become final and non-appealable) that the indemnification of such Company D&O Person in the manner contemplated hereby is prohibited by applicable Law.

(c) If, following the Closing, Acquiror (i) shall merge or consolidate with or merge into any other corporation or entity and shall not be the surviving or continuing corporation or entity of such consolidation or merger or (ii) shall transfer all or substantially all of its properties and assets as an entity in one or a series of related transactions to any Person, then in each such case, proper provisions shall be made so that the successors or assigns of Acquiror shall assume all of the obligations set forth in this Section 6.12.

(d) The Company D&O Persons entitled to the advancement, indemnification, liability limitation and exculpation set forth in this Section 6.12 are intended to be third party beneficiaries of this Section 6.12. This Section 6.12 shall survive the consummation of the Transactions and shall be binding on all successors and assigns of Acquiror.

Section 6.13 Post-Closing Directors and Officers.

(a) Subject to applicable listing rules of Nasdaq, applicable Law and the second sentence of Section 6.13(b), not less than five (5) Business Days prior to the Closing Date:

(i) the Company shall designate in writing to Acquiror seven (7) Persons that will serve on the Acquiror Board as of immediately following Closing, which shall include the Persons set forth on Section 6.13(a) of the Company Disclosure Schedules; and

(ii) Acquiror shall deliver to the Company executed letters of resignation from all members of the Acquiror Board, and all officers of Acquiror, effective immediately prior to the Effective Time, other than any member of the Acquiror Board designated for continued service pursuant to this Section 6.13(a)(ii).

(b) For the avoidance of doubt, as of immediately following Closing, the Acquiror Board shall consist of seven (7) directors. Notwithstanding the designation rights of the Parties in Section 6.13(a), not less than a majority of the directors on the Acquiror Board as of immediately following the Closing shall qualify as independent directors in accordance with the Nasdaq listing rules. In the event that any designee designated pursuant to Section 6.13(a) is unable or unwilling to serve, for any reason, as a director on the Acquiror Board at the Effective Time, the Company shall have the right to designate another individual to become a designee in place of such unavailable designee. The designees appointed pursuant to this Section 6.13 shall be assigned to the committees of the Acquiror Board as determined by the Company not less than five (5) Business Days prior to the Closing.

[Table of Contents](#)

(c) The Persons identified on [Section 6.13\(c\)](#) of the Company Disclosure Schedules shall be the officers of Acquiror immediately after the Effective Time, with each such individual holding the title set forth opposite his or her name. In the event that any Person identified on [Section 6.13\(c\)](#) of the Company Disclosure Schedules is unwilling or unable (whether due to death, disability or otherwise) to serve as an officer, then the Company may, subject to applicable listing rules of Nasdaq and applicable Law, replace such individual with another individual to serve as such officer by amending [Section 6.13\(c\)](#) of the Company Disclosure Schedules to include such replacement individual as such Officer.

(d) Each Party shall take all such action as may be necessary or appropriate to give effect to the designations set forth in [Section 6.13\(a\)](#), [Section 6.13\(b\)](#) and [Section 6.13\(c\)](#) as of immediately following Closing.

(e) At the Closing, Acquiror shall enter into customary indemnification agreements, in a form reasonably satisfactory to each of the Company and Acquiror, with the post-Closing directors and officers of Acquiror as determined pursuant to this [Section 6.13](#) other than any such directors or officers who were already party to an indemnification agreement with Acquiror immediately prior to the Closing.

[Section 6.14 Section 16 of the Exchange Act](#). Prior to the Closing, the Acquiror Board or an appropriate committee thereof, shall adopt a resolution consistent with the interpretive guidance of the SEC relating to Rule 16b-3 under the Exchange Act, such that the acquisition of Acquiror Common Stock pursuant to this Agreement by any officer or director of the Company who is expected to become a “covered person” of Acquiror for purposes of Section 16(b) of the Exchange Act (“[Section 16\(b\)](#)”) shall be exempt acquisitions for purposes of Section 16(b).

[Section 6.15 Notification of Certain Matters](#). Each Party shall provide the other Parties with prompt written notice upon becoming aware of any event, fact or circumstance that would reasonably be expected to cause such Party’s or any other Party’s conditions set forth in [Article 7](#) not to be satisfied, or the satisfaction of such conditions being materially delayed. No such notice shall constitute an acknowledgment or admission by the Party providing the notice regarding whether or not any of the conditions to the Closing have been satisfied or in determining whether or not any of the representations, warranties or covenants contained in this Agreement have been breached. No notice pursuant to this [Section 6.15](#) shall affect any representation, warranty, covenant, right or remedy of any Party or any condition to the obligations of any Party.

[Section 6.16 Transaction Litigation](#). From and after the date of this Agreement until the earlier of the Closing and the termination of this Agreement in accordance with [Article 8](#), Acquiror, on the one hand, and the Company, on the other hand, shall each notify the other promptly after learning of any demand (or threat thereof) or other Proceeding brought on behalf of an Acquiror Stockholder or Company Stockholder, respectively, whether or not before any Governmental Entity (including derivative claims), relating to this Agreement or the Transactions (collectively, “[Transaction Litigation](#)”) commenced or, to the knowledge of Acquiror or to the knowledge of the Company, as applicable, threatened in writing against (a) in the case of Acquiror, Acquiror, any of Acquiror’s Affiliates or any of their respective officers, directors, managers, employees, or stockholders or members (in their capacity as such) or (b) in the case of the Company, any Company Group Member, any of the Company Group’s controlled Affiliates or any of their respective officers, directors, managers, employees or members (in their capacity as such). Acquiror and the Company shall each (i) keep the other reasonably informed regarding any Transaction Litigation, (ii) give the other the opportunity to, at its own cost and expense, participate in the defense, settlement and compromise of any such Transaction Litigation and reasonably cooperate with the other in connection with the defense, settlement and compromise of any such Transaction Litigation, (iii) consider in good faith the other’s advice with respect to any such Transaction Litigation, and (iv) reasonably cooperate with each other with respect to any Transaction Litigation; provided, however, that in no event shall (x) any Company Group Member, any of the Company Group’s Affiliates or any of their respective Representatives settle or compromise any Transaction Litigation without the prior written consent of Acquiror (such consent not to be unreasonably withheld, conditioned or delayed) or (y) Acquiror, any of Acquiror’s Affiliates or any of their respective Representatives settle or compromise any Transaction Litigation without the Company’s prior written consent (such consent not to be unreasonably withheld, conditioned or delayed).

[Section 6.17 Pre-Closing Financings; Expense Financings](#).

(a) In the event that, prior to the Closing or termination of this Agreement in accordance with [Article 8](#), Acquiror consummates a transaction or series of transactions in which Acquiror issues and sells Equity Securities for capital raising purposes (each, a “[Pre-Closing Financing](#)”), then no later than two Business Days following the consummation of such Pre-Closing Financing, Acquiror shall pay to the Company an amount in cash equal to

[Table of Contents](#)

the proceeds received by Acquiror from such Pre-Closing Financing (less transaction costs incurred by Acquiror in connection therewith) in exchange for an unsecured promissory note in a form that is reasonably acceptable to Acquiror and the Company (a “Bridge Note”). Each Bridge Note shall provide that (a) in the event that the Closing occurs or this Agreement is terminated pursuant to Article 8 and Acquiror is obligated to pay the Termination Fee or Reimbursed Expenses to the Company, the Bridge Note shall be deemed cancelled, paid and satisfied in full in accordance with its terms and (b) in the event that this Agreement is terminated pursuant to Article 8 and Acquiror is not obligated to pay the Termination Fee or Reimbursed Expenses to the Company, the Company shall be obligated to repay the amounts outstanding under the Bridge Note to Acquiror on the third anniversary of the date that this Agreement is terminated. Amounts outstanding under each Bridge Note shall bear interest at the prime lending rate as published in The Wall Street Journal in effect on the date such Bridge Note is issued by the Company. All Equity Securities issued by Acquiror in any Pre-Closing Financing shall be taken into account in determining the Acquiror Fully Diluted Share Number.

(b) Notwithstanding Section 6.17(a), Acquiror shall be permitted to issue and sell up to \$5,000,000 of Equity Securities, in a transaction or series of transactions, for the purpose of raising capital (i) to pay legal and other advisory fees incurred by the Acquiror Group Members in connection with the Transactions, (ii) to pay down the principal amount of the Acquiror Convertible Notes, and (iii) to pay operating expenses incurred by the Acquiror Group Members in the ordinary course of business (each, an “Expense Financing”). Prior to consummating any Expense Financing, Acquiror shall deliver to the Company a statement setting forth in reasonable detail the proposed use of proceeds therefrom. In the event that the Company provides prior written approval of such statement, then the Expense Financing shall not constitute a Pre-Closing Financing and shall not be subject to the terms of Section 6.17(a). All Equity Securities issued by Acquiror in any Expense Financing shall be taken into account in determining the Acquiror Fully Diluted Share Number.

Section 6.18 Employee Matters.

(a) If requested by the Company at least five (5) Business Days prior to the Closing Date, Acquiror shall terminate each Acquiror Employee Benefit Plan (and all Contracts related thereto) indicated by the Company in such request, effective not later than the day immediately preceding the Closing Date (or such earlier date as may be indicated by the Company in such request).

(b) If requested by the Company at least ten (10) Business Days prior to the Closing Date, Acquiror shall terminate the employment or service, as applicable, of each service provider of the Acquiror Group indicated by the Company in such request, effective not later than the Closing Date (or such earlier date as may be indicated by the Company in such request).

(c) As soon as administratively practicable on or following the applicable date of termination of employment or service, as applicable, with the Acquiror Group, and in accordance with applicable Law, the Acquiror or its respective Subsidiary shall pay to each such terminated service provider any and all compensation and benefits (including mid-year incentives, if applicable) that have been earned and accrued through such termination date.

(d) Prior to the Closing, Acquiror shall adopt the Post-Closing Equity Plan and prepare and file with the SEC a Form S-8 (or any successor form, or if Form S-8 is not available, such other appropriate forms) registering the number of shares of Acquiror Common Stock as reserved thereunder. Such Form S-8 or successor or other appropriate form shall be effective no later than the Closing.

Section 7.4 Frustration of Closing Conditions. None of the Acquiror Parties may rely on the failure of any condition set forth in this [Article 7](#) to be satisfied if such failure was proximately caused by an Acquiror Party's failure to use commercially reasonable efforts to cause the Closing to occur, as required by [Section 6.2](#), or a material breach of this Agreement by an Acquiror Party.

ARTICLE 8 TERMINATION

Section 8.1 Termination. This Agreement may be terminated and the Transactions may be abandoned at any time prior to the Closing, whether before or after the Acquiror Stockholder Approval has been obtained:

(a) by mutual written consent of Acquiror and the Company;

(b) by Acquiror, if any of the representations or warranties set forth in [Article 4](#) shall not be true and correct or if the Company has failed to perform any covenant or agreement on the part of the Company set forth in this Agreement (including an obligation to consummate the Closing) such that the conditions to Closing set forth in either [Section 7.2\(a\)](#) or [Section 7.2\(b\)](#) will not be satisfied and the breach or breaches causing such representations or warranties not to be true and correct, or the failures to perform any covenant or agreement, as applicable, is (or are) not cured or cannot be cured within the earlier of (i) thirty (30) days after written notice thereof is delivered to the Company by Acquiror, and (ii) the fifth (5th) Business Day prior to the Termination Date; provided, however, that none of the Acquiror Parties is then in breach of this Agreement so as to prevent the conditions to Closing set forth in either [Section 7.3\(a\)](#) or [Section 7.3\(b\)](#) from being satisfied;

(c) by the Company, if any of the representations or warranties set forth in [Article 5](#) shall not be true and correct or if any Acquiror Party has failed to perform any covenant or agreement on the part of such applicable Acquiror Party set forth in this Agreement (including an obligation to consummate the Closing), other than with respect to a breach of [Section 6.6](#), [Section 6.8\(c\)](#) or [Section 8.4](#), as to which [Section 8.1\(f\)\(iv\)](#) will apply, such that the condition to Closing set forth in either or [Section 7.3\(a\)](#) or [Section 7.3\(b\)](#) will not be satisfied and the breach or breaches causing such representations or warranties not to be true and correct, or the failures to perform any

covenant or agreement, as applicable, is (or are) not cured or cannot be cured within the earlier of (i) thirty (30) days after written notice thereof is delivered to Acquiror by the Company and (ii) the fifth (5th) Business Day prior to the Termination Date; provided, however, that the Company is not then in breach of this Agreement so as to prevent the condition to Closing set forth in Section 7.2(a) or Section 7.2(b) from being satisfied;

(d) by either Acquiror or the Company, if the Transactions shall not have been consummated on or prior to the Termination Date; provided that the right to terminate this Agreement pursuant to this Section 8.1(d) shall not be available to (i) Acquiror, if any Acquiror Party's breach of any of its covenants or obligations under this Agreement shall have proximately caused the failure to consummate the Transactions on or before the Termination Date, (ii) the Company, if the Company's breach of its covenants or obligations under this Agreement shall have proximately caused the failure to consummate the Transactions on or before the Termination Date and (iii) either Acquiror or the Company if any Proceeding for specific performance to compel the Closing is pending in a court specified in Section 9.15 as of the Termination Date;

(e) by either Acquiror or the Company, if:

(i) any Governmental Entity shall have issued an Order or taken any other action permanently enjoining, restraining or otherwise prohibiting any of the Transactions and such Order or other action shall have become final and nonappealable; or

(ii) if the Acquiror Stockholder Approval shall not have been obtained at the Acquiror Stockholders Meeting duly convened therefor or at any adjournment or postponement thereof at which a vote on the adoption of this Agreement was taken; provided that Acquiror shall not be permitted to terminate this Agreement pursuant to this Section 8.1(c)(ii) if the failure to obtain such Acquiror Stockholder Approval is proximately caused by any action or failure to act of Acquiror that constitutes a breach of this Agreement;

(f) by the Company, if:

(i) an Adverse Recommendation Change shall have occurred;

(ii) within 10 Business Days of a tender or exchange offer relating to securities of Acquiror having been commenced, Acquiror fails to publicly recommend against such tender or exchange offer;

(iii) Acquiror fails to publicly reaffirm its recommendation of the Transactions within 5 Business Days after the date any Acquisition Proposal or any material modification thereto is first commenced, publicly announced, distributed or disseminated to the Acquiror Stockholders upon a request to do so by the Company;

(iv) Acquiror breaches or fails to perform any of its obligations set forth in Section 6.6, Section 6.8(c) or Section 8.4;

(v) the Acquiror Board (or any committee thereof) formally resolves or publicly authorizes or proposes to take any of the foregoing actions;

(g) by Acquiror, at any time prior to obtaining the Acquiror Stockholder Approval, in order to accept a Superior Proposal in accordance with Section 6.6(b); provided, that Acquiror shall have (i) simultaneously with such termination entered into the associated Alternative Acquisition Agreement, (ii) otherwise complied with all provisions of Section 6.6(b), including the notice provisions thereof, and (iii) paid any amounts due pursuant to Section 8.3.

The Party desiring to terminate this Agreement pursuant to this Section 8.1 (other than pursuant to Section 8.1(a)) shall give notice of such termination to the other party.

Section 8.2 Effect of Termination. In the event of the termination of this Agreement pursuant to Section 8.1, this entire Agreement shall forthwith become void (and there shall be no Liability or obligation on the part of the Parties and their respective Representatives); provided, that:

(a) (i) Section 4.19, Section 5.24, Section 6.3(a), this Section 8.2, Section 8.3, Section 8.4, Article 9 and Article 1 (to the extent related to the foregoing), each of which shall survive such termination and remain valid and binding obligations of the Parties and (ii) the Confidentiality Agreement, which shall survive such termination and remain valid and binding obligations of the parties thereto in accordance with their respective terms;

(b) Acquiror may have liability as provided in Section 8.3; and

(c) the termination of this Agreement pursuant to Section 8.1 shall not affect any Liability on the part of any Party for the Willful Breach of this Agreement by, or any Fraud of, such Party (or in the case of Acquiror, Acquiror or Merger Sub).

Section 8.3 Certain Termination Matters.

(a) In the event that:

(i) (A) prior to termination of this Agreement, an Acquisition Proposal (whether or not conditional) or intention to make an Acquisition Proposal (whether or not conditional) is made directly to the Acquiror Stockholders or is otherwise publicly disclosed or otherwise communicated to senior management of Acquiror or the Acquiror Board and not expired or been publicly withdrawn prior the Termination Date or the Acquiror Stockholder Meeting, as applicable, (B) this Agreement is terminated by Acquiror or the Company pursuant to Section 8.1(d) or Section 8.1(e)(ii), or by the Company pursuant to Section 8.1(c) due to any Willful Breach or Fraud by an Acquiror Party and (C) within 12 months after the date of such termination, Acquiror enters into an agreement in respect of any Acquisition Proposal, or recommends or submits an Acquisition Proposal to the Acquiror Stockholders for adoption, or a transaction in respect of any Acquisition Proposal is consummated, which, in each case, need not be the same Acquisition Proposal that was made, disclosed or communicated prior to termination hereof (provided, that for purposes of this clause (C), each reference to “5%” or “10%” in the definition of “Acquisition Proposal” shall be deemed to be a reference to “50%”);

(ii) this Agreement is terminated by the Company pursuant to Section 8.1(f); or

(iii) this Agreement is terminated by Acquiror pursuant to Section 8.1(g);

then, in any such event, Acquiror shall pay to the Company a fee of \$275,000 (the “Termination Fee”), less the amount of Reimbursed Expenses previously paid to the Company (if any) pursuant to Section 8.3(b), it being understood that in no event shall Acquiror be required to pay the Termination Fee on more than one occasion.

(b) In the event that this Agreement is terminated by the Company pursuant to Section 8.1(c) under circumstances in which the Termination Fee is not then payable pursuant to Section 8.3(a)(i), then Acquiror shall reimburse the Company and its Affiliates for all of their fees, costs and expenses (including all fees and expenses of counsel, accountants, investment bankers, experts and consultants to the Company and its Affiliates) incurred by the Company or its Affiliates or on their behalf in connection with or related to the authorization, preparation, investigation, negotiation, execution and performance of this Agreement and the transactions contemplated hereby (the “Reimbursed Expenses”), up to a maximum amount of \$100,000; provided, that the payment by Acquiror of the Reimbursed Expenses shall not (A) relieve Acquiror of any subsequent obligation to pay the Termination Fee pursuant to Section 8.3(a)(i) or (B) relieve Acquiror from any liability for the Willful Breach of this Agreement by, or any Fraud of, any Acquiror Party.

(c) Payment of the Termination Fee shall be made by wire transfer of same day funds to the accounts designated by the Company (i) on the consummation of any transaction contemplated by an Acquisition Proposal in the case of a Termination Fee payable pursuant to Section 8.3(a)(i), or (ii) as promptly as reasonably practicable after termination (and, in any event, within two Business Days thereof), in the case of a Termination Fee payable pursuant to any other provision of this Section 8.3. Payment of the Reimbursed Expenses shall be made by wire transfer of same day funds to the accounts designated by the Company within two Business Days after the Company notifies Acquiror of the amounts thereof.

(d) Each Acquiror Party acknowledges that the agreements contained in this Section 8.3 are an integral part of the transactions contemplated by this Agreement, and that, without these agreements, the Company would not enter into this Agreement. Accordingly, if Acquiror fails promptly to pay any amounts due pursuant to this Section 8.3, and, in order to obtain such payment, the Company commences a suit that results in a judgment against Acquiror for the amounts set forth in this Section 8.3, Acquiror shall also pay the Company its fees, costs and expenses (including attorneys’ fees and expenses) in connection with such suit, together with interest on the amounts due pursuant to this Section 8.3 from the date such payment was required to be made until the date of payment at the prime lending rate as published in The Wall Street Journal in effect on the date such payment was required to be made.

(e) The payment, when due and paid, by Acquiror of the Termination Fee pursuant to this [Section 8.3](#) shall be the sole and exclusive remedy of the Company in the event of the termination of this Agreement under the circumstances requiring the payment of the Termination Fee pursuant to this [Section 8.3](#). For the avoidance of doubt, in the event that the Company actually receives the Termination Fee (and, to the extent applicable, any other amounts payable under [Section 8.3\(d\)](#)), the receipt thereof shall be deemed to be liquidated damages for any and all losses or damages suffered or incurred by the Company that the Company may be otherwise entitled to pursue under this [Section 8.3](#), and in such case the Company shall not be entitled to bring or maintain any Proceeding or make any claim against any Acquiror Party arising out of or relating to this Agreement or any of the transactions contemplated hereby, except as set forth in the last sentence of [Section 8.3\(d\)](#). Notwithstanding the foregoing, nothing in this [Section 8.3\(e\)](#) shall, or shall be deemed or construed to, relieve any Acquiror Party from liability for Fraud, limit any recourse or remedy available to any the Company in respect of an Acquiror Party's Fraud, or preclude a determination that Fraud occurred.

Section 8.4 [Restrictive Covenants](#).

(a) During the period beginning on the date of this Agreement and ending on the earlier of (x) the Closing and (y) the fifth anniversary of the date that this Agreement is terminated in accordance with [Article 8](#) (such period, the "[Restricted Period](#)"), except as otherwise pre-approved in writing by the Company, Acquiror covenants that neither Acquiror nor any Acquiror Group Member, nor any of their respective Affiliates, shall, directly or indirectly, in any capacity, for the benefit of any Person (other than the Company or any Affiliate of the Company), (i) establish or engage in the business of cryptocurrency mining (the "[Company Business](#)") anywhere in the world (the "[Restricted Territory](#)"), including by way of the purchase (whether by way of stock purchase, asset purchase, merger, consolidation, exclusive license, or otherwise) of a Person (or the business or assets of a Person) engaged in the Company Business anywhere in the Restricted Territory, (ii) own any interest in, manage, operate, join, control, render financial assistance to, consult with, receive any economic benefit from, exert any influence upon, participate in, render services or advice to, extend credit to, guarantee, or otherwise participate in any of the foregoing in respect of, any Person that engages in the Company Business anywhere in the Restricted Territory, or (iii) or knowingly attempt to do any of the foregoing.

(b) Acquiror acknowledges and agrees that it will receive substantial benefits by virtue of the transactions contemplated by this Agreement, that the restrictions contained in this [Section 8.4](#) are reasonable in all respects (including with respect to subject matter, time period, and geographical area), are no greater than necessary to fully vest in the Company the benefits of the transactions contemplated by this Agreement, and constitute a material inducement to the Company to enter into this Agreement and consummate the transactions contemplated by this Agreement.

ARTICLE 9 MISCELLANEOUS

Section 9.1 [Non-Survival](#). The representations, warranties, agreements and covenants in this Agreement shall terminate at the Effective Time, except (a) for those covenants and agreements that, by their terms, survive or contemplate performance after the Effective Time and (b) this [Article 9](#) and any corresponding definitions set forth in [Article 1](#).

This Agreement (together with the Ancillary Documents and the Confidentiality Agreement) constitutes the entire agreement among the Parties with respect to the subject matter hereof and supersedes all other prior agreements and understandings, both written and oral, among the Parties with respect to the subject matter hereof. The headings set forth in this Agreement are inserted for convenience only and shall not affect in any way the meaning or interpretation of this Agreement. No Party, nor its respective counsel, shall be deemed the drafter of this Agreement for purposes of construing the provisions hereof, and

all provisions of this Agreement shall be construed according to their fair meaning and not strictly for or against any Party. Unless otherwise indicated to the contrary herein by the context or use thereof: (a) the words, “herein,” “hereto,” “hereof” and words of similar import refer to this Agreement as a whole, including the Schedules and Annexes, and not to any particular section, subsection, paragraph, subparagraph or clause set forth in this Agreement; (b) masculine gender shall also include the feminine and neutral genders, and vice versa; (c) words importing the singular shall also include the plural, and vice versa; (d) the words “include,” “includes” or “including” shall be deemed to be followed by the words “without limitation”; (e) references to “\$” or “dollar” or “US\$” shall be references to United States dollars; (f) the word “or” is disjunctive but not necessarily exclusive; (g) the words “writing”, “written” and comparable terms refer to printing, typing and other means of reproducing words (including electronic media) in a visible form; (h) the word “day” means calendar day unless Business Day is expressly specified; (i) the word “extent” in the phrase “to the extent” means the degree to which a subject or other thing extends, and such phrase shall not mean simply “if”; (j) all references to Articles, Sections, Annexes or Schedules are to Articles, Sections, Annexes and Schedules of this Agreement; (k) the words “provided” or “made available” or words of similar import (regardless of whether capitalized or not) shall mean, when used with reference to documents or other materials required to be provided or made available (i) to Acquiror, any documents or other materials posted to the “Gryphon VDR” electronic data room hosted by Google Drive and (ii) to the Company, any documents or other materials posted to the “Akerna VDR” hosted by Intralinks, in each case as of 5:00 p.m., New York City time, at least two (2) Business Days prior to the date of this Agreement; (l) all references to any Law will be to such Law as amended, supplemented or otherwise modified or re-enacted from time to time and all rules and regulations promulgated thereunder; and (m) all references to any Contract are to such Contract as amended or modified from time to time in accordance with the terms thereof (subject to any restrictions on amendments or modifications set forth in this Agreement); provided that this clause (m) shall not apply with respect to the Company Disclosure Schedules or the Acquiror Disclosure Schedules. If any action under this Agreement is required to be done or taken on a day that is not a Business Day, then such action shall be required to be done or taken not on such day but on the first succeeding Business Day thereafter.

Section 9.8 Annexes and Schedules. All Annexes and Schedules, or documents expressly incorporated into this Agreement, are hereby incorporated into this Agreement and are hereby made a part hereof as if set out in full in this Agreement. The Schedules shall be arranged in sections and subsections corresponding to the numbered and lettered Sections and subsections set forth in this Agreement. Any item disclosed in the Company Disclosure Schedules or in the Acquiror Disclosure Schedules corresponding to any Section or subsection of Article 4 (in the case of the Company Disclosure Schedules) or Article 5 (in the case of the Acquiror Disclosure Schedules) shall be deemed to have been disclosed with respect to every other section and subsection of Article 4 (in the case of the Company Disclosure Schedules) or Article 5 (in the case of the Acquiror Disclosure Schedules), as applicable, where the relevance of such disclosure to such other Section or subsection is reasonably apparent on the face of the disclosure. The information and disclosures set forth in the Schedules that correspond to the section or subsections of Article 4 or Article 5 may not be limited to matters required to be disclosed in the Schedules, and any such additional information or disclosure is for informational purposes only and does not necessarily include other matters of a similar nature. The inclusion of any information in the Company Disclosure Schedules or the Acquiror Disclosure Schedules shall not be deemed to be an admission or acknowledgement, in and of itself, that such information has resulted in or would reasonably be expected to result in a Company Material Adverse Effect or an Acquiror Material Adverse Effect.

Section 9.9 Parties in Interest. This Agreement shall be binding upon and inure solely to the benefit of each Party and its successors and permitted assigns and, except as provided in Section 6.11 and Section 6.12, nothing in this Agreement, express or implied, is intended to or shall confer upon any other Person any rights, benefits or remedies of any nature whatsoever under or by reason of this Agreement.

Section 9.10 Severability. Whenever possible, each provision of this Agreement will be interpreted in such a manner as to be effective and valid under applicable Law, but if any term or other provision of this Agreement is held to be invalid, illegal or unenforceable under applicable Law, all other provisions of this Agreement shall remain in full force and effect so long as the economic or legal substance of the Transactions is not affected in any manner materially adverse to any Party. Upon such determination that any term or other provision of this Agreement is invalid, illegal or unenforceable under applicable Law, the Parties shall negotiate in good faith to modify this Agreement so as to effect the original intent of the Parties as closely as possible in an acceptable manner in order that the Transactions are consummated as originally contemplated to the greatest extent possible.

Section 9.11 Counterparts; Electronic Signatures. This Agreement and each Ancillary Document (including any of the closing deliverables contemplated hereby) may be executed manually or electronically in one or more

counterparts, each of which shall be deemed to be an original, but all of which shall constitute one and the same agreement. Delivery of an executed counterpart of a signature page to this Agreement or any Ancillary Document (including any of the closing deliverables contemplated hereby) by facsimile, e-mail, or scanned pages shall be effective as delivery of a manually executed counterpart to this Agreement or any such Ancillary Document.

Section 9.12 Knowledge of Company; Knowledge of Acquiror. For all purposes of this Agreement, the phrase “to the Company’s knowledge” and “known by the Company” and any derivations thereof shall mean as of the applicable date, the actual knowledge following reasonable inquiry of the individuals set forth on Section 9.12 of the Company Disclosure Schedules. For all purposes of this Agreement, the phrase “to Acquiror’s knowledge” and “to the knowledge of Acquiror” and any derivations thereof shall mean as of the applicable date, the actual knowledge following reasonable inquiry of the individuals set forth on Section 9.12 of the Acquiror Disclosure Schedules. For the avoidance of doubt, none of the individuals set forth on Section 9.12 of the Company Disclosure Schedules or Section 9.12 of the Acquiror Disclosure Schedules shall have any personal Liability or obligations regarding such knowledge.

Section 9.13 Extension; Waiver. The Company may (a) extend the time for the performance of any of the obligations or other acts of the Acquiror Parties set forth herein, (b) waive any inaccuracies in the representations and warranties of the Acquiror Parties set forth herein or (c) waive compliance by the Acquiror Parties with any of the agreements or conditions set forth herein. Any agreement on the part of any such Party to any such extension or waiver shall be valid only if set forth in a written instrument signed on behalf of such Party. Any waiver of any term or condition shall not be construed as a waiver of any subsequent breach or a subsequent waiver of the same term or condition, or a waiver of any other term or condition of this Agreement. The failure of any Party to assert any of its rights hereunder shall not constitute a waiver of such rights.

Section 9.14 Waiver of Jury Trial. EACH PARTY HEREBY WAIVES, TO THE FULLEST EXTENT PERMITTED BY LAW, ANY RIGHT TO TRIAL BY JURY OF ANY PROCEEDING (I) ARISING UNDER THIS AGREEMENT OR UNDER ANY ANCILLARY DOCUMENT OR (II) IN ANY WAY CONNECTED WITH OR RELATED OR INCIDENTAL TO THE DEALINGS OF THE PARTIES IN RESPECT OF THIS AGREEMENT OR ANY ANCILLARY DOCUMENT OR ANY OF THE TRANSACTIONS OR ANY FINANCING IN CONNECTION WITH THE TRANSACTIONS, IN EACH CASE, WHETHER NOW EXISTING OR HEREAFTER ARISING, AND WHETHER IN CONTRACT, TORT, EQUITY, OR OTHERWISE. EACH PARTY HEREBY AGREES AND CONSENTS THAT ANY SUCH PROCEEDING SHALL BE DECIDED BY COURT TRIAL WITHOUT A JURY AND THAT THE PARTIES MAY FILE AN ORIGINAL COUNTERPART OF A COPY OF THIS AGREEMENT WITH ANY COURT AS WRITTEN EVIDENCE OF THE CONSENT OF THE PARTIES HERETO TO THE WAIVER OF THEIR RIGHT TO TRIAL BY JURY. EACH PARTY CERTIFIES AND ACKNOWLEDGES THAT (A) NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER, (B) EACH SUCH PARTY UNDERSTANDS AND HAS CONSIDERED THE IMPLICATIONS OF THIS WAIVER, (C) EACH SUCH PARTY MAKES THIS WAIVER VOLUNTARILY AND (D) EACH SUCH PARTY HAS BEEN INDUCED TO ENTER INTO THIS AGREEMENT BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION 9.14.

Section 9.15 Submission to Jurisdiction. Each of the Parties irrevocably and unconditionally submits to the exclusive jurisdiction of the Chancery Court of the State of Delaware (or, if the Chancery Court of the State of Delaware does not have jurisdiction, a federal court sitting in Wilmington, Delaware), for the purposes of any Proceeding (a) arising under this Agreement or under any Ancillary Document or (b) in any way connected with or related or incidental to the dealings of the Parties in respect of this Agreement or any Ancillary Document or any of the Transactions, and irrevocably and unconditionally waives any objection to the laying of venue of any such Proceeding in any such court, and further irrevocably and unconditionally waives and agrees not to plead or claim in any such court that any such Proceeding has been brought in an inconvenient forum. Each Party hereby irrevocably and unconditionally waives, and agrees not to assert, by way of motion or as a defense, counterclaim or otherwise, in any Proceeding (i) arising under this Agreement or under any Ancillary Document or (ii) in any way connected with or related or incidental to the dealings of the Parties in respect of this Agreement or any Ancillary Document or any of the Transactions, (A) any claim that it is not personally subject to the jurisdiction of the courts as described in this Section 9.15 for any reason, (B) that it or its property is exempt or immune from the jurisdiction of any such court or

from any Proceeding commenced in such courts (whether through service of notice, attachment prior to judgment, attachment in aid of execution of judgment, execution of judgment or otherwise) and (C) that (x) the Proceeding in any such court is brought in an inconvenient forum, (y) the venue of such Proceeding is improper or (z) this Agreement, or the subject matter hereof, may not be enforced in or by such courts. Each Party agrees that service of any process, summons, notice or document by registered mail to such Party's respective address set forth in [Section 9.4](#) shall be effective service of process for any such Proceeding.

Section 9.16 [Remedies](#). Except as otherwise expressly provided herein, any and all remedies provided herein will be deemed cumulative with and not exclusive of any other remedy conferred hereby, or by law or equity upon such Party, and the exercise by a Party of any one remedy will not preclude the exercise of any other remedy. The Parties agree that irreparable damage for which monetary damages, even if available, would not be an adequate remedy, would occur in the event that the Parties do not perform their respective obligations under the provisions of this Agreement (including failing to take such actions as are required of them hereunder to consummate the Transactions) in accordance with their specific terms or otherwise breach such provisions. It is accordingly agreed that the Parties shall be entitled to an injunction or injunctions, specific performance and other equitable relief to prevent breaches of this Agreement and to enforce specifically the terms and provisions of this Agreement, in each case, without posting a bond or undertaking and without proof of damages and this being in addition to any other remedy to which they are entitled at law or in equity. Each of the Parties agrees that it will not oppose the granting of an injunction, specific performance and other equitable relief when expressly available pursuant to the terms of this Agreement on the basis that the other Parties have an adequate remedy at law or an award of specific performance is not an appropriate remedy for any reason at law or equity.

Section 9.17 [Side Letters and Exchange Agreements](#). From and after the date of this Agreement until the earlier of the Closing and the termination of this Agreement in accordance with [Article 8](#), (a) Acquiror shall not terminate, waive, amend, supplement, release, assign or modify any provision of any Side Letter or Exchange Agreement without the prior written consent of the Company (which may be given or withheld in its sole discretion) and (b) the Company shall be entitled to require Acquiror to exercise its rights and remedies under the Side Letters and the Exchange Agreements, which shall include seeking any injunctive relief available, and to enforce the provisions of the Side Letters and the Exchange Agreements. All costs associated with any such exercise of rights and remedies or enforcement shall be borne by Acquiror.

(ii) At least three (3) Business Days before the Closing, Seller shall prepare and deliver to Buyer a statement setting forth its good faith estimate of Closing Working Capital (the “**Estimated Closing Working Capital**”), Estimated Closing Indebtedness, and Estimated Closing Transaction Expenses, which statement shall contain an estimated balance sheet of the Company Group as of the Closing Date (without giving effect to the transactions contemplated herein), a calculation of Estimated Closing Working Capital, Estimated Closing Indebtedness, and Estimated Closing Transaction Expenses (the “**Estimated Closing Statement**”), and a certificate of the Chief Financial Officer of Seller certifying that the Estimated Closing Statement was prepared in accordance with GAAP applied using the same accounting methods, practices, principles, policies and procedures, with consistent classifications, judgments and valuation and estimation methodologies that were used in the preparation of the Annual Financial Statements for the most recent fiscal year end as if such Estimated Closing Statement was being prepared and audited as of a fiscal year end, as adjusted as set forth on Schedule B. The Estimated Closing Statement shall include a reasonably detailed explanation and supporting detail of the calculations thereof.

(b) Post-Closing Adjustment.

(i) Within seventy-five (75) days after the Closing Date, Buyer shall prepare and deliver to Seller a statement setting forth its calculation of Closing Working Capital, Closing Indebtedness, and Closing Transaction Expenses, which statement shall contain a balance sheet of the Company

Group as of the Closing Date (without giving effect to the transactions contemplated herein), a calculation of Closing Working Capital, Closing Indebtedness, and Closing Transaction Expenses (the “**Closing Statement**”) and a certificate of the Chief Financial Officer of Buyer certifying that the Closing Statement was prepared in accordance with GAAP applied using the same accounting methods, practices, principles, policies and procedures, with consistent classifications, judgments and valuation and estimation methodologies that were used in the preparation of the Annual Financial Statements for the most recent fiscal year end as if such Closing Statement was being prepared as of a fiscal year end, as adjusted as set forth on Schedule B; *provided that* if Buyer does not deliver the Closing Statement within seventy-five (75) days after the Closing Date, then the Closing Statement shall be deemed to be the Estimated Closing Statement and the Purchase Price shall be deemed to be equal to the Closing Date Payment.

(c) Examination and Review.

(i) Examination. After receipt of the Closing Statement, Seller shall have thirty (30) days (the “**Review Period**”) to review the Closing Statement. During the Review Period, Seller and Seller’s Accountants shall have access to the books and records of the Company Group, the personnel of, and work papers prepared by, Buyer and/or Buyer’s Accountants to the extent that they relate to the Closing Statement and to such historical financial information (to the extent in Buyer’s possession) relating to the Closing Statement as Seller may reasonably request for the purpose of reviewing the Closing Statement and to prepare a Statement of Objections (defined below), *provided that* such access shall be in a manner that does not interfere with the normal business operations of Buyer or the Company Group.

(ii) Objection. On or prior to the last day of the Review Period, Seller may object to the Closing Statement by delivering to Buyer a written statement setting forth Seller’s objections in reasonable detail, indicating each disputed item or amount and the basis for Seller’s disagreement therewith (the “**Statement of Objections**”). If Seller fails to deliver the Statement of Objections before the expiration of the Review Period, the Closing Statement and the Post-Closing Adjustment, as the case may be, reflected in the Closing Statement shall be deemed to have been accepted by Seller. If Seller delivers the Statement of Objections before the expiration of the Review Period, Buyer and Seller shall negotiate in good faith to resolve such objections within thirty (30) days after the delivery of the Statement of Objections (the “**Resolution Period**”), and, if the same are so resolved within the Resolution Period, the Post-Closing Adjustment and the Closing Statement with such changes as may have been previously agreed in writing by Buyer and Seller, shall be final and binding.

(iii) Resolution of Disputes. If Seller and Buyer fail to reach an agreement with respect to all of the matters set forth in the Statement of Objections before expiration of the Resolution Period, then any amounts remaining in dispute (“**Disputed Amounts**” and any amounts not so disputed, the “**Undisputed Amounts**”) shall be submitted for resolution to the office of an impartial nationally

recognized firm of independent certified public accountants other than Seller's Accountants or Buyer's Accountants (the "**Independent Accountant**") who, acting as experts and not arbitrators, shall resolve the Disputed Amounts only and make any adjustments to the Post-Closing Adjustment, as the case may be, and the Closing Statement based on the parties' computations of the Closing Statement and any such work papers, schedules, or other documents and written information relating to the Closing Statement as the Independent Accountant may reasonably request. The Independent Accountant shall review those items in dispute in the Closing Statement and shall render a written report as to the resolution of each dispute and the Disputed Amounts and the resulting calculations of each item in the Closing Statement and base its determination solely on the information provided by the parties and the applicable definitions, procedures, and other terms in this Agreement and the presentations by Buyer and Seller. The parties hereto agree that all adjustments shall be made without regard to materiality. Absent manifest error, the Independent Accountant shall only decide the specific items under dispute by the parties and their decision for each Disputed Amount must be within the range of values assigned to each such item in the Closing Statement and the Statement of Objections, respectively.

(iv) Fees of the Independent Accountant. The fees and expenses of the Independent Accountant shall be paid by Seller, on the one hand, and by Buyer, on the other hand, based upon the percentage that the amount actually contested but not awarded to Seller or Buyer, respectively, bears to the aggregate amount actually contested by Seller and Buyer.

(v) Determination by Independent Accountant. The Independent Accountant shall make a determination as soon as practicable within thirty (30) days (or such other time as the parties hereto shall agree in writing) after their engagement, and their resolution of the Disputed Amounts and their adjustments to the Closing Statement and/or the Post-Closing Adjustment shall be conclusive and binding upon the parties hereto.

(d) Payments of Post-Closing Adjustment. If the Post-Closing Adjustment is a positive amount, then Buyer shall pay Seller the Post-Closing Adjustment. If the Post-Closing Adjustment is a negative amount, then Seller shall pay Buyer the absolute value of the Post-Closing Adjustment. Except as otherwise provided herein, any payment of the Post-Closing Adjustment, together with interest calculated as set forth below, shall (A) be due (x) within five (5) Business Days after the acceptance (or deemed acceptance) of the applicable Closing Statement or (y) if there are Disputed Amounts, then within five (5) Business Days of the resolution described in clause (v) above; and (B) be paid by wire transfer of immediately available funds to such account as is directed by Buyer or Seller, as the case may be. The amount of any Post-Closing Adjustment shall bear interest from and including the Closing Date to and including the date of payment at a rate per annum equal to the prime rate published in the Wall Street Journal. Such interest shall be calculated daily on the basis of a 365 day year and the actual number of days elapsed.

(e) Adjustments for Tax Purposes. Any payments made pursuant to Section 2.04 shall be treated as an adjustment to the Purchase Price by the parties for Tax purposes, unless otherwise required by Law.

Subject to the terms and conditions of this Agreement, the purchase and sale of the Membership Interests and the Shares contemplated hereby shall take place at a closing (the "**Closing**") to be held at 12:00 p.m. EST, no later than three (3) Business Days after the last of the conditions to Closing set forth in Article VII have been satisfied or waived (other than conditions which, by their nature, are to be satisfied on the Closing Date), at the offices of PremierCounsel, LLP, 201 Spear Street, Suite 1100, San Francisco, CA 94105 or remotely by exchange of documents and signatures (or their electronic counterparts), or at such other time or on such other date or at such other place as Seller and Buyer may mutually agree upon in writing (the day on which the Closing takes place being the "**Closing Date**").

Buyer and Company Group will provide five (5) days written

notice prior to the deduction or withholding any Tax in connection with any payments to, or on behalf of, Seller under this Agreement and Buyer and Company Group will use commercially reasonable efforts to cooperate with any reasonable request from Seller to avoid or minimize any Tax withholding from any payment made pursuant to this Agreement.

For all transactions between the Company Group members, on the one hand, and any Person not resident in Canada for purposes of the Tax Act, on the other hand, with whom such member was not dealing at arm's length, such member has made or obtained records or documents that meet the requirements of paragraphs 247(4)(a) to (c) of the Tax Act. There are no transactions to which subsections 247(2) or (3) of the Tax Act may reasonably be expected to apply.

(u) The Company Group has not applied for or received loans or payments under Covid Relief (or any comparable, analogous or similar provision of Law), including pursuant to the Paycheck Protection Program, the Economic Injury Disaster Loan Program, the Canada Emergency Wage Subsidy, or the Canada Emergency Rent Subsidy, claimed any tax credits under Covid Relief (or any comparable, analogous or similar provision of Law), or has any COVID Related Deferrals, and, in any case, none of the foregoing actions are reasonably anticipated. No Company Group member has received written notice of the repeal, cancellation or revocation of any such income Tax exemptions or preferential income Tax treatments.

(v) There are no transactions or events that have resulted in, and no circumstances existing, which could result in, the application to any member of the Company Group of any of sections 78, 80, 80.01, 80.02, 80.03 or 80.04 of the Tax Act or any analogous provision of any comparable Tax Laws of any jurisdiction.

(w) None of the Company Group members have acquired property or services from or disposed of property or provided services to, a Person with whom it does not deal at arm's length (for purposes of the Tax Act) for an amount that is other than the fair market value of such property or services, and has not been deemed to have done so for purposes of any Tax Laws, in circumstances that could give rise to liability for such member pursuant to section 160 of the Tax Act or any equivalent Tax Laws.

(x) None of the Securities is "taxable Canadian property" within the meaning of the Tax Act. None of the Securities derives, and none of them has at any time within the past 60 months derived, more than 50% of its fair market value directly or indirectly from or from any combination of (i) real or immovable property situated in Canada, (ii) Canadian resource properties (as defined in the Tax Act), (iii) timber resource properties (as defined in the Tax Act), and (iv) options in respect of, or interests in, or for civil law, a right in, property described in any of (i) to (iii), whether or not the property exists.

(y) Seller is not a "foreign person" as that term is used in Treasury Regulations Section 1.1445-2.

(z) Notwithstanding anything to the contrary in this Agreement, no representations or warranties are intended or made with respect to the existence, amount, usability, or limitations on usage of the Tax attributes of the Company Group, including net operating losses, capital loss carryforwards, foreign Tax credit carryforwards, asset bases, research and development credits, and depreciation periods, for Tax periods (or portions thereof) beginning on and after the Closing Date.

Section 3.26 Books and Records. The minute books and record books of the Company Group, all of which have been made available to Buyer, are complete and correct and have been maintained in accordance with sound business practices in all material respects. The minute books of the Company Group contain accurate and complete records of all meetings, and actions taken by written consent of, the stockholders, the members, the board of directors, managers, and any committees of the board of directors, the managers and any committees of the managers of each Company Group member, and no meeting, or action taken by written consent, of any such stockholders, members, board of directors or committee, or managers or committee has been held for which minutes have not been prepared and are not contained in such minute books. At the Closing, all of those books and records will be in the possession of the Company Group.

Section 3.27 Brokers. Except for JMP Securities, no broker, finder or investment banker is entitled to any brokerage, finder's or other fee or commission in connection with the transactions contemplated by this Agreement or any Ancillary Document based upon arrangements made by or on behalf of Seller, ExchangeCo or the Company Group.

Section 3.28 Solvency. Each of Seller and ExchangeCo is not entering into the transactions contemplated by this Agreement or the Ancillary Documents with the intent to hinder, delay or defraud either present or future creditors of Seller or ExchangeCo, any Subsidiary of Seller or ExchangeCo, the Company Group, any Subsidiary of the Company Group, or any other Person. After giving effect to all of the transactions contemplated by this Agreement and the Ancillary Documents, the Form S-4 Registration Statement and the Proxy Statement / Prospectus contained therein, including (i) the transactions (the "**Merger Transaction**") contemplated under that certain merger agreement by and between Seller, Gryphon and a wholly owned subsidiary of Seller, dated on or about the date of this Agreement (the "**Merger Agreement**"), (ii) any repayment, refinancing or conversion of debt contemplated by Seller, ExchangeCo or any Subsidiary of Seller or ExchangeCo in connection with the Merger Transaction or otherwise, (iii) the payment of all other amounts required to be paid in connection with the consummation of the transactions contemplated by this Agreement, the Ancillary Documents, the Form S-4 Registration Statement, the Proxy Statement / Prospectus, or Merger Transaction, and (iv) the payment of all related fees and expenses, at and immediately after the Closing and the closing of the Merger Transaction, each of Seller, ExchangeCo and their Subsidiaries will be Solvent. For purposes of Section 3.28:

(a) The term "**Solvent**" when used with respect to any Person, means that, as of any date of determination: (i) the Fair Value and Present Fair Salable Value of the assets of such Person exceed such Person's Stated Liabilities and Identified Contingent Liabilities; (ii) such Person does not have Unreasonably Small Capital; and (iii) such Person will be able to pay such Person's Stated Liabilities and Identified Contingent Liabilities as they mature.

(b) “**Fair Value**” means the amount at which the assets (both tangible and intangible) of a Person would change hands between a willing buyer and a willing seller, within a commercially reasonable period of time, each having reasonable knowledge of the relevant facts, with neither being under any compulsion to act.

(c) “**Present Fair Salable Value**” means the amount that could be obtained by an independent willing seller from an independent willing buyer if the assets of a Person are sold with reasonable promptness in an arm’s-length transaction under present conditions for the sale of comparable assets insofar as such conditions can be reasonably evaluated.

(d) “**Stated Liabilities**” means the recorded liabilities (including contingent liabilities that would be recorded in accordance with GAAP) of a Person, as of the Closing after giving effect to the consummation of the transactions contemplated by this Agreement, the Ancillary Documents, the Form S-4 Registration Statement, the Proxy Statement / Prospectus or the Merger Agreement, determined in accordance with GAAP consistently applied.

(e) “**Identified Contingent Liabilities**” means the maximum estimated amount of liabilities reasonably likely to result from pending litigation, asserted claims and assessments, guaranties, uninsured risks and other contingent liabilities of a Person after giving effect to the transactions contemplated by this Agreement, the Ancillary Documents, the Form S-4 Registration Statement or the Proxy Statement / Prospectus (including all fees and expenses related thereto but exclusive of such contingent liabilities to the extent reflected in Stated Liabilities), as identified and explained in terms of their nature and estimated magnitude by responsible officers of such Person.

(f) “**Will be able to pay their Stated Liabilities and Identified Contingent Liabilities as they mature**” means a Person will have sufficient assets and cash flow to pay their respective Stated Liabilities and Identified Contingent Liabilities as those liabilities mature or (in the case of contingent liabilities) otherwise become payable.

(g) “**Do not have Unreasonably Small Capital**” means a Person after consummation of the transactions contemplated by this Agreement, the Ancillary Documents, the Form S-4 Registration Statement or the Proxy Statement / Prospectus is a going concern and has sufficient capital to ensure that it will continue to be a going concern for such period.

Section 3.29 No Other Representations and Warranties. Except for the representations and warranties contained in this Agreement (including Article III of this Agreement and the related portions of the Disclosure Schedules) or the Ancillary Documents to which Seller or ExchangeCo is a party, none of the Seller Group, the Company Group, or any other Person has made or makes any other express or implied representation or warranty, either written or oral, on behalf of the Seller Group or the Company Group, including any representation or warranty as to the accuracy or completeness of any information regarding the Company Group furnished or made available to Buyer and its Representatives (including any information, documents, or material delivered to Buyer, management presentations, or in any other form in expectation of the transactions contemplated hereby) or as to the future revenue, profitability, or success of the Company Group, or any representation or warranty arising from statute or otherwise in law.

ARTICLE IV REPRESENTATIONS AND WARRANTIES OF BUYER

Buyer represents and warrants to Seller and ExchangeCo that the statements contained in this Article IV are true and correct as of the date hereof and as of the Closing.

Section 4.01 Organization and Authority of Buyer. Buyer is a corporation duly organized, validly existing and in good standing under the Laws of the Province of British Columbia. Buyer has full corporate power and authority to enter into this Agreement and the Ancillary Documents to which Buyer is a party, to carry out its obligations hereunder and thereunder and to consummate the transactions contemplated hereby and thereby. The execution and delivery by Buyer of this Agreement and any Ancillary Document to which Buyer is a party, the performance by Buyer of its obligations hereunder and thereunder and the consummation by Buyer of the transactions contemplated hereby and thereby have been duly authorized by all requisite corporate action on the part of Buyer. This Agreement has been duly executed and delivered by Buyer, and (assuming due authorization, execution and delivery by Seller and ExchangeCo) this Agreement constitutes a legal, valid and binding obligation of Buyer enforceable against Buyer in accordance with

its terms. When each Ancillary Document to which Buyer is or will be a party has been duly executed and delivered by Buyer (assuming due authorization, execution and delivery by each other party thereto), such Ancillary Document will constitute a legal and binding obligation of Buyer enforceable against it in accordance with its terms.

Section 4.02 No Conflicts; Consents. The execution, delivery and performance by Buyer of this Agreement and the Ancillary Documents to which it is a party, and the consummation of the transactions contemplated hereby and thereby, do not and will not: (a) conflict with or result in a violation or breach of, or default under, any provision of the Organizational Documents of Buyer; (b) conflict with or result in a violation or breach of any provision of any Law or Governmental Order applicable to Buyer; or (c) require the consent, notice or other action by any Person under any Contract to which Buyer is a party. No consent, approval, Permit, Governmental Order, declaration or filing with, or notice to, any Governmental Authority is required by or with respect to Buyer in connection with the execution and delivery of this Agreement and the Ancillary Documents and the consummation of the transactions contemplated hereby and thereby, except for such filings as may be required under the HSR Act and such consents, approvals, Permits, Governmental Orders, declarations, filings or notices which, in the aggregate, would not have a material adverse effect on the ability of Buyer to consummate the transactions contemplated hereby on a timely basis.

Section 4.03 Investment Purpose. Buyer is acquiring the Securities solely for its own account for investment purposes and not with a view to, or for offer or sale in connection with, any distribution thereof. Buyer acknowledges that the Securities are not registered under the Securities Act of 1933, as amended, or any state securities laws, and that the Securities may not be transferred or sold except pursuant to the registration provisions of the Securities Act of 1933, as amended or pursuant to an applicable exemption therefrom and subject to state securities laws and regulations, as applicable. Buyer is able to bear the economic risk of holding the Securities for an indefinite period (including total loss of its investment), and has sufficient knowledge and experience in financial and business matters so as to be capable of evaluating the merits and risk of its investment. Buyer has had the opportunity to visit with AO and MJF and meet with the officers of AO and MJF and other representatives to discuss the business, assets, Liabilities, financial condition, and operations of the Company Group, and to the actual knowledge of any director, manager or officer of Buyer, has received all materials, documents, and other information that Buyer deems necessary or advisable to evaluate the Company Group and the Securities, and has made its own independent examination, investigation, analysis, and evaluation of the Company Group and the Securities, including its own estimate of the value of the Securities. Buyer has undertaken such due diligence (including a review of the properties, Liabilities, books, records, and contracts of the Company Group) as Buyer deems adequate.

Section 4.04 Brokers. No broker, finder or investment banker is entitled to any brokerage, finder's or other fee or commission in connection with the transactions contemplated by this Agreement or any Ancillary Document based upon arrangements made by or on behalf of Buyer.

Section 4.05 Sufficiency of Funds. As of the Closing, Buyer will have sufficient cash on hand or other sources of immediately available funds to enable it to make payment of the Purchase Price (including any adjustment amounts that may become payable by Buyer under Section 2.04) and consummate the transactions contemplated by this Agreement.

Section 4.06 Legal Proceedings. There are no Actions pending or, to Buyer's knowledge, threatened against or by Buyer or any Affiliate of Buyer that challenge or seek to prevent, enjoin or otherwise delay the transactions contemplated by this Agreement. No event has occurred or circumstances exist that may give rise or serve as a basis for any such Action.

Section 4.07 Independent Investigation. Buyer has conducted its own independent investigation, review, and analysis of the business, results of operations, prospects, condition (financial or otherwise) or assets of the Company Group, and acknowledges that, to the actual knowledge of any director, manager or officer of Buyer, it has been provided adequate access to the personnel, properties, assets, premises, books and records, and other documents and data of Seller, ExchangeCo and the Company Group for such purpose. Buyer acknowledges and agrees that: (a) in making its decision to enter into this Agreement and the Ancillary Documents to which it is or will be a party and to consummate the transactions contemplated hereby and thereby, Buyer has relied solely upon its own investigation and express representations and warranties of Seller or ExchangeCo set forth in this Agreement (including Article III of this Agreement and the related portions of the Disclosure Schedule) or in the Ancillary Documents to which Seller or ExchangeCo is a party; and (b) none of Seller Group, the Company Group, or any other Person has made any representation or warranty as to the Seller Group, the Company Group, or this Agreement, except as expressly set forth in this Agreement (including Article III of this Agreement and the related portions of the Disclosure Schedule) or in the Ancillary Documents to which Seller or ExchangeCo is a party.

**ARTICLE V
COVENANTS**

Section 5.01 Conduct of Business Prior to the Closing. From the date hereof until the Closing, except as otherwise explicitly provided in this Agreement, explicitly provided in the Merger Agreement, or consented to in writing by Buyer (which consent shall not be unreasonably withheld, conditioned or delayed), Seller and ExchangeCo shall, and shall cause the Company Group to, (x) conduct the business of the Company Group in the ordinary course of business consistent with past practice; and (y) use commercially reasonable efforts to maintain and preserve intact the current organization, business and franchise of the Company Group and to preserve the rights, franchises, goodwill and relationships of its employees, customers, lenders, suppliers, regulators and others having business relationships with the Company Group. Without limiting the foregoing, from the date hereof until the Closing Date, except as otherwise explicitly provided in this Agreement, explicitly provided for in the Merger Agreement or consented to in writing by Buyer (which consent shall not be unreasonably withheld, conditioned, or delayed), Seller and ExchangeCo shall cause the Company Group:

(a) to preserve and maintain all of its Permits;

(b) to pay its debts, Taxes and other obligations when due;

(c) to maintain the properties and assets owned, operated or used by the Company Group in the same condition as they were on the date of this Agreement, subject to reasonable wear and tear;

(d) to continue in full force and effect without modification all Insurance Policies, except as required by applicable Law;

(e) to take commercially reasonable action to defend and protect its properties and assets from infringement or usurpation;

(f) to perform all of its obligations under all Contracts relating to or affecting its properties, assets or business;

(g) to maintain its books and records in accordance with past practice;

(h) to comply in all material respects with all applicable Laws;

(i) to not (and cause its Representatives to not) disparage, criticize, defame or impugn the character of Buyer or its Representatives in any fashion or otherwise take any action which could reasonably be expected to adversely affect Buyer or its Representatives' personal or professional reputations;

(j) not enter into, renew, amend, or extend any Contract (A) with any new or existing customer or supplier of the Company Group if the term of such Contract will end thirty (30) days or more thereafter or (B) if all such new, renewed, amended or extended Contracts would impose, in the aggregate, an obligation of more than One Hundred Thousand Dollars (\$100,000) on the Company Group; and

(k) not to take or permit any action that would cause any of the changes, events or conditions described in Section 3.08 to occur; *provided, however*, that nothing in this Section 5.01 shall be interpreted as limiting in any way the right of Seller or ExchangeCo to cause the Company Group to either: (i) sell all of the issued and outstanding common shares of Last Call Analytics, Inc. or all of the assets and liabilities of Last Call Analytics, Inc. to a third-party buyer, in each case if the Company Group does not incur or assume any Liabilities in connection with such sale; and/or (ii) wind-up the business of and dissolve Last Call Analytics, Inc. if the Company Group does not incur or assume any Liabilities in connection with such wind-up.

Section 5.02 Access to Information; Cooperation. From the date hereof until the Closing, Seller and ExchangeCo shall, and shall cause the Company Group to, (a) afford Buyer and its Representatives reasonable access to and the right to inspect all of the Real Property, properties, assets, premises, books and records, Contracts and other documents and data related to the Company Group; (b) furnish Buyer and its Representatives with such financial, operating and other data and information related to the Company Group as Buyer or any of its Representatives may reasonably request; (c) cause the Representatives of Seller, ExchangeCo and the Company Group to cooperate with Buyer in its investigation of the Company Group, *provided, however*, that any such investigation shall be conducted during normal business hours upon reasonable advance notice to Seller, under the supervision of Seller Group's

personnel and in such a manner as to not unreasonably interfere with the normal operations of the Company Group; and (d) cooperate in planning Buyer's or its Affiliate's integration of the Company Group. All requests by Buyer for access pursuant to this Section 5.02 shall be submitted or directed to such individuals as Seller may designate in writing from time to time. Notwithstanding anything to the contrary in this Agreement, neither Seller Group nor the Company Group shall be required to disclose any information to Buyer if such disclosure would, in Seller's sole discretion: (i) cause significant competitive harm to Seller Group, the Company Group, and their respective businesses if the transactions contemplated by this Agreement are not consummated; (ii) jeopardize any attorney-client or other privilege; (iii) contravene any applicable Law, fiduciary duty, or binding agreement entered into prior to the date of this Agreement; or (iv) reveal bids received from third parties in connection with transactions similar to those contemplated by this Agreement and any information and analysis (including financial analysis) relating to such bids. Prior to the Closing, (i) Buyer may contact Material Customers and Material Suppliers and Seller and ExchangeCo shall cause the Company Group to use commercially reasonable efforts to facilitate such contact and (ii) without the prior written consent of Seller (such consent not to be unreasonably withheld, conditioned, or delayed), Buyer shall not contact any suppliers that are not Material Suppliers to, or customers that are not Material Customers of, the Company Group. Buyer shall, and shall cause its Representatives to, abide by the terms of Section 5.06 with respect to any access or information provided pursuant to this Section 5.02. No investigation by Buyer or other information received by Buyer shall operate as a waiver or otherwise affect any representation, warranty or agreement given or made by Seller or ExchangeCo in this Agreement, *provided, however*, that Buyer shall advise Seller as soon as practicable after it obtains knowledge of any breach or nonperformance of the representations, warranties or covenants of Seller or ExchangeCo if such breach or nonperformance would give rise to the failure of any of the conditions specified in Section 7.01 or Section 7.02.

Section 5.03 No Solicitation of Other Bids.

(a) Seller shall not, and shall not authorize or permit any of its Affiliates (including the Company Group) or any of its or their Representatives to, directly or indirectly, (i) encourage, solicit, initiate, facilitate or continue inquiries regarding an Acquisition Proposal; (ii) enter into discussions or negotiations with, or provide any information to, any Person concerning a possible Acquisition Proposal; or (iii) enter into any agreements or other instruments (whether or not binding) regarding an Acquisition Proposal. Seller shall immediately cease and cause to be terminated, and shall cause its Affiliates (including the Company Group) and all of its and their Representatives to immediately cease and cause to be terminated, all existing discussions or negotiations with any Persons conducted heretofore with respect to, or that could lead to, an Acquisition Proposal.

(b) In addition to the other obligations under this Section 5.03, Seller shall promptly (and in any event within three (3) Business Days after receipt thereof by Seller or its Representatives) advise Buyer orally and in writing of any Acquisition Proposal, any request for information with respect to any Acquisition Proposal, or any inquiry with respect to or which could reasonably be expected to result in an Acquisition Proposal, the material terms and conditions of such request, Acquisition Proposal or inquiry, and the identity of the Person making the same.

(c) Seller agrees that the rights and remedies for noncompliance with this Section 5.03 shall include having such provision specifically enforced by any court having equity jurisdiction, it being acknowledged and agreed that any such breach or threatened breach shall cause irreparable injury to Buyer and that money damages would not provide an adequate remedy to Buyer.

Section 5.04 Notice of Certain Events.

(a) From the date hereof until the Closing, Seller shall promptly notify Buyer in writing of:

(i) any fact, circumstance, event or action the existence, occurrence or taking of which (A) has had, or could reasonably be expected to have, individually or in the aggregate, a Material Adverse Effect, (B) has resulted in, or could reasonably be expected to result in, any representation or warranty made by Seller or ExchangeCo hereunder not being true and correct or (C) has resulted in, or could reasonably be expected to result in, the failure of any of the conditions set forth in Section 7.02 to be satisfied;

(ii) any notice or other communication from any Person alleging that the consent of such Person is or may be required in connection with the transactions contemplated by this Agreement;

(iii) any notice or other communication from any Governmental Authority in connection with the transactions contemplated by this Agreement;

(iv) any Actions commenced or, to Seller's Knowledge, threatened against, relating to or involving or otherwise affecting Seller, ExchangeCo or the Company Group that, if pending on the date of this Agreement, would have been required to have been disclosed pursuant to Section 3.20 or that relates to the consummation of the transactions contemplated by this Agreement; and

(v) (A) any termination or non-renewal of a Contract with a Material Customer or a Material Supplier or (B) any notice or other communication from a Material Customer or a Material Supplier of its intention to terminate or not renew any such Contract; *provided that* if Seller notifies Buyer in writing of any event described in this Section 5.04(a)(v) within a reasonable period of time, then Seller shall be deemed to have promptly notified Buyer of such event.

(b) Buyer's receipt of information pursuant to this Section 5.04 shall not operate as a waiver or otherwise affect any representation, warranty or agreement given or made by Seller or ExchangeCo in this Agreement (including Section 9.01(b)) and shall not be deemed to amend or supplement the Disclosure Schedules.

Section 5.05 Resignations. Seller and ExchangeCo shall deliver to Buyer written resignations, effective as of the Closing Date, of the officers, directors and managers of the Company Group requested by Buyer at least three (3) Business Days prior to the Closing.

Section 5.06 Confidentiality. From and after the Closing, each of Seller and ExchangeCo shall, and shall cause its Affiliates to, hold, and shall use its reasonable best efforts to cause its or their respective Representatives to hold, in confidence any and all information, whether written or oral, concerning the Company Group, except to the extent that Seller or ExchangeCo can show that such information (a) is generally available to and known by the public through no fault of Seller, ExchangeCo, any of their Affiliates or their respective Representatives; or (b) is lawfully acquired by Seller, ExchangeCo, any of their Affiliates or their respective Representatives from and after the Closing from sources which are not prohibited from disclosing such information by a legal, contractual or fiduciary obligation. If Seller, ExchangeCo or any of their Affiliates or their respective Representatives are compelled to disclose any information by judicial or administrative process or by other requirements of Law, Seller shall promptly notify Buyer in writing and shall disclose only that portion of such information which Seller or ExchangeCo is advised by its counsel in writing is legally required to be disclosed, *provided that* Seller and ExchangeCo shall use reasonable best efforts to obtain an appropriate protective order or other reasonable assurance that confidential treatment will be accorded such information.

Section 5.07 Non-Competition; Non-Solicitation.

(a) For a period of five (5) years commencing on the Closing Date (the "**Restricted Period**"), each of Seller and ExchangeCo shall not directly or indirectly, (i) engage in or assist others in engaging in the Restricted Business in the Territory; (ii) have an interest in any Person that engages directly or indirectly in the Restricted Business in the Territory in any capacity, including as a partner, shareholder, member, employee, principal, agent, trustee or consultant; or (iii) intentionally interfere in any material respect with the business relationships (whether formed prior to or after the date of this Agreement) between the Company Group and customers or suppliers of the Company Group. Notwithstanding the foregoing, Seller may own, directly or indirectly, solely as an investment, securities of any Person traded on any national securities exchange if Seller is not a controlling Person of, or a member of a group which controls, such Person and does not, directly or indirectly, own 1% or more of any class of securities of such Person.

(b) During the Restricted Period, each of Seller and ExchangeCo shall not, directly or indirectly, (i) solicit (except pursuant to a general solicitation which is not directed specifically to any employees of the Company Group) or hire any employee of the Company Group or any former employee of the Company Group or (ii) encourage any employee of the Company Group to leave such employment.

(c) During the Restricted Period, each of Seller and ExchangeCo shall not, directly or indirectly, solicit or entice, or attempt to solicit or entice, any clients or customers of the Company Group or potential clients or customers of the Company Group for purposes of diverting their business or services from the Company Group.

(d) Each of Seller and ExchangeCo acknowledges that a breach or threatened breach of this Section 5.07 would give rise to irreparable harm to Buyer, for which monetary damages would not be an adequate remedy, and hereby agrees that in the event of a breach or a threatened breach by Seller or ExchangeCo of any such obligations, Buyer shall, in addition to any and all other rights and remedies that may be available to it in respect of such breach, be entitled to equitable relief, including a temporary restraining order, an injunction, specific performance and any other relief that may be available from a court of competent jurisdiction (without any requirement to post bond).

(e) Each of Seller and ExchangeCo acknowledges that the restrictions contained in this Section 5.07 are reasonable and necessary to protect the legitimate interests of Buyer and constitute a material inducement to Buyer to enter into this Agreement and consummate the transactions contemplated by this Agreement. In the event that any covenant contained in this Section 5.07 should ever be adjudicated to exceed the time, geographic, product or service, or other limitations permitted by applicable Law in any jurisdiction, then any court is expressly empowered to reform such covenant, and such covenant shall be deemed reformed, in such jurisdiction to the maximum time, geographic, product or service, or other limitations permitted by applicable Law. The covenants contained in this Section 5.07 and each provision hereof are severable and distinct covenants and provisions. The invalidity or unenforceability of any such covenant or provision as written shall not invalidate or render unenforceable the remaining covenants or provisions hereof, and any such invalidity or unenforceability in any jurisdiction shall not invalidate or render unenforceable such covenant or provision in any other jurisdiction.

Section 5.08 Governmental Approvals and Consents.

(a) Each party hereto shall, as promptly as possible, (i) make, or cause or be made, all filings and submissions (including those under the HSR Act) required under any Law applicable to such party or any of its Affiliates; and (ii) use reasonable best efforts to obtain, or cause to be obtained, all consents, authorizations, orders and approvals from all Governmental Authorities that may be or become necessary for its execution and delivery of this Agreement and the performance of its obligations pursuant to this Agreement and the Ancillary Documents. Each party shall cooperate fully with the other party and its Affiliates in promptly seeking to obtain all such consents, authorizations, orders and approvals. The parties hereto shall not willfully take any action that will have the effect of delaying, impairing or impeding the receipt of any required consents, authorizations, orders and approvals.

(b) Seller and ExchangeCo shall use reasonable best efforts to give all notices to, and obtain all consents from, all third parties that are described in Section 3.05 of the Disclosure Schedules.

(c) Without limiting the generality of the parties' undertakings pursuant to subsections (a) and (b) above, each of the parties hereto shall use all reasonable best efforts to:

(i) respond to any inquiries by any Governmental Authority regarding antitrust or other matters with respect to the transactions contemplated by this Agreement or any Ancillary Document;

(ii) avoid the imposition of any order or the taking of any action that would restrain, alter or enjoin the transactions contemplated by this Agreement or any Ancillary Document; and

(iii) in the event any Governmental Order adversely affecting the ability of the parties to consummate the transactions contemplated by this Agreement or any Ancillary Document has been issued, to have such Governmental Order vacated or lifted.

(d) If any consent, approval or authorization necessary to preserve any right or benefit under any Contract to which the Company Group is a party is not obtained prior to the Closing, each of Seller and ExchangeCo shall, subsequent to the Closing, cooperate with Buyer and the Company Group in attempting to obtain such consent, approval or authorization as promptly thereafter as practicable. If such consent, approval or authorization cannot be obtained, each of Seller and ExchangeCo shall use its reasonable best efforts to provide the Company Group with the rights and benefits of the affected Contract for the term thereof, and, if Seller or ExchangeCo provides such rights and benefits, the Company Group shall assume all obligations and burdens thereunder.

(e) All analyses, appearances, meetings, discussions, presentations, memoranda, briefs, filings, arguments, and proposals made by or on behalf of either party before any Governmental Authority or the staff or regulators of any Governmental Authority, in connection with the transactions contemplated hereunder (but, for the avoidance of doubt, not including any interactions between Seller, ExchangeCo or the Company Group with Governmental Authorities in the ordinary course of business, any disclosure which is not permitted by Law or any disclosure containing confidential information) shall be disclosed to the other party hereunder in advance of any filing, submission or attendance, it being the intent that the parties will consult and cooperate with one another, and consider in good faith the views of one another, in connection with any such analyses, appearances, meetings, discussions, presentations, memoranda, briefs, filings, arguments, and proposals. Each party shall give notice to the other party with respect to any meeting, discussion, appearance or contact with any Governmental Authority or the staff or regulators of any Governmental Authority, with such notice being sufficient to provide the other party with the opportunity to attend and participate in such meeting, discussion, appearance or contact.

(f) Notwithstanding the foregoing, nothing in this Section 5.08 shall require, or be construed to require, Buyer or any of its Affiliates to agree to (i) sell, hold, divest, discontinue or limit, before or after the Closing Date, any assets, businesses or interests of Buyer, the Company Group or any of their respective Affiliates; (ii) any conditions relating to, or changes or restrictions in, the operations of any such assets, businesses or interests which, in either case, could reasonably be expected to result in a Material Adverse Effect or materially and adversely impact the economic or business benefits to Buyer of the transactions contemplated by this Agreement; or (iii) any material modification or waiver of the terms and conditions of this Agreement.

Section 5.09 Books and Records.

(a) In order to facilitate the resolution of any claims made against or incurred by Seller or ExchangeCo prior to the Closing, or for any other reasonable purpose, for a period of seven years after the Closing, Buyer shall:

(i) retain the books and records (including personnel files) of the Company Group relating to periods prior to the Closing in a manner reasonably consistent with the prior practices of the Company Group; and

(ii) upon reasonable notice, afford the Representatives of Seller reasonable access (including the right to make, at Seller's expense, photocopies), during normal business hours, to such books and records;

provided, however, that any books and records related to Tax matters shall be retained pursuant to the periods set forth in Article VI.

(b) In order to facilitate the resolution of any claims made by or against or incurred by Buyer or the Company Group after the Closing, or for any other reasonable purpose, for a period of seven years following the Closing, each of Seller and ExchangeCo shall:

(i) retain the books and records (including personnel files) of Seller or ExchangeCo, respectively, which relate to the Company Group and its operations for periods prior to the Closing; and

(ii) upon reasonable notice, afford the Representatives of Buyer or the Company Group reasonable access (including the right to make, at Buyer's expense, photocopies), during normal business hours, to such books and records;

provided, however, that any books and records related to Tax matters shall be retained pursuant to the periods set forth in Article VI.

(c) Neither Buyer, Seller nor ExchangeCo shall be obligated to provide the other party with access to any books or records (including personnel files) pursuant to this Section 5.09 where such access would violate any Law.

Section 5.10 Legal Proceedings. Each of Seller and ExchangeCo shall use, and cause the Company Group to use, commercially reasonable efforts to advance any Actions pending or, to Seller's Knowledge, threatened against or by the Company Group affecting any of its properties or assets (or by or against Seller, ExchangeCo or any of their

Affiliates and relating to the Company Group). Each of Seller and ExchangeCo shall, and shall cause the Company Group to, consult with Buyer regarding the defense or settlement of any such Action. Each of Seller and ExchangeCo shall not settle any such Action without the prior written consent of Buyer (such consent not to be unreasonably withheld, conditioned, or delayed).

Section 5.11 Closing Conditions. From the date hereof until the Closing, each party hereto shall, and each of Seller and ExchangeCo shall cause the Company Group to, use commercially reasonable efforts to take such actions as are necessary to expeditiously satisfy the closing conditions set forth in Article VII hereof.

(b) Seller covenants, represents and warrants that the Proxy Statement / Prospectus, including any pro forma financial statements included therein (and the letter to stockholders, notice of meeting and form of proxy included therewith), will not, at the time that the Proxy Statement / Prospectus or any amendment or supplement thereto is filed with the SEC or is first mailed to Seller's stockholders, at the time of Seller's Stockholders' Meeting and at the time declared effective, contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary in order to make the statements made therein, in light of the circumstances under which they were made, not misleading. Notwithstanding the foregoing, Seller makes no covenant, representation or warranty with respect to statements made in the Proxy Statement / Prospectus (and the letter to stockholders, notice of meeting and form of proxy included therewith), if any, based on information furnished in writing by Buyer specifically for inclusion therein. Seller shall use commercially reasonable efforts to cause the Form S-4 Registration Statement and the Proxy Statement / Prospectus to comply with the applicable rules and regulations promulgated by the SEC in all material respects.

(c) Seller shall notify Buyer promptly of the receipt of any comments from the SEC or the staff of the SEC and of any request by the SEC or the staff of the SEC for amendments or supplements to the Proxy Statement / Prospectus or the Form S-4 Registration Statement or for additional information and shall supply Buyer with copies of (i) all correspondence between Seller or any of its Representatives, on the one hand, and the SEC or the staff of the SEC, on the other hand, with respect to the Proxy Statement / Prospectus, the Form S-4 Registration Statement or the Contemplated Transactions and (ii) all orders of the SEC relating to the Form S-4 Registration Statement. No filing of, or amendment or supplement to, the Form S-4 Registration Statement will be made by Seller, and no filing of, or amendment or supplement to, the Proxy Statement / Prospectus will be made by Seller, in each case, without providing Buyer a reasonable opportunity to review and comment thereon. Each party shall promptly furnish to the other party all information concerning such party and such party's Subsidiaries and such Party's stockholders or members that may be required or reasonably requested in connection with any action contemplated by this Section. If any event relating to Seller occurs, or if Seller becomes aware of any information, that should be disclosed in an amendment or supplement to the Form S-4 Registration Statement or the Proxy Statement / Prospectus, then Seller shall promptly inform Buyer thereof and shall cooperate fully with Buyer in filing such amendment or supplement with the SEC and, if appropriate, in mailing such amendment or supplement to Seller's stockholders.

(b) Seller agrees that, subject to Section 5.14(c): (i) Seller's board of directors shall recommend that Seller's stockholders vote to approve the Seller's Stockholder Matters (the “**Seller Board Recommendation**”); (ii) the Proxy Statement / Prospectus shall include a statement of the Seller Board Recommendation; (iii) Seller's board of directors shall use commercially reasonable efforts to solicit such approval within the timeframe set forth in Section 5.14(a); and (iv) (A) the Seller Board Recommendation shall not be withdrawn or modified in a manner adverse to Buyer, and no resolution by Seller's board of directors or any committee thereof to withdraw or modify the Seller Board Recommendation in a manner adverse to Buyer shall be adopted or proposed and (B) Seller's board of directors shall not recommend any Acquisition Proposal or alternative transaction (collectively a “**Seller Board Adverse Recommendation Change**”).

(c) Notwithstanding the foregoing, at any time prior to the receipt of the Required Seller's Stockholder Vote, Seller's board of directors may make a Seller Board Adverse Recommendation Change, if Seller's board of directors has received an Acquisition Proposal for Seller that Seller's board of directors has determined in its good faith judgment, after consultation with Seller's outside legal counsel and financial advisors, constitutes, or would reasonably be expected to result in, a Superior Offer, Seller's board of directors determines in its good faith judgment, after consultation with Seller's outside legal counsel and financial advisors, that a Seller Board Adverse Recommendation Change is consistent with Seller's board of directors' compliance with its fiduciary obligations to Seller's stockholders under applicable Law; *provided, however*, that prior to Seller taking any action permitted under this Section 5.14(c), in the case of a Superior Offer, (1) Seller must promptly notify Buyer, in writing, at least five Business Days (the “**Notice Period**”) before making a Seller Board Adverse Recommendation Change, of its intention to take such action with respect to a Superior Offer, which notice shall state expressly that Seller has received an Acquisition Proposal for Seller that Seller's board of directors intends to declare a Superior Offer and that Seller's board of directors intends to make a Seller Board Adverse Recommendation Change, and (2) Seller attaches to such notice the most current version of the proposed agreement and the identity of the third party making such Superior Offer; and (3) Seller negotiates with Buyer in good faith to make such adjustments in the terms and conditions of this Agreement so that such Acquisition Proposal for Seller ceases to constitute a Superior Offer, if Buyer, in its discretion, proposes to make such adjustments (it being agreed that in the event that, after commencement of

the Notice Period, there is any material revision to the terms of a Superior Offer, the Notice Period shall be extended, if applicable, to ensure that at least five Business Days remain in the Notice Period subsequent to the time Seller notifies Buyer of any such material revision.

(d) Unless Seller's board of directors has effected a Seller Board Adverse Recommendation Change in accordance with Section 5.14(c), Seller's obligation to call, give notice of and hold the Seller's Stockholders' Meeting in accordance with Section 5.14(a) shall not be limited or otherwise affected by the commencement, disclosure, announcement or submission of any Superior Offer or Acquisition Proposal, or by any withdrawal or modification of the Seller Board Recommendation.

(e) Nothing contained in this Agreement shall prohibit Seller or its board of directors from (i) taking and disclosing to Seller's stockholders a position as contemplated by Rule 14e-2(a) under the Exchange Act or complying with the provisions of Rule 14d-9 under the Exchange Act (other than Rule 14d-9(f) under the Exchange Act), (ii) making any disclosure to Seller's stockholders if Seller's board of directors determines in good faith, after consultation with its outside legal counsel, that the failure to make such disclosure would be inconsistent with its fiduciary duties to Seller's stockholders under applicable Law, and (iii) making a "stop, look and listen" communication to Seller's stockholders pursuant to Rule 14d-9(f) under the Exchange Act, *provided, however*, that in the case of each of the foregoing clauses "(i)" and "(ii)," any such disclosure or public statement shall be deemed to be a Seller Board Adverse Recommendation Change subject to the terms and conditions of this Agreement unless Seller's board of directors reaffirms the Seller Board Recommendation in such disclosure or public statement or within five Business Days of such disclosure or public statement.

Section 5.15 Further Assurances. Following the Closing, each of the parties hereto shall, and shall cause their respective Affiliates to, execute and deliver such additional documents, instruments, conveyances and assurances and take such further actions as may be reasonably required to carry out the provisions hereof and give effect to the transactions contemplated by this Agreement. In addition to and not in limitation of the foregoing, (i) Seller shall not amend, modify, supplement, waive, terminate, or assign any Voting and Support Agreement to which Seller is a party without Buyer's prior written consent, (ii) Seller shall enforce each such Voting and Support Agreement to which it is a party, (iii) if the Seller fails to enforce any such Voting and Support Agreement, then Buyer shall have the right to cause Seller to enforce such Voting and Support Agreement.

Such assistance shall include each of Seller and ExchangeCo cooperating with Buyer, causing its Subsidiaries to cooperate with Buyer and using commercially reasonable efforts to cause the auditors of each of Seller or ExchangeCo and its Subsidiaries to cooperate with Buyer with respect to the preparation of the requisite financial statements, including any proforma financial statements, required in connection with the filing of any business acquisition report. Buyer shall be responsible for all reasonable costs and expenses incurred by Seller or ExchangeCo (included any fees of the auditors of each of Seller, ExchangeCo or their Subsidiaries) related to the cooperation and assistance by Seller, ExchangeCo and their Subsidiaries in respect of the preparation of a business acquisition report pursuant hereto.

Each of Seller and ExchangeCo agrees that Buyer is to have no liability for any Tax resulting from any action of Seller, ExchangeCo, the Company Group, their Affiliates or any of their respective Representatives, and agrees to indemnify and hold harmless Buyer (and, after the Closing Date, the Company Group) against any such Tax or reduction of any Tax asset.

(b) Return Filing Obligations.

(i) Seller and ExchangeCo shall prepare and timely file, or cause to be prepared and timely filed, all Consolidated Returns and shall pay all Taxes due in respect of such returns. All such Consolidated Returns shall be prepared in a manner consistent with past practice (unless otherwise required by applicable Law). From and after the Closing, Buyer shall cause the Company Group to provide Seller and its Affiliates in a timely fashion all filing information reasonably necessary for the preparation and filing of any returns of Seller or ExchangeCo due after the Closing.

(ii) Buyer shall prepare and timely file, or cause to be prepared and timely filed, all Tax Returns of the Company Group (excluding Consolidated Returns) that are due after Closing ("**Buyer Tax Returns**"). In the case of a Tax Return of the Company Group for a Pre-Closing Tax Period ("**Seller Review Returns**"), such Tax Returns shall be prepared in a manner consistent with the most recent past practice of the applicable Company Group member unless otherwise required by applicable Law. Buyer shall submit such Seller Reviewed Returns to Seller at least ten (10) days prior to the anticipated filing date of such Seller Reviewed Return, and Buyer will consider in good faith any reasonable comments Seller may have on such Seller Reviewed Returns. Seller shall pay to Buyer any Taxes reflected as due on any Seller Reviewed Returns when such Seller Reviewed Return is filed to the extent such Taxes are Indemnified Taxes.

(c) Notwithstanding anything to the contrary in this Agreement, all Transfer Taxes shall be borne and paid by Seller or ExchangeCo when due, regardless of the Person liable for such obligations under applicable law or the Person making payment to the applicable Governmental Authority or other third party. Seller and ExchangeCo shall, at its own expense, timely file any Tax Return or other document with respect to such Taxes or fees (and Buyer shall cooperate with respect thereto as necessary).

Section 6.02 Termination of Existing Tax Sharing Agreements. Notwithstanding anything to the contrary in this Agreement, all liabilities, obligations and other rights between any member of the Seller Group, on the one hand, and the Company Group, on the other hand, under any Tax sharing or Tax indemnity agreement in effect prior to the Closing Date (other than this Agreement) shall cease and terminate as of the Closing Date as to all past, present and future taxable periods.

Section 6.03 Tax Indemnification.

(a) Except to the extent treated as a liability in Closing Working Capital or as Closing Indebtedness, Seller and ExchangeCo shall indemnify, jointly and severally, the Company Group, Buyer and their Affiliates from and hold them harmless against:

(i) any Loss attributable to any breach of or inaccuracy in any representation or warranty made in Section 3.25;

(ii) any Loss attributable to any breach or violation of, or failure to fully perform, any covenant, agreement, undertaking or obligation of Seller, ExchangeCo or their Affiliates in Article VI;

(iii) all Indemnified Taxes;

(iv) reasonable out-of-pocket fees and expenses attributable to any item described in clause (i), (ii) or (iii).

Seller and ExchangeCo shall pay (x) any such Taxes Seller or ExchangeCo is responsible for which are reportable on a Tax Return due after the Closing Date at the time and in the manner specified in Section 6.01(c), and (y) any other Taxes for which it is responsible to pay under this Section 6.03 upon a determination that Tax is payable or on written demand, whichever is later, subject to Section 6.10. Seller and ExchangeCo shall not be liable for indemnification under this Section 6.03 until the aggregate amount of all Losses in respect of indemnification under this Section 6.03 exceeds Ten Thousand Dollars (\$10,000), in which event Seller and ExchangeCo shall be required to pay or be liable for all such Losses from the first dollar. The indemnification provided by Seller and ExchangeCo pursuant to Section 6.03(a) shall not exceed Five Hundred Thousand Dollars (\$500,000).

(b) Except to the extent treated as an asset in Closing Working Capital, Buyer shall indemnify the Seller and its Affiliates from and hold them harmless against any Loss attributable to any breach or violation of, or failure to fully perform, any covenant, agreement, undertaking or obligation of Buyer or its Affiliates in Article VI. The indemnification provided by Buyer pursuant to Section 6.03(b) shall not exceed Five Hundred Thousand Dollars (\$500,000).

(b) In the case of other Taxes, such Taxes shall be deemed equal to the amount of such Taxes for the entire period multiplied by a fraction, the numerator of which is the number of days in the period ending on the Closing Date and the denominator of which is the number of days in the entire period.

Section 6.05 Tax Treatment. Seller, ExchangeCo and Buyer agree that the transactions contemplated hereby related to the MJF Group will be treated for U.S. federal income Tax purposes and applicable state income Tax purposes as a taxable sale by Seller and a purchase by Buyer of the assets of each of the members of the MJF Group.

Section 6.06 Tax Allocation. Seller, ExchangeCo and Buyer agree that the portion of the Purchase Price allocable to the Membership Interests (and the liabilities of the MJF Group) shall be allocated among the assets of the MJF Group for U.S. federal and applicable state and local income tax purposes as shown on the allocation schedule (the “**Allocation Schedule**”). A draft of the Allocation Schedule shall be prepared by Buyer and delivered to Seller within 60 days following the Closing Date. If Seller notifies Buyer in writing that Seller objects to one or more items reflected in the Allocation Schedule, Seller and Buyer shall negotiate in good faith to resolve such dispute; *provided, however*, that if Seller and Buyer are unable to resolve any dispute with respect to the Allocation Schedule within 120 days following the Closing Date, such dispute shall be resolved by the Independent Accountant. The fees and expenses of such accounting firm shall be borne equally by Seller and Buyer. Buyer and Seller shall file all Tax Returns (including amended returns and claims for refund) and information reports in a manner consistent with the Allocation Schedule. Any adjustments to the Purchase Price pursuant to Section 2.04 related to the MJF Group herein shall be allocated in a manner consistent with the Allocation Schedule.

Section 6.07 Contests.

(a) Each Party will promptly notify the other Party in writing upon receipt by such Party (or any of its Affiliates) of notice of any pending or threatened audit, examination or proceeding by a Governmental Authority in respect of which an indemnity may be sought pursuant to this Article VI (a “**Tax Claim**”); *provided, however*, that the failure of such party to give prompt notice shall not relieve the other party of any of its obligations under this Article VI except to the extent the other party can demonstrate actual prejudice as a result of such failure.

(b) Seller (or Affiliate thereof) shall control any Tax Claim related to Consolidated Returns and Taxes of the Company Group to be reported on or related to a Consolidated Return. Seller shall keep Buyer fully and timely informed with respect to the commencement, status and nature of any such Tax Claim related to Taxes of the Company Group. Seller shall, in good faith, allow Buyer to make comments to Seller regarding the conduct of or positions taken in any such proceeding. Buyer shall have the right to consent prior to any settlement with respect to (or abandonment of) any such Tax Claim related to Taxes of the Company Group (provided such consent cannot be unreasonably withheld, conditioned or delayed).

(c) Buyer (or Affiliate thereof) shall control any Tax Claim related to Taxes of the Company Group with respect to a Pre-Closing Tax Period and Straddle Period other than Tax Claims subject to Section 6.07(b). Buyer shall keep Seller fully and timely informed with respect to the commencement, status and nature of any such Tax Claim. Buyer shall, in good faith, allow Seller to make comments to Buyer regarding the conduct of or positions taken in any such proceeding. Seller shall have the right to consent prior to any settlement with respect to (or abandonment of) any such Tax Claim (provided such consent cannot be unreasonably withheld, conditioned, or delayed).

Section 6.08 Cooperation and Exchange of Information. Each of Seller, ExchangeCo and Buyer shall provide each other with such cooperation and information as either of them reasonably may request of the other in filing any Tax Return pursuant to this Article VI or in connection with any audit or proceeding in respect of Taxes of the Company Group. Such cooperation and information shall include providing copies of relevant Tax Returns or portions thereof, together with accompanying schedules, related work papers and documents relating to ruling or other determinations by tax authorities. Each of Seller, ExchangeCo and Buyer shall retain all Tax Returns, schedules and work papers, records and other documents in its possession relating to Tax matters of the Company Group for any taxable period beginning before the Closing Date until the expiration of the statute of limitations of the taxable periods to which such Tax Returns and other documents relate, without regard to extensions except to the extent notified by the other party in writing of such extensions for the respective Tax periods. Prior to transferring, destroying or discarding any Tax Returns, schedules and work papers, records and other documents in its possession relating to Tax matters of the Company Group for any taxable period beginning before the Closing Date, Seller, ExchangeCo or Buyer (as the case may be) shall provide the other party with reasonable written notice and offer the other party the opportunity to take custody of such materials. Notwithstanding anything to the contrary contained herein, (i) Seller shall not be required to provide Buyer with a copy of, or otherwise disclose the contents of, any Consolidated Return and (ii) Buyer shall not be required to provide Seller or ExchangeCo with a copy of, or otherwise disclose the contents of, any Tax Claim with respect to a combined, consolidated, affiliates, unitary or aggregated Tax Return that includes Buyer or any Affiliate thereof.

Section 6.09 Tax Treatment of Indemnification Payments. Any indemnification payments pursuant to this Article VI shall be treated as an adjustment to the Purchase Price by the parties for Tax purposes, unless otherwise required by Law.

Section 6.10 Payments to Buyer. Any amounts payable to Buyer pursuant to this Article VI (other than amounts described in Section 6.01(c), which shall be paid directly by Seller or ExchangeCo to Buyer) shall be satisfied by Seller or ExchangeCo.

Section 6.11 Survival. Notwithstanding anything in this Agreement to the contrary, the provisions of Section 3.25 and this Article VI shall survive for the full period of all applicable statutes of limitations (giving effect to any waiver, mitigation or extension thereof) plus 60 days.

Section 6.12 Overlap. To the extent that any obligation or responsibility pursuant to Article VIII may overlap with an obligation or responsibility pursuant to this Article VI, the provisions of this Article VI shall govern.

Section 6.13 Transaction Elections. None of the Buyer, any Company Group member or any of their Affiliates shall make any election under Section 338 or Section 336(e) of the Code with respect to the transactions contemplated by this Agreement.

Section 6.14 Closing Date Transactions. All transactions not in the ordinary course of business occurring after the Closing shall be treated for purposes of this Article VI, and, to the extent permitted by Law, for purposes of filing all Tax Returns of the Seller, and the Company Group members, as occurring on the day after the Closing Date, and the Buyer shall be responsible for all Taxes arising from such transactions.

(c) Seller or ExchangeCo, as applicable, shall have received all consents, authorizations, orders and approvals from the Governmental Authorities referred to in Section 3.05 of the Disclosure Schedules, in each case, in form and substance reasonably satisfactory to Buyer and Seller, and no such consent, authorization, order and approval shall have been revoked.

Akerna Corp. (the “*Company*”), a company organized and existing under and by virtue of the General Corporation Law of the State of Delaware (the “*DGCL*”), does hereby certify as follows:

1. Upon the effectiveness of this Certificate of Amendment pursuant to the DGCL, Article IV of the Certificate of Incorporation is hereby amended to read in its entirety as follows:
is hereby amended to read in its entirety as follows:

“FOURTH: The total number of shares of all classes of capital stock which the Corporation shall have authority to issue is 305,000,000, of which 300,000,000 shares shall be common stock of the par value \$0.0001 per share (“Common Stock”) and 5,000,000 shares shall be preferred stock of the par value of \$0.0001 per share (“Preferred Stock”).

A. Preferred Stock. The Board of Directors is expressly granted authority to issue shares of the Preferred Stock, in one or more series, and to fix for each such series such voting powers, full or limited, and such designations, preferences and relative, participating, optional or other special rights and such qualifications, limitations or restrictions thereof as shall be stated and expressed in the resolution or resolutions adopted by the Board of Directors providing for the issue of such series (a “Preferred Stock Designation”) and as may be permitted by the DGCL. The number of authorized shares of Preferred Stock may be increased or decreased (but not below the number of shares thereof then outstanding) by the affirmative vote of the holders of a majority of the voting power of all of the then outstanding shares of the capital stock of the Corporation entitled to vote generally in the election of directors, voting together as a single class, without a separate vote of the holders of the Preferred Stock, or any series thereof, unless a vote of any such holders is required pursuant to any Preferred Stock Designation.

B. Common Stock. (1) Except as otherwise required by law or as otherwise provided in any Preferred Stock Designation, the holders of the Common Stock shall exclusively possess all voting power and each share of Common Stock shall have one vote.

(2) Subject to the prior rights of all classes or series of stock at the time outstanding having prior rights as to dividends or other distributions, the holders of shares of Common Stock shall be entitled to receive such dividends and other distributions in cash, property, or stock as may be declared on the Common Stock by the Board of Directors from time to time out of assets or funds of the Corporation legally available therefor and shall share equally on a per share basis in all such dividends and other distributions.

(3) Subject to the prior rights of creditors of the Corporation and the holders of all classes or series of stock at the time outstanding having prior rights as to distributions upon liquidation, dissolution or winding up of the Corporation, in the event of any liquidation, dissolution or winding up of the Corporation, either voluntary or involuntary, the holders of shares of Common Stock shall be entitled to receive their ratable and proportionate share of the remaining assets of the Corporation.

(4) No holder of shares of Common Stock shall have cumulative voting rights.

(5) No holder of shares of Common Stock shall be entitled to preemptive or subscription rights pursuant to this Amended and Restated Certificate of Incorporation.

C. Power to Sell and Purchase Shares. Subject to the requirements of applicable law, the Corporation shall have the power to issue and sell all or any part of any shares of any class of stock herein or hereafter authorized to such persons, and for such consideration and for such corporate purposes, as the Board of Directors shall from time to time, in its discretion, determine, whether or not greater consideration could be received upon the issue or sale of the same number of shares of another class, and as otherwise permitted by law. Subject to the requirements of applicable law, the Corporation shall have the power to purchase any shares of any class of stock herein or hereafter authorized from such persons, and for such consideration and for such corporate purposes, as the Board of Directors shall from time to time, in its discretion, determine, whether or not less consideration could be paid upon the purchase of the same number of shares of another class, and as otherwise permitted by law.”

OF
AKERNA CORP.
(a Delaware corporation)

Akerna Corp. (the "**Company**"), a company organized and existing under and by virtue of the General Corporation Law of the State of Delaware (the "**DGCL**"), does hereby certify as follows:

1. Upon the effectiveness of this Certificate of Amendment pursuant to the DGCL, Article I of the Certificate of Incorporation is hereby amended to read in its entirety as follows:

"FIRST: The name of the corporation is Gryphon Digital Mining Inc. (hereinafter sometimes referred to as the "Corporation")."
2. The foregoing amendment was duly adopted in accordance with the provisions of Section 242 of the DGCL.

IN WITNESS WHEREOF, the Company has caused this Certificate of Amendment of the Amended and Restated Certificate of Incorporation, as amended, to be executed and acknowledged by its duly appointed officer as of this day of , 2023.

**2023 PLAN
AKERNA CORP.
2023 OMNIBUS INCENTIVE PLAN**

1. General.

1.1 Purpose. The purposes of this Plan are to attract and retain the best available personnel for the Company and its Affiliates, to provide additional incentives to such personnel and to promote the success of the business of the Company and its Affiliates. Capitalized terms not defined in the text are defined in Section 16.

1.2 Available Grants. The Plan provides for the grant of the following Grants: (a) Incentive Stock Options, (b) Nonstatutory Stock Options, (c) Stock Appreciation Rights, (d) Restricted Stock Grants, (e) Restricted Stock Unit Grants, (f) Performance Grants, and (g) Other Grants.

2. Shares Subject to the Plan.

2.1 Number of Shares Available. Subject to any Capitalization Adjustment and the automatic increase in Section 2.2 and any other applicable provisions in the Plan, the total number of Shares reserved and available for issuance pursuant to this Plan will not exceed [15%] Shares (the “*Share Reserve*”).

2.2 Automatic Share Reserve Increase. The Share Reserve will automatically increase on January 1st of each year, for a period of not more than ten years, commencing on January 1, 2023 and ending on (and including) January 1, 2032 by the lesser of (a) [5]% of the total number of the shares of Common Stock outstanding on December 31st of the immediately preceding calendar year, and (b) such number of Shares determined by the Board.

2.3 Share Recycling. Following the Effective Date, any Shares subject to an outstanding Grant or any portion thereof granted under the Plan will be returned to the Share Reserve and will be available for issuance in connection with subsequent Grants under this Plan to the extent: (a) such Grant (or such portion) are cancelled, forfeited, or settled in cash; (b) such Shares are used to pay the Exercise Price of such Grant (or such portion) or any Tax-Related Items arising in connection with vesting, exercise or settlement of such Grant (or such portion); (c) such Grant (or such portion) are surrendered pursuant to an Exchange Program; (d) such Grant (or such portion) expire by their terms at any time; or (e) such Grant (or such portion) or such Shares are reacquired by the Company pursuant to a forfeiture provision or repurchase right by the Company (“*Returning Shares*”). Accordingly, the Share Reserve is a limitation on the number of Shares that may be issued pursuant to the Plan and does not limit the granting of Grants, since Returning Shares can be granted subject to Grants more than once. Shares subject to Substitute Grants (as defined in Section 13.2) will not be deducted from the Share Reserve; provided that (i) Substitute Grants issued in connection with the assumption of, or in substitution for, outstanding options intended to qualify as Incentive Stock Options shall be counted against the Incentive Stock Option Limit, and (ii) Shares subject to any Substitute Grant may not be returned to the Share Reserve as Returning Shares.

2.4 Incentive Stock Option Limit. Subject to the provisions relating to Capitalization Adjustments, the maximum number of Shares that may be issued pursuant to the exercise of Incentive Stock Options is [15%] Shares (the “*Incentive Stock Option Limit*”).

2.5 Adjustment of Shares. After the Effective Date, if the number of outstanding Shares is changed or the value of the Shares is otherwise affected by a stock dividend, extraordinary dividend or distribution (whether in cash, shares or other property, other than a regular cash dividend) recapitalization, stock split, reverse stock split, subdivision, combination, consolidation, reclassification, spin-off or similar change in the capital structure of the Company or any similar equity restructuring transaction, as that term is used in Statement of Financial Accounting Standards Board Accounting Standards Codification Topic 718 (or any successor thereto), without consideration (a “*Capitalization Adjustment*”), then (a) the maximum number and class of Shares or type of security reserved for issuance and future grant from the Share Reserve set forth in Section 2.1, including Returning Shares, (b) the Exercise Price, Purchase Price, and number and class of Shares or type of security subject to outstanding Grants, and (c) the number and class of Shares subject to the Incentive Stock Option Limit set forth in Section 2.4, will be proportionately adjusted, subject to any required action by the Board or the stockholders of the Company and in compliance with Applicable Laws; provided that fractions of a Share will not be issued.

2.6 Source of Shares; Use of Proceeds. The Shares issuable under the Plan will be authorized but unissued or forfeited shares, treasury shares or shares reacquired by the Company in any manner. At all times the Company will reserve and keep available a sufficient number of Shares as are reasonably required to satisfy the requirements of all Grants granted and outstanding under this Plan. Proceeds from the sale of Shares pursuant to Grants will constitute general funds of the Company.

3. Eligibility.

3.1 General. Incentive Stock Options may be granted only to Employees of the Company, any Parent and any Subsidiary. All other Grants may be granted to Employees, Consultants and Directors, provided such Consultants and Directors render bona fide services not in connection with the offer and sale of securities in a capital-raising transaction.

3.2 Limitation on Grants to Non-Employee Directors. The maximum number of Shares subject to Grants (and of cash subject to cash-settled Grants) granted under the Plan or otherwise during any one calendar year to any Non-Employee Director for service on the Board, taken together with any cash fees paid by the Company to such Non-Employee Director during such calendar year for service on the Board, will not exceed \$[1,000,000] in total value (calculating the value of any such Grants based on the grant date fair value of such Grants for financial reporting purposes).

4. Options and Stock Appreciation Rights.

Each Option or Stock Appreciation Right will be in such form and will contain such terms and conditions as the Committee deems appropriate. Each Stock Appreciation Right will be denominated in Share equivalents. The provisions of separate Options or Stock Appreciation Rights need not be identical; provided, however, that each Grant Agreement will conform (through incorporation of provisions hereof by reference in the applicable Grant Agreement or otherwise) to the substance of each of the following provisions.

4.1 Type of Option Grant. All Options will be separately designated as Incentive Stock Options or Nonstatutory Stock Options at the time of grant, and, if certificates are issued, a separate certificate or certificates will be issued for Shares purchased on exercise of each type of Option. If an Option is not specifically designated as an Incentive Stock Option, or if an Option is designated as an Incentive Stock Option but some portion or all of the Option fails to qualify as an Incentive Stock Option under Applicable Law, then the Option (or portion thereof) will be a Nonstatutory Stock Option.

4.2 Exercise Period; Term. Options and Stock Appreciation Rights may be exercisable within the times or upon the events determined by the Committee and as set forth in the Grant Agreement governing such Grant. No Option or Stock Appreciation Right will be exercisable after the expiration of ten (10) years from the date the Option or Stock Appreciation Right is granted, or such shorter period specified in the Grant Agreement. In addition, in the case of an Incentive Stock Option granted to a person who, at the time the Incentive Stock Option is granted, directly or by attribution owns more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or of any Parent or Subsidiary (“**Ten Percent Holder**”), such Option may not be exercisable after the expiration of five (5) years from the date the Incentive Stock Option is granted. The Committee also may provide for Options or Stock Appreciation Rights to become exercisable at one time or from time to time, periodically or otherwise, in such number of Shares or percentage of Shares as the Committee determines.

4.3 Exercise Price. The Exercise Price of an Option or Stock Appreciation Right will be such price as is determined by the Committee and set forth in the Grant Agreement; provided that (a) in the case of an Incentive Stock Option (i) granted to a Ten Percent Holder, the Exercise Price will be no less than one hundred ten percent (110%) of the Fair Market Value on the date of grant and (ii) granted to any other Employee, the Exercise Price will be no less than one hundred percent (100%) of the Fair Market Value on the date of grant, and (b) in the case of a Nonstatutory Stock Option or Stock Appreciation Right, the Exercise Price will be such price as is determined by the Committee, provided that, if the Exercise Price is less than one hundred percent (100%) of the Fair Market Value on the date of grant, it will otherwise be intended to comply with all Applicable Laws, including Section 409A of the Code. Notwithstanding the foregoing, an Option or Stock Appreciation Right may be granted with an Exercise Price lower than one hundred percent (100%) of the Fair Market Value in connection with an assumption of or substitution for another award as provided in Section 13.2 of the Plan.

4.4 Method of Exercise. An Option or Stock Appreciation Right will be deemed exercised only when the Company receives: (a) notice of exercise (in such form as the Plan Administrator may specify from time to time, including via electronic execution through an authorized third-party administrator) from the person entitled to exercise the Option or Stock Appreciation Right; (b) in the case of an Option, full payment of the applicable Exercise Price in accordance with Section 9 of the Plan and the applicable Grant Agreement, and (c) payment of applicable Tax Related Items, as determined by the Plan Administrator. The Company will issue (or cause to be issued) such Shares promptly after the Option is exercised. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except in connection with a Capitalization Adjustment. Exercising an Option in any manner will decrease the number of Shares thereafter available, both for purposes of the Plan and for sale under the Option, by the number of Shares as to which the Option is exercised.

4.5 Settlement of a Stock Appreciation Right. Upon exercise of a Stock Appreciation Right, a Grantee will be entitled to receive payment from the Company in an amount determined by multiplying (a) the difference between the Fair Market Value of a Share on the date of exercise over the Exercise Price, by (b) the number of Shares with respect to which the Stock Appreciation Right is exercised. At the discretion of the Committee, the payment from the Company for the Stock Appreciation Right exercise may be in cash, in Shares of equivalent value, or in some combination thereof.

4.6 Post-Termination Exercise Period. Unless explicitly provided otherwise in a Grantee's Grant Agreement, if a Grantee's Continuous Service Status is terminated, the Grantee (or his or her legal representative, in the case of death) may exercise his or her Option or Stock Appreciation Right (to the extent such Grant was exercisable on the termination date) within the following period of time following the termination of the Grantee's Continuous Service Status:

(a) three (3) months following a termination of a Grantee's Continuous Service Status by the Company or any Parent or Subsidiary without Cause or by the Grantee for any reason (other than due to death or Disability);

(b) six (6) months following a termination due to the Grantee's Disability;

(c) twelve (12) months following a termination due to the Grantee's death; and

(d) twelve (12) months following the Grantee's death, if such death occurs following the date of such termination but during the period such Grant is otherwise exercisable (as provided in clauses (a) or (b) above).

Following the termination date, to the extent the Grantee does not exercise such Grant within the applicable post-termination exercise period (or, if earlier, prior to the expiration of the maximum term of such Grant), such unexercised portion of the Grant will terminate, and the Grantee will have no further right, title or interest in the terminated Grant.

4.7 Termination for Cause. Except as otherwise provided in the Grant Agreement, if a Grantee's Continuous Service Status is terminated by the Company or any Parent or Subsidiary for Cause, the Grantee's Options or Stock Appreciation Rights will terminate and be forfeited immediately upon such Grantee's termination of Continuous Service Status, and the Grantee will be prohibited from exercising any portion (including any vested portion) of such Grants on and after the date of such termination of Continuous Service Status. If a Grantee's Continuous Service Status is suspended pending an investigation of whether the Grantee's Continuous Service Status will be terminated for Cause, all of the Grantee's rights under any Option or Stock Appreciation Right, including the right to exercise such Grants, shall be suspended during the investigation period.

4.8 Automatic Extension of Termination Date. Except as otherwise provided in the Grant Agreement, if a Grantee's Continuous Service Status terminates for any reason other than for Cause and, at any time during the last thirty (30) days of the applicable post-termination exercise period: (i) the exercise of the Grantee's Option or Stock Appreciation Right would be prohibited solely because the issuance of Shares upon such exercise would violate Applicable Law, or (ii) the immediate sale of any Shares issued upon such exercise would violate the Trading Policy, then the applicable post-termination exercise period will be extended to the last day of the calendar month that commences following the date the Grant would otherwise expire, with an additional extension of the exercise period to the last day of the next calendar month to apply if any of the foregoing restrictions apply at any time during such extended exercise period, generally without limitation as to the maximum permitted number of extensions; provided, however, that in no event may such Grant be exercised after the expiration of its maximum term.

4.9 Non-Exempt Employees. If an Option or Stock Appreciation Right is granted to an Employee who is a non-exempt employee for purposes of the U.S. Fair Labor Standards Act of 1938, as amended, the Option or Stock Appreciation Right will not be first exercisable for any Shares until at least six months following the date of grant of the Option or Stock Appreciation Right (although the Grant may vest prior to such date). Notwithstanding the foregoing, in accordance with the provisions of the U.S. Worker Economic Opportunity Act, any vested portion of such Grant may be exercised earlier than six months following the date of grant of such Grant in the event of (i) such Grantee's death or Disability, (ii) a Change in Control in which such Grant is not assumed, continued or substituted, or (iii) such Grantee's retirement (as such term may be defined in the Grant Agreement or another applicable agreement or, in the absence of any such definition, in accordance with the Company's then current employment policies and guidelines). The foregoing provision is intended to operate so that any income derived by a non-exempt employee in connection with the exercise or vesting of an Option or Stock Appreciation Right will be exempt from his or her regular rate of pay.

4.10 Limitations on Exercise. Options and Stock Appreciation Rights may be exercised only with respect to whole Shares. The Plan Administrator may also specify a reasonable minimum number of Shares that may be purchased on any exercise of an Option or Stock Appreciation Right, provided that such minimum number will not prevent Grantee from exercising the Option or Stock Appreciation Right for the full number of Shares for which it is then exercisable. The Committee may, or may authorize the Plan Administrator to, prohibit the exercise of any Option or Stock Appreciation Right during a period of up to thirty (30) days prior to the consummation of any pending Capitalization Adjustment or Change in Control, or any other change affecting the Shares or the Fair Market Value, for reasons of administrative convenience.

4.11 Limitations on Incentive Stock Options. To the extent that the aggregate Fair Market Value of Shares with respect to which Options designated as Incentive Stock Options are exercisable for the first time by any Grantee during any calendar year (under all plans of the Company or any Parent or Subsidiary of the Company) exceeds One Hundred Thousand Dollars (\$100,000), such excess Options will be treated as Nonstatutory Stock Options. For this purpose, Incentive Stock Options will be taken into account in the order in which they were granted, and the Fair Market Value of the Shares subject to an Incentive Stock Option will be determined as of the date of the grant of such Option.

4.12 Modification, Extension or Renewal. Without stockholder approval, the Committee may modify, extend or renew outstanding Options or Stock Appreciation Rights, and authorize the grant of new Options or Stock Appreciation Rights in substitution therefor, including in connection with an Exchange Program. Any such action may not, without the written consent of a Grantee, materially impair any of such Grantee's rights under any Grant previously granted, except that the Committee may reduce the Exercise Price of an outstanding Option or Stock Appreciation Right without the consent of a Grantee by a written notice (notwithstanding any adverse tax consequences to the Grantee arising from the repricing); provided, however, that the Exercise Price may not be reduced below the Fair Market Value on the date the action is taken to reduce the Exercise Price. Any outstanding Incentive Stock Option that is modified, extended, renewed or otherwise altered will be treated in accordance with Section 424(h) of the Code.

5. Restricted Stock Grants.

A Restricted Stock Grant is an offer by the Company to sell or issue (with no payment required, unless explicitly provided otherwise in a Grantee's Grant Agreement) Shares to a Grantee that are subject to certain specified restrictions ("**Restricted Stock**"). Each Restricted Stock Grant will be in such form and will contain such terms and conditions as the Committee will deem appropriate. The terms and conditions of Restricted Stock Grants may change from time to time, and the terms and conditions of separate Grant Agreements need not be identical, but each Grant Agreement will conform to (through incorporation of the provisions hereof by reference in the applicable Grant Agreement or otherwise) the substance of each of the following provisions.

5.1 Acceptance Procedures. Except as otherwise provided in a Grant Agreement, a Restricted Stock Grant will be accepted by the Grantee's execution and delivery of the Grant Agreement and full payment of the Purchase Price for the Shares to the Company (if applicable) within thirty (30) days from the date the Grant Agreement is delivered to the Grantee. If the Grantee does not execute and deliver the Grant Agreement along with full payment for the Shares (if applicable) to the Company within such thirty (30) days, then the offer will terminate, unless otherwise determined by the Committee.

5.2 Purchase Price. The Purchase Price for Shares issued pursuant to a Restricted Stock Grant, if any, will be determined by the Committee on the date the Restricted Stock Grant is granted and, if permitted by Applicable Law, no cash consideration will be required in connection with the payment for the Purchase Price where the Committee provides that payment shall be in the form of services previously rendered. Payment of the Purchase Price shall be made in accordance with Section 9 of the Plan and the applicable Grant Agreement.

5.3 Dividends and Other Distributions. Grantees holding Restricted Stock Grants will be entitled to receive all dividends and other distributions paid with respect to such Shares, unless the Committee provides otherwise at the time the Grant is granted. If any such dividends or distributions are paid in Shares, the Shares will be subject to the same restrictions on transferability and forfeitability as the Restricted Stock Grants with respect to which they were paid, unless the Committee provides otherwise at the time the Grant is granted.

6. Restricted Stock Unit Grants.

An RSU Grant is a Grant covering a number of Shares that may be settled in cash, or by issuance of those Shares at a date in the future. Each RSU Grant will be in such form and will contain such terms and conditions as the Committee will deem appropriate. The terms and conditions of RSU Grants may change from time to time, and the terms and conditions of separate Grant Agreements need not be identical, but each RSU Grant will conform to (through incorporation of the provisions hereof by reference in the Grant Agreement or otherwise) the substance of each of the following provisions.

6.1 Purchase Price. Unless otherwise determined by the Committee, no Purchase Price shall apply to an RSU settled in Shares. Payment of a Purchase Price, if any, shall be made in accordance with Section 9 of the Plan and the applicable Grant Agreement.

6.2 Form and Timing of Settlement Payment of vested RSUs shall be made as soon as practicable after the date(s) determined by the Committee and set forth in the Grant Agreement. The Committee, in its sole discretion, may settle vested RSUs in cash, Shares, or a combination of both.

6.3 Dividend Equivalent Rights. The Committee may permit Grantees holding RSUs to receive Dividend Equivalent Rights on outstanding RSUs if and when dividends are paid to stockholders on Shares. In the discretion of the Committee, such Dividend Equivalent Rights may be paid in cash or Shares, and may either be paid at the same time as dividend payments are made to stockholders or delayed until Shares are issued pursuant to the underlying RSUs, and may be subject to the same vesting or performance requirements as the RSUs. If the Committee permits Dividend Equivalent Rights to be made on RSUs, the terms and conditions for such Dividend Equivalent Rights will be set forth in the applicable Grant Agreement.

7. Performance Grants.

7.1 Types of Performance Grants. A Performance Grant is a Grant that may be granted, may vest or may become eligible to vest contingent upon the attainment during a Performance Period of certain Performance Goals. Performance Grants may be granted as Options, Stock Appreciation Rights, Restricted Stock, RSUs or Other Grants, including cash-based Grants.

7.2 Terms of Performance Grants. Performance Grants will be based on the attainment of Performance Goals that are established by the Committee for the relevant Performance Period. Prior to the grant of any Performance Grant, the Committee will determine and each Grant Agreement shall set forth the terms of each Performance Grant, including, without limitation: (a) the nature, length and starting date of any Performance Period; (b) the Performance Criteria and Performance Goals that shall be used to determine the time and extent to which a Performance Grant has been earned; (c) amount of any cash bonus, or the number of Shares deemed subject to a Performance Grant, and (d) the effect of a termination of Grantee's Continuous Service Status on a Performance Grant. Grantees may participate simultaneously with respect to Performance Grants that are subject to different Performance Periods and Performance Goals. A Performance Grant may but need not require the Grantee's completion of a specified period of service.

7.3 Determination of Achievement. The Committee shall determine the extent to which a Performance Grant has been earned in its sole discretion, including the manner of calculating the Performance Criteria and the measure of whether and to what degree such Performance Goals have been attained. The Committee may reduce or waive any criteria with respect to a Performance Goal, or adjust a Performance Goal (or method of calculating the attainment of a Performance Goal) to take into account unanticipated events, including changes in law and accounting or tax rules, as the Committee deems necessary or appropriate, or to reflect the impact of extraordinary or unusual items, events or circumstances to avoid windfalls or hardships. The Committee may also adjust or eliminate the compensation or economic benefit due upon attainment of Performance Goals in its sole discretion, subject to any limitations contained in the Grant Agreement and compliance with Applicable Law.

8. Other Grants.

Other forms of Grants valued in whole or in part by reference to, or otherwise based on, Shares, including the appreciation in value thereof may be granted either alone or in addition to other Grants provided for in the Plan. Subject to the provisions of the Plan and Applicable Law, the Committee may determine the persons to whom and the time or times at which such Other Grants will be granted, the number of Shares (or the cash equivalent thereof) to be granted pursuant to such Other Grants and all other terms and conditions of such Other Grants.

9. Payment for Purchases and Exercises.

Payment from a Grantee for Shares acquired pursuant to this Plan may be made in cash or cash equivalents or, where approved for the Grantee by the Committee and where permitted by Applicable Law (and to the extent not otherwise set forth in the applicable Grant Agreement):

- (a) by cancellation of indebtedness of the Company owed to the Grantee;
- (b) by surrender of Shares held by the Grantee that are clear of all liens, claims, encumbrances or security interests and that have a Fair Market Value on the date of surrender equal to the aggregate payment required;
- (c) by waiver of compensation due or accrued to the Grantee for services rendered or to be rendered to the Company or an Affiliate;
- (d) by consideration received by the Company pursuant to a broker-assisted or other form of cashless exercise program implemented by the Plan Administrator in connection with the Plan;
- (e) by the Company withholding otherwise deliverable Shares having a Fair Market Value on the date of withholding equal to the aggregate payment required;
- (f) by any combination of the foregoing; or
- (g) by any other method of payment as is permitted by Applicable Law.

The Committee or the Plan Administrator may limit the availability of any method of payment, to the extent the Committee or the Plan Administrator determines, in its discretion, that such limitation is necessary or advisable to comply with Applicable Law or facilitate the administration of the Plan. Payment of any Purchase Price or Exercise Price shall be made in accordance with any procedures established by the Plan Administrator.

10. Taxes.

10.1 Responsibility for Taxes. Regardless of any action taken by the Company or any Affiliate, the ultimate liability for all income tax, social insurance, payroll tax, fringe benefits tax, payment on account, employment tax, stamp tax or other tax-related items related to the Grantee's participation in the Plan and legally applicable to the Grantee, including any employer liability for which the Grantee is liable (the "**Tax-Related Items**") is the Grantee's responsibility and may exceed the amount, if any, withheld by the Company or an Affiliate. If the Grantee is subject to Tax-Related Items in more than one jurisdiction, the Company or an Affiliate may be required to withhold or account for Tax-Related Items in more than one jurisdiction.

10.2 Withholding Methods. Unless otherwise provided in the Grantee's Grant Agreement, the Committee, or its delegate(s), as permitted by Applicable Law, in its sole discretion and pursuant to such procedures as it may specify from time to time and subject to limitations of Applicable Law, may require or permit a Grantee to satisfy any applicable withholding obligations for Tax-Related Items, in whole or in part by (without limitation) (a) requiring the Grantee to make a cash payment, (b) withholding from the Grantee's wages or other cash compensation paid to the Grantee by the Company or any Affiliate; (c) withholding from the Shares otherwise issuable pursuant to a Grant; (d) permitting the Grantee to deliver to the Company already-owned Shares or (e) withholding from the proceeds of the sale of otherwise deliverable Shares acquired pursuant to a Grant either through a voluntary sale or through a mandatory sale arranged by the Company. By adoption of the Plan, the Committee delegates to the Plan Administrator the authority to adopt policies and procedures, in consultation with the Company's tax accountants and legal advisors, to determine the Fair Market Value of the Shares solely for purposes of withholding and reporting Tax-Related Items related to Grants granted under the Plan.

10.3 Withholding Tax Rates. The Company or an Affiliate may withhold or account for Tax-Related Items by considering applicable minimum statutory withholding amounts or other applicable withholding rates, including up to the maximum applicable rate in the Grantee's jurisdiction. If the obligation for Tax-Related Items is satisfied by withholding a number of Shares, for tax purposes, a Grantee is deemed to have been issued the full number of Shares, notwithstanding that a number of the Shares is held back solely for the purpose of paying the Tax-Related Items. In the event the Company withholds less than it is obligated to withhold in connection with a Grant, the Grantee will indemnify and hold the Company harmless from any liability for Tax-Related Items.

11. Restrictions on Grants and Shares.

11.1 Transferability of Grants. Except as expressly provided in the Plan or an applicable Grant Agreement, or otherwise determined by the Committee or the Plan Administrator, Grants granted under the Plan will not be transferable or assignable by the Grantee, other than by will or by the laws of descent and distribution. Any Options, Stock Appreciation Rights or Other Grants that are exercisable may only be exercised: (a) during the Grantee's lifetime only by (i) the Grantee, or (ii) the Grantee's guardian or legal representative; (b) after the Grantee's death, by the legal representative of the Grantee's heirs or legatees. The Committee or the Plan Administrator may permit transfer of Grants in a manner that is not prohibited by Applicable Law.

11.2 Stockholder Rights. No Grantee will have any of the rights of a stockholder with respect to any Shares until the Shares are issued to the Grantee, except for any Dividend Equivalent Rights or other dividend rights permitted by an applicable Grant Agreement. After Shares are issued to the Grantee, the Grantee will be a stockholder and have all the rights of a stockholder with respect to such Shares, including the right to vote and receive all dividends or other distributions made or paid with respect to such Shares, subject to any repurchase or forfeiture provisions in any Restricted Stock Grant, the terms of the Trading Policy, and Applicable Law.

11.3 Escrow; Pledge of Shares. To enforce any restrictions on a Grantee's Shares, the Committee may require the Grantee to deposit all written or electronic certificate(s) representing Shares, together with stock powers or other instruments of transfer approved by the Plan Administrator, with the Company or an agent designated by the Company to hold in escrow until such restrictions have lapsed or terminated, and the Plan Administrator may cause a legend or legends referencing such restrictions to be placed on the certificate(s). Any Grantee who is permitted to execute a promissory note as partial or full consideration for the purchase of Shares under this Plan may be required to pledge and deposit with the Company all or part of the Shares so purchased as collateral to secure the payment of Grantee's obligation to the Company under the promissory note.

11.4 Exchange and Buyout of Grants. Without prior stockholder approval, the Committee may conduct an Exchange Program, subject to consent of an affected Grantee (unless not required in connection with a repricing pursuant to Section 4.12 of the Plan, or under the terms of a Grant Agreement) and compliance with Applicable Law.

11.5 Conditions Upon Issuance of Shares; Securities Matters. The Company will be under no obligation to affect the registration pursuant to the Securities Act of any Shares to be issued hereunder or to effect similar compliance under any state, local or non-U.S. laws. Notwithstanding any other provision of the Plan or any Grant Agreement, the Company will not be obligated, and will have no liability for failure, to issue or deliver any Shares under the Plan unless such issuance or delivery would comply with Applicable Laws, with such compliance determined by the Company in consultation with its legal counsel. The Plan Administrator may require, as a condition to the issuance of Shares pursuant to the terms hereof, that the recipient of such Shares make such covenants, agreements and representations, and that any related certificates representing such Shares bear such legends, as the Plan Administrator, in its sole discretion, deems necessary or desirable. The exercise or settlement of any Grant granted hereunder will only be effective at such time as counsel to the Company shall have determined that the issuance and delivery of Shares pursuant to such exercise or settlement is in compliance with all Applicable Laws. The Company may, in its sole discretion, defer the effectiveness of any exercise or settlement of a Grant granted hereunder in order to allow the issuance of Shares pursuant thereto to be made pursuant to registration or an exemption from registration or other methods for compliance available under U.S. federal, state, local or non-U.S. securities laws. The Company will inform the Grantee in writing of its decision to defer the effectiveness of the exercise or settlement of a Grant granted hereunder. During the period that the effectiveness of the exercise of a Grant has been deferred, the Grantee may, by written notice, withdraw such exercise and obtain the refund of any amount paid with respect thereto.

11.6 Clawback/Recovery Policy. All Grants granted under the Plan will be subject to clawback or recoupment under any clawback or recoupment policy (and any amendments thereto) adopted by the Board or the Committee or required by Applicable Law during the term of Grantee's employment or other service with the Company that is applicable to Officers, Employees, Directors or other service providers of the Company, regardless of whether such adoption (or amendment) is before or after the date the applicable Grant is granted. In addition, the Committee may impose such other clawback, recovery or recoupment provisions in a Grant Agreement as the Committee determines necessary or appropriate. No recovery of compensation under such a clawback or recoupment policy will be an event giving rise to a right to voluntarily terminate employment upon a "resignation for good reason," or for a "constructive termination" or any similar term under any plan or agreement with the Company.

12. General Provisions Applicable to Grants.

12.1 Vesting. The total number of Shares subject to a Grant may vest in periodic installments that may or may not be equal. The Committee may impose such restrictions on or conditions to the vesting and/or exercisability of a Grant as determined by the Committee, and which may vary.

12.2 Termination of Continuous Service Status. Except as otherwise provided in the applicable Grant Agreement or as determined by the Committee, if a Grantee's Continuous Service Status terminates for any reason, vesting of a Grant will cease and such portion of a Grant that has not vested will be forfeited, and the Grantee will have no further right, title or interest in any then-unvested portion of the Grant. In addition, the Company may receive through a forfeiture condition or a repurchase right any or all of the Shares held by the Grantee under a Restricted Stock Grant that have not vested as of the date of such termination, subject to the terms of the applicable Grant Agreement.

12.3 No Employment or Other Service Rights Nothing in this Plan or any Grant granted under this Plan will confer or be deemed to confer on any Grantee any right to continue in the employ of, or to continue any other relationship with, the Company or an Affiliate or limit in any way the right of the Company or an Affiliate to terminate Grantee's employment or other relationship at any time. Furthermore, to the extent the Company is not the employer of a Grantee, the grant of a Grant will not establish or amend an employment or other service relationship between the Company and the Grantee. Nothing in the Plan or any Grant will constitute any promise or commitment by the Company or an Affiliate regarding future work assignments, future compensation or any other term or condition of employment or service.

12.4 Effect on Other Employee Benefit Plans. The value of and income from any Grant granted under the Plan, as determined upon grant, vesting or settlement, shall not be included as compensation, earnings, salaries, or other similar terms used when calculating any Grantee's benefits under any employee benefit plan sponsored by the Company or any Affiliate, except as such plan otherwise expressly provides. The Company expressly reserves its rights to amend, modify, or terminate any of the Company's or any Affiliate's employee benefit plans.

12.5 Leaves of Absence. To the extent permitted by Applicable Law, the Committee or the Plan Administrator, in that party's sole discretion, may determine whether Continuous Service Status will be considered interrupted in the case of any leave of absence. Continuous Service Status as an Employee for purposes of Incentive Stock Options shall not be considered interrupted or terminated in the case of: (a) Company approved sick leave; (b) military leave; (c) any other bona fide leave of absence approved by the Company, provided that such leave is for a period of not more than ninety (90) days, unless reemployment upon the expiration of such leave is guaranteed by contract or statute, or unless provided otherwise pursuant to a written Company policy. In the case of an approved leave of absence, the Plan Administrator may make such provisions respecting suspension of vesting and crediting of service (including pursuant to a formal policy adopted from time to time by the Company) as it may deem appropriate, except that in no event may an Option or Stock Appreciation Right be exercised after the expiration of the term set forth in the Grant Agreement.

12.6 Change in Time Commitment. In the event a Grantee's regular level of time commitment in the performance of his or her services for the Company or any Affiliates is reduced (for example, and without limitation, if the Grantee is an Employee of the Company and the Employee has a change in status from full-time to part-time or takes an extended leave of absence) after the date of grant of any Grant, the Committee or the Plan Administrator, in that party's sole discretion, may (x) make a corresponding reduction in the number of Shares or cash amount subject to any portion of such Grant that is scheduled to vest or become payable after the date of such change in time commitment, and (y) in lieu of or in combination with such a reduction, extend the vesting schedule applicable to such Grant (in accordance with Section 409A of the Code, as applicable). In the event of any such reduction, the Grantee will have no right with respect to any portion of the Grant that is so amended.

12.7 Electronic Delivery. Any reference herein to a “written” agreement or document will include any agreement or document delivered electronically, filed publicly at www.sec.gov (or any successor website thereto) or posted on the Company’s intranet (or other shared electronic medium controlled by the Company to which the Grantee has access).

12.8 Deferrals. To the extent permitted by Applicable Law, the Committee, in its sole discretion, may determine that the delivery of Shares or the payment of cash, upon the exercise, vesting or settlement of all or a portion of any Grant may be deferred and may establish programs and procedures for deferral elections to be made by Grantees. Deferrals by Grantees will be made in accordance with Section 409A of the Code, if applicable, and any other Applicable Law.

12.9 Compliance with Section 409A of the Code. Unless otherwise expressly provided in a Grant Agreement, the Plan and Grant Agreements will be interpreted to the greatest extent possible in a manner that makes the Plan and the Grants granted hereunder exempt from Section 409A of the Code, and, to the extent not so exempt, in compliance with Section 409A of the Code. If the Committee determines that any Grant granted hereunder is not exempt from and is therefore subject to Section 409A of the Code, the Grant Agreement evidencing such Grant will incorporate the terms and conditions necessary to avoid the consequences specified in Section 409A(a)(1) of the Code, and to the extent a Grant Agreement is silent on terms necessary for compliance, such terms are hereby incorporated by reference into the Grant Agreement. To the extent that any amount constituting deferred compensation under Section 409A of the Code would become payable under this Plan by reason of a Change in Control, such amount shall become payable only if the event constituting a Change in Control would also qualify as a change in ownership or effective control of the Company or a change in the ownership of a substantial portion of the assets of the Company within the meaning of Code Section 409A. If a Grantee holding a Grant that constitutes deferred compensation under Section 409A of the Code is a specified employee within the meaning of Section 409A of the Code, no distribution or payment of any amount hereunder that is payable because of a separation from service (as defined in Section 409A of the Code without regard to alternative definitions thereunder) will be issued or paid before the date that is six months following the date of such Grantee’s separation from service or, if earlier, the date of the Grantee’s death, unless such distribution or payment can be made in a manner that complies with Section 409A of the Code, and any amounts so deferred will be paid in a lump sum on the day after such six month period elapses or, if earlier, the date of such death, with the balance paid thereafter on the original schedule. Each payment payable under a Grant Agreement is intended to constitute a separate payment for purposes of Treasury Regulation Section 1.409A-2(b)(2). In no event will any Grantee have a right to payment or reimbursement or otherwise from the Company or its Affiliates, or their successors or assigns, for any taxes imposed or other costs incurred as a result of Section 409A of the Code.

12.10 Execution of Additional Documents. The Company may require a Grantee to execute any additional documents or instruments necessary or desirable, as determined by the Plan Administrator, to carry out the purposes or intent of the Grant, or facilitate compliance with securities, tax and/or other regulatory requirements, at the Plan Administrator’s request.

13. Other Corporate Events.

13.1 Change in Control. In the event that the Company is subject to a Change in Control, outstanding Grants acquired under the Plan shall be subject to the agreement evidencing the Change in Control, which need not treat all outstanding Grants in an identical manner. Such agreement, without the Grantee’s consent, may provide for one or more of the following with respect to all outstanding Grants as of the effective date of such Change in Control:

(a) The continuation of an outstanding Grant by the Company (if the Company is the successor entity).

(b) The assumption of an outstanding Grant by the successor or acquiring entity (if any) of such Change in Control (or by its parents, if any), which assumption will be binding on all selected Grantees; provided that the Exercise Price and the number and nature of shares issuable upon exercise of any Option or Stock Appreciation Right, or any award that is subject to Section 409A of the Code, will be adjusted appropriately pursuant to Section 424(a) of the Code and/or Section 409A of the Code, as applicable.

(c) The substitution by the successor or acquiring entity in such Change in Control (or by its parents, if any) of equivalent awards with substantially the same terms for such outstanding Grants (except that the Exercise Price and the number and nature of shares issuable upon exercise of any Option or Stock Appreciation Right, or any award that is subject to Section 409A of the Code, will be adjusted appropriately pursuant to Section 424(a) of the Code and/or Section 409A of the Code, as applicable).

(d) The full or partial acceleration of exercisability or vesting and accelerated expiration of an outstanding Grant and lapse of the Company's right to repurchase or re-acquire shares acquired under a Grant or lapse of forfeiture rights with respect to shares acquired under a Grant.

(e) The settlement of such outstanding Grant (whether or not then vested or exercisable) in cash, cash equivalents, or securities of the successor entity (or its parent, if any) with a Fair Market Value equal to the required amount provided in the definitive agreement evidencing the Change in Control, followed by the cancellation of such Grants; provided however, that such Grant may be cancelled without consideration if such Grant has no value, as determined by the Committee in its sole discretion. Subject to compliance with Section 409A of the Code, such payment may be made in installments and may be deferred until the date or dates the Grant would have become exercisable or vested. Such payment may be subject to vesting based on the Grantee's Continuous Service Status, provided that the vesting schedule shall not be less favorable to the Grantee than the schedule under which the Grant would have become vested or exercisable. For purposes of this paragraph, the Fair Market Value of any security shall be determined without regard to any vesting conditions that may apply to such security.

(f) The cancellation of outstanding Grants (regardless of whether vested or unvested) in exchange for no consideration.

The Board shall have full power and authority to assign the Company's right to repurchase or re-acquire or forfeiture rights to such successor or acquiring corporation. In addition, in the event such successor or acquiring corporation (if any) refuses to assume, convert, replace or substitute Grants, as provided above, pursuant to a Change in Control, the Committee will notify the Grantee in writing or electronically that such Grant will be exercisable (to the extent vested and exercisable pursuant to its terms) for a period of time determined by the Committee in its sole discretion, and such Grant will terminate upon the expiration of such period.

13.2 Assumption of Grants by the Company. The Company, from time to time, may substitute or assume outstanding awards granted by another company, whether in connection with an acquisition of such other company or otherwise, by either (a) granting a Grant under this Plan in substitution of such other company's award; or (b) assuming such award as if it had been granted under this Plan if the terms of such assumed award could be applied to a Grant granted under this Plan (a "**Substitute Grant**"). Such substitution or assumption will be permissible if the holder of the Substitute Grant would have been eligible to be granted a Grant under this Plan if the other company had applied the rules of this Plan to such grant. The Exercise Price and the number and nature of Shares issuable upon exercise or settlement of any such Substitute Grant will be adjusted appropriately pursuant to Section 424(a) of the Code and/or Section 409A of the Code, as applicable.

14. Administration.

14.1 Committee Authority. This Plan will be administered by the Committee or by the Board acting as the Committee. Subject to the general purposes, terms and conditions of this Plan, and any charter adopted by the Board governing the actions of the Committee, the Committee will have full power to implement and carry out this Plan. Without limitation, the Committee will have the authority to, subject to the preceding sentence:

(a) construe and interpret this Plan, any Grant Agreement and any other agreement or document executed pursuant to this Plan;

(b) prescribe, amend, expand, modify and rescind or terminate rules and regulations relating to this Plan or any Grant (including the terms or conditions of any Grant);

(c) approve persons to receive Grants;

(d) determine the form, terms and conditions of Grants;

(e) determine the number of Shares or other consideration subject to Grants;

(f) determine the Fair Market Value in good faith and interpret the applicable provisions of this Plan and the definition of Fair Market Value in connection with circumstances that impact the Fair Market Value, if necessary;

(g) determine whether Grants will be granted singly, in combination with, in tandem with, in replacement of, or as alternatives to, other Grants under this Plan or awards under any other incentive or compensation plan of the Company or any Affiliate;

- (h) grant waivers of any conditions of this Plan or any Grant;
- (i) determine the vesting, exercisability and payment of Grants;
- (j) correct any defect, supply any omission or reconcile any inconsistency in this Plan, any Grant or any Grant Agreement;
- (k) determine whether a Grant has been earned or has vested;
- (l) determine the terms and conditions of any, and to institute any Exchange Program;
- (m) adopt or revise rules and/or procedures (including the adoption or revision of any subplan under this Plan) relating to the operation and administration of the Plan to facilitate compliance with requirements of local law and procedures outside the United States, (provided that Board approval will not be necessary for immaterial modifications to the Plan or any Grant Agreement made to ensure or facilitate compliance with the laws or regulations of the relevant foreign jurisdiction);
- (n) delegate any of the foregoing to one or more Officers or Employees pursuant to a specific delegation as permitted by the terms of the Plan and Applicable Law, including Section 157(c) of the Delaware General Corporation Law; and
- (o) make all other determinations necessary or advisable in connection with the administration of this Plan.

14.2 Indemnification. To the maximum extent permitted by Applicable Laws, each member of the Committee (including officers of the Company or an Affiliate of the Company, if applicable), or of the Board, as applicable, shall be indemnified and held harmless by the Company against and from (i) any loss, cost, liability or expense that may be imposed upon or reasonably incurred by him or her in connection with or resulting from any claim, action, suit or proceeding to which he or she may be a party or in which he or she may be involved by reason of any action taken or failure to act under the Plan or pursuant to the terms and conditions of any Grant except for actions taken in bad faith or failures to act in good faith, and (ii) any and all amounts paid by him or her in settlement thereof, with the Company's approval, or paid by him or her in satisfaction of any judgment in any such claim, action, suit or proceeding against him or her; provided that such member shall give the Company an opportunity, at its own expense, to handle and defend any such claim, action, suit or proceeding before he or she undertakes to handle and defend it on his or her own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's Articles of Incorporation, Certificate of Incorporation or Bylaws, by contract, as a matter of law or otherwise, or under any other power that the Company may have to indemnify or hold harmless each such person.

14.3 Committee Interpretation and Discretion. Any determination made by the Committee with respect to any Grant shall be made in its sole discretion at the time of grant of the Grant or, unless in contravention of any express term of the Plan or Grant, at any later time, and such determination shall be final and binding on the Company and all persons having an interest in any Grant under the Plan. Any dispute regarding the interpretation of the Plan or any Grant Agreement shall be submitted by the Grantee or Company to the Committee for review. The resolution of such a dispute by the Committee shall be final and binding on the Company and the Grantee. The Committee may delegate to the Plan Administrator or one or more Officers the authority to review and resolve disputes with respect to Grants held by Grantees who are not Insiders, and such resolution shall be final and binding on the Company and the Grantee.

14.4 Section 16 of the Exchange Act. Grants granted to Grantees who are subject to Section 16 of the Exchange Act must be approved by a committee of the Board that at all times consists solely of two or more Non-Employee Directors. Nothing herein shall create an inference that a Grant is not validly granted under the Plan in the event Grants are not granted under the Plan by a committee of the Board that does not at all times consist solely of two or more Non-Employee Directors.

14.5 Plan Administrator. The Committee may appoint a Plan Administrator, who will have the authority to administer the day-to-day operations of the Plan and to make certain ministerial decisions without Committee approval as provided in the Plan or pursuant to resolutions adopted by the Committee. The Plan Administrator may not grant Grants.

14.6 Failure to Comply. In addition to the remedies of the Company elsewhere provided for herein, failure by a Grantee to comply with any of the terms and conditions of the Plan or any Grant Agreement, unless such failure is remedied by such Grantee within ten (10) days after having been notified of such failure by the Plan Administrator, shall be grounds for the cancellation and forfeiture of such Grant, in whole or in part, as the Committee, in its sole discretion, may determine.

14.7 Foreign Grant Recipients. Notwithstanding any provision of the Plan to the contrary, in order to facilitate compliance with the Applicable Laws and practices in other countries in which the Company and its Affiliates operate or have Employees or other persons eligible for Grants, the Committee, in its sole discretion, will have the power and authority to: (a) determine which Affiliates will be covered by the Plan; (b) determine which individuals outside the United States are eligible to participate in the Plan, which may include individuals who provide services to the Company or an Affiliate under an agreement with a foreign nation or agency; (c) modify the terms and conditions of any Grant granted to individuals outside the United States or foreign nationals to comply with Applicable Laws or foreign policies, customs and practices; (d) establish sub-plans, modify exercise procedures and adopt other rules and/or procedures relating to the operation and administration of the Plan in jurisdictions other than the United States (including to qualify Grants for special tax treatment under laws of jurisdictions other than the United States); provided, however, that no such sub-plans and/or modifications will increase the share limitations contained in Section 2.1; and (e) take any action, before or after a Grant is made, that the Committee determines to be necessary or advisable to obtain approval or comply with any local governmental regulatory exemptions or approvals. Notwithstanding the foregoing, the Committee may not take any actions hereunder, and no Grants will be granted, that would violate any Applicable Law in the United States.

14.8 Non-Exclusivity of the Plan. Neither the adoption of this Plan by the Board, the submission of this Plan to the stockholders of the Company for approval, nor any provision of this Plan will be construed as creating any limitations on the power of the Board to adopt such additional compensation arrangements as it may deem desirable, including, without limitation, the granting of stock options and other equity awards and bonuses otherwise than under this Plan, and such arrangements may be either generally applicable or applicable only in specific cases.

14.9 Severability. If all or any part of this Plan or a Grant Agreement is declared by any court or governmental authority to be unlawful or invalid, such unlawfulness or invalidity will not serve to invalidate any portion of this Plan not declared to be unlawful or invalid. Any Section or part of a Section so declared to be unlawful or invalid will, if possible, be construed in a manner that will give effect to the terms of such Section or part of a Section to the fullest extent possible while remaining lawful and valid.

14.10 Corporate Action Constituting Grant of Grants. Corporate action constituting a grant by the Company of a Grant to any Grantee will be deemed completed as of the date of such corporate action, unless otherwise determined by the Plan Administrator, regardless of when the instrument, certificate, or letter evidencing the Grant is communicated to, or actually received or accepted by, the Grantee. In the event that the corporate records (e.g., Board consents, resolutions or minutes) documenting the corporate action constituting the Grant contain terms (e.g., Exercise Price, Purchase Price, vesting schedule or number of Shares) are inconsistent with those in the Grant Agreement or related grant documents as a result of a clerical error in the preparation of the Grant Agreement or related grant documentation, the corporate records will control, and the Grantee will have no legally binding right to the incorrect term in the Grant Agreement or related grant documentation.

14.11 Expenses and Receipts. The expenses of the Plan will be paid by the Company. Any proceeds received by the Company in connection with any Grant will be used for general corporate purposes.

14.12 Governing Law. This Plan and all Grants granted hereunder shall be governed by and construed in accordance with the laws of the State of Delaware, without giving effect to that body of laws pertaining to conflict of laws.

14.13 Headings. The headings in this Plan are included solely for convenience of reference and if there is any conflict between such headings and the text of this Plan, the text shall control.

15. Effectiveness, Amendment and Termination of the Plan.

15.1 Adoption and Stockholder Approval. The Plan will come into existence on the Effective Date.

15.2 Amendment of the Plan. The Committee may amend the Plan or any Grant in any respect the Committee deems necessary or advisable, subject to the limitations of Applicable Law and this section and Section 15.4. If required by Applicable Law, the Company will seek stockholder approval of any amendment of the Plan that (a) materially increases the number of Shares available for issuance under the Plan (excluding any Capitalization Adjustment), (b) materially expands the class of individuals eligible to receive Grants under the Plan, (c) materially increases the benefits accruing to Grantees under the Plan, (d) materially reduces the price at which Shares may be issued or purchased under the Plan, (e) materially extends the term of the Plan, (f) materially expands the types of Grants available for issuance under the Plan, or (g) as otherwise required by Applicable Law.

15.3 Suspension or Termination of the Plan. The Plan shall terminate automatically on the tenth (10th) anniversary of the Effective Date. No Grant will be granted pursuant to the Plan after such date, but Grants previously granted may extend beyond that date. The Committee may suspend or terminate the Plan at any earlier date at any time. No Grants may be granted under the Plan while the Plan is suspended or after it is terminated.

15.4 No Impairment. No amendment, suspension or termination of the Plan or any Grant may materially impair a Grantee's rights under any outstanding Grant, except with the written consent of the affected Grantee or as otherwise expressly permitted in the Plan. Subject to the limitations of Applicable Law, if any, the Committee may amend the terms of any one or more Grants without the affected Grantee's consent (a) to maintain the qualified status of the Grant as an Incentive Stock Option under Section 422 of the Code; (b) to change the terms of an Incentive Stock Option, if such change results in impairment of the Grant solely because it impairs the qualified status of the Grant as an Incentive Stock Option; (c) to clarify the manner of exemption from, or to bring the Grant into compliance with, Section 409A of the Code; or (d) to facilitate compliance with other Applicable Laws.

16. Definitions. As used in the Plan, the following definitions will apply to the capitalized terms indicated below:

16.1 "Affiliate" means a Parent, a Subsidiary or any corporation or other Entity that, directly or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with, the Company.

16.2 "Applicable Law" means any applicable securities, federal, state, foreign, material local or municipal or other law, statute, constitution, principle of common law, resolution, ordinance, code, edict, decree, rule, listing rule, regulation, judicial decision, ruling or requirement issued, enacted, adopted, promulgated, implemented or otherwise put into effect by or under the authority of any governmental or regulatory body or self-regulatory organization (including the New York Stock Exchange, Nasdaq Stock Market and the Financial Industry Regulatory Authority).

16.3 "Board" means the Board of Directors of the Company.

16.4 "Cause" will have the meaning ascribed to such term in any written agreement between the Grantee and the Company defining such term and, in the absence of such agreement, such term means, with respect to a Grantee, the occurrence of any of the following events: (a) Grantee's unauthorized misuse of the Company's trade secrets or proprietary information; (b) Grantee's conviction of or plea of *nolo contendere* to a felony or a crime involving moral turpitude; (c) Grantee's committing an act of fraud against the Company; or (d) Grantee's gross negligence or willful misconduct in the performance of his or her duties that has had or is likely to have a material adverse effect on the Company. For purposes of this definition, the term "Company" will be interpreted to include any Subsidiary, Parent or Affiliate of the Company, as appropriate.

16.5 "Change in Control" means:

(a) the consummation of any consolidation or merger of the Company with any other entity, other than transaction which would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity or its parent) at least fifty percent (50%) of the total voting power represented by the voting securities of the Company or such surviving entity or its parent outstanding immediately after such consolidation or merger;

(b) any Exchange Act Person becomes the "beneficial owner" (as defined in Rule 13d-3 of the Exchange Act), directly or indirectly, of securities of the Company representing more than fifty percent (50%) of the total voting power represented by the Company's then-outstanding voting securities; provided, however, that for purposes of this subclause (b) the acquisition of additional securities by any one Person who is considered to own more than fifty percent (50%) of the total voting power of the securities of the Company will not be considered a Change in Control;

[Table of Contents](#)

(c) the consummation of the sale or disposition by the Company of all or substantially all of the Company's assets, except where such sale, lease, transfer or other disposition is made to the Company or one or more wholly owned Subsidiaries of the Company; or

(d) a change in the effective control of the Company that occurs on the date that a majority of members of the Board is replaced during any twelve (12) month period by members of the Board whose appointment or election is not endorsed by a majority of the members of the Board prior to the date of the appointment or election. For purpose of this subclause (d), if any Person is considered to be in effective control of the Company, the acquisition of additional control of the Company by the same Person will not be considered a Change in Control.

For purposes of this definition, Persons will be considered to be acting as a group if they are owners of an Entity that enters into a merger, consolidation, purchase or acquisition of stock, or similar business transaction with the Company.

16.6 "Code" means the U.S. Internal Revenue Code of 1986, as amended, including any applicable regulations and guidance thereunder.

The Committee or the Plan Administrator, in that party's sole discretion, shall determine whether a Grantee's Continuous Service Status has ceased and the effective date of such termination.

16.12 "Director" means a member of the Board.

16.13 "Disability" means (a) in the case of Incentive Stock Options, total and permanent disability as defined in Section 22(e)(3) of the Code, and (b) in the case of other Grants, unless the applicable Grant Agreement provides otherwise, that the Grantee is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment. The determination of whether an individual has a Disability shall be determined under procedures established by the Committee. Except in situations where the Committee is determining Disability for purposes of the term of an Incentive Stock Option, the Committee may rely on any determination that a Grantee is disabled for purposes of benefits under any long-term disability plan maintained by the Company or any Affiliate in which a Grantee participates.

16.14 "Dividend Equivalent Right" means the right of a Grantee, granted at the discretion of the Committee or as otherwise provided by the Plan, to receive a credit for the account of such Grantee in an amount equal to the cash, stock or other property dividends in amounts equal equivalent to cash, stock or other property dividends for each Share represented by a Grant held by such Grantee.

16.15 "Effective Date" means [*].

16.16 "Employee" means any person employed by the Company, or any Affiliate, with the status of employment determined pursuant to such factors as are deemed appropriate by the Plan Administrator in its sole discretion, subject to any requirements of Applicable Law, including the Code. DELAWARE GENERAL CORPORATION LAW

Section 262 Appraisal Rights.

(a) Any stockholder of a corporation of this State who holds shares of stock on the date of the making of a demand pursuant to subsection (d) of this section with respect to such shares, who continuously holds such shares through the effective date of the merger or consolidation, who has otherwise complied with subsection (d) of this section and who has neither voted in favor of the merger or consolidation nor consented thereto in writing pursuant to § 228 of this title shall be entitled to an appraisal by the Court of Chancery of the fair value of the stockholder's shares of stock under the circumstances described in subsections (b) and (c) of this section. As used in this section, the word "stockholder" means a holder of record of stock in a stock corporation and also a member of record of a nonstock corporation; the words "stock" and "share" mean and include what is ordinarily meant by those words and also membership or membership interest of a member of a nonstock corporation; and the words "depository receipt" mean a receipt or other instrument issued by a depository representing an interest in one or more shares, or fractions thereof, solely of stock of a corporation, which stock is deposited with the depository.

(b) Appraisal rights shall be available for the shares of any class or series of stock of a constituent corporation in a merger or consolidation to be effected pursuant to § 251 (other than a merger effected pursuant to § 251(g) of this title), § 252, § 254, § 257, § 258, § 263 or § 264 of this title:

(1) Provided, however, that no appraisal rights under this section shall be available for the shares of any class or series of stock, which stock, or depository receipts in respect thereof, at the record date fixed to determine the stockholders entitled to receive notice of and to vote at the meeting of stockholders to act upon the agreement of merger or consolidation, were either (i) listed on a national securities exchange or (ii) held of record by more than 2,000 holders; and further provided that no appraisal rights shall be available for any shares of stock of the constituent corporation surviving a merger if the merger did not require for its approval the vote of the stockholders of the surviving corporation as provided in subsection (f) of § 251 of this title.

(2) Notwithstanding paragraph (1) of this subsection, appraisal rights under this section shall be available for the shares of any class or series of stock of a constituent corporation if the holders thereof are required by the terms of an agreement of merger or consolidation pursuant to §§ 251, 252, 254, 257, 258, 263 and 264 of this title to accept for such stock anything except:

a. Shares of stock of the corporation surviving or resulting from such merger or consolidation, or depository receipts in respect thereof;

b. Shares of stock of any other corporation, or depository receipts in respect thereof, which shares of stock (or depository receipts in respect thereof) or depository receipts at the effective date of the merger or consolidation will be either listed on a national securities exchange or held of record by more than 2,000 holders;

c. Cash in lieu of fractional shares or fractional depository receipts described in the foregoing subparagraphs a. and b. of this paragraph; or

d. Any combination of the shares of stock, depository receipts and cash in lieu of fractional shares or fractional depository receipts described in the foregoing subparagraphs a., b. and c. of this paragraph.

(3) In the event all of the stock of a subsidiary Delaware corporation party to a merger effected under § 253 of this title is not owned by the parent corporation immediately prior to the merger, appraisal rights shall be available for the shares of the subsidiary Delaware corporation.

(c) Any corporation may provide in its certificate of incorporation that appraisal rights under this section shall be available for the shares of any class or series of its stock as a result of an amendment to its certificate of incorporation, any merger or consolidation in which the corporation is a constituent corporation or the sale of all or substantially all of the assets of the corporation. If the certificate of incorporation contains such a provision, the procedures of this section, including those set forth in subsections (d) and (e) of this section, shall apply as nearly as is practicable.

[Table of Contents](#)

(d) Appraisal rights shall be perfected as follows:

(1) If a proposed merger or consolidation for which appraisal rights are provided under this section is to be submitted for approval at a meeting of stockholders, the corporation, not less than 20 days prior to the meeting, shall notify each of its stockholders who was such on the record date for such meeting with respect to shares for which appraisal rights are available pursuant to subsection (b) or (c) hereof that appraisal rights are available for any or all of the shares of the constituent corporations, and shall include in such notice a copy of this section. Each stockholder electing to demand the appraisal of such stockholder's shares shall deliver to the corporation, before the taking of the vote on the merger or consolidation, a written demand for appraisal of such stockholder's shares. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such stockholder's shares. A proxy or vote against the merger or consolidation shall not constitute such a demand. A stockholder electing to take such action must do so by a separate written demand as herein provided. Within 10 days after the effective date of such merger or consolidation, the surviving or resulting corporation shall notify each stockholder of each constituent corporation who has complied with this subsection and has not voted in favor of or consented to the merger or consolidation of the date that the merger or consolidation has become effective; or

(2) If the merger or consolidation was approved pursuant to §228 or §253 of this title, then either a constituent corporation before the effective date of the merger or consolidation or the surviving or resulting corporation within 10 days thereafter shall notify each of the holders of any class or series of stock of such constituent corporation who are entitled to appraisal rights of the approval of the merger or consolidation and that appraisal rights are available for any or all shares of such class or series of stock of such constituent corporation, and shall include in such notice a copy of this section. Such notice may, and, if given on or after the effective date of the merger or consolidation, shall, also notify such stockholders of the effective date of the merger or consolidation. Any stockholder entitled to appraisal rights may, within 20 days after the date of mailing of such notice, demand in writing from the surviving or resulting corporation the appraisal of such holder's shares. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such holder's shares. If such notice did not notify stockholders of the effective date of the merger or consolidation, either (i) each such constituent corporation shall send a second notice before the effective date of the merger or consolidation notifying each of the holders of any class or series of stock of such constituent corporation that are entitled to appraisal rights of the effective date of the merger or consolidation or (ii) the surviving or resulting corporation shall send such a second notice to all such holders on or within 10 days after such effective date; provided, however, that if such second notice is sent more than 20 days following the sending of the first notice, such second notice need only be sent to each stockholder who is entitled to appraisal rights and who has demanded appraisal of such holder's shares in accordance with this subsection. An affidavit of the secretary or assistant secretary or of the transfer agent of the corporation that is required to give either notice that such notice has been given shall, in the absence of fraud, be prima facie evidence of the facts stated therein. For purposes of determining the stockholders entitled to receive either notice, each constituent corporation may fix, in advance, a record date that shall be not more than 10 days prior to the date the notice is given, provided, that if the notice is given on or after the effective date of the merger or consolidation, the record date shall be such effective date. If no record date is fixed and the notice is given prior to the effective date, the record date shall be the close of business on the day next preceding the day on which the notice is given.

(e) Within 120 days after the effective date of the merger or consolidation, the surviving or resulting corporation or any stockholder who has complied with subsections (a) and (d) of this section hereof and who is otherwise entitled to appraisal rights, may commence an appraisal proceeding by filing a petition in the Court of Chancery demanding a determination of the value of the stock of all such stockholders. Notwithstanding the foregoing, at any time within 60 days after the effective date of the merger or consolidation, any stockholder who has not commenced an appraisal proceeding or joined that proceeding as a named party shall have the right to withdraw such stockholder's demand for appraisal and to accept the terms offered upon the merger or consolidation. Within 120 days after the effective date of the merger or consolidation, any stockholder who has complied with the requirements of subsections (a) and (d) of this section hereof, upon written request, shall be entitled to receive from the corporation surviving the merger or resulting from the consolidation a statement setting forth the aggregate number of shares not voted in favor of the merger or consolidation and with respect to which demands for appraisal have been received and the aggregate number of holders of such shares. Such written statement shall be mailed to the stockholder within 10 days after such stockholder's written request for such a statement is received by the surviving or resulting corporation or within 10 days after expiration of the period for delivery of demands for appraisal under subsection (d) of this section hereof, whichever is later. Notwithstanding subsection (a) of this section, a person who is the beneficial owner of shares of such stock held either in a voting trust or by a nominee on behalf of such person may, in such person's own name, file a petition or request from the corporation the statement described in this subsection.

[Table of Contents](#)

(f) Upon the filing of any such petition by a stockholder, service of a copy thereof shall be made upon the surviving or resulting corporation, which shall within 20 days after such service file in the office of the Register in Chancery in which the petition was filed a duly verified list containing the names and addresses of all stockholders who have demanded payment for their shares and with whom agreements as to the value of their shares have not been reached by the surviving or resulting corporation. If the petition shall be filed by the surviving or resulting corporation, the petition shall be accompanied by such a duly verified list. The Register in Chancery, if so ordered by the Court, shall give notice of the time and place fixed for the hearing of such petition by registered or certified mail to the surviving or resulting corporation and to the stockholders shown on the list at the addresses therein stated. Such notice shall also be given by 1 or more publications at least 1 week before the day of the hearing, in a newspaper of general circulation published in the City of Wilmington, Delaware or such publication as the Court deems advisable. The forms of the notices by mail and by publication shall be approved by the Court, and the costs thereof shall be borne by the surviving or resulting corporation.

(g) At the hearing on such petition, the Court shall determine the stockholders who have complied with this section and who have become entitled to appraisal rights. The Court may require the stockholders who have demanded an appraisal for their shares and who hold stock represented by certificates to submit their certificates of stock to the Register in Chancery for notation thereon of the pendency of the appraisal proceedings; and if any stockholder fails to comply with such direction, the Court may dismiss the proceedings as to such stockholder.

(h) After the Court determines the stockholders entitled to an appraisal, the appraisal proceeding shall be conducted in accordance with the rules of the Court of Chancery, including any rules specifically governing appraisal proceedings. Through such proceeding the Court shall determine the fair value of the shares exclusive of any element of value arising from the accomplishment or expectation of the merger or consolidation, together with interest, if any, to be paid upon the amount determined to be the fair value. In determining such fair value, the Court shall take into account all relevant factors. Unless the Court in its discretion determines otherwise for good cause shown, interest from the effective date of the merger through the date of payment of the judgment shall be compounded quarterly and shall accrue at 5% over the Federal Reserve discount rate (including any surcharge) as established from time to time during the period between the effective date of the merger and the date of payment of the judgment. Upon application by the surviving or resulting corporation or by any stockholder entitled to participate in the appraisal proceeding, the Court may, in its discretion, proceed to trial upon the appraisal prior to the final determination of the stockholders entitled to an appraisal. Any stockholder whose name appears on the list filed by the surviving or resulting corporation pursuant to subsection (f) of this section and who has submitted such stockholder's certificates of stock to the Register in Chancery, if such is required, may participate fully in all proceedings until it is finally determined that such stockholder is not entitled to appraisal rights under this section.

(i) The Court shall direct the payment of the fair value of the shares, together with interest, if any, by the surviving or resulting corporation to the stockholders entitled thereto. Payment shall be so made to each such stockholder, in the case of holders of uncertificated stock forthwith, and the case of holders of shares represented by certificates upon the surrender to the corporation of the certificates representing such stock. The Court's decree may be enforced as other decrees in the Court of Chancery may be enforced, whether such surviving or resulting corporation be a corporation of this State or of any state.

(j) The costs of the proceeding may be determined by the Court and taxed upon the parties as the Court deems equitable in the circumstances. Upon application of a stockholder, the Court may order all or a portion of the expenses incurred by any stockholder in connection with the appraisal proceeding, including, without limitation, reasonable attorney's fees and the fees and expenses of experts, to be charged pro rata against the value of all the shares entitled to an appraisal.

(k) From and after the effective date of the merger or consolidation, no stockholder who has demanded appraisal rights as provided in subsection (d) of this section shall be entitled to vote such stock for any purpose or to receive payment of dividends or other distributions on the stock (except dividends or other distributions payable to stockholders of record at a date which is prior to the effective date of the merger or consolidation); provided, however, that if no petition for an appraisal shall be filed within the time provided in subsection (e) of this section, or if such stockholder shall deliver to the surviving or resulting corporation a written withdrawal of such stockholder's demand for an appraisal and an acceptance of the merger or consolidation, either within 60 days after the effective date of the merger or consolidation as provided in subsection (e) of this section or thereafter with the written approval of the corporation, then the right of such stockholder to an appraisal shall cease. Notwithstanding the foregoing, no appraisal proceeding

in the Court of Chancery shall be dismissed as to any stockholder without the approval of the Court, and such approval may be conditioned upon such terms as the Court deems just; provided, however, that this provision shall not affect the right of any stockholder who has not commenced an appraisal proceeding or joined that proceeding as a named party to withdraw such stockholder's demand for appraisal and to accept the terms offered upon the merger or consolidation within 60 days after the effective date of the merger or consolidation, as set forth in subsection (e) of this section.

(l) The shares of the surviving or resulting corporation to which the shares of such objecting stockholders would have been converted had they assented to the merger or consolidation shall have the status of authorized and unissued shares of the surviving or resulting

(b) upon the consummation of any Subsequent Placement after the date hereof and prior to the time of consummation of the Merger (other than the consummation of the Merger itself), to apply no less than 50% of the gross proceeds from such Subsequent Placement to repay the aggregate amounts then outstanding under the Notes (until such time as no Notes remain outstanding), allocated pro rata to the holders of Notes then outstanding based upon the aggregate principal amount of Notes outstanding as of the time of such applicable Subsequent Placement (the “**Subsequent Placement Redemptions**”);

(c) at the Final Closing, grant the MJF Release in such written form as is mutually acceptable to the Company and the Holder;

(d) on or prior to the Final Closing, if any Notes (excluding the Series C Preferred Stock) then remain outstanding, the Company shall consummate one or more Company Optional Redemptions (as defined in the Notes) pursuant to Section 9(a) of the Notes (as amended hereby), using the lesser of (A) the difference of (I) the sum of (x) all cash then held by the Company (or any of its Subsidiaries) and (y) any cash to be paid, directly or indirectly, to the Company (or any of its Subsidiaries) in connection with the transactions contemplated by the Merger Agreement and/or the SPA, as applicable, less (II) \$500,000 and (B) an aggregate amount of cash equal to the Company Optional Redemption Price of the aggregate Conversion Amount (as defined in the Notes) of the Notes then outstanding (with each such Company Optional Redemption allocated pro rata to the holders of Notes then outstanding based upon the aggregate principal amount of Notes then outstanding) (the “**Cash Sweep**”); and

(e) at the Final Closing, grant the Merger Release in such written form as is mutually acceptable to the Company and the Holder;

(f) at the Final Closing, (i) if any portion of the Existing Note remains outstanding other than such portion of the applicable Company Optional Redemption Price of the Notes to be paid in cash pursuant to the Cash Sweep, to exchange the remaining Conversion Amount of the Existing Note into such aggregate number of shares of Common Stock (the “**New Note Exchange Shares**”) equal to the quotient of (A) the applicable Company Optional Redemption Price of the remaining Conversion Amount of the Existing Note then outstanding divided by (B) the lower of (x) the lowest VWAP of the Common Stock during the five (5) Trading Day period ending, and including, the Trading Day immediately prior to the Final Closing Date (as defined below) and (y) the Conversion Price (as defined in the Notes) in effect as of the Final Closing Date; and (ii) in accordance with the terms of the Series C Certificate of Designations, the Series C Preferred Stock shall be exchanged into the Change of Control Redemption/Exchange Consideration (as defined in the Series C Certificate of Designations) (with any shares of Common Stock included in such applicable Change of Control Redemption/Exchange Consideration, if any, the “**New Preferred Exchange Shares**”, and together with the New Note Exchange Shares, the “**Final Closing Exchange Shares**”); provided, however, that to the extent that any issuances of Final Closing Exchange Shares to the Holder at the Final Closing in accordance herewith or pursuant to the Series C Certificate of Designations, as applicable would result in such Holder and its other Attribution Parties (as defined in the Existing Note) exceeding the Maximum Percentage (as defined in the Existing Note) (as calculated in accordance with Section 3(d)(i) of the Existing Note) (a “**Maximum Percentage Event**”), then such Holder shall not be entitled to receive such aggregate number of Final Closing Exchange Shares in excess of the Maximum Percentage (and shall not have beneficial ownership of such Final Closing Exchange Shares (or other equivalent security) as a result of the Final Closing (and beneficial ownership) to such extent of any such excess), such remaining portion of such Final

Closing Exchange Shares that would have otherwise been issued to the Holder at the Final Closing (such remaining portion of Final Closing Exchange Shares, the “**Abeyance Shares**”), such portion of the Existing Note and/or shares of Series C Preferred Stock, as applicable, shall alternatively be exchanged for the right to receive such Abeyance Shares (with a beneficial ownership and issuance limitation substantially in the form of Section 3(d) of the Existing Note, *mutatis mutandis*), at such time or times as its right thereto would not result in such Holder and the other Attribution Parties exceeding the Maximum Percentage, at which time or times, if any, such Holder shall be granted such remaining portion of such Abeyance Shares in accordance herewith and/or pursuant to the Series C Certificate of Designations, as applicable (the exchanges contemplated by this clause (f) of paragraph G, collectively, the “**Final Exchange**”, and, together with the Subsequent Placement Redemptions, the Initial Exchange and the Cash Sweep, the “**Transactions**”).

H. The New Preferred Shares, the Final Closing Exchange Shares and this Agreement and such other documents and certificates related thereto are collectively referred to herein as the “**Exchange Documents.**”

Each press release issued by the Company or any of its Subsidiaries during the twelve (12) months preceding the date of this Agreement did not at the time of release contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary in order to make the statements therein, in the light of the circumstances under which they are made, not misleading. No event or circumstance has occurred or information exists with respect to the Company or any of its Subsidiaries or its or their business, properties, liabilities, prospects, operations (including results thereof) or conditions (financial or otherwise), which, under applicable law, rule or regulation, requires public disclosure at or before the date hereof or announcement by the Company but which has not been so publicly announced or disclosed.

8. Holder's Representations and Warranties. As a material inducement to the Company to enter into this Agreement and consummate the Transactions, the Holder represents, warrants and covenants with and to the Company as of the date hereof and each of the Effective Time, the Initial Closing Date and the Final Closing Date, as follows:

8.1 Reliance on Exemptions. The Holder understands that the New Preferred Shares and the Final Closing Exchange Shares are being offered and exchanged in reliance on specific exemptions from the registration requirements of United States federal and state securities laws and that the Company is relying in part upon the truth and accuracy of, and the Holder's compliance with, the representations, warranties, agreements, acknowledgments and understandings of the Holder set forth herein and in the Exchange Documents in order to determine the availability of such exemptions and the eligibility of the Holder to acquire the New Preferred Shares and the Final Closing Exchange Shares.

8.2 No Governmental Review. The Holder understands that no United States federal or state agency or any other government or governmental agency has passed on or made any recommendation or endorsement of the New Preferred Shares or the Final Closing Exchange Shares or the fairness or suitability of the investment in the New Preferred Shares or the Final Closing Exchange Shares nor have such authorities passed upon or endorsed the merits of the offering of the New Preferred Shares or the Final Closing Exchange Shares.

8.3 Validity; Enforcement. This Agreement and the Exchange Documents to which the Holder is a party have been duly and validly authorized, executed and delivered on behalf of the Holder and shall constitute the legal, valid and binding obligations of the Holder enforceable against the Holder in accordance with their respective terms, except as such enforceability may be limited by general principles of equity or to applicable bankruptcy, insolvency, reorganization, moratorium, liquidation and other similar laws relating to, or affecting generally, the enforcement of applicable creditors' rights and remedies.

8.4 No Conflicts. The execution, delivery and performance by the Holder of this Agreement and the Exchange Documents to which the Holder is a party, and the consummation by the Holder of the transactions contemplated hereby and thereby will not (i) result in a violation of the organizational documents of the Holder or (ii) conflict with, or constitute a default (or an event which with notice or lapse of time or both would become a default) under, or give to others any rights of termination, amendment, acceleration or cancellation of, any agreement, indenture or instrument to which the Holder is a party, or (iii) result in a violation of any law, rule, regulation, order, judgment or decree (including federal and state securities laws) applicable to the Holder, except in the case of clauses (ii) and (iii) above, for such conflicts, defaults, rights or violations which would not, individually or in the aggregate, reasonably be expected to have a material adverse effect on the ability of the Holder to perform its obligations hereunder.

8.5 Ownership of Existing Note. The Holder owns the Existing Note free and clear of any Encumbrances (other than the obligations pursuant to this Agreement and applicable securities laws).

9. Disclosure of Transaction. The Company shall, on or before 8:30 a.m., New York City time, on or prior to the first Business Day after the date of this Agreement, file a Current Report on Form 8-K describing the terms of the transactions contemplated hereby in the form required by the 1934 Act and attaching this Agreement and the New Certificate of Designation as exhibits to such filing (excluding schedules, the "**8-K Filing**"). From and after the filing of the 8-K Filing, the Company shall have disclosed all material, non-public information (if any) provided up to such time to the Holder by the Company or any of its Subsidiaries or any of their respective officers, directors, employees or agents. In addition, upon the filing of the 8-K Filing, the Company acknowledges and agrees that any and all confidentiality or similar obligations under any agreement with respect to the transactions contemplated by the Exchange Documents or as otherwise disclosed in the 8-K Filing, whether written or oral, between the Company, any of its Subsidiaries or any of their respective officers, directors, affiliates, employees or agents, on the one hand, and any of the Holder or any of their affiliates, on the other hand, shall terminate. Neither the Company, its Subsidiaries nor the Holder shall issue any press releases or any other public statements with respect to the transactions contemplated hereby; *provided, however*, the Company shall be entitled, without the prior approval of the Holder, to issue a press release or make such other public disclosure with respect to such transactions (i) in substantial conformity with the 8-K Filing and contemporaneously therewith or (ii) as is required by applicable law and regulations (provided that in the case of clause (i) the Holder shall be consulted by the Company in connection with any such press release or other public disclosure prior to its release). For the avoidance of doubt, the foregoing sentence shall not apply to any press release or other public statement solely with respect to the Merger Agreement, the SPA and the transactions contemplated thereby and without any reference to the Holder or this Agreement. Without the prior written consent of the Holder (which may be granted or withheld in the Holder's sole discretion), except as required by applicable law, the Company shall not (and shall cause each of its Subsidiaries and affiliates to not) disclose the name of the Holder in any filing, announcement, release or otherwise. Notwithstanding anything contained in this Agreement to the contrary and without implication that the contrary would otherwise be true, the Company expressly acknowledges and agrees that the Holder shall not have (unless expressly agreed to by the Holder after the date hereof in a written definitive and

binding agreement executed by the Company and the Holder (it being understood and agreed that no Other Holder may bind the Holder with respect thereto)), any duty of confidentiality with respect to, or a duty not to trade on the basis of, any material, non-public information regarding the Company or any of its Subsidiaries.

10. Fees. The Company shall reimburse Kelley Drye & Warren, LLP (counsel to the lead Holder) in an aggregate non-accountable amount of \$150,000 (the “**Legal Fee Amount**”) for costs and expenses incurred by it in connection with drafting and negotiation of the Exchange Documents; provided, that the Company shall promptly reimburse Kelley Drye & Warren LLP on demand for any additional reasonable and documented fees and expenses not so reimbursed through such withholding at each Closing. Each party to this Agreement shall bear its own expenses in connection with the structuring, documentation, negotiation and closing of the transactions contemplated hereby, except as provided in the previous sentence, and except that the Company shall be responsible for the payment of any placement agent’s fees, financial advisory fees, transfer agent fees, Depository Trust Company (“**DTC**”) fees relating to or arising out of the transactions contemplated hereby.

11. Holding Period. For the purposes of Rule 144, the Company acknowledges that (i) the holding period of the New Preferred Shares shall be tacked onto the holding period of the Existing Note, (ii) the holding period of the New Preferred Exchange Shares, if any, shall be tacked onto the holding period of the Existing Note and the New Preferred Shares, and (iii) the holding period of the New Note Exchange Shares, if any, shall be tacked onto the holding period of the Existing Note, and, in each case, the Company agrees not to take a position contrary to this Section 12. The Company acknowledges and agrees that (assuming the Holder is not an “affiliate” of the Company as that term is defined in the 1933 Act) (i) the New Preferred Shares and the Final Closing Exchange Shares, upon issuance in accordance herewith and/or the Series C Certificate of Designations, as applicable, will be eligible to be resold pursuant to Rule 144, (ii) the Company is not aware of any event reasonably likely to occur that would reasonably be expected to result in the New Preferred Shares and/or the Final Closing Exchange Shares, as applicable, becoming ineligible to be resold by the Holder pursuant to Rule 144 and (iii) in connection with any resale of the New Preferred Shares and/or the Final Closing Exchange Shares, as applicable, pursuant to Rule 144, the Holder shall solely be required to provide reasonable assurances that such applicable New Preferred Shares and/or the Final Closing Exchange Shares, as applicable, are eligible for resale, assignment or transfer under Rule 144, which shall not include an opinion of Holder’s counsel. The Company shall be responsible for any transfer agent fees or DTC fees or legal fees of the Company’s counsel with respect to the removal of legends, if any, or issuance of any New Preferred Shares and/or the Final Closing Exchange Shares, as applicable.

12. Listing. Prior to the Final Closing Date, the Company shall promptly secure the listing or designation for quotation (as applicable) of all of the Final Closing Exchange Shares upon the Principal Market (subject to official notice of issuance) and shall maintain such listing of all the Final Closing Exchange Shares from time to time issuable under the terms of the Exchange Documents until the Final Closing. Until the Final Closing, the Company shall use its best efforts to maintain the Common Stock’s listing on the Principal Market. Prior to the Final Closing, neither the Company nor any of its Subsidiaries shall take any action which would be reasonably expected to result in the delisting or suspension of the Common Stock on the Principal Market. The Company shall pay all fees and expenses in connection with satisfying its obligations under this Section 13.

13. Pre-Final Closing Sales. Notwithstanding anything herein to the contrary, if at any time during the two (2) Trading Day period immediately prior to the Final Closing Date (the “**Pre-Settlement Period**”), the Holder sells to any Person all, or any portion, of any Final Closing Exchange Shares to be issued hereunder (and/or in accordance with the Series C Certificate of Designations, as applicable) to the Holder in the Final Exchange (collectively, the “**Pre-Settlement Shares**”), such portion of the Final Exchange with respect to such Pre-Settlement Shares shall be deemed to have occurred as of the time of such sale; and provided further that the Company hereby acknowledges and agrees that the forgoing shall not constitute a representation or covenant by the Holder as to whether or not during the Pre-Settlement Period the Holder shall sell any Final Closing Exchange Shares to any Person and that any such decision to sell any Final Closing Exchange Shares by the Holder shall be made, in the sole discretion of the Holder, at the time the Holder elects to effect any such sale, if any.

14. **Blue Sky.** The Company shall make all filings and reports relating to the Transactions required under applicable securities or “Blue Sky” laws of the states of the United States following the date hereof, if any.

15. **Most Favored Nation.** The Company hereby represents and warrants as of the date hereof and covenants and agrees that, prior to the consummation of the last to occur of the Initial Exchange, the Cash Sweep and the Final Exchange, none of the terms offered to any Person with respect to any amendment, modification, waiver or exchange of any warrant to purchase Common Stock (or other similar instrument), including, without limitation with respect to any consent, release, amendment, settlement, or waiver relating thereto (each an “**Settlement Document**”), is or will be more favorable to such Person (other than any reimbursement of legal fees) than those of the Holder and this Agreement. If, and whenever on or after the date hereof and prior to the consummation of the last to occur of the Initial Exchange, the Cash Sweep and the Final Exchange, the Company enters into a Settlement Document, then (i) the Company shall provide notice thereof to the Holder promptly following the occurrence thereof and (ii) the terms and conditions of this Agreement shall be, without any further action by the Holder or the Company, automatically amended and modified in an economically and legally equivalent manner such that the Holder shall receive the benefit of the more favorable terms and/or conditions (as the case may be) set forth in such Settlement Document, provided that upon written notice to the Company at any time the Holder may elect not to accept the benefit of any such amended or modified term or condition, in which event the term or condition contained in this Agreement shall apply to the Holder as it was in effect immediately prior to such amendment or modification as if such amendment or modification never occurred with respect to the Holder. The provisions of this Section 14 shall apply similarly and equally to each Settlement Document.

16. **Independent Nature of Holder’s Obligations and Rights.** The obligations of the Holder under this Agreement are several and not joint with the obligations of any other holder of securities of the Company (each, an “**Other Holder**”), and the Holder shall not be responsible in any way for the performance of the obligations of any Other Holder under any other agreement by and between the Company and any Other Holder (each, an “**Other Agreement**”). Nothing contained herein or in any Other Agreement, and no action taken by the Holder pursuant hereto, shall be deemed to constitute the Holder and Other Holders as a partnership, an association, a joint venture or any other kind of entity, or create a presumption that the Holder and Other Holders are in any way acting in concert or as a group with respect to such obligations or the transactions contemplated by this Agreement or any Other Agreement and the Company acknowledges that, to the best of its knowledge, the Holder and the Other Holders are not acting in concert or as a group with respect to such obligations or the transactions contemplated by this Agreement or any Other Agreement. The Company, and the Holder confirm that the Holder has independently participated in the negotiation of the transactions contemplated hereby with the advice of its own counsel and advisors. The Holder shall be entitled to independently protect and enforce its rights, including, without limitation, the rights arising out of this Agreement, and it shall not be necessary for any Other Holder to be joined as an additional party in any proceeding for such purpose.

17. **Miscellaneous.**

17.1 **Successors and Assigns.** Except as otherwise provided herein, the terms and conditions of this Agreement shall inure to the benefit of and be binding upon the parties hereto and the respective successors and assigns of the parties. Nothing in this Agreement, express or implied, is intended to confer upon any party, other than the parties hereto or their respective successors and assigns, any rights, remedies, obligations or liabilities under or by reason of this Agreement, except as expressly provided in this Agreement.

17.2 **Governing Law; Jurisdiction; Jury Trial.** All questions concerning the construction, validity, enforcement and interpretation of this Agreement shall be governed by the internal laws of the State of New York, without giving effect to any choice of law or conflict of law provision or rule (whether of the State of New York or any other jurisdictions) that would cause the application of the laws of any jurisdictions other than the State of New York. Each party hereby irrevocably submits to the exclusive jurisdiction of the state or federal courts sitting in The City of New York, Borough of Manhattan, for the adjudication of any dispute hereunder or in connection herewith or with any transaction contemplated hereby or discussed herein, and hereby irrevocably waives, and agrees not

to assert in any suit, action or proceeding, any claim that it is not personally subject to the jurisdiction of any such court, that such suit, action or proceeding is brought in an inconvenient forum or that the venue of such suit, action or proceeding is improper. Each party hereby irrevocably waives personal service of process and consents to process being served in any such suit, action or proceeding by mailing a copy thereof to such party at the address for such notices to it under this Agreement and agrees that such service shall constitute good and sufficient service of process and notice thereof. Nothing contained herein shall be deemed to limit in any way any right to serve process in any manner permitted by law. EACH PARTY HEREBY IRREVOCABLY WAIVES ANY RIGHT IT MAY HAVE, AND AGREES NOT TO REQUEST, A JURY TRIAL FOR THE ADJUDICATION OF ANY DISPUTE HEREUNDER OR IN CONNECTION WITH OR ARISING OUT OF THIS AGREEMENT OR ANY TRANSACTION CONTEMPLATED HEREBY.

17.3 Titles and Subtitles. The titles and subtitles used in this Agreement are used for convenience only and are not to be considered in construing or interpreting this Agreement.

17.4 Notices. Any notices, consents, waivers or other communications required or permitted to be given under the terms of this Agreement must be in writing and will be deemed to have been delivered: (i) upon receipt, when delivered personally; (ii) upon delivery, when sent by electronic mail; or (iii) one Trading Day after deposit with an overnight courier service, in each case properly addressed to the party to receive the same. The addresses and e-mail addresses for such communications shall be as set forth on the signature pages attached hereto or to such other address and/or e-mail address and/or to the attention of such other Person as the recipient party has specified by written notice given to each other party five (5) days prior to the effectiveness of such change. Written confirmation of receipt (A) given by the recipient of such notice, consent, waiver or other communication, (B) mechanically or electronically generated by the sender's e-mail containing the time, date and copy of the message or (C) provided by an overnight courier service shall be rebuttable evidence of personal service, receipt by electronic mail or receipt from an overnight courier service in accordance with clause (i), (ii) or (iii) above, respectively.

17.5 Broker and Finder's Fees. Each party represents that it neither is nor will be obligated for any finders' fee or broker commission in connection with this transaction.

17.6 Amendments and Waivers. Any term of this Agreement may be amended and the observance of any term of this Agreement may be waived (either generally or in a particular instance and either retroactively or prospectively), only with the written consent of the Company, and the Holder, or successor and assignee as provided under this Agreement.

17.7 Severability. If one or more provisions of this Agreement are held to be unenforceable under applicable law, such provision shall be excluded from this Agreement and the balance of the Agreement shall be interpreted as if such provision were so excluded and shall be enforceable in accordance with its terms so long as this Agreement as so modified continues to express, without material change, the original intentions of the parties as to the subject matter hereof and the prohibited nature, invalidity or unenforceability of the provision(s) in question does not substantially impair the respective expectations or reciprocal obligations of the parties or the practical realization of the benefits that would otherwise be conferred upon the parties. The parties will endeavor in good faith negotiations to replace the prohibited, invalid or unenforceable provision(s) with a valid provision(s), the effect of which comes as close as possible to that of the prohibited, invalid or unenforceable provision(s).

17.8 Entire Agreement. This Agreement together with the other Exchange Documents, represents the entire agreement and understandings between the parties concerning the Transactions and the other matters described herein and therein and supersedes and replaces any and all prior agreements and understandings solely with respect to the subject matter hereof and thereof. Except as expressly set forth herein, nothing herein shall amend, modify or waive any term or condition of the other Exchange Documents.

17.9 **Counterparts.** This Agreement may be executed in two or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

17.10 **Interpretation.** Unless the context of this Agreement clearly requires otherwise, (i) references to the plural include the singular, the singular the plural, the part the whole, (ii) references to any gender include all genders, (iii) “including” has the inclusive meaning frequently identified with the phrase “but not limited to” and (iv) references to “hereunder” or “herein” relate to this Agreement.

17.11 **No Third Party Beneficiaries.** This Agreement is intended for the benefit of the parties hereto and their respective permitted successors and assigns, and is not for the benefit of, nor may any provision hereof be enforced by, any other Person.

17.12 **Limited Survival.** Except for the representations and warranties of the Company set forth in Sections 7.1, 7.2, 7.3, 7.4, 7.5, 7.6, 7.8, 7.13, 8.3, 8.4 and 8.5, which shall survive the Final Closing, all representations and warranties of the Company and the Holder set forth herein shall terminate as of the Final Closing. The covenants of the Company and the Holder contained herein shall survive the Final Closing.

17.13 **Further Assurances.** Each party shall do and perform, or cause to be done and performed, all such further acts and things, and shall execute and deliver all such other agreements, certificates, instruments and documents, as any other party may reasonably request in order to carry out the intent and accomplish the purposes of this Agreement and the consummation of the transactions contemplated hereby.

17.14 **Specific Performance.** It is recognized and acknowledged that a breach by any party of any material obligations contained in this Agreement or any of the other Exchange Documents will cause the other parties to sustain injury for which it would not have an adequate remedy at law for money damages. Accordingly, in the event of any such breach, any aggrieved party shall be entitled to the remedy of specific performance of such obligations and interlocutory, preliminary and permanent injunctive and other equitable relief in addition to any other remedy to which it may be entitled, at law or in equity, and each party will waive, in any action for specific performance, interlocutory, preliminary and permanent injunctive relief and/or any other equitable relief, the defense of adequacy of a remedy at law and any requirement for the securing or posting of any bond in connection with the obtaining of any such relief.

17.15 **No Strict Construction.** The language used in this Agreement will be deemed to be the language chosen by the parties to express their mutual intent, and no rules of strict construction will be applied against any party.

**CERTIFICATE OF DESIGNATIONS OF
SERIES C NON-CONVERTIBLE PREFERRED STOCK OF
AKERNA CORP.**

I, [_____], hereby certify that I am the [_____] and [_____] of Akerna Corp. (the “**Company**”), a corporation organized and existing under the Delaware General Corporation Law (the “**DGCL**”), and further do hereby certify:

That pursuant to the authority expressly conferred upon the Board of Directors of the Company (the “**Board**”) by the Company’s Certificate of Incorporation, as amended (the “**Certificate of Incorporation**”), and Section 151(g) of the DGCL, the Board on _____, 201_ adopted the following resolution determining it desirable and in the best interests of the Company and its stockholders for the Company to create a series of [] ([]) shares of preferred stock designated as “**Series C Non-Convertible Preferred Stock**,” none of which shares have been issued:

RESOLVED, that pursuant to the authority vested in the Board this Company, in accordance with the provisions of the Certificate of Incorporation, a series of preferred stock, par value \$[] per share, of the Company be and hereby is created pursuant to this certificate of designations (this “**Certificate of Designations**”), and that the designation and number of shares thereof and the voting and other powers, preferences and relative, participating, optional or other rights of the shares of such series and the qualifications, limitations and restrictions thereof are as follows:

TERMS OF SERIES C NON-CONVERTIBLE PREFERRED STOCK

1. Designation and Number of Shares. There shall hereby be created and established a series of preferred stock of the Company designated as “Series C Non-Convertible Preferred Stock” (the “**Preferred Shares**”). The authorized number of Preferred Shares shall be [] shares. Each Preferred Share shall have a par value of \$[]. Capitalized terms not defined herein shall have the meaning as set forth in Section 29 below.

2. Dividends. In addition to Section 6 or Section 13 below, from and after the first date of issuance of any Preferred Shares (the “**Initial Issuance Date**”), each holder of a Preferred Share (each, a “**Holder**” and collectively, the “**Holders**”) shall be entitled to receive dividends (“**Dividends**”) when and as declared by the Board, from time to time, in its sole discretion, which Dividends shall be paid by the Company out of funds legally available therefor, payable, subject to the conditions and other terms hereof, in cash on the Stated Value of such Preferred Share.

3. Voting Rights.

(a) Each Holder of outstanding Preferred Shares will have the voting rights as described in this Section 3, subject to the restrictions provided in this Certificate of Designation. At all times, the Holders of the Preferred Shares shall be entitled to notice of any stockholders’ meeting and to vote together with the class of stockholders of Common Stock, as a single class, as of each record date established by the Board of Directors of the Company (each, a “**Record Date**”), except as provided by law, or by written consent in lieu thereof (“**Written Consent**”).

(b) For so long as any Preferred Shares remain issued and outstanding, and subject to the Maximum Percentage limitation defined below, the holders of each Preferred Share shall have the right to vote in an amount equal to the voting power of []¹ shares of Common Stock (the “**Common Stock Per Share Equivalent Amount**”) per each Preferred Share (subject to proportional adjustment upon any stock split, stock dividend, stock combination or recapitalization event of the class of shares of Common Stock on or after the Initial Issuance Date).

(c) To the extent that under the DGCL the vote of the holders of the Preferred Shares, voting separately as a class or series, as applicable, is required to authorize a given action of the Company, the affirmative vote or consent of the holders of at least a majority of the outstanding Preferred Shares (the “**Required Holders**”), voting together in the aggregate and not in separate series unless required under the DGCL, represented at a duly held meeting at which a quorum is presented or by written consent of the

1 Insert quotient of \$1,000 divided by the applicable Conversion Price (as defined in the Existing Note (as defined in the Exchange Agreements)) as of the time of the Exchange (as defined in the Exchange Agreements)

Required Holders (except as otherwise may be required under the DGCL), voting together in the aggregate and not in separate series unless required under the DGCL, shall constitute the approval of such action by both the class or the series, as applicable.

4. Maximum Percentage. Notwithstanding anything to the contrary set forth herein, the voting power attributable to any Preferred Share held by any Holder hereunder, shall be automatically reduced, as necessary, such that the aggregate voting power attributable to the Preferred Shares of such applicable Holder (and any other securities of the Company then held by such Holder) or any of its Attribution Parties shall not exceed 19.99% of the voting power of the Company (the “**Maximum Percentage**”). For purposes of the foregoing sentence, the aggregate voting power of a Holder and its Attribution Parties shall include the number of shares of Common Stock, Preferred Shares or other securities of the Company held by such Holder and all of its Attribution Parties that are entitled to vote on such matter pursuant to which this determination is being made. The Company shall not give effect to any voting rights of the Preferred Shares, and any Holder shall not have the right to exercise voting rights with respect to any Preferred Shares pursuant hereto, to the extent that giving effect to such voting rights would result in such Holder (together with its Attribution Parties) being deemed to be entitled to vote in excess of the Maximum Percentage of the voting power of the Company. The provisions of this Section 4 shall be construed and implemented in a manner otherwise than in strict conformity to the extent necessary to correct this Section 4 or any portion thereof which may be defective or inconsistent with the intended voting limitation contained herein or to make changes or supplements necessary or desirable to properly give effect to such limitation. The limitation contained herein may not be waived by the Company or any Holder of Preferred Shares.

5. Rights Upon Fundamental Transactions.

(a) Assumption. Subject to Section 5(b) below, the Company shall not enter into or be party to a Fundamental Transaction unless (i) the Successor Entity assumes in writing all of the obligations of the Company under this Certificate of Designations and the other Transaction Documents in accordance with the provisions of this Section 5(a) pursuant to written agreements in form and substance satisfactory to the Required Holders and approved by the Required Holders prior to such Fundamental Transaction, including agreements to deliver to each holder of Preferred Shares in exchange for such Preferred Shares a security of the Successor Entity evidenced by a written instrument substantially similar in form and substance to this Certificate of Designations, including, without limitation, having a stated value and dividend rate equal to the stated value and dividend rate of the Preferred Shares held by the Holders and having similar ranking to the Preferred Shares, and satisfactory to the Required Holders and (ii) the Successor Entity (including its Parent Entity) is a publicly traded corporation whose shares of common stock are quoted on or listed for trading on an Eligible Market (as defined in the Exchange Agreements). Upon the occurrence of any Fundamental Transaction, the Successor Entity shall succeed to, and be substituted for (so that from and after the date of such Fundamental Transaction, the provisions of this Certificate of Designations and the other Transaction Documents referring to the “Company” shall refer instead to the Successor Entity), and may exercise every right and power of the Company and shall assume all of the obligations of the Company under this Certificate of Designations and the other Transaction Documents with the same effect as if such Successor Entity had been named as the Company herein and therein. Notwithstanding the foregoing, such Holder may elect, at its sole option, by delivery of written notice to the Company to waive this Section 5(a) to permit the Fundamental Transaction without the assumption of the Preferred Shares. The provisions of this Section 5 shall apply similarly and equally to successive Fundamental Transactions and shall be applied without regard to any limitations on the voting or redemption of the Preferred Shares.

(b) Automatic Redemption/Exchange Upon a Change of Control. Notwithstanding Section 5(a), in the event of a Fundamental Transaction that constitutes a Change of Control, no later than ten (10) Trading Days prior to the time consummation of a Change of Control (the “**Change of Control Date**”), but not prior to the public announcement of such Change of Control, the Company shall deliver written notice thereof via electronic mail and overnight courier to each Holder (a “**Change of Control Notice**”). If the Required Holders vote to approve such Change of Control (each, a “**Permitted Change of Control**”), immediately following the time of occurrence of such Permitted Change of Control, but in no event later than the second (2nd) Trading Day after such Change of Control, the Preferred Shares of each Holder then outstanding shall be automatically redeemed and/or exchanged, as applicable, (each a “**Change of Control Redemption/Exchange**”) by the Company or the acquiring party (or its designee), as applicable, for an aggregate amount of consideration (whether consisting of cash, assets or shares, as applicable) (the “**Change**

of **Control Redemption/Exchange Consideration**) equal to the product of (x) as determined in reference to any given holder of one (1) share of Common Stock immediately prior to such Permitted Change of Control, such aggregate amount of cash, assets, shares and/or other property, as applicable as shall be held by such holder after giving effect to such Permitted Change of Control and the Change of Control Redemption/Exchange (solely with respect to such one (1) share of Common Stock held by such holder immediately prior to such Permitted Change of Control) and (y) the Common Stock Per Share Equivalent Amount of the Preferred Shares subject to such Change of Control Redemption/Exchange by such applicable Holder; provided, however, that to the extent that such Holder's right to participate in any such Change of Control Redemption/Exchange would result in such Holder and its other Attribution Parties exceeding the Maximum Rights Percentage, then such Holder shall not participate in such Change of Control Redemption/Exchange in excess of the Maximum Rights Percentage (and shall not have beneficial ownership of such shares of Common Stock (or other equivalent security) as a result of such Change of Control Redemption/Exchange (and beneficial ownership) to such extent of any such excess) and such remaining portion of such Change of Control Redemption/Exchange Consideration shall be held in abeyance for the benefit of such Holder until such time or times as its right thereto would not result in such Holder and the other Attribution Parties exceeding the Maximum Percentage, at which time or times, if any, such Holder shall be granted such remaining portion of such Change of Control Redemption/Exchange Consideration upon the redemption and/or exchange of such remaining Preferred Shares. The Company agrees not to consummate any Change of Control without complying with this Section 5(b).

6. Rights Upon Issuance of Purchase Rights. In addition to any adjustments pursuant to Section 13 below, if at any time the Company grants, issues or sells any Options, Convertible Securities or rights to purchase stock, warrants, securities or other property pro rata to all or substantially all of the record holders of any class of Common Stock (the "**Purchase Rights**"), then each Holder will be entitled to acquire, upon the terms applicable to such Purchase Rights, the aggregate Purchase Rights which such Holder could have acquired if such Holder had held the Common Stock Per Share Equivalent Amount of all the Preferred Shares held by such Holder immediately prior to the date on which a record is taken for the grant, issuance or sale of such Purchase Rights, or, if no such record is taken, the date as of which the record holders of shares of Common Stock are to be determined for the grant, issue or sale of such Purchase Rights; provided, however, to the extent that such Holder's right to participate in any such Purchase Right would result in such Holder and its other Attribution Parties owning more than 4.99% of the Common Stock (or other equivalent security) then outstanding (the "**Maximum Rights Percentage**"), then such Holder shall not be entitled to participate in such Purchase Right in excess of the Maximum Rights Percentage (and shall not be entitled to beneficial ownership of such shares of Common Stock as a result of such Purchase Right (and beneficial ownership) to such extent of any such excess) and such Purchase Right to such extent shall be held in abeyance (and, if such Purchase Right has an expiration date, maturity date or other similar provision, such term shall be extended by such number of days held in abeyance, if applicable) for the benefit of such Holder until such time or times, if ever, as its right thereto would not result in such Holder and the other Attribution Parties exceeding the Maximum Rights Percentage, at which time or times such Holder shall be granted such right (and any Purchase Right granted, issued or sold on such initial Purchase Right or on any subsequent Purchase Right held similarly in abeyance (and, if such Purchase Right has an expiration date, maturity date or other similar provision, such term shall be extended by such number of days held in abeyance, if applicable)) to the same extent as if there had been no such limitation.

7. Redemption at the Company's Election. At any time after the date hereof, the Company shall have the right to redeem all, but not less than all, of the Preferred Shares then outstanding (the "**Company Optional Redemption Amount**") on the Company Optional Redemption Date (each as defined below) (a "**Company Optional Redemption**"). The Preferred Shares subject to redemption pursuant to this Section 7 shall be redeemed by the Company in cash at a price (the "**Company Optional Redemption Price**") equal to the Underlying Amount being redeemed as of the Company Optional Redemption Date. The Company may exercise its right to require redemption under this Section 7 by delivering a written notice thereof by electronic mail and overnight courier to all, but not less than all, of the Holders (the "**Company Optional Redemption Notice**" and the date all of the Holders received such notice is referred to as the "**Company Optional Redemption Notice Date**"). The Company may deliver only one Company Optional Redemption Notice hereunder and such Company Optional Redemption Notice shall be irrevocable. The Company Optional Redemption Notice shall (x) state the date on which the Company Optional Redemption shall occur (the "**Company Optional Redemption Date**") which date shall not be less than two (2) Trading Days nor more than twenty (20) Trading Days following the Company Optional Redemption Notice Date, and (y) state the aggregate

Underlying Amount of the Preferred Shares which is being redeemed in such Company Optional Redemption from such Holder and all of the other Holders of the Preferred Shares pursuant to this Section 7 on the Company Optional Redemption Date. Redemptions made pursuant to this Section 7 shall be made in accordance with Section 9.

8. Noncircumvention. The Company hereby covenants and agrees that the Company will not, by amendment of its Certificate of Incorporation (as defined in the Exchange Agreements), Bylaws (as defined in the Exchange Agreements) or through any reorganization, transfer of assets, consolidation, merger, scheme of arrangement, dissolution, issue or sale of securities, or any other voluntary action, avoid or seek to avoid the observance or performance of any of the terms of this Certificate of Designations, and will at all times in good faith carry out all the provisions of this Certificate of Designations and take all action as may be required to protect the rights of the Holders hereunder.

9. Holder Optional Redemption after Maturity Date. At any time from and after the tenth (10th) Business Day prior to the earlier of (x) September 30, 2023 and (y) any termination of the Merger Agreement (as defined in the Exchange Agreement) (the “**Maturity Date**”), any Holder may require the Company to redeem (a “**Maturity Redemption**”) all or any number of Preferred Shares held by such Holder at a purchase price equal to 100% of the Underlying Amount of such Preferred Shares (the “**Maturity Redemption Price**”) by delivery of written notice thereof (the “**Maturity Redemption Notice**”) to the Company. The Maturity Redemption Notice shall state the date the Company is required to pay to such Holder such Maturity Redemption Price (the “**Maturity Redemption Date**”), which date shall be no earlier than ten (10) Business Days following the date of delivery of such Maturity Redemption Notice. Redemptions required by this Section 9 shall be made in accordance with the provisions of Section 10.

10. Redemptions.

(a) General. The Company shall deliver the applicable Company Optional Redemption Price to each Holder in cash on the applicable Company Optional Redemption Date. If a Holder has submitted a Maturity Redemption Notice in accordance with Section 9 above, the Company shall deliver the applicable Maturity Redemption Price to such Holder in cash on the applicable Maturity Redemption Date. Notwithstanding anything herein to the contrary, in connection with any redemption hereunder at a time a Holder is entitled to receive a cash payment under any of the other Transaction Documents, at the option of such Holder delivered in writing to the Company, the applicable Redemption Price hereunder shall be increased by the amount of such cash payment owed to such Holder under such other Transaction Document and, upon payment in full in accordance herewith, shall satisfy the Company’s payment obligation under such other Transaction Document. In the event of a redemption of less than all of the Preferred Shares, the Company shall promptly cause to be issued and delivered to such Holder a new certificate evidencing the Preferred Shares (each, a “**Preferred Share Certificate**”) (in accordance with Section 16) (or evidence of the creation of a new Book-Entry) representing the number of Preferred Shares which have not been redeemed. In the event that the Company does not pay the applicable Redemption Price to a Holder within the time period required for any reason (including, without limitation, to the extent such payment is prohibited pursuant to the DGCL), at any time thereafter and until the Company pays such unpaid Redemption Price in full, such Holder shall have the option, in lieu of redemption, to require the Company to promptly return to such Holder all or any of the Preferred Shares that were submitted for redemption and for which the applicable Redemption Price (together with any Late Charges thereon) has not been paid. Upon the Company’s receipt of such notice, (x) the applicable Redemption Notice shall be null and void with respect to such Preferred Shares, and (y) the Company shall immediately return the applicable Preferred Share Certificate, or issue a new Preferred Share Certificate (in accordance with Section 16(d)), to such Holder (unless the Preferred Shares are held in Book-Entry form, in which case the Company shall deliver evidence to such Holder that a Book-Entry for such Preferred Shares then exists), and in each case the Additional Amount of such Preferred Shares shall be increased by an amount equal to the difference between (1) the applicable Redemption Price (as the case may be, and as adjusted pursuant to this Section 9, if applicable) minus (2) the Stated Value portion of the Underlying Amount submitted for redemption. A Holder’s delivery of a notice voiding a Redemption Notice and exercise of its rights following such notice shall not affect the Company’s obligations to make any payments of Late Charges which have accrued prior to the date of such notice with respect to the Preferred Shares subject to such notice.

(b) **Redemption by Multiple Holders.** Upon the Company's receipt of a Redemption Notice from any Holder for redemption or repayment, the Company shall immediately, but no later than one (1) Business Day of its receipt thereof, forward to each other Holder by electronic mail a copy of such notice. If the Company receives one or more Redemption Notices, during the seven (7) Business Day period beginning on and including the date which is two (2) Business Days prior to the Company's receipt of the initial Redemption Notice and ending on and including the date which is two (2) Business Days after the Company's receipt of the initial Redemption Notice and the Company is unable to redeem all of the Underlying Amount of such Preferred Shares designated in such initial Redemption Notice and such other Redemption Notices received during such seven (7) Business Day period, then the Company shall redeem a pro rata amount from each Holder based on the Stated Value of the Preferred Shares submitted for redemption pursuant to such Redemption Notices received by the Company during such seven (7) Business Day period.

11. **Registration; Book-Entry.** At the time of issuance of any Preferred Shares hereunder, the applicable Holder may, by written request (including by electronic-mail) to the Company, elect to receive such Preferred Shares in the form of one or more Preferred Share Certificates or in Book-Entry form. The Company (or the Company's transfer agent (the "**Transfer Agent**"), as custodian for the Preferred Shares, if applicable) shall maintain a register (the "**Register**") for the recordation of the names and addresses of the Holders of each Preferred Share and the Stated Value of the Preferred Shares and whether the Preferred Shares are held by such Holder in Preferred Share Certificates or in Book-Entry form (the "**Registered Preferred Shares**"). The entries in the Register shall be conclusive and binding for all purposes absent manifest error. The Company and each Holder of the Preferred Shares shall treat each Person whose name is recorded in the Register as the owner of a Preferred Share for all purposes (including, without limitation, the right to receive payments and Dividends hereunder) notwithstanding notice to the contrary. A Registered Preferred Share may be assigned, transferred or sold only by registration of such assignment or sale on the Register. Upon its receipt of a written request to assign, transfer or sell one or more Registered Preferred Shares by such Holder thereof, the Company shall record the information contained therein in the Register and issue one or more new Registered Preferred Shares in the same aggregate Stated Value as the Stated Value of the surrendered Registered Preferred Shares to the designated assignee or transferee pursuant to Section 16, provided that if the Company does not so record an assignment, transfer or sale (as the case may be) of such Registered Preferred Shares within two (2) Business Days of such a request, then the Register shall be automatically deemed updated to reflect such assignment, transfer or sale (as the case may be). Notwithstanding anything to the contrary set forth in this Section 11, following conversion of any Preferred Shares in accordance with the terms hereof, the applicable Holder shall not be required to physically surrender such Preferred Shares held in the form of a Preferred Share Certificate to the Company unless (A) the full or remaining number of Preferred Shares represented by the applicable Preferred Share Certificate are being converted (in which event such certificate(s) shall be delivered to the Company as contemplated by this Section 11) or (B) such Holder has provided the Company with prior written notice requesting reissuance of Preferred Shares upon physical surrender of the applicable Preferred Share Certificate. Each Holder and the Company shall maintain records showing the Stated Value, Dividends and Late Charges exchanged and/or paid (as the case may be) and the dates of such exchanges and/or payments (as the case may be) or shall use such other method, reasonably satisfactory to such Holder and the Company, so as not to require physical surrender of a Preferred Share Certificate upon exchange and/or redemption, as applicable. If the Company does not update the Register to record such Stated Value, Dividends and Late Charges exchanged and/or paid (as the case may be) and the dates of such exchanges and/or payments (as the case may be) within two (2) Business Days of such occurrence, then the Register shall be automatically deemed updated to reflect such occurrence. In the event of any dispute or discrepancy, such records of such Holder establishing the number of Preferred Shares to which the record holder is entitled shall be controlling and determinative in the absence of manifest error. A Holder and any transferee or assignee, by acceptance of a certificate, acknowledge and agree that, by reason of the provisions of this paragraph, following conversion of any Preferred Shares, the number of Preferred Shares represented by such certificate may be less than the number of Preferred Shares stated on the face thereof. Each Preferred Share Certificate shall bear the following legend:

ANY TRANSFEREE OR ASSIGNEE OF THIS CERTIFICATE SHOULD CAREFULLY REVIEW THE TERMS OF THE CORPORATION'S CERTIFICATE OF DESIGNATIONS RELATING TO THE SHARES OF SERIES C PREFERRED STOCK REPRESENTED BY THIS CERTIFICATE, INCLUDING SECTION 11 THEREOF. THE NUMBER OF SHARES OF SERIES C PREFERRED STOCK REPRESENTED BY THIS CERTIFICATE MAY BE LESS THAN THE NUMBER OF SHARES OF SERIES C PREFERRED STOCK STATED ON THE FACE HEREOF PURSUANT TO SECTION 11 OF THE CERTIFICATE OF DESIGNATIONS RELATING TO THE SHARES OF SERIES C PREFERRED STOCK REPRESENTED BY THIS CERTIFICATE.

12. Liquidation, Dissolution, Winding-Up. In the event of a Liquidation Event, the Holders shall be entitled to receive in cash out of the assets of the Company, whether from capital or from earnings available for distribution to its stockholders (the “**Liquidation Funds**”), in an amount per share equal to the amount per share such Holder would receive if such Holder had held such aggregate amount of shares of Common Stock equal to the Common Stock Per Share Equivalent Amount of all the Preferred Shares held by such Holder immediately prior to the date of such payment (without regard to any limitation on voting set forth herein).

13. Distribution of Assets. In addition to any adjustments pursuant to Section 6, if the Company shall declare or make any dividend or other distributions of its assets (or rights to acquire its assets) to any or all holders of shares of Common Stock, by way of return of capital or otherwise (including without limitation, any distribution of cash, stock or other securities, property or options by way of a dividend, spin off, reclassification, corporate rearrangement, scheme of arrangement or other similar transaction) (the “**Distributions**”), then each Holder, as holders of Preferred Shares, will be entitled to such Distributions as if such Holder had held the Common Stock Per Share Equivalent Amount of all the Preferred Shares held by such Holder immediately prior to the date immediately prior to the date on which a record is taken for such Distribution or, if no such record is taken, the date as of which the record holders of Common Stock are to be determined for such Distributions (provided, however, that to the extent that such Holder’s right to participate in any such Distribution would result in such Holder and the other Attribution Parties exceeding the Maximum Rights Percentage, then such Holder shall not be entitled to participate in such Distribution in excess of the Maximum Rights Percentage (and shall not be entitled to beneficial ownership of such shares of Common Stock as a result of such Distribution (and beneficial ownership) to such extent of any such excess) and the portion of such Distribution shall be held in abeyance for the benefit of such Holder until such time or times as its right thereto would not result in such Holder and its other Attribution Parties exceeding the Maximum Rights Percentage, at which time or times, if any, such Holder shall be granted such Distribution (and any Distributions declared or made on such initial Distribution or on any subsequent Distribution held similarly in abeyance) to the same extent as if there had been no such limitation).

14. Vote to Change the Terms of or Issue Preferred Shares. In addition to any other rights provided by law, except where the vote or written consent of the holders of a greater number of shares is required by law or by another provision of the Certificate of Incorporation, without first obtaining the affirmative vote at a meeting duly called for such purpose or the written consent without a meeting of the Required Holders, voting together as a single class, the Company shall not: (a) amend or repeal any provision of, or add any provision to, its Certificate of Incorporation or bylaws, or file any certificate of designations or articles of amendment of any series of shares of preferred stock, if such action would adversely alter or change in any respect the preferences, rights, privileges or powers, or restrictions provided for the benefit of the Preferred Shares hereunder, regardless of whether any such action shall be by means of amendment to the Certificate of Incorporation or by merger, consolidation or otherwise; (b) increase or decrease the authorized number of Preferred Shares; (c) issue any Preferred Shares other than as contemplated hereby or pursuant to the Exchange Agreements; or (d) whether or not prohibited by the terms of the Preferred Shares, circumvent a right of the Preferred Shares hereunder.

15. Transfer of Preferred Shares. A Holder may transfer some or all of its Preferred Shares without the consent of the Company unless such transfer would violate an agreement between the Company and such Holder.

16. Reissuance of Preferred Share Certificates and Book Entries

(a) Transfer. If any Preferred Shares are to be transferred, the applicable Holder shall surrender the applicable Preferred Share Certificate to the Company (or, if the Preferred Shares are held in Book-Entry form, a written instruction letter to the Company), whereupon the Company will forthwith issue and deliver upon the order of such Holder a new Preferred Share Certificate (in accordance with Section 16(d)) (or evidence of the transfer of such Book-Entry), registered as such Holder may request, representing the outstanding number of Preferred Shares being transferred by such Holder and, if less than the entire outstanding number of Preferred Shares is being transferred, a new Preferred Share Certificate (in accordance with Section 16(d)) to such Holder representing the outstanding number of Preferred Shares not being transferred (or evidence of such remaining Preferred Shares in a Book-Entry for such Holder).

(b) Lost, Stolen or Mutilated Preferred Share Certificate. Upon receipt by the Company of evidence reasonably satisfactory to the Company of the loss, theft, destruction or mutilation of a Preferred Share Certificate (as to which a written certification and the indemnification contemplated below shall suffice as such evidence), and, in the case of loss, theft or destruction, of any indemnification undertaking by the

applicable Holder to the Company in customary and reasonable form and, in the case of mutilation, upon surrender and cancellation of such Preferred Share Certificate, the Company shall execute and deliver to such Holder a new Preferred Share Certificate (in accordance with Section 16(d)) representing the applicable outstanding number of Preferred Shares.

(c) Preferred Share Certificate and Book-Entries Exchangeable for Different Denominations and Forms. Each Preferred Share Certificate is exchangeable, upon the surrender hereof by the applicable Holder at the principal office of the Company, for a new Preferred Share Certificate or Preferred Share Certificate(s) or new Book-Entry (in accordance with Section 16(d)) representing, in the aggregate, the outstanding number of the Preferred Shares in the original Preferred Share Certificate, and each such new Preferred Share Certificate and/or new Book-Entry, as applicable, will represent such portion of such outstanding number of Preferred Shares from the original Preferred Share Certificate as is designated in writing by such Holder at the time of such surrender. Each Book-Entry may be exchanged into one or more new Preferred Share Certificates or split by the applicable Holder by delivery of a written notice to the Company into two or more new Book-Entries (in accordance with Section 16(d)) representing, in the aggregate, the outstanding number of the Preferred Shares in the original Book-Entry, and each such new Book-Entry and/or new Preferred Share Certificate, as applicable, will represent such portion of such outstanding number of Preferred Shares from the original Book-Entry as is designated in writing by such Holder at the time of such surrender.

(d) Issuance of New Preferred Share Certificate or Book-Entry. Whenever the Company is required to issue a new Preferred Share Certificate or a new Book-Entry pursuant to the terms of this Certificate of Designations, such new Preferred Share Certificate or new Book-Entry (i) shall represent, as indicated on the face of such Preferred Share Certificate or in such Book-Entry, as applicable, the number of Preferred Shares remaining outstanding (or in the case of a new Preferred Share Certificate or new Book-Entry being issued pursuant to Section 16(a) or Section 16(c), the number of Preferred Shares designated by such Holder) which, when added to the number of Preferred Shares represented by the other new Preferred Share Certificates or other new Book-Entry, as applicable, issued in connection with such issuance, does not exceed the number of Preferred Shares remaining outstanding under the original Preferred Share Certificate or original Book-Entry, as applicable, immediately prior to such issuance of new Preferred Share Certificate or new Book-Entry, as applicable, and (ii) shall have an issuance date, as indicated on the face of such new Preferred Share Certificate or in such new Book-Entry, as applicable, which is the same as the issuance date of the original Preferred Share Certificate or in such original Book-Entry, as applicable.

17. Remedies, Characterizations, Other Obligations, Breaches and Injunctive Relief. The remedies provided in this Certificate of Designations shall be cumulative and in addition to all other remedies available under this Certificate of Designations and any of the other Transaction Documents, at law or in equity (including a decree of specific performance and/or other injunctive relief), and nothing herein shall limit any Holder's right to pursue actual and consequential damages for any failure by the Company to comply with the terms of this Certificate of Designations. No failure on the part of a Holder to exercise, and no delay in exercising, any right, power or remedy hereunder shall operate as a waiver thereof; nor shall any single or partial exercise by such Holder of any right, power or remedy preclude any other or further exercise thereof or the exercise of any other right, power or remedy. In addition, the exercise of any right or remedy of a Holder at law or equity or under this Certificate of Designations or any of the documents shall not be deemed to be an election of such Holder's rights or remedies under such documents or at law or equity. The Company covenants to each Holder that there shall be no characterization concerning this instrument other than as expressly provided herein. Amounts set forth or provided for herein with respect to payments and the like (and the computation thereof) shall be the amounts to be received by a Holder and shall not, except as expressly provided herein, be subject to any other obligation of the Company (or the performance thereof). No failure on the part of a Holder to exercise, and no delay in exercising, any right, power or remedy hereunder shall operate as a waiver thereof; nor shall any single or partial exercise by such Holder of any right, power or remedy preclude any other or further exercise thereof or the exercise of any other right, power or remedy. In addition, the exercise of any right or remedy of any Holder at law or equity or under Preferred Shares or any of the documents shall not be deemed to be an election of such Holder's rights or remedies under such documents or at law or equity. The Company acknowledges that a breach by it of its obligations hereunder will cause irreparable harm to the Holders and that the remedy at law for any such breach may be inadequate. The Company therefore agrees that, in the event of any such breach or threatened breach, each Holder shall be entitled, in addition to all other available remedies, to specific performance and/or temporary, preliminary and permanent injunctive or other equitable relief from any court of competent jurisdiction in any such

case without the necessity of proving actual damages and without posting a bond or other security. The Company shall provide all information and documentation to a Holder that is requested by such Holder to enable such Holder to confirm the Company's compliance with the terms and conditions of this Certificate of Designations.

18. Payment of Collection, Enforcement and Other Costs. If (a) any Preferred Shares are placed in the hands of an attorney for collection or enforcement or is collected or enforced through any legal proceeding or a Holder otherwise takes action to collect amounts due under this Certificate of Designations with respect to the Preferred Shares or to enforce the provisions of this Certificate of Designations or (b) there occurs any bankruptcy, reorganization, receivership of the Company or other proceedings affecting Company creditors' rights and involving a claim under this Certificate of Designations, then the Company shall pay the costs incurred by such Holder for such collection, enforcement or action or in connection with such bankruptcy, reorganization, receivership or other proceeding, including, without limitation, attorneys' fees and disbursements. The Company expressly acknowledges and agrees that no amounts due under this Certificate of Designations with respect to any Preferred Shares shall be affected, or limited, by the fact that the purchase price paid for each Preferred Share was less than the original Stated Value thereof.

19. Construction; Headings. This Certificate of Designations shall be deemed to be jointly drafted by the Company and the Holders and shall not be construed against any such Person as the drafter hereof. The headings of this Certificate of Designations are for convenience of reference and shall not form part of, or affect the interpretation of, this Certificate of Designations. Unless the context clearly indicates otherwise, each pronoun herein shall be deemed to include the masculine, feminine, neuter, singular and plural forms thereof. The terms "including," "includes," "include" and words of like import shall be construed broadly as if followed by the words "without limitation." Terms used in this Certificate of Designations and not otherwise defined herein, but defined in the other Transaction Documents, shall have the meanings ascribed to such terms on the Initial Issuance Date in such other Transaction Documents unless otherwise consented to in writing by the Required Holders.

20. Failure or Indulgence Not Waiver. No failure or delay on the part of a Holder in the exercise of any power, right or privilege hereunder shall operate as a waiver thereof, nor shall any single or partial exercise of any such power, right or privilege preclude other or further exercise thereof or of any other right, power or privilege. No waiver shall be effective unless it is in writing and signed by an authorized representative of the waiving party. This Certificate of Designations shall be deemed to be jointly drafted by the Company and all Holders and shall not be construed against any Person as the drafter hereof. Notwithstanding the foregoing, nothing contained in this Section 20 shall permit any waiver of any provision of Section 4.

such Holder or the Company fails to so deliver all of the Required Dispute Documentation by the Dispute Submission Deadline, then the party who fails to so submit all of the Required Dispute Documentation shall no longer be entitled to (and hereby waives its right to) deliver or submit any written documentation or other support to such investment bank with respect to such dispute and such investment bank shall resolve such dispute based solely on the Required Dispute Documentation that was delivered to such investment bank prior to the Dispute Submission Deadline). Unless otherwise agreed to in writing by both the Company and such Holder or otherwise requested by such investment bank, neither the Company nor such Holder shall be entitled to deliver or submit any written documentation or other support to such investment bank in connection with such dispute (other than the Required Dispute Documentation).

(iii) The Company and such Holder shall cause such investment bank to determine the resolution of such dispute and notify the Company and such Holder of such resolution no later than ten (10) Business Days immediately following the Dispute Submission Deadline. The parties will endeavor in good faith negotiations to replace the prohibited, invalid or unenforceable provision(s) with a valid provision(s), the effect of which comes as close as possible to that of the prohibited, invalid or unenforceable provision(s).

27. **Maximum Payments.** Nothing contained herein shall be deemed to establish or require the payment of a rate of interest or other charges in excess of the maximum permitted by applicable law. In the event that the rate of interest required to be paid or other charges hereunder exceed the maximum permitted by such law, any payments in excess of such maximum shall be credited against amounts owed by the Company to the applicable Holder and thus refunded to the Company.

For the avoidance of doubt, nothing in this Agreement shall limit or restrict any party from properly fulfilling his or her fiduciary duties as a director or officer of KERN.

5.2 Further Assurances

Each Stockholder will, from time to time, execute and deliver all such further documents and instruments and do all such acts and things as MJA may reasonably require to effectively carry out or better evidence or perfect the full intent of the parties and meaning of this Agreement.

5.3 Survival of Representations and Warranties

No investigations made by or on behalf any party or any of its authorized agents at any time shall have the effect of waiving, diminishing the scope of or otherwise affecting any representation, warranty or covenant made by any other party herein or pursuant hereto.

5.4 Disclosure

No press release or other disclosure (public or otherwise) with respect to the existence or details of this Agreement, the Purchase and Sale or any of the other Transactions shall be made by a Stockholder without the prior written consent of MJA, except to the extent required by applicable law. 5.6 Time

Time shall be of the essence of this Agreement.

5.7 Governing Law

This Agreement will be governed by, and interpreted and enforced in accordance with, the laws of the State of Delaware and the federal laws of the United States applicable therein. The parties to this Agreement hereby irrevocably and unconditionally waive any objection to the laying of venue of any action, suit or proceeding arising out of this Agreement or the matters contemplated hereby in the courts of the State of Delaware and hereby further irrevocably and unconditionally waive and agree not to plead or claim in any such court that any such action, suit or proceeding so brought has been brought in an inconvenient forum. This Section 5.7 shall survive the termination of this Agreement.

5.8 Entire Agreement

This Agreement, including the appendices hereto, constitutes the entire agreement between the parties pertaining to the subject matter hereof. There are no representations, warranties, conditions, undertakings, commitments, other agreements or acknowledgements, whether direct or collateral, express or implied, that form part of or affect this Agreement, or which induced any party hereto to enter into this Agreement or on which reliance is placed by any party hereto, except as specifically set forth in this Agreement.

5.9 Amendments

This Agreement may be amended, modified or supplemented only by a written agreement signed by all of the parties hereto.

5.10 Severability

If any term or other provision of this Agreement is invalid, illegal or incapable of being enforced by any rule of law or public policy, all other conditions and provisions of this Agreement shall nevertheless remain in full force and effect. Upon such determination that any term or other provision is invalid, illegal or incapable of being enforced, the parties hereto shall negotiate in good faith to modify this Agreement so as to effect the original intent of the parties as closely as possible in a mutually acceptable manner in order that the terms of this Agreement remain as originally contemplated to the fullest extent possible.

6. Representations and Warranties of the Holder

The Holder hereby represents and warrants to and covenants with KERN as follows, and acknowledges that KERN is relying upon such representations, warranties and covenants in entering into this Agreement:

- (a) Incorporation: Authorization. The Holder has all necessary power, authority, capacity and right to enter into this Agreement and to carry out each of its obligations under this Agreement. This Agreement has been duly executed and delivered by the Holder and, assuming due authorization, execution and delivery by KERN, constitutes a legal, valid and binding agreement enforceable by KERN against the Holder in accordance with its terms, subject, however, to limitations with respect to enforcement imposed by law in connection with bankruptcy, insolvency, reorganization or other laws affecting creditors' rights generally and to the extent that equitable remedies such as specific performance and injunctions are only available in the discretion of the court from which they are sought.
- (b) Ownership of Subject Securities. The Holder is the direct beneficial owner of the Exchange Note Amount and, following consummation of the Initial Exchange in accordance with the terms and subject to the conditions set forth in the Exchange Agreement, will be the direct beneficial owner of the New Preferred Shares. Subject to any Transfer permitted pursuant to paragraph 4(a), the Holder will be continuously up until the Closing, the direct beneficial owner of the Exchange Note Amount (prior to the consummation of the Initial Exchange) and the New Preferred Shares (following consummation of the Initial Exchange), in each case with good and marketable title thereto, free and clear of any and all mortgages, liens, charges, restrictions, security interests, adverse claims, pledges, encumbrances and demands or rights of others of any nature or kind whatsoever. The Holder is not a party to, bound or affected by or subject to, any charter or by-law, contract, agreement provision, statute, regulation, judgment, order, decree or law which would be violated, contravened, breached by, or under which any default would occur as a result of, the execution and delivery of this Agreement or the consummation of any of the transactions provided for in this Agreement.
- (c) No Agreements. No Person has any agreement or option, or any right or privilege (whether by law, pre-emptive or contractual) capable of becoming an agreement or option, for the purchase, acquisition or transfer of the Exchange Note Amount, or any interest therein or right thereto, except pursuant to this Agreement.
- (d) Consents. - (e) No Conflicts. None of the execution and delivery by the Holder of this Agreement or the compliance by the Holder with its obligations hereunder will violate, contravene, result in any breach of, or be in conflict with, or constitute a default under, or create a state of facts which after notice or lapse of time or both would constitute a default under, any term or provision of: (i) any organizational documents of the Holder; (ii) any contract to which the Holder is a party or by which the Holder is bound; (iii) any judgment, decree, order or award of any Governmental Entity; or (iv) any applicable Law.
- (f) Legal Proceedings. There are no legal proceedings in progress or pending before any Governmental Entity or, to the knowledge of the Holder, threatened against the Holder or any of its Affiliates, or the Exchange Note Amount or other property of the Holder or any of its Affiliates, and there is no judgment, decree or order against the Holder or its Affiliates, or the Exchange Note Amount or

other property of the Holder or any of its Affiliates, that would adversely affect in any manner the ability of the Holder to enter into this Agreement or adversely affect the Holder's ability to perform its obligations hereunder or the title of the Holder to the Exchange Note Amount.

- (g) No Commitment. The Exchange Note Amount is not the subject of any commitment, undertaking or agreement, the terms of which would affect in any way the ability of the Holder to perform the Holder's obligations as set out in this Agreement.

7. Representations and Warranties of KERN

KERN hereby represents and warrants to the Holder as follows, and acknowledges that the Holder is relying upon such representations, warranties and covenants in entering into this Agreement:

- (a) Incorporation; Authorization. KERN is a corporation duly incorporated and validly existing under the laws of Delaware and it has the requisite corporate power, authority and capacity to enter into this Agreement and to perform its obligations hereunder. This Agreement has been duly executed and delivered by KERN and constitutes a legal, valid and binding agreement enforceable by the Holder against KERN in accordance with its terms, subject, however, to limitations with respect to enforcement imposed by law in connection with bankruptcy, insolvency, reorganization or other laws affecting creditors' rights generally and to the extent that equitable remedies such as specific performance and injunctions are only available in the discretion of the court from which they are sought.
- (b) No Conflicts. None of the execution and delivery by KERN of this Agreement or the compliance by KERN with its obligations hereunder will violate, contravene, result in any breach of, or be in conflict with, or constitute a default under, or create a state of facts which after notice or lapse of time or both would constitute a default under, any term or provision of: (i) any organizational documents of KERN; (ii) any contract to which KERN is a party or by which KERN is bound; (iii) any judgment, decree, order or award of any Governmental Entity; or (iv) any applicable Law, except in each case as would not reasonably be expected, either individually or in the aggregate, to materially impair the ability of KERN to perform its obligations hereunder or that would reasonably be expected to prevent or materially delay the completion of the Purchase and Sale or any of the other Transactions.
- (c) Legal Proceedings. There are no legal proceedings in progress or pending against or, to the knowledge of KERN, threatened against KERN or any of its Affiliates that would adversely affect in any manner the ability of KERN to enter into this Agreement and to perform its obligations hereunder or that would reasonably be expected to prevent or materially delay the completion of the Purchase and Sale or any of the other Transactions.

8. Termination

This Agreement shall terminate: (a) by a written instrument executed by each of the parties; (b) in the event that the SPA is validly terminated in accordance with its terms; or (c) upon written notice by any party delivered to the other party at any time on or after November 15, 2023.²

9. Effect of Termination

If this Agreement is terminated in accordance with paragraph 8, the provisions of this Agreement will become void in relation to the Holder and KERN and no such party shall have liability to such other party in respect of whom this Agreement has been terminated, except in respect of a willful, intentional or material breach of the representations, warranties, obligations, terms or conditions of this Agreement which occurred prior to such termination in which case the non-breaching party to this Agreement shall be entitled to pursue any and all remedies at law or equity which may be available to it.

² There is no defined term "Effective Time"

10. Assignment

Subject to prior written notice to the Holder, KERN may assign all or part of its rights under this Agreement to an Affiliate of KERN. Other than as expressly contemplated by paragraph 4(a), this Agreement shall not be otherwise assignable by the Holder without the prior written consent of KERN, which consent may not be unreasonably withheld.

11. Time

Time shall be of the essence of this Agreement.

12. Governing Law

This Agreement will be governed by, and interpreted and enforced in accordance with, the laws of the State of Delaware and the federal laws of the United States applicable therein. Each party hereto irrevocably submits to the non-exclusive jurisdiction of the courts of the State of Delaware with respect to any matter arising hereunder or related hereto. The parties to this Agreement hereby irrevocably and unconditionally waive any objection to the laying of venue of any action, suit or proceeding arising out of this Agreement or the matters contemplated hereby in the courts of the State of Delaware and hereby further irrevocably and unconditionally waive and agree not to plead or claim in any such court that any such action, suit or proceeding so brought has been brought in an inconvenient forum. This paragraph 14 shall survive the termination of this Agreement.

13. Amendments

This Agreement may be amended, modified, or supplemented only by a written agreement signed by all of the parties hereto.

14. Severability

If any term or other provision of this Agreement is invalid, illegal or incapable of being enforced by any rule of law or public policy, all other conditions and provisions of this Agreement shall nevertheless remain in full force and effect. PART II

**INFORMATION NOT REQUIRED IN PROXY
STATEMENT/PROSPECTUS**

Item 20. *Indemnification of Directors and Officers*

Under Section 145 of the DGCL, a corporation may indemnify its directors, officers, employees and agents and its former directors, officers, employees and agents and those who serve, at the corporation's request, in such capacities with another enterprise, against expenses (including attorney's fees), as well as judgments, fines and settlements, actually and reasonably incurred in connection with the defense of any action, suit or proceeding (other than an action by or in the right of the corporation) in which they or any of them were or are made parties or are threatened to be made parties by reason of their serving or having served in such capacity. The DGCL provides, however, that such person must have acted in good faith and in a manner he or she reasonably believed to be in (or not opposed to) the best interests of the corporation and, in the case of a criminal action, such person must have had no reasonable cause to believe his or her conduct was unlawful. In addition, the DGCL does not permit indemnification in an action or suit by or in the right of the corporation, where such person has been adjudged liable to the corporation for negligence or misconduct in the performance of his/her duty to the corporation, unless, and only to the extent that, a court determines that such person fairly and reasonably is entitled to indemnity for costs the court deems proper in light of liability adjudication. Indemnity is mandatory to the extent a claim, issue or matter has been successfully defended.

Section 102(b)(7) of the DGCL permits a corporation to include in its certificate of incorporation a provision eliminating or limiting the personal liability of a director to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, provided that such provision shall not eliminate or limit the liability of a director (i) for any breach of the director's duty of loyalty to the corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) under Section 174 of the DGCL (relating to unlawful payment of dividends and unlawful stock purchase or redemption) or (iv) for any transaction from which the director derived an improper personal benefit.

Article VI of the Amended and Restated By-Laws of Akerna contains provisions which are designed to provide mandatory indemnification of directors and officers of Akerna to the full extent permitted by law, as now in effect or later amended. The Amended and Restated By-Laws further provide for reimbursement and advances of payment of expenses actually and reasonably incurred by a current or former director or officer of Akerna under the circumstances contained therein.

Item 21. *Exhibits and Financial Statement Schedules*

A list of exhibits filed with this registration statement on Form S-4 is set forth on the Exhibit Index and is incorporated herein by reference.

Item 22. *Undertakings*

The undersigned registrant undertakes as follows:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
 - (i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933, as amended (the "Securities Act");
 - (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) if, in the

aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the “Calculation of Registration Fee” table in the effective registration statement; and

- (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.
- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.
- (5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
 - (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
 - (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
 - (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
 - (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.
- (6) That prior to any public reoffering of the securities registered hereunder through use of a prospectus which is a part of this registration statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c), the issuer undertakes that such reoffering prospectus will contain the information called for by the applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other items of the applicable form.
- (7) That every prospectus (i) that is filed pursuant to the paragraph immediately preceding, or (ii) that purports to meet the requirements of Section 10(a)(3) of the Securities Act of 1933 and is used in connection with an offering of securities subject to Rule 415, will be filed as a part of an amendment to the registration statement and will not be used until such amendment is effective, and that, for purposes of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

- (8) To respond to requests for information that is incorporated by reference into the prospectus pursuant to Item 4, 10(b), 11, or 13 of this Form S-4, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.
- (9) To supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.

Insofar as indemnification for liabilities arising under the Securities Act of 1933, as amended (the “Securities Act”), may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

Re: Registration Statement on Form S-4

Ladies and Gentlemen:

We have acted as counsel to Akerna Corp., a Delaware corporation (the "Company"), in connection with a Registration Statement on Form S-4 (File No. 333-271857), (the "Registration Statement"), filed by the Company with the Securities and Exchange Commission (the "Commission") on the date hereof under the Securities Act of 1933, as amended (the "Securities Act"), relating to the offering by the Company of shares (the "Shares") of the Company's common stock, \$0.0001 par value (the "Common Stock") covered by the Registration Statement. The Shares are being issued to the stockholders of Gryphon Digital Mining, Inc. ("Gryphon") pursuant to the merger (the "Merger") contemplated by the Agreement and Plan of Merger, dated as of January 26, 2023, by and among the Company, Akerna Merger Co., a Delaware corporation, and Gryphon (the "Merger Agreement").

We have examined such documents and have reviewed such questions of law as we have considered necessary or appropriate for the purposes of our opinions set forth below. In rendering our opinions set forth below, we have assumed the authenticity of all documents submitted to us as originals, the genuineness of all signatures and the conformity to authentic originals of all documents submitted to us as copies. We have also assumed the legal capacity for all purposes relevant hereto of all natural persons and, with respect to all parties to agreements or instruments relevant hereto other than the Company, that such parties had the requisite power and authority (corporate or otherwise) to execute, deliver and perform such agreements or instruments, that such agreements or instruments have been duly authorized by all requisite action (corporate or otherwise), executed and delivered by such parties and that such agreements or instruments are the valid, binding and enforceable obligations of such parties. As to questions of fact material to our opinions, we have relied upon certificates or comparable documents of officers and other representatives of the Company and of public officials.

Our opinions set forth below as further conditioned on the following assumptions:

- (a) That the required approval of the stockholders of the Company to approve the Merger as contemplated by the Merger Agreement and under the Delaware General Corporation Law (the "DGCL") is obtained at a duly called and constituted meeting of the stockholders of the Company.
- (b) That the required approval of the stockholders of the Company to approve an increase in the authorized share capital of the Company from 150,000,000 shares of Common Stock to 300,000,000 shares of Common Stock as set forth in the prospectus contained in the Registration Statement is obtained at a duly called and constituted meeting of the stockholders of the Company and that the amendment to the articles of incorporation in the form set forth as Annex D to the prospectus contained in the Registration Statement in relation to the increase in authorized capital will be properly and timely filed with the Secretary of State of the State of Delaware and become effective in accordance with the DGCL prior to the issuance of the Shares.
- (c) That the required approval of the stockholders of the Company to approve a reverse stock split of the outstanding shares of Common Stock at a ratio between 5 to 1 and 20 to 1 as set forth in the prospectus contained in the Registration Statement is obtained at a duly called and constituted meeting of the stockholders of the Company, that the Board of the Company duly authorizes the exact ratio of the reverse stock split within that range and the effective date thereof and that the amendment to the articles of incorporation in the form set forth as Annex C to the prospectus contained in the Registration Statement in relation to the reverse stock split will be properly and timely filed with the Secretary of State of the State of Delaware and become effective in accordance with the DGCL prior to the issuance of the Shares.

Based on the foregoing, we are of the opinion that the Shares have been duly authorized and, when issued by the Company in the circumstances contemplated by the Merger Agreement, will be validly issued, fully paid and non-assessable.

Our opinions expressed above are limited to the DGCL.

We hereby consent to the filing of this opinion as an exhibit to the Registration Statement, and to the reference to our firm under the heading "Legal Matters" in the prospectus constituting part of the Registration Statement. In giving this consent, we do not admit that we are within the category of persons whose consent is required under Section 7 of the Securities Act or the rules and regulations of the Commission thereunder.

Very truly yours,

/s/ DORSEY & WHITNEY LLP

Las Vegas, NV 89110

Ladies and Gentlemen:

We have acted as counsel to Gryphon Digital Mining, Inc., a Delaware corporation (the “**Company**”) in connection with the proposed merger (the “**Merger**”) of Akerna Merger Co. (“**Merger Sub**”), a Delaware corporation and a wholly-owned subsidiary of Akerna Corp., a Delaware corporation (“**Acquiror**”), with and into the Company with the Company surviving as a wholly-owned subsidiary of Acquiror, pursuant to the terms and conditions of the Agreement and Plan of Merger, dated as of January 27, 2023 (the “**Agreement**”), by and among the Company, Merger Sub, and Acquiror. Capitalized terms used but not defined herein shall have the meanings ascribed to them in the Agreement.

For the purposes of delivering this opinion letter, we have examined and relied upon the following, and have assumed, without independent investigation or verification, that the facts, information, representations and covenants therein are accurate and complete when made and as of the Effective Time:

- (a) The Agreement.
- (b) The Proxy Statement/Prospectus.
- (c) Certificates of the officers of Acquiror and the Company dated the date hereof (“**Tax Representation Letters**”).
- (d) Such other documents, records and instruments as we have deemed necessary in order to enable us to render the opinions referred to in this letter.

For the purposes of rendering the opinions set forth herein, we have assumed without independent verification or inquiry:

- (a) The transactions contemplated by the Agreement will be consummated in accordance therewith and as described in the Proxy Statement/Prospectus (and no transaction or condition described therein and affecting this opinion will be waived by any party).

-
- (b) The Merger will be reported by the Company and Acquiror on their respective federal income tax returns in a manner consistent with the opinion set forth below.

- (c) Any statements made in the Agreement, Proxy Statement/Prospectus, Tax Representation Letters and other documents listed above are true, complete and correct, and will remain true, complete and correct at all times up to and including the Effective Time and thereafter (where relevant), and that any such statement that is qualified by the “knowledge” of any person is true, complete and correct, and will remain true, complete and correct at all times up to and including the Effective Time and thereafter (where relevant), in each case as if made without such qualification.

Based upon and subject to the foregoing, it is our opinion that, under currently applicable United States federal income tax law, the Merger will qualify as a “reorganization” within the meaning of Section 368(a) of the Code.

We express no opinion on any issue relating to the tax consequences of the Merger other than those set forth above, including any consequences under any state, local or foreign tax law. Our opinion is based upon the Code, published judicial decisions, administrative regulations and published rulings and procedures as in existence on the date hereof. Future legislative, judicial or administrative changes, on either a prospective or retroactive basis, could affect our opinion. Further, our opinion is not binding upon the Internal Revenue Service or the courts, and there is no assurance that the Internal Revenue Service or a court will not take a contrary position. We undertake no responsibility to advise you of any future change in the matters stated herein or in the federal income tax laws or the application or interpretation thereof.

Very truly yours,

/s/ K&L Gates LLP

BITGO CUSTODIAL SERVICES AGREEMENT

This Custodial Services Agreement (the “Agreement”) is made as of the later date of the signatures below (the “Effective Date”) by and between:

Gryphon Digital Mining, Inc. a [Nevada] [Incorporation] (“Client”) and BitGo Trust Company, Inc., a trust company duly organized and chartered in South Dakota, (“Trust Company”). This Agreement governs Client’s use of the Custodial Services and the Wallet Services (each as defined below, and collectively, the “Services”) provided or made available by Trust Company.

1. SERVICES.

1.1. Custodian.

Trust Company through the “Custodial Services” enables Client to create one or more custody accounts (each a “Custodial Account”), controlled and secured by Trust Company in accordance with this Agreement, to store certain supported digital currencies and digital tokens (“Digital Assets”) or certain fiat currencies such as Dollars or Euros (“Fiat Currency”). Trust Company is a trust company under § 51-A of the South Dakota Banking Law and is licensed to act as custodian of Client’s Digital Assets on Client’s behalf.

1.2. Wallet Software and Non-Custodial Wallet Service.

Trust Company also provides Client with the option to create non-custodial wallets that support certain Digital Assets via an API and web interface (“Wallet Services”). Wallet Services are provided by BitGo, Inc, an affiliate of Trust Company (“BitGo Inc.”). Wallet Services provide access to wallets where BitGo Inc. holds a minority of the keys, and Client is responsible for holding a majority of the keys (“Client Keys”).

1.3. Fiat Services.

- (A) Client may elect to store Fiat Currency with Trust Company (“Fiat Services”). Trust Company has no right, interest, or title in such Fiat Currency. Trust Company hereby confirms that the Fiat Currency is not an asset on the balance sheet of Trust Company.
- (B) Trust Company will hold any Fiat Currency received by Trust Company on behalf of Client, at Trust Company’s discretion, in one or more omnibus bank accounts (“Omnibus Account”), at depository institutions (a “Bank”) or in money market accounts (“Money Market Account”). Each Omnibus Account shall be in the name of Trust Company for the benefit of Client and shall be maintained separately and apart from Trust Company’s business, operating, and reserve accounts. Each Omnibus Account constitutes a banking relationship between Trust Company and Bank and shall not constitute a custodial relationship between Trust Company and Bank and does not create or represent any relationship between Client and any Bank. Likewise, any Money Market Account shall be in the name of Trust Company and shall be maintained separately and apart from Trust Company’s business, operating, and reserve accounts. Such Money Market Accounts constitute an investment account between Trust Company and the asset management firm of such Money Market Account and do not create or represent any relationship between Client and any asset management firm.

-
- (C) Client acknowledges and agrees that Trust Company may hold some or any portion of Fiat Currency in accounts that may or may not receive interest or other earnings. Client hereby agrees that the amount of any such interest or earnings attributable to such Fiat Currency may be retained by Trust Company as additional consideration for its services. In addition, Trust Company may receive earnings or compensation for an Omnibus Account or Money Market Account either in the form of services provided at a reduced rate, the payment of any shareholder service fees, or similar compensation. Client agrees that any such compensation shall be retained by Trust Company and no portion of any such compensation shall be paid to or for Client.

1.4. API Access.

- (A) Most Services are provided through <https://www.bitgo.com/> or any associated websites or application programming interfaces (“APIs”) (collectively, the “Company Site”). Client may elect to utilize the APIs either directly or indirectly within an independently developed application (“Developer Application”).
- (B) All API-based services are subject to usage limits. If Client exceeds a usage limit, Trust Company may provide assistance to seek to reduce Client usage so that it conforms to that limit. If Client is unable or unwilling to abide by the usage limits, Client will order additional quantities of the applicable Services promptly upon request or pay Trust Company’s invoices for excess usage.

1.5. Fees.

The fees associated with the Services shall be calculated, invoiced and paid in accordance with Schedule A (“Fee Schedule”). Trust Company reserves the right to revise its Fee Schedule at any time following the Initial Term, provided that Trust Company will provide Client with at least 30 days’ advance notice of any such revision. Within such 30-day period, Client may terminate the Agreement in accordance with Section 4.10(A) of this Agreement and discontinue the Custodial Services hereunder at no additional charge to Client.

1.6. No Investment Advice or Brokerage.

Trust Company does not provide investment, tax, or legal advice, nor does Trust Company broker transactions on Client’s behalf. Client acknowledges that Trust Company has not provided and will not provide any advice, guidance or recommendations to Client with regard to the suitability or value of any Digital Assets, and that Trust Company has no liability regarding any selection of a Digital Asset that is held by Client through Client’s Custodial Account and the Custodial Services or the Wallet Services. All deposit and withdrawal transactions are executed based on Client’s instructions, and Client is solely responsible for determining whether any investment, investment strategy, or related transaction involving Digital Assets is appropriate for Client based on Client’s investment objectives, financial circumstances, and risk tolerance. Client should seek legal and professional tax advice regarding any transaction.

1.7. Acknowledgement of Risks.

- (A) Client acknowledges that Digital Assets are not covered by the Federal Deposit Insurance Corporation, the Securities Investor Protection Corporation or any other governmental, quasi-governmental, regulatory or industry-backed insurance or protection program of any kind.

- (B) Client acknowledges that using Digital Assets and any related networks and protocols, involves serious risks. It is Client's duty to learn about all the risks involved with Digital Assets and any related protocols and networks. Trust Company makes no representations or warranties regarding the value of Digital Assets or the security or performance of any related network or protocol.

2. CUSTODIAL ACCOUNT.

2.1. Registration.

To use the Custodial Services, Client must create a Custodial Account by providing Trust Company with all information requested. Trust Company may, in its sole discretion, refuse to allow Client to establish a Custodial Account, or limit the number of Custodial Accounts.

2.2. General.

The Custodial Services allow Client to deposit supported Digital Assets from a public blockchain address Client controls to Client's Account, and to withdraw supported Digital Assets from Client's Custodial Account to a public blockchain address Client controls, in each case, pursuant to instructions Client provides through the Company Site (each such transaction is a "Custody Transaction"). The Digital Assets stored in Client's Custodial Account are not commingled with other Digital Assets without express action taken by Client and are held in custody pursuant to the terms of this Agreement. Trust Company reserves the right to refuse to process or to cancel any pending Custody Transaction: as required by Applicable Law; to enforce transaction, threshold, and condition limits; or if Trust Company reasonably believes that the Custody Transaction may violate or facilitate the violation of any applicable law, regulation or rule of a governmental authority or self-regulatory organization. Trust Company cannot reverse a Custody Transaction which has been broadcast to a Digital Asset network. As used in this Agreement, "Applicable Law" means any applicable statute, rule, regulation, regulatory guideline, order, law, ordinance or code; the common law and laws of equity; any binding court order, judgment or decree; any applicable industry code, rule, guideline, policy or standard enforceable by law (including as a result of participation in a self-regulatory organization), and any official interpretations of any of the foregoing.

3

2.3. Custodial Instructions.

Trust Company acts upon instructions ("Instructions") given by Client or Client's authorized representatives ("Authorized Person") that are received and verified by Trust Company in accordance with its procedures and this Agreement. Instructions shall continue in full force and effect until cancelled or executed. If any Instructions are ambiguous or conflicting, Trust Company shall refuse to execute such Instructions until any ambiguity or conflict has been resolved. Trust Company may refuse to execute Instructions if in Trust Company's opinion such Instructions are outside the scope of its duties under this Agreement or are contrary to any Applicable Law. Trust Company may rely in the performance of its duties under this Agreement and without liability on its part, upon any Instructions believed by it in good faith in accordance with Trust Company's verification procedures to be given by an Authorized Person and upon any notice, request, consent, certificate or other instrument believed by it in good faith to be genuine and to be signed or furnished by an Authorized Person. Trust Company does not guarantee the identity of any user, receiver, requestee, or other party to a Custody Transaction. Client must verify all transaction information prior to submitting Instructions to Trust Company. Client is responsible for losses and liabilities resulting from inaccurate Instructions (e.g., if Client provides the wrong destination address to Trust Company for executing a withdrawal transaction).

2.4. Digital Asset Deposits and Withdrawals.

Client must manage and keep secure any and all information or devices associated with deposit and withdrawal verification procedures, including YubiKeys and passphrases or other security or confirmation information (see Section 4.5). Trust Company reserves the right to charge network fees (a.k.a. miner fees) to process a Digital Asset transaction on Client's behalf. Trust Company will notify Client of the network fee at or before the time Client authorizes the transaction.

2.5. Digital Asset Access Time.

- (A) Trust Company requires up to 24 hours (excluding weekends and federal holidays) between any request to withdraw Digital Assets from Client's Custodial Account and submission of Client's withdrawal to the applicable Digital Asset network. Client acknowledges and agrees that a Custody Transaction facilitated by Trust Company may not be withdrawn upon less than 24 hours' notice to Trust Company. Such notice shall be initiated from Client's Custodial Account. The time of such request shall be considered the time of transmission of such notice from Client's Custodial Account.
- (B) Trust Company reserves the right to take additional time beyond the 24hr period in (A) if such time is required to verify security processes for large or suspicious transactions. Any such processes will be executed reasonably and in accordance with Trust Company documented protocols, which may change from time to time at the sole discretion of Trust Company.

4

- (C) Trust Company makes no representations or warranties with respect to the availability and/or accessibility of the Digital Assets. Trust Company will make reasonable efforts to ensure that Client initiated deposits are processed in a timely manner, but Trust Company makes no representations or warranties regarding the amount of time needed to complete processing of deposits which is dependent upon factors outside of Trust Company's control.

2.6. Fiat Currency Deposits and Withdrawals.

- (A) Trust Company shall not accept, for the benefit of Client, Fiat Currency deposits from third parties. Fiat Currency deposits shall only be accepted from banks that have been approved through Trust Company's BSA/AML program and are in the name of an individual or an institution named on the Custodial Account. This prohibition may be modified by mutual written agreement of Client and Trust Company in order to accommodate Client's receipt of deposits from its subscribers and may be subject to additional terms, conditions, and fees.
- (B) Fiat Currency withdrawals are only permitted to bank accounts that have been approved through Trust Company's BSA/AML program and are in the name of an individual or an institution named on the recipient's account.

2.7. Wire Transfers.

Custodian accepts wire deposits and processes wire withdrawals only from or to Client Bank Accounts. Wire deposits sent before 3pm ET by domestic wire from a Client Bank Account will typically settle and be credited to Client's Fiat Account on the same day or next business day. Wire withdrawals initiated before 3pm ET will typically be processed on the same day or next business day. Wire deposits may not be credited and wire withdrawals may not be processed outside of normal banking hours. Client agrees and understands that wire deposit settlement times and wire withdrawal transfer times are subject to bank holidays, the internal processes and jurisdictions of Client or Account Holder's bank and the internal processes of Custodian's bank.

2.8 Supported Digital Assets.

The Custodial Services are available only in connection with those Digital Assets that Trust Company supports. The Digital Assets that Trust Company supports may change from time to time in Trust Company's discretion. Prior to initiating a deposit of Digital Assets to Trust Company, Client must confirm that Trust Company offers Custodial Services for that specific Digital Asset. The list of supported Digital Assets is available at: <https://www.bitgo.com/resources/multicurrency>. By initiating a deposit of Digital Assets to a Custodial Account, Client attests that Client has confirmed that the Digital Asset being transferred is supported by Trust Company. Under no circumstances should Client attempt to use the Custodial Services to deposit or store any Digital Assets that are not supported by Trust Company. Depositing or attempting to deposit Digital Assets that are not supported by Trust Company will result in such Digital Asset being unretrievable by Client and Trust Company. Trust Company assumes no obligation or liability whatsoever regarding any unsupported Digital Asset sent or attempted to be sent to it, or regarding any attempt to use the Custodial Services for Digital Assets that Trust Company does not support. Trust Company may from time to time determine types of Digital Assets that will be supported or cease to be supported by the Custodial Services. Trust Company shall provide Client with 30 days' prior written notice before ceasing to support a Digital Asset, unless Trust Company is required to cease such support sooner to comply with Applicable Law (in which event Trust Company will provide as much notice as is practicable under the circumstances).

5

2.9 Advanced Protocols.

Unless specifically announced on the Trust Company website or through some other official public statement of Trust Company, Trust Company does not support metacoins, colored coins, side chains, or other derivative, enhanced, or forked protocols, tokens, or coins which supplement or interact with a Digital Asset supported by Trust Company (collectively, "Advanced Protocols"). Client shall not use its Custodial Account to attempt to receive, request, send, store, or engage in any other type of transaction involving an Advanced Protocol. Trust Company assumes absolutely no responsibility whatsoever in respect to Advanced Protocols.

2.10 Operation of Digital Asset Protocols.

- (A) Trust Company does not own or control the underlying software protocols which govern the operation of Digital Assets supported on the Trust Company platform. By using the Custodial Services, Client acknowledges and agrees that (i) Trust Company is not responsible for operation of the underlying protocols and that Trust Company makes no guarantee of their functionality, security, or availability; and (ii) the underlying protocols are subject to sudden changes in operating rules (a.k.a. "forks"), and (iii) that such forks may materially affect the value, function, and/or even the name of the Digital Assets that Client stores in Client's Custodial Account. In the event of a fork, Client agrees that Trust Company may temporarily suspend Trust Company operations with respect to the affected Digital Assets (with or without advance notice to Client) and that Trust Company may, in its sole discretion, decide whether or not to support (or cease supporting) either branch of the forked protocol entirely. Client acknowledges and agrees that Trust Company assumes absolutely no liability whatsoever in respect of an unsupported branch of a forked protocol or its determination whether or not to support a forked protocol.
- (B) Client agrees that all "airdrops" (free distributions of certain Digital Assets) and forks will be handled by Trust Company pursuant to its fork policy (the "Fork Policy") (www.bitgo.com/resources/bitgo-fork-policy). Client acknowledges that Trust Company is under no obligation to support any airdrops or forks, or handle them in any manner, except as detailed above and in the Fork Policy. Client further acknowledges that Trust Company, at its sole discretion, may update the Fork Policy from time to time and post it on Trust Company's website and Client agrees that Client is responsible for reviewing any such updates. Client is under no obligation to provide notification to Client of any modification to the Fork Policy.

6

2.11 Account Statements.

- (A) Trust Company will provide Client with an electronic account statement every calendar quarter, or as otherwise expressly agreed to in writing between Client and Trust Company. Each account statement will identify the amount of each Digital Asset in Client's Custodial Account at the end of the period and set forth all transactions in Client's account during that period. Each statement will be provided via the Trust Company's website and will be e-mailed or mailed if requested by Client. Please note there may be an additional fee for paper statements.
- (B) Client is solely responsible for notifying Trust Company in writing if Client requires Trust Company to send periodic statements of the Client's account to subscribers of the Client. If required, it is the Client's sole responsibility to keep the list of subscribers along with delivery addresses current to ensure Trust Company can fulfill its responsibility to provide periodic statements. It is Client's sole responsibility to make the determination if Client is required to provide statements to its subscribers to comply with Applicable Law.
- (C) To value Digital Assets held in the Client's account, the Trust Company will electronically obtain USD equivalent prices from digital asset market data providers or other sources, with amounts rounded up to the seventh decimal place to the right. Trust Company cannot guarantee the accuracy or timeliness of prices received and the prices are not to be relied upon for any investment decisions for the Client's account.

2.12 Independent Verification.

If Client is subject to Rule 206(4)-2 under the Investment Advisers Act of 1940, Trust Company shall, upon written request, provide Client authorized independent public accountant confirmation of or access to information sufficient to confirm (i) Client's Digital Assets as of the date of an examination conducted pursuant to Rule 206(4)-2(a)(4), and (ii) Client's Digital Assets are held either in a separate account under Client's name or in accounts under Client's name as agent or trustee for Client's clients.

2.13 Third-Party Payments.

The Custodial Services are not intended to facilitate third-party payments of any kind. As such, Trust Company has no control over, or liability for, the delivery, quality, safety, legality or any other aspect of any goods or services that Client may purchase or sell to or from a third party (including other users of Custodial Services) involving Digital Assets that Client intends to store, or have stored, in Client's Custodial Account.

2.14 Support and Service Level Agreement.

- (A) Trust Company will: (i) provide reasonable technical support to Client, by email or telephone, during Trust Company's normal business hours (8:30 a.m. to 5 p.m. CST); (ii) respond to support requests in a timely manner, and (iii) resolve such issues by providing updates and/or workarounds to Client, consistent with the severity level of the issues identified in such requests and their impact on Client's business operations.

7

- (B) Trust Company will use commercially reasonable efforts: (i) to make the Services available under the terms of our Service Level Agreement at <https://www.bitgo.com/resources/bitgo-service-level-agreement>; and (ii) to make Custodial Accounts available via the internet 24 hours a day, 7 days a week.

2.15. Suspension, Termination, and Cancellation.

- (A) Trust Company may suspend or restrict Client's access to the Custodial Services and/or deactivate, terminate or cancel Client's Custodial Account if:
- (i) Trust Company is so required by a facially valid subpoena, court order, or binding order of a government authority;
 - (ii) Trust Company reasonably suspects Client of using Client's Custodial Account in connection with a Prohibited Use or Prohibited Business, as set forth in Appendix I to this Agreement;
 - (iii) Trust Company perceives a risk of legal or regulatory non-compliance associated with Client's Custodial Account activity;
 - (iv) Trust Company service partners are unable to support Client's use;
 - (v) Client takes any action that Trust Company deems as circumventing Trust Company's controls, including, but not limited to, opening multiple Custodial Accounts, abusing promotions which Trust Company may offer from time to time, or otherwise making a misrepresentation of Client's Custodial Account;
 - (vi) Client breaches the terms of this Agreement; or (vii) Client fails to pay fees for a period of 90 days.
- (B) If Trust Company suspends or restricts Client's access to the Custodial Services and/or deactivates, terminates or cancels Client's Custodial Account for any reason, Trust Company will provide Client with notice of Trust Company's actions via email unless prohibited by Applicable Law. Client acknowledges that Trust Company's decision to take certain actions, including limiting access to, suspending, or closing Client's Custodial Account, may be based on confidential criteria that are essential to Trust Company's risk management and security protocols. Client agrees that Trust Company is under no obligation to disclose the details of its risk management and security procedures to Client.
- (C) Client will be permitted to withdraw Digital Assets and Fiat Currency associated with Client's Custodial Account for ninety (90) days after Custodial Account deactivation or cancellation unless such withdrawal is prohibited Applicable Law (including but not limited to applicable sanctions programs or a facially valid subpoena, court order, or binding order of a government authority).

2.16. Clearing and Settlement Services.

- (A) Trust Company may offer clearing and settlement services (the "Settlement Services") that facilitate the settlement of transactions of Digital Assets or Fiat Currency between Client and Client's trade counterparty that also has a Custodial Account with Trust Company ("Settlement Partner"). Client acknowledges that the Settlement Service is an application programming interface (API) product complemented by a Web user interface (UI). Clients may utilize the Settlement Services by way of a number of options, including settlement of one-sided requests with counterparty affirmation; one-sided requests with instant settlement; and two-sided requests with reconciliation. Client understands that the Digital Assets available for use within the Settlement Services may not include all of Client's Digital Assets under custody.

8

- (B) The Settlement Services allow Client to submit, through the Trust Company's settlement platform, a request to settle a purchase or sale of Digital Assets with a Settlement Partner. Client authorizes Trust Company to accept Client's cryptographic signature submitted by way of the Settlement Services API. When a cryptographic signature is received by way the Settlement Services along with the settlement transaction details, Client is authorizing Trust Company to act on Client's direction to settle such transaction.
- i) A one-sided request with counterparty affirmation requires Client to submit a request, including its own cryptographic signature on the trade details, via API calls. Trust Company will notify the Settlement Partner and lock funds of both parties while waiting for the Settlement Partner to affirm the request. Trust Company will settle the trade immediately upon affirmation and the locked funds will be released.
 - ii) A one-sided request with instant settlement requires one side of the trade to submit a request, including cryptographic signatures of both parties to the trade, via API calls. Trust Company will settle the trade immediately.
 - iii) A two-sided request with reconciliation requires that both Client and Settlement Partner submit requests via API calls, with each party providing their own cryptographic signatures. Trust Company will reconcile the trades and settle immediately upon successful reconciliation.
 - iv) In any one-sided or two sided request, the Settlement Partner must be identified and selected by Client prior to submitting a settlement request.
 - v) Client may submit a balance inquiry through the settlement platform, to verify that Settlement Partner has a sufficient balance of Digital Asset to be transacted before the Parties execute a transaction. This balance inquiry function is to be utilized only for the purpose of executing a trade transaction to ensure the Settlement Partner has sufficient fiat currency (funds) or Digital Assets to settle the transaction. Client hereby expressly authorizes and consents to Trust Company providing access to such information to Client's Settlement Partner in order to facilitate the settlement.

9

vi) Client and Settlement Partner's Custodial Accounts must have sufficient funds or Digital Assets prior to initiating any settlement request. The full amount of assets required to fulfill a transaction are locked until such order has been completed. All orders are binding on Client and Client's Custodial Account. Trust Company does not guarantee that any settlement will be completed by any Settlement Partner. Client may not be able to withdraw an offer (or withdraw its acceptance of an offer) prior to completion of a settlement and Trust Company shall not be liable for the completion of any order after a cancellation request has been submitted.

vii) Client acknowledges and accepts responsibility for ensuring only an appropriate Authorized Person of their Custodial Account has access to the API key(s).

viii) Client further understands and agrees that Client is solely responsible for any decision to enter into a settlement by way of the Settlement Services, including the evaluation of any and all risks related to any such transaction and has not relied on any statement or other representation of Trust Company. Client understands that Trust Company is a facilitator and not a counterparty to any settlement; and, as a facilitator, Trust Company bears no liability with respect to any transaction and does not assume any clearing risk.

ix) Any notifications that Client may receive from the trading platform regarding trades are Client's responsibility to review in a timely manner.

- (C) Upon execution of the settlement, the Settlement Services shall provide Client, by electronic means, a summary of the terms of the transaction, including: the type of Digital Asset purchased or sold; the delivery time; and the purchase or sale price. Settlement of a transaction is completed in an off-chain trading account by way of offsetting journal transactions within Trust Company's Digital Asset Off-chain Settlement System. On-chain synchronization occurs at the time the withdrawal from Client's trading account takes place (other than through a subsequent Settlement Services transaction).
- (D) Trust Company reserves the right to refuse to settle any transaction, or any portion of any transaction, for any reason, at its sole discretion. Trust Company bears no responsibility if any such order was placed or active during any time the Settlement Services system is unavailable or encounters an error; or, if any such order triggers certain regulatory controls.
- (E) Client understands and agrees that Trust Company may charge additional fees for the Settlement Services furnished to Client as indicated in the Fee Schedule attached as Schedule A and any amendments to Schedule A.
- (F) Clearing and settlement transactions shall be subject to all applicable laws and the rules and regulations of all federal, state and self-regulatory agencies. Client acknowledges receipt of the statement on Material Risks of Investing in Digital Currencies, identified as Appendix A to this Addendum.

Except for fund administrators, Client shall not grant permission to a third party or non-permissioned user to access or connect to Client's Custodial Account, either through the third party's product or service or through the Company Site. Client acknowledges that granting permission to a third party or non-permissioned user to take specific actions on Client's behalf does not relieve Client of any of Client's responsibilities under this Agreement and may violate the terms of this Agreement. Client is fully responsible for all acts or omissions of any third party or non-permissioned user with access to Client's Custodial Account. Further, Client acknowledges and agrees that Client will not hold Trust Company responsible for, and will indemnify Trust Company from, any liability arising out of or related to any act or omission of any third party or non-permissioned user with access to Client's Custodial Account. Client must notify Trust Company immediately if a third party or non-permissioned user accesses or connects to Client's Custodial Account by contacting Client's Custodial Account representative or by emailing security@bitgo.com from the email address associated with Client's Custodial Account.

Any loss or compromise of the foregoing information and/or Client's personal information may result in unauthorized access to Client's Custodial Account by third-parties and the loss or theft of Digital Assets or Fiat Currency. Client is responsible for keeping Client's email address and telephone number up to date in Client's profile in order to receive any notices or alerts that Trust Company may send Client. Trust Company assumes no responsibility for any loss that Client may sustain due to compromise of login credentials due to no fault of Trust Company and/or failure to follow or act on any notices or alerts that Trust Company may send to Client. - (C) Client will immediately notify Trust Company of any unauthorized access, use or disclosure of Client's Account credentials, or any relevant breach or suspected breach of security (including breach of Client's systems, networks or developer applications). Client will provide Trust Company with all relevant information Trust Company reasonably requests to assess the security of the assets, Custodial Accounts and wallets.

4.8. Developer Applications.

- (A) Subject to Trust Company's acceptance of Client as a developer, and subject to Client's performance of its obligations under this Agreement, Trust Company grants Client a nonassignable, non-transferrable, revocable, personal and non-exclusive license under Trust Company's applicable intellectual property rights to use and reproduce the SDK solely to develop or test a website or application ("Developer Application").

- (B) Client agrees that all users of any Developer Application will be subject to the same use restrictions as Client (including under Section 4.4 (Prohibited Use) and Appendix 1).
